The Water Commissioners In Future Will Be Paid Salary

City Council Decides to Pay the Board $500 a Year—Chairman will Get $250—Many By-laws Passed by Council

APPOINTMENTS ARE RATIFIED

Ald. Ball's bylaw providing for the payment of salaries to the Water Commissioners was passed by the Council last night. It will be remembered that this matter came up early last year and it was deemed advisable that it should be left until the end of the year to be taken up. Ald. Ball's motion was to the effect that the chairman of the Water Commissioners should be paid $250, and each of the other Commissioners $125. The motion adopting the bylaw was seconded by Ald. Duncan and was given its three readings.

In addition to this bylaw, several others were passed last night.

Ald. Johnston moved, seconded by Ald. Tovey, a bylaw, which was passed, amending the standing rules of order of the city so that the standing committees consist of those mentioned above.—Carried.

On motion of Ald. Tovey, seconded by Ald. Johnston, a bylaw was passed appointing Messrs. T. Q. Quartermaine and G. K. Martin auditors to audit the accounts for 1906.

The following bylaws which were passed by the electors on election day were given their final readings:

Bylaw 1269—A bylaw to provide for the borrowing of an additional $21,000 for the building and equipment of a Collegiate Institute.

Bylaw 1270—A bylaw to provide for the borrowing of $13,500 for the purpose of reconstructing and repairing bridges.

Bylaw 1271—A bylaw to authorize the borrowing of $800 for drainage purposes in Wards 3, 4 and 5.

Bylaw 1272—A bylaw to authorize the borrowing of $1,300 for the purpose of constructing a main sewer along the right of way of the G. T. R., from Smith street to Aylmer street.

On motion of Ald. McIntyre, seconded by Ald. Wilson, Geo. Burnham, M.D., and F. P. McNulty, M.D., were reappointed members of the Board of Health.

MR. BUTCHER'S DOG TO BE DONE AWAY WITH

Magistrate Dumble Considered it was a Menace to the Public.

Variety is one of the chief features of the Police Court. As day follows day, Magistrate Dumble is called upon to settle differences of almost every nature. Perhaps that is one of the reasons why so many people take an interest in the daily administration of the law. This morning the cause for complaint was a dog. Mr. Mark Butcher, its owner, declared that it had been reared as a pet, being taught to follow stones sticks, papers, etc., and was a very lively canine, fond of frolic and sport. On January 3, as a little boy named Fowler was coasting in company with Mr. Butcher's son, the dog ran by the sleigh, as customary, and when near the foot of the hill it tried to stop the sleigh. It caught at the first thing it saw, and this was the little boy's leg. It did not do much harm, but on four other occasions it was known to bite at passersby.

This was the whole trouble, and even if the dog was only playing, Mr. Dumble considered it a menace to the public and ordered it to be put out of the way within a week.

Your First Investment

should be in a home. It's wonderful what a comfort it is to a man—especially the father of a family to know that whatever ill may befide he has a roof over his head and sheltering for those he loves. For rent payers with a certain income—no matter how small—we have an interesting proposition very well worth the while of every man who values a home to investigate.

Good Brick House, Homewood Ave, lot 52x156, front parlour, sitting room, dining room, kitchen, 3 large bedrooms, electric light, sewer connection, all the house beautifully papered. Part cash: balance to suit purchasers. Price $2,100

KEEPS A FAMILY OF FIFTEEN ON A SALARY OF SIXTY CENTS A DAY

Examiner Special.

Franklin, Ky., Jan. 14.—On wages never greater than 60 cents a day, Bob Jennett, living nine miles from here is supporting a family consisting of a wife and fifteen children. Sheriff Dryan, who became acquainted with the case in the course of his official duties, said to-day in talking of it:—

"Mr. Jennett is a common labourer, with no other means of support than the work of his hands, and, being entirely uneducated, is never able to earn more than 60 cents per day. Some weeks since I was there for the purpose of gathering taxes, or, rather, to release him from the poll tax list, and after looking the place over entered upon my books and presented to the court this reason.

"Father of triplets." The court accepted it when presented.

A HAVELOCK LADY'S MOTHER DIED IN NEW YORK

Many Attend Funeral of Late Rev. Mr. Tandy—Ladies' Aid Held Social in the Country

ANNUAL MEETING FARMERS' INSTITUTE

Examiner Special.

Havelock, Jan. 14.—Mrs. Thos. Herrington received word on Sunday of the death of her mother, Mrs. LeVarr, of Toronor, New York. Miss Herrington left on Sunday night to attend the funeral.

The Farmers' Institute held their annual meeting in the town hall on Saturday night, January 12.

News was received on Sunday from Kingston of the death of Rev. Mr. Tandy, formerly pastor of St. Joan's Church, Havelock. Mr. Tandy had been suffering for the past six months with a lingering illness. The Rev. Mr. Caplin and several other members of St. John's church will attend the funeral on Tuesday.

Mrs. Chas. Powers is seriously ill with lagrippe.

The Ladies' Aid of the Methodist Church, Havelock, held a social at Mr. John Sexsmith's residence at Preneveau, on Monday evening. An immense crowd attended. Seven sleigh loads left the church at Havelock, besides several single rigs. Everyone reported a jolly time and hope to go again to enjoy Mr. Sexsmith's hospitality.

Mrs. Hockenhall, of Smith's Falls, is visiting at the home of Mrs. Chas. Powers.

Miss Rose Warren, of Preneveau, visited Miss Kelly on Saturday.

EVANGELIST AT GOSPEL HALL

Mr. Mapleton Addressed Well Attended Meetings There Sunday Four Times

On Sunday, Mr. Mapleton, the evangelist from Buffalo, who has arrived in the city to conduct special services in the Gospel Hall, addressed four meetings. In the afternoon at 4 o'clock he spoke on the subject, "Why the People Wanted to See the Risen Lazarus." At the evening service, which was largely attended, Mr. Mapleton spoke on the question of the Passover, and explained that the general idea is that God passed through or over the land of Egypt and slew all the first-born where there was no blood. He brought other Scriptures to prove that God passed over or hovered over each house where the blood was sprinkled, while the destroying angel went through all the land. God says, "When I see the blood," not when the angel sees the blood. God did not entrust the safety of His people to whether the angel saw the blood or not. He was there hovering over His people Himself to protect them from judgment. An illustration used was of a hen covering her brood with her wings when a storm or night came on. The lamb was kept so many days under inspection so that if there was any blemish it would be detected. Christ was for three and a half years exposed to the scrutiny of men, and the testimony was, "I find no fault in Him; I have betrayed the innocent blood: have nothing to do with that Just Man." Surely this was a righteous man. He hath done nothing amiss. Security of the one who is sheltered by the blood of Christ. None shall pluck them out of My Father's hand. Hath eternal life and shall never perish.

YOUNG FISHERWOMAN ON AN ICE CAKE

Miss VanGilder Kept Hold of Line With Fish on it and Escort Landed Both Her and the Pickeral.

Port Jervis, N. J., Jan. 12.—Dan. Donaldson and Miss Van Gilder, pickerel fishing at Mink Pond, Pike County, Pa., on Friday, had great luck, catching something like fifty pounds by noon. They were about to depart for home when a peculiar accident happened to Miss Van Gilder.

Warm weather had melted the ice near the centre of the pond. Two holes in the ice through which the young woman was fishing were within twenty feet of this open water. Getting a hard bite, Miss Van Gilder drew up on her line. The ice cracked, and the big cake on which she was standing was pulled by the fish into the open water.

There was no boat at hand and Donaldson could not go to the young woman's aid. The fish towed the ice cake with the woman upon it back and forth, but she never let go of the line.

Donaldson cut a long pole from the underbrush, and when the fish had towed the ice cake, with its human freight, near enough, Miss Van Gilder clutched it with one hand, still holding on to the line with the other. Donaldson drew the cake to the solid ice and the young lady was safely landed — so was the fish, which was a 6 1-4 pound pickerel.

Miss Van Gilder said she always has had good luck on Fridays.

ROYAL BANK HAD A PROSPEROUS YEAR

Annual Report of That Institution Recently Published Shows a Most Satisfactory State of Affairs

The thirty-seventh annual statement of the Royal Bank of Canada, which has just been issued, shows that this institution has shared to a large extent in the general prosperity of the country during the last twelve months. A dividend of ten per cent. has been declared, while the stock is selling as high as 242. It is noteworthy that the liquid assets are 47 per cent. of the total assets. These liquid assets on December 31 amounted to $21,578,097.08, and the total assets were $45,437,516.98. At the end of 1905 the total assets were $36,378,576.01. During the past year the deposits increased about $6,000,000. In addition to this the receipts for the year included:

Bal. brought forward ...$	37,162 00
Net earnings.....	604,195 06
Premium received on new stock.....	990,000 00
	$1,631,357 06

A sum of $20,000 has been added to the Pension Fund.

The balance at credit of the Reserve Fund at the end of last year was $4,390,000. The profits for the year were 17.11 per cent. on the capital. At present there are over 80 branches of the Royal Bank, scattered from coast to coast in this country, with others in the United States, Cuba and Newfoundland. The new building of five storeys in Toronto will be occupied in the fall.

MISS THOMAS TOOK THE TOPIC AT THE LEAGUE

An Interesting Meeting of the Mark Street Epworth League Last Night

Last night's meeting of the Epworth League of the Mark street Methodist church, was one of more than usual interest. The topic for the evening was taken by Miss Thomas of the Charlotte street League, who dealt with it in an interesting manner. The attendance was larger than usual, and altogether the meeting was one of the most enjoyable in the history of the League.

BEGGING HORDES BESEIGE MRS. SAGE

But Wife of Dead Financier Will Not Soon Distribute Wealth Left Her

HUNDREDS OF LETTERS EVERY DAY

New York, Jan. 14.—Mrs. Russel Sage, widow of the financier, to-day gave out a statement in which she declared that it is not her intention to distribute immediately the money left to her by her husband, and much less does she intend to distribute it everywhere and to everybody.

Mrs. Sage's statement was made public by Robert W. DeForest, her attorney, and in part it is as follows:

"I have been receiving, ever since my husband's death, several hundred letters a day containing applications of every conceivable kind from so many different persons.

"These letters come in every possible way. They come, too, from every part of the United States and from foreign countries; from the greater cities, such as Chicago, Boston, Baltimore, Washington, and from the smallest hamlet in the far west.

"A great many of these letters contain absurd and unreasonable requests, based apparently on the idea that I was immediately going to distribute, without examination or consideration, a very large sum of money.

"The professional beggar letter-writer appears in large numbers, and also the people who have failed in business and wish to establish themselves afresh; those who would like to have me go into business with them, and those who have discovered 'perpetual motion' or the 'elixer of life' and only need aid for them to take out patents and secure their and my everlasting fortunes.

"Many of them unquestionable represent real need. Some of them are very pathetic. The greater part of them relate to personal or family wants. To read them all would involve the total loss of eyesight, which a woman of 77 needs to reserve.

"Moreover, innumerable people, some of them perhaps the writers of these letters, are constantly trying to secure personal interviews with me, and if I should see one-tenth of the people who so apply it would be one continuous interview day and night.

"This constitutes a real persecution, if I should choose to so regard it, and I am frequently amazed at the character and standing of people who thus seek to press themselves on me instead of respecting my desire for seclusion during this, the first few months of my widowhood.

"It is not my purpose to make any immediate distribution of the money which my husband has left to me and which I expect to receive in the due course of administration. Much less am I intending to make any such distribution everywhere and to everybody.

"Whatever be the personal or family needs of poor people in Chicago, Boston, Baltimore and Washington, I cannot be looked to to supply them. I have at my own doores, in my own city of 4,000,000 inhabitants, many such cases, which have a nearer claim on me, insofar as I may decide to recognize it. I think that the philanthropic people of Chicago, Boston, Baltimore, and Washington, and other cities—some of whom I know—can and should be relied or to meet such need in thier respective cities."

A BALD NEWSPAPER MAN

Getting a New Crop of Hair, and Has No More Dandruff

Everybody in the Northwest knows Col. Daniel Searles, the veteran journalist and publicist of Butte. January 10, 1900, the Colonel writes: "I used a couple of bottles of Newbro's Herpicide with marvellous results. The dandruff disappeared; a new crop of hair has taken root, and the bald spot is rapidly being covered." Herpicide is the only hair preparation that kills the dandruff germ that digs up the scalp in scales as it burrows its way to the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

Two sizes, 50 cents and $1.00. Ormond & Walsh, special agents.

Y. M. C. A. Debating Club

—The Y. M. C. A. Debating Club will meet on Wednesday evening, January 16, at 8 o'clock, when the subject for debate will be, "That Canada Should Recede from the British Empire, and Adopt a Republican Form of Government." All members of the Y. M. C. A. are invited.

CANADIAN BANK OF COMMERCE'S RECORD YEAR

THE CANADIAN BANK OF COMMERCE

REPORT OF THE PROCEEDINGS OF THE ANNUAL MEETING OF SHAREHOLDERS

TUESDAY, 8TH JANUARY, 1907.

The fortieth Annual Meeting of the Shareholders of the Canadian Bank of Commerce was held in the banking-house on Tuesday, 8th January, 1907, at 12 o'clock.

The President, Hon. George A. Cox, having taken the chair, Mr. F. G. Jemmett was appointed to act as Secretary, and Messrs. Aemilius Jarvis and W. M. Alexander were appointed scrutineers.

The President called upon the Secretary to read the Annual Report of the Directors, as follows:

REPORT.

The Directors beg to present to the Shareholders the fortieth Annual Report, covering the year ending 30th November, 1906, together with the usual statement of Assets and Liabilities.

The balance at credit of Profit and Loss Account brought forward from last year was	$58,871 76
Net profits for the year ending 30th November, after providing for all bad and doubtful debts, amounted to	1,741,125 40
	$1,799,997 16

Which has been appropriated as follows:

Dividends Nos. 78 and 79, at seven per cent. per annum	$700,000 00
Bonus of one per cent...	100,000 00
Written off Bank Premises	341,434 73
Transferred to Pension Fund (annual contribution)	30,000 00
Subscription to San Francisco Relief Fund	25,000 00
Transferred to Rest Account	500,000 00
Balance carried forward..	103,562 43
	$1,799,997 16

The entire assets of the Bank have as usual been carefully revalued, and ample provision has been made for all bad and doubtful debts.

Last year we were able to show earnings which were the largest in the history of the Bank. This year we have again made satisfactory progress, our net earnings amounting to $1,741,125.40, or about $370,000 more than last year. In view of these handsome profits, your Directors decided that the time had come to increase the annual distribution to the shareholders, and, in addition to the usual dividend at the rate of seven per cent. per annum, they have declared a bonus of one per cent., making a total distribution of eight per cent. for the past year. After providing for this increased distribution and for the annual contribution to the Pension Fund, we have been able to write $341,434.73 off Bank Premises and to add $500,000 to the Rest, which now stands at $5,000,000, or 50 per cent. of the Paid-up Capital.

In April last a terrible calamity overtook the City of San Francisco, where we have a large and important business. Having regard to our long connection with San Francisco through the Bank of British Columbia, your Directors thought it only fitting that we should express in a tangible manner our sympathy with the sufferers, and they accordingly voted $25,000 as a contribution to the Relief Fund.

In accordance with an agreement made in the early part of the year, this Bank took over, as on the 1st of June last, the business of the Merchants Bank of Prince Edward Island, which gave us new branches at Charlottetown, Summerside, Alberton, Montague, and Souris, all in Prince Edward Island. The branch which that Bank had at Sydney was amalgamated with our own branch there. The six months' experience which we have had with our new business gives us every reason to be satisfied with the purchase.

In addition to the offices thus acquired the Bank has opened during the year new branches at the following points: In Alberta, at Bawlf, Crossfield, Gleichen, Leavings, Stavely, Stony Plain, Strathcona, and Wetaskiwin; in Saskatchewan, at Canora, Humboldt, Kamsack, Langham, Lashburn, Radisson, Vonda, Wadena, Watson, and Weyburn; in Manitoba, at Norwood, and at Alexander Avenue, at Blake street, and at Fort Rouge, Winnipeg; in Ontario, at Fort William, Kingston, Latchford, Lindsay, Ottawa (Bank street), Parry Sound, and Wingham, and at Parkdale and at 197 Yonge street, in the City of Toronto; in Quebec, at West End, Montreal, and in the City of Quebec; in the United States, at the corner of Van Ness and Eddy Streets, San Francisco. The branches at Sackville, N. B., and Canning and Lunenburg, N.S., have been closed. Since the close of the Bank's year, branches have been opened at De Lorimier, Que., and Innisfree, Alta.

It is with deep regret that your Directors record the death of their late colleague, Mr. W. B. Hamilton, who for nearly twenty-two years had been a Director of the Bank Until his health began to fail Mr. Hamilton was rarely absent from the meetings of the Board, where his long experience in business made him at all times a wise and prudent counsellor. To fill the vacancy the Directors elected the Hon. W. C. Edwards of Rockland.

An amendment to the By-laws will be submitted for your approval increasing the number of Directors from twelve to fourteen.

In accordance with our long established practice, the branches and agencies in Canada, the United States and Great Britain, and the various departments of the Head Office of the Bank, have been inspected during the year.

The Directors have again pleasure in recording their appreciation of the efficiency and zeal with which the officers of the Bank have performed their respective duties.

GEORGE A. COX,
President.

Toronto, 8th January, 1907.

B. E. WALKER,
General Manager.

In moving the adoption of the report, the President said:

President's Address.

The statements of the Bank which have been laid before you are, as you will realize, the best in its history. A year ago we expressed the fear that the profit of about 14 per cent. on the capital might not be repeated, but we now come before you with a statement showing a profit of 17 4-10 per cent. It is perhaps needless to say again that the circumstances under which these profits have been made are exceptional, and that we must not be disappointed if in subsequent years a lower percentage is earned. These profits have enabled us to distribute in addition to the usual dividend of 7 per cent., a bonus of 1 per cent., making the entire dividend at the rate of 8 per cent. per annum. We hope to maintain the rate of 8 per cent. per annum, and to pay the dividends quarterly.

During the year our deposits have increased nearly $13,000,000, and while some of them are of a temporary character, the growth is very gratifying indeed. About $1,000,000 of the increase consists of deposits taken over with the Merchants Bank of Prince Edward Island. Owing to the activity of business throughout Canada, our loans show slightly more than a corresponding increase.

By the purchase of the Merchants Bank of Prince Edward Island, and by the opening of new branches in various towns and cities throughout Canada, we have increased the number of branches from 130 to 166.

You will observe that we are reporting a gift of $25,000 to the sufferers in San Francisco. I am confident that we may safely count upon your concurrence in this, especially when I tell you that we have passed through this terrible disaster without any loss whatever arising from the bank's large business in that city.

As this is the 40th annual meeting of the bank, and as it is practically 20 years since the beginning of its present administration, a few figures comparing the position as at the annual meeting in June, 1887, with the close of the present year, may be interesting. In that time the paid-up capital has been increased from $4,000,000 to $10,000,000; the Rest account from $500,000 to $5,000,000. The net profits in 1887 were $606,715 as compared with $1,741,125 for 1906. The notes in circulation have risen from $2,390,732 to $9,199,204; the total deposits from $9,985,040 to $87,152,536; the current loans from $15,381,180 to $88,204,622; and the total assets from $19,574,094 to $113,545,960. In 1887 we had thirty-three branches in Ontario, one in Montreal and one in New York. At the close of the present year we have branches as follows: Ontario, 53; Quebec, 3; Nova Scotia, 15; New Brunswick, 1; Prince Edward Island, 7; Manitoba and Saskatchewan, 20; Alberta, 29; British Columbia, 15; Yukon, 2; United States and London, England, 1; in all, 166, against 85 in 1887. Perhaps it is not too much to say that this is an exhibition of growth and of prosperity with which the shareholders may well feel satisfied.

We have again drawn largely on Bank Premises account, and a statement of our policy in this matter will be of interest to you. In all the larger cities it is important that the bank should have quarters in keeping with its standing, and the necessity for owning our buildings at such points will be readily appreciated. But a creditable office is also a matter of importance at country points, and a proper regard for the comfort of the staff has furnished an additional reason for the extension to these places of the policy of ownership of buildings. At very few of the smaller towns is good living accommodation readily obtainable, and consequently our young men were usually forced to live at hotels and to spend a good many of their evenings in undesirable surroundings. This fact led to our adopting the practice of providing the staff with apartments over the Bank, and suitable accommodation of this kind was as a rule impossible to obtain in rented premises. A considerable number of buildings have been erected during the past three or four years, and as new branches are opened we are endeavoring to acquire sites and are proceeding to build. Our policy in this matter has resulted in a generous treatment of the staff, and it has contributed in an important degree to strengthen the spirit of contentment and loyalty which prevails so generally among our officers. In this way the Bank is, we think, amply compensated for the expenditure.

The annual outlay necessitated in these building operations is larger than we could reasonably ask the shareholders to provide for wholly out of present profits, and with a view to lessen the immediate charge, as well as incidentally to have our building operations conducted under an efficient organization, a company has been formed under the name of the Dominion Realty Company, Limited, which constructs and owns our smaller buildings. This company provides a certain percentage of the total cost of the land and buildings, which it acquires and leases to the Bank, by issues of bonds, which are readily saleable to outside investors without any liability, direct or indirect, on the part of the Bank other than for the payment of the rentals called for by the leases. These rentals, while on a reasonable basis as regards each individual branch, are sufficient to retire the bonds in fifteen years. The remainder of the cost of the properties is provided by the Bank purchasing shares in the Realty Company, the cost of the same being entirely written off as shown below.

Our investment as shown in the Bank Premises account is now $1,300,000, but this is represented by value as follows:

Lands and buildings owned by the Bank (carefully revalued in 1906 and allowance made for depreciation of buildings)	$1,951,600	
Safes and fixtures (depreciation liberally allowed for)	478,200	
Dominion Realty Company shares, representing a cash investment of	600,000	
	$3,029,800	

The increase of $300,000 in Bank Premises account during the past year is attributable to a purchase of property in Montreal on which it is intended to commence the erection of a building in 1907. The cost of this building and of one already commenced at Vancouver will necessitate a further increase in the amount set against Bank Premises in the balance sheet.

And now, with your kind permission, I desire to make a few personal remarks. During the past five years I have from time to time, intimated to my colleagues on this and other boards, and have been promising the members of my family and my friends that I would to a large extent discontinue what has been perhaps the too strenuous life I have been living for a good many years past, and having now completed my fifty-first year of active business, I think the time has come when I owe it to myself to carry out these promises, and to consult my own inclination by retiring during the next few months from a number of positions which I feel can now be better filled by younger and more energetic men. I do this not only out of regard to my family and myself, but also in justice to those who are so much entitled, and so well qualified to succeed me in the several positions which I propose to vacate in the different corporations with which I have been identified for so many years.

First in importance among these is the Presidency of The Canadian Bank of Commerce, and in announcing to you my intention of retiring from this office, with which I have been so long honored by your directors, you will allow me to recall that it is now twenty-one years since, in 1886, I became a director of the bank. At that time the total assets were not very much more than the increase in our assets as reported for the year just closed. In the course of these twenty-one years I have had the honor to occupy the vice-president's chair for two years, and the president's chair for seventeen years. Throughout that period it has been my good fortune to have been associated with a most able and influential Board of Directors, and a staff of officers of whose ability, integrity and devotion to the interests of the Bank it is impossible to speak too highly, and it may be truthfully said that no institution has ever been better served. I am sure you will all appreciate with what increasing pride and satisfaction I have watched the rapid growth of our resources, and the constantly increasing aid which we have been able to render to the prosperity and development of our country.

After so long and intimate an identification with the Bank, I feel that it would not be natural for me to sever wholly my connection with its affairs. While retiring, therefore, from the more onerous and more responsible position of President, it will give me much pleasure, should the shareholders so decide, to retain my seat on the Board of Directors, and thus to assist in some measure in securing for the Bank the continued growth and prosperity which await it, and which I venture to predict will be greater in the next ten years than it has been in the last twenty.

Before closing my remarks, let me say that if the present Board should be re-elected, it will afford me much pleasure, with the very cordial and kind concurrence of our highly respected Vice-President, Mr. Kilgour, to propose as my successor in the Presidency our esteemed General Manager, Mr. B. E. Walker, who has filled the latter position since 1888 with so much advantage to the shareholders, with so much satisfaction to the Directors, and with so much credit to himself. It is indeed to his able and untiring efforts, and to the valuable assistance and co-operation he has had from his immediate associates in the general management, and from the various managers and other members of the staff, that our shareholders are indebted for the magnificent growth of our business, and the high standing attained by the Bank during his term of office.

General Manager's Address.

The General Manager then spoke in part as follows:

We do not need to remind you that the year which has just closed was even more remarkable for volume of business and general prosperity than the year preceding it, or, indeed, than any year in our history. It is unfortunate that we cannot estimate our internal trade, but we have been able to see in every direction a pressure to meet the demand for goods put upon manufacturers, merchants, and transportation companies, such as we have never experienced before, while the shortage in cars and motive power, notwithstanding unparalleled increases of rolling stock, has seriously interfered with the crop movement and the general distribution of merchandise. Our foreign trade has again increased largely, the total for the fiscal year being $550,854,000. The imports of $294,267,000 exceed the exports of $256,587,000 by $37,680,000. In the previous year with a total foreign trade of $470,151,000 our excess of imports was $63,517,000, owing somewhat to lighter crops in 1904. We have also improved upon the excess of imports in 1904, which was $45,690,000. The bank clearings in Canada show as follows: for 1905, eleven clearing houses, $3,536,602,170; for 1906, thirteen clearing houses, $4,021,564,518.

While we are enjoying an extraordinary prosperity, there are signs about us of a strain which must bring trouble if they are disregarded. We are a borrowing country, and we cannot be reminded of this too often. As we fix capital in new structures, public or private, railways, buildings, etc., some one must find the capital in excess of what we can ourselves provide out of the saleable products of our labor. The number of countries willing to buy our securities has been steadily increasing, but we must not be blind, as we sometimes seem to be, to the fact that our power to build depends largely on whether these countries have surplus capital to invest. By means of the cable the trading nations of the world have been brought very near together, and while nations of the world have been invested, and the adjustment of capital to the world's needs has been greatly improved, still for the same reason world-wide trouble in the money markets sometimes arises with a suddenness which is alarming to those at least who are not watching for the signs. We are passing through such a period just now, happily without a general breakdown, but unless we mend our ways we are not likely to escape a similar or still worse condition next autumn which may wreck our fair prosperity. Europe is bearing the enormous cost of two great wars, both in the loss of capital actually destroyed and also in the loss to individuals from the decline in the values of the national securities of the countries interested in the wars. And since these wars, losses on an unexampled scale have occurred by earthquakes and fire. The volume of trade and the unusual amount of building in many countries have at the same time vastly increased the amount of capital required. This has been accompanied by a steady rise in prices throughout the world, and by a most pronounced and widespread advance in the scale of personal expenditure. It is true that it has also been accompanied by the greatest production of gold and of other commodities, but the effect of the various influences has naturally been to put upon the money markets a strain which has only just failed to cause a general breakdown of credit. To make the outlook still more serious, the United States, and other less important countries, including Canada, contemplate expenditures on a very large scale for railway and other building. This, then, is a time for every prudent man to survey carefully his financial position. If he has debts he should consider how he will pay them if he should have to face world-wide stringency in money. Has he assets which the world needs for daily use, or assets which will sell only when the sun is shining? If he is happily in easy conditions as to debt, he will, if he be wise, consider every circumstance arising in his business which tends towards debt instead of towards liquidation. As for those who are plunging in real estate at inflated prices and in mining stocks, nothing, we presume, but the inevitable collapse which follows these seasons of mania will do any good.

"We have had during the year an event, fortunately rather rare, the failure of a long-established financial institution, the Ontario Bank. Although the information as to its critical position reached us, in common with most of the Toronto banks, only on the day on which it had been practically determined that the bank must suspend the next morning, it was still possible by the prompt initiative of the Toronto banks to bring about in the few hours which remained, an arrangement under which no delay or loss could be experienced by the creditors of the bank. Various banks gave to the Bank of Montreal a guarantee which, in the event of the affairs of the Ontario Bank being liquidated by the Bank of Montreal with open doors and in accordance with the arrangement, would protect that bank against loss, if the total assets, including the double liability, should prove insufficient to meet the debts. For the purposes of this arrangement the Bank of Montreal itself is one of the guarantors. Any liability under the guarantee will be borne in proportion to the capital of the guaranteeing banks, with a maximum in our case of $400,000. As the General Manager of the Bank of Montreal recently said, it is not likely that any call will have to be made on the guarantors. The failure is accompanied by circumstances which are extremely disgraceful, and, although it was possible to afford prompt protection to all creditors, the shareholders will suffer a heavy loss.

From one end of Canada to the other there is a scarcity of labor, skilled and unskilled. More than anything else, this country needs immigration. Not merely to put men and women on the land, but to fill every calling which should be open to labor. A large majority of housekeepers in the West are either without domestic servants, or are inadequately supplied, farm laborers are in demand everywhere, an army of unskilled laborers is needed for railroad and other work, and good workmanship in most trades is difficult to obtain, because workmen without the necessary training have been employed in the absence of sufficiently skilled men. In addition to this, we have had several important strikes causing, in the case of those connected with coal mining, a most distressing paralysis of business and of domestic comfort, because of the consequent short supply of [illegible] on. The amount of building [illegible] may be judged by the figures for Montreal, Toronto, Vancouver, and Winnipeg combined. The number of permits issued was 10,373, against 8,136 for 1905, while the value of buildings erected was $37,495,786, against $28,703,640.

At Montreal, Quebec, Halifax, and St. John—at the last port in a very remarkable degree—there has been an increase of all business connected with transportation, whether in exports, imports, or in immigration. In several respects the volume was the largest on record.

In Ontario and Quebec we have to record another year of widespread prosperity, marred only by the effect of rising prices on those who, because of their peculiar callings, do not share in the increase of wages which has become general in the industrial world. The crops of wheat, oats, barley, and Indian corn were as a whole above the average, in some places much above, and only in very few localities below. Reports on the hay crop and the conditions of pasture are variable—in some parts quite disappointing, in others exceptionally good. Root crops have done well, including sugar beets, but the relations between the farmers and the sugar factories do not appear to be very satisfactory. The results of cattle grazing have again been unsatisfactory to both farmer and shipper. The farmer, after pasturing his cattle all summer, found little increase in their value, although this has not been universally the case. Reports regarding hogs are, from the farmers' point of view, without exception highly satisfactory. Prices were at times the highest ever paid, and the profit to the farmer was excellent. Many districts also report the number raised as large and increasing, but the supply from the packers' standpoint was clearly insufficient. The much more favorable result from hogs than from cattle will probably cause an increased production of the former next year. Horses are in good demand, prices are high, and the character of our animals is improving. While the results of feeding cattle for beef have not been satisfactory, the industries connected with the dairy have shown unusual prosperity. The year has made a record as to prices of both cheese and butter, and as to the total value of the combined shipments of these articles. The shipments from Montreal, covering mainly the dairy business of the two Provinces, show a total value of about $26,500,000, the shipments of butter having fallen off in favor of cheese. This total is a trifle better than that of 1903, which up till now has held the record. As we have said, we cannot obtain accurate figures for our internal trade, but an estimate of the value of our dairy products in 1905, for both home and foreign consumption, makes the total over $80,000,000. The fruit crop has not been as good as in recent years, but prices have been satisfactory. The shipments of apples from Montreal show a total of only 407,798 barrels, the largest total of recent years being 732,044 barrels for 1903, and the average of the last seven years being 413,489 barrels.

The lumber business in the various districts in Quebec and Ontario has again witnessed an increase in prices, and in some grades a very large increase, having regard to the steadily mounting prices of recent years. Unfortunately, but quite naturally, the cost of production also continues to increase rapidly, and the present winter promises to be the highest in this respect. The output in some sections, notably in the Ottawa district, was not quite as large as in the previous year, but so far as operators had a choice, the cuts were as large as could be managed. Market prices and the cost of production are now so high that we can hardly feel assured of the continuance of such a good market; however, everybody seems to be preparing for another large output, and there is more or less confidence in still higher prices. This industry is suffering, like so many others, from the extreme difficulty of getting sufficient labor. This and other causes are making the cost of lumber so high as to affect rents, and indeed to make the price of some grades of lumber, used freely a few years ago, well-nigh prohibitive. It will be strange if this situation, together with the high price of steel and other building materials, does not soon put a sharp check upon building operations generally. While the demand for more houses is widespread, the great cost of building is the reason most frequently given for the failure to supply this need. There are, however, other manifest reasons, and, despite this lack of dwelling accommodation, building operations were never before so active, so large in volume, or so costly.

We can but repeat the story of last year regarding our manufactures. Manufacturing establishments of almost every kind are full of orders, and in many cases are refusing further work; prices and cost of production are even higher; profits continue satisfactory; and plants are still being enlarged. As a natural consequence of our inability to fill orders, imports of goods which we are now able to manufacture in Canada, although in insufficient quantity, are still increasing, and branch establishments of United States manufacturers are still being built. One of the most gratifying features of the year is the announcement of the building of large plants in Ontario by well-known British manufacturers. It is not easy to realise the many directions in which we have demonstrated that we can manufacture articles which were altogether imported, or nearly so, but a few years ago. And this new state of affairs causes some curious temporary conditions. We are making iron on a considerable scale, but we are importing pig iron to a much larger extent than usual, because our iron and steel mills are using their own pig iron for rails, rods, etc., to such a degree as not to be able to supply the demand for pig iron. Time will surely cure this. We are making railroad engines and all other rolling stock on an unprecedented scale, but the whole railroad world of North America is putting upon the makers of railroad supplies a strain which they seem unable to meet.

Trade in the wholesale centers and in the towns throughout Ontario and Quebec has naturally been particularly good; farmers have paid their obligations of all kinds quite satisfactory; and failures in business have been very few, indeed. The unfavorable features are the continued scarcity of farm and all other kinds of labor, the natural loss of young farmers by emigration to the Western Provinces, and, if one may say so without offence, the very bad roads in some parts of Ontario. Our counties and townships in the older parts of the Province are as municipalities go, almost all comparatively rich, and there is no obvious excuse for roads which in the spring and autumn, for many weeks together, are of very little use.

Per[illegible]ects, the most important in some [illegible] the last two years in development of silver mining at Ontario has been [illegible]at circumstances. Cobalt, with its [illegible] that we have a mining area of quite extra[illegible]dinary richness, out of which very [illegible] millions of dollars worth of silver can be mined at an unusually low cost. Indeed, it would appear that thus far the cost of the development work—and little else has been done—has not been on the average more than ten per cent. of the value of the silver obtained, and in this calculation the value of all low-grade ore now on the dump and needing concentration before shipment is disregarded. As to the depth to which large veins will go little is known as yet, although 300 feet has been reached in one case, and the various attempts to measure the wealth from particular veins, or from the camp as a whole, seem to us not only unreliable, but likely to do more harm than good to legitimate mining. There are now slightly over twenty mining companies shipping ore, the additions for the year being few in number. It is to be remembered, however, that this represents many more than twenty mines. The total shipments of ore thus far have been about 6,500 tons, worth probably over $5,000,000 in money. Very few of the mines can as yet be said to have made more than a beginning. The richness of the ore is indisputable, and it is evident that there is a great deal of it. More than this it is unsafe to say. Unfortunately we have not escaped the inevitable accompaniments of the opening of a rich mining camp—the flotation of many properties which have little or nothing to show for the capitalization, and of many other properties valuable doubtless, but capitalized at figures not justified by anything now in evidence. Again, some properties not originally over-capitalized, have been carried to a quoted price in the market which would require the mines to produce almost incredible results. Against producing properties, existing or in sight, numbering, say, thirty, over two hundred companies have been organized, and the shares of perhaps half of them have been offered to the public. All this is to the last degree unfortunate, and the check this speculation has already received came none too soon.

A new oil and gas field has been discovered in Kent, and important development work is being done.

Dealing with conditions in the Northwest he said:

We need not tell you that the three prairie Provinces have had another year of prosperity, and that in some directions it has been accompanied by speculation and undue expansion.

Before the middle of August our Winnipeg Manager made his annual estimate of the grain crops of the three Provinces, which was published in Great Britain and elsewhere. A fortnight of most unusual heat and hot winds followed, which caused some widely differing calculations to be made, but the facts, as now known, bear out our figures fairly well. Our estimate in August was:

	Bushels.
Wheat	91,812,000
Oats	80,854,000
Barley	17,735,000

The final estimate, at 15th September, of the North-West Grain Dealers' Association accounts for 86,000,000 bushels of wheat.

At the commencement of the movement of the past year's crop, prices ruled from eight to ten cents per bushel below those of the previous year, but at this date the difference is only two to three cents. Trustworthy and competent persons estimate that the proportion of high grade wheat will be 75 to 80 per cent. of the whole. In addition to this the wheat is regarded as equal, if not superior, to that of 1905 for milling purposes, and the 1905 crop of high grade wheat was looked upon as one of the best that had ever been produced in the West.

The best available information indicates that there will be an increase in crop acreage in 1907 of 10 to 15 per cent. The autumn has been unusually favorable for ploughing and harvesting operations, and the farmer has taken every advantage of it. Towards the close of the season, however, the land became too dry for ploughing, and it is predicted by some that we are on the verge of a series of dry seasons. Land values continue to increase in the more populous parts of the country as well as in the newly settled parts. We stated in our report of last year that all the great land-owning corporations had advanced prices, and it is felt by competent authorities that the limit of price at which the new settler can afford to acquire land for farming purposes has been reached in some districts.

The official figures give the number of new settlers entering the Dominion during the year ending the 30th June, 1906, as 189,064, and it is estimated that 75 per cent. of these have settled in the Western Provinces. The population of Manitoba, Saskatchewan, and Alberta is now estimated as follows:

Manitoba	360,000
Saskatchewan	260,000
Alberta	185,000
	805,000

Reliable immigration agents report that conditions are altogether favorable for another year of heavy immigration from the United States. We regard these settlers as the best coming into Canada. They understand Western farming, and climatic conditions, and are generally in fairly good financial circumstances.

The motion for the adoption of the report was then put and carried.

It was then moved by Dr. Hoskin and seconded by Mr. F. Nicholls:

That the meeting do now proceed to elect directors for the coming year, and that for this purpose the ballot box be opened and remain open until 3 o'clock this day, the poll to be closed, however, whenever five minutes shall have elapsed without a vote being tendered, the result of the election to be reported by the scrutineers to the General Manager.

The meeting then adjourned.

The scrutineers subsequently reported the following gentlemen to be elected as directors for the ensuing year:

Hon. Geo. A. Cox, Robert Kilgour, J. Leggat, James Crathern, John Hoskin, K.C., LL.D., J. W. Flavelle, A. Kingman, Hon. L. Melvin-Jones, Frederic Nicholls, H. D. Warren, B. E. Walker, Hon. W. C. Edwards, Z. A. Lash, K.C., E. R. Wood.

At a meeting of the newly elected Board of Directors held subsequently Mr. B. E. Walker was elected President and Mr. Robert Kilgour Vice-President.

DEMETRE'S
Delicious Candy
IN FANCY BOXES OR BY THE POUND

Come and have a look around and see our Holiday stock:

We have Fancy Boxes from 10c to $3.00 per box; Mix Candy, Bonbons, different kinds of Candy for 20c a lb. or 3 lbs. for 50c; Mixed Bon-bons or Chocolates 15c per lb. or 3 lbs. for 40c; Cream Mix 10c per lb or 3 lbs. for 25c; Gum Drops 10c per lb., or 3 lbs. for 25c;

High-class Chocolates in Fancy Boxes and by the lb.—Lowney's, Nasmith's and Stewart's.

Every Kind of Confectionery—try Demetre's Love Candy and Turkish Delight Chocolate Chips, Nuts and Oranges special for New Years.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act, as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

TENDERS FOR DREDGING

Sealed tenders addressed to the undersigned and endorsed "Tender for Dredging St. Mary's River, Sault Ste. Marie, Ont.," will be received at this office until Monday, January 21, 1907, inclusively, for dredging in the St. Mary's River at Sault Ste. Marie, Ont., according to a plan and combined specification and form of tender to be seen at the office of J. G. Sing, Esq., Resident Engineer, Confederation Life Building, Toronto, on application to the Postmaster at Sault Ste. Marie, District of Algoma, Ont., and at the Department of Public Works, Ottawa.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000.00), which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, December 28, 1906.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

HON. G. W. ROSS GOES TO THE SENATE

Messrs. Beith, Costigan and Gilmor Also Called.

TWO MORE VACANCIES YET

Transfer of Ontario's Greatest Orator to the Upper Chamber Should Add Materially to the Interest in the Senate Debates—Sketch of Mr. Ross' Career, as Well as of Those of Beith and Costigan.

Ottawa, Jan. 14.—Four Senate vacancies were filled Saturday by the Government. Hon. Geo. W. Ross, Toronto, and Mr. Robert Beith, Bowmanville, were called to the upper House from Ontario, and Hon. John Costigan, M.P., and Mr. Daniel Gilmor from New Brunswick. The latter was an unsuccessful candidate against Mr. Ganong in Charlotte county at the last general election. There still remain two vacancies from Nova Scotia, but indications point to the selection of Hon. Mr. Comeau, Minister without portfolio in the Murray Cabinet, for one of the positions.

Senator Hon. Geo. W. Ross.

The transfer of Ontario's greatest orator from the leadership of the Opposition in the Legislature to the Upper Chamber, which already includes among its members that grim old lion of debate, Sir Richard Cartwright, should add materially to the interest of the proceedings in what the Commoners speak of as "another place." The new Senator is a far younger man than might be supposed by those who remember him from their youth up as one of the leaders in the public life of Canada. He was born near Nairn, in Middlesex county, on September 18, 1841, and is therefore in his sixty-sixth year.

The Hon. Mr. Ross has had the rare honor of representing the same constituency (West Middlesex) for an unbroken period of thirty-four years. He was first elected for the House of Commons on the 27th August, 1872. In 1874 he was elected by acclamation, and in 1878 and 1882, after very severe contests. In 1878 he had to contend against the landslide in rural as well as urban constituencies, caused by the National Policy propounded so successfully by Sir John A. Macdonold. In 1882 he had to contend against the gerrymander of his constituency, which placed him, as well as nearly all the active Liberal members of the House from Ontario, at a great disadvantage. In December of 1883 he was called to join the Government of Sir Oliver Mowat, and on the 23rd of that month was sworn in as Minister of Education. As the Liberal party in the general election of 1883 was greatly reduced in numbers, West Middlesex, again became the scene of a very severe contest, the then leader of the Opposition, now Sir William Meredith, putting forth all his personal and political strength for Mr. Ross' defeat. His majority was, however, considerably increased, as it was in several of the subsequent elections of 1886, 1890, 1894, 1898, 1902 and 1904.

A career extending over thirty-four years, with eleven successful contests, cannot fail to be a source of much gratification both to Mr. Ross and his loyal supporters in West Middlesex.

Though active as Minister of Education from 1883 to 1899, Mr. Ross took his full share of work in the House in general legislation and debate, and in the case of bye-elections, or a general election, either for the Assembly or the House of Commons, his services on the platform were always at the disposal of the Liberal party.

In 1899 Mr. Ross succeeded to the Premiership on the retirement of the late Mr. Hardy. The five years of Mr. Ross' Premiership were most fruitful in legislation and far-reaching commercial and industrial results.

Senator Beith.

Mr. Robert Beith, M.P. of Bowmanville, has long been one of the leaders in the stock-raising industry of this Province. He was born on May 17th, 1843, in Durham county. Early in life his acquired an extensive knowledge of farming and became deeply interested in stock breeding and stock raising. He principally devoted his talents along this line to the importing and breeding of thoroughbred horses, until his name has attained a national reputation. But Mr. Robert Beith's brain was not always thinking of his stock farms. Interested in public affairs, a Liberal of pronounced opinions, and possessing the confidence of the members of that party in his native county, he was elected to the House of Commons in 1891 for west Durham. Again in 1896, and in the bye-election of 1901, he successfully contested the constituency. During his tenure of office as a member of the House of Commons he has been of immense benefit to the interests of Canadian farmers and stock raisers.

Hon. John Costigan.

Few Canadians have had such a long political career as that of Hon. John Costigan, he having been a member of the first Parliament of this country. Previous to that, in 1861, he was elected to the New Brunswick Legislature for the County of Victoria as a Conservative. In 1882 he entered the Government of Sir John A. Macdoald as Minister of Inland Revenue, and held the same important portfolio in the Administration of Sir John Abbott. For two years he was Secretary of State under Sir John Thompson. In Sir Mackenzie Bowell's Cabinet, Hon. Mr. Costigan was Minister of Marine and Fisheries, continuing in that capacity when Sir Charles Tupper was Premier until the defeat of 1896. Since then he has occupied his seat as an Independent, latterly in general agreement with the Administration. Besides his active connection with Canadian political life, Hon. John Costigan has been an ardent supporter of home rule for Ireland, and submitted a memorable series of resolutions along this line to the House of Commons in 1892, which were carried. On the first of next month he will have attained his 72nd birthday. In religion he is a Roman Catholic, having been born in Quebec.

IN INTERESTS OF PEACE.

W. T. Stead Proposes An International Procession to The Hague.

Rome, Jan. 14.—William T. Stead, in his international peace propaganda, proposes an international pilgrimage of peace, in which notabilities from all over the world would take part, to start from the United States for The Hague, by way of London, Paris and Rome, and to arrive at the Netherlands capital at the time the second peace conference assembles there.

Mr. Stead says he believes that such a pilgrimage would exercise the greatest moral influence ever known.

W. T. Stead had a conference Saturday with Foreign Minister Tittoni, who declared himself in favor of the English editor's peace propaganda, and said that if Sir Henry Campbell-Bannerman, the British Premier, went to The Hague, he probably also would go.

FIRE AT ST. CATHARINES.

Wilson's Planing Mill Destroyed At a Loss of $20,000—Not Insured.

St. Catharines, Jan. 14.—The George Wilson Building and Contracting Co., who seem to be peculiarly unfortunate as to fires, having been twice burned out within a few years, were again visited by fire at 3.30 Saturday morning, when the large planing mills, situated on Niagara street, together with a quantity of lumber, were consumed. The loss on this occasion will be about $20,000, with no insurance whatever. The boilerhouse was saved. Mr. Wilson hopes to rebuild soon.

ARNOLD WALSH'S DEATH.

James Kelly Convicted of Manslaughter At the Hull Assizes.

Ottawa, Jan. 14.—James Kelly, the farmer from near Masson, Quebec, charged with causing the death of Arnold Walsh, a ward of the Catholic Immigration Society, was found guilty at the Hull assizes of manslaughter.

Kelly is said to have used the boy most brutally. This makes the third conviction for manslaughter at these assizes, the other two being killings in drunken brawls.

Sentences will be imposed at the close of the assizes.

This Season's Timber Cut.

Toronto, Jan. 14.—It is estimated that the timber cut for the current season will largely exceed that of last year, and an itemized estimate, which follows, is said to be well within the mark. The figures include the limits being cut in various parts of the Province of Ontario.

The figures are: 1,000,000,000 feet of pine board measure; 70,000,000 hemlock; 1,500,000 spruce; 1,250,000 square timber; 100,000 cords pulp wood, 4,500,000 railway ties.

Slavery Is Rampant.

Constantinople, Jan. 14.—Advices from Tripoli depict the horrors of the slave trade between Turkey and Tripoli in the darkest colors. It is openly asserted that it is exclusively as a source of supply that The Porte cares to maintain the connection between Tripoli and the hinterland at all. Turkish ships make monthly trips and always sail by night with their human cargo. The price of a girl between 8 and 20 is from $20 upward.

Claiming a Boy.

London, Jan. 14.—(C. A. P.)—Tudor Williams of Amerdair, who had a romantic history in a suit with the Melthyr guardians, has been taken possession of by a man, William Morgan, who claims, it is alleged, wrongfully, to be his father. The clerk of the guardians was instructed to cable the superintendent of the Barnardo Home, Toronto. Morgan has already been convicted of enticing a boy from school.

Alfonso Defies the Court.

Madrid, Jan. 14.—Against the opposition of the court, King Alfonso Saturday authorized the opening of a Protestant chapel in connection with the palace for the benefit of Princess Henry of Battenberg, mother of Queen Victoria, who is the king's guest, pending the confinement of the queen.

Stole to Come to Canada.

London, Jan. 14.—(C. A. P.)—Duncan McGill, who said he stole a cheque to join relatives in Canada, has been sentenced to nine months in prison. McGill said he was a relative of a Canadian statesman.

Successful In Canada.

London, Jan. 14.—(C. A. P.)—According to a published statement, 1,171 children sent to Canada in 1906 by Barnardo, 99 1-2 per cent. have succeeded.

FRENCH-ENGLISH TUNNEL.

Imperial Defence Committee Has Decided That Project Would Be Prejudicial to British Security.

London, Jan. 14.—The extensive project for tunneling the English Channel, which is now awaiting Parliamentary approval, would appear to have received a serious set-back in a report that the Imperial Defence Committee has decided such a tunnel would be prejudicial to the national security.

Enquiries made at the headquarters of the committee, however, failed of confirmation of this announcement. Nevertheless, there is a strong drift of sentiment among the most eminent British military and naval experts, headed by Field Marshal Lord Wolseley, which condemns this project as opening the possibility of continental invasion.

On the other hand the Rothschilds and the great railroads of England and France are prepared to make enormous investment of capital for the carrying out of this project. This makes trouble between strategists and capitalists and the indications are that the former will create sufficient public apprehension to endanger Parliamentary approval of the scheme.

EARL GREY WILL ENTERTAIN.

U. S. Secretary Root to Visit Ottawa Saturday and Sunday Next.

Washington, Jan. 14.—Secretary of State Root announced Saturday that he will leave on Jan. 17 for Ottawa, Canada, where he will be the guest of Earl Grey, Governor-General of Canada. Mr. Root will be accompanied by Mrs. Root and will arrive in Ottawa on Saturday, Jan. 19, and remain over Sunday.

Secretary Root said that his visit is purely social and has nothing whatever to do with the international treaty now pending between Great Britain and the United States.

A Note of Discord.

London, Jan. 14.—(C. A. P.)—The Globe, referring to the coming visit of Secretary Root to Earl Grey, says if Earl Grey can convince Mr. Root that the time has come when the British Government will not bow in graceful assent to every American demand as a token of brotherly love, things are likely to get settled with more regard for justice and with fewer falsetto congratulations than before.

Pleases Britain.

The news that Secretary Root is about to visit the Governor-General of Canada, Earl Grey, at Ottawa, has elicited the most favorable comment from officials and the British press.

The opinion expressed is that the visit foreshadows better relations between the United States and Canada, which were considerably improved as the result of the Governor-General's tour of the United States last year.

UNITED STATES POACHERS.

Three of Them Caught on Canadian Side of Niagara River.

Niagara-on-the-Lake, Jan. 14.—Three American fishermen, named Scott, Liger and Seeley, hailing from Lewiston, N.Y., were arrested Saturday afternoon for poaching on the Canadian side of the Niagara River.

Their outfits, two boats, two nets and a quantity of fish, were seized.

The prisoners were taken to Niagara Falls and arraigned before Magistrate Cruikshank, who fined them $25 each and costs. Their boats, nets, etc., will be sold.

Two prominent farmers of Niagara Township were apprehended for fishing a drag net in the river. They will come before Magistrate Cruikshank this week.

ON THE HIGH SEAS.

Montreal Man Creates a Scene and Is Put In Straight Jacket.

New York, Jan. 14.—All the Atlantic liners which arrived yesterday reported an unusually rough voyage.

Among the first cabin passengers on the St. Louis was A. Brazeau of Montreal, buyer for a Montreal house, who has been for two months in London and Paris. Saturday night during dinner, he suddenly created a scene and was put in a strait jacket. He will be kept on board the St. Louis until friends arrange for his removal. Mr. Brazeau suffered an attack of mental depression and thought that attempts had been made upon his life.

Proposes New Canon.

Montreal, Jan. 14.—Dr. L. H. Davidson of this city has given notice that at the approaching meeting of the Anglican Synod of Montreal, he will ask that canon No. 11, "for the election of a coadjutor bishop," be repealed and be replaced by a new canon. It is said that the adoption of this canon will prevent a repetition in the future of the uncertainty which at present surrounds the legality of Bishop Carmichael's succession to the see.

Archbishop and Primate.

Toronto, Jan. 14.—The House of Bishops of the Anglican Church in Canada meets at St. Alban's Cathedral, in this city, on Wednesday, to elect the Primate of all Canada, and also the metropolitan of the eastern ecclesiastical province of Canada. His Grace Archbishop Matheson of Rupert's Land will preside. The proceedings at St. Alban's Cathedral will be private.

Motorman Gets Damages.

London, Jan. 14.—At the winter assizes John Harris, motorman on the Springbank section of the London Electric Railway, obtained a verdict of $1,500 against the company for injuries received in a collision on the night of Aug. 23 last.

The Insurance Report.

Ottawa, Jan. 14.—It is expected that within a week or ten days the report to Parliament of the insurance commission will be completed.

An Imperial Order.

London, Jan. 14.—(C. A. P.)—The National Defence Association has formed branches to be organized throughout the empire.

Against Canadian Cattle.

London, Jan. 14.—East Lothian farmers have decided against the importation of Canadian cattle.

CURE SICK HEADACHE.

Faults in Diet

If a horse could not pull a certain load up a hill, a second horse would be necessary, would it not? Extra help is needed for an extra task. Same in the human economy.

Just at this season the digestive system of most people is needing a little "extra help" through faults in diet. Xmas and New Year's fare throws extra work on the stomach, intestines and liver. Hence those feelings of nausea, pains in the chest, fluttering feelings around the heart, bad taste in the mouth, coated tongue, and that general "below par" feeling. Bileans give the "extra help" A few doses will set you right and restore both vigor and relish for food.

Bileans are altogether different to other remedies. They help the organs to fulfil their functions—do not overdrive. They play the part of the "extra horse," —not the brutal driver! Proof of their power? Note the following case and write for descriptive booklet:

CHRONIC BILIOUSNESS CURED.

Mrs. J. Book, 19 Cornwall St., Toronto, Ont., says:—"I was troubled for nearly two years with biliousness, gas around the heart and such a smothering sensation as if I were going to choke. This smothering sensation came on suddenly, sometimes in a morning and then again not until the evening. While having a sudden attack of biliousness not long ago, I was advised to try Bileans. I did so, and experienced the utmost relief. I then took a short course of this remedy, and I can say Bileans are absolutely unequalled. Before taking Bileans I had tried one medicine after another, but nothing seemed to relieve me. For biliousness or gas around the heart there is nothing to equal Bileans. You are at liberty to use this statement for publication if it will benefit other sufferers."

REMEMBER THAT
Bileans are purely herbal; do not create the pill taking habit. Cure constipation without causing after constipation and are recommended and used by leading family doctors.

If You Wore Them Last Winter This Is No News to You —

"Klingsole" Made for Men and Women

People who wore "Daisy" Rubbers last winter will wear them again this winter, even without reading our ads. For no amount of talk about "Daisy" Rubbers tells so much as a season's wear of the rubbers themselves. The good service they give under the test of every day ruff-scuff hard usage, in all kinds of bad weather,—that's what shows the honesty that backs "Our Daisy" advertising. But even that test doesn't tell why there's double wear in every pair—though it proves there is. It's a simple matter of using toughened honest rubber in the right way, in a factory that's as modern as the idea of honest quality is ancient.

You'll hardly know you've got rubbers on when you wear the Klingsole,—they are so light in weight. But they will outwear common rubbers that are twice as heavy. Klingsole Rubbers don't heat the feet; they can't slip off until you want them off—and then a touch removes them. Made in the right toe shape for the shoes you wear

Tell your dealer you insist upon rubbers made by The Daisy Rubber People At Berlin, Ontario

A Necessity in Every Kitchen

Armour's Solid Extract of Beef

(PUTTED IN CANADA)

is a wonder-worker in the kitchen. It is almost indispensable in giving flavor and tone to all made over dishes. It makes tempting soups and rich beef tea.

Armour's Extract of Beef is solid, not fluid. It is the condensed essence of prime beef, put up in dainty porcelain pots. It is more economical than other brands because it goes four times as far.

TWENTY-FOUR PERSONS WERE DROWNED

Whole Crew of British Vessel Pengwern Perished.

GROUNDED OFF SCHARHORN

Crew Refused to Leave Foundering Ship for Tug Vulkan Which Attempted to Rescue Them—Vessel Was Owned in Liverpool and Bound From Taltal, Chile, With a Cargo of Saltpetre.

Cuxhaven, Germany, Jan. 14.—The British ship Pengwern, Captain Williams, from Talkal, Chile, Oct. 6, for Falmouth, with a cargo of saltpetre, grounded off Scharhorn, about 100 miles northwest of Cuxhaven, yesterday. Her crew of 24 men were drowned and her cargo is a total loss.

The tug Vulkan went to the assistance of the stranded vessel and, passing closely to her, the crew of the Pengwern threw a live dog and a bundle of clothes aboard the tug, but disregarded the appeals to jump into the water, so that they might be rescued.

The Vulkan made repeated attempts to reach the Pengwern, but a heavy sea broke over her and she disappeared from view.

WRECK OF FISHING VESSELS.

Storm Does Great Damage Along Newfoundland Coast.

St. John's, Nfld., Jan. 14.—The fishing schooner Richard Wainwright of Gloucester, Mass., herring laden, from Bay of Islands, was wrecked Friday at Flat Bay, St. George. One man was drowned. The schooner is a total loss.

Another schooner, the Romeo, of Burgeo, Nfld., with a load of herring, was also wrecked Saturday at Grand River. The crew escaped, but the schooner is lost.

The storm in which these two schooners were wrecked did great damage to the gear of the herring fishing boats still at Bay of Islands.

Ship Ashore.

Chatham, Mass., Jan. 14.—Straying from the beaten track, the Clyde line freight steamer Onondaga, Capt. Bunnell, bound from Boston for Charleston and Jacksonville, struck on Orleans Beach early yesterday and is in a dangerous position.

CUT IN TWO ON G.T.R.

Body of An Unknown Man Found Scattered On the Track.

Toronto, Jan. 14.—The terribly mutilated body of an unknown man was found on the Grand Trunk tracks, 75 yards east of the Don bridge at 3.20 yesterday morning. The body was cut completely in two and the right arm was severed from the trunk and was found several yards away.

The engineer of an eastbound freight train saw an object on the tracks and shut off his engine and brought it to a stop. He notified the nearest switchman, who telephoned police headquarters of the engineer's discovery.

A gold watch was found in his waistcoat pocket. In another of the pockets was found a slip of paper, reading as follows: "Received from John MacLean the sum of $1. George McDonald." A charm bearing the initials in gold, J. McL., was found attached to the watchchain.

The police have not discovered where the man lives. His home is evidently in the city or district, as all his clothes were purchased in Toronto, according to the markings.

Coroner Johnson was notified, and after investigating the case decided to withhold plans for an inquest until Tuesday, by which time the body may be identified.

GAS KILLED HIM.

Englishman, Out of Funds and Averse to Work, Ends His Life.

Toronto, Jan. 14.—Walter E. Young, aged 35, who has been boarding with William Watkins, 139 John street, was found dead in his room Saturday morning with the gas turned fully on.

He arrived from Liverpool on March 13 last. Since coming to Toronto he has not worked, but appeared to have what money he required. He never received any mail at the house. His hands show he has never done any hard work. There was no money found in his possession.

Five Killed.

El Paso, Tex., Jan. 14.—Running at high speed, a Chicago, Rock Island & Pacific passenger train, bound for

BRONCHITIS CAN BE CURED

Dr. Wood's Norway Pine Syrup Will Do It.

Bronchitis is generally the result of a cold caused by inclement weather or exposure to wet, and is a very dangerous inflamatory affection of the bronchial tubes.

The symptoms are tightness across the chest, sharp pains and difficulty in breathing, and a secretion of thick phlegm, at first white, but later of a greenish or yellowish color.

Neglected Bronchitis is one of the most general causes of consumption, so cure it at once by the use of

Dr. Wood's Norway Pine Syrup

Mrs. S. Fidder, Liston's, N.B., writes: "I feel it my duty to let you know of my experience with Dr. Wood's Norway Pine Syrup. My little girl was very low with Bronchitis and our doctor did all in his power for her, but could only give her relief for a short time. My husband saw your medicine advertised, and immediatly procured three bottles. I never saw anything give so much relief in so short a time. It stopped the annoying cough at night and she is now perfectly cured. I am so glad I can hardly express my gratitude for what Dr. Wood's Norway Pine Syrup has done for us."

Price 25 cents at all dealers.

Look out for Baby.

Remember that a few applications of poor soap may cause serious skin trouble to a delicate skin. Don't take chances, don't accept any "just as good" Soaps for the baby, but buy

Baby's Own Soap

Albert Soaps Ltd. Mfrs. - Montreal.

Chicago, dashed into an open switch at Barney, N.M., early yesterday. Five persons were killed and eight injured, none fatally.

Dead With Bullet In His Brain.

Belleville, Jan. 14.—A fatal accident happened to Claude Godfrey, a farmer's son living on the marsh road, in North Hastings. He was alone in the house when the report of a rifle was heard by relatives in the barn. They rushed in and found Claude with a 22 calibre rifle bullet in his brain. He was dead when found. The boy was 13 years of age.

Girl's Painful Injuries.

Belleville, Jan. 14.—Little Greta Madden, daughter of George Madden, was coasting down a hill on a sleigh, when she fell off, sliding down several yards with her chin on the ground. The flesh on the lower portion of her face was completely torn away, the bone showing in places. Doctors had to put 11 stitches in the wound.

GIGANTIC INDUSTRIES.

Far British Columbia—Newcastle and Clyde Shipbuilding Firms May Transport Portion of Their Plant.

Victoria, B.C., Jan. 11.—H. F. Bullen left yesterday morning for England on a mission of the greatest moment to British Columbia, and particularly to the coast and the cities of Vancouver and Victoria. Negotiations have been in progress for over a year, and the option which expressed the plan expired a short time ago, but it is understood that it has been extended for two months. It is being financed by Fowler, Perks & Co., one of the biggest firms of brokers in London. Both principals are members of the British House of Commons, Sir Henry Fowler being in the Cabinet. These brokers are interesting some of the biggest shipbuilding firms in Newcastle and on the Clyde, and if successful, a portion of their plant and a large force of workmen will be transported to this coast.

The plan is to consolidate the British Columbia Marine Railway, the Vancouver Engineering Works, the New Westminster Foundry and the big holdings of iron and coal lands on the west coast, into one concern. This will also include a floating dry dock for Vancouver, estimates for which were passed by the Dominion Government some time ago, but which has hung fire. The ultimate intention is to build steel vessels at Esquimalt. In fact, the company, if launched in the form contemplated, could build Empresses, and it is expected that it would start with not less than a thousand British artisans.

Mr. Bullen's mission is given out as for an entirely different purpose, but its real object is as given above.

VALUE OF WATERWAYS.

Shippers $890,000,000 Better Off In 20 Years Through Lake Navigation.

Detroit, Jan. 11.—In a paper read by Mr. Hodgman, president of the Michigan Engineering Society, Mr. Hodgman said that the sum of $890,000,000 has been saved shippers during the past 20 years as a result of the difference in rates between railroad and lake shipment. Last year alone the saving was nearly $90,000,000.

Since 1893 the United States has spent about $80,000,000 on improvements of the great lakes, on which investment she has enabled her citizens to save nearly $900,000,000.

Canada has in the same time expended $70,000,000 on her waterways, but mostly in the St. Lawrence district. With a 25-foot channel at mean low water from Duluth to Buffalo it might be possible to make lake freight rates as low as those charged to transatlantic lines.

The annual report of President William Livingstone of the Lake Carriers' Association was read yesterday at the convention of the organization.

Cleanliness In Dairying.

Ottawa, Jan. 11.—At the Eastern Dairymen's convention yesterday G. A. Putnam, superintendent of dairying, urged the importance of efforts which would induce the producer to to exercise the greatest possible care in dairying. An authority had declared that the infant raised upon the average milk delivered in the city stood only one chance out of fifteen for life, compared with the infant raised in the natural way.

Ponce May Be Lost.

New York, Jan. 11.—The steamship Ponce of the New York & Porto Rico Steamship Line, which sailed from Ponce, Porto Rico, on December 26 and was due at this port on January 1, is still missing, and the belief that her delay is due to some mechanical accident is giving way to the fear that she is lost. She was last spoken on December 28.

Murder Trial Stopped.

Louisville, Ky., Jan. 11.—A telephone message from Frankfort says the court of appeals to-day issued an order stopping the trial at Jackson of Judge Harris and others, on a charge of murdering Dr. B. D. Cox four years ago.

THE TWENTY-FIVE KNOT SCHEME

Mr. R. Bickerdike, M.P., Appointed Canadian Representative.

STRATHCONA'S BIG INTEREST

Blacksod Bay, Ireland, to Halifax, Plan for Fast Atlantic Steamship Service Gets His Approval to the Tune of Half a Million Dollars—Canadian Representative Will Pay a Visit to Ottawa Soon.

Montreal, Jan. 14.—Mr. Robert Bickerdike, M. P. for St. Lawrence, has accepted the position of Canadian representative of the British syndicate, which has been formed for the purpose of promoting a 25-knot steamship service between Blacksod Bay, Ireland, and Halifax.

It is understood that Lord Strathcona, the Canadian High Commissioner, when approached in London, declared that they must have boats equal to the very best on the New York route, and although he had no money to throw away he had so much faith in the enterprise that he would become interested personally to the extent of half a million dollars.

Mr. Bickerdike said that he had already prepared a large amount of data and would leave for Ottawa in order to have the matter brought officially to the attention of Sir Wilfrid Laurier and his Ministers at the very earliest possible moment.

"Do you think the matter will be brought before Parliament this session?"

"I think it will, the eastern members are all solid for the scheme, and all in fact realize that the time has come to act and act with energy and patriotism in the matter."

The large subsudy asked for being referred to, Mr. Bickerdike declared that Canada is a great deal better able to give $1,000,000 to-day than three-quarters of a million ten years ago, especially when the project is a 25-knot service.

Discussing the railway end of the question, he said that all lines must have the same advantages. The C.P.R. and I.C.R., he added, are already at Halifax, and the Grand Trunk Pacific and Canadian Northern are rapidly making for that port.

Losing No Time.

London, Jan. 14.—The lord mayor of Dublin has received a deputation regarding the Blacksod scheme.

IN THE OKHTA QUARTER.

Desperate Affray In St. Petersburg—Shooting In the Dark.

St. Petersburg, Jan. 14.—Desperate fighting between police and workmen occurred in the Okhta quarter of this city Friday night during a domiciliary search.

Three workmen, who were in the building, extinguished all the lights and opened fire on the police. The latter responded and the fusilade was continued for some time in total darkness.

The workmen finally retreated, after killing two district inspectors and two policemen and wounding three policemen.

Another Chief Assassinated.

St. Petersburg, Jan. 14.—Information was received here Saturday night that the chief of police at Daghestan, on the Caspian Sea, was murdered Saturday. The assassin escaped.

BRITISH TRADE RECORD.

Total For 1906 Passes Five Billion Mark for First Time.

London, Jan. 14.—The total value of the import and export trade of Great Britain last year exceeded for the first time $5,000,000,000, easily beating all previous trade records in the history of the United Kingdom.

This fact is brought out in the trade and navigation returns o fthe United Kingdom for 1906, just issued. Owing to the recovery from the effects of the South African war, the great boom in the cotton trade and other minor causes, the trade of the country during the last few years has been progressing by leaps and bounds.

To Cut Out Uncle Sam.

Tokio, Jan. 11.—The Japanese Government has decided that on account of anti-Japanese agitation in the Pacific coast the training squadron will not visit the Pacific coast but will go as far as Honolulu only.

Italy Seeks Knowledge.

London, Jan. 11.—The Canadian Associated Press learns that the Italian Government intends sending an expert commissioner to report on the condition of agriculture and viticulture in Canada.

Hours of Railwaymen.

Washington, Jan. 11.—The Senate late yesterday passed the bill limiting the hours of railway employes to 16 hours of service, followed by 10 hours of rest, by a vote of 70 to 1.

PEN-ANGLE

In a variety of styles, fabrics and prices, for women, men and children. Form-fitted. Dealers are authorized to replace instantly and at our cost any Pen-Angle garment faulty in material or making.

Pen-Angle Underwear is form-knit so it can't help fitting your figure,—it's made of long-fibred wool so it won't shrink—and it's guaranteed besides. The whole idea is to make it so good you can't afford not to buy by the trademark (in red).

UNDERWEAR

A Meal in a Moment

Bovril will do it for you

A meal prepared with the help of a chafing dish has a great fascination for many.

But the woman who uses a chafing dish and hasn't tried what the addition of a few drops of Bovril will do, has yet to find out how delightfully piquant and appetising, a chafing dish preparation can be made.

Not only does "Bovril" add to the richness and taste, but also very materially to the nourishing qualities, and that's best of all,

BOVRIL is A Household Necessity

I'm Water Proof, and my dad, he knows
What's good for boys. So when it snows,
Put on your GRANBY RUBBS" he'll say,
They'll keep your feet
dry all the day.
GRANBY RUBBERS
"WEAR LIKE IRON."

BLOOD DISEASED MEN

If you ever contracted any blood disease you are never safe unless the virus or poison has been eradicated from the system. Have you any of the following symptoms? Sore throat, ulcers on the tongue or in the mouth, hair falling out, aching pains, itchiness of the skin, sores or blotches on the body eyes red and smart, dyspeptic stomach, nerval weakness—indications of the secondary stage. Don't ruin your system with the old fogy treatment—mercury and potash—which only suppresses the symptoms for a time only to break out again when happy in domestic life. Don't let quacks experiment on you. Our New Method Treatment is guaranteed to cure you. Our guarantees are backed by bank bonds, that the disease will never return. Thousands of patients have been already cured by our New Method Treatment for over 20 years. No names used without written consent.

Mr. E. A. C. writes: "Your remedies have done me more good than Hot Springs and all the doctors and medicines I had previously tried. I have not felt any of those pains or seen any ulcers or blotches for over seven years and the outward symptoms of the loathesome disease have entirely disappeared. My hair has grown in fully again and I am married and happy."

Wonders of a Modern Factory

The Perfect Food Is Made In Absolute Cleanliness.

A visit to the greatest modern food factory is a revelation to anyone not familiar with the development of machinery in recent years. Such a visit verifies the claims of the manufacturers of Malta-Vita, that this perfect whole-wheat food is cooked, steamed, mixed, baked and packed in absolute cleanliness.

"Purity" is the watchword of this wonderful establishment. From the time the wheat is received in the factory until the finished product is shipped out to all parts of the world, Malta-Vita is not soiled by human hands. Machinery, clean, shining machinery conveys the wheat through all the long process, even to the packing and sealing of the air-tight, germ-proof, dirt-proof packages.

After the wheat has been thoroughly cooked and steamed it is mixed with pure barley malt extract and each grain of the malted wheat is rolled into a wafer-like flake. Then it goes to the great ovens where, under intense heat, it is baked crisp and brown —Malta-Vita, *the most delicious*, the most healthful food in the world.

Malta-Vita is always ready to eat. No cooking. No inconvenience. And you never tasted anything quite so good. All grocers, now 10 cents.

DEFECTS HAVE BEEN REMEDIED

Sir Fred. Borden's Reply to Ross Rifle Criticism.

REPORT OF THE EXPERTS

Is United States Getting Best of Waterways Settlement?—Mr. Lancaster's Objection—Sir Wilfrid Says There Are Large Questions to Be Settled, But He Had Abandoned Idea of Trade Concessions.

Ottawa, Jan. 15.—Debates in the House yesterday covered a wide range of subjects, including the settlement of the outstanding differences between Canada and the United States in reference to waterways, the enjoyment of coasting privileges by foreign vessels upon the Atlantic coast and the great lakes, and the efficient arming of the Canadian militia. Incidental to the last named topic, the suitability of the Ross rifle and its value as a service weapon was raised. Sir Frederick Borden announced that the board of experts had reported all the defects disclosed in the rifle were capable of removal and had been remedied.

Waterways Commission.

In connection with the recommendation of the commission on international waterways for the division of the water at Niagara Falls for power purposes between Canada and the United States, to which Mr. Lancaster objected as unfair, Sir Wilfrid Laurier gave expression of the opinion he had entertained for a long time, that we should endeavor to settle permanently at the present time the question of the division of waters between Canada and the United States from Puget Sound to the St. John River. In order to arrive at this desirable end he suggested that it might be necessary to give a quid pro quo at one point for a quid pro quo received at another point.

With respect to a suggestion by Mr. Lancaster that a quid pro quo in the way of trade concession be insisted for the excess of power the United States received at Niagara Falls, Sir Wilfrid declared that, although there had been a time when Canada would have given much to get trade concessions from our neighbors, he had abandoned that idea for a long time.

Owing to the Christmas recess having curtailed the period for presenting private bills, on the motion of the Premier the time was extended to the 7th of February.

The Speaker announced the election of Mr. C. Devlin for Nicolet.

To Regulate the Judges.

A bill to amend the act respecting Judges of Provincial courts was introduced by Mr. Lennox, who explained that its principal object was to prevent Judges of Provincial courts undertaking extra judicial work. The bill was read a first time.

Mr. Kennedy (New Westminster) introduced a bill to amend the railway act of 1903, making railway companies liable for damage to all classes of property caused by locomotives. The bill was read a first time.

The Premier informed Mr. Crocket that he would answer an inquiry by him as to the appointment of Hon. J. Costigan and Mr. D. Gilmor to the Senate to-day.

Mr. Brodeur informed Mr. R. L. Borden that four sailors from the vessel Alice Gertrude, arrested by the Uruguayan authorities as seal poachers, had been released, but certain claims against the Uruguayan Government had still to be settled.

The Minister of Railways informed Mr. Martin (Queen's) that it was the intention of the department to carry out experiments with motor cars on branch lines of the Prince Edward Island Railway. In a general way the cost per mile of such a service had been estimated as being half the cost of the ordinary trains. Further action by the Government would depend on results with respect to lines already established.

Recent Wrecks.

The Minister of Marine informed Mr. Boyce that the Strathmore, which was wrecked near Michipicoten, was registered on the 9th of April, 1906. No loss of life had occurred, and the Government had not considered it necessary to hold an investigation. The Golspie was imported by a Hamilton firm and placed on the Canadian register in 1906, and was last inspected on the 9th of August, 1906. The Monarch, wrecked off Isle Royale in November, was last inspected on June 4, 1906. One deck hand was drowned, and an investigation was proceeding.

Replying to Mr. Northrup, the Minister of Customs stated that in 1906 British vessels brought 404,102 tons of Canadian coal to Montreal, and foreign vessels 1,066,340 tons.

The Legal Barrel.

Mr. Martin inquired whether the Government intended to introduce legislation carrying out the resolution passed by the Dominion Horticultural Council with regard to the legal barrel, and Mr. Fisher stated that as the Government had found that those engaged in the fruit industries held diverse opinions on the subject, the Government had no such intention.

With rye, scotch or brandy, York Sparks adds zest and improves flavor, because no salts overload it; it does wonders in bringing out the bouquet of spirits. Ask for it at good hotels and clubs; or tell your wine merchant you want it.

York Sparks

is better—yet costs no more.

For Family Colds.

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear.

It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too.

Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other.—L. Elsley, Niagara-on-the-Lake, Ont."

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell 303

SHILOH

The Minister of Agriculture also informed Mr. Martin that very satisfactory results had been obtained by open-air treatment of infected cattle with tuberculosis at the experimental farm. None had died, and there had been no further development of the symptoms. All the calves were successfully raised last year, and the animals had adapted themselves remarkably to the changed conditions under which they were being kept. It was the intention of the Government to establish experimental stations for crop-growing and soil treatment in Prince Edward Island, Lethbridge, northern Alberta and northern Saskatchewan.

The Minister of Railways stated in answer to Mr. Ames that the cost to the Government in connection with the purchase of the Grand Trunk Pacific Railway's surveys east of Winnipeg had been $352,794.78.

Mr. Fisher informed Mr. Porter that last year 90,450 cubic yards of material was removed from Belleville harbor, at a cost of $5,570.06.

PLUNGED INTO RAVINE.

Engine Was Bucking the Snowdrifts at Mowbray, Man.

Snow Flake, Man., Jan. 15.—Since Friday night the train crew has struggled with the snowdrifts between here and Mowbray. After arrival at Mowbray, while attempting to clear the way, the speed necessary to do it sent the engine over the end of the track, which is on the brink of a ravine, over which the engine plunged. A wrecking crew was sent for from Winnipeg, and is at present engaged placing the engine on the track, with the thermometer at 33 below.

Prince Albert, Sask., Jan. 15.—For the first time since Wednesday morning last a passenger train reached here from the south Sunday evening. The passengers and crew told the story of what happened to the train since it left Regina on Wednesday, and of the engine after it had been battered into uselessness in attempting to force a snowplough through the high and solid banks.

DEATH OF GEO. W. WRIGLEY.

Well-Known Journalist Passes Away at Winnipeg.

Winnipeg, Jan. 15.—Geo. W. Wrigley, journalist, well known throughout the Dominion and formerly connected with the editorial staff of The Globe, The Mail and Empire, The London Advertiser, The Royal Templar and The Pioneer, died here last night, succumbing to complications following a paralytic stroke. He was 60 years of age.

RAILWAY COLLISIONS.

Major Archibald, Dominion Parole Officer, Badly Shaken Up.

Toronto, Jan. 15.—W. T. Archibald of Ottawa, the Government parole officer, was a passenger on a train that was crashed into from the rear a few miles east of Chicago Sunday morning, resulting in injuries to two or more of the occupants of the sleepers. Mr. Archibald was projected through the partition wall of his compartment and his side was severely strained.

One Killed; One Dying.

Pittsburg, Jan. 15.—Chicago express No. 6, eastbound, on the Pittsburg and Western branch of the Baltimore and Ohio Railroad, was in collision at Allison Park, Pa., yesterday with a heavy shifting engine. The passenger train was wrecked and C. W. Meyer of Chicago Junction, engineer, killed. Fireman H. C. Lewis, also of Chicago Junction, was fatally hurt.

Engineer Killed.

Ogden, Utah, Jan. 15.—Passenger train No. 1, west bound on the Southern Pacific, was wrecked 15 miles west of Montello early yesterday. Engineer Frank Neesley was killed and several passengers were injured.

Seven Dead In Mine.

Clinton, Ind., Jan. 15.—Seven dead and three injured miners, victims of an explosion, were taken from Mine No. 7 here yesterday. It is believed a miner set fire to a keg of powder by a spark from his lighted lamp.

Another Wreck At Sea.

Hamburg, Jan. 15.—The officials of the Woermann Line yesterday received a cable despatch announcing that the Lucie Woermann had been wrecked near Lome, the chief port of German Togoland. Her passengers and mail were saved.

Labor Men and Millionaires.

Chicago, Jan. 14.—Mrs. Potter Palmer's mansion, in Lake Shore Drive, Saturday night, was the scene of a conference of labor leaders and millionaires, all of whom were received in person by Mrs. Palmer. The National Civic Federation explained to employers and employes the aims of the organization and its efforts to place the two classes of industrialism on a common plane of thought and action. More than 500 guests and delegates attended the meeting in the art gallery of the mansion. The principal speakers were August Belmont and ex-Mayor Seth Low of New York, W. S. Stone, grand master of the Brotherhood of Locomotive Engineers; Daniel J. Keef, president of the International Longshoremen's Union, and W. D. Mahony, president of the Amalgamated Association of Street Railway employes.

Hops in London, Pacific Coast, quiet, £3 5s to £4.

NEW YORK DAIRY MARKET.

New York, Jan. 14.—Butter, weak; receipts, 4007. Street prices, extra creamery, 28c to 28½c; official prices, creamery, common to extra, 20c to 28c; do., held, common to extra, 19c to 27½c; state dairy, common to firsts, 20c to 26c; renovated, common to extra, 16½c to 23½c; western factory, common to firsts, 17½c to 20½c; western imitation, creamery, firsts, 21c to 22c.

Cheese—Steady; receipts, 1643; state, full cream, small and large, September fancy, 14½c; do., October best, 13½c to 14c; good to prime, 12½c to 13c; winter made, average best, 12c; inferior, 11c to 12c; skims, 2c to 11c.

Eggs—Steady; receipts, 4800; state, Pennsylvania and nearby fancy selected, white, 32c to 34c; do., choice, 30c; mixed extra, 30c; western firsts, 27c to 27½c (official price, firsts, 27c); seconds, 25c to 26c.

CATTLE MARKETS.

Cables Firm—Cattle and Hogs Lower at Chicago.

London, Jan. 14.—Liverpool and London cables are higher at 10½c to 12½c per lb., dressed weight; refrigerator beef is quoted at 9c to 9¼c per lb.

TORONTO JUNCTION LIVE STOCK.

Toronto, Jan. 14.—Receipts of live stock at the Union Stock Yards were 119 carloads, composed of 2641 cattle, 78 hogs, 201 sheep and 21 calves. The quality of fat cattle was fair to medium.

Exporters.

Prices ranged from $4.75 to $5.20, but not many at the latter price, the bulk going at $4.85 to $5.10 per cwt.; bulls, $3.65 to $4.25 per cwt.

Butchers.

Picked lots of prime, ripe cattle, which were scarce, sold at $4.50 to $4.75; fair to good loads at $4.10 to $4.40; common, mixed loads, $3.75 to $4; cows at $3 to $3.85; rough and canners, $1 to $2.75 per cwt.

Feeders and Stockers.

None offered, as the a few of good quality would find a ready market.

Milch Cows.

A few milkers and springers sold at $40 to $45 each.

Sheep and Lambs.

Trade in sheep and lambs was brisk, with prices higher. Export ewes, $4.75 to $5 per cwt.; rams and culls at $3 to $4 per cwt.; lambs at $6 to $7 per cwt.

Hogs.

Not many on sale, with prices still higher. H. P. Kennedy reports selects at $6.90 and lights and fats at $6.65 per cwt., fed and watered basis.

Panama Canal Tenders.

Washington, Jan. 14.—Proposals opened by the Canal Commission Saturday for the entire construction of the Panama Canal show that the lowest proposal, that of William J. Oliver of Knoxville, Tenn., and Anson M. Bangs of New York City, who offered to do the work for $6.75 per cent. of the estimated cost falls even lower than had been hoped. Granting that the estimate of $140,000,000 for the construction of the canal is accurate, the remuneration of the Oliver-Bangs combination would be $9,450,000 were it awarded the contract. The tenders ranged from 6.75 per cent. to 28 per cent. There were four bids. Mr. Bangs was the contractor for the Soo lock.

Railways Boost Wages.

Chicago, Jan. 14.—Western railroads Saturday decided to grant increased wages to locomotive engineers, aggregating between $5,000,000 and $6,000,000 annually. The increase will affect about 18,000 engineers on all the railroads west of Chicago.

MILBURN'S HEART and NERVE PILLS

For Weak People Having Heart or Nerve Troubles.

SYMPTOMS

Palpitation of the Heart, Irregular or Skipped Beats, Dizzy Spells, Smothering Feeling, Shortness of Breath, Bluish Color of the Lips, Pain in the Region of the Heart, Thin Watery Blood, Cold Hands and Feet, Nervousness, Sleeplessness, etc.,

If you have any of these symptoms

MILBURN'S HEART AND NERVE PILLS

will bring the whole system into healthy action, and give power, force and vigor to every organ of the body thereby strengthening the weak heart and unstrung nerves.

Mrs. Harmon Dayball, Welland, Ont., writes: "I write to let you know what good Milburn's Heart and Nerve Pills have done for me.

For over three years I suffered with pains under my left breast and my nerves were completely unstrung. I purchased two boxes of your pills and before I had the first box finished I felt much better and now I am cured."

Price 50 cents per box or three boxes for $1.25 at all dealers or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PRESIDENT COULD NOT KNOW CONDITION

Clerks Tell of Position of Mr. G. R. R. Cockburn.

THE PRESIDENT ON TRIAL

More of the Ontario Bank Workings In Court—Witnesses Say It Would Have Taken Mr. Cockburn Days to Verify Accounts and It Was Practically Impossible For Him to Discover the Losses.

Toronto, Jan. 15.—The trial of George R. R. Cockburn, former president of the Ontario Bank, charged with signing false returns to the Government, began yesterday morning before Colonel Denison.

Colonel Denison read the information alleging that the defendant, G. R. R. Cockburn, did "wilfully sign false monthly returns of the Bank of Ontario for the use of the department at Ottawa." Mr. Cockburn elected to be tried summarily and pleaded not guilty.

"Of course I may send the case for trial," said Colonel Denison. "I am not bound to decide upon the evidence."

The first witness called was Frank H. Pope, who drew up some of the statements for the department at Ottawa. He told Acting Crown Attorney Bayley that he made up the Government returns in some of the months last year.

The magistrate had in his possession the statements signed by the defendant, during 1906, which were sent to Ottawa. His Worship asked the Crown Attorney how many would be used, and Mr. Bayley replied that he wished to have them all put in.

The witness identified the signature of G. R. R. Cockburn on the Government report of January last. He went over the report with Colonel Denison and pointed out that the item entered "current loans in Canada" contained moneys which should not have been placed under that heading. His evidence was largely a rehash of that given in the McGill case. He said that the sums sent to the brokers in New York were included under the "current loans" in the report. All the reports sent in to the Government last year contained the same error. The amount of the lost money sent to brokers and covered by that method in the statements grew steadily every month last year until the failure of the bank took place. The defendant signed all the reports.

"The deception was that the amounts were entered as current loans when they were really lost money," was the magistrate's summing up of the situation.

"When the president signed the statements, did he make any enquiries into them?" asked Mr. Bayley.

"He asked questions about the amounts which showed great differences."

"Could he have examined the books carefully and checked the inaccuracies?"

"He might have done so by examining the books thoroughly at the end of each month," replied Mr. Pope.

"Could he have assured himself that the statements were correct?"

"Not unless he was thoroughly conversant with banking systems."

"Could he have discovered those errors if he had desired to make sure that the report was correct?"

The witness said that the question was an involved one. He thought, however, that it would take an expert many days of careful enquiry to be sure that the figures were not false in some particular.

Mr. Pope said that there were only three men in the bank who could have told Mr. Cockburn that the entries were false. They were the witness, Mr. W. Chenoweth and Charles McGill, the general manager. Mr. Pope added, "Mr. Chenoweth and I knew that large items were being added to the current loans, but it took us some time to find if they represented anything."

"Have you any evidence that the defendant had any reason to suspect that the statements were incorrect?" enquired Col. Denison, and Mr. Pope replied in the negative.

To Mr. Frank Arnoldi, the witness said that the report was signed by the general manager and Mr. Chenoweth before being presented to Mr. Cockburn. The general manager could have no reason to refuse his signature.

Mr. Walter Chenoweth corroborated the evidence of the previous witness. He said that all the moneys sent to the New York brokers were bulked and placed under the heading, "Current accounts in Canada."

"Was that the easiest heading under which to work the accounts?" enquired the magistrate, and when the witness seemed to doubt, changed the form of the question. "Wouldn't it have been more difficult to find the error under that heading?"

Mr. Chenoweth thought that was the case. He also was of the opinion that it would be difficult for Mr. Cockburn to verify the amounts in the reports. He would have had to write to the various firms mentioned in the accounts in order to be absolutely sure that all the figures were correct.

"Then you think it is an impossibility for any one man going over the statement to be sure that it contained no false entries?" enquired the magistrate. The witness said that was his opinion.

"So the man who put in the incorrect returns was the only one in a position to know the Government would be deceived?" A.—"Yes."

The witness told Mr. Arnoldi that the general manager could be the only one aware that the reports were not correct.

"So the general manager must be absolutely trustworthy?" A.—"Yes."

"If the general manager has absolute responsibility, what is the value of the board of directors?" enquired Mr. Bayley.

The counsel for the defence objected to this question, and suggested that the acting Crown Attorney was making light of an important matter.

Col. Denison took the witness again and asked when he suspected that things were not right. Mr. Chenoweth replied that he and Mr. Pope were anxious regarding the affairs of the bank for about a year. They saw large sums of money going out to the New York brokers and nothing appeared to be coming in. They were not in a position to ascertain whether Mr. McGill had securities for the cash, though the accounts appeared to be dead ones. In August last, Mr. Pope took action and brought the matter to the attention of the board. Even then however, he could not be certain that no securities existed. Investigation was necessary to find out how things stood.

Mr. Bayley asked if the defendant received a salary and Mr. Chenoweth said that he did.

"What was the amount of it?" A.—"$4,000."

"That may be important in considering the legal aspect of the case," remarked Mr. Bayley.

The acting Crown Attorney said that he had no further witnesses in court. He would have to bring Caldwell, the bank inspector, from Ottawa, and also wished to call G. W. Yarker. He might require a Government official to identify the reports.

Mr. Frank Arnoldi expressed himself as willing to admit the reports, so as to prevent further delay. Col. Denison allowed the case to stand over until this morning. He said that after hearing the other witnesses it would be necessary to go very carefully into the law bearing on the matter ,and consider the legal aspects of the case.

TRIED TO KILL CHILDREN.

Woodstock Woman's Strange Assault —Mind Will Be Examined.

Woodstock, Jan. 15.—Mrs. Elmira Bates, a washerwoman, was in the police court yesterday morning charged with assaulting with intent to kill her two children, Hattie and William, both in their teens.

According to the story, told by the children, the mother made an attempt upon their lives early Sunday morning. The mother arose and securing a hatchet struck her sleeping daughter on the head. The girl was not rendered unconscious, and when she taxed her mother with striking her the mother denied it, although she had the hatchet in her hand. The girl went into another room and found her brother unconscious with a gash on the head.

In the morning a doctor was called in and dressed the wounds of both. Yesterday the doctor swore that the blows were inflicted, probably by a hatchet, and the blows came very near being sufficient to cause death. The children declared they were unable to say what caused the mother to make the attempt upon their lives.

Mrs. Bates was remanded to jail for examination as to her sanity. The daughter is employed at the Hotel Oxford.

May Face Serious Charge.

Windsor, Jan. 15.—A French-Canadian named Baillarson may face a charge of murder. His wife died yesterday as a result, it is alleged, of continued abuse and ill-treatment.

PEACE AIDED BY LABOR.

General Arbitration Treaty and Other Peace Reforms Wanted.

Logansport, Ind., Jan. 15.—A move for a general arbitration treaty, a periodic world assembly, impartial investigation of all difficulties before hostilities are engaged in by nations, and the immunity of private property at sea in time of war was initiated by Samuel Gompers, president of the American Federation of Labor yesterday.

Following a resolution adopted by the federation recently he submitted to all branches of the organization an urgent request to secure from the local Congressmen immediate expression as to their sympathy with this movement.

"The trade union movement from its inception," declared President Gompers, "has been opposed to war, its brunt falling upon the working people. While it may not be practical to ask immediate disarmament of all countries, the time demands that the extraordinary increase in armed naval and military forces be restricted."

Introduced Shorthand In U.S.

Boston, Mass., Jan. 15.—Oliver Dyer, who is said to have introduced stenography into the United States, and who was the first shorthand reporter in the United States Senate died in this city Sunday, at the age of 83 years.

PLAN TO DEBAUCH THE PEOPLE

Chief Characteristic of Russia's Big New Budget.

SAYS THE BOURSE GAZETTE

Government Gets $50,000,000 From Vodka, But Spends Only Three Millions for Education—A Very Large Deficit Shown In Provisional Budget, and Loan Must Be Floated For $120,100,000.

St. Petersburg, Jan. 15.—The provisional budget for 1907, showing that it will again be necessary to resort to credit operations to balance the deficit of $120,100,000 between the estimated receipts and expenditures, is attacked by the Russian press on all sides. Only The Novoe Vremya is silent. Radical papers devote their attention to the political features.

The Bourse Gazette strongly criticizes the budget's figures, declaring that the deficit is almost $250,000,000, adding that reliance on the old system of "debauching the people with alcohol instead of developing the economic resources of the country" is the chief characteristic of the new budget.

Continuing, the newspaper points out that the only good showing made is in the increase of the revenue from the Vodka monopoly, from which $52,000,000 more than in 1906 is expected, and contrasts this sum with the $2,750,000 appropriated for the institution of universal education, appearing for the first time in a Russian budget. The slight excess of the ordinary income over the expenditures is unsatisfactory because of the always expectable unforeseen expenses.

Must Be Remorseless.

"Provisions for the payment of the war expenses and famine relief," the newspaper adds, "cannot be avoided, but Parliament must use the pruning shears remorselessly on other items and cut every possible copeck in order to reduce the loan.

"The published statements include two distinct sets of figures: First, the yearly calculation of expenditures based on the preceding budget, in addition to the unavoidable new expenditures, for which temporary monthly credits are assigned until the convocation of Parliament; second, the preliminary estimates to regulate the budget of 1907, which will be effective after the approval of Parliament, with retroactive effect for the elapsed months. Parliament has the power to modify the various items. The Liberals certainly will attempt to cut the increased sums assigned for the maintenance of the police and other instruments of repression."

Causes Surprise.

The statement regarding the necessity for a new loan caused surprise on account of the repeated semi-official declarations that a deficit was not contemplated in the new budget, but it is now explained that this referred to the regular and not to the extraordinary receipts and expenditure. The deficit is almost exactly half that foreseen in 1906, amounting to $240,500,000.

The full estimates of the regular budget are not published, but among credits is $1,500,000 for the construction of the first section of the Amur Railroad, from Stretinsk to Pokrovsk, which is considered to be an immediate strategic necessity in view of the situation in the far east.

The Emperor's rescript to Premier Stolypin thanking him and the members of his ministry for their services, is designed to settle definitely the periodically revived rumors of the Premier's removal before the assembling of the new Parliament.

Police Battles Nightly.

St. Petersburg, Jan. 15.—The police are having almost nightly battles with terrorists and fighting legion organizations of the revolutionists.

Sunday night there were two affrays, in which the police had one man killed and a lieutenant, a sergeant and a patrolman wounded. Ten members of the fighting legion were captured.

The most serious affair occurred in the centre of the respectable residence quarter on Basil Island. A detachment of police, which attempted to storm a suspected dwelling, was met with continuous volleys from revolvers and rifles, and was finally compelled to withdraw with the loss of three men. A force of infantry was summoned, and after several volleys the revolutionists surrendered.

An attack on a house occupied by revolutionists on St. Petersburg Island was repulsed. A policeman was wounded, and the garrison escaped in the darkness before the arrival of the troops, which had been summoned.

FORGERIES AGGREGATE $50,000.

Union Bank At Winnipeg Deluged With Forged Paper.

Winnipeg, Jan. 15.—Mysterious drafts and cheques drawn by George Blake and Charles Love and aggregating $50,000, have been pouring in on the Winnipeg branch of the Union Bank during the past six weeks from various parts of Canada.

Both signatures are apparently in the same handwriting, and the bank officials believe the forgeries are the work of one daring criminal.

Some of the paper has been cashed, but the bulk of it has not, so far as is known here.

One cheque was dated from Lenore, Man., and another from Frobisher, Sask. The police have the matter in hand now.

Women For Canada.

London, Jan. 15.—Mrs. Simpson Hayes of the staff of The Manitoba Free Press has been two months recruiting women emigrants for Canada. She has interview over a hundred, many of whom have gone to Canada, and others have declared their intention to do so in the spring.

Carnegie's Assessment.

New York, Jan. 15.—Andrew Carnegie will be the heaviest personal taxpayer in New York if the list of assessments made public yesterday is not amended. The value of his personal property is fixed at $5,000,000, and that of John D. Rockefeller at

Government Will Appeal.

Toronto, Jan. 15.—The Government will appeal the succession duties decision in connection with the Woodruff estate at St. Catharines. In the inventory the executors failed to include the homestead at St. Catharines, and $600,000 worth of stocks and bonds held in New York. Justice Falconbridge decided against the estate in respect of the homestead and against the Government in respect of the New York securities. The Government will test the latter point.

No Work In Transvaal.

London, Jan. 15.—The Canadian Associated Press understands that the Government of the Transvaal has cabled to the Colonial Office that a large number of men are walking the streets of Johannesburg and Pretoria unable to obtain work, and has suggested that Lord Strathcona be communicated with as to whether the Canadian Government would pay a portion of these men's fares to Canada.

Fraud Is Alleged.

Toronto, Jan. 15.—Alfred Howarth, who hails from Great Britain, has been arrested on the charge of attempting to obtain money by fraud. He is said to have received over 300 answers to an advertisement for a position he assumed to fill, to which he in turn replied requesting 50 cents for a booking fee.

For a Trip Around the World.

Galt, Jan. 15.—Last night Robert MacGregor, Sr., of MacGregor, Gourlay Co., Miss Kate MacGregor, Miss Steele of Dundas and Ward Sutherland of London, started on a trip around the world, and will be gone nine months or a year.

Thieves Operate At Belleville.

Belleville, Jan. 15.—Plunder to the extent of $400 or $500 was Sunday night secured by burglars, who at churchtime broke into the houses of Ald. Ackerman and J. M. Hurley, fishery inspector, and ex-M.P. Both families were at church.

Stead Visits King Victor.

Rome, Jan. 15.—King Victor Emmanuel yesterday received W. T. Stead in private audience and expressed himself as being heartily in accord with the latter's pacific mission.

PETERBOROUGH TUESDAY JANUARY 15 1907

The City Council Selects Standing Committees To Act During 1907 At Last Night's Meeting

The Committees Are Formed to Carry on the Work of the Council for the Present Year.

THE PERSONNEL DECIDED ON

At the meeting of the Council last night the report of the committee of the whole in reference to the personnel of the Standing Committees for the year was carried. As will be seen each committee will consist of four men. Following are the committees:—

Board of Works — Ald. Duncan, chairman, Ald. Wilson, Johnston and McIntyre.

Fire, Water and Light—Ald. Johnston, chairman, Ald. Duncan, Balk and Leary.

Manufacturers' Committee, (Railways and Franchises)—Ald. Morrow, chairman, Ald. Tovey, Bradburn and Elliott.

Finance, (Printing and Licenses)—Ald. Tovey, chairman, Ald. Morrow, Bradburn and Phelan.

Property, (Market Building and Health)—Ald. McIntyre, chairman, Ald. Elliott, Ball and Stevenson.

Legal, (Reception, Legislation, Joint with County)—Ald. Phelan, chairman, Ald. Stevenson, Wilson and Leary.

SHOULD HELP FAIR IF THEY WANT DAIRY SHOW

Both the Prospects Should Receive Hearty Support of the Citizens

"PROGRESSIVE" WRITES A LETTER

To the Editor of the Examiner.—

Sir, — I see by the published statements in the papers that there is a prospect of securing the National Dairy Show for the city and county, which would be a great factor in advertising us as a business centre.

No doubt Guelph and Ottawa have received great benefits both directly and indirectly, from the holding of the Fat Stock Shows in their cities; not only in our own land, but in other countries.

Thousands of strangers who have visited these shows have gone away to their homes extolling the excellence of the products shown, and the great possibilities of Canada. These people are a living testimonial to our greatness in an agricultural country. Now, we think that each one should have a good word for the Dairy Show, and back up those who are trying to secure it before it passes by our doors, as other places are after it. Now, while we speak thus of the National Dairy Show, we do not want to lose sight of the fact that we have another show that requires our attention — the Peterborough Central or Industrial. We want to call the attention of our people to the fact that to-morrow—January 16th—at 1 p.m. the annual meeting takes place at the city council chambers, and if the people do not turn out to help the officers or elect new ones, we will very likely have no fall fair, and that would not harmonize well with our efforts to get the Dairy Show. Our opinion is that we should have a large representative turn out to see what is to be done as the prospects of the dairy show could be very well discussed at the meeting to-morrow for the reason, if we let our show drop now, we cannot revive it again within twenty miles of another show. We would again ask all to be present.

Yours truly,
PROGRESSIVE.

The appeal of the writer of the above letter should not fall upon deaf ears. With the lapsing of our Central Exhibition a corresponding injury would be done to the good name of Peterborough, one of the best and most progressive of Canadian cities, set in the midst of one of the best agricultural, dairying and stock breeding districts of Canada. If any place in Ontario should have a good and creditible exhibition, it should be Peterborough. All that is needed is for those concerned to take action. A good time to take action is to attend the annual meeting of the Peterborough Industrial to be held in the city council chambers to-morrow at one o'clock. Two birds can be killed with one stone. New life can be given the Central Exhibition, and a fillip can also be given to the proposed Dairy Show—something well worth striving for.

PEAT FUEL COMPANY PROSPECTS ARE BRIGHT

Annual Meeting of Shareholders Was Held Yesterday—Officers Elected for the Coming Year

THE INDUSTRY ON GOOD FOOTING

The future of peat fuel, according to the information gained at the annual meeting of the shareholders of the Condensed Peat Fuel Company, which was held yesterday afternoon, is a very bright one. At the meeting yesterday a letter was read showing that a gas produ " plant in England is driving a thousand horse power engine at a consumption of only 2 1-2 pounds per horse power per hour. At this rate Niagara Falls power, even at the low cost of production is beaten.

The annual statement covering the operations of the Company during the past year was submitted at the meeting yesterday, and showed substantial progress.

The election of directors resulted in the re-election of the retiring board, with the exception of Mr. Sadler, who is away from the city, in Cobalt, and whose place was filled by Mr. F. J. Jameson.

The new board is composed of the following gentlemen:—

President—D. H. Moore.
Vice-President—G M Roger.
Sec.-Treasurer—F J Jameson.
Managing Director—E V Moore.
Director—A L Davis.

The managing director received a most cordial and hearty vote of thanks and congratulations for his perseverance and ability in bringing this new industry into such a successful condition in the face of the many setbacks and almost insurmountable obstacles that have presented themselves in the progress of manufacturing this fuel.

Information was given showing that this industry is still the centre of much interest. Tests of this peat have shown that a ton will produce 10,000 feet of first class heating or lighting gas and over 600 lbs of charcoal, besides the tar and other by-products.

The prospects for the fuel are very bright and it is fully expected that the cost of production for the coming season will enable the Company to sell it somewhat cheaper next year.

LAW ASSOCIATION WILL LOSE MEMBER

Annual Meeting Held Last Night When New Officers were Elected

The annual meeting of the Peterborough Law Association was held last night in the office of Roger, Bennet & Goodwill, Water street. The reports of the Secretary and Treasurer were read followed by the election of officers. During the meeting Mr. R. M. Dennistoun, who has been a member of the Association for a long time announced that he was making arrangements to leave for Winnipeg in April next and to continue the practice of law there. His announcement was received with great surprise by many.

Mr. Dennistoun is the local representative teacher of the Law Society At Osgoode Hall and if he leaves Peterborough will no doubt be greatly missed.

The new officers elected last night were:—

President—E A Peck.
Vice-President—L M Hayes.
Secretary—J W Bennet.
Treasurer—F D Kerr.
Executive Committee—W. H. Moore, D. O'Connell.

YOUNG CONSERVATIVES TO HOLD A SMOKER

Mr. Peter Gardiner will Lecture on Lord Beaconsfield

The Young Conservatives will hold another "smoker" in their rooms on Thursday evening of this week. Mr. Peter Gardiner will deliver an address on Lord Beaconsfield, and, judging from similar events in the past, Thursday night's lecture should be very entertaining. These smokers have proved very successful, and the Young Conservative Club has provided many pleasant evenings during the season. The addresses have been delivered by prominent men and have been educating as well as interesting. A musical programme will be provided. Mr. Firth is to sing "True to Death," and "The Veterans," and instrumental selections will also be given.

APPOINTS COMMITTEE TO DEAL WITH ELECTRIC LIGHT CO'S PROPOSAL

The City Council at its meeting last night decided to appoint a special committee to deal with the offer of the Peterborough Light and Power Co., to dispose of its business to the city. This was the suggestion of Mayor McWilliams, who thought that more satisfactory work could be done by a small committee. It was moved by Ald. Morrow, seconded by Ald. Phelan that this committee consist of Ald. Stevenson and Ald. Bradburn, and the motion was carried.

MANY WOULD TAKE THE HANGMAN'S JOB

Macri Paid penalty of the Law at Winnipeg This Morning

Winnipeg, Jan. 15.—Macri, the Italian, was hanged in the yard at the Provincial Jail here this morning at 9 o'clock, for the murder of a fellow countryman named Romanelli, on Yonge street, this city, last spring, the final appeal for a reprieve having failed. So far as can be learned, Macri until the last denied having caused the death of Romanelli. The sheriff had a score of applications to fill the hangman's job.

BETTER QUARTERS FOR THE PUBLIC LIBRARY

A "Member" Points Out Necessity for Improvement in This Respect

To the Editor of The Examiner.

Dear Sir,—One clause in the report of the Board of Management of the Public Library that should receive special attention during the coming year is that of more appropriate quarters. During the past year efforts have been made to secure a better building, but the expenses have never been far behind the receipts, so that in this way it is almost an impossibility to secure quarters.

There are many people in this city who would be members if the building was better located and occupied a more prominent position. It is safe to say that there are many who do not know where the Library is situated. It would be an excellent idea to begin a movement for securing more handsome and larger rooms.

Another matter for consideration is the disposal of many of the time-worn volumes with which the shelves are stocked. There are many books which are a disgrace to the Library, and something should be done by the new Board to either replace them, or at least, get rid of them in some way. The members would surely appreciate some radical movement along these lines, and there is no doubt that the membership would be largely increased.

Yours truly,
A MEMBER.

MR. HARAY EYRES HOME FROM THE WEST

Here on a Visit—On the Civil Engineering Staff of the C. P. R.

Mr. Harry Eyres, who for the past three years has been in the Northwest, returned to the city on a visit on Sunday morning. Mr. Eyres is in the employ of the C. P. R. in the civil engineering department and is located at Calgary. His duties are chiefly in the vicinity of that city, but the many distance from Calgary keep the large staff very busy. Mr. Eyres was a pupil at the local Collegiate Institute, but finished his course in Calgary. He speaks very highly of the opportunities for the worthy in the West, and considers that even better chances are in store. Mr. Eyres will return to Calgary to resume his duties in the course of a week.

PRICE OF HOGS AGAIN TAKES SUDDEN RAISE

Are Now Selling at $6.60 per Cwt.—Hay Plentiful To-day

The hay and wood market was a little more brisk than usual this morning. Before 10 o'clock there were a dozen loads of the former offered for sale and also a large quantity of wood. Hay is now selling at from $13.00 to $14.00 per ton.

Hogs have taken another raise in price and the local buyers are now paying $6.60 per cwt. for selects.

Special Reports Of The Game

To-morrow night's game in Toronto between the Marlboro and Peterborough teams promises to be a good contest. It is probable that a number of supporters will accompany the team to the Queen City, while those who remain home and who are interested in the game will be able to learn of its progress at the Brock Street Rink, the management of which has engaged a special wire service between the Mutual Street Rink, Toronto, and the rink here, and the game will be reported as it progresses. Each goal scored will be recorded, and special features will be bulletined. In addition to this attraction, the 57th Band has been engaged for this rink for to-morrow night.

TO LEAVE THE CITY

MR. R. M. DENNISTOUN,
Who Will Probably Leave the City in a Few Months for Winnipeg

KEENE SOCIETY ELECTS 1907 OFFICERS

Annual Meeting of the Otonabee Agricultural Society Held

Keene, Jan. 15.—At the annual meeting of the Otonabee Agricultural Society held in this village on Wednesday last, the following officers were elected for the present year:—

President—Robert Humphries.
Vice-President—Peter Drummond
2nd Vice-President—J. Smithson.
Sec.-Treasurer—Andrew Shearer.
Auditors—James McNeil and J C Read.

Board of Directors—R A Nelson, A Wood, J J Moore, W J Miller, Gilbert Howson, Walter Renwick, (Jr.) Alex Stewart, W W Shearer, W B Stewart, William Drummond, John Throop, John Lang, J H Fife, Robt. Weir.

REAL ESTATE NOTICE

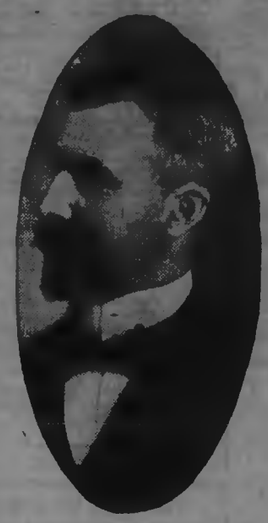
C. Blewett is better prepared to meet the wants of his customers than before, having a large list of farms and city property to choose from. He will do all in his power to suit the wants of his many customers and guarantees satisfaction. Anyone having property to dispose of will do well to see him about it, and if anyone is thinking of buying, his office is the place to call.

Mr. Blewett wishes through this medium to thank his customers for the confidence they have reposed in him in the past, and desires to ask for a share of their business in the future. His office is 406 George street, in room No. 17, the Federal Life Insurance Company's office, the telephone number is 541. 1dw

Bad Attack of La Grippe

"A year ago I had a bad attack of la grippe and all the doctors' prescriptions proved of no avail. I was told to try Dr. Chase's Syrup of Linseed and Turpentine, and found it a great blessing as it thoroughly cured me. I told the doctor that I intended to recommend it to all my friends." — Mrs. R. Hutton, 12 Claremont street, Toronto.

PEAT FUEL



MR. D. H. MOORE,
Re-elected Yesterday President of the Condensed Peat Fuel Company

MR. DENNISTOUN LEAVING PETERBOROUGH

Making Plans to Go to Winnipeg in April Next

A report was circulated last evening of the proposed departure from the city of Mr. R. M. Dennistoun and family to Winnipeg in April next. An Examiner reporter called on Mr. Dennistoun this morning at his office, and on being asked whether the rumour was true, he replied that he was making plans to commence law practice in Winnipeg in April next.

Mr. Dennistoun did not, however, wish to make any definite statement regarding his departure, as the time betwee nnow and April was long enough to make changes in his plans quite possible. He regretted very much to sever his associations with Peterborough, but on considering the fact that his family consisted entirely of boys who were fast growing up, he believed he could place them better in the West than in Ontario.

T. A. S. SOCIAL CLUB TO PLAY AT FORTY-FIVES

Social Club from Ennismore with Rev. Father Fitzpatrick at T. A. S. Rooms

The T. A. S. Social Club will be the hosts at a friendly social to be held on Wednesday, January 16, when Rev. Father Fitzpatrick's Social Club will meet them in a game of forty-fives. Not long ago the T. A. S. Club were hospitably entertained in Ennismore, and the Total Abstinence men intend to do all they can to make the evening a great success.

WEDDING BELLS

KINGSBURY--LAKE

At the home of the bride's mother, Mrs. Cyrus Lake, Moxeow, Wednesday noon, December 19, was the scene of a pretty wedding when her daughter, Myrtle Adella, was united in the holy bonds of matrimony to Mr. LeRoy Kingsbury, of Peterborough. The home was beautifully decorated for the occasion with evergreens, cut flowers and holly. After the ceremony, which was performed by the Rev. Mr. Farnaworth, the happy couple and friends sat down to a bountiful repast which was thoroughly enjoyed by all. The bride was handsomely attired in a beautiful costume of cream Bedfordienne, and her travelling suit was of blue cloth, and white hat. They took the 3 o'clock train for Toronto and western points, amid showers of rice and good wishes of their many friends. Mr. Kingsbury is a prosperous young man of Peterborough, and after the Christmas holidays they will take up residence there.—Napanee Beaver.

Merry-Makers' Pleasure Was Marred By Painful Accident

An unfortunate accident occurred in Otonabee last night which marred to a great extent the happiness of a merry company of young people who were out to spend the evening. A party was held at the home of Mr. Greystock, near Drummond Station, and just as a sleigh load of the young people were leaving, Miss Jennie Dixon, a daughter of Mr. John Dixon, of Drummond Station, was the victim of a painful accident. She jumped on the rear of the sleigh which slewed on the slippery road against a tree, jamming her leg between the two.

The injury was a very painful one, and on arriving at her home, Miss Dixon had to be carried into the house. Medical assistance was summoned to-day, but no intelligence as to the seriousness of the injuries are available.

THE MODERN MAN AND HIS ATTITUDE ON THE MARRIAGE QUESTION

BUFFALO HAD 300 DIVORCE CASES IN ONE SINGLE YEAR

Examiner Special.

Buffalo, Jan. 15.—Increase of divorces in Buffalo within the last ten years, according to the Rev. Dr. Helms, is so great as to shock every lover of a home and to threaten the foundations of civilization. He finds that the number granted last year in the city were about 300, to say nothing of the number of Buffalo people who went elsewhere to have the matrimonial ties severed.

Home life in America, he declares, is being sapped by our lax divorce laws and points to the great number of divorces granted in the United States compared with all the other countries of the earth. Mr. Helms argues for adoption of the English law which he believes would induce candidates for marriage to undertake the relation with greater caution and seriousness as to its responsibilities.

Some Men Tell Why They Are Over 25 and Are Still Unmarried — Many Treat it as a Joke

LAY BLAME ON THE WOMEN

"Christian Young Man" Gives His Views on the Situation — Some Interesting Expressions of Opinion

"Will you tell me why it is that more men over 25 years do not marry?" asked The Examiner today of a young man who was over that age, had good business prospects and was still unmarried. His reply was, to say the least, an interesting one. Whether it was characteristic of the young men of to-day The Examiner is unable to say. This is it:

"Personally," he said, "many times and oft have I thought I should like to be married, and the fact that I am not is due, probably, to my realization of the fact that I should want to be married just as badly in a short time to someone else. I get these spells often, but I am always all right in the morning."

It is to be hoped that the young men in this city take a more serious view of life than the one quoted above. Perhaps, however, he represents a class which has many followers in this and other cities, men who do not take life very seriously and who look upon their relations with the members of the fair sex in the nature of a joke.

Some letters from young men are published to-day on this subject, and it is a significant fact that the majority of them apparently lay the blame for their present condition upon the women. Is this quite fair? Should not the men shoulder at least a share of the responsibility?

Probably if the women were asked they would reply that there are few men whom they would care to marry. So there you are. When it comes to taking up seriously the business of life, it seems as if the sexes are growing farther apart, instead of closer together.

It would almost seem that many persons are regarding marriage with a sort of suspicion. In a recent sermon on the question, Rev. Dr. Helms, of Buffalo, is reported as having said:

"It is conceded that thousands of married people live unhappily. Such people usually have been hypnotized by a smile, caught by a curl or get married just for fun. But give us a law that will teach people that marriage is a serious question; teach them that it is a through express train which stops only at death; that it will not stop at every flag station to let some people off and others on. Let it be known beforehand that the marriage bonds are meant to stand forever, and people will be more careful in undertaking them."

Some interesting letters on the question, "Why do not men over 25 marry?" are published to-day. Others are invited to contribute their views on what is apparently an interesting subject.

Perhaps some of the members of the fair sex have some views on the subject which would be of interest, and in any case they are included in the invitation to write on it.

Make your letters short and to the point.

SHELTER FOR CARTERS WAS DISCUSSED

Ald. Johnston Thought That Something Should be Done for Draymen

At last night's meeting of the City Council Ald. Johnston once more brought up the matter of providing some shelter for the carters of the city. The subject has been up more than once, but no action has been taken.

Ald. Johnston, in introducing the matter said that the men had no place except the street corners to wait until they were wanted, which was an inconvenience to the merchants. He thought the council should find some place in the central portion of the city.

Ald Tovey said that the suggestion had been made that an old rail-railway car should be secured and heated for the benefit of the men. The cost would not be much.

Ald. Wilson suggested that the store room at the rear of the old fire hall should be used for that purpose. A telephone might be installed.

Ald Leary pointed out that there were two companies who did a great deal of carting and he did not think it fair to them who provided a shelter, telephone, etc., for their men, to have the city provide these things for other men.

The matter was referred to the Property Committee.

DIGGER TOO LARGE FOR LOCKS BRIDGE

Has to be Taken to Drummond Station by Way of Hunter Street Bridge

The Lakefield Cement Company are rapidly moving their clay digging apparatus from Lily Lake to Drummond's station, Otonabee, where they have found a new field of labour. The last of the big digger is now on the way. Formerly the various loads went by way of the Locks bridge and Downer's Corners, but the last part of the machine was too heavy to cross the swing, so that it was taken by way of the Hunter street bridge.

The work of the construction of the siding at Drummond's station is now at a standstill as the present weather is no favourable to going on with the work.

MONTREAL MAN HERE ON VISIT TO FRIENDS

Was Formerly Proprietor of Restaurant on George Street

Mr. A. D Towle, formerly proprietor of a George street restaurant, and now of Montreal, is here on a short visit. Mr. Towle is one of two proprietors of a penny arcade on St. Catharine street, there, and is doing a good business. Above the automatic vaudeville, the proprietors run a moving picture show, and in summer they have an arcade running in the Dominion Park.

Mr. Towle, who is familiarly known as "Pop" to his many Peterborough, is kept busy shaking hands with a host of Peterborough acquaintances, who are pleased to hear of his success.

DON'T WANT TO, BUT IS AFRAID HE MAY YET HAVE TO BE MARRIED

To the Editor of the Examiner,—

Dear Sir, — I note your request to men over twenty-five to give their reasons for not being married. In my case that's easy. The truth of the matter is that I am afraid to tackle the job. Not that I have not considered the matter, and—if the truth must be told — have on occasions, envied the man who had a nice home and a nicer wife, but for me I guess not.

I do not think that I am particularly hard to please, and I am certain that there are plenty of young ladies in Peterborough who would make good wives for any young man—lots of them too good for the men, if the truth must be told—but honestly, I am afraid to enter upon the sea of matrimony when I do not know where I may land up at.

I talk to some men who are mar-

(Continued on 8th page.)

WANT AND REAL ESTATE ADS.

Get In The Best And Be In It Always

Male And Female Help

Can be quickly supplied by using EXAMINER WANT ADS. They bring speedy answers and are dependable for first-class help.

HIBERNIANS ARE ANGRY AT FRANCE

Pass Resolution Not to Purchase Goods of French Manufacture

Montreal, Jan. 14.—The directors of the Ancient Order of Hibernians for this country have unanimously passed a resolution setting forth their abhorrence of the treatment accorded the Catholic Church and Catholic institutions in France, their profound sympathy with the Pope in his struggle to maintain the rights of Catholics and their fellow feeling for the Catholics of France, which has existed between the two nationalities through years of struggle.

To give practical effect to their resolution it was further resolved not purchase goods of French origin and manufacture until the objectionable law was repealed and the Catholics in France accorded the same freedom that they possess in the United States and Canada.

The Hibernians have a membership of 350,000 in the United States and Canada, and this county lodge represents some 50,000 Irish Catholics in the city of Montreal.

Copies of the resolution were sent to Premier Clemenceau of France.

THE BANK OF COMMERCE

In other columns will be found an elaborate report of the annual meeting of one of our strongest financial institutions, the Canadian Bank of Commerce, so intimately associated with the expanding commerce and development of Canada. Its aggressive and enterprising methods are well matched with its financial stability. A reference to the report reveals the facts that the bank has a capital, paid-up, of ten millions and a rest fund of approximately five millions. The assets total one hundred and thirteen and a half millions and the deposits amount to over eight-seven millions. The fact of there being one hundred and thirteen agencies emphasizes the aggressive character of the bank's activities. Trade may follow the flag, but the Bank of Commerce is a close second. That such methods backed by sound and skilful management represent great growth is to be expected. In 1887 the paid-up capital of the Bank of Commerce was six millions; it is now ten millions. Twenty years ago its rest was $500,000; it is now five millions. In 1887 the net profits of the bank were $406,715; last year they were $1,741,125. Twenty years ago the note circulation amounted to $2,390,732, the note circulation is to-day $9,199,203; the current loans have grown from $15,361,180 in 1887 to $88,301,523 in 1907. The total assets have increased at a yearly average of nearly five millions, or from $19,574,094 to $113,545,960 since 1887. What gives local interest to the great growth and prosperity of the Bank of Commerce is the retirement of the presidency of Hon. Geo. A. Cox. He, however, has a worthy successor in Mr. Walker whose annual comments on the affairs of the bank and the financial, commercial and industrial conditions of the country, have the dignity and almost the authority of a national budget speech. With the assured position it has achieved, with a continuation of the excellent management that has prevailed, there is little risk in predicting as is wished, a prosperous future for the Canadian Bank of Commerce. Mr. D. Hughes Charles, the popular local manager, is entitled to share in the congratulations due to the management and shareholders of the Canadian Bank of Commerce on the splendid showing revealed by the annual report.

TWO VIEWS

The recent long-pending court decision giving the seat for Port Arthur in the Legislature to Mr. Preston, the Conservative candidate, evokes contrasting comment. The Ottawa Journal, (Conservative) says:

After two years at law, Mr. W. A. Preston, Conservative, secures the seat in Port Arthur in the Ontario Legislature, hitherto usurped by Mr. H. W. Kennedy, Liberal. The law costs are said to be $15,000. No doubt Mr. Kennedy will have to pay most of the amount. Still, Mr. Kennedy must undoubtedly be paying smartly, and there seems something wrong in legal conditions which henables a man to remain the successful theif of a seat in the Legislature for two years, and until an appeal it has spent several thousand dollars to get him out.

The Brockville Recorder, Liberal, thus refers to the circumstances:—

The Recorder understands that the technicality on which, after two years, the seat for Port Arthur in the Legislature, has been taken from the Liberal, is that he signed the certificates of agents in blank before the names were inserted, and all such votes for the Liberal were thrown out. There is not a member of any House in Canada, Dominion or Provincial, "Grit" or "Tory," who has not always done just as Mr. Kennedy did and it is an outrage, if the law be such, that it justifies the unseating of a man on so flimsy a pretext.

RAILWAY DEVELOPMENT IN CANADA

Mr. H. J. Pettypiece, ex-M.P.P., who has given a great deal of attention to taxation and kindred questions, recently read a most interesting paper before the Canadian Ticket Agents' Association, on "Railway Development in Canada." From this it appears that the number of steam railways in operation in Canada, on June 30th, 1905, was 194. About 39 of these have since been leased or amalgamated. The total mileage on that date was 20,600, which has since been largely increased. The total paid up capital of the railways in Canada has reached the stupendous sum of $1,300,000,000. The total amount of aid in grants, subsidies, etc., not including the Grand Trunk Pacific, amounts to $256,000,000. With the value of land grants added, this sum exceeds the national debt of Canada. During the year ending June 30, 1905, the Canadian roads carried 25,300,000 passengers, and 51,000,000 tons of freight. The gross earnings were over $106,000,000, and the net earnings were over $26,000,000. The rolling stock of railways in Canada is composed of about 3,000 locomotives, many of which are of the best and largest type; and about 100,000 cars of all kinds. It requires an army of 75,000 to operate our railways, not including those on works of construction. There are now under construction in Canada 1,500 miles of railway. The New York Mining Engineer states that the railways now being built and projected in Canada will keep 20,000 men employed for seven years, with more to follow.

This showing is certainly a remarkable one and it is worth noting that a United States authority estimates the number of railways now building or projected in Canada to be about the same as in the United States.

INDIA

Bystander.

Good judges seem to think that the political ferment in India, though it began before the development of Japan, has received an impetus from that quarter. The demands of the Hindoo are not, it seems, rising to the height of complete self-government. The concession of complete self-government on the part of the dominant race would be abdication. The Imperial power has probably gone in the way of political emancipation as far as it could safely go, and much further than any conqueror had gone before it. But Empire is Empire, and cannot be at once held and resigned, though it may be administered mildly and with regard to the interests of the conquered, as British Empire in India on the whole has unquestionably been. Of a national insurrection in India there is no danger; the population is too much divided by race, religion, language, and tradition. There is no formidable native power like that of the Sikhs. The rabble armies of native Rajahs would be of small account opposed to British troops, and their masters, as feudatories of the Empire, owe to its protection the security of their thrones. The artillery is all in British hands; so are the manufactories of ammunition. About the most serious feature of the situation, perhaps, is the union of agitation in India with Radicalism in England, which can hardly fail to embarrass the Government. But there seems no reason for apprehending any immediate revolution. Children of the Imperial race cannot be reared in Hindostan; that is the fatal fact which dooms British Empire in India, sooner of later to pass away. But the hour of doom has not yet struck.

EDITORIAL NOTES

A walking delegate has a stormy pathway in Mexico. President Diaz has chopped off the heads of seven "labour leaders," who were found guilty of inciting strikers to riot — a very practical form of strike.

The appointment of Hon. G. W. Ross as Senator represents the recognition of long and faithful service in the interests of Canada and of fitness for the duties of the office to which he has been called. His presence will add strength to the debating and deliberative forces of the country. As a member of the Dominion Parliament he gave yeoman service, as a member of the Government of Ontario he gave valuable service in the cause of education, as Premier he distinguished himself as an able leader, and to the Government of which he was the head, is to be credited the inauguration of the first province built and owned railway. It is to be hoped that he will be spared many years to give good service in the sphere in which his activities are concentrated for the rest of his life. His political life began in Ottawa and it is fitting that it should end there.

No one can discredit the courage and fighting qualities of the British people. Yet no nation on trifling provocation can so easily and quickly be infested with blue funk and national panic. The proposed tunnel between England and France develops the white feather with the greatest facility. It is regarded as a menace to national integrity, and an opening the way to disastrous invasion. There may be danger in this from the military point of view but it is difficult for a layman to see where the chance of invasion through a tunnel lies. Suppose an invading army were marching through the tunnel to gobble up England at the northern end, what is to prevent flooding the tunnel in a moment and drowning the invaders wholesale. This summary procedure might interrupt traffic in the tunnel, but it would stop the invasion and remove the danger of national extinction.

EXCURSION TICKETS ARE SELLING FAST

Secretary Graham Has 150 Reserved Seat Tickets for Sale

The manner in which tickets are selling for the hockey excursion to Toronto to-morrow indicates that a very big crowd will accompany the team to see them line-up against the Marlboros. Tickets are on sale at the Oriental, Sanderson's, Clarke's and "Mac's" Cigar Store. Mr. C. G. Graham, secretary of the local club has 150 reserved seat tickets which may be obtained from him at the Oriental.

CITY HOCKEY LEAGUE IMPORTANT MEETING

Will be Held at Y. M. C. A. To-night—Some of the Matters to be Discussed

To-night an important meeting of the Executive of the City Hockey League will be held in the Y.M.C.A., when some matters of vital interest to the League will be considered. The drafts which the senior team has made upon the ranks of the Charlotte Street team will, in all probability, be one of the matters for consideration at to-night's meeting.

CHAUCER ELLIOTT TO REFEREE THE CONTEST

Peterborough Team Will be the Same as in Game with Kingston

Chaucer Elliott, of Kingston, will referee the Big Peterborough-Marlboro game to-morrow night. The locals had a good practice last night and will be in fine fettle for the contest. They expect to give the Marlboros a good argument and the match will be well worth seeing. The Peterborough team will line up as follows:—

Goal—Lang.
Point—Glover.
Cover Point—Crowley.
Rover—Whitcroft.
Centre—Morgan.
Right wing—Moore.
Left wing—Miller.

The team will leave on the special excursion team at 4.45 p. m.

FIRST BIG DAY AT THE CURLING RINK

Orillia and Local Rinks Competing for Neill-Shepherd Trophy

The curling rink is to-day resounding with the hilarity of over 30 curlers competing for the ownership of the Neill-Shepherd trophy. The four rinks arrived from Orillia this morning and the games began shortly after dinner and at the time of going to press were still in progress. The following are the rinks playing here:—

Orillia.	Peterborough.
Rev. Mr. Dollard	R. Carton
H Hatley	W H Denham
E Hinds	T F Matthews
— Wade	W G Ferguson
F Hinds	H Rose
J K Hessey	J Gibson
D J Grant	W Talbot
E A Wakefield	W McIlroy
L Wilson	M Tooley
D A MacNab	A Blade
R R Cunningham	D Davidson
B F Stewart	Thos. Rutherford
Rev. Father Moyna	A L Talbot
G E Madden	J A Aylmer
G T Madden	S T Medd
T A Main	Geo. Giroux

FIRST TEAM ENTERED FOR MIDLAND LEAGUE

Already Association Football Players Are Getting Busy

To-day Dr. Morgan, president of the Quakers Football Club received a letter from Oshawa stating that a football club was being formed in the town, and that a team would be entered in the Midland Football League for the next season. They are taking time by the forelock in Oshawa.

CURLING

The first senior thirteen point game was played off yesterday between the two coal men J. E. Fitzgerald and Robt. Hicks. It was won by the former by 13 points to 8.

* * * *

The following schedule games were played last night at the curling rink:—

R J Winch	S J Stubbs
— Fulton	J R Smith
J A Cameron	J Gibson
W G Ferguson, 13.	H R H Kenner, 12
W F Johnston	J Montgomery
J A Aylmer	W M Lang
T Rutherford, 8.	D Hall, 15.
J D Collins	J H Ferguson
Dr. McCulloch	H Meredith
Dr. Greer, 16.	E. B. Clegg, 14
J Watson	R N Merritt
R Carton	A Blade
W J Henry	R Hicks
C Rutherford, 8.	C E Frost, 13.

* * * *

The scratch game at the rink last night resulted as follows:—

W R Read	H Rod
H Foote	H P Kennedy
T J Wallace	W D Campbell
J H Connal, 10	W Talbot, 8.

* * * *

The rinks that went to Orillia to-day to play for the Neill-Shepherd trophy were:—

W S Read	E B Stevenson
J Montgomery	T Brightman
W Thompson	R M Waddell
J H Connal	C N Brown

Transferred to Peterborough

—Mr. H.H. Gray, who has been in Orillia as Assistant Superintendent for the Metropolitan Life Insurance Company for about three years, has been transferred and assumes the position of Assistant Superintendent in this city.

Spiritual Stock Taking

—Rev. Dr. Crothers gave a very thoughtful and pointed address at the Men's Meeting at the Y. M. C. A. Sunday, on the subject of "Spiritual Stock-Taking." At the close of the address Mr. J. F. Thornton sang, "I Know He's Mine."

At Home

—On Wednesday evening, Jan. 23rd, an "At Home" under the auspices of The Ladies' Literary Society of St. Peter's T.A.S., will be held in their Assembly Hall. A pleasant time is anticipated and all are cordially invited. Admission 25 cents. 8d12

Cut Your Tailor Bills in Two

—You can—and will always present a good appearance—if you let me care for your clothes by the week or month. I press, clean, mend and alter. "My Valet," 381 1-2 George street (upstairs). Phone 575. C. Wesley.

Social

—Another "At Home" has been arranged for on Jan. 23rd. to take place in the T.A.S. rooms under the management of the Ladies' Literary Committee. In the past these socials have been very successful and the next one should be of greater success.

Free Extraction of Teeth

—No charge for painless extraction of teeth on Monday, Tuesday and Wednesday, from 9 to 12 o'clock a.m., by Dr. Alex. Robertson, who has opened an office upstairs, across the street from Adam Hall's. Somnoforme, the quickest, simplest and safest of all anaesthetics.

Return Game To-morrow

—The return game of forty-fives, between the Ennismore and St. Peter's T.A.S., will be played in the T.A.S. rooms, George street, to-morrow night. There will be seven tables and six players each, utilized. The ladies of the T.A.S. will prepare a little supper for the guests.

Mason's Union

—The Bricklayers' and Masons' Union will meet on Tuesday, Jan. 15th. Business of great importance will be taken up. The revised bylaws will be read the third time and other matters discussed. The newly elected officers will be installed. W. M. Stephens, Corresponding Secretary. 3

Horse Shot

—A valuable horse belonging to Mr. Jas. Rilly, of the Royal Hotel, had the misfortune of breaking its leg on Aylmer street to-day. The accident occurred at the telegraph pole yard between Dalhousie and Sherbrooke street. One of the poles in some manner fell upon its leg and broke it. The horse had to be shot later in the day.

PERSONAL MENTION

Mrs. Bradd will not receive to-morrow.

Miss Lilian Duff, of Indian River, was in the city to-day.

Township Clerk Drummond, of Keene, was in the city to-day.

Mrs. A. A. Cox, "Hillcrest," will receive to-morrow afternoon.

Mrs. F. Young, Young's Point, was a visitor in the city to-day.

Captain M. Green, of Keene, was in the city to-day on business.

Mr. H. LaBrun leaves this evening for Toronto on a business trip.

Captain P. J. Young, of Young's Point, is visiting friends in the city.

Miss Bertha Reid, Millbrook, is visiting her aunt, Mrs. Geo. Reid, Smith street.

Mr. Alex. Kearney, the Young's Point postmaster, was in the city to-day.

Mrs. Wm. E. Brooks, of South Beach Hotel, Clear Lake, was in the city to-day.

Mr. W. McFaul, of Hannaford, N.D., is visiting his grandmother, Mrs. W. Spilsbury, Perry street.

Mrs. L. L. Kennedy, (nee Miss Eva Bradd) and Mr. Kennedy will arrive in the city this evening.

Mrs. W. M. Johns, Cleveland, is home on a visit with her mother, Mrs. A. A. Cox, 19 Scott street.

Miss Mary McFaul, of Hannaford, N.D., is spending the winter with her aunt, Mrs. W. Jackson, Albert street.

Mrs. Armour, of Trent Bridge, has returned home after spending a few days with Mrs. Spilsbury, Perry street.

Mr. and Mrs. W. J. Cronson and Miss Eileen, of Tweed, spent Friday and Saturday at the home of Mrs. J. S. Moran, East City.

Mr. Walter Fitzgerald had charge last night of a pleasant sleighing party to Lakefield and return. There were about seventeen young people in the company, which reports a pleasant time skating at the Lakefield rink.

Fatigue From Poisons in Systen

AND GOOD HEALTH CAN ONLY RETURN WHEN THE BLOOD FILTERS, THE LIVER AND KIDNEYS, ARE SET RIGHT BY

DR. CHASE'S KIDNEY-LIVER PILLS.

Tired, languid feelings are the result of the accumulation of waste products in the system. On the failure of the liver and kidneys to remove these impurities the blood becomes filled with poisonous substances which instead of aiding the functions tend to arrest hem and give rise to pains in the limbs, backaches, headaches and tired, worn-out feelings.

There remains to be discovered a more prompt and effective means of enlivening and invigorating the action of the liver and kidneys than Dr. Chase's Kidney-Liver Pills. In fact this medicine is unique in its combined influence on the liver and kidneys and to this double action is attributed its extraordinary success in the cure of complicated diseases of these filtering organs.

Biliousness, headaches, indigestion, kidney disease and constipation are promptly and thoroughly cured by Dr. Chase's Kidney-Liver Pills and the whole system is cleansed of the foul impurities which result in disease and suffering.

Mr. John Gibeon, who is in the fish business in Port Hope, Ont., states: "In my business I do a great deal of driving over bad roads, and the constant jar of the rig, along with exposure to all sorts of weather, brought on kidney disease. I was in miserable health, and suffered a great deal with sharp pains in my back. I heard of Dr. Chase's Kidney-Liver Pills, and decided to try them. Before I had used all of the first box I felt better, and three boxes have entirely cured me. I am very glad of an opportunity to recommend Dr. Chase's Kidney-Liver Pills, for I have proven their wonderful control over kidney disease."

Dr. Chase's Kidney-Liver Pills succeed where ordinary kidney medicines fail, because of their direct and combined action on the liver and kidneys. This has been proven in thousands of cases of serious and complicated diseases of the kidneys.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.

MUSIC AND DRAMA

PITTSBURG ORCHESTRA

Arrangements are being made to have the Pittsburg Orchestra visit Peterborough. Their visit now depends only on the number of subscribers who agree to assist in bringing it here. Mr. Walter Stocker has been appointed the out-door canvasser and he is busily engaged in getting as many subscribers as possible. Another list is at the box office of the Grand Opera House and those who wish may sign their names there. Opportunities will be given for three days longer to those wishing to bring the celebrated orchestra to Peterborough and their coming now depends on the number of subscribers at the end of the three days' grace.

The New York Stock Market

Furnished by J. R. Heintz & Co.)

New York, Jan. 15.—The stock market was subjected to further pressure by the bear party this morning, but only a slight impression was made and a smart rally set in. Reading, selling ex-dividend, nearly recovered the dividend, while St. Paul, Union Pac. and Atchison were marked up without resistance.

The market continued quiet until after 2.15, when a fresh break in Northwestern, which carried it down seven points from last night's closing, caused the general market to turn weak and in a few minutes most of the early gains were lost. Amal. Copper was weak all day. The dividend meeting on this issue comes to-morrow, and from the tape one would judge that there would be no increase.

The market is apparently still held within trading limits, being a purchase when weak and a good sale whenever it has an upward turn. While the bulls may ultimately win out, we doubt it very much, and believe sales on rallies will show the best returns. The close was irregular and weak.

MARRIAGE QUESTION DISCUSSED

(Continued from page 7.)

ried, and in some cases their advice—when they are sure that their wives would not hear them—was don't do it, and I haven't.

What the future may hold for me, however, I do not know; and I am free to confess that I do not look at it with any degree of confidence. When one comes to look at it, there seems nothing left for one to do, but be get married, but, really, I don't want to.

Now, what am I to do?

BEFUDDLED.

"CHRISTIAN YOUNG MAN" SAYS RIGHT KIND OF GIRLS ARE HARD TO GET HERE

To the Editor of the Examiner,—

Sir, — I notice in the columns of the Examiner an article asking the question, "Why do young men over twenty-five not marry?", and I shall endeavour to give you my version of the question.

It is not because there are not enough girls in the city, as there are, I believe, five girls to every young man. But I base my reasons on these accounts: That there are not sufficient girls in the city who have the home training, which is most necessary to make them good housekeepers. We find, as almost everybody knows, that a large number are employed at different shops and factories, also as clerks in stores at a very young age instead of being at home helping their mothers, and learning something of house keeping which is most essential to every young woman after she is married. Then in many instances a great many young men spend all they make, and then to get married only makes matters worse. But, Mr. Editor, I hope I won't surprise you, when I make the assertion that these kind of young men are the ones the girls in a good many instances get, which, I might say, is no credit to them, whatever. I want to set these girls who may read this to thinking. Which is it best for them to have—an honest, upright, young man, who saves his money, or one who spends it as fast as he makes it? There are many young men, I am sure, right here in this beautiful city of Peterborough, who are most anxious to get married, provided they could get the right kind of a girl. We find there are many young girls who go to the opera house with their so-called attendants every night, thus relieving them of the money they need after they are married. Mr. Editor, what the young men—same as the writer—want, is good, honest Christian girls, who know something about housekeeping, not girls who are attending the theatre, or who are dancing at a ball to all hours of the morning, or girls we have to spend our evenings on in order to see them. We desire girls of the other class; but it seems they are the hardest to get.

I hope that I am not offending any girls who may read this, as I am not writing this for that purpose, as I am an admirer of the fair sex I write simply to show what kind of a wife the model, virtuous young man desires.

Yours very truly,

A CHRISTIAN YOUNG MAN.

Peterborough, Jan. 14, 1907.

To the Editor of the Examiner,—

Dear Sir, — In reply to your inquiry in Saturday's issue, "Why young men over 25 do not marry?" I might say that there are a number of reasons that I could give.

1. Because good wives are hard to get.
2. Girls are too extravagant.
3. Girls are taking the positions of men, at lower wages, instead of staying at home and learning home keeping. Good house keepers are few and far between.
4. If a man marries nowadays he has to hire another girl to do the work.

I think these are a few of the principal reasons why young men remain single.

Yours truly,

A. W.

Metropolitan Ins. Agent.

The opinion of the above young man, who is well known to local people, is very valuable, as during the pursuit of his business he has many opportunities of meeting with budding womanhood. Considering that from his daily experience he meets with so many young women, there should be much truth in his statements and the married of marriageables must not be very promising.

ONLY ONE FOR HIM

To the Editor of the Examiner,—

Sir, — The reason I am not married at 28 years of age is that the girl I would have chased over Icebergs and deserts to get gave me the callous palm when I asked her to marry me. She is the only girl in the world that I really loved, and now that she has passed me over, and cast in her lot for life with another, I am done for good with the fair sex. How can a man marry when the girl he loves best is already married.

NOTICE TO CONTRACTORS.

Sealed tenders addressed to the undersigned, marked on the envelope "Tenders for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of the 14th day of February, 1907, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, for the following sections of the Transcontinental Railway, viz.:—

(1) District "A."—From a point designated on the plans of the Commissioners at or near the City of Moncton, in the Province of New Brunswick, westerly for a distance of about 90 miles.

(2) District "A."—From a point designated on the plans of the Commissioners, at or near the town of Grand Falls, in the Province of New Brunswick, westerly to the boundary between the Provinces of New Brunswick and Quebec, a distance of about 43 miles.

(3) District "B."—From a point designated on the plans of the Commissioners, at or near the Quebec Bridge, easterly for a distance of about 150 miles.

(4) District "B."—From a point designated on the plans of the Commissioners about 180 miles west of the Quebec Bridge westerly to a point known as Weymontachene, a distance of about 45 miles.

(5) Districts "C" and "D."—From a point designated on the plans of the Commissioners about eight miles west of the Abitibi River crossing easterly for a distance of about 150 miles.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa; also in the offices of the District Engineers concerned, viz.:—Guy C. Dunn, St. John, N.B.; A. E. Doucet, Quebec, P. Q.; and S. R. Poulin, North Bay, Ont.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners.

A separate tender must be submitted for each section.

Tenderers shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners, and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required; and are understood to accept and agree to be bound by the terms and conditions contained in the form of contract, specifications, etc., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada payable to the order of the Commissioners of the Trans-continental Railway, as follows:—

For Section No. 1, District "A." $75,000.

For Section No. 2, District "A." $90,000.

For Section No. 3, District "B," $225,000.

For Section No. 4, District "B," $75,000.

For Section No. 5, Districts "C" and "D", $375,000.

Any person whose tender is accepted shall, within ten days after the acceptance thereof, furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of any party whose tender is accepted to complete and execute a contract with the said Commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract:—

"All mechanics, labourers or other persons who perform labour for the purposes of the construction of the works hereby contracted for shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labour, and which are or shall be applicable to such works." (The schedule of Minimum wages determined upon by said department will form part of the contract.)

"The contractor shall, in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply and upon as good terms in Canada as elsewhere, having regard to quality and price."

The contractor shall conform to the fire regulations adopted by the Commissioners; and also to the laws and regulations respecting fires in the different Provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

By order,

P. B. RYAN,

Secretary.

The Commissioners of the Transcontinental Railway,

Ottawa, Jan. 5th, 1907.

Newspapers inserting this advertisement without authority from the King's Printer will not be paid for it.

BUT FEW CHANGES IN PUBLIC LIBRARY BOARD

An Attempt to Form a New Board Was Defeated at Largely Attended Meeting Last Night

THE OLD BOARD STILL IN FAVOUR

The annual meeting of the Public Library Board, was held last night in the Ladies Reading Room. The attendance was exceptionally large, increased interest being shown this year over all past occasions. An opinion seemed to be prevalent that the old board should be removed, and a new one placed in charge. Some believed that a change was necessary as the old board have been in power so long that they thought that a change would be a decided benefit. The old board, however, are deserving of many compliments for having kept the library alive when the interest was at a very low ebb, and the finances not very encouraging.

The president, Dr. Burnham, called the meeting to order at 8 o'clock, and read the report of the Board of Management. Mention was made in it of the progress made during the past year. The membership has steadily grown, and the number of volumes in the library considerably increased. There were 222 new books purchased and added to the shelves, these making 10,616 volumes now on hand. During the past year 14,283 books have been issued to the members.

The reading rooms are liberally supplied with papers and magazines, and have been largely patronized by the members.

Following is a list of the books which have been added to the Library during the past year:

	Bkt.	In Lib.	Issued
History	32	724	912
Biography	2	719	250
Voyages and Travels	10	729	246
Science and art	1	718	195
Gen. Literature	79	2397	5238
Poetry and drama	0	252	119
Religious Literature	6	385	39
Fiction	66	2044	6152
Miscell	13	1168	1100
Reference	12	579	
Magazines	1	301	38

At the request of the executors of Mrs. Nicholls' estate, five trustees to accept and look after the legacy left by her in her will were appointed.

Mr. Peters, the librarian, was also mentioned, general regret being expressed that he was forced to retire from his position.

The report made mention of the inadequate quarters that are occupied at present, and the hope was expressed that this will soon be remedied. The directors have been making every effort to overcome this difficulty.

Dr. Burnham and Mr. L. M. Hayes moved the adoption of the report.

Secretary and Treasurer's Report.

Mr. John Crane presented the secretary-treasurer's repot, showing the finances to be in an apparently flourishing condition. It is however to be stated that when outstanding liabilities are met the credit balance will be pretty well wiped out.

Receipts	$1452 20
Payments	845 89
Bal. in Dominion Bank	606 31

Auditors were John Crane and A. Stevenson.

The report was adopted on motion of Mr. Corkery and Mr. Jas. English.

The next business was that of the election of directors.

It was moved by Mr. J. Butcher, seconded by Mr. J. Schneider, that the old board be re-elected.

Mr. D. Hughes Charles moved in amendment, that a new board be appointed to be made up of Messrs. J. H. Burnham, W. Pringle, Rev. Canon Davidson, H. D. Burnett, D. Walker, L. M. Hayes, — Might, Mrs. Kendry and Miss Halliday.

Scrutineers were appointed in the persons of Mr. L. M. Hayes and Mr. E. C. Elliott.

Directors Elected

The following are the figures of the balloting for directors:

Dr. Burnham, 54; D. Walker, 49; W. Pringle, 44; T. A. S. Hay, 39; W. H. Hill, 38; J. English, 36; J. Corkery, 34; Wm. Hamilton, 33; J. S. Knapman, 28; Miss Halliday, 21; Mrs Kendry, 23; J. H. Burnham, 21; Rev. J. C. Davidson, 20; L. M. Hayes, 16; W. Might, 6; Mrs. (Dr.) Boucher, 1; Mrs. Magie, 1; C. Fessenden, 1.

The directors elected were: Messrs. Dr. Burnham, Hill, Pringle, Hamilton, Hay, Corkery, Walker, Knapman and English. This constitutes the new board for the coming year and should enliven matters in connection with the Public Library.

THE EPWORTH LEAGUE ELECTED NEW PRESIDENT

Mr. G. F. Horsley Selected to Fill Vacancy Caused by Resignation of Mr. H. Latimer

Last night at the regular meeting of the Epworth League, of the Charlotte street Methodist church Mr. G. F. Horsley was elected President, in succession to Mr. H. Latimer, who resigned to enter the study of the ministry. Mr. Horsley has been a most efficient worker in connection with the League for some time, and will, doubtless make an excellent President of the society which has already achieved a reputation for progressiveness and enterprise.

HOCKEY EXCURSION TO TORONTO

The public are reminded of the Hockey Excursion to Toronto tomorrow afternoon.

A special train leaves the C. P. R. station sharp at a Quarter to Five, returning immediately after game. Tickets are good to return any train next day. Mr. McIlroy, the C. P. R. ticket agent, is supplying a solid vestibule train for this occasion.

The Secretary, C. G. Graham, has 150 reserved seat tickets on sale for the game. They may be had at the Oriental Hotel and on the train going up.

Excursion tickets are on sale at Sanderson's, Clarke's, McDonough's and at the Oriental Hotel for $2.05.

DEPUTATION IN REFERENCE TO THE DAIRY SHOW

Ald. Elliott and Ald. Leary Will Attend the London Convention This Week

MATEER WAS DISCUSSED LAST NIGHT

The chief business taken up at the first business meeting of the City Council last night was the hearing of Mr. T. E. Bradburn, M.P.P., and Mr. G. A. Gillespie on behalf of the proposal to hold a dairy show. As a result of the meeting it was decided that a deputation composed of Ald. Leary and Elliott should attend the Western Ontario Dairymen's Convention at London this week in reference to the matter.

Mr. Bradburn, in reference to the proposal explained that the show was in connection with the Eastern and Western Dairymen's Association and would be on the same lines as the Fat Stock Show in Guelph. They were looking for a home for the show. A joint committee had been formed and had decided it advisable to hold the show. The Eastern Convention had appointed a committee of which Mr. G. A. Gillespie, of Peterborough, was a member. What the deputation wanted was to appoint a committee and go up and take the western people by storm at their convention.

Mr. G. A. Gillespie explained that the Western Convention would form a similar committee as the East and then hold a joint meeting. He thought that the council should be prepared to state what they would be able to do in the matter of accommodation at this meeting.

Speaking of the show he said that butter and cheese and dairy cattle would be exhibited as well as dairy machinery, etc., and there was no reason why it should not be as successful as that at Guelph.

Some discussion took place as to the number of members who should be sent. It was moved by Ald. Wilson that a deputation composed of Ald. Leary and Ald. Elliott should be sent. —Carried.

THEIR REMUNERATION INCREASED BY A THIRD

Deputy Returning Officers and Poll Clerks to be Paid $3 for Their Services

The deputy returning officers and poll clerks, who officiated at the recent municipal elections are rejoicing to-day over the fact that their remuneration is larger than was expected. The usual salary is $2, but Ald. Duncan, at last night's meeting of the Council, moved that in view of the extra work which the officials had had this year, their remuneration should be increased by $1. This was seconded by Ald. Ball, and was carried, so that the deputy returning officers and poll clerks will receive $3 each for their services.

WEDDING BELLS

KENNEDY--HENDERSON

The Christian Guardian in its last issue has the following reference to a former Peterborough man:—

On Christmas Day, in far away California, amid dropping oranges, blooming flowers and singing birds, were united in marriage two well-known Christian workers of Ontario, to wit, Henry Dawson Kennedy, evangelist, and Prisoilla Henderson, deaconess. Evangelist Kennedy is well and favourably known to a large number of pastors all over this province, in which he laboured for several years prior to his leaving last spring for his present field of work. Miss Henderson also became widely known and much beloved in connection with the deaconess work in Toronto, and latterly as field worker in various parts of Ontario and Quebec. Their many friends in Canada will wish Mr. and Mrs. Kennedy a long, happy, and useful career in the Master's service. Evangelist Kennedy started a month's series of meetings at Selma, Cal., on Sunday, December 30th, last.

EVANGELIST MAPLETON GAVE GOOD ADDRESS

Men Who Scold Their Wives Get Called at Gospel Hall

W. J. Mapleseden held another good meeting in the Gospel Hall last night. He is a very versatile speaker and depicts Bible scenes with a vividness seldom heard. Last night he spoke on redemption by power, Exodus xiii.

Some of his sayings were: "People to-day are very apt to divorce the truth;" "The finest road in the world was through the Red Sea;" "Jesus Christ was not crucified with His arms extended wide on a cross of two pieces, but of one piece, hands over His head;" "the children of Israel could sing the song of Moses a million strong, but they soon forgot and complained, so men to-day can be up in the mountains singing, but in a moment can scold their poor wife for some trivial thing, that has gone wrong — a button hole or a poorly ironed shirt;" "A woman can get out of sorts with her little child's thoughts."

Mr. Mapleseden closed his address with a wonderful appeal to prayer. Meetings will be held every night this week.

BUILDERS AND CONTRACTORS

A meeting of the Builders and Contractors of the City of Peterborough, is called for Thursday night, January 17th, in the Council Chamber, at 8 o'clock, for the purpose of forming a Builders' Exchange.

SOLD SASKATOON LAND HERE

"Doc" Shaw Returns to the West After Spending Several Weeks Visiting in the City

"Doc" Shaw, who has been in the city for some weeks on a visit, left last night for his home in Saskatoon, where he has been living for several months. During his stay in Peterborough he disposed of considerable Saskatoon property to local investors, who were inspired by his glowing reports of the prosperity of that city to invest in some property in the belief that it would be a good investment which, if all reports are true, it will prove to be.

Severe Kidney Trouble

Mrs. George Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now 68 years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me.

KITTY HAS ARRIVED

WANTS REFORMS IN THE LIBRARY

"Reader" would Like to Engage Expert to Place it in Good Condition

Dear Sir,—As an occasional user of the Library, I find it in need of reform. There is an expert in the city just now who can put this institution in shape, and, in conjunction with many others, I would respectfully ask the Board to allow it to be done. The Library as it stands is in every sense a very poor thing, and as this expert says he thinks it is not too far gone for reform, I hope it will be done. In future magazines and newspapers bought for Lalf nothing must not be allowed to be taken away. The using of fiction is out of all proportion to its real use. The Library is not even clean. Reading circles and clubs feel the need of an up-to-date Library very much, and since the old Board insists on hanging on to office, let them wake up and give us something decent. They may save the offices if we can get the reforms.

READER.

HOCKEY EXCURSION TO TORONTO AND RETURN

—Via Canadian Pacific Railway leaving Peterborough at 4.45 p.m., on Wednesday, January 16, via special train. MINISTERS OF THE CITY WERE ENTERTAINED

Were Present at the Meeting of the Y.M C.A. Fellowship Club

The monthly meeting of the Strangers' Fellowship Club was held on Saturday evening at six o'clock and was one of very great interest. At the January meeting for the past ten years members of the Ministerial Association have been the guests of the Club. There was a fair representation of ministers at this meeting despite several being out of the city and otherwise engaged.

Mr. R. E. Hardaer presided for the first time in five months and was warmly welcomed to the post he has for so long so successfully filled. Expression was given of the Club's appreciation of him, when after tea he was presented with a handsomely framed group photograph of the club.

The presentation was made by Mr. Harry Cooke and Mr. Harding made an appropriate reply.

Mr. Cooke was later elected to secretary of the club.

Mr. Wilfrid Shiner in an able way presented in a well-worded address, an outline of the club and its relationship to the churches.

This was followed by a discussion in which Rev. J. G. Potter and J. G. Lewis took part and made a number of helpful suggestions along the lines of the club's work.

The whole meeting was an eloquent argument of the aid of the Y.M.C.A. to the church and the appreciation of this by the ministers.

Regrets of inability to attend were sent in by Rev. Canon Davidson, Dr. Torrance, Rev. Messrs. H. M. Manning and A. H. Brace.

You have read the Sailor Boy a Plea buy to-day for your dinner to morrow, Sailor Boy Canned Goods Tomatoes, Corn, Peas and Salmon Your money does not buy better Goods. Do you get Sailor Boy or Substitute ?

ENJOYABBE SOCIAL AND PROMENADE

Under Auspices of A. Y. P. A.—Mr. Dennistoun to Repeat Lecture

Last night a very successful social and promenade was held in St. John's school house, under the auspices of the A. Y. P. A., when a large crowd of the young people were present.

A short business session was first held, which showed the society to be in a most satisfactory financial condition.

After the business had been dealt with the young men proceeded to unravel a most intricate problem in the shape of a string cobweb, which covered the entire Sunday school each one taking a separate string and following it to its terminus, where they incidentally found a number which they recognized as an index to the selection of their partners for the first promenade.

The promenade being concluded the roll was called and 66 members responded by reading quotations, which were found to be very entertaining.

The remainder of the evening was spent in games and promenades, while about twenty at a time retired to the basement for refreshments.

Next Monday evening the society will meet again when a literary evening will be held, a good programme of readings, papers, etc., having already been prepared.

At a meeting of the executive committee some time ago, that body unanimously passed a resolution requesting Mr. R. M. Dennistoun to repeat his splendid lecture, entitled, "Jean Valjean," and accordingly Mr. Dennistoun has agreed to give his lecture on Monday evening, January 28th, in the Sunday school.

MEN'S GUILD ELECTS ITS OFFICERS

Annual Meeting of the Men's Guild of St. Luke's Church Held Last Night

The monthly meeting of St. Luke's Men's Guild took place last night, in the vestry, and a goodly number of men was present. The object of the meeting was to re-organize on a different basis, the club room and its attractions having proved to be a failure, in consequence of which the rooms were given up. The question of forming an Anglican Young Peoples' Society was discussed, and extracts from the constitution read, but did not meet with the approval of the members. Those present were in favour of carrying on the work of the Men's Guild, and pledged themselves to promote its progress and influence. A feature of its work will be social intercourse, and arrangements are at once to be made for a social evening. A committee consisting of Messrs. Harry Neil, H. Potter, Charles Crane and Arthur Kingdon was appointed to make arrangements for a concert to be held in the Sunday school room in the near future. Sidesmen were appointed for the month of February—at the morning service, Mr. T. H. Adams, and Mr. J. J. Turner, jr; at evening service Mr. A. Kingston and Mr. Percy Crane.

Mr. G. F. Warde invited the Guild to hold its next meeting at his residence on January 28.

A hearty vote of thanks was tendered Colonel J. Z. Rogers for his kindly interest in the Men's Guild, and the assistance given.

The election of officers resulted as follows:

President, H. C. M. Potter.
Vice-President, Sam. Whittaker.
Secretary, Jas. Ball.
Treasurer, Charles Crane.
Patronesses, Mesdames (Hon.) R. Hamilton, G. F. Warde, T. H. G. Denne and W. J. Scott.

Several accounts were ordered to be paid and after paying all indebtedness a handsome balance is on hand.

The meeting was closed with prayer by the Rector.

BOY HAD ARM BROKEN SLEIGHRIDING

Sleigh Ran Against a Tree in Chemong Park, Causing the Accident

Another tobogganing accident has been reported — this time from Bridgenorth—by which Samuel Bell, ten years of age, had his arm broken. He was sleigh-riding down the big hill in front of the Chemong Hotel with two other boys, Walter Jopling and Redvers Jobs, when his sleigh ran against one of the trees which are so thick in the grove on the bank of the lake.

His arm struck the trunk of the tree and was broken at the wrist. A doctor was summoned and the little fellow is recovering rapidly.

WESTERN LAND IN HIGH FAVOUR

Mr. Wilson, of Local Real Estate Firm Reports Some Big Sales Made in Regina Land

Mr. George F. Wilson, of the real estate firm of Gibson & Wilson, arrived in the city last night from the west, where he has been disposing of Regina property, and reports that that end of the business is prospering. Mr. Wilson has sold considerable property in the capital of Saskatchewan to Cobalt capitalists, who are evidently turning their attention to the West, as a field for a safe investment.

Western land, Mr. Wilson states, is being recognized more and more by eastern investors as safe and profitable, and the result is that a number of big sales are being recorded by this firm.

Mr. Wilson, after spending a few days here will leave for Cobalt, where he expects to sell considerable of his western land.

CITY IS REPRESENTED BEFORE RAILWAY BOARD

Claim of Mrs. Eliza Rogers Against C. P. R. is Being Heard in Ottawa To-day

IT WAS DISCUSSED IN COUNCIL

The hearing of Mrs. Eliza Rogers' claim for damages against the C. P. R., for filling in a trestle near her property on the river front, is taking place before the Railway Commission at Ottawa to-day.

Naturally there is a great deal of interest being taken in the case in the city. Ald. Elliott and Johnston, and City Solicitor Hall, are representing the city council.

The matter came up at a meeting of the Committee of the Whole Council last night. Mr. R. R. Hall, M. P., was present and discussed the matter with the committee, asking that some one representing the city be present before the commission.

Mr. Hall congratulated the Mayor and Aldermen upon their election. In regard to the waterfront, he said that the C. P. R. had made application to have the north culvert closed up. The idea had been that a passage of about four feet in diameter should be left there so that the water could flow through it and then down through the city property to Mrs. Rogers' land. The balance of the city property as far south as King street should be filled. This would leave twelve feet of water in front of Mrs. Rogers' property. He did not think that under these circumstances there would be any stagnant water. The dredging done on the east side of the tracks made it impossible for any refuse to swing into Mrs. Rogers' property. At the time the order in council was made the property belonged to the city. Since then Colonel Rogers had succeeded in gaining rights to the land in front of his property to the centre of the

As far as the Peterborough Cereal Company was concerned, that company would be prepared to pay part of the expense of putting in a culvert below the C. P. R. tracks if any merits were found in Colonel Rogers' claims. He suggested that Mr. T. H. G. Denne and ex-Mayor Best, who had been concerned in the negotiations should give evidence before the commissioners.

Mayor McWilliams said that Col. Rogers wanted an opening made at King street, twenty feet wide through the C. P. R. embankment.

Ald. Johnston asked upon whom whom the cost of the opening would devolve.

Mr. Hall explained that the city, the Peterborough Cereal Company, and the C. P. R. would derive benefit from the opening.

Mr. Stevenson said that the matter was more serious than had at first been thought. Col. Rogers had had a property at first on the river bank between the C. P. R., Peterborough Ceral Company, and the city. The upper entrance had been cut off. He thought that some way should be taken to strengthen City Solicitor Hall's hands in the matter.

It was moved by Ald. Ball, that Ald. Elliott, who was a member of the special committee appointed to deal with the matter last year, be sent to Ottawa to help Mr. Hall in the representation of the city before the commission.

After some discussion it was decided to communicate by telephone with City Solicitor Hall in Ottawa. Mr. Hall could not be reached last night however, and so Ald. Elliott and Johnston left on the midnight C. P. R. train for the Capital.

Permanent Auditor

The matter of appointing a permanent auditor was discussed, and on motion of Ald. Elliott was left over until the February meeting of the council.

WOODMAN OFFICERS WERE INSTALLED

A Very Enjoyable Evening Spent by the Members Last Night

The installation of officers for the coming year of Sherwood Forest No 50, W. O. W., took place last evening. A large number of the members of the order were present, and business was combined with pleasure. During the evening 12 new members were admitted into the order. Mr. L. H. Taylor, of Brantford, gave an interesting address on the general work of the order. Advisor D. Cunnamoon, of Lindsay, also gave an address.

The following officers were duly installed by Past Council Commander Thos. Dunean:

Council Commander—R. N. Jones.
Advisor Lieutenant—F. Arnsby.
Banker—Jas. Kyle.
Clerk—A. A. Haskill.
Assistant Clerk—Geo. Armstrong.
Escort—A. Dryland.
Watchman—Geo. Worboy.
Sentry—Wm. Taylor.
Managers—R. Wareham, Dr. McKeracher, R. Goodenough.

After the business of the evening the officers and members were entertained to a fowl supper at McCallum's restaurant.

FLASHLIGHT OF THE "MIKADO" CAST WELL REPRODUCED

An excellent flash light photograph of the "Mikado" cast is on exhibition in the art show case of Mr. Louis Mendel, George street, hall entrance. This studio has been showing a number of meritorious samples of the art, and this flashlight is among the most successful effect produced. Mr. Mendel also succeeded in securing a good flashlight of the principals in the "Mikado," for which he is being complimented.

MONDAY NIGHT WILL BE BUSY FOR THE ALDERMEN

That Night of the week will be Devoted to Council Business

Mayor McWilliams is introducing a new system into the council by which each alderman will for one month act as chairman of the committee of the whole, at the meetings of the council. It is the Mayor's intention to have the meetings of the council and committee of the whole on Monday night of each week, which night he asks the aldermen to set aside for council business.

Stratford Thinks The Team Has Good Chance

If the Indians Do Not Win the Senior Championship the Herald Picks Peterborough or Kingston to Win It— The Situation is Sized Up

The Stratford Herald affects to think that the team representing that city has more than a fighting chance for the Senior O.H.A. championship this year, and, failing the Indians, Peterborough or Kingston looks good to them. The players, and supporters of the local team will, no doubt be grateful to the Herald for placing them next to the Classic City's Indians, but it is a little early in the season to indulge in championship dreams. A hundred and one things may happen to both the Stratford and Peterborough teams between this and the final games. All the local team can do is to play the game as well as they can, and if they get in the way of a championship all the better. No pre-season forecasts are being made. The Stratford Herald, has the following to say on behalf of the championship aspirations of the Indians:—

Will the John Ross Robertson Cup remain in the west this year or will it find its way down east? That is the question that a good many followers of hockey are trying to figure out, but it is a difficult undertaking to even guess as to where the mug will take up its winter and summer abode. As yet it is rather premature to pick out the winners. Berlin, the present champions, are said to have weakened since 1905-06, having lost not only Pete Charlton, but Capt. Goldie Smith also. There doesn't appear to be any danger of it passing down to Toronto, although it may make quite a difference if the Argos and St. Georges amalgamate, but even then they will have to hustle to cope with other senior teams. Guelph looks strong, with that Fenelon Falls duet on their line-up and Stratford have got all the makings of a strong senior seven. The signing of all the old players make the outlook for the Indians very promising, and it will take something real fast and clever to beat our lads. Galt are not in it for a wink. Kingston soldiers have a team worth watching. They look extra good from here. Peterborough, who won the intermediate championship, are also likely to bid well up for the cup. They have a seven that have played hockey in the city from youth up. Their men are all home brews and all round athletes. They have on their line-up the same material that won the Junior O.H.A. in 1894 against Toronto Granites and in 1895 against the same team. These same men also played on the team which won the junior finals from Stratford in 1901 and the intermediates championship in 1902 and 1906. Now they are heading for the senior honours. On the whole the race for 1907 should be a good stiff one and if the cup doesn't settle in Stratford it will be in Peterborough or Kingston.

Montreal Sees The Most Brutal Hockey Game Ever Played Says Montreal Star

It's apparently a strenuous style of hockey they play in the Eastern League this season, judging by the reports of the Montreal papers on the game between the Wanderers and Ottawas, in Montreal, on Saturday night. This is the way the Montreal Star opens its description of "one of the most deliberately brutal exhibitions of hockey that has ever been witnessed anywhere:—

The professional Butchers' Association of Ottawa organized an excursion to Montreal on Saturday, and had a most successful and pleasant outing.

After a most entertaining exhibition of their skill and prowess, attended by about seven thousand people in the Montreal Arena, situated in the model Town of Westmount, they returned to Ottawa well satisfied with the work done.

On the train going home, speeches of congratulation were made to the winners of the spirited exhibition and prizes were awarded to the following gentlemen.

1. Mr. Spittal, Champion Meat Chopper for the artistic manner in which he cut down Cecil Blatchford of the Wanderers. Blatchford, the Chairman said, never so much as winked an eyelid after the blow till he was resuscitated in the Wanderers' dressing room.

2. Mr. Harry Smith, for beating Johnson into unconsciousness and by a specially artistic blow across the nose. The Chairman in this case called particular attention to the fact that the blow, an Ottawa specialty, is delivered so neatly and effectively that only the skin of the nose was broken, while the bone received no injury, although the jolt to the brain had the same effect, as a knockout blow in a prizefight, when administered to the point of the jaw.

3. Mr. Alf. Smith, for the elegant way in which he chopped down Hod Stuart with a lateral blow on the temple. So wonderful is the skill of the Ottawa players in making unprovoked assaults, added the chairman, that while others would kill their men—for, as will be remembered in a small town in Ontario two years ago, a man was actually killed by a similar blow—the Ottawa men simply put them out of business.

MANY FANS ARE GOING TO TORONTO TO-MORROW

Big Crowd Will Accompany the Team for Marlboro Game

A large number of enthusiasts have signified their intention of accompanying the Peterborough Hockey Club on their trip to Toronto to-morrow night to play the Marlboros. The Dukes are confident of giving Peterborough a hard game and the locals will have to extend themselves to have any chance of winning. For the benefit of the rooters a special train will leave the C.P.R. station at 4.45 o'clock and returning leave Toronto at 11.30. For those who wish to remain over the tickets are good returning on any train on Thursday.

A block of seats is being reserved for the Peterborough contingent at the rink. The price for return ticket is $2.05.

BASKETBALL GAMES PROMISE TO BE FAST

Two Contests on the Slate for To-morrow Night

Two more basketball games will be played in the Y.M.C.A. gymnasium on Wednesday night, when the O. T. C. and Alerts meet at eight o'clock, and the Arrows and Harriers at nine. A great deal of interest is centred on the game between the Arrows and Harriers, which will certainly be the best of the season. If the Harriers win, it means that they practically have the championship won, but should the Arrows win, they will be tied for first place in the league. The game is an important one to both teams, and both will work hard to pull out a victory. Both have been practicing faithfully and are in good condition, so the best game of ball may be looked for.

REGINA

Is The Queen City of the West

Our sales of REGINA CITY LOTS during the past two weeks assures us of the confidence Eastern Investors have in Regina City Property.

REGINA lead all Canadian Cities west of Winnipeg and east of Vancouver in building estimates for the year 1906, and stood 5th in the whole Dominion.

The present year promises to surpass any three previous years.

The site for the New Provincial Government Building has already been purchased at a cost of $96,250.00, and it is the intention of the Saskatchewan Government to erect Buildings on this site, second to none in the West.

We have some Choice Lots For Sale, adjoining this site, ranging from $60.00 up; also Blocks of 40 Lots at from $1,800.00 up.

Terms on the lots are exceptionally easy and extend over a period of Eighteen Months, which gives the purchaser a chance to sell at a good profit on a very small cash payment.

Many are taking advantage of this opportunity of a good investment.

Call at Our Office and be convinced that Our Offer for investment is unequalled in any other Western City.

NO DECISION REACHED IN TRESTLE CASE

Action of Mrs. Rogers Adjourned to Allow Four Parties to Come to Agreement

THE C.P.R. TRESTLE CASE IS ALSO UP

An Ottawa despatch, dated yesterday, said:

The Railway Commission this morning, heard an application by the C.P.R., to rescind or vary an order requiring them to leave in opening of 63 feet in the trestle bridge, carrying its branch line to Dickson's Mills in Peterborough across the channel of the Otonabee River, and permitting the applicants to fill in the opening in question and substitute a solid embankment for the trestle. The application was opposed by Mr. Rogers, owner of the land adjoining the channel, on the ground that it would shut off the flow of water past his premises. A proposition was advanced to make an opening beneath the Canadian Pacific line opposite King street, so as to provide for the flow of water. After some discussion the matter was adjourned sin die in order to enable the Dominion Government, the city of Peterborough, the C.P.R., and the Peterborough Cereal Co., who are the interested parties, to reach an agreement. Mr. Hull, city solicitor, appeared for Peterborough; Mr. Shepley and Mr. Wood, for Mr. Rogers; and Mr. Angus McMurchy for the C. P. R.

FIGHT AGAINST "SEMI-READY"

Organizing Merchant Tailors to Offset Its Alarming Progress

Montreal Gazette.

The National Fashion Bulletin has issued "Confidential Circular No. 1" to the merchant tailors' trade, and on the first page in good bold type the writer asks:

"The fight against the Semi-ready Are you in it?"

Organized effort is called for, and the question is gravely asked, "As a tailor are you taking your part in the fight? Are you doing all you can by word, by advertising and by example, to help the trade you stand for?"

A prominent speaker at a tailor's banquet said: "Unless we combat the Semi-ready houses our profession will in a few years be in the same condition as the shoe trade is now. A few will pay good prices for custom made, the rest will wear Semi-ready."

Cressman's have all the new Semi-ready styles, and the exclusive agency for Peterborough and district.

A GOOD RE-ELECTION

MR. T. F. MATTHEWS
Re-elected Chairman of the Water Commissioners

With all the good work to be credited to the Board of Water Commissioners none is more creditible and promising of continued good service than the re-election of Mr. T. F. Matthews, chairman of Board. This is good business. Mr. Matthews has proven himself a most capable and painstaking and industrious official. He has given intelligent, faithful and business-like attention to his duties and with results entirely satisfactory to the constituents, of himself and his capable assistants. Congratulations are due to both Mr. Matthes and the ratepayers who are interested in the successful management of the City Water Works.

BOGUS TWENTY-FIVE CENT PIECES FLOATING ABOUT

Many Are Finding It Difficult to Dispose of the Lead

Citizens are advised to look carefully these days at their change and see that they do not get any bogus 25-cent pieces. Several are now in circulation in the city, composed of lead of the regulation size, stamped and perforated perfectly. Those who have taken them unknowingly are experiencing difficulty in disposing of them again.

CHARGED WITH BEING DRUNK AND DISORDERLY

Douro Man Will Appear Before Magistrate Edmison on Friday Morning

An information has been laid against James MacManus, of Douro charged with having been drunk and disorderly in a public place on election day. The alleged breaking of the law is said to have been committed at polling booth No. 4. The trial will be held Friday morning at 11 o'clock before Judge Edmison.

DAMAGE IS NOT SO GREAT AS WAS AT FIRST STATED

Destruction Much Less Than Reported Only a Part of the Town Destroyed

COULOURED SOLDIERS AMONG VICTIMS

New York, Jan. 16.—Few additional details of the earthquake disaster at Kingston, Jamaica, reached this city during the night. The brief messages that came from Holland Bay, the cable station located 40 miles from Kingston, brought reports that the disaster was not so great as had been at first feared. Only a part of the town was ruined by the earthquake shocks, and the loss of life is placed at 30, while 300 persons are reported injured. The fire which began after the tremor is said to have been brought under control late on Monday night. The panic in Kingston was apparently shortlived, as it was stated that the work of rescue and caring for the injured was under way. Many persons, however, fled from the city and took refuge in the surrounding country, fearing a recurrence of the shocks. An official despatch received in the Colonial Office in London to-day confirms the reports that the destruction wrought by earthquake and fire was not so widespread as first reports indicated. This despatch stated that while the total number of killed and wounded had not been ascertained, it was apparently not large. The greatest number of casualties occurred in the camp hospital, where 30 coloured soldiers were killed.

WILD CATTLE CHASED BY SMITH MEN WITH GUNS

Two of the Men Were Attacked by Infuriated Animals and Barely Escaped With Their Lives

ANNUAL ROUNDUP OF TULLY'S CATTLE

A story which savours of the wild and woolly West comes from Smith township. It relates of the rounding up of several head of wild cattle on the farm of Mr. Andrew Tully of the 3rd line of Smith, which almost resulted in the loss of human life.

On Monday afternoon three young men Messrs Darcy and James Dunlop and Nathan Stobbie, armed with 14 Winchester rifles started out in pursuit of the wild animals which have scarcely seen a human being since their birth. They had purchased them from Mr. Tully and it was only with dogs and guns that the animals could be caught. On Monday afternoon Mr. Darcy Dunlop succeeded early in boring a hole through the head of a young heifer which could get through the woods as swift as any deer.

The animal ran a long distance before the loss of blood compelled it to drop. A couple of the hunters immediately proceeded to stick the heifer, which made several unsuccessful attempts to break away. In the midst of their work they suddenly heard a crashing of dead boughs and two of the other infuriated cattle were almost upon them. They rapidly dodged the animals which passed between the two men as they were holding down the first prize. They were soon forced to abandon positions and seek shelter behind some stumps until able to get a shot at the enraged beasts. The hunters only got half the cattle on Monday and finished the rest of the herd yesterday afternoon.

The woods and swamp where the animals live contains about 60 acres and is commonly known in Smith as the "Wilderness of Ontario."

The successful hunters were in the city to-day with the beef which is as fine a quality as has been seen on the market this season.

GOOD RECORD OF THE BARNADO CHILDREN

No Less Than 98 1-2 Per Cent. of Those Sent to Canada Have Succeeded

London, Jan. 14.—According to a published statement, 1171 children were sent to Canada in 1906 from the Barnardo Homes. Out of a total of 18,645 sent out, 98 1-2 per cent. have succeeded.

MR. T. F. MATTHEWS AGAIN CHAIRMAN

Water Commissioners Held Their First Meeting of the Year Yesterday

At the first meeting of the Board of Water Commissioners for the year held yesterday afternoon, Mr. T. F. Matthews was once more elected chairman of the Board.

A resolution was passed and will be sent to the City Council, asking that body to appoint an inspector to see that the source of water supply above the waterworks should be kept unpolluted as far as Lakefield, at least.

BUILDERS AND CONTRACTORS

A meeting of the Builders and Contractors of the City of Peterborough, is called for Thursday night, January 17th, in the Council Chamber, at 8 o'clock, for the purpose of forming a Builders' Exchange.

The Oldest Resident Of Cavan Township Has Passed Away

James Muir, Who was 100 Years of Age Last May, Died in Millbrook on Tuesday—A Pioneer Resident

The death occurred in Millbrook yesterday, of James Muir, perhaps the oldest resident of the township of Cavan. Had Mr. Muir lived until May he would have been 101 years of age. The deceased gentleman was a native of County Cavan, Ireland, but when a young man he came to this country. He engaged in farming for many years in the townships of Cavan and Manvers. The late Mr. Muir has lived a retired life in Millbrook for the past 25 years. He was a man of strong constitution, and until a few weeks ago occasionally walked to the postoffice for his mail. His faculties, with the exception of his hearing, were well preserved, and his reminiscences of early life in the County of Durham were most interesting. Only a year ago the deceased gentleman lost his partner in life. There are no immediate relatives surviving.

Mr. F. S. Clarry, of this city, who is a relative of the deceased, left at noon to-day to attend the funeral which takes place to Gardner's cemetery, in Cavan.

ENTERTAINMENT OF THE INDEPENDENT ODDFELLOWS

An Interesting Programme will be Presented To-morrow Night

The musical and literary entertainment to be given to-morrow evening, Thursday, January 17, in the S. O. E. Hall, Hunter street, under the auspices of Court Chemong, 536 I. O. F., promises to be of an enjoyable nature. The entertainers are H. A. Collins, Supreme Treasurer, Toronto; G. H. Wade, M.D., High Chief Ranger, Wooler; and G. N. Brown, D.H.C.R., Belleville. A special feature of the evening will be the humorous and patriotic songs and recitations by J. C. Morgan, M.A., Supreme Organist, Doseronto, and in addition to these a programme of songs and recitations by first-class local talent will add greatly to the evening's enjoyment. Any friends of the members, ladies or gentlemen, whose invitation cards may have failed to reach them, and who would enjoy such an evening will be cordially welcomed by the committee in the hall entrance and admitted. No admission fee charged. Doors open at 7.30 p.m.

Your First Investment

should be in a home. It's wonderful what a comfort it is to a man—especially the father of a family—to know that whatever ill may betide he has a roof over his head and sheltering for those he loves. For rent payers with a certain income—no matter how small—we have an interesting proposition very well worth the while of every man who values a home to investigate.

WHO SHE WAS

SKETCH OF THE LIFE OF LYDIA E. PINKHAM

And a True Story of How the Vegetable Compound Had Its Birth and How the "Panic of '73" Caused It to be Offered for Public Sale in Drug Stores.

This remarkable woman whose maiden name was Estes, was born in Lynn, Mass., February 9th, 1819, coming from a good old Quaker family. For some years she taught school, and became known as a woman of an alert

and investigating mind, an earnest seeker after knowledge, and above all, possessed of a wonderfully sympathetic nature.

In 1843 she married Isaac Pinkham, a builder and real estate operator, and their early married life was marked by prosperity and happiness. They had four children, three sons and a daughter.

In those good old fashioned days it was common for mothers to make their own home medicines from roots and herbs, nature's own remedies—calling in a physician only in specially urgent cases. By tradition and experience many of them gained a wonderful knowledge of the curative properties of the various roots and herbs.

Mrs. Pinkham took a great interest in the study of roots and herbs, their characteristics and power over disease. She maintained that just as nature so bountifully provides in the harvest-fields and orchards vegetable foods of all kinds; so, if we but take the pains to find them, in the roots and herbs of the field there are remedies expressly designed to cure the various ills and weaknesses of the body, and it was her pleasure to search these out, and prepare simple and effective medicines for her own family and friends.

Chief of these was a rare combination of the choicest medicinal roots and herbs found best adapted for the cure of the ills and weaknesses peculiar to the female sex, and Lydia E. Pinkham's friends and neighbors learned that her compound relieved and cured and it became quite popular among them.

All this so far was done freely, without money and without price as a labor of love.

But in 1873 the financial crisis struck Lynn. Its length and severity were too much for the large real estate interests of the Pinkham family, as this class of business suffered most from fearful depression, so when the Centennial year dawned it found their property swept away. Some other source of income had to be found.

At this point Lydia E. Pinkham's Vegetable Compound was made known to the world.

The three sons and the daughter, with their mother, combined forces to restore the family fortune. They argued that the medicine which was so good for their woman friends and neighbors was equally good for the women of the whole world.

The Pinkhams had no money, and little credit. Their first laboratory was the kitchen, where roots and herbs were steeped on the stove, gradually filling a gross of bottles. Then came the question of selling it, for always before they had given it away freely. They hired a job printer to run off some pamphlets setting forth the merits of the medicine, now called Lydia E. Pinkham's Vegetable Compound, and these were distributed by the Pinkham sons in Boston, New York, and Brooklyn.

The wonderful curative properties of the medicine were, to a great extent, self-advertising, for whoever used it recommended it to others, and the demand gradually increased.

In 1877, by combined efforts the family had saved enough money to commence newspaper advertising and from that time the growth and success of the enterprise were assured, until to-day Lydia E. Pinkham and her Vegetable Compound have become household words everywhere, and many tons of roots and herbs are used annually in its manufacture.

Lydia E. Pinkham herself did not live to see the great success of this work. She passed to her reward years ago, but not till she had provided means for continuing her work as effectively as she could have done it herself.

During her long and eventful experience she was ever methodical in her work and she was always careful to preserve a record of every case that came to her attention. The case of every sick woman who applied to her for advice—and there were thousands—received careful study and the details, including symptoms, treatment and results were recorded for future reference, and to-day these records, together with hundreds of thousands made since, are available to sick women the world over, and represent a vast collaboration of information regarding the treatment of woman's ills, which for authenticity and accuracy can hardly be equaled in any library in the world.

With Lydia E. Pinkham worked her daughter-in-law, the present Mrs. Pinkham. She was carefully instructed in all her hard-won knowledge, and for years she assisted her in her vast correspondence.

To her hands naturally fell the direction of the work when its originator passed away. For nearly twenty-five years she has continued it, and nothing in the work shows when the first Lydia E. Pinkham dropped her pen, and the present Mrs. Pinkham, now the mother of a large family, took it up. With woman assistants, some as capable as herself, the present Mrs. Pinkham continues this great work, and probably from the office of no other person have so many women been advised how to regain health. Sick women, this advice is "Yours for Health" freely given if you only write to ask for it.

Such is the history of Lydia E. Pinkham's Vegetable Compound: made from simple roots and herbs; the one great medicine for women's ailments, and the fitting monument to the noble woman whose name it bears.

ASSESSMENT

The assessment problem, like the poor, we always have with us. In spite of the legislation, founded upon an exhaustive commission of inquiry, there seems to be no cessation of complaints on the part of the public. If the assessment law is as good as can be desired the fault must be in its application. At any rate there seems to be no doubt that the assessment of the city of Peterborough is not satisfactory to hundreds of persons. Complaints are very frequently made, not so much, of over-assessment, though these are by no means lacking, but of inequality of assessment. There seems to be a variation in judgment, which evokes energetic comment and criticism. It may be urged that there is a remedy for these alleged inequalities. The Court of Revision is open to those whose assessments are regarded as unfair. But, for various reasons there is a disinclination to resort to this court. In the case of ladies, there is a natural repugnance to resorting to any kind of court. Many persons do not feel inclined to brave the publicity in regard to their affairs such as appeal might involve; others, and their name is legion, who think that their property is unduly assessed, as compared to that of others, do not wish to take a course that may subject them to the charge of trying to get their neighbours' assessment raised. These and other considerations result in a general course of letting the assessment go as it is made, and this absence of action lends strength to the argument that the assessment is, generally, fair. So far as is known, the complaint is not so much of over-assessment, but of disparity of values placed on properties which do not differ much in real value, and herein is held to consist the injustice. The public themselves know perhaps better than any other authority whether or not the complaints made are justified by the facts. There is no doubt, however, that a great many persons think that the burden of assessment falls very unequally, and that this constitutes a very real grievance. No matter how justly assessment might be made there would be some who would find fault; but when complaint is so general there must be some feeling of justification behind it. If such a condition exists there should be a remedy. Among others the publication of the assessment roll is regarded as giving promise of satisfactory results. Publication of the roll would reveal to everybody how everybody else is assessed and would permit of comparisons, so universal and general in character, that a public sentiment would be created that would have to be reckoned with. Others propose the appointment of a permanent assessment commissioner, who would be required to give his whole time to the work of assessment, and who could therefore take greater pains in making more diligent and exhaustive inquiry, with the object of getting at values, than is possible when the work is concentrated into a short space of time. At any rate, the effort to arrive at the best assessment methods and results is worth making. The assessment forms the basis of taxation, which being based upon the value of property, suggests that the real value should be arrived at as closely as possible.

EDITORIAL NOTES

Hull, Quebec, seems to be an unwholesome place for criminals. At the recent assizes there sentences aggregating 26 years were imposed on seven criminals. And there are still to be tried at a special session in March, the Buckingham rioters.

Why not indict the Bank of Nova Scotia for usury? Twenty four per cent. on the paid up capital, seems to be a pretty stiff rate of interest.

The Canadian newspapers, remarks the Montreal Gazette, which have recently been dilating upon the success of Government ownership of railways in Australia, have neglected to draw attention to the fact that the average rate per ton mile in Australia is about 2.28 cents, in comparison with the Canadian rate of about 0.80 cents. If the Canadian railways' charges were nearly three times what they are we might have occasion to envy the Australians. On the occasion of a visit to Peterborough, Hon. H. R. Emmerson, speaking of the Intercolonial Railway, said he could easily make the National Railway pay dividends, at the expense of the people, by advancing freight and passenger rates. But where would be the advantage of this? The pockets of the people would be robbed to enrich the national treasury. Public ownership and operation of railways, while desirable, is practicable, is still a debatable question, and dependent upon circumstances.

THE BEST HOCKEY TEAM NOW PLAYING THE GAME

A Problem to Which the Examiner Invites Answers—One to-day

What would be the personnel of the best hockey team in the world? Here is a little problem to which there would no doubt be thousands of different answers given if as many hockey enthusiasts were asked to hand in a solution. A little argument arose yesterday morning among a number of followers of the game and this suggested to the Examiner to invite answers to the question asked in the introduction of this article. Here is a suggestion from one of the number:—

Goal—LeBuer, Ottawa.
Point—Pulford, Ottawa.
Cover Point—Stuart, Wanderers.
Rover—Patrick, Wanderers.
Centre—McGee, Ottawa.
Right Wing—Alf. Smith, Ottawa.
Left Wing—Tom Phillips, Kenora.

CITY LEAGUE GAMES WILL BE VERY FAST

Two Fast Contests Are Promised for To-morrow Night

Two good games are promised in the City League series to-morrow night and the fans may rest assured of being given a splendid evening's sport. The Lakefield team and the Charlotte Street Guild outfit will meet in the first contest which should be an eye-opener. The Lakefield team will be considerably strengthened since last week and they promise to give the champions a rednot argument from start to finish. The Orphans and High Lifes meet in the second game which should be a fine exhibition. The Orphans have been practising faithfully and will be in good shape to meet the big High Lifes.

DECIDES ON BASIS FOR DRAFTING OF PLAYERS

City League Men May Play Four Games With Seniors

At the meeting of the Executive of the City Hockey League last night, it was decided to appoint Mr. George Lynch official referee for the season.

The question of drafting players from the City League teams for the senior O.H.A. team was discussed and it was decided that players could participate in four games with the seniors before their City League standing should be forfeited.

The junior series will be commenced on Thursday night, when the Invincibles and North Stars will play at 7.30. At last night's meeting a committee of Messrs. Maher, W. Metheral and McDonald was appointed to conduct the junior series this season.

PASTOR AND PEOPLE PRAISE PSYCHINE

(PRONOUNCED SI-KEEN)

A Marvellous and Triumphant Record of Victory Over Disease.

No medicine has ever effected as large a number of wonderful and almost marvellous cures as Psychine. It has had one continuous record of victories over diseases of the throat, chest, lungs and stomach. Where doctors have pronounced cases incurable from consumption and other wasting diseases Psychine steps in and rescues numberless people even from the very verge of the grave. Coughs, Colds, Catarrh, Bronchitis, Chills, Night Sweats, La Grippe, Pneumonia, and other like troubles, all of which are forerunners of Consumption, yield quickly to the curative powers of Psychine.

Mrs. Campbell, one of the many cured, makes the following statement:

I cannot refrain from telling all who suffer of my remarkable recovery with Psychine. In April, 1903, I caught a heavy cold which settled on my lungs and gradually led to consumption. I could not sleep, was subject to night sweats, my lungs were so diseased, my doctor considered me incurable. Rev. Mr. Mahaffy, Post Elgin Presbyterian Church, recommended Dr. Slocum's Psychine to me, when I was living in Ontario. After using Psychine for a short time I ate and slept well, the night sweats and cough ceased. Months ago I stopped taking Psychine, as I was perfectly restored to health and to-day I never felt better in my life. Psychine has been a god send to me. MRS. ANDREW CAMPBELL, Cottonwood, N.W.T.

PSYCHINE never disappoints.
PSYCHINE has no substitute.
There is no other medicine "Just as good."

Mr. Jas. Francis is visiting in Otonabee with Mr. Joshua Chambers.

Mr. J. Keenan, Campbellford, is visiting his mother on Elm street.

Mr. and Mrs. F. J. R. MacPherson are visiting friends in Hastings today.

Mrs. T. Z. Webster Lakefield, is in the city the guest of Mrs. S. Nelson, Charlotte street.

Mr. John Keenan, of Campbellford, is a guest with his brother, Mr. Jas. Keenan at 55 Elm street.

Miss Louise McAuslan, of Galt, is in the city the guest of Miss Letitia Quirk, 335 Burnham street.

Mr. Wm. Noyes and wife, Madoc, passed through the city to-day on a visit to their son in Collingwood.

Mrs. S. Nelson, city, entertained Ven. Archdeacon Warren, who was here attending the Rural Deanery meeting.

A NEW ODDFELLOWS' LODGE IN NEW ONTARIO

Mr. J. A. Tully, with Grand Master Johnston, Instituted Lodge at Latchford

Mr. J. A. Tully, of this city, has been in New Ontario during the last few weeks working in the interests of the I.O.O.F., and recently visited New Liskeard, where there was a reunion of the Oddfellows of New Liskeard, Haileybury and Latchford. A feature of the evening was the institution of a new lodge of the order, known as Silver Link Lodge, which was formed with a good list of members. The institution was accompanied by the usual social features incidental to such an occasion. Mr. Tully was accompanied on his trip to the north country by Mr. W. S. Johnston, of Toronto, Grand Master.

WEDDING BELLS

JEWETT—GRAHAM

A very popular wedding took place last night at the home of Mr. Robert Graham, of Gladstone avenue. His youngest daughter, Minnie, was united in marriage to Mr. Edward D. Jewett, the only son of Mr. Thos. Jewett, of Water street. The ceremony was performed by the Rev. A. H. Brace of the Park street Baptist church in the presence of a hundred distinguished guests.

The bride looked charming in a waist of point d'esprite over silk, and carried a shower bouquet of white carnations. She was led to the altar on the arm of her cousin, Mr. F. R. Lake, of Lindsay, as the wedding march was being played by Miss Gidys Woolley. The bridesmaid, Miss Mason Bullen, was gowned in cream silk blouse over a cream serge skirt and looked very graceful. She carried a shower bouquet of pink carnations. Mr. Wm. M. Lasher attended the groom. The presents were very numerous and choice, an evidence of the bride's popularity, among them being from the assistants of the Parker Dye Works, a very chaste silver fruit and silver soup dish and berry spoon of choice design.

The bride's going away dress was purple ladies' cloth, with hat to match and white furs. After the round of congratulations the happy party sat down to a tempting dejeuner. Mr. and Mrs. Jewett will make their home in Otonabee.

Severe Kidney Trouble
Mrs. George Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now 68 years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me.

UNUSUAL ACCIDENT TO TROLLEY WIRES

Trolley Pole Tore Down the Wires for a Block at Noon

An unusual accident at noon to-day played havoc with the street car service at the northern end of the George street line. It appears that as a car was entering the switch at Central Park the pole became caught in the trolley wire and pulled down one of the supporting posts and a long section of wires, with the result that no cars could pass that point. The wire was down for a block. This afternoon the cars had to run to the park and then turn back. A large staff of men were put at work and the repairs were speedily made.

Fortunately no one was injured by coming in contact with the live wire.

Married.
JEWETT—GRAHAM.—At the home of the bride's parents, Gladstone avenue on January 15th, 1907, by the Rev. A. H. Brace, Mr. Edward D. Jewett, to Miss Minnie A. Graham, both of Peterborough.

AFTER TEN YEARS
Mr. G. L. Stephenson of Peterborough, says: "For over ten years I suffered constantly with Piles, first Itching, then Bleeding; pain almost unbearable; life a burden. Tried everything in vain till I used Dr. Leonhardt's Hem-Roid.

"I had taken but a few boxes when I began to notice an improvement. I decided to keep on, and now after using three boxes I am completely cured. My general health has also greatly improved. It gives me great pleasure to recommend Hem-Roid to all sufferers with Piles, and I am convinced that what it has done for me it will surely do for them."

A $1000 guarantee goes with every box of Hem-Roid. Price $1, all druggists, or The Wilson-Fyle Co., Limited, Niagara Falls, Ont. 8

WILL THE PETERBORO' INDUSTRIAL NOW DISBAND?

The Annual Meeting to be Held To-day was Not Attended by Enough Members and Was Adjourned

CITIZENS DO NOT SUPPORT EXHIBITION

The annual meeting of the Peterboro' Industrial Exhibition was called for to-day in the council chambers but failed to materialize. With the exception of a few devotees, such as Mr. D. Hughes Charles, J. Brooks, Wm. Collins, J. H. Garbutt, R. J. Munro, and a few others, the attendance was a nonentity. The gentlemen in attendance were William Stewart, Israel Payne, of North Monaghan, William Collins, J. Brooks, D. Hughes Charles, J. H. Garbutt, J. Riddell, R. J. Munro, W. B. Stewart, Mr. Conway and R. H. Leary.

Mr. Hughes Charles, the president of the society called the meeting to order at two o'clock, after waiting an hour to no purpose for the assembly of a quorum, and he said:

It may be said that many of the directors were unable to be present on account of the intervention of unforseen circumstances. Mr. Hughes Charles referred to the discouragement which has attended the efforts of the old directors. Last year's exhibition had, considering that it had been arranged for at short notice, been a success. With the changes that had been made in the management and the method of holding this show, the society might easily have been heavily indebted. He and others had worked faithfully, but the people had not done their duty, especially the citizens of Peterborough, who reaped the greatest benefits from the show.

Mr. Hughes Charles had not favoured the reducing of the prize list, and in the list of horses particularly he had urged that the list be not reduced, with the following results in the number of exhibits:

Horses—	
1905	140
1906	219
Cattle—	
1905	97
1906	71
Sheep—	
1905	66
1906	59
Swine—	
1905	67
1906	17
Poultry—	
1905	451
1906	598

These figures demonstrate that Mr. Hughes Charles advice was worth while following, and it seems evident that decreasing the number of prizes had the effect of decreasing the number of entries.

Another mistake that Mr. Hughes Charles considered had been made was that of holding a two days' show. He had urged that the show extend over three days as the expenses for three days would be the same as two, while on the third day it would be almost entirely profit. The receipts at the gate substantiated his arguments:

Gate receipts—	
1905	$1725
1906	842

There was not sufficient support from the people, which was discouraging to the directors. The meeting was adjourned until Jan. 24th, at at eight o'clock p.m., on motion of Mr. Collins and Mr. Brooks, to be held in the same place.

At The Shooting Gallery
Last week's shooting match in Yeates Bros.' gallery resulted in a tie—the scores of Messrs. Stanley Russel, A. J. Cassman, Bert Lyons, and Jas. Symonds being 55. The tie was shot off Saturday night, but none of the contestants scored any higher than 53, that being the figures for Mr. Cassman, who was awarded the prize.

SEVERE CANADIAN WINTERS DEPRIVED OF THEIR DANGER.
Colds and Their After-Effects Conquered By the Use of Pe-ru-na.

Mayor of Scotstown Recommends Pe-ru-na for Colds and Catarrh.
READ HIS LETTER.

THE first effect of a cold is a thickening of the mucous membranes of the nose and throat.

This gives rise to a discharge, or at least a stuffiness of the nasal passages.

Sometimes fever accompanies the first attack, also a feeling of languor, dullness and aching of the bones.

If no attention is paid to it, the mucous congestion is liable to spread down into the larynx, producing hoarseness and into the bronchial tubes, producing a cough.

Even when this occurs, many people pay no attention to it.

Under such circumstances, the congestion is liable to become chronic, producing a condition of the mucous membranes known as catarrh. Catarrh is an insidious one time. Catarrh is essentially a chronic condition and does not leave except some thing is done to relieve it.

CURE COLDS—PREVENT CATARRH.

What should be done when a person catches cold is to take a few doses of Peruna.

Taken at the onset, Peruna would break up the cold and prevent all the train of symptoms which usually follow.

But, even in cases where the cold has been neglected and hoarseness or a cough has developed, Peruna can be relied upon to give prompt and permanent relief.

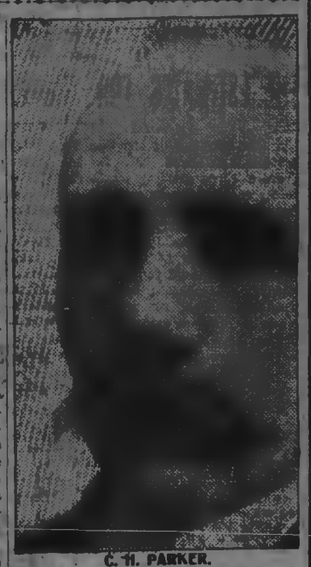
The frequency of coughs and colds in Canada makes Peruna a popular remedy in this country.

A number of the best people in Canada have given testimonials as to the value of Peruna in such cases.

Followed Dr. Hartman's Advice—Restored to Health.

Mrs. Samuelle Vigneau, Avre au Berd, Isle de La Magdaline, Canada, writes:

"I write to tell you that I am perfectly well. I took only three bottles of your Peruna according to your advice and the directions in your book and it restored my health."



C. H. PARKER.

C. H. Parker, Ex-Warden of Compton Co., Quebec, has been mayor of Scotstown for a number of years. He is an influential resident in Scotstown and widely known.

He writes concerning Peruna, as follows:

"I had several attacks of colds from time to time and finally a severe attack developed into catarrh.

"I was advised to use your celebrated catarrh remedy, and after taking three bottles I find myself completely cured, and I no longer suffer from catarrh or colds.

"I can cheerfully recommend Peruna for colds and catarrh."

Should you desire special instructions relative to the use of Peruna, address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

All correspondence held strictly confidential.

The Financial Statement Of Board Of Education

Receipts and Expenditures for Public Schools and Collegiate Institutes During the Lear Were Reported Last Night

THE ESTIMATES FOR THE COMING YEAR WERE PRESENTED

At the meeting of the Board of Education last night, Mr. L. M. Hayes presented the general statement of the receipts and expenditures of the Board for the year ending December 31st, 1906, and also the receipts and expenditures of the Collegiate Institute and Public Schools. It will be seen that the total receipts amounted to $67,333.45 and that there is a balance in the bank of $528.28. The estimate of receipts and expenditures for 1907 was also given. Following is the statement of the receipts and expenditures for last year which was referred to the City Auditors:—

General statement of Receipts and Expenditures.

Receipts.

WORTH MILLIONS

But Could Not Buy Bread—So Goes the Story

Like the Man at Klondike, Who Died of Starvation, with His Hut Full of Gold

Many Die Yearly, With Means of Salvation at Hand, Were They But Able to Use Them

Physicians the world over have known of and believed in the virtues of cod liver oil. They have, alas! also realized its drawbacks and the impossibility of administering it where it would do good. Doctors have seen hundreds of people die of consumption and other wasting diseases, whom they knew might have been saved had they only been able to take enough cod liver oil to obtain from it a sufficient amount of the medicinal principles which it contained.

It is not necessary to go to doctors to know why cod liver oil has not been a *popular remedy*, or to realize how few people are able to take enough of it to do them any good. The many who have needed and attempted to take this nauseating remedy, if they are still in a position where they need cod liver oil, are the ones who should throw their hats in the air and shout their joy from the house-top at the news which comes to us of Vinol.

These are the people who will never forget the name of this new remedy, nor will they ever cease to thank Messrs. McDermid & Jury, our prominent druggists, who have become famous in the past few days, on account of their connection with the Boston firm who have introduced this same remedy.

How simple it all sounds, now that we know of it. Here McDermid & Jury have, right in their store, a preparation that looks like and tastes like delicious wine. It is a delicious wine, only there has been added to it this extract of the cod's liver, this peculiar special extract of the curative principles, the means of obtaining which is the only discovery about Vinol. We do not believe there is an invalid in this city suffering from throat, lung or bronchial troubles, or in fact any wasting disease, but has already interested himself in this preparation.

Messrs. McDermid & Jury are kept busy explaining its merits and telling their many friends how it is now possible to take all that is necessary of cod liver oil, or Vinol, its concentrated active medicinal principles, to overcome disease. It has not been a difficult matter for them to explain, as they have done, the absolute uselessness of the grease itself and to demonstate the great value of the *medicinal properties* of the liver of the cod. It has not been necessary for them to tell sufferers from such troubles that fat does not make fat, but simply upsets and disarranges the stomach.

There are many people right here in our city who know from but a few day's experience how much benefit they are deriving from this preparation, and who have already learned that the medicinal properties of Vinol act in a most wonderful manner in checking the symptoms of disease, while at the same time enabling the stomach to assimilate and digest from palatable, every-day food, the necessary nourishment to renew tissue deplated by disease.

Messrs. McDermid & Jury are justly pleased at the success that will attend the connection they have made with the prominent Boston chemist who are putting up this preparation, and justly deserve all the fame and profit that will attach themselves to their name, on account of their enterprise in introducing Vinol to our city.

MUSIC AND DRAMA

THE ARRIVAL OF KITTY

The presentation of the Arrival of Kitty, a farce comedy, was greeted by a good house at the Grand last night on its second appearance here this season. The comedy is bright and merry interpolated with several catchy musical numbers all of which were warmly received. The story of Kitty's arrival is told on the stage in three acts centreing on the love affair of Billy Brown, a college student and Jane, the ward of Colonel Bell. The arrival of the two Kitties, the fictitious and the real, provoked continuous laughter from the much pleased audience. The cast is small but all are well chosen and make a well balanced company. Eddie P. Bowers as Colonel Bell, a man with a *fondness* for business is the leading spirit of the comedy. Miss Evelcen Dunmore, as the real Kitty Benders, scored a hit in her solo, Carissima, and was repeatedly encored. Her expression, too, was excellent. In a word the whole production left nothing to be desired by those who were seeking a good hearty laugh.

A FACT PROVEN

Should Convince Even the Most Skeptical of its Truth

If there is the slightest doubt in the minds of any that dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs become bald in six weeks' time.

It must be apparent to any person, therefore, that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness, and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

Two sizes, 50 cents and $1.00. Ormond & Walsh, Special Agents.

FIFTH ANNIVERSARY OF ALL SAINTS' CHURCH

Canon Cody, of St. Paul's Church, Toronto, will be Speaker on Friday

Unusual interest is being taken in the services in connection with the fifth anniversary of All Saints' church which will commence on Friday night next, when a sermon will be preached in the church by Rev. Canon Cody, rector of St. Paul's church, Toronto.

Canon Cody is one of the best preachers in the Anglican church in Canada and has been heard with delight in Peterborough on several occasions. His many friends here will be glad of the opportunity thus afforded of hearing him again. On Sunday the services will be continued when sermons will be preached by the rector, Rev. W. Major.

SCHOOL BOARD WANT TRUANT OFFICER APPOINTED

Will Request the Board of Police Commissioners To Do So At Once

MR. COCHRANE HAS BEEN SUGGESTED

The Board of Education, at the meeting held last night, decided to ask the Board of Police Commissioners to appoint a truant officer for the city, suggesting Mr. Geo. Cochrane as a most suitable man for the position.

Mr. Dumble, who brought the matter up, said that a truant officer was badly needed in this city. He pointed out that the police were unable to attend to the duties of the position and that many children who should be at school were roaming the streets of the city. He suggested that the Police Commissionres be requested to appoint an official.

Mr. Pringle moved that the Police Commissioners be asked to carry out the suggestion. He agreed with Mr. Dumble that a truant officer was needed. Mr. Hill, in seconding the motion, and Mr. W. S. Robinson, also spoke strongly, advocating the appointment of an officer.

Mr. Cochrane was mentioned by all as being pre-eminently fitted for the position. It is likely that the request of the Board will be acceded to by the Police Commissioners.

LETTER SPECIALS
At Stratton's Stock-Taking Sale

Mark Bargain Letters below, and remember your letter. Also remember that every item is a money saver, and an unusually profitable one.

"THE VILLAGE PARSON," a Strong Drama at the Grand, Thursday, January 17th

THE STORE THAT NEVER DISAPPOINTS

The Whole Store has put on its "White Dress"

For this is the Annual "White Goods Sale"— Better Assortments! Better Values!

THE WHITE GOODS ARE EVERYWHERE. The great central attraction is the magnificent display of **Women's ... wear** and **Lingerie**, such piles of "snowy" White Under Muslins is possible only with this store, mostly all made of fine nainsook and soft, filmy cambric. There is always a "best" even where everything is superlative. You will find here well made garments for just as little prices as you would care to pay, and yet the real betterness of this Sale is shown by the finer garments, which are just as judiciously reduced from usual values as are the lower-priced kinds.

Women's Corset Covers.....19, 25, 29, 35, 50, 75, $1.00, 1.25, 1.50, 1.75, 2.00

ENLARGEMENTS TO MANN CO.'S PLANT

This Company Making Rapid Progress Since its Incorporation — Good Prospects for the Future

ALL DEPARTMENTS ARE VERY BUSY

An industry which, judging by its present prospects, gives promise of becoming in the near future one of the city's best industries is the Mann Lumber and Cheese Box Co., Limited, Mr. W. F. Nelson, Secretary. Since its incorporation this company has made great progress, and at no time since the industry was established has it had the volume of business that is being experienced at the present time. Judging by the present condition of its trade, which is generally conceded to be a fair criterion, the future of the company is indeed a promising one.

Since the present company acquired control of Mr. Mann's plant on Dublin street, it has been running at its fullest capacity, and in spite of this fact it has at times been difficult to keep up with the orders being received. At this particular time of the year this business is usually somewhat dull, construction work being practically at a standstill, but notwithstanding these apparently adverse conditions, the plant, as has been stated, has been working at full capacity.

In order to facilitate the filling of spring orders, which, according to the present outlook, will be unusually large, it is the intention of the company to place a number of workmen on stock work to facilitate the fulfilment of the usual spring rush. The management will have a fully-assorted stock at all times, so as to avoid any unusual delays.

The company has recently acquired a block of standing timber, comprising 850 acres, and in addition cutting is being carried on in another block. This timber is being hauled to the mill and is being sawn now. The company has on sale a considerable quantity of choice hardwood and dry slabs.

The cheese box department is one of the most important and is under the direct control of Mr. Mann, who is thoroughly familiar with it in every branch, and with the growth of the cheese industry in this county the prospects of a growing business in this department are very bright.

The wholesale department will practically be under the control of Mr. R. G. Ritchie, late of the Peterborough Canoe Co. His experience there fully qualifies him for his new position and assures this branch a success.

The company has a number of alterations and enlargements to the plant under contemplation, and in order to carry them into execution it will be necessary to erect a new office building, which will be done in the spring.

The only complete and perfect food is milk. In it are flesh-formers and heat makers in the right proportions properly balanced.

Milk taken every morning and evening in conjunction with Orange Meat which, according to Prof. Harcourt's determination, is 50% more valuable as a food than bread, supplies the most perfect and evenly balanced food that human subject can secure. Build up children on Nature's food.

HER SKIN WAS COVERED WITH SORES

Defied All Remedies for 7 Years, and Doctors Said, "No Cure"

Yet Zam-Buk Has Completely Cured

So powerful are the healing ... in Zam-Buk that in some ... which have been pronounced beyond relief they have worked ... cure! Such an instance is just reported from Invermay, Sask. Mrs. ... McCormick, of that place, ... "About seven years ago my face broke out in rough red blotches, ... burned and itched and smarted ... turn almost beyond endurance. I commenced to try every known remedy I could get for the face and skin troubles. Some of them gave a little relief, some none, but no matter how much I used them, as soon as I ... out the trouble started all over again. I consulted doctors, and they told me there was absolutely no cure for me, but that I should have to wait until I outgrew the disease.

"Finally my husband sent for a supply of Zam-Buk. We applied a small sample to a small patch of the ... case. To our delight the ... portion treated with Zam-Buk very quickly healed. We then obtained a proper supply, and began the Zam-Buk treatment. I am now delighted to state that after having used a few boxes, I am free from the old trouble and completely cured. I will never be without Zam-Buk in the house, as long as I live, and to all who are troubled with skin diseases in any form I would say, waste no time in obtaining a supply of Zam-Buk. Since proving it in my own case, I have obtained a supply for an old lady who had an ulcer on her leg for 30 years. Three boxes were sufficient to close the wound."

Zam-Buk cures cuts, burns, bruises, scalds, and all skin injuries, as well as skin diseases. Applied to eczema, scalp sores, pimples, poisoned wounds, children's rashes, ulcers, boils, abscesses, itch, sore back, festering and discharging wounds, etc., it acts like a charm. Its antiseptic ingredients kill all germs and prevent inflammation and festering. Then its healing powers come into operation and build up new, healthy tissue. All druggists sell Zam-Buk at 50c. per box, or obtainable from the Zam-Buk Co., Toronto, for price. 6 boxes for $2.50.

LETTERS TELL OF YOUNG PEOPLES' SAFE ARRIVAL

Methodist Missionaries Have Arrived at Shanghi, China, and Written to Friends From There

The first letter, since her arrival in China, has been received in the city from Mrs. H. D. Robertson, better known in Peterborough as Miss Viera Hunter, and the voyage across the Pacific of the band of young people who are going as missionaries to China was described. The trip was in many respects a delightful one, though some of the members of the party were not sorry when land was reached again. It will be six weeks yet before Mr. and Mrs. Robertson will reach their destination in the centre of the Chinese Empire.

EVANGELIST TO HOLD A MID-DAY MEETING

Interesting Service will be Conducted by Evangelist Maplesden

To-morrow at 12.30 Evangelist Maplesden will conduct a mid-day meeting at the shop of the Peter Hamilton Company, Limited, in connection with the series of special meetings which he is conducting in the Gospel Hall. To-night a meeting of more than usual interest will be held in the Gospel Hall. The attendance at the meetings being held there is large and an increased interest is being evidenced.

WILL WASTE NO TIME IN GETTING TO WORK

Special Committee of the Council will Confer with Mr. Stuart

The Special Committee appointed by the city council to negotiate with he Peterborough Light and Power Company in reference to the contemplated purchase of the Company's plant by the city, will waste no time in getting to work. Mayor McWilliams had a conference with Mr. J. H. Larmonth of the Light and Power Company, yesterday, and arranged for a meeting between Mr. Stuart and the Committee.

GOOD PROGRAMME FOR DEBATING CLUB

Interesting Meeting will be Presented To-night at Regular Fornightly Meeting

An interesting programme is promised for the Y.M.C.A. Debating Club to-night at 8 o'clock.

Mr. R. Barrowman will take 'Current Events," while the debate will be "Resolved that Canada secede from the British Empire and adopt a republican form of Government."

The affirmative will be taken by Messrs. F. Ray and F. Simpson, and the negative by W. McLaren and N. Greenhalgh. All Y.M.C.A. members are invited.

THE REAL ESTATE MEN WANT BUILDING, TOO

If the Council is Going to Make Provision for the Carters

A real estate dealer whose business takes him out upon the street considerably, called on the Examiner to-day to express his views on the proposal of the council to provide shelter and telephone for the teamsters and carters in the city. He pointed out that if the council was going to help the carters out to this extent it could also provide a building for the real estate men, fitted with telephone and probably heat it as well.

HOUSEHOLD SCIENCE IS BENEFICIAL

Deep Interest Being Taken in the Classes Being Held at the Y. W. C. A.

The children's classes in household science on Monday afternoon at the Y.W.C.A., were well attended, and the little ones took a deep interest in their first lesson in cooking. The evening classes on Tuesday were also well attended and were much enjoyed. Miss Bawden, who has charge of these classes, is proving an excellent teacher, and the ladies greatly enjoy the lessons. These classes are of deep interest to the young ladies who desire to fit themselves for housewives, as well as for those who already occupy that position, and who wish to introduce variety into their daily menu.

Those in charge of this branch of the Association's work, hope to interest a large number of the ladies of the city in it, and feel that it will prove beneficial, directly to the ladies of the city who participate in it, and indirectly to Peterborough generally.

THESE DARK DAYS

CAUSE US TO REALIZE ANY DEFECT OF VISION OR EYESTRAIN

Many people think that an examination can only be made on bright days. This is not so, as we use a dark room and artificial light exclusively in our examinations. So we can give equally good results on dark, dreary days, as on bright, sunshiny days.

Safest Medicine for Women's Complaints
Women certainly do neglect themselves. They work too hard—over-tax their strength—and then wonder why they suffer with diseases peculiar to their sex.
Most cases of female trouble start when the bowels become inactive—the kidneys strained—and the skin not cared for. Poisons, which should leave the system by these organs, are taken up by the blood and inflame the delicate female organs.
Fruit-a-tives
OR (FRUIT LIVER TABLETS.)
remove the CAUSE of these diseases. "Fruit-a-tives" sweeten the stomach—make the bowels move regularly every day—strengthen the kidneys—improve the action of the skin—and *thus purify the blood.*
"Fruit-a-tives" take away those distressing headaches, backaches and bearing-down pains, and make women well and strong. "Fruit-a-tives" are fruit juices, intensified, with tonics and antiseptics added. 50c. a box—6 for $2.50. At all druggists'—or from Fruit-a-tives Limited, Ottawa. 116

IMPORTED ales cost more—but they are not one bit better than
O'Keefe's Special Extra Mild ALE

GREAT DEVASTATION BY EARTHQUAKE

City of Kingston, Capital City of the Island of Jamaica.

OVER A HUNDRED DEAD HUNDREDS ARE INJURED

Sir James Fergussen, a Distinguished British Statesman, Was Killed, But British, Canadian and American Tourists Are Safe—Fire Follows the Earthquake Shock—City's Principal Buildings in Ruins.

New York, Jan. 16.—The Western Union Telegraph Co. are in receipt of advices reporting that Kingston, Jamaica, has been destroyed by an earthquake, with much loss of life.
The announcement issued by the Western Union follows:—
"The Western Union Telegraph Co. has received advices that communication with Kingston, Jamaica, is interrupted, also to the Isthmus via Jamaica, caused apparently by earthquake, and that later advices say, "land line communication is restored to within five miles of Kingston. Traffic may be accepted at sender's risk, subject to heavy delay." It is reported that Kingston was destroyed by earthquake, with much loss of life."
The report reached here through the cable manager at St. Thomas.

AN OFFICIAL DESPATCH.

British Colonial Office Sends Most Complete News.

London, Jan. 16.—The Colonial Office last night received confirmation of the terrible disaster which has overtaken Kingston, Jamaica, in a despatch from Hamar Greenwood, M.P., sent from Holland Bay, at the east end of the island.
The telegram says that Kingston has been ruined by an earthquake which occurred without warning Monday afternoon at 3.30.
A great number of buildings and dwellings were destroyed, either by the earthquake or by the consequent fire.
The military hospital was burned and forty soldiers are reported to have been killed, together with several prominent citizens and many other of the inhabitants of the city.

Sir James Fergusson Killed.

Sir James Fergusson is reported to have been instantly killed, but no other Englishmen, Canadians or Americans are missing.
The city is quiet, but disciplined workers are needed.
The governor of the colony, Sir Alexander Swettenham, assisted by Sir Alfred Jones, is directing affairs.
The steamer Port Kingston will leave Thursday with most of the members of the party who went out with Sir Alfred Jones to attend the agricultural conference.

Breakdown of Cable.

The foregoing is the most complete despatch regarding the Kingston disaster that has been received here. The absence of details is accounted for by the breakdown in cable communication, but the announcement that no Englishmen, Canadians or Americans are missing will greatly reassure the public concerning the fate of the unusual number of tourists and others who are spending the winter in Jamaica, or who were attracted there by the agricultural and cotton conference.
The party on board the Port Kingston only arrived at Kingston on Friday last. The Port Kingston, in addition to the members of Sir Alfred Jones' party, had other guests and passengers on board which gave her a total passenger list of more than 100 persons. Among those in the company were: Hall Caine, the novelist; Viscount Montmorres, H. O. Arnold Forster, M.P.; Sir Thomas Hughes, Sir Thomas Shannan, the Earl and Countess of Dudley and others of equal prominence.

Will Cause a Shock.

The news of the disaster arrived in London too late last night to be generally known to the public, but it is certain to cause widespread consternation and anxiety, and will bring home to the imagination of the British people the terrors of an earthquake in a way that even the San Francisco catastrophe failed to do.
Owing to the active efforts in recent years of Joseph Chamberlain and Sir Alfred Jones, the commercial development of Jamaica has made the island much better known, and it has been greatly in favor as a winter resort.
Details of the disaster are lacking as direct communication with the stricken city has been cut off, though the land lines had been reconstructed to within five miles of Kingston Tuesday evening.
So far as the reports indicate, the fatalities number less than 100, though the hospitals are filled with injured, and the list of victims may be materially increased.

Extent of Destruction.

The first great shock was felt about 3.30 o'clock Monday afternoon, and, as in the San Franciscan and Valparaiso disasters, flames immediately sprung from the wreckage to carry on the work of destruction. Tuesday afternoon the fire was still burning, although it was believed to be under control.
The Myrtle Bank Hotel, the principal hotel at Kingston, which probably sheltered the great bulk of visitors on the island, is reported destroyed.
The extent of the destruction which has been wrought in Kingston, a city which already bears the scars of a number of disastrous visitations of fire, earthquake and cyclone in years gone by, is still left largely to the imagination. The city is one of the low-lying buildings clustered along the shores of one of the finest and most securely landlocked harbors in the West Indies. The population, which numbers 50,000, is largely made up of native blacks.
Many steamers carrying tourists to Jamaica were en route to the island when the earthquake occurred, but it so happens that, according to schedules, none of the ships from New York or Boston were in Kingston harbor Monday afternoon.

Career of Dead Baronet.

Sir James Fergusson, who is reported killed at Kingston, Jamaica, left London for Jamaica the middle of December. The Right Hon. Sir James Fergusson, P.C., LL.D., D.L.J.P., M.P., succeeded his father as sixth baronet in 1849. Born at Edinburgh in 1832 and received his early education at Rugby, afterwards entering University College, Oxford. In 1857 he entered the army, and in the same year was appointed ensign lieutenant of the Grenadier Guards. He served through the whole of the Crimean campaign, including the battles of Alma and Inkerman, and the siege of Sebastopol. At the battle of Inkerman he was shot through the leg. Whilst in the Crimea he was elected M.P. for Ayrshire in place of Col. Hunter Blair of the Scots' Guards, who was killed at Inkerman. He retired from the army in 1856 with the rank of captain. His whole attention was then directed to politics. In 1857 he was defeated at the bye-election and lost his seat. In 1859 he contested Sandwich, but was defeated. In the following year he was re-elected for Ayrshire. He was appointed lieutenant-colonel commanding the Royal Ayrshire Militia in 1858, and in 1868 he succeeded as governor and commander-in-chief of South Australia. From 1873 to 1875 he commanded the troops in New Zealand, but resigned the latter to re-enter the political arena. In this year he contested Frome and afterwards in 1878 Greenock, and was defeated on both occasions.
He was appointed governor of Bombay in 1880. He held this office until 1885, when he was elected to the Foreign Office. He afterwards became Postmaster-General.

Injured Fill the Hospitals.

St. Thomas, B. W. I., Jan. 16.—According to further, though still meagre details of the Kingston earthquake, received here, it would appear that the first report that the city had been "destroyed" was exaggerated. The fire which followed the shock was still burning Tuesday morning, although it had been confined to certain limits.
A first count gives the number of dead at less than 100, and the number of wounded at several hundred. The hospitals are filled with injured persons.
The principal hotel of Kingston (probably the Myrtle Bank) and the other important buildings, have been destroyed, and other houses in Kingston sustained considerable damage.
The flames apparently were confined to the docks and the warehouse district. If this is so, only a small portion of the city has been burned over.
No mention is made of the continuance of earthquake shocks.

Canadians at Kingston.

Toronto, Jan. 16.—The first word of the Kingston disaster caused considerable excitement in the city. As a popular winter resort for Canadians during the past few years, Jamaica has probably had more tourists than any other watering place, and the fact that several prominent citizens with their families had sailed this month for the south caused anxious enquiries and grave concern. The papers here give a list of about 50 persons from Toronto and Ontario known to be on the island.

The City of Kingston.

Kingston is the capital of the Island of Jamaica and the principal seaport and commercial city of that island. It is situated on the south coast and on the north side of a fine harbor. The latter is a land-locked basin, available for the largest ships, and is enclosed on the south by a long tongue of land at the extremity of which is Port Royal. The population of Kingston is about 50,000.
The only volcano formation on the island is that at the Low, Layton and Retreat estates in the Parish of Portland, a mile from the sea, in the County of Surrey, in which Kingston is situated.
In 1692 a great earthquake destroyed Port Royal, of whose 3,000 houses only 200 remained standing. It was this catastrophe which led to the founding of Kingston.
In 1782 a severe conflagration visited Kingston, destroying property valued at $2,500,000, and in 1843 another fire caused damage of about $15,000,000.
In August, 1880, a cyclone destroyed nearly all the wharves in Kingston harbor and damaged shipping.
There was a double earthquake at Kingston on Dec. 7, 1880. A tremendous hurricane visited Jamaica in 1815. The island was deluged, hundreds of houses were washed away, vessels wrecked and about 1,000 persons drowned.

THE NEILL-SHEPHERD TROPHY IS BACK TO PETERBOROUGH

Local Club Won it Yesterday for the First Time in Three Years—Orillia Played a Great Game

JAS. CONNAL'S RINK WON THE GAME

The Peterborough Curling Club was triumphant yesterday in their games against Orillia and as a result the Neill-Shepherd trophy will rest here during the year 1907. The four local rinks which played in the Charlotte Street Rink were defeated by 16 points, but their more fortunate brethren who travelled north were victorious with 22 points to the good thus smothering

NEILL-SHEPHERD TROPHY
Won by the Peterborough Curlers yesterday for first time in three years

the deficit here and winning on the round by 6 points.

The Neill-Shepherd trophy games are becoming more interesting year by year and both clubs try hard to pick eight rinks which will win the handsome silverware. The Peterborough club won the cup yesterday for the first time in three years and naturally the players, and especially those whose rinks were up, are feeling highly elated over their victory. Orillia held the prize during 1905 and 1906, Peterborough having kept in 1904—the year of its presentation.

"Jimmy" Connal the Hero

The prominent feature of the games yesterday was the remarkable showing made in Orillia by skip "Jimmy" Connal and rink with W. Thompson vice. He defeated his opponent skip Dr. Harvie, who is considered one of Orillias best by 16 points—the same victory as the four Orillia rinks had on the local ice. He is to-day being congratulated on his success which is certainly well deserving. R. Neill's rink in Orillia also made a good showing, winning by 10 points. Geo. Giroux's rink was the only one which was up at home, the other three going down to defeat by good majorities.

In Orillia

The rinks who went to Orillia returned last night and report an excellent time. The ice there as well as here was in the pink of condition and conducive to good curling. The northern curlers are considered the best of good fellows who did everything in their power to make the trip enjoyable.

A Handsome Trophy

The silver trophy was brought down to the city last night by the victorious curlers and to-day it rested on the centre table in the curling rink. The cup including the oblong pedestal it stands on, is four feet six inches high. On top of the pedestal is a silver plated stand about 8 inches high from which four columns rise about nine inches high to support the large bowl. At the foot of the silver columns are two British Lions and designs emblematic of the curling game. An artistically carved rim about 7 inches high rests on top.

The following is the result of the games both here and in Orillia:—

REGINA
Is The Queen City of the West

Our sales of REGINA CITY LOTS during the past two weeks assures us of the confidence Eastern Investors have in Regina City Property.

REGINA led all Canadian Cities west of Winnipeg and east of Vancouver in building estimates for the year 1906, and stood 5th in the whole Dominion.

The present year promises to surpass any three previous years.

The site for the New Provincial Government Building has already been purchased at a cost of $96,250.00, and it is the intention of the Saskatchewan Government to erect Buildings on this site, second to none in the West.

We have some Choice Lots For Sale, adjoining this site, ranging from $60.00 up; also Blocks of 40 Lots at from $1,800.00 up.

Terms on the lots are exceptionally easy and extend over a period of Eighteen Months, which gives the purchaser a chance to sell at a good profit on a very small cash investment.

Many are taking advantage of this opportunity of a good investment.

Call at Our Office and be convinced that Our Offer for investment is unequalled in any other Western City.

KEENE HOCKEY CLUB ELECTS NEW OFFICERS

Team to Represent That Village This Season will be Fast

Examiner Special.

Keene, Jan. 16.—At a meeting held Monday evening, January 14, the following officers of the Keene Hockey Club were appointed:

President, Mr. Frank Dean.
Secretary-Treasurer — Mr. A. B. Fee.
Captain—Mr. Wm. McIntyre.
Managing Committee — Messrs. Vincent McCarthy, Jas. Quinn, Leo Walsh, R. Elmhirst, P. Newton.

The team which will represent this village on the ice during the present season should be able to give a good account of itself. The team will play independent hockey, and games will be arranged with teams from the neighbouring towns.

CURLING

W. G. Ferguson and T. Rutherford have been selected as skips of the two rinks which go to Montreal to take part in the great centennial celebration. The big Bonspiel begins there on January 21st, when rinks from all over the Dominion will be present.

* * * *

The games for the District medal presented by the Ontario Curling Association will be begun here to-morrow. There are nine clubs in this district and it is expected that most of these will be on hand to battle for the silverware. The winners of each district are given the privilege to play in Toronto for the Governor General's prize when the finals are being played off there for the Tankard. Each club, therefore, will, no doubt, strive hard to carry off the laurels in the District Cup games.

TURF.

The races of the Peterborough Turf Club will be held this year on the 22nd and 23rd of this month and two great afternoons sport are promised. All the fast ones in this section including most of the entries for the $1,000 stake, event at Ottawa will be on hand and the meet promises to be the most successful ever held here.

BOWLING

A Canadian Bowling Association was organized in Toronto last night and among the clubs is Peterborough. Bowling is becoming very popular in this city and a large number of men have become interested in the game.

ROUTINE BUSINESS OF SCHOOL BOARD LAST NIGHT

Several Reports Were Received and a Number of Communications Dealt With

DEPUTATION TO INSPECT GALT INSTITUTE

The first business meeting of the Board of Education for the year was held last night, when considerable business was transacted. A number of reports from Standing and Special Committees were received and dealt with. The only discussion took place on the report of the Building Committee, of the King Edward school, over the purchase of a Gurney cast iron boiler. The Board referred the report back to the committee in order to get further information on the subject before taking action. A committee will visit the Toronto and Galt Collegiate Institutes, within the next week, for the purpose of procuring as much information as possible to aid the Board in the construction of a new Collegiate Institute.

There were present Messrs. Robt. Fair, chairman; D. W. Dumble, Dr. Morrison, W. H. Hill, Dr. Burnham, W. S. Robinson, B. F. Ackerman, J. Crane, L. M. Hayes, W. Pringle.

Communications

The following communications were received:

From C. Fessenden, stating that Rev. F. J. Scott on leaving the city, had presented to the Collegiate Institute Library, fifteen volumes of a work entitled "A Library of Universal Literature."

The secretary was instructed to write to Rev. Mr. Scott, expressing the Board's appreciation of the gift.

From Miss Minnie R. Walker, resigning her position on the public school staff. The communication was received and the matter of appointing a successor referred to the Committee on Appointments.

From Silas Bullied, applying for a position as janitor of the North Ward school.—Received.

Statements of Moneys Received

City treasurer, balance of municipal grant grant	$4000
C. Fessenden, fees	240
C. Fessenden, fees	327

Rutherford Bros.	1000 00
John Lachaur	9 00
John Hart	30 00
T. Williams	4 00
Thos. McKee	153 00

Building Committee

Mr. Pringle, chairman of the King Edward School Committee, reported as follows:

That owing to the presence of quicksand under the foundation of the King Edward School, the committee have been advised by the architect, Mr. Blackwell, that it would be unsafe to make any further excavations, and therefore recommend:

That a Gurney cast iron boiler be substituted in the place of the Wm. Hamilton steel boiler already arranged for, and that the latter boiler become the property of your board, and be used in heating either the enlarged North Ward School or the new Collegiate Institute.

Some discussion followed this report the board seeming to think that more information should be gained before any action was taken. Messrs. Robinson and Dumble advocated the buying of a boiler large enough to heat the whole 12 room building instead of merely the 8 rooms to be used at present.

On motion of Mr. Robinson, seconded by Dr. Burnham, the matter was referred back to the committee to get further information.

Will Visit Galt

Dr. Morrison, chairman of the Collegiate Institute Building Committee, reported as follows:

That a deputation, consisting of Messrs. Dumble, Crane, Pringle, Belcher, and the chairman of this committee, go to Galt and Toronto, and see their new institutes before our plans and specifications are completed.

That a sum of $30 be paid for Collegiate bylaw expenses on the certificate of the chairman.

The board then adjourned.

THE DAYLIGHT STORE

STOCK REDUCTION SALE

This is the First Week of our Stock Reduction Sale and if price reductions are any attraction, we are sure to have a great crowd of eager buyers. We are offering Men's, Boys' and Children's Clothing of every sort—Furnishings and Caps of all kinds, at prices so low that the man who has his eye on his pocket book will

Take Advantage of Our Sale at Once

This is just what a whole army of our patrons and the public in general have been waiting for, and now is the time to get in while the picking is good. Never before in the history of Stock Reduction Sales have the reductions been so sweeping. We are determined to sacrifice our profit and in some cases part of the cost in order to accomplish our intentions.

For prices in part of our offerings, see dodgers and our extra space on Monday and Friday.

HAS RETURNED FROM THE UNITED STATES

Mr. G. A. Hamblin Back After Seven Years' Residence in Grand Rapids Michigan

Mr. G. A. Hamblin, a former resident of Peterborough, but who for the past seven years has been living in Grand Rapids, Mich., has returned to the city, and intends to make his future home here. During his absence from Peterborough, this city has made great strides, and Mr. Hamblin expressed surprise at the improved appearance and improved prospects of his former home. It now resembles, so far as its air of progressiveness is concerned, the best of the American cities, and, indeed, it is, he considers, a better city than many places on the other side of the boundary with a larger population.

Grand Rapids, where Mr. Hamblin has spent the last seven years, is a city of about 110,000 population. Its chief industry is that of furniture manufacture, a large number of very large factories being located in that city.

During a considerable portion of Mr. Hamblin's residence in Grand Rapids, he has been engaged in Y. M. C. A. work.

CHARITY BOARD'S FIRST MEETING OF THE YEAR

A Number of Applications for Relief Were Taken Up

The General Charity Board met last night and dealt with a number of applications for relief. There were present, Mr. Henry Rush, chairman, Rev. Father McColl, Messrs. Yelland, J. D. Collins, L. Miller, Jos. Parker, R. C. Burnett. The next meeting of the Board will be held on Jan. 28th.

TWO DRUNKS WERE UP BEFORE THE MAGISTRATE

Both Found Last Night in the Cold while Entirely Under the Influence of Liquor

Merely a couple of drunks faced his Worship, this morning from the prisoners' box. One was J. Elmhurst from the vicinity of Keene, who started last night for North Monaghan but lost the road and when near the C.G.E. Works was upset from his sleigh. He claimed that he had not been drunk but those who saw him thought otherwise. He was allowed to go, it being his first offence.

The other man, appeared, from his accent to be a Lowland Scotchman, by name, Jas. Fallen. He was found last night on George street near the Y.M.C.A. very much the worse of liquor, and, unable to maintain his balance on his pedal extremities. Had he been left in the cold, serious results would have happened. He certainly presented a sorry sight this morning. His face was all blood from an unexpected contact of his nose with the pavement. He admitted that he had had a drop too much and said he had money enough to take him to his home in Toronto. He was told to get back as soon as possible before his money was gone and thus this morning's court was not productive of any revenue for the city.

GET THE HOCKEY GAME RETURNS AT THE RINK

The Marlboro-Peterborough Game Will be Reported by Special Wire—Band at Brock Street Rink

The most popular place in the city to-night will be the Brock Street Rink, for there the reports of the hockey game in Toronto between the Marlboros and Peterborough will be received as it is being played. To-day a wire is being connected with the rink here, and reports will be received direct from the Mutual Street Rink, Toronto, in which the game is being played.

As each goal is scored the news will be flashed over the wires to Peterborough, and will be duly recorded here. The 57th Band will be at the rink to-night, too.

Reserve Friday, January 25th.

FORMER RESIDENTS OF RUINED KINGSTON IN PETERBOROUGH

Mr. Edward Roe, His Brother Fred and Mr. Jack Baley, Lived in Kingston, Jamaica, the Earthquake City

A POPULATION OF 60,000

Some Interesting Historical Facts Concerning the Island and its Capital City—Not First Earthquake

There are three gentlemen in Peterborough to whom the recent earthquake in Kingston, Jamaica, appeals with particular accuteness by reason of the fact that it is their home. Mr. Edmund Roe, of the office staff of the Canadian General Electric Company, and a resident of this city for the last three years came here from Kingston, and still claims that city as his home. Six months ago his brother, Mr. Fred Roe, came to Peterborough from the same city, and they are entertaining at the present time another resident of Kingston, Mr. Jack Baly. The Messrs. Roe's parents until recently lived in the now partially ruined city, but a short time ago removed to another part of the Island. They have, however, a number of other relatives living in Kingston, and they are naturally somewhat concerned as to their safety. They have heard nothing from them yet.

Mr. Edmund Roe to-day gave the Examiner some interesting information concerning the unfortunate city and the Island of which it is the capital. Mr. Roe is thoroughly familiar with the city, and knows well the portion laid low by the earthquake. The famous Myrtle Bank Hotel which was destroyed, he had frequently visited. It was a magnificent structure, and was very popular with Canadian and other visitors to the Island.

An Important City

Kingston, Mr. Roe stated, is on the south coast. It was founded in 1693. Its population is estimated at about 60,000. Kingston is the capital of the island and the principal civil civil and judicial business is transacted there. In spite of its being the capital city, there are no buildings of great architectural merit. Among the public institutions are a fine Court House, a public hospital, a large public library and museum, historic parish church, and many other large buildings devoted to commerce.

Some History

Jamaica was discovered by Columbus in 1494. In 1509 the son of Columbus took possession of the island, and it remained a standing possession until 1658, when it fell into the hands of the English. In later years Jamaica became the resort of the buccaneers, and for a long time it was the headquarters for the pirates of the Atlantic, until these were suppressed in 1670. In 1782, Jamaica was attacked by the combined French and Spanish fleets, and saved by the victory of Rodney and Hood off Dominica.

(Continued on Third Page)

Below Zero First Time This Year

For the first time this year the thermometer last night went below zero, the registration being 12 below, during the night, while at daylight it was still ten below, with quite a strong breeze blowing from the east. It looks now as if there will be some moderation in the temperature in the near future, with prospects of snow fall.

FEAR THAT HARBOUR BED IS SINKING AT KINGSTON

Death List in Earthquake May Yet Reach 1,000—City May Slip Into the Sea White's Found

SITUATION IS SAID TO BE DESPERATE

Harbour Bed Sinking

Port Auprinse, Hayti, Jan. 17.—The shores of the harbour of Kingston are sinking and there is terror lest the city slip into the sea, according to a private dispatch received by a large mercantile here to-day. The harbour floor is said to be sinking and the water in many places is now a hundred feet deep. Every wharf not destroyed by fire is said to have sunk into the sea or been rendered worthless.

No Food Famine

New York, Jan. 17.—Definite advices as to the extent of the Jamaica catastrophe are still lacking early today. Conflicting reports received indicated that the death list must be anywhere from one hundred to one thousand. One dispatch reported that three hundred and ten bodies already had been recovered and buried. There is no immediate fear of a food famine as fruit is plentiful and other Jamaicam towns can send aid. Doctors and medical supplies are, however, urgently needed.

Many White Victims

Kingston, via Holland Bay, Jan. 17.—The first systematic search of the ruins started to-day brought to light the bodies of a number of white persons buried in the collapsed buildings.

INSPECTING FILTER SYSTEM NEAR MONTREAL

Chairman Matthews, of the Water Commission Board, with Superintendent Henderson, on Trip

COMMITTEE ARE AFTER INFORMATION

Mr. T. F. Matthews, chairman of the Water Commissioners Board, and Mr. W. Henderson, superintendent of the water works system left to-day for Montreal for the purpose of making an investigation of a couple of mechanical filtration systems in the vicinity of that city, with a view of gaining information which may be of service in the future, not with this object of using it at the present time.

The question of the installation of a filtration system is one that will bear much investigation before any decision is arrived at, and the commissioners are taking what they consider a wise course in acquiring all the information possible on the matter.

They will be away about three days.

There is Money in Houses

Desperate Case Of Want Reported From The South End Of City; The Situation

Father and Mother Both Sick, With Three Small Children—No Means of Support---One Child Buried Yesterday---Was Starvation the Cause?

The Examiner has been advised of a case of what appears on its face to be deserving of investigation with a view of rendering some apparently much needed assistance. A family named Pope, living on Albert street, is in extremely straightened circumstances. The father, a bricklayer, who has been in this country only a short time, has, of course, not been able to work since the cold weather set in, and, added to this circumstance both he and his wife have been very ill. Yesterday a child was buried, and it is stated that its death was due more or less directly to exposure and lack of nourishment.

There are three other children, all too young to be able to earn anything, and the condition of the entire family is represented to be deplorable.

The lady who informed the Examiner of their condition had assisted the suffering ones to the best of her ability, but their needs was so great that she was unable to provide for it other than to relieve their most pressing immediate wants.

So far as the Examiner has been able to learn, in the short time at its disposal in which to ascertain the facts of the case, the family is a deserving one, the father industrious and sober, and anxious to work if he was able, which, in his present state of health he is not.

There is an opportunity here for the charitably disposed persons in the city, and the Examiner believes there are many such, to render some much needed assistance. It is believed that investigation will lead to the confirmation of the statements made here, viz.: that the family is in desperately straightened circumstances, and that a Christian act would be that of relieving them.

Tidal Wave And A Second Quake Do Great Damage To The Jamaica Islands

(Special wire to J. R. Heinta & Co.)

London, January 17. — A gigantic tidal wave has swept Annetto Bay, on the north coast of the Island of Jamaica, according to a despatch from Holland Bay, just received by the Evening Standard. It is reported that the entire coast has been changed and that great stretches of the beach have sunken into the sea.

Another 'Quake

New York, January 17. — A second earthquake shock is reported to have occurred in Jamaica this morning, according to a cable to this city via Santiago. The second shock is believed to have tumbled down stores, but it is not believed to have been attended by any great loss of life.

Regiment May Take Trip To Rochester This Year

Another Proposal is That Trip be Missed This Year and That Quebec be Visited in 1908—Officers Will Consider the Matter in Near Future

The weather at the present time is not just the kind to remind one of a summer outing, but in spite of this fact plans for the annual trip of the 57th Regiment Peterborough Rangers are being discussed. There is, it is said, a possibility of the regiment taking a trip to foreign soil this year, Rochester being proposed as the objective point of the annual outing. This would, of course embrace a lake lake trip, which many of the men would appreciate. As to the time on which the trip will be made, if it is decided to go to Rochester nothing definite has been settled on, but it would, no doubt be about the usual time, July 1st or probably the 4th.

Rochester has always been a popular city with Peterborough people, a large number of former Peterboroughs residents living there at the present time, so that it is probable that a trip to that city would be much enjoyed by the men of the regiment.

Another proposition has been made, and it is a more pretentious one. It has been suggested that no trip be taken this year, and that next year the regiment go to Quebec. The finances of the regiment will not shall be available. It would mean a unless the money fort wo years' drill very heavy expense, but undoubtedly would be a trip which the men would greatly appreciate, taking them, as it would, to the historic battle grounds where Wolfe and Montcalm fought for the possession of Canada.

It is probable that the matter will be considered at a meeting of the officers in the near future.

House Of Refuge Opening On Monday, January 21st To Be Brilliant Function

On Monday next the official opening of the new County House of Refuge will take place, and the committee in charge is busy making preparations for the event, which will be a memorable one. The opening ceremonies will take place during the afternoon, and it is the intention to make them of as interesting a character as possible. The public generally is invited, and doubtless a great many of the residents of the county will accept invitation thus extended.

A number of addresses will be given, invitations having been extended to the Hon. Provincial Secretary, the Inspector of Prisons and Public Charities, the reeves of the different municipalities in the county, and a number of others, including the clergymen, and many addresses will be given.

The new building will be formally handed over to the County Council, who will be its custodian, and a short dedicatory service will be conducted.

A feature of the function will be the free lunch, which will be served in the building to all visitors. Should the weather be favourable it is probable that there will be a very large attendance.

WANDERERS-THISTLES GAME AT ORIENTAL

Returns Will be Bulletined There as the Game Progresses

To-night the returns of the Wanderers-Kenora Thistles game in Montreal for the Stanley Cup will be received at the Oriental Hotel. Much local interest is being centred in this game, which many pick the Kenora team to win, and the enterprise of the Oriental Hotel management in securing the returns as the game progresses is to be commended.

MALTOSE AND HEALTH.

Physicians Say Its Use in The Human System Is of Great Value.

The great value of Maltose as a nutritive substance can not be exaggerated. In the living organism it is transformed into assimilable sugar more rapidly than saccharose or cane sugar. It is very easy to digest and having not so sweet a taste as cane sugar, it can be taken in much greater quantities than the latter.

"Malta-Vita" is no meaningless coined word; it stands for its literal translation from the Latin and means exactly what it says—"Malt Life." The original phrase, "For the blood is the life," is the starting point and final winning post of Malta-Vita, which contains a considerable percentage of maltose, a natural sweetening agent, easily digestible and readily assimilated by the human economy, forming rich healthy blood.

Now for many years the medical profession have prescribed semi-solid malt extracts which contain a large percentage of maltose but which cost from fifty cents to seventy-five cents per pound. Malta-Vita contains from eight to ten per cent of this wonderful blood-maker and costs but ten cents per package.

Malta-Vita is scientifically prepared to meet the requirements of old and young, weak and strong. To every man, woman and child it gives blood, bone, muscle and brain vigor and a buoyancy of life that cannot come from other food. And it is good to eat. All grocers sell Malta-Vita.

THE WORLD'S SHIPPING

A recent British board of trade return contains some statistics relative to the world's mercantile shipping. The foreign trade tonnage of the United Kingdom entered and cleared at all ports during 1905 was 112,030,734, of which 70,963,087 was British and 41,077,647 foreign. There has been practically no change in the relative proportion of British and foreign ocean carriers in the last five years. In fact, while the figures rise and fall under varying conditions of prosperity or depression not in Great Britain alone, but also in other countries, the British preponderance is today practically what it was as far back as 1850.

In this year out of a total tonnage of 1?,00,000 entered and cleared at British ports the British share was 65. per cent.; in 1890, with the total over five times greater, the percentage in favour of Great Britain had risen to 72.7, while ten years later it was down to 63.7, or practically the same as that disclosed by the figures for 1905. Of the foreign trade of the United Kingdom, Germany exhibits, as has been the case for some years back, the most notable activity. Her share in 1880 was a little over 3,000,000; by 1900, this figure had been doubled, while for 1905 its volume had increased to a total of 8,645,053 tons, this in itself being an increase of 1,238,414 over the preceding year. The growth has been steady and in many respects remarkable; comparing the increases made by Germany and Great Britain from 1904 to 1905, the advantage rests with Great Britain by only 72,286 tons.

Norway takes second place to Germany as a foreign competitor with over 6,750,000—about the same as in 1898—and Sweden and Denmark with 4,250,000 each, show steady progress for the last decade. The United States is far down in the list with 1,750,000 tons. Ocean-going ships cannot be built in the United States because of the excessive cost of steel and other materials, the prices of which are forced up by heavy duties. But for the coasting trade, of which home-built vessels have a legal monopoly, the United States shipbuilding industry would be almost extinguished. Germany is a protectionist country, but German citizens, unlike American citizens, freely buy ships from other countries. This wise policy of free ships has been a great factor in the growth of Germany's mercantile marine. The carrying trade of the United States is largely in the hands of British shipowners because the United States refuses to allow foreign-built ships to fly the American flag.

Your Doctor

Can cure your Cough or Cold, no question about that, but—why go to all the trouble and inconvenience of looking him up, and then of having his prescription filled, when you can step into any drug store in Canada and obtain a bottle of SHILOH'S CURE for a quarter.

Why pay two to five dollars when a twenty-five cent bottle of SHILOH will cure you as quickly?

Why not do as hundreds of thousands of Canadians have done for the past thirty-four years: let SHILOH be your doctor whenever a Cough or Cold appears.

SHILOH will cure you, and all druggists back up this statement with a positive guarantee.

The next time you have a Cough or Cold cure it with

SHILOH

905

PURE AND IMPURE FOOD

If the Pure Food Bill at Ottawa, is passed at the coming session, the success will be greater than has attended efforts in a similar direction in the United States. The United States Pure Food bylaw, which came into effect on January 1st, represented the fifty-seventh attempt to pass such a law. Twenty-nine abortive measures were introduced into Congress, and twenty-seven in the Senate — abortive, because the forces brought to bear by the beneficiaries and practitioners of food adulteration were too strong to overcome. There is no doubt that the passage of such a law in the United States was a necessity, and there is reason to believe that such a law is needed in Canada, though, it is hardly possible, so urgently. The conditions prevailing in the United States, which the law was designed to correct, may be judged from a statement made by Prof. Lynn before the American Association for the Advancement of Science:

Labels, he said, had come to mean nothing. On investigation he found that in almost every case of vinegar sold at a low price, mineral acid was discovered. Cocoa was adulterated with starch, or with ground shell and sugar. Ground coffee is duplicated by drying, baking and powdering hogs' liver, which is then mixed with sufficient chicory and coffee to give a reminiscent flavour. Whiskey is sometimes adulterated by the use of "beading oils" and caramel colouring. As regards gin the greater part of this spirit consumed in the United States has never been prepared by distillation over juniper berries, but is made by adding the oil to diluted spirits. Mustard is loaded with flour; tincture of Jamaica ginger is reinforced with capsicum, and the greater part of ground spice is adulterated.

There need be no hemming and hawing about making these statements. They have all been proven before the United States Congress. The American law does not go so far as to forbid the use of adulterants, for these are necessary in many cases for preserving and flavouring purposes. The law does insist that the label on every package of food, every tin of condiment and every bottle of medicine, etc. shall declare all the harmful constituents, and all the adulterants of the contents. If millers desire to ameliorate their flour by alum and powdered stone, they are at liberty to do so, but they must print the news on the bag. If beef is treated a la "Jungle," the label is a little Upton Sinclair. To really give the people of the United States, pure and unadulterated food and medicine, it will be necessary for the State authorities to co-operate for the Federal law only applies when the food produce leaves the State of its manufacture, and is carried to another State or a foreign country.

DEATH OF D. J. O'DONOGHUE

By the death of Mr. D. J. O'Donoghue, organized labour in Canada loses one of its best friends and one of its wisest leaders. Many years ago he was a resident of Ottawa, where he had the confidence not only of the workingmen but of all classes of citizens. He was twice elected as a member of the Legislature for that city, and in that capacity was loyal and steadfast to the cause which he represented.

For about a quarter of a century Mr. O'Donoghue had been a resident of Toronto, and he was identified with the labour movement at a time when it was not so strong and popular as it is to-day. When the mind goes back to those early struggles, the sturdy figure of D. J. O'Donoghue is always seen in the forefront of the battle. The old Trades and Labour Council and the Dominion Trades Congress, were largely the works of his hands. Though he was boldly radical in his views, there was a strong vein of conservatism in his character and there was wisdom as well as courage in his counsels. His manner, frank, hearty and friendly, was a fair index to his character, and thousands of his fellow countrymen will feel his death as a personal loss.—Toronto Star.

THE LATEST SPORTS

HARRIERS WERE AGAIN VICTORIOUS

Defeated the Arrows by 59 to 38—Alerts Trim the O. T. C. Men

Two more games of basketball were played last night in the Y.M.C.A. league resulting in gains for the Alerts against the O.T. C. men and the Harriers against the Arrows. The last game was between the two fastest teams in the league and proved to be one of the best contests ever witnessed in the Y.M.C.A. gymnasium.

The O.T.C.'s went down to defeat by a score of 59 to 24. The Alerts seemed to have more ability in shooting than their opponents and found the basket with little trouble when an opportunity was given them. Max Yelland was the next shot for the victors. The defence of the losers, however, put up a strong game and were responsible for the small score. Max Dobbin played for the O.T.C. men and scored the greater number of their baskets. Galley was also responsible for a few counters. Mr. Dingman referred very satisfactorily.

The teams lined up like this:—

Alerts—Defence, G. Fitzgerald, Jas. Downing; centre, S. Lang; forwards, Emmerson, Yelland.

O. T. C. — Defence, Stratton, R. Best; centre, M. Dobbin; forwards, Galley, Huston.

Referee—Mr. Dingman.

Harrier--Arrow Game

The Harriers and Arrows came on the floor both determined to win as the issue of the league greatly depended upon the result of this game. The former team has never yet lost a game of the series and the latter have only been defeated by last night's victors. The final score was 57 to 38 in favour of the Harriers. The winners defence played a great game and prevented the Arrows from getting dangerous. Ernie Best did the most of the scoring for the Harriers. Both teams played excellent combination and made the game a spectacular one. Mr. John Laing kept the teams at good scientific basketball.

By winning this game the Harriers have practically won the senior championship and the Cressman trophy, although they have other games to play. They have proven themselves the best team in the league and they have played consistent ball all through the season, winning every game.

The line-up was as follows:—

Harriers — Defence, McIntosh, W. Richardson; centre, R. Dobbin; forwards, E. Best, Robertson.

Arrows—Defence, Dobson, Darling; centre, F. Richardson; forwards, F. Cressman, G. Miller.

Referee—John Laing.

EVERY RINK UTILIZED BY CURLERS LAST NIGHT

Three Important Scheduled Games and Three Practice Games Run Off

Curling has now begun in earnest at the Charlotte Street Rink and if more ice were procurable, it is certain that many others would avail themselves of the opportunity to play the game. The following list will show that all rinks were utilized.

The second, fourth and sixth were scheduled games:—

T R Merrett	O Dumble
D Hall	E Cox
C E Frost	A Moore
R Hicks, 12.	G Fitzgerald, 8.
H Evans	W Taylor
W S Dodds	R N Merritt
W G Read	A A Hollingshead
D. Cameron, 9.	R. Neill, 19.
J Wiley	T Bullen Yeats
E B Clegg	W Lang
J Robson	W Talbot
Jas. Bogue, 9.	T J Wallace, 13.
J Montgomery	W F Johnston
Fulton	J H Ferguson
J Gibson	E Hiland
C N Brown, 10.	W J Thompson, 11.
J McClelland	H Rose
Harmer	R Carlon
C Rutherford	H Foote
T F Matthews, 4.	A Blade, 5.
C A Biggs	J Watson
S Sharp	G B Stevenson
M C Tooley	C Clegg
J Stanger, 11.	T. Brightman, 14.

DISTRICT CUP GAMES HAVE BEGUN

Draws Were Made About Two O'clock—Lakefield and Locals Get Byes

The curling rink is this afternoon well filled with the lovers of the roarin' game who are here to compete for the possession of the District Medal donated by the Ontario Curling Association. Two rinks each are here from Port Hope, Lakefield, Senelor Falls, Lindsay and Keene. The draws were made under the direction of Dr. Boucher, the umpire, at 2 o'clock and the rinks began play shortly after. Lakefield and Peterborough got the byes and will play off to-night with the winners of the others. The following rinks faced each other at 2 o'clock:—

Port Hope.	Fenelon Falls.
M. Carey	E. Beateau
J. Evans	M. H. McCallum
W. Peacock	J. H. Stenton
— Muir	F. A. McDiarmid
E. Brown	A. Gould
O. H. Moffat	M. W. Reine
J. F. Johnston	T. Cashore
D. McMillan	R. M. Hamilton
Lindsay.	Keene.
Rev. O'Sullivan	W. Mather
Rev. Wallace	John Read
R. Butler	J. J. Moore
A. Fisher	Wm. Campbell
W. Cinnamon	F. Fasson
F. Cote	J. Bennett
W. Reesor	V. McWilliams
G. M. McFadden	J. McIntyre

HOCKEY

Two teams from the Murray Street Barracca Class played hockey at the Brock Street Rink last night resulting in favour of the first team by 8 goals to 2. The half-time score was 2 to 1 in favour of the losers. The line-up was:—

First.—Goal, Jerks; point, Shines; cover point, Blade; rover, Yelland; centre, Laing; forwards, McIlmoyle and Kidd.

Second.—Goal, L. Cross; point, Garside; cover point, Foster; centre, McIlmoyle; rover, Garbutt; forwards, G. Cross, Telford.

Referee—Jas. Ellis.

FOOTBALL.

The Pan American Association Football Club of Fall River, New England, champions for six successive years, propose making a tour of Canada beginning about the middle of April. Mr. J. E. Sullivan, secretary of the Midland League to-day received a communication from the secretary of the Toronto Scots Football Club with regard to having that team play in Peterborough. They play at St. Louis on April 26th and will enter Canada the following week to play at Dundas, Berlin, Seaforth, Toronto, Montreal and other places where games can be arranged. It is probable that the Quaker Club will consider the question in the near future.

BOVRIL

Will build You up

A run down condition of the system is due to improper nourishment.

What you need is a food, not a tonic.

Beef is the most nourishing food there is and therefore the best for building up a run down condition.

But the difficulty with beef is that many people fine it hard to digest.

BOVRIL contains all the nourishing properties of beef in a highly concentrated form, easily assimilated by the most delicate stomach.

Only members of the Bible Class are eligible for the participation in the drive and social. Mesdames J. J. Turner Junior and W. J. Scott will chaperone the party.

A Cold Finds Your Weak Spot

THE BRONCHIAL TUBES AND LUNGS ARE PROTECTED AGAINST THE EVIL EFFECTS OF COLDS BY

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

You can never tell just what form a cold will take but you may be sure it will search out your weakest organ. With some it assumes a catarrhal nature, and affects the head principally; but with others it becomes bronchitis and there sets in a hard cough and severe chest pains. Then, again, it often leads to inflammation of the lungs, consumption, pneumonia or may settle on the kidneys or bowels.

Because colds do not always prove serious some people take great chances with them, but the risk is great. Dr. Chase's Syrup of Linseed and Turpentine is intended for people who want assurance against serious results from colds.

This great medicine has absolutely proven its extraordinary control over coughs, colds, croup, bronchitis, whooping cough, asthma and all such ailments, and for this reason has a place in the great majority of homes.

Mr. John Clark, coachman, Port Hope, Ont., writes:—"Being exposed to all sorts of weather I frequently catch cold. Last winter I was so bad with a cold that I could not speak above a whisper and had great pains in my chest. At last I feared that it would develop into consumption if I did not succeed in getting proper treatment. A friend advised me to take Dr. Chase's Syrup of Linseed and Turpentine, and I began to improve before I had taken half a bottle. One bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author are on every bottle.

PERSONAL MENTION

Miss Margaret Kearney of Young's Point visited in the city to-day.

Mrs. Freel, of Markham, is a guest at "Strathormond," 705 George street.

Mrs. Walker of Chicago is visiting her sister, Mrs. W. Madill, Aylmer street.

Mr. J. W. Browett, optician, has returned to the city and will take up residence here.

CHEAP POWER FOR CITY MEANS BIG SAVINGS

Good Work of City's Deputation in Ottawa—500 H. P. at $15 Must Be Guaranteed

BY THE OTONABEE POWER COMPANY

When the city's deputation went before the Railway Commission in Ottawa yesterday, they took advantage of their presence in the city to interview Hon. H. R. Emmerson, the Minister of Railways and Canals, in reference to Dam No. 5. They requested the Minister to provide in the lease which is being prepared for the Otonabee Power Company, that the city of Peterborough must be furnished with 500 horse power at $15 per horse power per year.

The Minister, after considering the matter, said that if the city council of Peterborough would make their request by resolution he would see that their interests were safeguarded.

This means a big saving in view of the fact that the city has guaranteed to supply the Coates Company with 500 h.p., for 21 years, at $15 per h.p.

The city has been under the impression that the power would cost at least $20, so that the saving of $5 a horse power on 500 horse power for 21 years would be a substantial sum to the credit of the corporation.

The city deputation consisted of E. H. D. Hall, and Ald. Elliot, and Johnston.

T.A.S. VANQUISHED ST. MARTIN'S

A Pleasant Evening Spent at the T. A. S. Roooms Last Night at Forty-fives —Score 169 to 144

The little social at the T.A.S. rooms last night proved to be a most delightful and successful affair. St. Martin's Social Club, of Ennismore, under the leadership of Rev. Father Fitzpatrick met the social club of St. Peter's T.A.S. at a friendly game of forty-fives and were vanquished by the score of 169 to 144 games.

About thirty-five of St. Martin's Club drove down to the city last night and according to reports were well repaid by the journey. There were eight tables of players and some hot games resulted. Afterwards refreshments were served by the ladies and music, songs and speeches provided a very pleasing entertainment. Rev. Father Fitzpatrick, McColl, Gavan, and Rev. Dr. O'Brien were some of those who spoke the rest being Ay members of St. Martin's and St. Peter's Clubs. The Ennismore people expressed themselves as highly delighted with the kindness and hospitality with which they were entertained and for the pleasant evening they had enjoyed. A hearty invitation was extended St. Peter's Club to visit Ennismore and needless to say it was accepted.

WEDDING BELLS

SNOWDEN--LUCAS

A pretty wedding was solemnized at the residence of Mr. John Craig, 29 Queen street, yesterday afternoon, when Miss Annie Lucas, of the city and formerly of Hastings County, was united in marriage to Mr. Herbert Snowden, son of Wm. Snowden, city. The ceremony was performed by the Rev. Canon Davidson, in the presence of a few intimate friends.

The bride was charmingly attired in a gown of cream silk over taffeta, with the conventional veil and orange blossoms and carried a handsome bouquet of roses and carnations.

Miss Irene Craig was bridesmaid and was attired in a pretty gown of crepe de chene over taffeta and carried a smaller boquet. The groom was assisted by Mr. Robert Heiderman.

A delightful wedding repast was served after the ceremony and Mr. and Mrs. Snowden left on the 5.15 train for Toronto on a wedding trip.

The gift of the groom to the bridesmaid was a handsome gold pin set with pearls, to the bride a gold ring set with pearls and to his best man a gold tie pin.

NEW MEMBERSHIP CAMPAIGN

English, Irish and Scotch Competition Arranged For

The energetic membership committee of the Y.M.C.A. met at the building last evening and discussed the best means of pushing a membership campaign. The scheme of the chairman, Mr. Frank White, was to hold a national contest, and this met with the warm approval of all present, it being decided to go on and organize.

The plan is to have three sides, composed of as many members as wish to help in the effort—decided according to their nationality — English, Irish or Scotch.

The side securing the largest number of points wins, and will be entertained to a supper by the two sides which lose.

Every dollar secured in membership fees, either renewals or new, counts a point.

Each side will have a distinction badge.

The sides will be captained as follows:—

English—will be led by W. MacLaren; the Irish, by Frank White and the Scotch by Frank Simpson.

Each side will hold a grand rally at an early date when organization will be completed and the contest going in earnest.

All who wish to join one of the sides are asked to leave their names with the leaders, or at the office of the Y.M.C.A..

The leaders intend to make this the most lively contest the local Y.M.C.A. has ever seen.

"MY VALET" has removed from 384 1-2 George Street to 204 Charlotte Street. Phone 575 Bell.

RECORD MEETING OF THE DEBATING CLUB

Largest Attendance in History of the Y. M. C. A. Club Last Night

Last night's meeting of the Y.M.C.A. Debating Club broke all former records in point of attendance, showing the increasing appreciation on the part of the members of the facilities offered by the club for the development of mental and debating powers.

President Shiner presided, while as the roll was called each member responded with a popular quotation. Mr. Robt. Barrowman's revision of Current Events was most comprehensive and was given in a very masterly style.

The debate, Resolved that it would be to the best interests of Canada to have a republican form of government, was ably debated by Messrs. Ray and Simpson for the affirmative and Messrs. MacLaren and Greenhalgh, for the negative.

Both sides scored some good points but the judges awarded their decision in favour of the negative. The decision was a popular one as well as all the members felt.

Mr. J. E. Hodgson, B.A., the Club's critic gave a clever and scholarly summing up of the evening's programme, which always is characterized by the members as the most practical and enjoyable part of the programme.

The Club will meet again on Jan. 30th.

CURTIS WAS COMMITTED FOR TRIAL THIS MORNING

Magistrate Edmison Found Suffcient Evidence to Endorse This Step

The preliminary trial of Samuel Curtis was heard before Magistrate Edmison this morning at the County Police Court, when the accused was committed for trial.

He is charged by the North American Insurance Company with trying to obtain fire insurance money under false pretences. The nature of the prosecution was that the accused over valued his goods and did not give the proper returns. He will come before Judge Weller as soon as the latter makes an appointment for the trail. Mr. R. E. Wood is looking after the case for the company, and Mr. R. F. McWilliams for the defence.

SPECIALIST AT McDERMID & JURY'S

J. W. BROWETT, Doctor of Optics, who did such good optical work here in the Fall returns this week after having taught Opticians in several places, at all of which places the specialist has been most successful and satisfactory.

McDERMID & JURY, Druggists, PETERBOROUGH

FORMER RESIDENTS OF RUINED KINGSTON

Continued from First Page.

In the previous history of Jamaica, several great earthquakes have occurred. One of these was in 1692, when part of the town of Port Royal, built on a shelving bank of sand, slipped into the sea. In 1712 and in 1722 there were dreadful hurricanes, and since then other terrific storms have occurred, one in 1880, devastating the eastern part of the island.

Largest of the Indies

Jamaica is an island lying between the Caribbean Sea and the Gulf of Mexico, about eighty miles to the southward of the eastern extremity of the island of Cuba. It is the largest island of the British West Indies, being 135 miles in length and from 21 to 49 miles in breadth. Its area is about 4,000 square miles. Within its government are comprised the three small islands, called the Caymanas, British Honduras, and Turks and Caicos Islands. The surface of the country is usually hilly or mountainous, and there is a great variety of climate, according to situation and elevation. The largest extent of the level land is to the westward, where the lowlands are near the sea. The form of the coasts presents the outline of a turtle, the mountain ridges representing the back.

Many Water Courses

The highest elevations are situated to the east, the inclined slopes rising from the west. Vestiges of intermitten volcanic action occur. From the sea level on all sides ascend ridges gradually ascend towards the central range dividing the large rivers, and rising occasionally into peaks for 6,000 feet. The Blue Mountains rising centrally from east to west rise at some points to about 7,000 feet. The vapours ascending from the rivers, and surrounding ocean produce in the upper regions clouds saturated with moisture, which induce vegetation belonging to a colder climate. During the rainy season there is such an accumulation of vapour as to cause a general coolness over the island, and of course occasioning very sudden and heavy showers, and sometimes destructive floods. Upwards of one hundred rivers and streams find their way from the interior to the sea, besides the numerous tributaries, which issue from every ravine in the mountains. These streams for the most part are not navigable. In times of flood they become devasting torrents. The surface of the valley and level lands consist of alluvial deposits, composed of sediment derived from the disintegration of the higher land. The vegetable products are very numerous. There are forest trees fit for every purpose. The Island is generally healthy, though sometimes subject to yellow fever, like most tropical countries. Hurricanes when they occur come between July and October. The periodical rains, which generally last for six weeks, constitute the May and October season. The population is about 800,000, of which 25,000 are whites.

LADIES NOW STATE THEIR POSITION ON THE MARRIAGE QUESTION

Young Lady Who Enjoys Going to Opera House Not Necessarily an Undesirable Wife, Says "One of the Fair Sex"

OTHER LETTERS ON SUBJECT

The other side of the question has been heard from now. To-day a letter is published from a young lady writing over the title of "One of the Fair Sex," in which some of the young men who have been writing letters on the marriage question, are told a few things in a somewhat emphatic manner. This young lady is not of the opinion that because she may happen to enjoy going to the theatre occasionally, she will make any the less efficient or faithful wife, and she makes some remarks on the attitude of the young man who would blame her for enjoying herself.

The interest in this controversy is still being maintained, and a number of letters from young men, with whom it is evidently a live subject, appear to-day. The men in the case are trying to hedge; they apparently appreciate that they are in the wrong. One of the writers to-day even goes so far as to say that he doesn't see why he should marry at all, and frankly states that he does not wish to enter that state. He is evidently one of the disappointed ones whom some girl has turned down and now he is sore, taking his spite out against the sex in general.

If there are any other young ladies who have views on what has developed into an interesting controversy, their expressions of opinion will be gladly received by this paper.

To the Editor of the Examiner,

Sir, — In answer to the "Christian Young Man's" reasons why men over twenty-five do not marry, we, as members of the fair sex, beg to differ from him. If, as he says, there are five young ladies for every man in this city, surely among all these he should be able to select a partner for life. With regard to home-training, there are very few of the girls nowadays without at least some home training; and he cannot expect a girl to flaunt her good qualities in the face of every man, or even a man with whom she happens to be on particularly good terms, lest he think she is trying to secure a husband. Next year, I believe, is the year for the girls to do the proposing. Many of the girls who work in factories or stores are helping their parents by supporting themskating rinks and other places of amusement opened, if not for the selves. Why were opera houses, people to enjoy themselves? If the men who are earning good money, cannot take the girls out to these places once in a while——well——we would be afraid to risk marrying that kind of man. As a rule, men are a lot nicer to the girls before they marry them, and if they won't spend a trifle before they marry them the trifles they would spend afterwards would be few and far between. Don't you suppose that any girl would get tired of having the same young man come to the house every evening, at the same time, sitting in the same old corner, holding hands in the same old way, and discussing the same old topics? My Goodness!—It is enough to make any girl shudder. And another thing, young man, do not imagine for one moment, that because a young woman is fond of amusement, that she will not make a good Christian wife. You would be the first to take offense if anyone hinted that your mother was not a good housekeeper and wife, and yet I would not be afraid to say, that if you asked her if she ever went to any of these places of amusement, or to any of the good old time parties, her answer would be that she had, and enjoyed them immensely, too. We have come to the conclusion that this young man is in search of a housekeeper, and not a companion, as he harps so much on home training, and the best advice we can give him is to advertise in the want column of the Evening Examiner for a housekeeper, and no doubt he will find one that will fill the position satisfactorily.

Yours very truly,
ONE OF THE FAIR SEX.

"ONE OF THE FAIR SEX" ANSWERS ASSERTIONS OF "CHRISTIAN YOUNG MAN"

Dear Sir,—Please allow me space in your paper to state why so many young men over 25 do not marry.

First, there are many young men who would marry, but cannot get the right young lady. They are both temperate and temperance, and in some cases true Christian young men. These object to marrying any one that is non-temperance, as they would not like to have to work hard day after day and see their wages spent in the accursed drink which steals away their brains, and which at last lands them in utter destruction. To the young ladies that are temperate and temperance, if you want to have a happy and comfortable home, marry a temperate young man and a true temperance, not half and half. I am on the ladies' side in this question.

The second reason of my remaining single is because it is absolutely useless marrying a girl that knows nothing about house duties and knows nothing in regard to cooking.

I have led a bachelor's life for some years, but would gladly accept an offer of marriage if I could only get the right sort of a girl. I can honestly say without a boast that the girl that I do catch will not be sorry for the deed. I have laid the bait a long time, but am not yet weary in waiting for the fish. I know and have had a lot of experience in the work when women have to do daily, so can say with the fair sex that a woman's work is never finished from Sunday to Sunday, while a man can get his rest. Wishing the feminine class every success.

SPARKLING.

FICKLENESS OF GIRLS, CAUSE ATTRIBUTED BY THIS BACHELOR

To the Editor of the Examiner:

The letters which have appeared in the Examiner on why more men do not enter the connubial life before they reach the age of 25 years has caused me to reflect and wonder why I have never been married. It is a fact that I never thought of reasons before. I have often been asked by old friends why I have never "taken unto myself a wife," but the question was not seriously spoken so that I never took the trouble to ponder over it in earnest.

Last night as I read your paper past memories came floating back to me that I had thought were gone forever and it suddenly dawned upon my mind that I was pretty near it once. Judging from past experiences I believe that the young ladies themselves are most to blame for the scarcity of marriages. I had once made up my mind to ask a girl the important problem, but on that very night—I now remember it well—I saw that her affections were centred on another and I never afterwards made any advances.

She is not married yet and not likely to be, all on account of her fickleness with men. Many girls are like this—they cannot centre their thoughts on one man long enough to win him. I wasn't married before the age of 25 and since then I became sensible to the troubles accompanying a bride and I never shall. I can sew on my own buttons and darn my own socks and don't have to get up first to light the fires so that I am still happy.

In concluding I firmly believe that if the ladies would study the men they like and respect them more than others for a reasonable length of time there would be more homes and less old maids and bachelors in the world. Girls are too fickle for me.

Yours, etc.,
Antifickleness.

"BACHELOR" IS CANDID, DOESN'T INTEND TO BE MARRIED AT ALL

Editor Examiner,—

Why all this talk about men over 25 being married? If the men do not want to get married, which apparently they do not, can't they be left alone? If marriage is such a desirable state for the men, as some would have them believe, it will be the men who will have to suffer for not entering it, and in that case failure brings its own punishment.

There are, however, some men who think that by remaining single they are consulting their own best interests. I happen to be one of this class, and I cannot see why I should not be allowed to keep out of the clutches of the women if I want to. I suppose it is some designing woman who began this discussion in the first place. I should like to say that, so far as I am concerned, I am over 25 years of age, am not married, and, to be candid about it, do not intend to be if I can help it.

BACHELOR.

A BASKETBALL PLAYER HONOURED LAST NIGHT

Mr. Macintosh, of the Harriers, is Leaving the City

After the basketball games last night the Harriers and a few friends had a little banquet at one of the restaurants in honour of Mr. MacIntosh, their star defence man, who is leaving town for other parts. A few appropriate speeches were made, in which Mr. MacIntosh was assured that his companionship has been prized by his friends here and that the friends made here will be life-long. His loss will be keenly felt by the boys, not only because of his ability as a player, but more because of his good companionship. Mr. MacIntosh stated that he was very sorry to leave his friends here, but that his business called him to other places. Then after heartily singing "He's a jolly good fellow" the boys dispersed.

SPECIALIST WELCOMED BACK

This week we welcome back to Peterborough, J. W. Browett, Doctor of Optics, of Philadelphia Optical College, who was with us for a few weeks last fall. This gentleman is admitted to be one of the most thorough opticians in Canada, and his work is indeed satisfactory. Dr. Browett is teaching progressive opticians all over Ontario modern methods of eye examination and proper fitting of artificial eyes, spectacles and eye glasses. Since being in Peetrborough the professor has been giving post-graduate courses of instruction, having visited Bolton, Collingwood, Brussels and Toronto, and has had successful business in each place. Dr. Browett will be at the McDermid & Jury drug store. Any who are wearing spectacles, may, we understand, consult the specialist, and know if their glasses are suitable, and any who may wish to know the condition of their eyes, cause of headaches, etc., may also consult him. No charge is made unless glasses are supplied. We bespeak a busy time for the specialist in this city.

RESIGNED AFTER 10 YEARS OCCUPANCY OF OFFICE

Mr. M. W. Matchett is Succeeded as Superintendent of Mark Street Methodist Sunday School by Mr. J. C. Miller

OTHER OFFICERS WERE ELECTED

An important meeting of the Sunday School Committee of the Mark street Methodist Church was held last night, when a readjustment of some of the officers was made. Mr. M. W. Matchett, who had been superintendent of the school for about ten years,

MR. M. W. MATCHETT

Who Resigned from Superintendency of Mark Street Sunday School, after holding it for ten years

resigned from that office, and Mr. O. S. Matchett, the secretary-treasurer for five years, took a similar motion, and elections to fill these offices took place, resulting as follows:—

Superintendent—J. C. Miller.
Assistant Supt.—M. Carton.
Sec.-Treasurer—A. J. Throop.

Miss M. Howson was appointed to teach the class formerly taught by Mr. Miller.

The financial report, presented last night showed a most encouraging state of affairs. There is a good balance in the treasury, with all outstanding accounts paid, and the supplies for a year in advance provided for.

ABOUT YOUR HEADACHE!

You Must Agree in This:

That headache does not necessarily mean there is anything wrong with your head! That being so, you must look to some other organ for the trouble. Is the ache in the forehead, and does it cease if you press it? That is neuralgic headache. Is it one side of the head only? That is what the doctors call "megrim." Both these forms arise from lack of tone in the system. Is your headache general and accompanied by sickness or foul breath or constipation? That kind of headache is due to livey and stomach disorder. Nine headaches in ten arise from these causes. There are two methods of treatment. One is to take headache powders. This is like trying to escape pain by taking chloroform. The other is to correct the organs which by their derangement are causing the trouble. That is the Bilean way! Bileans cure headache by their beneficial operation on the digestive system, the liver and the blood. Correct these properly and you will have no more headache.

Mrs. G. R. Black, of 35 Blevins Place, Toronto, says: "I suffered acutely from headache. The attacks were most violent and made me so ill I could hardly do anything. The headache was accompanied by digestive trouble, heartburn, and constipation, and it seemed as if I were going from bad to worse. Until I tried Bileans I was unable to get anything which gave me relief. Bileans, however, acted like magic. They not only cured the headache, but also relieved me o the indigestion, heartburn and constipation. I have proved that a few doses of Bileans will remove the most most violent headache, and as a cure for constipation they are absolutely unequalled. No family should be without a box of Bileans on the sheif."

Bileans are purely herbal in their composition and are also free from alcohol. They are a cure for all digestive and liver disorders, constipation, piles, debility, anaemia, blood impurities, colds and chills, rheumatism, wind spasms, female ailments and irregularities, sallow complexions (due to bile in the blood,) dizziness, etc. All druggists sell at 50c a box, or may be obtained post free from the Bilean Co. Toronto, on receipt of price. 6 boxes for 2.50.

WEDDING BELLS

FAIRBURN--LOWERY

A quiet but interesting event took place at half past five o'clock last evening, when Miss Elizabeth Lowry, the youngest daughter of the late John Victor Garner Lowry of Warsaw, was united in the bonds of holy matrimony to Mr. John Andrew Fairbairn, second son of Mr. Alex. Fairbairn of Smith's Falls.

Owing to the illness of the bride's brother, the marriage was celebrated very quietly, the Rev. Canon Davidson officiating.

The bride attired in a white taffeta silk dress, wore with a bolero of allover lace, trimmed with baby Irish lace, and a veil surmounted by white carnations and smilax, carried a bouquet of flowers with smilax and ferns, and was given away by her cousin, Mr. L. Campbell.

After the ceremony a dainty supper was held at 769 Water street, where the bride will receive on the afternoons of Monday and Tuesday, the 28th and 29th inst.

Among the many beautiful presents which the bride received was a china tea set from W. Lech & Sons, and a silver cake basket lined with gold from the employees. The groom's gift to the bride was a gold watch.

POWERS--LAMEY

A very happy event occurred on Wednesday, Jan. 16th, at the church of "Our Lady of Mount Carmel," Hastings, when Miss Mary Lamey, daughter of Mr. John Lamey, of Percy, was united in the holy bonds of matrimony to Mr. James Powers, of Peterborough.

Precisely at 8 o'clock the bride entered the church on the arm of her father who gave her away at the altar. Rev. Father Fitzpatrick, cousin of the bride officiated. The bride was richly gowned in brown peau de soie silk over taffeta, with elaborate trimming of French silk applique and point lace and wore brown panne velvet hat with plume to match. She was attended by her cousin, Miss Kathleen M. Garvey, of Toronto, who was neatly attired in brown brocaded silk over taffeta with trimmings of baby Irish lace and applique, and wore pink velvet hat with plume and tulle to match. The groom was assisted by his cousin, Mr. James Henry, of Peterborough.

After the ceremony was over, and the usual congratulations extended to the bride and groom the bridal party were driven to the home of the bride's parents, where a sumptuous dejeuner was served to about 150 guests. A very pleasant time was spent until the bride and groom took their departure on the evening train for Cleveland and other points west, amid showers of rice and good wishes. The bride's going away gown was plum coloured chiffon velvet with Persian trimmings and hat to match.

The bride was the recipient of many valuable and useful presents which tend to show the high estimation in which she is held by her many friends.

CHEAP GRANITEWARE SALE

At this season we have quite a lot of slightly damaged GRANITEWARE which we wish to sell before stock-taking. There are some real bargains—have a look.

THE BEST STOVE AND HARDWARE CO

"MY VALET" REMOVED TO CHARLOTTE STREET

Have Handsome New Sleigh on the Street Which Had a Narrow Escape First Day

The handsome new delivery sleigh of "My Valet" which made its first appearance yesterday to the Peterborough public almost met with a serious accident. The horse attached to it frightened at the yelling of the telephone men on the poles in front of Routley's store and made a dash for freedom. It was brought to a standstill at Hunter street, before any damage was done.

The proprietors of "My Valet" have moved from 384 1-2 George street to 204 Charlotte, just east of Gemmell's store. They are in the same business as before and are prepared to do all kinds of cleaning, pressing and repairing, ladies' and gentlemen's garments.

ST. PAUL'S S. S. ANNUAL MEETING HELD

Satisfactory Reports Were Received Last Night---Officers Elected

The annual meeting of St. Paul's Sunday School was held last night when the receiving of reports and the election of officers for the year took place. Mr. Wm. Madill, the superintendent occupied the chair and there was a large attendance of those interested in the affairs of the Sunday School.

The reports presented were of a most satisfactory nature. That of the superintendent referred to the fact that the school had sustained the loss of two valuable teachers during the year, Mr. Jas. Fife, B.A., and Miss A. Williamson, both of whom have gone to the Northwest. The school, according to the report, is in good working condition.

Mr. Wm. Pringle, the secretary-treasurer, in his report showed that the working expenses of the school had been $200 and $300 had been contributed to missions.

Mrs. Church gave a satisfactory report on behalf of the Home Department.

The election of officers for the year resulted as follows:—

Supt.—Wm. Madill.
Asst. Supt.—G M Roger.
Sec.-Treas.—Wm. Pringle.
Recording Secretary — Miss Drummond.
Pianist—Miss G. Crane.
Musical Director—W F Nelson.
Librarians—J H Connal, J W Carey, Roy Turner, Percy White.
Home Dept. Supt.—Mrs. Church.

Mr W F Nelson has had charge of the singing and orchestra during the past year and the improvement made has been marked. Mr. Nelson has not missed attending Sunday School for the entire year.

Y.M.C.A. BOY LEAVING PETERBOROUGH TO-DAY

Mr. Jas. Downing Has Secured Position in Clinton, Mass.

Mr. Jas. Downing, who has been connected with the C. G. E. for a number of years, left Peterborough to-day for Clinton, Mass. His departure will be keenly felt by a large number of friends, and especially by the members of the Y.M.C.A., with whom he has been associated while here. He was a member of the Alert basketball team, and he will be much missed by that organization. He has received a position in Clinton, where his parents reside, as a machinist in a large factory.

INSTALLATION OF THE ODDFELLOW OFFICERS

An Interesting Function Will Take Place at the I. O. O. F Hall To-night

To-night the installation of officers in the two Peterborough Oddfellows Lodges will take place, and the usual festivities to the ceremony, will be held. The installing officer will be W. Hill, D.D.G.M., and he will be assisted by other members of the Order.

THE INDIAN AS HE IS DEFINED BY THE ACT

The Case Against Jas. Kelly, of Royal Hotel was Dismissed, as was a Similar Case—Other Cases Heard

MR. HAVERSON APPEARED FOR DEFENCE

The main question of interest at the police court to-day was "What constitutes an Indian?" The law does not consider the hue of the skin, or the high cheek bones, or any other physical characteristics, nor whether there is the blood of former Indians in his veins; the matter resting entirely upon whether he belongs to a band of Indians and receives money from the Government in the form of annuities. The matter is fully discussed in Mr. Dumble's report, given herewith.

The Liquor Case

The first case was that of selling liquor to an alleged Indian named Johnston, Jan. 14th. Mr. R. E. Wood and Mr. Jas. Haverson agreed to first settle the question of Johnston being an Indian, according to the definition of the law, before the evidence was heard. This was done and saved much time, as there was no necessity of hearing otters unless the main question was decided.

Edward Johnston, the Indian, was called and stated he had been born in the neighborhood of Hamilton. His mother still lives in that vicinity. He said he did not live with any band and did not belong to one. Johnston answered, as is usual for an Indian, being stoical and short spoken. He said he had lived when a boy with the Tuscarora band near Brantford. He also said he received no Government money and during the past eleven years has supported himself. Mr. Haverston claimed that Johnston was not an Indian, within the meaning of the law, and therefore there was no necessity of proceeding with the case. In fact it was intimated that it was safer to give an Indian liquor than to a white man, as far as subsequent results are concerned. The case was, therefore, dismissed.

The Kelly Case

Regarding the Kelly-Cornelius case in which Mr. Dumble was to deliver judgment next week, as Mr. Haverson and Chief Roazell were the only parties interested, and as the former was about to return to Toronto Mr. Dumble gave his judgment this morning. The address accompanying his decision is as follows:

This is a charge laid under the Indian Act C. S. C. chap 43. James Kelly is charged with having sold intoxicating liquor to Richard Cornelius, an Indian.

It appears that on the morning of the 8th of January Kelly sold to Cornelius and two white men three rounds of whiskey. To sell to the white men is no offence at law, but the statute makes the sale to an "Indian or non-treaty Indian," an offence subjecting the seller to imprisonment for a period not exceeding six months nor less than one month or to a penalty not exceeding $300 nor less than $50

The defence submits that Cornelius is not an Indian, within the meaning of the act. Whether or not one is an Indian is not determined by the colour of his skin or the amount of Indian blood in him. Cornelius is two-thirds Indian and is very dark, but is he an Indian within the meaning of the act?

Under the act the expression "band" means "any tribe, band or body of Indians who own or are interested in a reserve or in Indian lands in common, of which the legal title is in the Crown or who share alike in distribution any annuities or interest moneys for which the Government of Canada is responsible."

The expression "Indian" means:

"Any male person of Indian blood reputed to belong to a particular band."

The expression "non-treaty Indian" means:

"Any person of Indian blood who is reputed to belong to an "irregular band," or who follows the Indian mode of life"

The onus of proof here lay upon the prosecutor and it was not established that Cornelius came within the class "Indian or non-treaty Indian" as defined by the act.

Cornelius himself swore that he was not a member of any "band," and that he did not receive any "annuity." In fact he was an Oneida, but he had no permanent home. At present he was living in a rented house at Indian River, engaged in contracts with the white men in cutting cord wood. He was evidently as intelligent and as well if not better educated than his companions, and certainly not following the "Indian mode of life."

The prosecution fails and the charge is dismissed.

D. W. DUMBLE,
Police Magistrate.

Dated January 21st, 1907.

THE CAMPBELLFORD HUNTERS WERE CAUGHT

Cost Four of Them $100 to Settle for Shooting a Cow Moose Last November

WARDEN FITZGERALD INVESTIGATED IT

Deputy Game Warden Percy Fitzgerald, was in Campbellford yesterday and rounded up a quartette of offenders of the Provincial Game Laws. The offence was committed by four men who reside in Northumberland county near the town of Campbellford. They were hunting in Hastings county, near Beaver Creek, last November, and on the first day of the month shot a cow moose which is strictly against the law at any time. The season for hunting moose is between November 1st and 15th, but only the bull moose are allowed to be killed during that time.

A pair of the animals were found together, but the cow alone fell a prey to the hunters, although they tried hard to secure the other.

The Campbellford Game and Protective Association heard of the affair and discovered that the law had been broken. The Association has been working diligently to preserve the game and on hearing the full particulars, sent for Mr. Fitzgerald. The latter visited Campbellford yesterday and drove to the several homes of the law breakers, who admitted their guilt and were assessed $20 each, without seeing the inside of a law court.

The hide of the moose was sold to a hotel keeper in Campbellford, who also had to pay $20 for his share of the transaction. He stated that he had tried to have it tanned, but that the tanners refused to accept it, knowing it to be illegal. He then threw it away so that the warden was not able to confiscate it.

The Game and Fish Protective Association of Campbellford appears to be in earnest, and is taking aggressive steps to have the people abide by the laws.

The president is Dr. Wood, a druggist, an old Peterborough boy.

INDEPENDENT FORESTERS' INTERESTING PROGRAMME

Entertainment will be Given To-night—Addresses by Supreme and High Court Officers of the Order

To-night's entertainment, under the auspices of Court Chemong, Independent Order of Foresters, promises to be one of unusual interest. A splendid programme has been prepared, and those who attend are assured of a pleasant evening. The Supreme Secretary of the Order, as well as a number of High Court officers will be in attendance to-night, and addresses on Independent Forestry will be given. There is no admission fee and the public is cordially invited.

VIOLIN PUPILS WILL GIVE RECITAL FRIDAY

Miss Adamson's Pupils Will Give Programme at Y. M. C. A. To-morrow Night

To-morrow night the violin pupils of Miss Adamson, of the Conservatory staff, will give a recital in the Y.M.C.A. Hall. At this recital Miss Winslow, a clever 'cellist from Toronto, will contribute to the programme, and piano solos will be rendered by Miss Pollock. A number of vocal solos will also be given. There is no admission fee and the music loving people of the city are invited.

LOST IN SPECULATION.

W. J. McGee Confesses to Embezzling $50,000 in Montreal.

Montreal, Jan. 17.—There is a young Montrenler short in his accounts to the extent of over $40,000.

William J. McGee, treasurer of the People's Mutual Building Society, well-known in amateur sporting circles, is to-day under arrest, a self-confessed thief, embezzler and forger.

McGee commenced by declaring that he had been guilty of manipulating the books of the society, cheques and notes, as a result of which he was enabled to handle a great deal of money, much of which had been lost by continued dabbling in stocks.

With tears in his eyes, he said he did not know the amount of his defalcations, but they will be close on to $50,000.

A Living Ghost!

That is What Her Friends Said About Her

Read how Mrs. James Steele, Waterville, Que., was cured by the use of

MILBURN'S HEART AND NERVE PILLS

she writes: "For the past fourteen months I was nervous all the time, and became so run down I was unable to walk across the house without getting dizzy. My friends told me I looked like a living ghost and advised me to try Milburn's Heart and Nerve Pills. I got two boxes and within two weeks I had improved wonderfully and after finishing the fourth box I was completely cured. They are the greatest pills I ever used and I can recommend them to all sufferers."

Milburn's Heart and Nerve Pills act directly on the disordered heart and nerves, and restore them to healthy action. They have no equal for reviving and strengthening the heart beat, invigorating the nervous system, and acting as a food for the blood, improving its quality, making it rich and red.

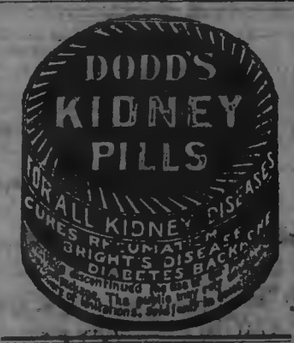
Price 50 cents per box or 3 boxes for $1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Building Lots for Sale at a Bargain

Two lots on Manning Avenue immediately east of the residence of Mr. J. M. White.

Also two lots west of Elin Property in front of Mount St. Joseph.

These lots will be sold at a bargain as estate is being wound up. Particulars may be obtained by applying to E. M. Glover, Examiner office.



600,000 PERSONS ARE DOOMED

Terrible Famine Scenes Enacted Among the Chinese.

SMALLPOX HORROR IS ADDED

Mat Sheds of the Refugees at Singkiang Have Had to Be Demolished, and Thousands, Searching for Food, Are Without Covering of a Roof —Capt. Kirton's Estimate of Situation as It is To-Day.

Shanghai, Jan. 17.—To the horrors of famine have been added an outbreak of smallpox among the refugees at Singkiang, necessitating the demolition of the mat sheds used to shelter thousands who have arrived there in search of food.

Capt. Kirton, who was sent out by the relief committee to investigate the situation, reports that 300,000 destitute persons have been driven back towards their homes, and that terrible scenes are being enacted along the line of retreat.

He estimates that a quarter of a million persons are likely to be doomed at Singkiang alone, and 400,000 at Antung, where small relief works have been started. But official records are generally puerile and amateurish.

BOILERPLATE BURST.

Fireman On First Run Seriously Injured—Brakeman Also Hurt.

St. Catharines, Jan. 17.—The fast stock train going east (engine No. 660) while passing Jorden at 7.20 yesterday morning exploded an arch in her boilerplate.

Fireman R. Currey of Point Edward was thrown out of the engine by the force of the explosion and landed on the bridge. He is badly scalded and had a narrow escape from going over the side of the bridge and dropping a distance of 65 feet to the ice below. Currey is unmarried. He was removed to the St. Catharines Hospital. This was his first run.

The brakeman of the same engine was also scalded and his clothing set on fire, but he escaped serious injury. The driver of the engine escaped uninjured.

This One Killed Five.

Morristown, Pa., Jan. 17.—Five men were killed yesterday, when a locomotive boiler exploded. The engineer of the train, J. D. Black, escaped. He was stunned by the explosion, but walked to Bridgeport station and boarded a train for Reading. The train had come from Allentown and was bound for Philadelphia. The explosion is thought to have been due to low water in the boiler. All the men killed were on the engine.

The rear portion of the boiler was hurled about 150 yards, while the wheels of the engine remained on the track. One man was torn to pieces. The others were shocked and scalded to death.

PRICES OFFERED FOR GIRLS.

Wisconsin Authorities Investigating Conditions in Syrian Colony.

Lacrosse, Wis., Jan. 17.—The county authorities have begun official investigation of the charges that girls under the age of consent, which, in Wisconsin, if fourteen years, are being sold to the highest bidders in the Syrian colony at North Lacrosse.

The investigation was ordered as the result of an attempt to secure a marriage license for a girl 13 years old. Evidence was then submitted that the girl had been bid in for $300 in behalf of the prospective groom, and that her parents, on receiving a bid of $450 in a later mail from a Syrian at Oshkosh, were attempting to repudiate the first sale.

Criminals Hike For Canada.

London, Jan. 17.—(C. A. P.)—A number of offenders have endeavored to escape conviction by promising to emigrate to the Dominion, which seems to have a fascination for the criminal. Two Irish Guard corporals who stole regimental moneys had tickets to Canada when arrested Tuesday. A burglar excused himself by saying he did it with the best intentions, wanting the wherewithal to go to Canada for a new start.

Winter Herring Catch.

Halifax, Jan. 17.—The total catch of winter herring, and its value for the years 1904, 1905 and so far this season, are: 1904, 106,455 barrels, $185,857; 1905, 84,641 barrels, $144,474; 1906 (to Dec. 25), 62,923 barrels, $102,046.

Maggie Harris Discharged.

Toronto, Jan. 17.—Maggie Harris, alias Ruth Wilson, was discharged in police court yesterday. Magistrate Denison was of the opinion that she was a tool in the hands of her sister. She went to her father's home.

A Military Program.

London, Jan. 17.—(C. A. P.)—At the next royal military pageant to be held at Aldershot, entitled "Sons of the Empire," detachments representative of all imperial troops will take part.

Given $4,000 Damages.

Toronto, Jan. 17.—Luke Thompson, formerly an engineer for the Ontario Sewer Pipe Co., was awarded $4,000 damages in the assize court for injuries received.

HAPPENINGS OF INTEREST ABOUT HASTINGS

Municipal Election was a Spirited One —A New Bank in the Village

SOME PERSONAL HAPPENINGS NOTED

Special to The Examiner

Hastings, January 16.—If its not too late, it may interest your city readers, to learn that we had a lively election for reeve this year. It was something out of the ordinary for Hastings electors to have to mark a ballot for their reeve — things having gone so smoothly and for a number of years past that there was no interest of any account taken in the village elections. It remained for Mr. Thos. Howard to give things a shaking up this year, and quite unexpectedly, too, without giving the electors much notice. Mr. T. Learmouth, who has filled the office of reeve for several years in a very satisfactory manner to the villagers, was induced to retire this year, but his friends got round him and prevailed upon him to accept the position again, seeing that this year the reeve would have the additional honour of sitting as a member of the County Council. Well, he consented; but he woke up next morning to find Mr. Thos. Howard, the redoubtable harness maker, etc., and the big push for the C. P. R. here, as his opponent. And he certainly made things merry till after polling day. He succeeded in keeping things at a white heat until the close of the polls—beginning on nomination day by reading the riot act to the old council and some of the more conspicuous members of the combinations that he was up against, and whose scalps he was after. Tom made a wicked run and came within 27 of being carried off on the shoulders of his enthusiastic friends.

The new council is composed of Mr. Thos. Learmouth, reeve; and Messrs. John Welsh, Dr. Wilson, R. Dozie and C. Chapman, councillors. There is commendable work for the council this year, and the citizens will watch the course of the members with interest. Among the important things mooted is a system of water works for the village. With such splendid facilities as Hastings possesses many are of the opinion that it should no be a difficult problem to inaugurate a cheap water works system and the necessary sewerage, to be of immense benefit to the village. The first meeting of the new council was to be held this evening.

Preparations are under way for the erection of a new building for the Bank of Toronto in a central location on the front street. The stone for the foundation is already piled up ready for commencing work.

Hastings new hockey team will clash with the Warkworth team tonight. This is the first game in Hastings and the boys have got their warpaint on for a sudden death game.

Mr. Hubbs, the new proprietor of the "Star," has put in a new Universal jobbing press, which is driven by a gasoline engine. Fred is quite enterprising and has been so busy ever since he came here that he works until one o'clock in the morning and hasn't found time to think what he will call the baby.

Walsh's tannery keeps pounding away at the hides. With its hundred hands it is quite an industry for the village, and the merchants know the value its pay roll is to their business.

"Lest we forget," it ought to be mentioned that the annual New Year's dinner at the Clarendon House was an event of unusual hilarity. Jan. 1 happens to be the birthday of Squire Henry Johnston, who regularly has a select number of relatives and friends sit down with him to celebrate the event. "Mine host" Spellman put on a splendid spread that did the house and the chefs great credit. The dinner was followed by toasts, speeches, songs and anecdotes, and it is said the sportiest guest at the table was Mr. Johnston. Here's the menu on the occasion:

SOUP
Consomme of Chicken
RELISHES
Onions Spanish Olives Celery
ENTREES
Apple Fritters Macaroni and Cheese
Maple Syrup
COLD
Ox Tongue Sugar Cured Ham
ROASTS
Young Turkey and Cranberry Sauce
Domestic Goose and Apple Sauce

Apple Pie Lemon Pie Mince Pie
Raspberry Pie Whipped Cream
DESERT
Oranges Raisins Malaga Grapes
Apples Filberts Almonds
Walnuts Cherry Jelly
Black Currant Jelly Crab Apple Jelly
McLaren's Imperial Cheese
Stilton Cheese Coffee

It is also worthy of remark that Mr. Johnston was present last week at the opening of the House of Refuge in Cobourg, to which he made the handsome donation of $1500.

Mr. Henry Spellman, formerly of the Craig House, Lakefield, is officiating as wine clerk in the Clarendon House, having disposed of his hotel interests in Lakefield to his partner, Mr. Lawless.

BEECHAM'S PILLS

are the best remedy for a deranged stomach. They are a safe and gentle laxative; a reliable cure for obstinate Constipation, Bilious Attacks, Sick Headache, and all disorders arising from a weak Digestion, sluggish Liver or clogged Bowels. Beecham's Pills

Give Quick Relief

and are a world-famous medicine for the cure of these prevalent complaints. Their cost is a trifle; their use—a duty. For your health's sake, insist on Beecham's Pills. They do more for your body than any other remedy. Known and used by hundreds of thousands all over the globe.

Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold by all Druggists in Canada and U. S. America. In boxes 25 cents.

Improve your spirits with York Soda, the highly-charged, sparkling water with the snappy, dry tang that betters the flavor of any liquor it dilutes. Bottled at the Springs for surety of purity, and sold wherever gentlemen drink. Compare it with the imported sodas and learn that

York Soda

is better—yet costs no more.

Peterborough Beat Marlboros On Their Own Ice Last Night

Whitcroft's Bunch Finished Strong, Scoring Seven Goals In the Last Period of Play—Score Was 10-6

MANY PETERBOROUGH SUPPORTERS WERE PRESENT AT GAME

The Peterborough Senior O. H. A. team chalked up another victory last night when they defeated the Marlboros in Toronto after a fine game by 10 goals to 6. The contest was a good exhibition and was witnessed by a big crowd, which included a large number of Peterborough supporters, most of local boys in Toronto turning out to root for the team. One hundred and thirty-five fans accompanied the seven on the special train which left here at 4.45 o'clock and they made themselves heard during the game.

From the spectators' standpoint there was little to complain of last night. Pretty combination and brilliant individual rushes were prominent and the play was for the most part open and fast.

Peterborough's victory was earned. They had none of the luck that was going and Chaucer Elliott did not favour them any, to put it mildly. He kept sending them to the boards for offences that no one but the amiable Chaucer saw.

Play was remarkably even in the first half, when the Dukes led by four goals to three. Peterborough had a shade on the Marlboros on the play in that period, but Tyner's fine goal keeping and the tendency of Peterborough forwards to bunch on the puck, along with Elliott's frequent little instalments of the rest cure, kept the score down. The early stages of the game were of a see-saw nature. Four times the score was tied until finally Peterborough scored four goals in a row and cinched the game.

Peterborough had to play hockey all the time to win out from the Dukes, who were travelling at a pretty lively rate last night, their combination and shooting being good passports to senior company. They played the long pass game cleverly and for a while frequently got away with it. The forward line is fast and the defence, although light, check hard and do some clever rushing.

The veterans of the team, Birmingham and Winchester, were the pick of the forward line. They played splendid combination, handled their sticks nicely and both shot like fiends. Kent did a lot of useful work at rover. Roesler at cover point put up a stubborn defence game, checking hard. The king pin of the team was Tyner, however, whose work last night was magnificent. He picked off scores of shots that seemed certain scores and got rid of the puck quickly. At one time in the second period the shots simply rained in on the Marlboro citadel but Tyner got in front of most of them.

Peterborough played good hockey all through. In the first half the wing men strayed from the boards at intervals, which gave the Marlboros, who feed a lot to the wings, a good chance to get clear away. The team steadied down, however, and won handily, the Marlboros being played off their feet during the last fifteen minutes. Peterborough's combination was better than in any previous game this season. They bored right in before shooting, and passed well.

Whitcroft was in his old time form last night and his rushes caught the crowd. He skated rings around the Marlboro forward line, especially in the second half and his stick-handling was splendid. Morgan was always prominent, figuring largely, as usual, in the scoring and combination. Miller played a good game at left wing, bringing the puck up the boards in good shape and shooting splendidly. Moore was always effective at right wing and played a good game until he was hurt in the middle of the second half.

The defence played fine hockey throughout. Crowley and Glover not only checked splendidly but their rushing was of decided assistance. Crowley scored two goals and Glover one, while the latter carried the puck down the ice on rushes that ended in scores on two occasions. Lang made some fine stops in the Peterborough net and the six that beat him were from close in, several on the re-bound from his pads.

Referee Chaucer Elliott was not entirely satisfactory to Peterborough and he didn't seem to look much too good to the Toronto crowd either.

The teams faced each other like this:—

	PETERBOROUGH.	
	Lang	
	Glover	
	Crowley	
	Whitcroft	
Moore,	Morgan,	Miller,
Winchester,	Birmingham,	W. Brown,
	Kent	
	Roesler	
	T. Brown	
	Tyner	
	MARLBOROS.	

The Play

The game started off at a fast clip and for the first few minutes was marked by close hard playing in which Peterborough were having the advantage. They had the puck oftener than

WALTER MILLER,
Captain of the Charlotte Street Team Who is Playing a Good Game at Left Wing for the Peterboroughs

their opponents but bunching too much in the centre spoiled much of the effectiveness of the play. At that Tyner was early given an opportunity to show his usefulness. Considerable slashing marked the early periods, Whitcroft was the first to seek the boards and he was soon followed by Winchester. This started the long procession to the boards, "Chaucer" allowing nothing to get away from him. Birmingham slashed at Morgan and was given a rest. Peterborough was forcing the play, Tyner nailed a hot shot from Whitcroft. Morgan was penalized for slashing. W. Brown followed him for a similar offence. The puck was in Marlboro territory most of the time, but it was not until the end of eight minutes that Moore shoved one in past Tyner after a scrimmage. Score, Peterborough 1; Marlboros 0.

Crowley got a fence sentence for bodying Birmingham. Whitcroft soon after was punished for slashing. Marlboros made several dangerous rushes on one of which Kent almost scored again. The play was close at this juncture, Peterborough having a with Peterborough having the slight slight advantage. After ten minutes' play Crowley put Peterborough two in the lead by a long shot from centre, which Tyner never saw. Score, Peterborough 2; Marlboros 0.

The Marlboros began to take a hand in the game. The forward line was playing good combination, their long passes being very effective. Kent was given an opportunity on a combination rush with Birmingham and the score read Peterborough 2; Marlboros 1.

Peterborough almost scored from the face. Moore and Morgan got away nicely, but Tyner made a clever stop. The Marlboros broke loose again and Birmingham evened matters up by a nice shot. Score, Peterborough 2; Marlboros 2.

The Dukes were going decidedly strong at this stage. Birmingham and Winchester broke away together and the latter settled the rubber on a neat shot from the side. Score, Peterborough 2; Marlboros 2.

Peterborough evened matters up shortly. Glover broke up a dangerous effort of Birmingham and Winchester and tore down the ice dodging through the whole Marlboro team for a score. Score, Peterborough 3; Marlboros 2.

The Dukes were not to be denied, however, Peterborough almost scored but Tyner pitched Morgan's shot off neatly. The play changed and Winchester and Birmingham carried the rubber into Peterborough territory. Winchester's shot went wild, but Birmingham got it on the rebound, making the score 4-3 in Marlboros' favour. The figures remained that way until half time.

Half Time

The play in the second half was considerably more open with Peterborough doing most of the pressing. It was not until five minutes had elapsed in the second half that Peterborough was able to score. Morgan carried the puck up nicely and although Tyner was in the way, Miller slammed the rubber through. Score, Peterborough 4; Marlboros 4.

Winchester bodied Whitcroft into the boards and went off. There was a regular bombardment on the Marlboro goal but Tyner showed himself a star performer in the flags and stopped shot after shot. Finally the Marlboros broke away, Birmingham and Winchester taking the rubber down the ice nicely and passed to Kent. Lang made a pretty stop but Birmingham secured on the pass out, putting the Dukes once more in the lead. Score, Marlboros 5; Peterborough 4.

Crowley went off for slashing. The play was very fast at this stage with most of the advantage with Peterborough. Tyner was playing a marvellous game. Miller had his knee injured and went off taking W. Brown with him. A moment after Moore got a bad crack on the nose and went off for the rest of the game. The Marlboros dropped T. Brown. Peterborough was rushing repeatedly and on occasion looked to have scored. The Marlboro goal umpire refused to allow the score and he was removed. Miller came on again. Whitcroft putting the teams on an even footing by a beautiful rush, sweeping across the front of the goal and scoring on a nice shot. Score Peterborough 5; Marlboros 5.

Peterborough seemed to have Marlboros on the run. In the remainder of the game, the play was mostly in Marlboro territory. Miller carried the puck nicely down the boards and centred to Crowley, who beat Tyner without trouble. Score, Peterborough 6; Marlboros 5.

Crowley was penalized for tripping and while he was on the fence the Marlboros scored their last goal, Kent carried the puck down and passed to Birmingham, who transferred to Winchester and the score was once more a tie. Score, Peterborough 6; Marlboros 6.

Peterboroughs were not long in taking the lead again, Morgan and Whitcroft, got away together nicely, the latter netting the rubber. Score, Peterborough 7; Marlboros 6.

The Marlboros were never much in the game after this point. Peterborough had possession of the rubber most of the time. Glover got away and passed to Whitcroft, who sent in a pet bulger. Score, Peterborough 8; Marlboros 6.

The Marlboros were apparently all in and Peterborough playing aggressive hockey had not much trouble boring in. Glover got away nicely and passed to Morgan, who scored on a nice shot. Score, Peterborough 9; Marlboros 6.

There was only a few minutes left to play but it was time enough for Peterborough to net another. Whitcroft beat Tyner nicely for the last goal of the game. Time was called shortly afterwards.

Summary

1.—Peterborough, Moore.
2.—Peterborough, Crowley.
3.—Marlboros, Kent.
4.—Marlboros, Birmingham.
5.—Marlboros, Winchester.
6.—Peterborough, Glover.
7.—Marlboros, Kent.
Half time.
8.—Peterborough, Miller.
9.—Marlboros, Birmingham.
10.—Peterborough, Whitcroft.
11.—Peterborough, Crowley.
12.—Marlboros, Winchester.
13.—Peterborough, Whitcroft.
14.—Peterborough, Whitcroft.
15.—Peterborough, Morgan.
16.—Peterborough, Whitcroft.

Notes of the Game

The Peterborough old boys in Toronto certainly have not lost their loyalty for the old town. They were out in full force last night and rooted vigorously.

The American Soo team, who are playing the professionals to-night were interested spectators of the game from the gallery. They thought that Peterborough should have won by a larger margin.

Toronto has not yet passed the village stage in some lines. They hissed the Peterborough team in a manner that was unsportsmanlike to say the least.

Crowley's shot from centre ice in the first half was a daisy. Tyner did not see the rubber till it nulled the net.

Whitcroft's stick-handling in the second half fairly electrified the crowd. He played his best game of the season last night.

Glover made some very pretty rushes during the game, three of which were responsible for scores.

The Peterborough special C. P. R. train made a remarkably quick run this morning. It left Toronto at five minutes after one and reached here a few minutes before three. Mr. W. McIlroy, C. P. R. ticket agent accompanied the boys.

Elliott kept chasing Peterborough players to the fence in the first half. There may have been a reason, but the Peterborough crowd are like the gentleman from Missouri—they would like to be shown.

BRONCHITIS CAN BE CURED

Dr. Wood's Norway Pine Syrup Will Do It.

Bronchitis is generally the result of a cold caused by inclement weather or exposure to wet, and is a very dangerous inflamatory affection of the bronchial tubes.

The symptoms are tightness across the chest, sharp pains and difficulty in breathing, and a secretion of thick phlegm, at first white, but later of a greenish or yellowish color.

Neglected Bronchitis is one of the most general causes of consumption, so cure it at once by the use of

Dr. Wood's Norway Pine Syrup

Mrs. S. Fidler, Linton's, N.B., writes: "I feel it my duty to let you know of my experience with Dr. Wood's Norway Pine Syrup. My little girl was very low with Bronchitis and our doctor did all in his power for her, but could only give her relief for a short time. My husband saw your medicine advertised, and immediately procured three bottles. I never saw anything give so much relief in so short a time. It stopped the annoying cough at night and she is now perfectly cured. I am so glad I can hardly express my gratitude for what Dr. Wood's Norway Pine Syrup has done for us."

Price 25 cents at all dealers.

VISITOR WAS IN THE SAN FRANCISCO DISASTER

Mr. F. J. Echlin, in the City on Business, Tells of One of Greatest of World's Disasters

COMMENDED RAPID RELIEF TO NEEDY

"The city of SanFrancisco to the Orient is the whole of the United States." This was a statement made to an Examiner representative last night by Mr. J. F. Echlin, a man who passed through the great San Francisco disaster of April last. Mr. Echlin's native home is in Dixie, a suburbb of Toronto, but he spent a number of years in the city of the Golden Gate previous to the quake. He is in Peterborough in the interests of the J. F. Echlin & Co., as agent for the Standard Window and metal polish. He is staying at Noble's Temperance House and will be here for a couple of months.

In the interview Mr. Echlin corroborated the stories published after the disaster with regard to the devastation by fire of many prominent civic business and private buildings. He resided with his wife in a two storey house on Minna street between 7th and 8th streets. They were compelled to abandon their home with only a small quantity of clothing and were very glad to even escape with that and their lives.

The shaking of the earth caused the Echlin home and the next building to fall towards one another and they remained in a half standing condition until the dreaded fire which originated from a baker's oven near by cleared them away. The water mains were all wrecked which prevented all means of allaying the spreading flames.

Mr. Echlin told of the peculiar destruction of ten wooden two-storey houses standing in a row on Minna street between 6th and 7th streets. The singular nature o fthe first shock had the effect of throwing the different buildings towards the central one, thus telescoping them all.

The fact that the shock occurred so near to the morning of a day, bright and clear, was responsible, says Mr. Echlin for the small loss of life. The people were able to see what they were doing and where they were going.

Levelling the People

The visitor explained how the people, rich and poor, were brought to the same level. Martial law, under General Funston reigned supreme, and people of all ranks and classes of life were compelled to obey. Food was kept at the same price as it was before the disaster and any found to be after a graft were immediately turned out of their stores and the food or clothing was confiscated.

A Rapid Relief

Mr. Echlin was loud in his praises of the manner in which Los Angeles and other neighbouring cities sent relief. "The ink wasn't dry on the newspapers telling of the disaster," he said "before committees were considering relief for the homeless; there was food in San Francisco from Los Angeles before the people had recovered sufficiently from the shock to eat it."

The Southern Pacific Railway sent word all along their lines to sidetrack everything to make way for the relief trains. The provisions were all taken charge of by the special committee and distributed systematically among the needy.

"California" Only Known

As stated in the opening sentence California to the people of the east means the United States. In support of this statement Mr. Echlin told the reporter he had gotten a letter from a friend across the ocean who addressed it merely "United States." It came directly to San Francisco and was brought to Mr. Echlin's street address.

Since the calamity he and Mrs. Echlin have found it more convenient to live in Canada and returned in May to their old home in Dixie.

SAID FAREWELL TO REV. F. J. AND MRS. SCOTT

Interesting Gathering at Bloor Street Baptist Church, Toronto—Many Ministers Say Good-bye to Missionaries

BEST WISHES FROM MANY FRIENDS

The Toronto Star of last night, said:

There was a representative gathering of the Baptists of the city, in the school room of the Bloor street Baptist church last night, to say farewell to Rev. Freeman J. Scott, M.A., B.Th., and his wife, who are leaving this week to take up mission work in Bolivia. On the platform with Mr. Scott, who was until quite recently a successful pastor in Peterborough, were Rev. J. D. Freeman, who acted as chairman, Rev. Professor J. H. Farmer, Rev. I. G. Matthews, Rev. J. G. Brown and Rev. John Craig.

In his opening remarks Rev. Mr. Freeman said that it was fitting that Mr. Scott should have this farewell said to him in the Bloor street church, inasmuch as Rev. Mr. Reekie, the pioneer Baptist missionary to Bolivia, was a member of that church. The Word was made flesh in the missionary and went out and dwelt amongst those who needed the Word.

Rev. J. G. Brown, foreign missionary secretary, spoke of the condition of the work in Bolivia, and of the hopeful and discouraging features which the missionaries would have to contend with. He believed that now was a very opportune time to go to Bolivia, since a bill had recently been passed by the Government of that country granting complete religious liberty. Rev. John Craig, the veteran Indian missionary to India added some words of counsel.

Rev. I. G. Matthews, of the McMaster University Theological Faculty spoke on behalf of that institution and as a former class mate, and room mate, of Mr. Scott. The new missionary was a man of ripe scholarship, of deep spirituality, a champion debater, and had enjoyed the confidence of the student body to a marked degree, having been its president for two years, the only student who had ever had that honour.

The missionary-elect, Rev. Mr. Scott, expressed his thanks for all the kind words that had been spoken and said that he felt it a great privilege to go to this field of labour. The place was strategic as it was the capital of the country. La Paz was the place he was to labour in, and the time was a critical one. He was glad he was going to join those who were fighting the battle almost single handed in Bolivia.

After the singing of "God be with you till we meet again," Mr. and Mrs. Scott shook hands with and said good bye to their many friends in the audience. Mrs. Scott was a Miss Lemon of Markham, a former student of Moulton College. The missionaries will leave Toronto on Friday morning.

THE ARCHBISHOP IS THE NEW PRIMATE

Bishop of Toronto Given High Honour by His Fellow Bishops—Primate of All Canada

The Toronto News of yesterday said:

Archbishop Sweatman of Toronto, was this afternoon elected Archbishop of the ecclesiastical province of Canada and Primate of all Canada, which embraces all the British dominions in North America, with the exception of Newfoundland.

The election to the archbishopric occurred about one o'clock, for at five minutes past the hour the Verger of St. Alban's cathedral, commenced to toll the bell in honour of the event.

Shortly thereafter the Bishop of Saskatchewan put in an appearance and the House of Bishops, though about prepared to adjourn for luncheon, determined to finish up its business.

Upon Bishop Sweatman was then conferred the double honour.

Those present at the meeting, aside from the dignitary already mentioned, were: Bishop Thornloe, of Algoma, Sault Ste. Marie; Bishop Williams, of Huron, London, Ont.; Bishop Carmichael, of Montreal; Bishop Holmes of Moosonee, Moose Factory; Bishop Dumoulin of Niagara, Hamilton, Ont.; Bishop Worrell, of Nova Scotia, Halifax; Bishop Mills of Ontario, Kingston; Bishop Hamilton, of Ottawa; Bishop Dunn, of Quebec; and Bishop Newham, of Saskatchewan.

YOUR HAT

May Be a Stylish One, But It Makes Trouble

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Bald heads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs, which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff, it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

Two sizes, 50 cents and $1.00. Ormond & Walsh, Special Agents.

REGINA
Is The Queen City of the West

Our sales of REGINA CITY LOTS during the past two weeks assures us of the confidence Eastern Investors have in Regina City Property.

REGINA led all Canadian Cities west of Winnipeg and east of Vancouver in building estimates for the year 1906, and stood 5th in the whole Dominion.

The present year promises to surpass any three previous years.

The site for the New Provincial Government Building has already been purchased at a cost of $96,250.00, and it is the intention of the Saskatchewan Government to erect Buildings on this site, second to none in the West.

We have some Choice Lots For Sale, adjoining this site, ranging from $60.00 up; also Blocks of 40 Lots at from $1,800.00 up.

Terms on the lots are exceptionally easy and extend over a period of Eighteen Months, which gives the purchaser a chance to sell at a good profit on a very small cash investment.

Many are taking advantage of this opportunity of a good investment.

Call at Our Office and be convinced that Our Offer for investment is unequalled in any other Western City.

ABRAHAM'S TRIAL WAS SEVERE

Evangelist Maplesden, at the Gospel Hall, Tells the Story to Good Audience—An Interesting Meeting

Last night at the Gospel Hall Evangelist Maplesden spoke on the 22nd chapter of Genesis, where Abraham is commanded to sacrifice his only son, Isaac.

He said Abraham had already been under fire, and his trials had only strengthened him for this one. God tries, in order to build up; Satan tries that he may pull down. God's trials always purify. Here was Abraham, the beginning of the Hebrew and the father of all the faithful, tried by God in a most remarkable manner. Mr. Maplesden refuted in language most scorching the common idea that the story of Abraham was only a poetic illusion; he said it was history and history of positive happenings. When Abraham had bound Isaac his son, and laid him on the altar, and was about to slay, "God spoke and behold a ram caught in a thicket by his horns." Horns denote strength, so Jesus Christ was caught in the thicket of His strength. Our Lord died with a mighty shout, and defeated the devil, and the next shout of th ction of God will soon be heard again, when the Lord comes once more. Mr. Maplesden dwelt on the statement of Abraham's, "My son, God will provide 'Himself' a lamb—Himself meaning God in Christ reconciling the world unto Himself, as John the Baptist said, "Behold the Lamb of God," and pointed to Jesus. Since the creation to Calvary, the devil had been fighting a rear guard action, and when Jesus died hell held high carnival for three days, but when Jesus burst the bars of death the ating of death was taken away, and Jesus came forth the Mighty Victor.

Space will not permit a fuller account of the sermon, which all should have heard to appreciate.

Shoe Repairing

We repair all kinds of Shoes—there's nothing beyond us in Shoe repairing—the perfect equipment of our repair shop enables us to do mending neatly and do it well. It also enables us to do it very promptly and at a Moderate Cost.

NEW PROPRIETORS FOR GRAND OPERA HOUSE

Yesterday Afternoon J. J. Turner & Sons Became Owners of This Property and Will Conduct it in Future

THE NEGOTIATIONS ARE CLOSED

The Successful Busines Record of New Owners a Criterion for the Future Success of the Opera House

Yesterday afternoon the negotiations between Mr. R. H. Bradburn and Messrs. J. J. Turner & Sons, whereby the Grand Opera House passes into possession of the latter firm, were concluded, and last night's performance was given by the new proprietors. For some weeks these gentlemen have been negotiating in connection with this matter. The papers, however, were signed only yesterday.

A Successful Record

Since the Opera House opened on November 15, 1905, it has been owned and managed by Mr. Bradburn, and from the first its operation was a success, Peterborough's reputation as a good show town being fully sustained. Practically every performance given since the opening has been well supported, and the business is one of the most prosperous in the city. There are few, if any, of the opera houses in any of the smaller cities in Canada in which the show business is in as satisfactory a condition as it is in this city, and Messrs. Turner & Sons are to be congratulated upon their acquisition of the playhouse.

Some Improvements

Mr. J. J. Turner, Sr., will be the manager of the business, and the staff will be the same as under Mr. Bradburn's management. It is the intention of the new proprietors, after the season closes, to effect considerable improvements to the building. The interior will be entirely redecorated, and it is probable that the front of the building will be extended to two stories higher, and a small hall fitted up to be used for meetings, recitals and other gatherings for which the Opera House is too large.

Mr. Small's Support

Since the new firm took charge, a telegram of congratulations has been received from Mr. A. J. Small, of Toronto, who has charge of the bookings on this circuit. Mr. Small, in his wire, assures the new proprietors his most hearty co-operation and support, and promises to give, through the Grand Opera House, to the people of Peterborough the very best attractions possible.

A Good Record

The rise and progress of the firm of which Mr. J. J. Turner, Sr., is the head, is a story which were it not for the fact that there is practical evidence in abundance to support it, would read like a fairy story. Coming to Peterborough twenty-one years ago, Mr. Turner started business in a very small way in a building on Water street. His place of business at that time was no larger than Mr. Turner's private office at his factory now, but by dint of energy and industry, the business soon began to show signs of growth, and that growth has been in evidence ever since, until last year the volume was greater than in any previous year since Mr. Turner started in business. It would probably surprise many in Peterborough to learn that during 1906, this firm paid out through the Bank of Toronto, no less a sum that $128,000.

Public's Interest Considered

Their purchase of the opera house is another evidence of the good business judgment which has characterized their whole business career, since coming to Peterborough, and the public is assured that the same enterprise and care to serve the interests of the patrons of the opera house in the past, will be maintained under the new management.

Mr. Bradburn's Views

In an interview this morning, Mr. Bradburn, in confirming the report of the transfer of the business, expressed his satisfaction at the volume of business which had been done since the house was opened, and he hoped that the consideration which the Peterborough public had shown in the past would be continued to his successors, who had his most sincere good wishes for success.

Mr. Bradburn has not decided yet as to his future plans. He has under consideration a proposition to engage in an important enterprise, but has not yet given his decision on the matter. At any rate he will remain in the city for some time, at least.

The pleasure loving public of Peterborough owe much to the enterprise of Mr. Bradburn. For years an opera house was needed. This was felt universally, and many propositions were set under way to secure one for the city, but it was apparently impossible to interest sufficient capital in the project to ensure its erection. Mr. Bradburn finally undertook to provide the capital, and to erect the house, and the demand for a popular showhouse was filled.

He feels now that he has accomplished what he set out to do, and can retire, leaving others to reap the results of his pioneer work.

Rev. Mr. Sutcliffe's Church Among Destroyed Buildings

Parish Church in Kingston, Jamaica, of Which Rev. Mr. Sutcliffe Was Curate, was Levelled by Earthquake—Historic Building

The units of the Empire are so interwoven and steam and the electric cable so annihilate distance, that no part of the Empire is, in one sense, far from another and there is none that has not some personal interest for another. As mentioned in a recent issue three Jamaicans are in Peterborough, and there is another personal bond with our citizenship in which interest is added by the terrible Jamaica cataclysm. The reports state that among other buildings destroyed in Jamaica is the old parish church, of interesting antiquity. In this venerable and historic English church structure all the state services were held. What gives indirect local interest to the destruction of this edifice is the fact that Rev. Aubrey Sutcliffe, brother of Mr. Reginald A. Sutcliffe, of the office staff of the Canadian General Electric Company, was for two years curate of this church. Rev. Mr. Sutcliffe completed his theological studies in Kingston, and was ordained to the priesthood by the Archbishop in the cathedral. He was appointed curate of the old parish church now destroyed, a position he occupied for two years. He was given three months furlough to permit him to visit England, where his father, Rev. Charles Sutcliffe, is vicar of Holy Trinity, Stanleybridge. On his way over he visited Peterborough last November, when many of our citizens had the pleasure of meeting him. He will visit Peterborough on his return to Jamaica, where he is due on Feb. 11st, and may be expected to arrive any day. Unless, through a wireless dispatch it is possible that Mr. Sutcliffe is ignorant of the calamity that has befallen his home and church, for he was probably at sea at the time of the earthquake and possibly is at the present time.

WELL BUCKET FELL, KILLING FRED M'MULLEN

Former Resident of Peterborough was Killed in Tragic Manner at Sandford on Wednesday Last

THE FUNERAL WAS HELD ON THURSDAY

Mr. F. McMullen, a former resident of this city, met a tragic death, on Wednesday last, at Sandford, in Ontario county.

He was in a well, when the bucket becoming detached from the rope, fell several feet, striking him on the head, and inflicting such injuries that he died thirteen hours afterwards, from a fracture of the skull, a direct result of the blow from the bucket.

The body was brought home, and the funeral took place yesterday afternoon from the family residence, 267 Bethune street, to the Little Lake cemetery. It was private on account of the serious illness of his mother.

He leaves to mourn his loss his father and mother, Mr. and Mrs. Ira McMullen, and two sisters, Mrs John Wells of Cunnington, and Mrs. John Wright of this city. He was an only son, a fact which, coupled with the particularly sad circumstances associated with his death, makes the bereaved ones' sorrow harder to bear.

TIDAL WAVE STORY HAS NOW BEEN DENIED

Late Sir James Ferguson's Body Has Been Recovered—Port Royal Defences Destroyed

THE FIRES ARE STILL BURNING AWAY

Examiner Special.

London, Jan. 18. — One brief telegram from Governor Sweetenham announcing that Sir James Ferguson's body had been found in the ruins of a cigar store, and was subsequently buried, and adding that no English officials were killed or injured, was the only additional information regarding the Kingston catastrophe received at the Colonial Office this morning.

The cable companies hope that tomorrow will see an improvement in their service.

A special despatch from Jamaica dated yesterday says that there has been no tidal wave.

The defences at Port Royal were destroyed and the palisades broken through black mud coming to the surface. The fires are still burning.

The report that the Hamburg-American line steamer Prinz Waldemar is ashore at Plum Point, Jamaica is denied.

YOUNG LAKEFIELD MAN DEAD

Late Norman Hendren Was Well Known in This City, where He Once Lived

Word was received in the city yesterday from Lakefield, telling of the death in that village of Norman Hendren, a young man who was well known in Peterborough, where he lived for some time a few years ago. The late Mr. Hendren, who was cut off in the prime of young manhood, was 24 years of age, and had been ailing for about a year. He lived in Winnipeg for about two years, but returned home twelve months ago, since which time he has been gradually sinking, although recently he seemed better, and was in Peterborough a short time ago.

Previous to going to the West the late Mr. Hendren lived in this city, and was employed at the Canadian General Electric Works. He was very popular in the city with the young people, and was a members of the Charlotte Street Methodist choir. News of his death will be received here with deep regret.

SPECIAL SUITS TO ORDER

Semi-ready Tailoring Can Be Made to Order in a Fortnight

"They have inaugurated a special system for handling special orders at the Semi-Ready tailoring shops in Montreal," said the manager of the Semi-ready Wardrobe.

"If I cannot suit you in my large stock of Semi-ready I have patterns of fine Worsteds, Tweeds and Blues I can promise a suit made from your measure delivered here in a fortnight."

Semi-ready suits made to measure are tailored better than they can be done in the small tailor shops. The fit is guaranteed and the sale is not complete until the buyer is eminently satisfied.

Cressman's have all the new Semi-ready styles, and the exclusive agency for Peterborough and district.

Family Groups to Perfection

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love.

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. T. E. Gillis

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular periods, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. T. E. Gillis, Windsor, N. S., describes her illness, and cures, in the following letter:

Dear Mrs. Pinkham:—

"When I commenced to take Lydia E. Pinkham's Vegetable Compound I was suffering with weakness and womb trouble, headaches, backaches, and that worn-out tired feeling. I have only taken the Vegetable Compound a few short weeks, and it has made me well, strong and robust. I believe that Lydia E. Pinkham's Vegetable Compound is without equal for female troubles."

Women who are troubled with painful or irregular periods, backache, bloating, (or flatulence), inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

FRIDAY, JAN. 18, 1907.

THE KINGSTON DISASTER

The terrible calamity that has come upon Jamaica, involving the devolving the destruction of an entire city, the death of a thousand persons, and and making 90,000 people homeless, appeals especially to Canadians, for those killed, maimed or made homeless, are our fellow-Canadians, and might easily, in view of the proposal once made to annex Jamaica to this country, have been fellow Canadians. Under the stunning shock of the calamity it is impossible to collaborate details, so as to get a full idea of the extent of the disaster, but enough is known to indicate the urgent necessity of material help. The Dominion Government will, of course, make a substantial grant of funds, and it is probable that the Ontario Government will do likewise, when it convenes. Would it be amiss for the city council to do likewise to a reasonable amount? After the action of representative bodies, such as those mentioned, private benefaction is indicated. As the days come we shall learn more of the extent of the cathastrophe, and the form of help needed will be more clearly indicated. It is fortunate that the climatic conditions forbid the physical suffering to the homeless that would ensue in a more northern zone, but the rainy season is at hand and the discomfort to the shelterless will be great. In addition to this possible source of discomfort, pestilence and famine will add their horrors. Kingston is destroyed and hundreds of bodies, festering in the inaccessible ruins, will create a terrible stench, which may lead to disease. The appeal of the unfortunate to the charity of the fortunate should be irresistible.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of Itching, Bleeding and Protruding Piles. See testimonials in the press and ask your neighbors about it. You can try it and get your money back if not satisfied. 60c, at all dealers or EDMANSON, BATES & Co., Toronto.

Total Dead At Kingston Expected to Approach 1,000.

DEPTH OF HARBOR ALTERED

Lighthouses Go to Bottom and It is Feared That Kingston is Sinking Gradually and That Entire City Will Sink Into the Sea — King Edward and Queen Alexandra Quick to Send Aid—Relief.

London, Jan. 18.—According to further despatches received here from Jamaica, dated Thursday, the total list of dead at Kingston is expected to approach 1,000.

Many bodies in a state of decomposition or charred beyond recognition had to be buried.

The American battleships Missouri and Indiana have arrived in the harbor.

Thirty-five out of a total of 55 employes in a tourist bureau were killed.

The Plum Point and Port Royal lighthouses are both at the bottom of the harbor. The navigation channel has materially changed, and in some places the depth of the harbor has been altered by from 40 to 60 feet.

It is reported that the Hamburg-American steamer Prins Waldemar, which reached Kingston from New York Jan. 3, is ashore at Plum Point.

KINGSTON'S NEW HORROR.

Harbor Sinking and Entire City May Sink Into the Sea.

St. Augustine, Fla., Jan. 18.—Wire messages received at the station on Anastasia Island by Chief Electrician Elkins say that Kingston is sinking gradually; that holes and cracks 100 feet deep were formed by the earthquake and that grave fears are felt that the entire city will slip into the bay.

343 ALREADY BURIED.

Governor of Jamaica's Cable to the British Colonial Office.

London, Jan. 18.—The Colonial Office has received a cablegram from Sir Alexander Swettenham, the Governor of Jamaica. It is without date, and runs:

"Continuing my previous telegram on the subject of the earthquake. The evil effects have been confined almost to three parishes of the island, namely, Kingston, Port Royal and St. Andrew. The fire at Kingston has practically ceased; only coal and rubbish are now burning. The district burned comprise a triangular area between the parade gardens, the sea, Duke street, and Princess street. The parish church forms the apex of this triangle, which comprises about one-thirtieth part of the town. The wharves burned are George and Branday and Malabre, Haggart, Lyons, Solomons, Demercado, Henriques, and one, not both of the Royal Mail Steam Packet Co.'s wharves.

"The burned area is being cleared slowly owing to the indisposition of the population to labor at double the usual wages. There are a few bodies still covered with ruins. The burials to noon this day comprise 343. The persons admitted to hospital in Kingston total 400, excluding some 60 cases sent to Spanishtown from Kingston for treatment.

"The population generally is encamped on the parade grounds, the race course and the open spaces. It is reluctant to return to its ruined houses during the fine weather.

"The usual provision shops are in the burned area, and there is consequently difficulty in buying provisions. I am arranging for sales temporarily, and for the transfer of persons to other parishes. There was some pilfering last night from deserted shops. The poulation is wonderfully patient, but listless.

"Among the killed are Sir James Fergusson, J. W. Middleton, A. M. Nathan, E. de Cordova, J. R. Munton, J. A. Payne, Dr. R. C. Gibb, R. W. Bradley, B. Verley, W. George, H. Burrows, Charles Sherlock, E. Morris, Capt. Constantine and Miss Lockett.

"Great assistance has been given by Sir Alfred Jones, who converted the steamer Port Kingston into a temporary hospital and refuge, by doctors and firemen from Spanishtown, and by the commander of the troops, who supplied men to assist in keeping order and to patrol.

"The direct line cable is broken three miles off the coast. Both the telegraph offices are burned."

Royalty Quick to Aid.

London, Jan. 18.—With characteristic promptitude, the royal family hastened to set an example to Great Britain of generous assistance to the afflicted city. The King and Queen have each contributed $5,000 to the lord mayor's fund. The Prince and Princess of Wales have contributed $2,500 each, and the big companies interested in the West Indies are following suit.

The corporation of London have subscribed $5,000, and theatres will tender benefit performances.

Government to Aid.

Ottawa, Jan. 18.—It is probable that the Dominion Government will take action toward assisting in the relief of the stricken City of Kingston, Jamaica. W. P. Cockshutt of Brantford brought up the question in the House yesterday afternoon.

The Premier, however, announced that the matter was engaging the attention of the Government, and a statement would be made shortly.

At Washington, Too.

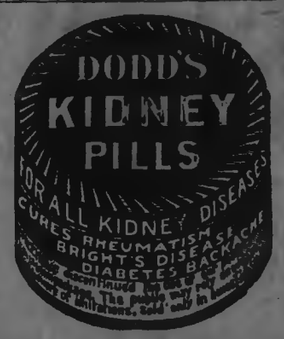
Washington, Jan. 18.—An emergency bill for the relief of the sufferers on the Island of Jamaica, was passed by the House yesterday, authorizing the President to use and distribute among the sufferers and destitute people of the Island of Jamaica, such provisions, clothing, medicine and other necessary articles belonging to the subsistence and other stores of the naval establishment as may be necessary for the purpose of succoring the people who are in peril and threatened with starvation on the island, in consequence of the recent earthquake and attending conflagrations.

Relief Ship Leaves To-Day.

New York, Jan. 18.—The first cargo of supplies to be sent from here in aid of the stricken people of Jamaica will be shipped to-day on the Hamburg-American steamer Allegheny.

Homeless From Ohio Flood.

Cincinnati, Ohio, Jan. 18.—With the Ohio River in flood in a region of more than 400 miles, thousands of persons are suffering for necessities, and thousands more are homeless. All the indications point to this being the greatest flood since February, 1884. The city authorities yesterday began to care for persons who have been made homeless, or are otherwise suffering.



THE SYSTEM SHOULD BE BETTER

In the Dispensation of Charity in the City—Pope Family Now Being Well Cared For

The case of destitution reported in The Examiner last night has served to call attention to the lack of system which prevails in respect to the dispensation of charity in the city. A professional gentleman in the city who has been associated with this particular case, and one who is acquainted with the circumstances in connection with it, called The Examiner up to-day to suggest that there might be an improvement effected in the method by which the charity is given. At the present time there is, at times, an overlapping in this matter, and in some cases there is a surplus, while in others there is want.

Since the condition of the Pope family has been called attention to, the people of the south end of the city have been very generous, and the Examiner is informed that they are at present being well cared for and are not in need of immediate assistance.

Mr. Benjamin McGill, who conducts a grocery store on Lake street, has interested himself in the case, and this morning took a quantity of provisions to the house.

Mr. and Mrs. Pope are, when in good health, quite able to support their family, and it is by reason of the existence of circumstances which are beyond their control that they are placed in their present position. They are by no means the voluntary objects of charity, and, as has already been stated in these columns, are enterprising and industrious people.

KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong

Doan's Kidney Pills

SHOULD BE TAKEN.

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man.

Price 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

The Largest Jack Manufacturer in the World Writes about

Zutoo

Regarding your Zutoo Tablets I beg to say: I have been a sufferer from headache since childhood and have used all, or nearly all, of the so-called "cures" on the market, till warned by my physician to discontinue their use on account of their bad effects on the heart. Some months since my attention was called to your Zutoo Tablets and I have been using them ever since with the most gratifying results. I find they cure a "sick" or "nervous" headache in a few minutes and leave no bad effect. My family use them whenever needed with equally good results. I have frequently given them to friends who were suffering from headache and they never fail to give quick relief. I find them a good remedy for "sour" stomach as well as headache. I always carry them in my grip on the road and would not be without them at any cost.

At Home
—On Wednesday evening, Jan. 23rd, an "At Home" under the auspices of The Ladies' Literary Society of St. Peter's T.A.S., will be held in their Assembly Hall. A pleasant time is anticipated and all are cordially invited. Admission 25 cents. 8d12

Cut Your Tailor Bills in Two
—You can—and will always be sent a good appearance—if you let me care for your clothes by the week or month. I press, clean, mend and alter. "My Valet," 381 1-2 George street (upstairs). Phone 575. C. Wesley.

Teacher's Training Class
—To-night at the second meeting of the Teacher Training Class Mr. Rich. Lees will deal with the subject under discussion, "Ideas and Their Relations." The teachers in the Sunday Schools in the city are taking a deep interest in this class and no doubt there will be a good attendance at the meeting to-night.

PERSONAL MENTION

Mrs. Chas. Richetts with her daughter, of Toronto, is visiting her parents, Mr. and Mrs. Chas. McDonnell.

Miss Reynraft, of Ridgetown, is in the city visiting her sister, Mrs. (Dr.) Neal, and will receive with her on the remaining Wednesday's of this month.

Mr. A. H. Seymour's many friends will regret to learn that he is at present confined to his bed on account of illness.

Mr. Charles McDonnell, jr., of the office staff of the Toronto Construction Company, is spending a few holidays with his parents near Downer's Corners. The company has the contract of the Toronto-Sudbury Railway, which is now almost completed.

Dr. Eli Marshall, Peterborough; Mr. E. Marshall, Lindsay; Miss G. Marshall, Toronto and Messrs. Isaac and Robt. Marshall, of Sprague, arrived here on Friday to be present at the family reunion to be held at the homestead here.—Sprague correspondent to the Orillia Times.

Mr. Percy White, one of the city's popular young men, left last night for Toronto to accept a position in the office of the Queen City Oil Company. The "Onion Club" thereby loses one of its popular members. It is hoped by all his friends that Mr. White will meet with success in the provincial capital.

SOCIAL EVENT AT MR. A. CARPENTER'S RESIDENCE

Many From the City Attended—Mr. France Was Floor Manager

A pleasant social evening was spent at the residence of Mr. Albert Carpenter, of Otonabee, just east of the city, last night. About forty guests were present, most of whom tripped the light fantastic until the early hours of the morning. Mr. Jas. France acted as director of ceremonies in a very capable manner. Refreshments were served during the evening.

LEGAL COMMITTEE TO DISCUSS LEGISLATION

Meeting Called for Five O'clock This Evening by Chairman Phelan

Ald. Phelan, chairman of the Legal Committee of the City Council, has called a meeting of that body for this afternoon at 5 o'clock for the purpose of discussing the legislation which the city will bring before the next session of the Legislature. Some of the new members of the committee are not acquainted with the matter, and the meeting is called more for the purpose of supplying information than for doing any business.

DECIDED TO ORGANIZE A BUILDERS' EXCHANGE

Contractors of the City will Protect Themselves in This Way

At a meeting of the contractors of the city in the Council Chambers last night, it was unanimously decided to organize a Builders' Exchange in Peterborough for the purpose of protecting the contractors and promoting their interests to the best advantage. Mr. Jas. Bogue was in the chair, and there was a representative attendance. The chairman addressed the gathering and explained the aims and objects of the proposed Exchange. Several of those present also spoke of the purposes to be achieved by such an organization. It was decided to form an Exchange, but the election of officers was left over until the next meeting which will be held in a short time.

"MY VALET" has removed from 384 1-2 George Street to 204 Charlotte Street. Phone 575 Bell.

ARRANGE DATES FOR "ZEPHRA" SPECTACLE

Will be Given in the Grand Opera House, on Feb. 8, 9, 11, and 12th

This morning the dates for the presentation of the "Zephra," which will be given in the city under the auspices of the 57th Band, were arranged, and it will be given in the Grand Opera House on Feb. 8, 9, 11 112, with a matinee on Saturday afternoon, Feb. 9th.

About 200 hundred persons will take part in the presentation of this spectacle, which will, in all probability be one of the most interesting of its kind ever given in this city.

Eczema for 20 Years
"I was troubled with eczema for twenty years and was treated by three doctors to no avail. Dr. Chase's Ointment has cured me completely and I have not had the slightest return of the disease." —John Pratt, Blyth, Huron County, Ont.

THE MISSION BAND ELECTS NEW OFFICERS

Annual Meeting of St. Paul's Band Held Yesterday

Yesterday afternoon the annual meeting of the Mission Band of St. Paul's Church was held, when the officers for the coming year were elected, the reports of the work of the Band for the past year having been presented at the annual meeting of the Missionary Auxiliary recently held.

The officers of the Band elected yesterday were:

President—Miss Markie Hall.

1st Vice-President — Miss Laura Davidson.

2nd Vice-President — Miss Ethel Munro.

Secretary—Miss Alethia Davidson.

THE BIBLE CLASS HAD A DELIGHTFUL OUTING

Last night the members of the Bible Class of St. Luke's Sunday School, led by Mr. J. J. Turner, Jr., accepting an invitation of Mr. and Mrs. W. H. Andrews, drove to Lakefield and spent the evening at their residence in that village. Two sleigh loads, numbering about thirty persons, drove to the northern village and spent a delightful evening the guests of Mr. and Mrs. Andrews.

JOINT INSTALLATION OF ODDFELLOW LODGES

Big Gathering of the Triple Linked Brethren Took Place in the Hall Last Night

GOOD PROGRESS MADE DURING YEAR

There was a big gathering in the Oddfellows' Hall last evening when the newly elected officers of Peterborough Lodge, No. 111, and Otonabee Lodge No. 13, I.O.O.F., were duly installed for the coming term.

Good progress has been made by both lodges during the past six months and most satisfactory reports were presented. Bro. Wm. Hill, D.D.G.M., acted as installing officer. He was assisted by the following brethren: Col. J. W. Miller, acting as Grand Marshall; Dr. R. F. Morrow, as Grand Warden; George Payne, as Grand Financial Secretary; A. A. Fowler as Grand recording Secretary; and R. J. Matchett, as Grand Treasurer.

After the installation a short congratulatory address was delivered by Bro. Hill and then an adjournment was made to the dining hall, where choice refreshments were served and a very pleasant time spent.

Following were the officers installed:

ROBERT MORGAN FELL ON THE SLIPPERY PAVEMENT

Face was Badly Cut and He Was Taken to Police Station

A private patrol sleigh had to be brought into service this morning to carry Robt. Morgan, a miller, to the police station. Morgan had fallen by the wayside and bumped his head on the hard pavement in front of the Temperance House, Hunter street. A good Samaritan hailed a passing expressman, placed the stunned man therein, and took him to the police station, where he was given lodgings.

DOURO MAN PLEADED GUILTY AND WAS FINED

Offence Not a Serious One, So Assessment Was Small

James McManus, of Douro, appeared before County Magistrate Edmison this morning on a charge of being drunk and disorderly on election day. He pleaded guilty to the charge and was fined $1.00 and costs.

The offence was committed at No. 4 polling division where Stewart Brown was the poll clerk.

REPORTS OF THE YEAR AT HOSPITAL PRESENTED

Annual Meeting Trustee Board Held Yesterday Afternoon—Chairman Reviews Work of Past Year

THE NEW BOARD WERE ELECTED

The annual meeting of the Nicholls Trust Board was held in the Council Chamber on Thursday at 4 p.m.

There were present Mr. Richard Hall in the chair, and Messrs. J. J. McBain, Wm. Madill, Jno. McClelland, Rev. J. G. Potter, John Green, W. Aldridge, Rev. J. G. Lewis, W. H. Hill, Jas. Stevenson, and John Crane.

After reading and confirming the minutes of the last annual meeting, the chairman, Mr. Hall, made the following remarks:

"Gentlemen,—It is with pleasure that I report a highly successful year at the hospital. A larger number of patients has been treated during the past year than in any previous year in the history of the hospital, namely,—510, as against 403 in 1905.

"Two hundred and two operations were performed, some of which were extremely serious ones.

"The furnishing account has been drawn upon somewhat heavily this year, but we believe that it has been for the good of the hospital. Many improvements have been made—the corridors have all been painted, as have several of the rooms. Cork matting has been laid on the corridor floors, which is a great improvement in lessening the noise. The kitchen and linen equipment has been added to, and everything possible has been done to make the rooms comfortable.

"The internal management is worthy of much commendation. Miss De La Matter, the superintendent, is to be congratulated upon the excellent standard attained during the year. We believe that the hospital is regarded in a kindlier spirit than ever before, and more interest is being shown by the public at large. The medical staff have been most faithful. You are aware that each doctor in turn gives one month's free service to the free patients, and the service given is prompt and cheerful.

"The receipts from pay patients are about $400 in excess of last year.

"The generous donations from the Nicholls Estate enabled us to wipe off the existing bank overdraft and close the year with a credit balance, besides purchasing and paying for the lot west of the hospital, which has been used for years as a vegetable garden for the hospital. It was thought wise to secure this property to preclude any possibility of undesirable buildings being put up thereon.

"I am pleased to say that the Visiting Committee have been faithful in their duties during the year.

"The following members of the Board retire this year, but are all eligible for re-election: Messrs. Jno. McClelland, J. J. McBain, Rev. J. G. Lewis, T. H. Adams, A. P. Poussette and W. Aldridge."

The Secretary-Treasurer, Mr. John Crane, presented the annual statement of receipts and expenditures, and commented upon the main features. The report was as follows:

Receipts.

Pay patients	$ 5312 10
Income from endowment	4072 00
Provincial grant	1037 92
Other sources	50 00
Donations from executors of estate of C. J. Nicholls, (to cover bank overdraft)	11500 00
	$ 21,972 02

Expenditure.

Butter and eggs	$ 515 92
Bread, flour and meal	846 38
Butchers' meat	897 40
Contingencies	333 66
Drugs and medicines	517 87
Fuel	889 17
Groceries	332 96
House furnishings	1197 58
Light	356 74
Petty cash	120 09
Milk	122 00
Repairs	1185 10
Salaries and wages	3903 83
Tea and coffee	66 55
Vegetables, fish, etc	306 71
Water	185 82
Wine, beer and spirits	50 66
Surgical appliances	252 96
Insurance	157 75
Clothing for patients	11 40
Ice	125 00
Real estate	3500 00
	$ 16,570 66

Balance Sheet.

Real estate	$ 3500.00
Furniture account	6000 00
Endowment fund	85000 00
Balance in bank	1273 35
	$130773 35
Assets	$129500 00
Revenue and expenditure	1273 35
	$130,773 35

Bank Account.

Balance overdrawn Jan. 1, 1906	$ 127 52
Balance, credit Dec. 31, 1906	1273 35

The report was received and adopted.

The remarks of the chairman drew from several members of the Board flattering remarks as to the efficiency of the medical and nursing staffs at the hospital and the excellent work being done.

The Superintendent, Miss De La Matter was highly complimented as to the very satisfactory condition of matters at the hospital.

The election of officers then took place, resulting as follows:

Chairman, Mr. Rich. Hall.
Honourary Secretary, Mr. W. H. Hill.
Secretary-Treasurer, Mr. J. Crane.

Finance Committee
Messrs. Hill, Poussette, Madill, Green Adams, and the Mayor.

Property Committee
Messrs. Aldridge, McClelland, Madill, McBain, Rev. J. G. Lewis and the Mayor.

Supply Committee
Messrs. McClelland, Madill, Aldridge, Hill, Rev. Mr. Potter and Rev. Mr. Lewis.

Visiting Committee
January and July—Messrs. Hill and the Mayor.
February and August — Messrs. Poussette and McClelland.
March and September—Rev. J. G. Potter and Mr. Aldridge.
April and October—Messrs. Richard Hall and J. J. McBain.
May and November — Messrs. W. Madill and Rev. J. G. Lewis.
June and November — Messrs. J. Stevenson, T. H. Adams and J. Green.

After the annual meeting had adjourned, a general meeting was convened, at which routine business was transacted.

A PITHY STATEMENT

Mr. McDermid, Our Well Known Druggist, Gives an Apt Illustration

HIS VIEWS ON VINOL WORTH LEARNING

This is the Preparation That is Being Much Talked About

A reporter asked Mr. McDermid, of the firm of McDermid & Jury, the same question that hundreds have asked him in the last few days, "Just tell me precisely, please, why Vinol is better than cod liver oil?"

Mr. McDermid replied in his genial way, "I can explain to you in a few minutes the advantages of Vinol. Suppose you had never seen a hen's egg. A man who knew of them should tell you to eat three of them every day. I do not say that you would, mind you, but I am inclined to believe at the start you would make an heroic effort to get away with the whole thing, shell and all. The meat of the egg would be what you needed, the shell rather superfluous. In fact, as a matter of nourishment, not quite the thing for your stomach.

"There you are with cod liver oil. In it you have a medicine, or rather in the liver of the codfish there are medicinal elements known to be valuable for certain forms of wasting disease, a great reconstructor. Doctors have administered it for years. They were like the man who had never seen an egg before. They gave it to their patients just as they found it, shell and all. Yes, that is exactly it. The grease was useless and as bad for the stomach, almost, as would have been the shell of the egg. The kernel, or the meat of the remedy, the vital principles that they were after, were contained in it. Science has stepped in and done exactly what the man with the egg might have done — found a way to separate the healthful interior from the worthless husk.

"Now, in Vinol we have all the active medicinal principles of the cod's liver. We have thrown away the useless encumbrances that formerly enclosed it, namely, the objectionable oil and grease. We have taken this extract, placed it in a delicious medicinal wine, and there you are. Patients who have needed cod liver oil and could not take it, have no trouble in taking Vinol. Why, you would enjoy drinking it yourself, it is so pleasant. The medicinal properties of the cod's liver heal damages done by diseases that are of a wasting nature, and the same principles give strength to the weakened digestion and enable the poor sufferer's worn-out stomach to digest and obtain nutriment from everyday food. These same principles are also active disease germ annihilators.

"Yes, I am glad to have you come any time that you care to learn anything more about Vinol. It has already proved itself to be a phenomenal success."

MID-WINTER OUT DOOR BATH

Two Men Living Below the Locks Fell Into the Creek Above the Locks and Enjoy a Chilly Bath

According to a report from Otonabee two men enjoyed a bath the other day, the pleasure of which they may have all to themselves. Their names are Kennedy and Shaughnessy and while engaged in cutting ice in Boyler's Creek, just above the locks, in some manner were precipitated into the water, which, as may be opined, possessed anything but distinct thermal qualities. The accident happened about eight o'clock in the morning when the atmosphere was delightfully keen and frosty and the result to the unwilling bathers was to say the least very unpleasant. It was fortunate that the water was not very deep otherwise there might have been more serious results. As it was they sank to their necks and received a thorough soaking. They scrambled out as well as they could and made for Kennedy's home, which was luckily near at hand. Since the happening no further news has been received as to later ill-effects.

DEAD ANIMALS THROWN ON MARKET SQUARE

Existing Conditions Should be Looked into by Health Officers

The market square appears to be a dumping place for all kinds of dead animals and the latest addition is rats. They have probably been "putting their feet into it," and the property owners have thrown them out into the market for decoration purposes.

The market square should be one of the last places in the city for dead rats to be thrown and this condition of affairs should be brought before the health inspector or other official whose duty it is to promote the health of the citizens.

PANCAKE SOCIAL AND SALE OF FANCY WORK

The weekly meeting of the Mothers' Guild of St. Luke's, was held on Wednesday, and a large number of the members were present. Mrs. T. H. G. Denne was in the chair.

After routine business was attended to and reports given on the finances by Mrs. A. Waterman, the annual pancake social was discussed. It was decided to hold it, in conjunction with a sale of fancy work, on Shrove Tuesday, Feb. 12. Committees were appointed to make all arrangements. Refreshments were served at the close of the meeting.

Band to-night at Street Railway Rink.

GEORGE STREET

A. A. Hollingshead, Manager

PROVINCIAL SECRETARY UNABLE TO ATTEND OPENING

Hon. Mr. Hanna Sends His Regrets and Intimates That He Will Not be Here at Opening of House of Refuge

MR. FINLAY WILL ALSO BE ABSENT

Word has been received by Mr. Ed. M. Ellictt, County Clerk and Treasurer, from the Hon. Provincial Secretary to the effect that he will be unable to attend the opening ceremonies in connection with the House of Refuge. The Inspector of Prisons and Public Charities, Dr. R. Bruce Smith, will no doubt be present and will in that event represent Mr. Hanna. Mr. Finlay, M.P., for East Peterborough, has also written the County Clerk stating that an important business engagement will prevent him from attending the opening.

So far as known, however, the other gentlemen invited will be present and will participate in the ceremonies in connection with the formal opening and handing over to the country of the new institution.

THE SISTERS RETURN THEIR THANKS

To the Friends Who Generously Contributed to the House of Providence at Christmas

To all, the thanks of the Sisters of the old people and the children of the House of Providence are extended through The Examiner for the Christmas cheer which came in the shape of cheques, provisions, clothing, fruit, confectionery, toys, etc.

Special thanks are due to a number of citizens who at different times during the year kindly sent in gifts which were greatly appreciated. One kind benefactor never fails to donate two bags of flour every month. Those in charge are most grateful also to the different parishes of this diocese for their generous subscriptions to this Home during the past year. The little ones are more than grateful to Mr. and Mrs. L. M. Hayes for their gifts of Christmas stockings of toys, and to Mr. and Mrs. C. Rutherford for the sleigh drive, dinner and Christmas tree given them during the holidays at their home. Renewed thanks are extended to those. The kindness of hundreds throughout the city and neighbourhood towards this institution will be remembered during the year, and their gifts will have actual existence for some time to come.

May He Who regards the cup of cold water given in His name, reward with the "Hundredfold," each and all of our kind benefactors during this year, is the earnest wish of all at the House of Providence.

WILL GIVE RECEPTION TO THE NEW PASTOR

Rev. J. R. Webb and His Family Will Meet the Congregation of Murray Street Baptist Church To-night

To-night the congregation of the Murray Street Baptist Church will tender a reception to Rev. J. R. Webb, the new pastor, and his family. In the Sunday School room the gathering will be held, the programme, which will consist of music, recitations and addresses, commencing at 8 o'clock.

It is the desire of those in charge of the affair to have as full a representation of the members of the congregation as possible, with a view of having them meet and become acquainted as quickly as possible with the new pastor.

Mr. and Mrs. Webb have taken up residence at 344 Rubidge street, and his telephone number is 570a.

GASOLINE EXPLOSION CAUSED DEATH OF THIS LADY

Mother of Mr. Martin McNamara, of This City, Died in Saginaw, Mich., as Result of Explosion

SHE INHALED THE DEADLY FUMES

The Saginaw Evening News of recent date has the following:

Mrs. Ann McNamara, widow of the late John McNamara, passed away at the family residence, 800 Owen street, Saturday afternoon at 1.15 o'clock as the result of an explosion of gasoline last Monday. Mrs. McNamara poured gasoline into a tub of hot water which she intended to use for washing and the gasoline exploded. She was not burned, but inhaled the deadly fumes and never recovered, the heart being affected.

The deceased was born in Lunis, Clare County, Ireland, March 17, 1840. When 18 years of age she came to Canada, making her home at the home of Admiral Vidal, at Sarnia, Ont. She was married at Sarnia on March 3, 1859. She and her husband moved shortly after to a farm in Taymouth, being pioneers of that township. There she lived until seven years ago, when she came to this city to make her home.

She leaves three sons and six daughters: John, on the Panama Canal; Martin, of Peterborough, Ont.; and James, on the old homestead at Taymouth; Alice and Lizzie, Chicago; Dr. Margaret R. Otis, Detroit; Kate, of Peterborough, and Nora and Sarah, of this city.

The deceased had a host of friends in Taymouth where she had lived so long, and was a woman whose life and character endeared her to all who knew her.

Funeral services will be held at St. Mary's Church Thursday morning at 6 o'clock, and the remains will be taken to Mt. Morris for interment in Calvary Cemetery, immediately following, services also being conducted at Mt. Morris at 10 a.m.

Band at Street Railway Rink to-night

PAID TRIBUTE TO THE WORTH OF DEPARTED

Late Rev. W. R. Tandy M. A. Eulogized By Kingston Whig—A Christian Gentleman

The Kingston Whig, in a recent issue made a reference to the death of Rev. W. R. Tandy, a former curate of St. John's church, in this city, which his many friends here, who know the deceased's good qualities, will heartily endorse. The Whig says:

A noble life has been closed by the death of Rev. W. R. Tandy. He inherited the intellectual gifts by the development of which he attained distinction in the college, the press and the church. He had definite aims and, leaving the occupations which were inviting, in which he had more than the usual success, he entered the profession that promised the largest measure of satisfaction. For this he possessed the culture, the courtesy, the gracious manner which mark the Christian gentleman. His removal deprives the church of a devoted servant, and the world of a man of piety and refinement. The Whig esteems the loss the greater because of hallowed associations with another of the Tandy family, whose thoughts were expressed through it, editorially, and whose spirit is still felt in the circles in which he moved.

THE CHOIR WILL GIVE A "NATION TEA" SOON

Choir and Young Men's Guild, of Charlotte Street Church, will Combine in a Church Enterprise

Under the joint auspices of the Choir and Young Men's Guild, of the Charlotte street Methodist Church, a Nation Tea will be given in the Sunday School rooms during the middle or latter part of February. About three years ago the choir gave one of these teas, which proved a gratifying success and they have decided to repeat it, in conjunction with the members of the Young Men's Guild.

DEBATE IN METHODIST YOUNG MEN'S CLUB ROOMS

Will be Held This Evening at Eight O'clock

To-night at eight o'clock the Methodist Young Men will hold a meeting in their club rooms on George street. The meeting should be very interesting, judging from the subject of a debate that will be the main item of the evening's entertainment, viz., Resolved that the Methodist ministry is not a desirable vocation for a young man. Mr. G. N. Gordon will also give an address and the result should be a large attendance of the members of the club.

CHEAP GRANITEWARE SALE

At this season we have quite a lot of slightly damaged GRANITEWARE which we wish to sell before stock-taking. There are some real bargains—have a look.

THE BEST STOVE AND HARDWARE CO

WANTS A REGULAR TIME TABLE

Correspondent Points Out What He Considers Would be an Improvement in Street Railway Services

To the Editor of the Examiner,—

Sir, — Not very much fault can be found with the street railway in regard to continuity of service. But its irregularity is something to complain of, especially in the cold weather. Why not have a regular time table?

I believe that a 14-minute service is aimed at. The Park street line can make this fairly well, but it's a little too swift for the George street cars, which cannot make sharp connections with the other lines, and consequently persons who desire to take Park street cars have often to stand shivering in the cold, or walk, which scorers do do. Why not aim at a 15-minute service? The extra minute would help the George street lines, insure sharp connections and the public could count on cars being at convenient points at the quarter, the half, the three-quarters and the hour. People could time their presence so that they wouldn't have to wait for a car, or have to wait for connections. The street railway can't live without the public, and it will live better by consulting as much as possible the public convenience.

I use the street cars a good deal, and some change like that mentioned would be appreciated by myself as well as by other people. I know from my own case that the street railway misses many a fare by not being at a point, when I want to take a car, at the hour I should expect it, and my case is that of hundreds of others. A word to the wise should be sufficient.

Yours truly,

WOULD-BE TRAVELLER

LOCAL BUSINESS MAN ELECTED ON COMMITTEE

Mr. A. H. Stratton, a Member of the Executive Committee of the Booksellers' and Stationers' Association

Mr. A. H. Stratton of this city, was elected yesterday on an executive committee of the Booksellers and Stationers' Association of Ontario, to act with the president and vice-president of the Association in dealing with matters affecting the association. Speaking of the supply of school books the following statement was made by the president of the association:

"If the Department of Education will use the booksellers for the distribution of the various school books, a great deal of trouble will be saved to all parties."

PUBLIC SCALES MADE DIFFERENCE OF 470 LBS.

Otonabee Farmer First Weighed Hay on East City Scales

To the Editor of the Examiner,—

Sir, — A farmer from Otonabee this morning had a load of hay at the market weighed on private scales. The net weight on his ticket called for 2180 lbs. of hay. This was sold, but for some unaccountable reason the purchaser did not take it. He then drove to the public market and had it weighed again, the net weight being 1690 lbs., being a difference in favour of the farmer of 490 lbs. I guarantee the last weight to be correct. It looks to me as if the public scales are for the use of the public, and the private scales for the owners, as the latter are scales that coal is weighed on to the citizens of this city. Is it not high time that citizens are awakening to the fact that all coal should be weighed on the public scales?

Yours truly,

L. J. LEE,

Deputy Market Clerk.

Peterborough, Jan. 17th.

Band to-night at Street Railway Rink.

A WARKWORTH MAN DIED IN EDMONTON

Late Robt. Elliott, B. A. Passed Away in the West—Was Formerly a Teacher in Orillia

Rev. R. A. Armstrong of Orillia, was in the city to-day on his way to Warkworth, where he was to-day conducting the funeral services over the body of the late Robert Elliott, B.A., a former resident of Warkworth, who died in the Edmonton hospital from Bright's disease.

The deceased had been teaching school in a small town near Edmonton when he took ill. Before going to the west he was a teacher in the Orillia high school, where he formed a warm friendship with Mr. Armstrong.

THE LATEST SPORTS

LINDSAY CAPTURED THE DISTRICT MEDAL

Defeated All Comers and Won the Finals To-day Against Lakefield by 8 Points

LAKEFIELD PLAYED REMARKABLE GAME

The curling games for the District Cup were finished shortly before two o'clock to-day with Lindsay the winners. The feature of the games was the remarkable showing which the two Lakefield rinks made in the contest, losing the finals to Lindsay by only 8 points. It was practically the first time this season that the Lakefield curlers had any practice yet they defeated Fenelon Falls by 7 points and always looked dangerous to Lindsay in the finals.

The District Cup games began yesterday afternoon when Port Hope played Fenelon Falls and Keene played Lindsay, the last mentioned in each case winning.

Last night Peterborough and Lakefield who got the byes played against Lindsay and Fenelon Falls the results of which placed Lakefield and Lindsay in the finals for the medal. These games began this morning with the result mentioned above—Lindsay captured the prize.

This is the second time in two years that Lindsay curlers proved themselves champions of this district. They are now entitled to compete for the Governor General's prize to be played for later on in Toronto.

The afternoon games of yesterday resulted as follows:—

Port Hope.	Fenelon Falls.
M Carey	A Gould
J Evans	M W Reine
W Peacock	T. Cashore
D Muir, 14.	R M Hamilton, 24.
E Brown	E Beateau

NORWOOD DEFEATS HAVELOCK BY 15 TO 1

Alec Kempt and Fred Doherty, of Norwood, Beyond the Class of Hockey Played in Either of the Villages

A correspondent from Norwood writes to the Examiner regarding the hockey match played with Havelock on the 15th and according to the form displayed on record a match between the Norwood bunch and one of the City League teams should be interesting. Norwood wrote for a game saying they would pay the visitors' expenses and if any of the locals are anxious for an out-of-town game this is a chance. The following is the report of the Norwood-Havelock game:—

The postponed game between Havelock and Norwood was played here on the 16th. Considerable interest was shown, as it was thought that the the teams were very evenly matched. The game proved to be anything but an even one. Kempt and Doherty were the two best men on the ice. Their wo-men combination rushes were the features of the games. With five more like these two Norwood would have as good a team, if not better, than that of four or five winters ago. Neither have the advantage in skating, but Kempt's experience makes him the better man. The three men, Smith, Cummings and Scott did excellent work. Huycke at point makes a good man, and did his work like an old player. For the Havelock boys little can be said. They were given much to disputing Mr. MacIntosh's decisions, which seemed fair to the home team. The score at half time was 7-0, while at the end it stood 15-1, Havelock scoring at the last minute.

BEST GAME OF SEASON PROMISED FOR MONDAY

Eddie Gould's Wonders From the North Will be Here

Eddie Gould's Midland team, with their strongest lineup, will be here on Monday night in a big effort to put Peterborough out of the running. The Midland outfit will put up the strongest kind of an argument and Peterborough to win will have to extend themselves to the utmost. On paper and on the form displayed this season the teams are very evenly matched. Each has won two games one at home and the other abroad and the game should be a rattling exhibition. Midland are confident of winning the game and will play hockey from the first toot of the whistle. Tom Hanley, he of Varsity fame, will be on the visitors' defence, and with Beatty, Gould, Switzer and Hastings on the forward line the team will be most formidable.

NORTHERN LIGHTS WON FIRST JUVENILE GAME

Defeated the Invincibles Last Night by 3 Goals to 1

The juvenile series of the City League opened last night when the Invincibles and Northern Lights played a curtain raiser to the big games. The score at the end of two 10-minute halves was 3-1 in favour of the Northern Lights who had much the better of the play. The youngsters put up a fast exhibition, their stick-handling and shooting being surprisingly good. Coughlin, Pratt and Ewans were the stars of the winning aggregation, the last named, although as small as the Marlboros chances of winning the senior championship, played a stellar game. Heffernan and Sheehy were prominent for the losers.

W. Cahill refereed to the satisfaction of both teams. The line-up was:—

Northern Lights.		Invincibles.
McMahon	Goal.	S Sheehy
Weatherstone	Point.	Hickey
Hourigan	Cover Point.	R Sheehy
Coughlin	Rover.	Heffernan
Pratt	Centre.	Heenan
Harrison	Right Wing.	V Hayes
Ewans	Left Wing.	Morrow

HOCKEY PLAYER GONE TO NICHOLLS HOSPITAL

Chas. Barber, the point player of the Orphans City League team was removed to the Nicholls Hospital this morning suffering from a badly injured knee the result of a slash received in last night's game with the High Lifes. Mr. Barber was injured last season in a similar manner in a game at Sudbury and was laid up for three months.

HOCKEY

Most of the Toronto sporting editors characterized the Marlboro-Peterborough game on Wednesday night as "extremely rough". What kind of "allow me to suggest the advisability of your surrendering the rubber to me, Harold" game have the Toronto teams been handing out this year? Wednesday's game was as mild as a summer zephyr or a Sunday School tea. The only thing that was hurt was the Marlboros' feelings and they must be about accustomed to such shocks by this time.

• • • •

The Toronto Pros won a game last night by defeating the American Boo team by eight goals to seven in an exhibition game on Toronto ice. Surely someone must have handed the victory to the Hogtown bunch. On paper they do not look fast enough to win the Intermediate O. H. A. championship. The Globe says that Rowley Young was the best man on the ice. The others must have been pretty poor.

• • • •

The standing in the City League is as follows:—

	Won.	Lost.	Tied.
Charlotte Street	2	0	0
Britheonas	1	0	0
Auburns	1	1	0
High Lifes	1	2	0
Lakefield	0	1	1
Orphans	0	1	1

CURLING

The rinks have now been chosen to hold up the honour of Peterborough at the great centennial celebration of the Montreal Curling Club, which begins next week. A number of the eight players will leave on the midnight Sunday night for the east, although they do not have to be there until Tuesday morning.

The two local rinks will enter in both the single and double competition games. Each club in the Dominion has the privilege of entering two teams in the latter series. The following players will compose the rinks:

H. Foote	J. E. A. Fitzgerald
T. Brightman	A. Blade
J. H. Connal	D. Davidson
W. G. Ferguson, sk	T. Rutherford, sk

WINTER TROTTING

At the Lindsay ice races yesterday Dr. Johnston's Harry Direct took second money in the 2.17 class. McKinley, owned by Mr. Montgomery, of Toronto, won in straight heats.

TURF.

The horses which will take part in the races here next week are coming into the city by the car load. This morning a big bunch of horses came to train for the races, which this year promise to be the best in the history of the local Turf Club.

Coupons must be mailed or delivered on or before March 30th, and must reach the office of Orange Meat, Kingston, before April 9th, when the prize will be awarded.

Don't Neglect Your Skin!

You have been complaining of a nasty, raw, rough "feel" about your hands, arms, neck or face? It is a common experience just now that the keen, biting winds are upon us. The relief lies in Zam-Buk. Don't neglect your skin. Don't forget that the skin is more than a mere covering for the body. By means of tiny pores it helps to purify the system; and unless cared for, the damp, raw days of winter impair its functions, cause cracking, chaps, and sow the first seeds of skin disease. Don't neglect a cut or a sore, for fear of blood poisoning or inflammation. Zam-Buk is a certain and antiseptic healer. Applied to a cut, a bruise or any skin injury, its antiseptic powers come into operation, and it kills all disease germs which would otherwise cause inflammation and suppuration. Then the herbal essences of which it is composed build up new healthy tissue, cell by cell, till the injury is healed, the disease cured, and all traces of it removed. Write for free box offered below.

Skin Disease for Two Years

Mr Chas. Hill, of 14 Main Street, Brantford, says:—"For nearly two years I suffered with a skin disease on my legs, which became so irritable at times that I was confined to my bed and unable to apply bandages of any kind or even to let anything touch my legs. I had tried nearly every ointment that was advertised and had taken many medicines internally, but without any good result. Recently I sent for a supply of Zam-Buk, and with the first application I got relief of the irritation. I have used not quite two boxes, and my cure has been complete, the sores having entirely disappeared from my limbs. Since then I have been able to go about my work with perfect comfort—something I have not done for nearly two years. Zam-Buk has certainly worked wonders for me, and I have no hesitation in giving it my recommendation."

Scalp Sores and Eczema Cured

Mrs. T. H. Hurlburt, of Bosley's Bay, Ont., writes:—"For the benefit of others I have pleasure in stating that I have proved Zam-Buk a cure for eczema. I had eczema on my hands, and had doctored with different physicians in vain as well as having tried various remedies. A few applications of Zam-Buk gave me great relief, and by this time I had used two boxes my hands were entirely healed up."

Mr. Henry Harvey, of Cataraqui, says:—"Zam-Buk in my case has done all it was recommended to do. I had some sores on the scalp, which at times caused me such acute pain that I could not bear to touch the part. This continued for nearly two years, and defied all remedies I tried. Zam-Buk was recommended to me, and after a fair trial, I am glad to report the sores are quite cured. I can strongly recommend Zam-Buk for scalp diseases."

Zam-Buk is invaluable for eczema, ulcers, scalp diseases, ringworm, psoriasis, bad legs, inflammation, rashes, eruptions, pimples, sores, scabs, scalds, piles, swellings, chapped hands, sore faces, cold-sores, chilblains, chills, cold in the head, cuts, burns, festerings, gatherings, poisoned wounds, etc., etc. Of all druggists, or post free from the Zam-Buk Co., Toronto, for 50c, a box. 6 boxes for $2.50.

FREE BOX
Send this Coupon and 1 cent stamp to Zam-Buk Co., and free box will be mailed you.

THE WINTER SKIN-TONIC.

REGINA
Is The Queen City of the West

Our sales of REGINA CITY LOTS during the past two weeks assures us of the confidence Eastern Investors have in Regina City Property.

REGINA led all Canadian Cities west of Winnipeg and east of Vancouver in building estimates for the year 1906, and stood 5th in the whole Dominion.

The present year promises to surpass any three previous years.

The site for the New Provincial Government Building has already been purchased at a cost of $96,250.00, and it is the intention of the Saskatchewan Government to erect Buildings on this site, second to none in the West.

We have some Choice Lots For Sale, adjoining this site, ranging from $60.00 up; also Blocks of 40 Lots at from $1,800.00 up.

Terms on the lots are exceptionally easy and extend over a period of Eighteen Months, which gives the purchaser a chance to sell at a good profit on a very small cash investment.

Many are taking advantage of this opportunity of a good investment.

Call at Our Office and be convinced that Our Offer for investment is unequalled in any other Western City.

Charlotte Street Won Again In The City League Series

Trimmed the Lakefield Outfit by 5-1 After a Good Game—High Lifes Beat Orphans

THE YOUNGSTERS PLAYED A VERY PLUCKY GAME LAST NIGHT

Charlotte Street and the High Lifes, as was expected, were the winners in the City League series last night. The Guild team won the first contest by 5 goals to 1, and the High Lifes were top notchers in the second struggle by 4 to 1. A good crowd saw the games and were given two good exhibitions. The ice was lightning fast and the play in some measure corresponded to the surface upon which the games were played.

The Charlotte Street team were doped by the wise ones to trim Lakefield and they did it handily, although the boys from the north put up a good argument, especially in the first period when the play was for the greater part in the home team's territory. Poor shooting and the good defence work of the Charlotte Street team was however effectual in keeping the visitors from finding the nets. The winners were without the services of Miller, their captain, who was suffering from the effects of the game in Toronto. This disorganized their forward line to a considerable extent and it was not until the second half that they got well under way and clinched the game. Neither team had much combination, most of the scores being due to individual efforts.

Charlotte Street won on their merits. After the first twenty minutes they had all the best of the play, although they had no easy argument at any stage, the Lakefield bunch playing a stubborn game and were always aggressive, even when the score was going against them.

The Charlotte Street forward line all showed up well. Quinn played his first game of the season and did good work at left wing. Long at centre was always prominent and Dusty at rover also put up a good game. The defence checked well and Lakefield had troubles of their own in boring in on the nets, where Lang had an easy time.

For Lakefield Quinn as Rover was the star. He played sterling hockey all through, carrying the puck nicely and displaying lots of speed. Simpson also showed up well, although he appeared to tire badly towards the end of the contest. Robinson got in the way of numerous shots, and for a junior showed good form.

Charlotte Street got the first two goals and led at half time by 2—1. In the second period they added three more to their total, while Lakefield failed to find the nets. The teams were as follows:

Charlotte Street		Lakefield
Lang	Goal.	Robinson
Roddy	Point.	Shurl
Moore	Cover Point.	Murdoff
Dusty	Rover.	Quinn
Long	Centre.	Simpson
Grose	Right Wing.	Moran
Quinn	Left Wing.	J. Quigley

Summary:—
1.—Charlotte Street, Long.
2.—Charlotte Street, Quinn.
3.—Lakefield, Simpson.

Half Time

4.—Charlotte Street, Long.
5.—Charlotte Street, Long.
6.—Charlotte Street, Moore.

Penalties—Dusty, Quinn, 3; Quinn, (Lakefield), Simpson, Roddy, Grose, Moore.

Second Game

The surprise of the evening was the start made by the diminutive Orphans against the High Lifes, in the second contest. The High Lifes were the victors by 4—1, but they had their work cut out for them. The Orphans were years younger and pounds lighter than the High Lifes, but they hammered away in good style and had as much of the play as their opponents. The score on the actual play should have been 2—1, as two of the High Lifes goals were scored on lucky shots from centre ice by Myers, almost before the game had started. After that there was little to choose between the teams. The little Orphans went right at their big opponents, checking fearlessly and boring right in on the defence. They had the best of what combination was in evidence, and several times got clean through the defence, only to see their shots picked off neatly by Sawers, who smothered everything in Tyner-esque fashion.

Dobson and Ray were the stars of the losers on the forward line and played splendid hockey. Both did a lot of pretty, as well as useful stick handling, and combined well, too. Lech at right was generally prominent. Pentland, although light, was a hard argument at cover point, and broke up many High Life rushes, while Barber at point used his body to advantage to the same effect. McFadden played a good game in the nets.

Rose was the pick of the High Lifes forward line and rushed in good style. Ferguson was also prominent at all times. Myers, at cover, had everybody ducking when he cut loose with a wrist shot, which happened every time he annexed the rubber. Sawers, as has been said, got away with some decidedly clever stops.

The game was marked by close checking, but was not rough. Barber and Neily got into a mix-up in the second half and tried to settle it with a wrestling match, and both were chased for the rest of the game. Dobson and Cameron served a five minute sentence together for displaying too ardent liking for each other's company.

The High Lifes scored three times in the first half, the first two goals going to Myers on long shots from centre. Ferguson made it 3—0 after a combined rush. In the second half Rose scored for the High Lifes early in the half. The Orphans had no idea of quitting and kept pegging away until the end. Sawers spoiled several nice attempts but principally just before time was up Dobson, Ray and Lech got away nicely and the former shoved the rubber past Sawers.

The teams were:

Sawers	Goal.	McFadden
Smith	Point.	Barber
Myers	Cover Point.	Pentland
Ferguson	Rover.	Dobson
Cameron	Centre.	Ray
Rose	Right Wing.	Lech
Kelly	Left Wing.	Sanderson

Mr. Geo. Lynch refereed both games to the complete satisfaction of all concerned.

Summary:—
1.—High Lifes, Myers.
2.—High Lifes, Myers.
3.—High Lifes, Ferguson.

Second Half

4.—High Lifes, Rose.
5.—Orphans, Dobson.

Penalties.—Dobson, 2; Cameron, 3; Rose, 2; Kelly, 2; Barber.

GREATEST BUTCHERY SINCE THE TIME OF NERO

This is the Way Mr. W. G. Cochrane Describes the Hockey Game on Saturday Night in Montreal

HOCKEY GAME WAS SIMPLY AWFUL

A letter received in the city from Montreal, from Mr. W. G. Cochrane, of the Quaker Oats Company, gives some new light on the butchering match of Saturday night in the Arena. Judging from the report of the game as given by Mr. Cochrane it was as bad as the newspaper reports give it. He says, in part:—

Was one of 7,000 people who braved the storm last Saturday night to see the greatest butchery since the time of Nero. Have seen some pretty rough house games, but the equal of Ottawa in this respect has not yet declared itself. To tell you the truth I went to the game a strong Ottawa supporter and while they played hockey it was good, but the second half was simply awful and would almost turn one sick at the sight of it. Four Wanderer men were carried off the ice unconscious and three of them taken to the hospital after the game. One of them is not out yet and poor old Hod Stuart is in pretty bad shape. Not an Ottawa man had a scratch and at one stage three Ottawa men were playing seven Wanderers and then they couldn't score. They were simply afraid to come in on Pulford and Spittal, and I certainly did not blame them. The crowd was absolutely the largest ever jammed into the Arena and therefore the largest ever at a hockey match in Canada or elsewhere. I got there at 6.30 and the game was not over until 11.30, and have had neuralgia since. Kendra play to-morrow night for the first game in the Stanley Cup series and it seems to be the general opinion here that they will win the first match at least. The rink was sold out a week ago, but there will be standing room for about 1,000.

A PURE HARD SOAP.

HOUSE WORK.

IT is easy to keep a hard-wood floor as clean and shiny as a mirror by using "SURPRISE" Soap.

You can make a suds in a twinkling with half a bucket of hot water and a little "SURPRISE" Soap. Then just go over the floor with a scrubbing-brush, lightly.

Don't dig, or make your back and arms ache by rubbing. "SURPRISE" Soap will do the work quicker and easier and cheaper than you can. It gets between the dirt and the wood fibres and makes them separate. All you have to do is wash up the dirt with water.

"SURPRISE" Soap is just as good for laundry as for house cleaning. It's a pure, hard soap of the highest grade, and costs no more than common kinds.

FORESTERS' CONCERT WAS A GREAT SUCCESS

S. O. E. Hall Not Large Enough to Contain Those Who Attended—Prominent Foresters Present

A VERY FINE MUSICAL ENTERTAINMENT

The musical and literary entertainment held last night in the S.O.E. hall under the auspices of the Independent Order of Foresters proved a highly successful event and one long to be remembered by the large audience present and particularly by the many Foresters in attendance. Excellent addresses were delivered chiefly on Forestry by a number of prominent outside officials of this great fraternal society. The humourous stories which interspersed thair addresses were a feature of the evening and greatly delighted the audience. The local talent contributed was chiefly of a musical character and assisted much in providing the first-class programme.

The chairman was Mr. J. W. Byers, of Court Chemong. Before introducing the first number of the programme he read a number of letters from prominent local men who were unable to be present. He also referred to the surplus of the I.O.O.F., and the prospects of the society which were becoming bigger and brighter every year.

Among the Foresters present on the platform were G H Wade, M.D., High Chief Ranger of Eastern Ontario; H A Collins, Supreme Treasurer; G N Brown, D.H.C.R.; J C Morgan, M. A., Supreme Organist; G W Powell, Financial Secretary; Dr. N Greer, Surgeon; T Dale, C.D., S.C.R.; N A Howard-Moore, P.C.R.; Wm. Nicles, V.C.R., and the chairman, J. W. Byers.

A piano solo by Mrs. G. G. Evans formerly of London, England, was the first number of the programme and made a delightful introduction. "The Colonel's Orders" was the subject of a splendid recitation by Miss Bessie Powell. A vocal solo by Miss M. Guerin "Let's go out to the Roller Rink" followed, and met with much favour from the large audience.

The chairman next introduced Mr. J. C. Morgan, M.A., Supreme Organist and Superintendent of the I.O.F. Orphans' Home. He rendered that old stirring song "Heroes and Gentlemen" which was loudly encored, notwithstanding contrary orders of the chairman before the beginning of the programme. On his second appearance on the platform he responded by singing "She Stoops to Conquer" which agreeably caught the popular ear. The succeeding number was a solo delightfully rendered by Miss Pearl Morgan who although a youthful vocalist made a good impression on the audience.

Mr. Brown's Address

Mr. G N Brown, D. H. C. R., of Brockville, next gave an address. He referred to his membership with the Foresters of which he was exceedingly proud and explained briefly why he was interested in the great Order. He also spoke of the excellent manner in which the I.O.O.F. withstood the recent Government inspection and stated that it could not be shown that a dollar of the Order was misspent by the officials in charge.

This address was followed by a delightful vocal solo by Miss Winnie Anderson, which was highly appreciated.

Mr. Wade

Mr. Wade, M. D., of Wooler and High Chief Ranger, for Eastern Ontario, was then introduced and referred to the great pleasure he had in paying a visit to Court Chemong which was one of the best Courts in Eastern Ontario. He was glad, he said, that Mr. Harry Collins the Supreme Treasurer, was present and he considered his presence was deserved by Court Chemong. Mr. Wade also spoke of the recent insurance investigations by the Royal Commission of Canada. It was several weeks, he explained, before the investigations into the I.O.O.F. was concluded yet this delving and digging into the pecuniary affairs of the society showed that not one dollar had gone astray. The Order of I.O.O.F. has been extended so that it now belts the world. He was glad to hear of the amalgamation of Court Queen No. 287 and Court Chemong, which took place a short time ago and spoke highly of the work done in Peterborough by Mr. Bradshaw, one of the Foresters' organizers.

Mr. Collins

Mr. H. A. Collins, the Supreme Treasurer, Toronto followed Mr. Wade. After a few jocular remarks and stories the speaker referred to the high respect with which the great inland city of Peterborough was held in the estimation of the province. He also spoke of the grand old man, Dr. Orenhyatekha who guides at the helm of the ship which carries 275,000 Independent Foresters and who is at the head of a society with a surplus of over eleven millions of dollars in the treasury.

The programme was brought to a close by a patriotic solo, "England Rules the Sea," by Mr. Morgan. He was again forced to respond to an encore and gave a recitation which was utmost enthusiastically received. Mrs. McWilliams who was present was also called upon and extended on behalf of the city a welcome to the visiting brethren. Mr. Morgan referred to the work done by the Order in the I.O.O.F. Orphans' Home, of which Mr. Morgan is the superintendent.

The accompanists of the evening were Mrs. G. G. Evans, Miss Winnie Anderson, Miss Lillie Packert and Miss Jennie Byers.

A vote of thanks moved by Messrs. N. A. Howard-Moore and G. W. Powell to the visiting brethren was heartily extended. The meeting was brought to a close by the singing of God Save the King.

AN EXCELLENT PAPER BY MR. PETER GARDINER

In Many Respects The Best Paper of the Series at the Young Conservative Club Rooms

ATTENDANCE SHOULD HAVE BEEN LARGER

Last evening the Young Conservative Club rooms were the scene of another smoker, which, like former ones, is helping to make the club very popular. As on previous occasions, one of the members delivered an address on some popular subject, and it is safe to say that no more enjoyable or interesting lecture has ever been given in the city than that delivered last night by Mr. Peter Gardiner on the life and work of Benjamin Disraeli, Earl of Beaconsfield. Mr. Gardiner clearly displayed a thorough knowledge of the political and home life of Disraeli by the exhaustive and at the same time entertaining manner in which he treated it. The story of this man's life should be a delight to everybody, but especially should it be of interest to the youth. The determination, the ambition, the perseverance of Disraeli, as exemplified in Mr. Gardiner's address should be of encouragement to every young man. One clause of his address was, "What a contrast to the lives of most statesmen was his progress from the obscurity of a lawyer's chambers and the discouraging isolation of a Jewish home to the very summit of power and fame in the British nation."

Synopsis

It is impossible to give a detailed account of Mr. Gardiner's treatment of Disraeli, but it may be well said that his effort, if not the best, was on a par with the best that has been delivered in the Conservative Club rooms during this or any other winter. His story was most entertaining, the facts were well arranged, the language was excellent and the delivery very good. A short synopsis of his early life may be interesting.

Disraeli's grandfather, when 18 years of age, migrated from Venice to London, where he settled down. He belonged to the Jewish race, and, like many others, soon amassed a fair fortune. He married when 35 years of age, and his only son, Isaac, was born in 1766. Early in 1802 Isaac married, and of this marriage four children were born, of which Benjamin, the eldest son and second child, was the subject of the address. He was born on December 21, 1804. He was baptized in the English Church of St. Andrew's, Holborn, in 1817, and thus received into the Christian Church.

Of the early years of Disraeli but little is known. He was not sent to the Public School and did not enter Oxford or Cambridge. He did not find the study of law favourable to his tastes, so abandoned it for that which suited him—literature. He said of himself that he was literally born in a library.

Mr. Gardiner then gave an account of the success that Disraeli met with in the literary world, which is all too lengthy to repeat in these columns. To the unpopularity of one of his works is due the fact that Disraeli gave up literature and entered upon a political career. He made four unsuccessful attempts to enter Parliament, and succeeded at last on the fifth effort. At this time he was 33 years of age and sat in the first Parliament of Queen Victoria.

In 1840 he married the widow of Mr. Wyndham Lewis, his marriage proving to be a great success. Mr. Gardiner depicted very truly their home life and his wife's great assistance and devotion to him that was entirely reciprocated. His wife took a great interest in his welfare and it was mostly due to her amiability and the sweetness and purity of their home life that he owed his social popularity.

Mr. Gardiner then gave a detailed account of Disraeli's gradual rise to the Prime Ministry, the zenith of his ambition at the age of 62. The speaker said, "He was the generator of the "Tory" party, and it is without question that it is to him that the Conservative party in England to-day owes its proud position."

Beaconsfield proved himself to be an honourable man and an upright representative of the people, and in fact, his whole life is an excellent study for the young. As Mr. Gardiner said, his life was an excellent model for young men to follow. His whole character was clearly portrayed, his literary and political achievements enumerated, his home life and his career in Parliament were all treated fully by Mr. Gardiner, and his closing remarks referred to his death and funeral, and the general mourning in England.

Mr. Gardiner was tendered a hearty vote of thanks on motion of Mr. T. Wilson and Ald. Phelan.

Remarks were made by the President, Mr. J. H. Burnham, and also by Mr. R. M. Denniston upon the entertaining address that had been delivered.

A musical programme was provided, Mr. Firth rendering in excellent manner a vocal number, which was supplemented by mandolin and piano music.

"Men Cannot Work In Such Weather" Says C. P. R. Chief

Cold Knocks Trains Off Schedule—Some Are Withdrawn—Southern Alberta Rancher Badly Frozen

LUMBERMEN ARE STARVING

Two Thousand Men in Carrot Valley in Danger—All Work Suspended at Lake Edward—64 Degrees Below

Special to The Examiner.

Winnipeg, Jan. 18. — Scarcity of coal, combined with the unusual weather conditions, have caused General Superintendent Jamieson of the Canadian Pacific Railway, to discontinue north-bound trains No. 15 and 16, and south-bound trains Nos. 101 and 102, as well as the mixed train between Lethbridge and McLeod.

"During all my railway experience in the west," Mr. Jamieson said, "I have never seen such continued cold weather. No one staying in the city can realize the severity of the weather as it is felt in the open country, where the wind gets full swing and drifting snow piles up on the track so fast that it is impossible to keep them clear. Men cannot work in such weather, and consequently we will discontinue service with the trains specified for an indefinite period."

TRAINS IN THE WEST LOST SIGHT OF AND BURIED IN SNOW

Minneapolis, Jan. 18. — Reports from the snowbound districts of North Dakota, continue to tell of the trouble the railways have in trying to open traffic on their lines. Despite strenuous efforts they are meeting with little success. Trains at some places have not been seen for over a week, while at others a struggling, snow-covered locomotive arrives now and then.

Some of the towns on the Anoka branch of the Great Northern are apparently deserted and passenger trains find none but the station agents to greet them.

A SOUTHERN ALBERTA RANCHER FROST-BITTEN; WANDERED ON PRAIRIE

MacLeod, Alta., Jan. 18. — Thos. Stockton, a rancher, who late town late on Wednesday night, to return to his home a few miles distant, got separated from his horse and wandered aimlessly about all night. The night was intensely cold. At daybreak he managed to crawl into the house of a settler named McFarquhar, who found that both feet and legs were frozen to the knees, and one hand frozen to above the wrist. It is feared the hand will have to be amputated.

LUMBERMEN ARE IN DANGER OF STARVING IN CARROT VALLEY

Winnipeg, Jan. 18. — Canadian Northern Railway officials have received notice that two thousand lumber jacks are in danger of starving along the remote northern points of the line. It is claimed that owing to the deep snow no supplies have reached the lumbering camps in the Carrot Valley for several weeks, and there is great danger of the men being unable to get out.

City Could Save Thousands Of Dollars By New Site

A Public Spirited Citizen Suggests That "Castleknock" be Purchased as Site for New Normal School

To the Editor of the Examiner:

Dear Sir,—I am sure that I may count on your well known policy of promoting the public welfare to allow me space to refer briefly to a matter which I submit very importantly affects the educational and financial interests of the city. The selection of the present site for a Normal School building involving an expenditure of $20,000 or $25,000 to put the Barnardo avenue school in a condition to fit it as a training school, is not to be regarded as in every way a fortunate one. In addition to this large expenditure the site has the disadvantage of being inaccessible, obscure and far-removed from the present line of street railway cars, not to speak of the destruction of the most beautiful and secluded of our minor parks.

An opportunity is now presented to remedy all this, to save the park and save the unnecessary expenditure of $5,000 or $110,000, as the case may be. I understand that Castleknock, the Dennistoun property on Water street running back to George and consisting of two acres, is in the market or soon will be for sale. I also understand that this can be acquired for $15,000. It would make a splendid site for a Normal School and sufficiently near the Central School to permit of the latter being used for a training school.

If this property were acquired, at the cost mentioned, there would be a direct saving of $5,000 or $10,000 accordingly, as the cost of remodelling the North Ward School would amount to $20,000 or $25,000. This is something worth considering, especially as the new site is in other respects preferable to the one selected. This $5,000 or $10,000 saved would go far to lessen the cost necessary to make the imperative improvements to the West Ward school.

As a considerable ratepayer and greatly interested in educational and civic interests, I throw out the foregoing suggestion for the consideration of the proper civic and educational authorities. If anything is done in the matter it must be done quickly.

Yours truly,
CITIZEN.

The matter referred to by "Citizen" is a very important one and the Examiner will gladly give space in its columns for the concise expression of opinion on the subject.

A SPECIAL LECTURE BY COL. GASKINS

"Queer Fish and How They Are Caught"
Mayor McWilliams Has Promised to be Present

Colonel Gaskin, of Toronto, General Secretary for the Salvation Army in Canada, Newfoundland and Bermuda, will visit Peterborough on Thursday next, January 24th, and will give a lecture in the Salvation Army Barracks, entitled "Queer Fish and How They Are Caught." The colonel is a very able speaker and the local corps are congratulating themselves on securing him for an evening. The colonel has been connected with the army in this country for the last ten years, and in his capacity as general secretary has travelled from the Pacific to the Atlantic, also Newfoundland, in the interests of the army work and is looked upon as one of the most brilliant speakers in the Canadian field. His Worship, Mayor McWilliams, will occupy the chair.

SIXTY-FOUR DEGREES BELOW ZERO WAS THE RECORD AT LAKE EDWARD

Quebec, Jan. 18. — Not since January, 1890, has there been such a cold spell here as during the last two days. Though the observatory thermometer registered 30 degrees below zero yesterday morning, many others throughout the city in more exposed localities, went as low as 36, and even 37 below, the latter at the skating rink. Lorette reported 41 below, St. Joseph 42 below, and Lake Edward, one of the highest and coldest points in the province, 64 below. At the latter point all outdoor operations were suspended.

THE WESTERN CONVENTION FAVOUR TORONTO

As the Best Place for Holding the Proposed Dairy Show—Opposition to This City

A LOCAL DEPUTATION IS IN LONDON

It looks as if Peterborough were to have strong opposition in its efforts to have the dairy show established here.

A deputation from Peterborough, consisting of Mr. T. E. Bradburn, M.P.P., Ald. Leary and Mr. G. A. Gillespie, attended the convention of the Western Dairymen's Association, at London on Thursday, and did everything in their power to boom Peterborough as an ideal place in which to hold the show.

The Western Convention looked upon the idea of holding such a show very favourably, and passed a resolution to that effect. They did not go as far as the Eastern Convention, however, inasmuch as they did not appoint a committee to deal with the matter. The Eastern Convention took this step, and the idea was that the two committees should meet and make arrangements for the show.

What concerns Peterborough more than anything else is the fact that the Western Convention is dealing with the matter, recommended that the show be held in Toronto, so that this city will have to make its best efforts to have the show brought to this city. It does not intend to give up without a hard fight at all events.

There is Money in Houses

and lands in right locations—money which you might as well secure if you have a little capital and take our advice as to where and what kind of property to buy. We can show by past successes our ability to guide you aright and your own judgment after seeing our lists will confirm our opinion. Welcome here any business day in the year.

WOMAN'S METHOD OF ASKING SECOND DIVORCE

Mrs. Wade Plaintively Says "Stay Single or You May Repent When Too Late"

POETIC WHEN SUEING FOR SEPARATION

(Examiner Special.)

Sioux City, Ia., Jan. 18.—Twice married and once before divorced, Mrs. John Wade, a beautiful and attractive woman approaching middle age, to-day filed a curious petition for divorce from her husband, a well-known and well-to-do Western travelling man. The petition is made up largely of verse written by Mrs. Wade herself and entitled "A Matrimonial Idyl", dedicated to "Young and old who would tempt fate."

She begins,
Stay single or you may relent when too late;
Nine times out of ten married life is a fake.
If you prefer joy and peace of mind,
Drift sweetly along down the swift stream of time.
You may think for a while 'tis unalloyed bliss
To have a sweetheart to caress you and kiss.
Whose flattering promises fall sweet on your ear.
The pledge of man's constant love is a snare,
Just a delusion, is all, I say; so beware.
'Tis courting to-day and wedlock to-morrow.
Then courts of divorce and trouble and sorrow.
Just profit by others, whose unhappy fate
Would warn you never to tie up with a mate.
Don't turn up your nose, but heed kindly warning
Of those who are victims of men's false alluring.
My advice is: Trust God, do the best you can,
To wed is all lottery when you trust in a man.

Proceeding in a greater spirit of misanthropy, Mrs. Wade takes this shot at the male sex:—

A substitute for a man is the latest hit—
Just keep a dog to growl and a cat to spit;
A domestic parrot can both jaw and swear,
A monkey to dispute and pull your hair,
All that is lacking is such connubial bliss,
All of the luxury of wedlock you'll miss.
Are gentle little love taps, just for a joke,
Such as knock-downs, black eyes or sweet little chokes.

Then forgetting metre and rhyme, Mrs. Wade takes one last jab at the whole race and its most sacred institution:—

Don't think you need one to strike even a match,
There are better places a light to scratch.
Talmage says matches in heaven are made,
But fortunate attachments show where the plan was laid.

Mrs. Wade's first husband, B. J. Birchard, was a real estate dealer and a veteran of the civil war.

A CHAUFFEUR WINS AN HEIRESS' HAND

Cole, a Farmer's Boy, Drives Rich American Girl Over Europe and Wins and Weds Her

Syracuse, N. Y., Jan. 18. — Miss Edith Wilber, a wealthy heiress of Oneonta, has been secretly married to her chauffeur, Herbert Cole. Miss Wilber is a graduate of Keble School and Syracuse University and is worth nearly $1,000,000.

The automobile was bought last summer from a Syracuse firm and young Cole, a farmer's boy, with a taste for mechanics, was engaged as chauffeur. With her mother, Miss Wilber took a trip through Southern Europe and the two young persons fell in love. The wedding was a complete surprise to their friends.

THREE COUNCILLORS DESERT THE REEVE

A Curious Situation Has Developed in Lakefield Since the Municipal Election This Month

The situation in the municipal field at the present time is certainly a peculiar one. Dr. Burgess, who was elected to the office of reeve by a majority vote of the electorate, finds himself at the very outset of his career, minus three of his colleagues. This unlooked-for action entails fresh nominations, and the possible expense of a new election before the governing body can be made complete.—Lakefield News.

REVILLON BROS. LIMITED,
184, McGILL STREET, MONTREAL.

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros.' Knives, Forks or Spoons, don't accept any bogus Rogers' stamp because your dealer tells you it's just as good.

1847 ROGERS BROS. TRADE MARK

The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made.

-- The --
Crimson Blind

BY FRED M. WHITE

Author of "Tregarthen's Wife," "The Robe of Lucifer," Etc.

Copyright, 1906, by R. F. Fenno & Company.

Continued from last Saturday.

"I've got what you want," David said. "Now come in to breakfast."

There was a pile of letters on the table, and on the top a telegram. It was a long message, and Bell watched Steel's face curiously.

"From Littimer Castle," he suggested. "Am I right?"

"As usual," David cried. "My little scheme over that diamond star has worked magnificently. Miss Chris tells me that she has—by Jove, Bell, just listen—she has solved the problem of the cigar-case; she has found out the whole thing. She wants me to meet her in London to-morrow, when she will tell me everything."

CHAPTER XLVI

Lord Littimer sat on the terrace, shaded from the sun by an awning over his deck-chair. From his expression he seemed to be at peace with all the world. His brown, eager face had lost its usually keen, suspicious look; he smoked a cigarette lazily. Chris sat opposite him looking as little like a hard-working secretary as possible.

As a matter of fact, there was nothing for her to do. Littimer had already tired of his lady secretary idea, and had Chris not interested and amused him he would have found some means to get rid of her before now.

But she did interest and amuse and puzzle him. There was something charmingly reminiscent about the girl. She was like somebody he had once known and cared for, but for the life of him he could not think who.

"Really, you are an exceedingly clever girl," he said.

"In fact, we are both exceedingly clever," Chris replied, coolly. "And yet nobody is ever quite so clever as he imagines himself to be. Do you ever make bad mistakes, Lord Littimer?"

"Sometimes," Littimer said, with a touch of cynical humor. "For instance, I married some years ago. That was bad. Then I had a son, which was worse."

"At one time you were fond of your family?"

"Well, upon my word, you are the only creature I ever met who has had the audacity to ask me that question. Yes, I was very fond of my wife and my son, and, God help me, I am fond of them still. I don't know why I talk to you like this."

"I do," Chris said, gently. "It is because unconsciously you yearn for sympathy. And you fancy you are in no way to blame; you imagine that you acted in the only way consistent with your position and dignity. You fancied that your son was a vulgar thief. And I am under the impression that Lady Littimer had money."

"She had a large fortune," Littimer said, faintly. "Miss Lee, do you know that I have a great mind to box your ears?"

Chris laughed unsteadily. She was horribly frightened, though she did not show it. She had been waiting for days to catch Littimer in this mood. And she did not feel disposed to go back now. The task must be accomplished some time.

"Lady Littimer was very rich," she went on, "and she was devoted to Frank, your son. Now, if he had wanted a large sum of money very badly, and had gone to his mother, she would have given it to him without the slightest hesitation?"

"What fond mother wouldn't?"

"I am obliged to you for conceding the point. Your son wanted money, and he robbed you when he could have had anything for the asking from his mother."

"Sound logical," Littimer said, flippantly. "Who had the money?"

"The same man who stole Prince Rupert's ring—Reginald Henson."

Littimer dropped his cigarette and sat upright in his chair. He was keen and alert enough now. There were traces of agitation on his face.

"That is a serious accusation," he said.

"Not more serious than your accusation against your son," Chris retorted.

"Well, perhaps not," Littimer admitted. "But why do you take up Frank's cause in this way? Is there any romance budding under my unconscious eyes?"

"Now you are talking nonsense," Chris said, with just a touch of color in her cheeks. "I say, and I am going to prove when the time comes, that Reginald Henson was the thief. I am sorry to pain you, but it is absolutely necessary to go into these matters. When those foolish letters, written by a foolish girl, fell into your hands, your son vowed that he would get them back, by force if necessary. He made that rash speech in hearing of Reginald Henson. Henson probably lurked about until he saw the robbery committed. Then it occurred to him that he might do a little robbery on his own account, seeing that your son would get the credit of it. The safe was open, and so he walked off with your ring and your money."

"My dear young lady, this is all mere surmise."

"So you imagine. At that time Reginald Henson had a kind of home which he was running at 218, Brunswick Square, Brighton. Lady Littimer had just relinquished a similar undertaking there. Previously Reginald Henson had a home at Huddersfield. Mind you, he didn't run either in his own name, and he kept studiously in the background. But he was desperately hard up at the time in consequence of his dissipation and extravagance, and the money he collected for his home went into his own pocket. Then the police got wind of the matter, and Reginald Henson discreetly disappeared from Brighton just in time to save himself from arrest for frauds there and at Huddersfield. A member of the Huddersfield police is in a high position at Brighton. He has recognized Reginald Henson as the man who was 'wanted' at Huddersfield. I don't know if there will be a prosecution after all these years, but there you are."

"You are speaking from authority?"

"Certainly I am. Reginald Henson, as such, is not known to Inspector Marley, but I sent the latter a photograph of Henson, and he returned it this morning with a letter to the effect that it was the man the Huddersfield police were looking for."

"What an interesting girl you are," Littimer murmured. "Always so full of surprises. Our dear Reginald is even a greater rascal than I took him for."

"Well, he took your money, and that saved him. He took your ring, a facsimile of which he had made before for some ingenious purpose. It came with a vengeance. Then Claire Carfax committed suicide, thanks to your indiscretion and folly."

"Go on. Rub it in. Never mind about my feelings."

"I'm not minding," Chris said, coolly. "Henson saw his game and played it boldly. I could not have told you all this yesterday, but a letter I had this morning cleared the ground wonderfully. Henson wanted to cause family differences, and he succeeded. Previously he got Dr. Bell out of the way by means of the second Rembrandt. You can't deny there is a second Rembrandt now, seeing that it is locked up in your safe. And where do you think Bell found it? Why, at 218, Brunswick Square, Brighton, where Henson had to leave it seven years ago when the police were so hot upon his trail. He was fearful lest you and Bell should come together again, and that is why he came here at night to steal your Rembrandt. And yet you trusted that man blindly all the time your own son was suffering on mere suspicions. How blind you have been!"

"I'm blind still," Littimer said, curtly. "My dear young lady, I admit that you are making out a pretty strong case; indeed, I might go farther, and say that you have all my sympathy. But what you say would not be taken as evidence in a court of law. If you produce that ring, for instance—but that is at the bottom of the North Sea."

Chris took a small cardboard box from her pocket, and from thence produced a ring. It was a ruby ring with black pearls on either side, and had some inscription inside.

"Look at that," she said. "It was sent to me to-day by my—by a friend of mine. It is the ring which Reginald Henson shows to Lady Littimer when he wants money from her. It was lost by Henson a night or two ago, and it fell into the hands of someone who is interested, like myself, in the exposure and disgrace of Reginald Henson."

Littimer examined the ring carefully.

"It is a wonderfully good imitation," he said, presently.

"So I am told," said Chris. "So good that it must have actually been copied from the original. Now, how could Henson have had a copy made unless he possessed the original? Will you be good enough to answer me that question, Lord Littimer?"

Littimer could do no more than gaze at the ring in his hand for some time.

"I could have sworn—indeed, I am ready to swear—that the real ring was never in anybody's possession but mine from the day that Frank was a year old till it disappeared. Of course, scores of people had looked at it, Henson amongst the rest. But how did Claire Carfax——"

"Easily enough. Henson had a first copy made from a description. I don't know why; probably we shall never know why. Probably he had it done when he knew that your son and Miss Carfax had struck up a flirtation. It was he who forged a letter from Frank to Miss Carfax, enclosing the ring. By that means he hoped to create mischief which, if it had been nipped in the bud, could never have been traced to him. As matters turned out he succeeded beyond his wildest expectations. He had got the real ring, too, which was likely to prove a very useful thing in case he ever wanted to make terms. A second and a faithful copy was made—the copy you hold in your hands—to hold temptingly over Lady Littimer's head when he wanted large sums of money from her."

"The scoundrel! He gets the money, of course?"

"He does. To my certain knowledge he has had nearly £70,000. But the case is in good hands. You have only to wait a few days longer and the man will be exposed. Already, as you see, I have wound his accomplice, the Reverend James Merritt, round my finger. Of course, the idea of getting up a bazaar has all been nonsense. I am only waiting for a little further information, and then Merritt will feel the iron hand under the velvet glove. Unless I am greatly mistaken, Merritt can tell us where Prince Rupert's ring is. Already Van Sneck is in our grasp."

"Van Sneck! Is he in England?"

"He is. Did you read that strange case of a man being found half murdered in the conservatory of Mr. Steel, the novelist, in Brighton? Well, that was Van Sneck. But I can't tell you any more at present. You must wait and be content."

"Tell me one thing, and I will wait as long as you like. Who are you?"

Chris shook her head, merrily. A great relief had been taken off her mind. She had approached a delicate and difficult matter, and she had succeeded beyond her expectations. That she had shaken the man opposite her sorely was evident from his face. The hardness had gone from his eyes, his lips were no longer bitter and cynical.

"I may have been guilty of a great wrong," he murmured. "All these years I may have been living under a misapprehension. And you have told me what I should never have suspected, although I have never had a high opinion of my dear Reginald. Where is my wife now?"

"She is still at Longdean Grange. You will notice a great change in her, a great and sorrowful change. But it is not too late to——"

Littimer rose and went swiftly towards the house. At any other time the action would have been rude, but Chris fully understood. She had touched the man to the bottom of his soul, and he was anxious to hide his emotion.

"Poor man," Chris murmured. "His hard cynicism conceals a deal of suffering. But the suffering is past; we have only to wait patiently for daylight now."

Chris rose restlessly in her turn and strolled along the terrace to her favorite spot looking over the cliffs. There was nobody about; it was very hot there. The girl removed her glasses and pushed back the banded hair from her forehead. She had drawn a photograph from her pocket which she was regarding intently. She was quite heedless of the fact that somebody was coming along the cliffs towards her. She raised the photograph to her lips and kissed it tenderly.

"Poor Frank," she murmured. "Poor fellow, so weak and amiable. And yet with all your faults——"

Chris paused, and a little cry escaped her lips. Frank Littimer, looking very wild and haggard, stood before her.

"I beg your pardon," he began. "I came to see you because——"

The words died away. He staggered back, pale as the foam beating on the rocks below, his hand clutching at his left side as if there was some mortal pain there.

"Chris," he murmured. "Chris, Chris, Chris! And they told me——"

He could say no more, he could only stand there trembling from head to foot, fearful lest his mocking senses were making sport of him. Surely, if was some beautiful vision he had come upon. With one unsteady hand he touched the girl's sleeve; he pressed her warm red cheeks with his fingers, and with that touch his manhood came back to him.

"Darling," he whispered, eagerly. "Dearest, what does it mean?"

Chris stood there, smiling rosily. She had not meant to betray herself; fate had done that for her, and she was not sorry. It was a cruel trick they had played upon Frank, but it had been necessary. Chris held out her hand with a loving little gesture.

"Are you not going to kiss me, dear?" she asked, sweetly.

Frank Littimer needed no further invitation. It was quiet and secluded there, and nobody could possibly see them. With a little sigh Chris felt her lover's arms about her and his kisses warm on her lips. The clever, brilliant girl had disappeared; a pretty, timid creature stood in her place for the time. For the moment Frank Littimer could do no more than gaze into her eyes with rapture and amazement. There was plenty of time for explanations.

"Let us go into the arbor," Frank suggested. "No, I am not going to release your hand for a moment. If I do you will fly away again. Chris, dear Chris, why did you serve me so?"

"It was absolutely necessary," Chris replied. "It was necessary to deceive Reginald Henson. But it was hard work the other night."

"You mean when I came here and——"

"Tried to steal the Rembrandt. Oh, you needn't explain. I know that you had to come. And we have Henson in our power at last."

"I am afraid that is too good to be true. But tell me everything from the beginning. I am as dazed and confused as a tired man roused out of a sound sleep."

Chris proceeded to explain from the beginning of all things. It was an exceedingly interesting and exciting narrative to Frank Littimer, and he followed it carefully. He would have remained there all day listening to the music of Chris's voice and looking into her eyes. He had come there miserable and downcast to ask a question, and behold he had suddenly found all the joy and sweetness of existence.

"And so you have accomplished all this?" he said, at length. "What a glorious adventure it must have been, and how clever you are! So is Mr. David Steel. Many a time I have tried to break through the shackles, but Reginald has always been too strong for me."

"Well, he's shot his bolt, now," Chris smiled. "I have just been opening your father's eyes."

Frank laughed as he had not laughed for a long time.

"Do you mean to say he doesn't know who you are?" he asked.

"My dear boy, he hasn't the faintest idea. Neither had you the faintest idea when I made you a prisoner the other night. But he will know soon."

"God grant that he may," Frank said, fervently.

He bent over and pressed his lips passionately to those of Chris. When he looked up again Lord Littimer was standing before the arbor, wearing his most cynical expression.

"He does know," he said. "My dear young lady, you need not move. The expression of sweet confusion on your face is infinitely pleasing. I did not imagine that one so perfectly self-possessed could look like that. It gives me quite a nice sense of superiority. And you, sir?"

The last words were uttered a little sternly. Frank had risen. His face was pale, his manner resolute and respectful.

"I came here to ask Miss Lee a question, sir, not knowing, of course, who she was."

"And she betrayed herself, eh?"

"I am sorry if I have done so," Chris said, "but I should not have done so unless I had been taken by surprise. It was so hot that I had taken off my glasses and put my hair up. Then Frank came up and surprised me."

"You have grown an exceedingly pretty girl, Chris," Littimer said, critically. "Of course, I recognise you now. You are nicer-looking than Miss Lee."

Chris put on her glasses and rolled her hair down resolutely.

"You will be good enough to understand that I am going to continue Miss Lee for the present," she said. "My task is a long way from being finished yet. Lord Littimer, you are not going to send Frank away?"

"I don't know," he said. "Frank, I have heard a great deal to-day to cause me to think that I might have done you a grave injustice. And yet I am not sure. . . . In any case, it would be bad policy for you to remain here. If the news came to the ears of Reginald Henson it might upset Miss Machiavelli's plans."

"That had not occurred to me for the moment," Chris exclaimed. "On the whole, Frank had better not stay. But I should dearly like to see you two shake hands."

Frank Littimer made an involuntary gesture, and then he drew back.

"I'd—I'd rather not," he said. "At least, not until my character has been fully vindicated. Heaven knows I have suffered enough for a boyish indiscretion."

"And you have youth on your side," Littimer said gravely. "Whereas I——"

"I know, I know. It has been terrible all round. I took those letters of poor Claire's away because they were sacred property, and for no eye but mine——"

"No eye but yours saw them. I was going to send them back again. I wish I had."

"Aye, so do I. I took them and destroyed them. But I take Heaven to witness that I touched nothing else besides. If it was the last word I ever uttered—what is that fellow doing here in that garb? It is one of Henson's most disreputable tools."

Merritt was coming across the terrace. He paused suspiciously as he caught sight of Frank, but Chris, with a friendly wave of her hand, encouraged him to come on.

"It is all part of the game," she said. "I sent for our friend Merritt, but when I did so I had no idea that Frank would be present. Since you are here you might just as well stay and hear a little more of the strange doings of Reginald Henson. The time has come to let Merritt know that I am not the clever lady burglar he takes me for."

Merritt came up doggedly. Evidently the presence of Frank Littimer disturbed him. Chris motioned him to a seat, quite gaily.

"You are very punctual," she said. "I told you I wanted you to give Lord Littimer and myself a little advice and assistance. In the first place we want to know where that gun-metal diamond-mounted cigar-case, at present for sale in Rutter's window, came from. We want to know how it got there and who sold it to Rutter's people. Also we want to know why Van Sneck purchased a similar cigar-case from Walen's, of Brighton."

Merritt's heavy jaw dropped, his face turned a dull yellow. He looked round helplessly for some means of escape, and then relinquished the idea with a sigh.

"Done," he said. "Clear done. And by a woman, too! A smart woman, I admit, but a woman all the same. And yet why didn't you——"

Merritt paused, lost in the contemplation of a problem beyond his intellectual strength.

"You have nothing to fear," Chris said, with a smile. "Tell us all you know and conceal nothing, and you will be free when we have done with you."

Merritt wiped his dry lips with the back of his hand.

"I come peaceable," he said, hoarsely. "And I'm going to tell you all about it."

CHAPTER XLVII

There was an uneasy grin on Merritt's face, a suggestion that he did not altogether trust those around him. Hard experience in the way of the wicked had taught him the folly of putting his confidence in anyone. Just for the moment the impulse to shuffle was upon him.

"If I say nothing, then I can't do any harm," he remarked, sapiently. "Best, on the whole, for me to keep my tongue between my teeth."

"Mr. Henson is a dangerous man to cross," Chris suggested.

"He is that," Merritt agreed. "You don't know him as I do."

Chris conceded the point, though she had her own views on that matter. Lord Littimer had seated himself on the broad stone bench along the terrace, whence he was watching the scene with the greatest zest and interest.

"You imagine Mr. Henson to be a friend of yours?" Chris asked.

Merritt nodded and grinned. So long as he was useful to Henson he was fairly safe.

"Mr. Merritt," Chris asked, suddenly, "have you ever heard of Reuben Taylor?"

The effect of the question was electrical. Merritt's square jaw dropped with a click, there was fear in the furtive eyes that he cast around him.

"I read about Reuben Taylor in one of our very smart papers lately," Chris went on. "It appears that Mr. Taylor is a person who nobody seems to have seen, but who from time to time does a vast service to the community at large. He is not exactly a philanthropist, for he is well rewarded for his labors both by the police and his clients. Suppose Mr. Merritt here had done some wrong."

"A great effort of imagination," Littimer murmured, gently.

"Had done something wrong, and an enemy or quondam friend wants to 'put him away.' I believe that is the correct expression. In that case he does not go to the police himself, because he is usually of a modest and retiring disposition. No, he usually puts down a few particulars in the way of a letter and sends it to Reuben Taylor under cover at a certain address. Is not that quite correct, Mr. Merritt?"

"Right," Merritt said, hoarsely. "Some day we shall find out who Taylor is, and——"

"Never mind that. Do you know that the night before your friend Mr. Hen-

Will be continued next Saturday.

BRONCHITIS CAN BE CURED

Dr. Wood's Norway Pine Syrup Will Do It.

Bronchitis is generally the result of a cold caused by inclement weather or exposure to wet, and is a very dangerous inflamatory affection of the bronchial tubes.

The symptoms are tightness across the chest, sharp pains and difficulty in breathing, and a secretion of thick phlegm, at first white, but later of a greenish or yellowish color.

Neglected Bronchitis is one of the most general causes of consumption, so cure it at once by the use of

Dr. Wood's Norway Pine Syrup

Mrs. S. Fidder, Linten's, N.B., writes: "I feel it my duty to let you know of my experience with Dr. Wood's Norway Pine Syrup. My little girl was very low with Bronchitis and our doctor did all in his power for her, but could only give her relief for a short time. My husband saw your medicine advertised, and immediately procured three bottles. I never saw anything give so much relief in so short a time. It stopped the annoying cough at night and she is now perfectly cured. I am so glad I can hardly express my gratitude for what Dr. Wood's Norway Pine Syrup has done for us."

Price 25 cents at all dealers.

THE Greatest of Tonics
PSYCHINE
(Pronounced SI-KEEN)
FOR ALL THROAT AND LUNG TROUBLES

TWENTY-FIVE YEARS' SUCCESSFUL RECORD

MONEY can buy advertising space, but it can't buy a quarter century's successful record of wonderful and almost miraculous cures of the most difficult and intricate cases of throat, lung and stomach troubles. Such is Psychine's record. Thousands of cases given up by leading doctors as hopeless and incurable have been quickly and permanently cured by Psychine. It is an infallible remedy for coughs, colds, bronchitis, pneumonia, consumption, indigestion, loss of appetite and all wasting diseases.

"My son had a terrible cough and was wasted to a shadow. Doctors said he could not live. He used Psychine, it cured him."—Mrs. J. Ranger, Brookville.

"After taking $5.00 worth of Psychine my lungs are well and life is again worth living."—Mrs. I. Richards, Marriotts Cove, N.S.

"My lungs are now sound as a bell after using Psychine."—H. Robbins, Bridgeburg, Ont.

"Psychine saved my life."—A. Weldon, 7 Cornwall St., Toronto.

The Dunlop Creed

WE believe that the trade mark, the two hands, is the most valuable asset in our business, and we shall aim to keep it always in good repute by fair and square dealing.

¶ We believe it is in the fullest sense injurious to our prospects to allow the Dunlop trade mark to be placed on any goods not made of a superior quality of rubber.

¶ We believe in quality. We know that the satisfaction quality gives is lasting, while the satisfaction a purchaser has in buying cheaply is short lived. When he does not find quality he forgets the price paid and begins to think he has been fooled.

¶ As we hope to last in this business we affirm it is our unalterable determination never to compromise the Dunlop standard of quality in rubber.

Mr. William Redpath has sold his farm to his son, Mr. Nelson Redpath.

The Presbyterians will hold their congregational meeting Thursday afternoon, Jan. 17th in the church. The ladies of the congregation will provide refreshments.

Mr. M G W Purser, who has been visiting friends in Keene returned to Cobourg Wednesday.

The young ladies of Keene intend holding a ball in the town hall Friday evening, Jan. 18th. A large number of invitations have been issued

Miss Bessie Read is visiting in Toronto.

Don't miss the lecture, "The Story of Jean Valjean, by Dr. Cleaver, in the Methodist church on Tuesday, January 22nd.

Misses Mary and Adeline Hope entertained a number of friends at cards on Tuesday evening.

Mr. P T Pilkie, conducted services in the Presbyterian church Sunday in place of Rev. Mr. McDonald, who preached at Bethesda.

Mr. E C Howson, Peterborough, was in the village Wednesday.

Mr. J C Read visited at Mr. W Read's, Peterborough, Friday.

Miss Kathleen Powell left Thursday for Toronto where she will attend Bishop Strachan's school.

Miss Maggie Woods, who has been ill with typohid fever is rapidly becoming convalescent and it is expected will be able to come home from the hospital this week.

Masters George and Willie Read, of Peterborough, spent Sunday in Keene.

Mr. Harry Smith left last week for Brockville, where he will attend St. Alban's School.

Mr. Anthony Taylor, Peterborough, was in the village on business Friday.

Mr. Harry Mathers has secured a position as clerk in Mr. G T Gall's store.

Mr. Amos Shearer, Alnwick, was in the village Monday.

The Gun Club held their monthly pigeon shoot followed by a supper at the Victoria Hotel, Monday.

Two rinks under the leadership of Skips J R McIntyre and William Campbell, will go to Peterborough Thursday to play for the district cup.

A couple of loads of young people attended a dance at Mr. James Wedlock's Friday evening.

The position of assessors has been given this year to Messrs. William Borland and Walter Dickson.

Mr. J D Lundy, Hastings, was in Keene Saturday.

A masquerade carnival will be held in the skating rink Wednesday evening, January 30th. As this will be the only carnival of the season it promises to be the largest ever held in Keene rink. Prizes will be awarded for ladies and gentlemen's fancy and comic costumes and for girls' and boys' fancy costumes. There will also be a number of races run off including men's mile race, boys' race, bell race and a ladies' race. The ice will be reserved for those in costume and masked till 8.30.

Whooping Cough

"My three boys had the whooping cough this winter and I could get nothing to help them until I sent for Dr. Chase's Syrup of Linseed and Turpentine. It arrested the coughs at once and they kept right on improving until they were cured at the cost of one dollar. That was not a large bill for so distressing and dangerous an ailment. — Mrs. William Ball, Bracebridge, Ont.

EVANGELISTIC SERVICES IN OMEMEE DISTRICT

Farmers' Institute Meetings are Held---Good Sleighing

Examiner Special

Omemee, Jan. 14. — The sleighing is good to Peterborough again.

The evangelistic services conducted by Mr. Potter last Sunday in the Presbyterian church at Omemee, Lakevale and Mount Pleasant, were well attended and great interest was shown. They will be repeated next Sunday.

The councillors are being serenaded by the members of our new band, and are being well received.

Mr. William Cottingham, one of our newly re-elected councillors, delightfully entertained the band last night.

A meeting of the Farmers' Institute was held here to-night. There was a good programme.

Mr. Wilfrid Balfour for the last ten years of Winnipeg, who is on a visit to friends here, visited his old college town friends in Peterborough and expressed himself as greatly surprised at the recent growth of the city.

PRESENTATIONS TO YOUNG'S POINT PEOPLE

Mr. and Mrs. Battersby, of St. Alban's, Were Given Driving Cape and Glass Toilet Set

OYSTER SUPPER TO BE HELD THERE

Examiner Special.

Young's Point, Jan. 15.—In spite of the inclement weather, on Thursday, January 3, a most enjoyable programme was given by the Sunday School children of St. Andrew's Church. A most pleasing feature of the evening took place at the conclusion of the programme before the presents were distributed, when Arthur Heard, in behalf of the Sunday School children, presented Mr. Battersby with a large rubber driving cape, and Bertie Heard presented Mrs. Battersby with a glass toilet set.

The recipients were taken wholly by surprise, and in a few words thanked the children for their thoughtfulness and kind wishes. The teachers of the school deserve great credit for their interest and energy in behalf of the school. The attendance now numbers 45.

An oyster supper and entertainment in connection with St. Andrew's Church will be held in Heard's hall on January 25, commencing at 6 o'clock.

DR. MONTGOMERY WAS BANQUETTED

By the Residents of Bailliebore, Prior to His Departure for the West—Other News From Bensfort and Vicinity

Examiner Special.

Bensfort, Jan. 15.—Owing to the January thaw which lasted about a week and the return of cold weather, the ice bridges will be firm, wide and safe.

We notice amongst others, of the returned from the West, Messrs. J and J Kerr, of Souris, and Mr. C. Matchett, of Lethbridge.

The sawmill at the bridge, operated as usual by Mr. Wm. Smith, will likely do the usual fall season, as a good supply of logs for the commencement has been put in on the first sleighing.

The funeral of the late Mrs. R. Nurse, of Otonabee took place to the Zion Cemetery on Tuesday, 8th. Deceased, who was highly respected, suffered from a lingering illness, and leaves a husband and three children.

On the Fourth Line, and on the same side of it, within the bounds of seven lots, there are five jolly, healthy, bouncing boys, all under six months of age, in S. S. No. 4.

The weight of argument and common conversation, prior to the municipal election went in the direction of support of reeve. After the election the common topic was the majority of one, by which Mr. R. Fisher was elected.

Dr. Montgomery was the gentleman of the hour on Tuesday, 8th, by being suppered in the evening at Bailliebore prior to his leaving for the West. He disposed of property and local interest in medicine, recently, to Dr. Russell, late of Millbrook, who is quickly gaining acquaintance and confidence.

During the spell of winter, prior to Christmas, good use was made of the good roads and excellent sleighing. A general delivery of farm produce was made in the city, while a few, who contemplate building, hauled considerable of the material to where it will be used next summer. Messrs. H. Perrin and J. Smith have on hand a supply of brick and other material, which will increase their property value respectively, as soon as the building season is in.

INAUGURAL MEETING OF DOURO COUNCIL

Was Held on Monday Last---The Business Transacted

The council elect of Douro for the present year met in the town hall on Monday, Jan. 14th, 1907. After having subscribed to the necessary declarations of qualification of office, the several members took their seats. The Reeve, Frank Mohar, in the chair, and Councillors Frank Leahy, Patrick Farley, Michael Walsh and Wm. Quinlan.

On motion the minutes of the two previous meetings were read and signed.

The various bylaws appointing auditors, assessor, collector, and members to the Board of Health for the present year received their several readings and were finally passed, viz.—

Auditors—Maurice Condon and Wm. Garbatt, at a salary of $10.00 each.

Assessor—Wm. J. Bullock at salary of $50.

Collector—M. D. Sullivan, at a salary of $50.00.

Wm. J. Charlton a member of the Board of Health for three years, and John P. Leahy a member for one year.

Michael Mahoney was appointed caretaker of town hall for the year 1907, at a salary of $9.00.

On motion of Messrs. Walsh and Quinlan, P. Farley and F. Leahy were appointed a committee to let job of gravelling side-road between lots 5 and 6 in concession 7.—Carried.

On motion of Messrs. Leahy and Farley, M. Walsh was appointed commissioner to dispose of timber on side road between lots 5 and 6 in concession 9.—Carried.

Orders on treasurer were drawn as follows: To Sidney Watley, for the sum of $15 as payment for loss sustained owing to traction engine breaking through a defective culvert on the sideroad between lots 10 ad 11 in concession 4; Timothy Garvey, $2, for putting in culvert on sideroad on concession 4; William Condon, $4, being part of election expenses of 1906; M. D. Sullivan, $40, being part salary as collector for 1906; Michael Clarke, $5, 1 cord of firewood delivered to Mrs. Christie; Michael Mahoney, $1, for services as constable on nomination day; clerk, $1 to procure one copy of Municipal world for the use of the council; Examiner, $25 being balance due on printing account for the year 1906.

On motion of F. Leahy and Wm. Quinlan, P. Leahy was appointed a commissioner to purchase a cord of green hardwood for use in the town hall.

On motion of P. Farley and Wm. Quinlan, John Moloney was appointed road overseer in room of P. Farrelly on road division between concessions 4 and 5, opposite lots 12 and 13.—Carried.

On motion of F. Leahy and M. Walsh, the reeve was appointed to let the printing contract for 1907.—Carried.

On motion the council adjourned to meet on Monday, February 4, at 10 a.m.

CHANGES SUGGESTED IN THE GAME LAWS

Ontario Fish and Game Protection Association Adopts Suggestion to Ask for Changes

The Examiner has received the report of the proceedings of the first annual convention of the Ontario Fish and Game Protective Association. An interesting feature of the report is the recommendations of the committees as adopted by the convention.

In the matter of speckled trout the committee considers the present close season satisfactory and is thoroughly opposed to black bass being introduced into trout waters.

As to bass the committee suggests that one day's catch be increased from eight to ten and that the minimum length should be twelve inches. The open season is recommended from the 15th of June to 30th November, both days inclusive.

For maskinonge the open season is suggested from June 15th to 30th November.

In the matter of frogs the committee suggests that the exception of frogs and frogs' legs be prohibited for a period of five years.

For ducks the committee considers the present season, Dec. 15th to Sept. 15th, satisfactory, and is utterly opposed to spring duck shooting, to the use of gasoline launches and sail boats, to stationary hides or blinds at a greater distance than 100 yards from the shore line, to decoys being placed over 100 yards from a shore line. The committee recommends the prohibition of quail shooting for three years. Strong objection is made to the sale and exportation of duck.

November 1st to Feb. 1st is suggested as the open season for otter and beaver. The open season for muskrats in Northern Ontario, Oct. 15th to May 1st; in Southern Ontario, Nov. 1st, to May 1st. The number taken should be 100 for each person, and fifteen days after close season should be allowed for disposal of skins.

The committee suggests government regulations re the killing of valuable fur-bearing animals and that the open season for them should be from Nov. 1st to March 1st, and that preserves be established for the propagation of fur-bearing animals, October 15th to May 1st is recommended as the open season for bear.

Don't let your children be punished for stupidity. It would be as unreasonable to punish them for being blind or lame. If a child is obstinate or lazy the matter is very different. The worst effect of punishing a child for stupidity is that he is thereby robbed of self-respect. It is best to educate him where he will not be brought into daily comparison with "sharper" children.

There are 265,000 people in Canada today, who really KNOW "Fruit-a-tives" to be a splendid remedy.

Four years ago, "Fruit-a-tives" were an unsolved problem in the brain of one of Canada's leading physicians.

Today, over a quarter of a million of Canadians know them for what they are—a positive cure for Stomach, Liver, Kidney, Bowel and Skin Troubles.

"Fruit-a-tives" have cured stubborn cases of Constipation—Chronic Rheumatism—Skin Eruption—that defied ordinary remedies. The cures of Biliousness, Indigestion, Headaches, Pain in the Back, Nervousness and Irregularity of the Bowels—are numbered by the thousands. "Fruit-a-tives" move the bowels just as fruit moves them and leaves them healthy.

"Fruit-a-tives" are fruit juices and tonics in tablet form—with the increased medicinal action made possible by the chemical change which takes place when the juices are combined.

Only 50c. a box—6 boxes for $2.50. At all druggists—or sent on receipt of price. 104

Drooping—Tired—Weary

You Feel Depressed, Dragged Out, and Sort of "All Gone"—Shake Off That Tired Feeling, Get Well and Strong, Fortify Your Nerves, Nourish Your Blood.

FERROZONE

You are getting pale and thin. You're dragged down with a "don't care" feeling that makes life most unhappy. Your strength is fleeting away, and weakness is creeping in. Every day your chances for cure becomes smaller.

Trouble is you don't assimilate your food, consequently the body is poorly nourished. The blood is thin, lacks those red corpuscles that denote health.

You can only prevent a total collapse by building up all the powers of the body with Ferrozone, which will surely make you well. Ferrozone creates tremendous appetite, increases the power of digestion, and insures perfect assimilation. Everything you eat is at once converted into nourishment.

FERROZONE makes rich, pure blood, a surplus of energy, new life for the nerves and all over-strained organs. Robust health will glow on the cheeks, jovial spirits, increased weight, and a clear, active brain will evidence a few of the benefits that follow Ferrozone.

The effect of Ferrozone is instant, yet permanent. For upbuilding and invigorating the listless and depressed it has no equal. It's the concentrated nourishment in Ferrozone that makes it so beneficial. We guarantee it contains no opiates, no alcohol, nothing but the most strengthening qualities known in medicine. Won't you use Ferrozone; it will surely make you well.

GAINED 15 POUNDS.

Mr. H. A. Thurston, of 226 Vermont St. E., Indianapolis, Restored by Ferrozone.

"A year ago I took the grippe. I was as weak as a child. I was no longer able to eat. My blood was thin. My cheeks were white and hollow. Doctors gave me all kinds of medicine, but none of them brought me strength. My friends said I was wasting away with some slow disease, and I bade them good-bye. Then I heard of the wonderful Ferrozone. After three days it gave me an appetite. I gained strength and became cheerful. Under Ferrozone I improved steadily. I am well to-day. I weigh fifteen pounds heavier than ever before, and feel like a new man.

(Signed) "H. A. THURSTON."

BUILD UP WITH FERROZONE!

Ferrozone Makes the Weak Strong—the Sick Well.

CAUTION! Be on your guard against the substitutor who urges something "just as good." Get FERROZONE when you ask for it. Other tonics are not so good as FERROZONE, which is guaranteed to cure. Price 50c per box of 50 chocolate coated tablets. Sold by all reliable dealers, or by mail from N. C. Poison & Co., Hartford, Conn., U.S.A., and Kingston, Ontario.

So many imported waters taste salty when mixed with liquors,—there's nothing of that with York Sparks. It mixes without change of flavor, imparts a delicious zest to spirits, develops their bouquet, enhances their taste while diluting their strength. York Sparks is the purest natural water known, carbonated with PURIFIED gas and

Bottled at the Springs for purety of purity

Does the stomach good and gives the palate pleasure. Fine for table use.

ENGLAND

An amusing story of the wiles of a boy confidence trickster was told recently in a London police court, where Frederick Martin, 17 years old, was charged with obtaining money by false pretences from a number of smaller boys. Evidence was given which indicated that Martin has been doing a large business as a "bunco" man for a long time. Two boys had three weeks' wages in their pockets when introduced himself to them as the son of a horse dealer and said his father had given him a herd of young goats. The sanitary inspector, he said, had objected to his keeping so many of them, and he had to get rid of some of them, so he offered to give a goat to each of the boys. They all went to the mews where Martin said the goats were, and on the way Martin explained that it was necessary to show the kids some round shining discs to coax them to leave their mother. He said that shillings would do, and the boys changed their wages into shillings and handed them to Martin, who entered the stable with them and disappeared. When they became uneasy and asked the stableman where the goats were, he told them that several other boys had been asking the same question.

Within a stone's throw of some of London's richest shops, and stores, a man and his wife have starved. The woman is dead, the man is dying. Mr. and Mrs. Hunt had passed three score years and lately the husband's earnings had become more and more precarious. He was a law writer. Eight weeks ago the couple could not pay their rent. They had been in the rooms ten years and the landlord was merciful. Five weeks more and the husband lost the last of his work. Then the little home went piece by piece. When the last of the furniture had been sold the old couple sat down in despair, waiting for death. No word of bitter want escaped their lips. Kindly neighbours, suspecting their desperate need, sent such scraps of food as they could spare. A day or two ago another lodger, who climbed to the old couple's room on an errand of mercy, found the old man on the floor in a fit, and his aged wife helpless by his side. Then the old couples' secret came out. They were starving and near death.

An extraordinary incident occurred at Wandsworth, London, prison, some days ago. A prisoner who was serving a long term, requested a comrade who he saw bore a remarkable resemblance to himself, to exchange cells. His request was complied with all the more readily as the second convict was serving only a short sentence. The exchange was effected the night before the short sentence man was to have obtained his liberty, with the result that on the following morning the ingenious originator of the plot, was set at liberty without ado. The governor of the prison and the wardens were none the wiser for the occurrence, and they had no suspicion of the trick that had been played upon them until the short-term prisoner, whose sentence had expired and who had been impersonating his emancipated comrade, demanded his liberty. "My time is up," he said when asked his reason for asking to be set free. Enquiries proved that this was the fact, and the man was released.

The institution at Hawarden, which the late Mr. Gladstone conceived "for the promotion of divine learning"—as he himself styled it—is now completed. From start to finish the fine pile of buildings which crown the hill upon which the village stands, has involved an outlay of about 20,000 pounds. Of this sum a large amount was given from the National Memorial Fund, and the remainder came from the family In addition the sum of 40,000 has been spent in endowing and fitting up the library. The first room on the left after entering will be known as the muniment room, and to it will be transferred the great mass of documents appertaining to Mr. Gladstone's career, which are now stored at the castle. It is understood that the documents number some 50,000, and it was one of the occupations of the late gentleman's declining years to classify and docket them.

SCOTLAND

News has come to hand of the death at Belmonte, Cal., of Sir John Leng, the chief proprietor of the Dundee Advertiser. Accompanied by Lady and Miss Leng, Sir John left this country in September for a tour around the world. About a month ago, while travelling in Canada, he was seized with illness and was conveyed to Belmonte for rest. A Yorkshireman, although so long associated with Scottish affairs, the late Sir John Leng was born at Hull on April 10, 1828, his father, Mr. William Leng, and his mother, as he has himself recorded, being the last survivors of two families, both of which had seen "better days." By instinct a journalist, soon after leaving school he became sub-editor of the Hull Advertiser in 1847, and four years later was appointed editor of the Dundee Advertiser, of which he subsequently became proprietor. In September, 1889, Mr. Leng, as he then was, was returned unopposed to represent Dundee in Parliament, and was again returned with large majorities at the general elections in 1892, 1895 and 1900, being a very popular Liberal member. In June, 1893, he received the honour of knighthood, on the recommendation of Mr. Gladstone, in recognition of his public services.

A disgraceful affair recently happened in the quiet district of Kiltarlity, some four miles from Beauly, and one and a half from Beaufort Castle, Inverness. It a wayside cottage there resides, along with his wife, an old man named Macaskill, a labourer. This man figured in the Lovat claimant. His family served in the Lovat family at the time that the predecessor of the Lovat claimant tied the country. Documents dating from that period and believed to be of great importance were known to have been in Macaskill's possession, and although he had from time to time handed over some of these, it was well known that he had still a store of papers left. The other day he received a telegram requesting his presence at a neighbouring school on important business, and immediately after leaving his home, four men dressed as policemen appeared before the startled woman and, reading a bogus search warrant, proceeded to turn everything in the house upside down. Boxes and trunks were pried open, and locks burst under the very eyes of Mrs. Macaskill. The men then decamped, carrying off certain papers and leaving the house in great disorder. Mrs. Macaskill has, by the strain upon her nervous system, been driven out of her wits, and is a raving maniac.

The tendency of the War Office to economize led some to fear that the development of Barry Camp, at which so recently as last summer a soldiers' home was erected at a cost of £2,000, raised mainly by public subscription, might be arrested, and that the troops which have hitherto concentrated for musketry and other courses of training, might for the time being, at least, be withdrawn. The fear was proved groundless. Writing to Miss Davidson, the honourary superintendent of the Glasgow Soldiers' Home, under date of September 10, 1906, the Right Hon. R. B. Haldane, Secretary of State for War says: "In answer to your letter of December 1, I think I may safely say that you may continue your good work without fear that the troops will be withdrawn and all your labour be thrown away. I am assured that Barry Camp is a training ground of the greatest value to us, and that the event is difficult to foresee which would lead to fewer troops being sent there in the future than have been in the past"

Among Freemasons in Dundee during the past few days there has been great excitement on account of the proceedings of the police on St. Andrew's night. This year for the first time, special licenses were applied for and obtained by the lodges, and after the election of office-bearers, the Masons, according to time-honoured custom, proceeded to spend the night in harmony. All was going well, when the police came upon the scene and demanded admission to look after the license. In most cases the lodges were immediately closed and the police admitted, but in others, some of the members, resenting this encroachment upon their secret conclaves, had an interchange of words with the officers. The Grand Lodge of Scotland has been notified of what took place.

IRELAND

Intelligence has been received at Queenstown of the total loss in the Bay of Fundy while on a voyage to New York of the British schooner Emma A. Harrey and the death of the captain under peculiarly sad circumstances. The vessel was caught in a hurricane, sprang a leak, and, becoming water logged, was finally driven on a reef of rocks. Captain Barry and six of the crew took to a boat. Making for the shore in a heavy sea the boat was capsized, but all on board succeeded in reaching the shore after a terrible struggle drenched to the skin, and almost frozen to death with intense cold. It was three miles to the nearest settlement, and, as the land was covered with several feet of snow, the task for the exhausted men, several of whom had frost-bitten limbs, was quite out of their power. The captain and mate, however, set out for help, but when part of the journey had been made the captain fell down exhausted in the snow. The mate hurried on and when he returned with a rescue party they found the captain on his knees dead in the snow.

An extraordinary episode, in which a daring lady and four burglars were the chief figures, happened in Belfast, recently. Some time after midnight, the lady, who lives alone, was disturbed by the furious barking of a pet dog. Going downstairs from her bedroom, she found four men attempting to gain an entrance to the house. She shouted to them, and one of the number threatened that if she did not desist from raising an alarm they would burn down the house. Returning to her room, apparently with the object of carrying out the instructions of the burglars and remaining quiet, the lady armed herself with a fully-loaded revolver, and once more came downstairs with the object of tackling the criminals single-handed. At first the burglars thought she was only trying to frighten them, but they soon changed their minds. The householder pulled the trigger and a shot rang out. One of the men was wounded, and the other three, realizing that they had met their match, fled, carrying their wounded comrade with them.

The unemployed of Dublin heard a few days ago that the largest mail ever brought to Ireland had arrived by the White Star liner Celtic, and the result was an extraordinary scene, in which hundreds of out-of-works clamored in vain for work. Hundreds of stalwart young laborers had assembled and when a representative of the company appeared to take on a number of hands, he was mobbed. It was, of course, apparent that only a fraction of those proffering their services could be engaged, and a desperate struggle for work followed. The mass of men became more and more insistent, and they forced themselves fiercely against a barrier, which had been erected. The officials were sent gradually down the stairway, the barrier was pushed completely aside, and there was imminent danger for some time of the whole densely-packed mass of human beings being precipitated on the top of some railway men in an underground passage.

Eczema for 20 Years
"I was troubled with eczema for twenty years and was treated by three doctors to no avail. Dr. Chase's Ointment has cured me completely and I have not had the slightest return of the disease." — John Pratt, Blyth, Huron County, Ont.

THE TRANSGRESSOR'S WAY ON FROSTY NIGHT

An Experience as Varied and Exciting as Could Possibly Exist Under the Circumstances

GROUND COMPLETELY BARED BY SLEIGH

Some people maintain that whiskey has its proper place, and others that it should not be used at all. At this time of the year when the thermometer frequently hovers below the zero mark, there are many men who quaff a few whiskies before going on a long drive, with the idea that it will keep the frost out of their blood, and set up a warm glow in their veins. Others, who claim to be of the knowing class, take a little drop along with them, but the man who drinks until he is intoxicated, certainly does a foolish thing. This is what an Otonabee farmer did on Tuesday afternoon before starting for home, and his later experiences might have been very serious.

He started for home about 8 p.m. and in the neighbourhood of Downer's corners suffered his first mishap, namely an upset. He had a rather large load of chop, besides a small stock of groceries. He picked up a few of the articles but it seems left the bags of chop by the roadside.

A farmer living nearby was returning home and noticed that someone had suffered an upset. Further on he heard the tramping of horses in a ten acre field bordering on the road and as they approached he saw that there was also a man and a sleigh. The horses did not come out but once more went the rounds of the whole field. As they neared the fence again farmer No. 2, headed them off, and finally got the driver, sleigh and everything back on the road. The chop was once more put on the sleigh, and the driver once more started on his way. When he neared his home he met with mishap No. 2. There is a hill near his place; it seems he drove rapidly around a corner, and down the hill, but the turn was too sharp, and the farmer, chop, groceries, coal oil, flour, etc., were thrown against the fence, and the upset sleigh badly damaged. The road was swept clean of snow by the runners of the sleigh, as if it had been shovelled off. The driver managed to get to his home near by and others took care of the damaged articles. In the runaway, as it must have been, a buffalo robe was lost. The last upset certainly sobered the man and it is safe to say that he is a sadder but a wiser man to-day.

OTONABEE FAIR MET WITH GOOD SUCCESS

Annual Meeting of Otonabee Agricultural Society Held Last Week—Dates Fixed For This Year's Fair

ROBT. HUMPHRIES THE NEW PRESIDENT

Examiner Special.

Keene, Jan. 14. — The annual meeting of the Otonabee Agricultural Society was held in the council chamber, Keene, on Wednesday, January 9th. In the absence of the president and vice-president, Mr. James McNeil occupied the chair. The minutes of the last meeting were read by the secretary, Mr. Andrew Shearer, and on motion of Mr. William Drummond, seconded by Mr. Andrew Rennie, adopted.

The financial statement, showing a balance on hand of $201.47, was read by Mr. A. Shearer. Moved by J. Lang, seconded by J. Miller, that the report as read be adopted. — Carried.

On motion of Alex. Stewart, seconded by W. Nelson, the secretary-treasurer was authorized to pay $125 and interest, on the note of $250, and to give a note for $125 for the balance.—Carried.

Moved by John Lang, seconded by William Drummond that the society be named the Otonabee Agricultural Society with headquarters at Keene. —Carried.

Moved by J. J. Moore, seconded by William Drummond, that Robert Humphries be appointed president.—Carried.

Moved by A. Smithson, seconded by J. Smithson, that Peter Drummond be appointed first vice-president. — Carried.

Moved by Peter Drummond, seconded by Wm. Drummond, that J. Smithson be appointed second vice-president.—Carried.

On motion of John Lang, seconded by J. J. Moore, the old board of directors was re-appointed, with the names of R. A. Nelson and Alexander Wood, the retiring president and vice-president substituted for those of Robert Humphries and Peter Drummond.—Carried.

It was decided that no delegates be sent to the Fairs Association meeting; also that no action be taken regarding expert judges.

The new Act respecting fairs was read and discussed.

Moved by J. Smithson, seconded by J. J. Moore, that John Lang, Wm. Drummond, and John C. Read, be appointed to look after the grounds, fences, race track, and gates, and to attend to the leasing of the grounds for pasture.—Carried.

Bylaw No. 7, was amended by the addition of the clause, "Owner must produce copy of pedigrees to judges at the time of judging."

It was decided that the fair be held on the first Wednesday and Thursday in October.

Following are the names of the officers of the society:

President, Robert Humphries.
Vice-Pres., Peter Drummond.
2nd Vice-Pres., J. Smithson.
Sec.-Treasurer, Andrew Shearer.
Auditors, Jas. McNeil, J. C. Read.
Board of Directors, R. A. Nelson, Alex. Wood, J. J. Moore, W. J. Miller, Gilbert Howson, Walker Renwick, jr., Alex. Stewart, W. W. Shearer, W. B. Stewart, William Drummond, John Throop, J. Lang, ex-M.P.,J. H. Fife, Robert Weir.

The society is in a flourishing condition. Next year the members hope to pay off the balance due on their property, which consists of about 12 acres, well levelled and laid out, and with a first class 1-3 of a mile track. The property was bought some years ago for $1200, and has been considerably improved since. Each year a considerable sum has been paid off the purchase money—last year $150 and this year $125. Almost without a break each year has been more prosperous than the preceding one, and in no case has any year's receipts or exhibits, fallen much below that of the preceding year. The phenomenal success of the society is mainly due to the untiring efforts of Mr. Andrew Shearer, who has for a number of years held the position of secretary-treasurer, and has spared no pains in his efforts to further the aims of the society.

Gained 25 Pounds

"I was very much run down in health, could not sleep, was very nervous and so weak that I could hardly get around. Some months ago I began using Dr. Chase's Nerve Food, and to-day I am pleased to say that I am completely restored to health. I have gained 25 pound in weight, sleep well and feel strong and healthy." — Miss Annie Evans, 39 Gottingen street, Halifax street, N.S.

If you will be true to the best of yourself, living up to your nature, standing boldly by the truth of your word and satisfied therewith, then you will be a happy man.—Marcus Aurelius.

Its High Standard of Excellence is the strongest feature of

The New Scale Williams Piano

This great instrument is an entirely new piano—the result of years of evolution in piano-building. It is declared by artists and music-lovers all over Canada to meet every artistic musical requirement.

The Harmonic Tone-Prolonging Bridge

is a distinctive New Scale Williams feature. A brilliant yet mellow and sympathetic tone of wonderful carrying power is procured through the use of this bridge, which is cast in the plate in one solid piece. Results that have been despaired of for years by piano-makers are attained at last through this exclusive New Scale Williams patent.

It Didn't Happen

The enviable position attained by the New Scale Williams in the esteem of particular musical people is not the result of chance. The best brains, highest scientific knowledge and experience and skill of an exceptionally high order have been employed for years in experimenting, testing and discarding until a piano could be produced that would be really great and compare to advantage with other great pianos either in Europe or America.

You will be interested in looking over the many manifest advantages of the New Scale Williams. Call at the nearest dealer's, or else write direct for booklet and descriptive literature.

FIRST MEETING OF NORTH MONAGHAN COUNCIL

Considerable Business Was Transacted At the Inaugural Meeting of the Council

NEW AUDITORS WERE APPOINTED

Examiner Special.

The inaugural meeting of the Council of the township of North Monaghan was held in the town hall on Monday, January 14, at 1.30 p.m.

All the members were present.

After each member had made and subscribed the statutory declaration of qualification and of office, the Reeve, Mr. John Brown, took the chair, and in a few well-chosen introductory remarks, allotted seats around the Council board.

The minutes of the last regular and the special meetings were read and confirmed.

The clerk then presented a statement of the result of the election for reeve and councillors for 1907. This was directed to be filed.

The clerk also presented a certificate of the result of the vote on the Brinton Carpet Co., of Canada, and the Peterborough Sandstone Brick Co., Limited, bylaws, as shown by the statement of the deputy returning officers. This certificate shows that three-fifths of the electors having a right to vote on these bylaws approved of the bylaws in both cases, and as not more than one-fifth of the electors having a right to vote voted against the bylaws, they were both approved by the necessary majority. The certificate was ordered to be filed.

Declarations of those not possessing a dog in 1906 were filed by Mr. H. Jackson and Mr. Wm. Whitfield. On motion of Messrs. Howden and Morrow, they were each refunded the sum of $1, dog tax, 1906.

The following communications were received:

From Mr. J. Ross Robertson, asking for a donation to the Hospital for Sick Children in Toronto.

From the Ontario Municipal Association, asking the council to endorse a petition to the Legislature to have the Municipal Act of Ontario amended to relieve the municipalities from a portion of their representatives for the non-repair of highways.

The Accounts were handed in as follows:

Deputy returning officers and poll clerks, $8.

G. H. May, rent of school house No. 2, $4.

Adamson & Co., ballot boxes,, $5.

Dr. T. N. Greer, fees of M. H. O., attending contagious diseases, in 1906, $4.50.

Examiner Printing Co., balance of printing contract, 1906, $13.90.

R. Sanderson, oil, etc., for town hall, 50c.

Moved by Messrs. Howden and Dobbin, that these accounts be passed and paid.—Carried.

Accounts were also presented from J. A. Porter, clerk of South Monaghan, for the sum of $12., North Monaghan's share of work on the boundary road in 1906.

From Dennistoun, Peck & Kerr, for $5, costs of appeal, C. G. E. Co. against the township of North Monaghan.

These accounts were referred for further investigation.

Moved by Messrs. Dobbin and Morrow, that Messrs. Bert Sanderson and Robt. Waterman be re-appointed township auditors for 1907 at same salary as last year.—Carried.

Moved by Messrs. Howden and May that Messrs. Wm. Stewart, Wm. Smithson and Israel Payne be appointed members of the local Board of Health for the township for three years, two years and one year, respectively.—Carried.

Bylaws Nos. 573 and 575 to appoint auditors, and members of the local Board of Health, respectively, were then introduced, given the necessary readings and finally passed.

Moved by Messrs. May and Morrow, that the council donate the sum of $5 to the Hospital for Sick Children, Toronto, and that an order be drawn on the treasurer in payment thereof.—Carried.

Moved by Messrs. Morrow and May, that this council subscribe for six copies of the Municipal World, and that an order be drawn in payment thereof.—Carried.

Moved by Messrs. Howden and May that the council comply with the request of the Ontario Municipal Association by petitioning the Legislative Assembly to amend the Municipal Act and relieve municipalities from a portion of their responsibilities for non-repair of highways, and that the petition be forwarded to Mr. T. E. Bradburn, M.P.P., for presentation when in the House.—Carried.

Moved by Messrs. Howden and Morrow, that the reeve and councillors Dobbin and Howden are hereby appointed a committee to repair the town hall.—Carried.

Moved by Messrs. May and Morrow, that the regular meetings of this council be held on the second Monday in each month, special meetings to be arranged for by the reeve. —Carried.

Moved by Messrs. Dobbin and May that a committee, consisting of the reeve and Councillor Morrow, are hereby appointed to make repairs to the roadway near Leckie's bridge.—Carried.

Mr. W. Whitfield, township assessor, was present and made application for re-appointment as assessor for 1907.

Moved by Messrs. May and Howden, that the appointment of assessor be left over until next regular meeting.—Carried.

Council then resolved into Committee of the Whole, on second reading of the bylaws re Brinton Carpet Co. and the Peterborough Sandstone Brick Co., with Mr. May in the chair.

These bylaws, having been submitted to the electors and the required majority having given their assent in both cases, the council resumed. The chairman reported the bylaws read and passed without amendment.

Moved by Messrs. Howden and Dobbin, that these bylaws be read a third time and finally passed, sealed, signed, and numbered 577 and 576, respectively.—Carried.

Council then adjourned.

WARSAW PASTOR TENDERS HIS RESIGNATION

Rev. Mr. Atkinson Accepts a Call to Mansfield—Other Warsaw News

Examiner Special.

Warsaw, Jan. 15.—Miss Bertha Wareham and Miss McWhinnie, Peterborough, were guests of Miss Dora Payne Sunday.

Miss Clara Dewart has resumed her duties at Roskdale.

Mr. T. O. Hawthorne, Peterborough, spent Sunday with his parents here.

At a meeting of the managers of the Presbyterian Church held last week, Rev. Mr. Atkinson tendered his resignation as pastor. Mr. Atkinson has accepted a call to Mansfield and Everett in the Orangeville Presbytery, where induction services will be held early in February. It is understood that the remuneration in the new pastorate will be a stipend of $900, a free house in Everett, and a month's holidays. The last service here will be on Sunday, January 27.

A reception for all members and adherents of the congregation will be given at the manse on Monday evening, January 21, at 7 o'clock.

The local meetings of the series of supplementary meetings given annually by the East Peterborough Farmers' Institute were largely attended.

Mrs. Purvis of Columbus, Ont., who was a delegate to the Woman's Institute, spoke at the afternoon meetnoon meeting which was held at the residence of the president, Mrs. (Dr.) Douglas, and in the evening at the union meeting held in the hall. Both meetings were largely attended and the excellent addresses were much appreciated.

W. O. DAIRY OFFICERS.

Prof. Dean's Report On Experimental Shipments of Butter to England Is Unfavorable.

London, Jan. 18.—In the opening session of the Western Ontario Dairymen's convention yesterday Chief Instructor Barr presented his report for Western Ontario for the past season. He complimented the cheesemakers on the small number of poor cheese made this year and on the better handling of overripe milk. With regard to the factories over $28,000 had been spent upon repairs during the year. The chief grievance against the factories now, was the wheytanks, which were in bad shape generally.

The cheesemakers' recommendations were presented by G. A. Putnam. Summarized they are to the effect that the Government amend the law to have one inspector to every 25 or 30 factories; that $12 be charged each factory as a part payment of these expenses; that the adulteration of milk be severely punished.

Prize Winners.

The prize winners in the dairy contest were announced by Chief Barr. The medal was won by J. E. Stedelbauer of Fordwich on a total score of 95.82 points for September cheese and 96.66 for October white. W. A. Bothwell of Hickson won first place in the 56-lb box creamery butter contest, as well as first in the pound prints class, being over 96 points in each class.

In the afternoon Prof. Harcourt of the O. A. C., in dealing with the subject of the moisture content of butter, said that the college had determined the moisture content of over 260 samples of butter sent them. The average percentage of moisture was 14.1. Only 18 out of the 262 samples overrun the 16 per cent. allowed. In the analysis of the 113 samples of competition butter the moisture ranged from 9.4 per cent., and there were no relationship to be found between the moisture content and the salt, the cured or awards.

The Refrigerator.

Prof. Dean gave the results obtained in the experimental shipments of butter to England. The highest scoring butter was made from sweet cream run directly from separator to the churn, without starter or culture. Thus he deemed it possible to get the finest butter without aids. But let the maker go slow in this matter and make no radical changes. It was wholly unnecessary to pay 15 cents a pound for preservatives when one can be obtained for five cents. He concluded from the shipments that it was not practicable to ship prints to England.

Prof. Dean made a severe indictment against the refrigerator car service of the province. Often the faults charged to the makers were due to the car service.

Dairy Commissioner Ruddick warmed up on the topic of the refrigerator car service in the wake of Prof. Dean's remarks. He did not pretend to control the running of the cars, and shippers could not shelve the responsibility to the department. Loss was entailed in butter shipments by allowing dairy butter entering the refrigerator at points along the route when that butter was not kept in cold storage at the country stores. Merchants should provide themselves with cold storage.

The Officers.

The following officers were elected during the afternoon: President, John McQuaker, Owen Sound; John Brodie, Maple; J. J. Parsons, Jarvis; John Scott, Exeter; directors, J. B. Smith, Alton; Thomas Ballantyne, jr., Stratford; D. A. Dempsey, Stratford; Wm Paget, Canboro; George Boyce, London; Sam Wallace, Woodstock; Wm Waddell; representatives Western Fair Frank Boyce, I. Steinhoff; representative Canadian National, A. F. MacLaren.

Rapid changes of temperature are hard on the toughest constitution.

The conductor passing from the heated inside of a trolley car to the icy temperature of the platform—the canvasser spending an hour or so in a heated building and then walking against a biting wind—know the difficulty of avoiding cold.

***Scott's Emulsion* strengthens the body so that it can better withstand the danger of cold from changes of temperature.**

It will help you to avoid taking cold.

THE NEW SENATORS.

Hon. G. W. Ross and Hon. John Costigan Take Their Seats—Transportation Topic In the Commons.

Ottawa, Jan. 17.—Hon. Geo. W. Ross and Hon. John Costigan were introduced in the Senate last night, signed the roll and took their seats. Mr. Costigan first officially made the acquaintance of the upper Chamber. He was accompanied by Hon. R. W. Scott and Senator Coffee of London. Mr. Ross was escorted to the Clerk's desk by the Secretary of State and Hon. Robert Jaffray. After signing the roll he shook hands with the Speaker and went to his seat. There was a hearty outburst of applause from his new colleagues.

In the Commons.

The House yesterday afternoon again discussed the important problem of transportation. The subject was introduced by Mr. W. H. Bennett, who presented a resolution calling for action on the report of the Transportation Commission, and incidentally urging the claims of Midland to be made a national port.

Mr. William German with equal vigor urged that the solution of the problem lay in fuller utilization of the existing routes, which, if properly operated and provided with elevator and storage facilities, would transport the products of the west for the next fifty years.

Mr. R. R. Hall gave the Government credit for having anticipated the report of the commission by having taken action along the lines suggested before the recommendations were submitted. He suggested that in view of the fact that the Government had shown itself alive to the importance of the question, as shown by the large expenditures already made on the improvement of the canals and in the construction of the Trent Valley Canal, the resolution offered by Mr. Bennett was entirely unnecessary.

Dr. Sproule and Mr. Turgeon also participated in the debate, which was not concluded when the hour of adjournment arrived.

Mutiny On French Liner.

Fort De France, Island of Martinique, Jan. 17.—The French cruiser D'Estrees left Fort De France Tuesday afternoon for Trinidad conveying the French line steamer Canada, which had been detained here by a mutinious outbreak among the emigrants on board that vessel.

Raisuli Wants Pardon.

Tangier, Jan. 17.—The chiefs of the Ben M'Sur tribe, which Raisuli sought refuge with, are negotiating with the Moroccan authorities to obtain pardon for themselves and Raisuli.

THE COCKBURN CASE IS PROGRESSING

Why the Ex-President Should Be Sent to Trial.

CROWN ASKS FOR CONVICTION

Arguments of Crown Attorney Corley and of Hon. A. B. Morine—Latter Argues As to How the Bank Law Should Be Applied—Mr. Frank Arnoldi Argues That False Statement Must Be Uttered.

Toronto, Jan. 18.—The legal points regarding the charges against G. R. R. Cockburn, ex-president of the Ontario Bank, were threshed out before Police Magistrate Denison yesterday morning and the case will proceed on Monday.

Before Mr. Corley commenced his argument the magistrate remarked: "I do not think it is necessary to apply the evidence in this case, but would suggest the argument shall deal only with the law."

Asks For a Conviction.

The Crown Attorney began by saying: "Even on the evidence before the court, I would ask for a conviction." According to the law it was only necessary to show that a wilfully false statement had been made. He thought this was established. Then the defendant admitted signing the report, which the Crown held constituted an offence. Mr. Corley said the information came under section 99 of the Bank Act, which set forth several offences. He construed the wording of the section for the magistrate. It made a crime of the preparation of a false statement by any person, whether an official of the bank or outsider. Then the president of the bank could be prosecuted for signing, concurring in or approving the statement, and lastly, the person using the document with the intent to deceive was also guilty of a crime.

Statute Not Unreasonable.

The Crown Attorney did not think the statute could be considered unreasonable. It tried to force the high officials in the bank to do their duty. They could be prosecuted for signing, and the saving clause referring to an outsider using "with intent to deceive" did not apply to their cases. It had been shown that the defendant received a very large salary. That must have been a factor of his responsibility, for he was not an expert banker.

"If the law is as you argue it, no evidence can make any difference," said his Worship, "the mere physical act of signing is an offence."

"The reason for that is that the signature of the president makes the statement final and binding," replied Mr. Corley.

He named a number of cases which would probably be cited by the defence, but showed that they did not bear on the point raised by the prosecution.

"There has never been a case bearing on the construction of those particular words in the statute," said Hon. A. B. Morine.

Argument For the Defence.

"No person has been so peculiarly blinded as to try to prove such a case," said Mr. Frank Arnoldi in beginning his reply. "A wilfully false statement must be uttered. How can we have a wilfully false statement about which the defendant knows nothing? That is the common-sense view of the case." He thought there was only a crime under the clause. He objected to the construction which made the words, "with intent to deceive," qualify only the word "use." It was trying to constitute a crime on the absence of a comma, which would be contrary to common justice.

The counsel for the defence pointed to the fact that the judge held in the Sir Francis Hinck's case that the president should have knowledge of the Act.

Mr. Morine pointed out that the charge in the case cited was "making," and not "signing" the statement. Mr. Arnoldi denied this, but refused to allow the assistant counsel for the prosecution to show him where the charge was set forth. However, while reading the judgment, Mr. Arnoldi discovered that Sir Francis Hincks was accused of "making wilfully false statement."

"You will admit that I am right?" suggested Mr. Morine, laughing.

"No, I shall not," snapped the counsel for the defence.

"My learned friend is allowed special privileges in his way of saying things," said Mr. Corley.

After the argument had been concluded the magistrate declared that it did not touch the contention under consideration.

Mr. Arnoldi dealt with the common law concerning "criminal intent." The Crown Attorney was leaving to bring a book to combat the arguments when Mr. Morine suggested that the Banking Act was intended to set aside this very point.

The counsel for the defence concluded by arguing that directors could not be expected to know all about the affairs of the institution they served, and that the should not be considered guilty of criminal ignorance.

Hon. A. B. Morine's Reply.

In his reply Hon. A. B. Morine contended that the act wished to do away with the question of intent, which was so important in minor cases of common law. The Legislature gave bankers great privileges and wished to impose equally great responsibilities. In section 99 one of these was set forth. Minor officials of a bank might use a false statement, so they had to do so wilfully, but only the president or some one equally responsible could sign it, so he was not allowed by the act to plead ignorance of its contents if trouble arose, for his signature made it binding. While admitting that few presidents knew much about the business of the banks which they headed, the prosecution did not think that was an excuse for sending forth documents over their names as correct. He ought not to come into court and say as an excuse, "I certified it as correct, but couldn't and didn't know it was correct."

Col. Denison reserved his judgment and the case was remanded till next Monday.

Truthfulness is a cornerstone in character, and if it be not firmly laid in youth, there will ever after be a weak spot in the foundation.

IF!

Everybody knows that **Cod Liver Oil** is a wonderful flesh producer, **IF** you can take it.

Nobody doubts that **Iron** is the greatest enricher of the blood, **IF** you can digest it.

It is well known that **Phosphorus** is the ideal nerve and brain tonic, **IF** it is properly administered.

"IF," ah! there's the rub.

But everybody does **not** know that Cod Liver Oil, Iron and Phosphorus have at last been combined in an emulsion so palatable that anybody can take it, so easily assimilated that the smallest infant can digest it without difficulty and so perfectly and scientifically prepared that the value of the original ingredients is enhanced fourfold.

This emulsion is known as

FERROL

(Iron and Oil)

"FERROL" has wiped out the **"IF."**

"FERROL" has brought the wonderful and universally recognized virtues of Cod Liver Oil, Iron and Phosphorus within easy reach of the multitudes who need them.

"FERROL" is the only perfect emulsion of Cod Liver Oil, because it is the only one that contains **IRON** and no emulsion is perfect without it.

That is why **FERROL** is an unequalled system builder.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in the prominent Hospitals, Sanatoriums, etc.

REQUESTS TO COUNCILS.

Power Bylaw Cities Asked to Notify Commission and State Quantity.

Toronto, Jan. 18.—The executive of the Union of Western Ontario Municipalities decided at yesterday's meeting to ask the councils of the various municipalities which have passed power bylaws to notify the commission that they are now in a position to enter into a contract for the supply of power, and to state the amount they will require.

Representatives from every interested municipality will be invited to gather in Toronto in the last week in January, on a day subject to the convenience of Premier Whitney, who, with the Hydro-Electric Commission and the City Council, will be invited to attend a banquet in the evening.

May Purchase Coal Area.

Regina, Sask., Jan. 18.—Hon. W. R. Motherwell, Minister of Agriculture, left Wednesday night for Winnipeg, where he will again interview William Whyte, with regard to the coal supply of the provinces. He gave out an interview stating that the Government is considering the advisability of purchasing a coal area from the Dominion for the purpose of operating mines on the public ownership principle. Mr. Motherwell is now investigating the matter.

DAILY FADING AWAY

The Story of Women Made Well by Dr. Williams Pink Pills.

Bad blood means bad health. That is why Dr. Williams Pink Pills mean good health. They actually make new, rich blood, which strengthens every nerve and every organ in the body. That is why people who use Dr. Williams' Pink Pills feel bright, active and strong. Mrs. Arthur Hannigan, Marshville, Ont., is a witness to the truth of these statements. Mrs. Hannigan says: — "For nearly three years I suffered from anaemia (bloodlessness) and during that time consulted and took medicine from several doctors, without beneficial results. My complexion was of a waxy appearance, my lips and gums seemed bloodless, I suffered from headaches, dizziness and palpitation of the heart. My appetite was so poor that I did not care whether I ate or not and I grew so weak, and was so much reduced in flesh that my friends thought I was in consumption. As I have said I doctored without benefit, until the last doctor whom I consulted advised me to try Dr. Williams' Pink Pills. I followed his advice, and less than a dozen boxes have made me the well woman I am to-day. All the symptoms of my trouble have vanished and I enjoy the very best of health. I know there are hundreds of women who are drifting into the same condition I was, and to all such I would strongly urge the immediate use of Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills do not act upon the bowels, they do not tinker with mere symptoms; they go right to the root of the trouble in the blood. That is why they cure common ailments like rheumatism, neuralgia, kidney trouble, headaches and backaches, St. Vitus' dance, and the special ailments that afflict so many women and growing girls. Sold by all medicine dealers or by mail at 50c a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WILL FRANCE FAIL?

Pope Does Not Wish Solution of the French Difficulty.

Paris, Jan. 18.—The French Episcopale has decided not to form cultural associations under the law of 1901, and to ask precise instructions from Rome.

Cardinal Coullie, Archbishop of Lyons, declared that the Pope did not wish a solution, but desired to compel the French Government to make a new convention.

"There will be no solution until the Government turns to Rome," he concluded.

British Emigration.

London, Jan. 18.—The emigration committee will recommend that the central unemployed body allocate 30,000 for emigration this year, and thinks it advisable for an organizing officer to proceed to Canada immediately to interview the Dominion and Provincial immigration officials as to placing them at work.

Germans and Africans at War.

Cape Town, Jan. 18.—A despatch to The Cape Times from Port Nolloth yesterday, says that the negotiations for peace between the Germans and the revolted natives in the southern part of German West Africa, were abruptly broken off and that serious fighting is now on in the vicinity of Keetmanshoop.

Fell Into Hot Water.

Oakville, Jan. 18.—William Beasley, a young man employed in the Oakville Basket Factory, fell into the scalding vat and received severe scalds on the feet and legs. The accident was caused by the young man looking around as he approached the vat.

Combines Heavily Fined.

New York, Jan. 18.—The MacAndrews & Forbes Co. of this city was fined $10,000, and the J. S. Young Co. of Baltimore $8,000, yesterday, following their conviction on the charge of combining to monopolize the trade in licorice paste.

Rockefeller Re-Elected.

Cleveland, Jan. 18.—The officers of the Euclid avenue Baptist Church last night re-elected John D. Rockefeller as superintendent of the Sunday school. His term had almost reached the quarter-century mark.

Sage Succession Dues.

Albany, Jan. 18.—State Comptroller Glynn yesterday received $625,000, the amount due the state on the estate of Russell Sage, under the inheritance tax act. The value of the estate has been placed at $60,000,000.

Electric Plant Destroyed.

St. Louis, Jan. 18.—The electric plant of the La Clede Gas Light Co. was destroyed by fire yesterday; loss $200,000.

TWO NEW SENATORS IN UPPER HOUSE

Appointments Challenged On Grounds of Non-Residency.

ANSWER OT THE PREMIER

Sir Wilfrid Laurier Contends That the Senate Should Settle All Question of the Qualification of Hon. John Costigan and Hon. Mr. Gilmor —Mr. Maclean Proposes to Withdraw U. S. Privileges.

Ottawa, Jan. 18.—The legality of the appointment of Hon. John Costigan and Mr. Gilmor to the Senate from New Brunswick and the advisability of discontinuing the privileges now enjoyed by the United States fishermen under the modus vivendi were topics of an interesting debate in the House yesterday.

Mr. Crocket, Dr. Daniel, Mr. Stockton and Hon. Geo. E. Foster attacked the Government for having appointed Messrs. Costigan and Gilmor in violation of the constitution, these gentlemen, it being alleged, not being residents of the Province which they represented in the upper Chamber.

The Premier's Answer.

The Premier suggested that the Senate and not the House of Commons was the tribunal to determine whether its members possessed the qualification required, and that until the question had been determined it was not within the province of the Opposition in the Commons to censure the Government. Definite and reliable information had, Sir Wilfrid intimated, been produced regarding the qualification in this respect of Messrs. Costigan and Gilmor, and Mr. Emmerson took credit for the appointments.

U. S. Fishing Licenses.

M. A. K. Maclean made a strong argument favoring the discontinuance of the issue of licenses to United States fishermen, on the ground that Canada received nothing in return for the privilege, and that the scarcity of bait fish justified the Government in conserving for Canadian fishermen the advantages which were theirs by right of possession of the source of supply. It was not, he urged, the intention of the men who made the treaty and protocol under which the licenses were given to the United States fishermen to give those privileges unless the United States conceded free entrance to Canadian fish, which they had not done.

To Amend Supreme Court Act.

Mr. Gervais introduced a bill to amend the Supreme Court act. He explained that the object of the bill was to remove an anomaly in the existing law, under which appeal to the Supreme Court from the Quebec courts was limited to cases in which the amount involved when the appeal was from a lower court must be higher than in a case decided in a higher court.

Replying to Mr. Armstrong, Mr. Templeman stated that a geological survey had been made along the boundary line between Canada and the United States, and that Dr. Spencer had made a report which is not complete. As soon as the full report is at hand it will be placed in the hands of the printer.

The Jamaica Disaster.

When the orders of the day were called M. W. F. Cockshutt rose to call the attention of the House to the disaster at Kingston, Jamaica. The Speaker, under the new rules, held that Mr. Cockshutt was not in order.

Sir Wilfrid Laurier, amid indications of approval, intimated that the matter was already engaging the attention of the Government, and that he would have an announcement to make on the subject later.

New Provinces' Representation.

Sir Wilfrid Laurier's bill for the representation in the House of Commons of the new Provinces of Saskatchewan and Alberta was read a second time pro forma, and referred to a special committee, composed of Messrs. Turriff, McCraney, McIntyre (Strathcona), Lake and McCarthy (Calgary). The committee will arrange the boundaries of the electoral districts under the redistribution, which gives the first-named Province ten and the latter seven representatives in accordance with the census of last year.

Mr. Fisher's Inspection Bill.

Mr. Fisher's bill respecting the inspection of meats and canned goods was again taken up in committee, and some progress made.

CHARLES CARTER TAKEN.

Cook of Lumber Camp Accused of a Murder in Maryland.

Sault Ste. Marie, Ont., Jan. 18.—After working in the woods as a cook in a lumber camp for several months, Charles Carter, colored, was arrested late Wednesday for the alleged murder of Thomas M. Reinhart, a railroad contractor at Dorsey's Run, Md., April 7 last.

Carter denied the charge but does not want to return, as he says he will be lynched. There is $1,000 reward.

Nominated For Legislature.

Montreal, Jan. 18.—O. Ernest Gault, stock broker, and Percy C. Ryan, advocate, were yesterday placed in nomination for the seat in the Quebec Legislature, left vacant by the death of the late Ald. C. B. Carter.

Malta-Vita

"The Perfect Food"

Same Big Package Same High Quality

Now 10 cts.

Malta-Vita "The Perfect Food," malt life, as its name implies, stands for that intense vitality that results from the daily use of a food skilfully prepared from the whole of the wheat, of which, after being cooked, each kernel has been subjected to the searching digestive action of the diastase and other enzymes of barley malt. This makes it a *"predigested"* food of highest nourishment value, which explains the remarkable results obtained in cases of nervous debility, deranged stomachs and constipation. Besides, it is the best food to eat.

"We have used several boxes of Malta-Vita and think it the finest food we have tried yet. Having used different kinds, we find Malta-Vita has a flavor which excels all others. We had almost despaired to find something our baby could eat without being distressed. He had, since birth, been a constant sufferer from constipation and a general derangement of the stomach and bowels. Since we began feeding him Malta-Vita he has improved wonderfully in health and is entirely cured of constipation. In fact, myself and husband realize a great benefit since using the food, as we have suffered from general debility. We find it gives life and tone to the entire system." Name given on request by Malta-Vita Pure Food Co.,

MALTA-VITA is a food with a "taste." It does not belong to the tasteless variety of "baked foods" and too great credit cannot be claimed for Malta-Vita on account of the fact that it contains its own sweetening agent—maltose always being present in a proportion exceeding eight per cent and sometimes ten per cent. This is a healthy, digestible sugar, formed by the action of the malt diastase upon starch and it causes the stomach no inconvenience. This is not the case with baked foods that are sweetened by cane sugar, beet sugar, maple sugar, boiled cider, glucose or grape sugar, as all these cause acidity in the stomach and are seriously injurious.

Corticelli Skirt Protector

is stiched on flat—not turned over.

It will save the skirt.

My mother has the prettiest feet,
Of any lady on our street.
She's most particular about
Her rubber shoes when she goes out.
And GRANBY RUBBERS-trim and neat,
Are just the ones for pretty feet.
There are two special features about GRANBY RUBBERS.
THEY LOOK WELL, AND THEY WEAR LIKE IRON."

BOTH SIDES OF THE QUESTION ARE HEARD FROM NOW

A batch of interesting letters from young women, their admirers and others on the question "Why do not men over 25 years of age marry?" Are the young women to blame?

The ladies are having their innings now with a vengence. Not only are the members of that sex writing in their own behalf, but "Admirers" from the other sex are coming to their assistance, and the writers who asserted that the cause for the comparatively few marriages of men over twenty-five years of age, lay with the ladies in the case, are having some trouble. To-day a few of the many letters which have come to the Examiner during the last few days on this question, are published. There are others which are not given to-day, for the simple reason there is not room for them. They will, however, be taken up as soon as possible. Deep interest is being taken in this controversy, and it is, the Examiner is informed, the topic of conversation, at many a social gathering.

One writer, who signs himself "Pica," takes a very practical view of the situation, and he points out a tendency on the part of the young women of to-day which is responsible for the position taken by many of the young men.

The letters to-day, are decidedly interesting, and the others to follow will prove, it is anticipated, equally interesting.

"K" WOULD TRUST NO MAN, BUT GIVES THEM SOME SOUND ADVICE

To the Editor of the Examiner,—

Sir, — I have just been reading in the Examiner a question, as to why men do not marry after they are twenty-five. Well, if I may express my opinion, it is because they are afraid that they will have to spend too many nickels and dimes. One writer said that a factory girl did not know how to do house work. If he would think anything of his wife he would take her, and keep another girl to do the work. The men in town would sooner spend their money in the barroom or in a pool room.

What girl would tie herself down to a man who would see her go out washing, rather than quit the pool room?

I am not saying Peterborough is the only place where you will find such men, but I believe it is the worst.

No gentleman — if he can be called such — will stand on the corners and talk and laugh at any ladies that pass.

Shame on such men as there are in town!

If a man would think less of his nickels and less of the pool rooms there would be fewer old maids and bachelors in town.

Such men as there are in Peterborough should be behind the bars for a month, where they might learn some manners. But it makes no difference to me, for I would trust no man.

Yours, etc.,

K.

FRIEND'S EXPERIENCE WAS TOO DISASTROUS, SHE WILL NOT TRY IT

To the Editor of the Examiner:

Dear Sir,—Please allow me space in your paper to state why so many girls do not wish to marry and myself, for one, have looked into the married life of some of my dearest companions and saw what a failure their married life was to them. I was discussing the question on marriage yesterday to a lady friend of mine, who has suffered through her marriage. Her husband married her fifteen years ago because she was a good housekeeper and because she was an expert and good natured enough to keep her nose at the grindstone he let her, and at last she has to do her own work and his too.

This man lives at present in our own city. To think a man will marry a youthful bride, in her twentieth year, good looking, up-to-date person and not appreciate her more. He goes out and enjoys himself as soon as he eats his tea. leaving her alone to fret and worry until two and three o'clock, and sometimes four in the morning. How sad to hear this poor creature say how much she would give to have a husband who would take her out once a week to some enjoyment to cheer her up. She does not wish to go without him but she goes every Sunday to church with her little ones. She has all the care of them.

A man to prove so indifferent as to mope around the streets day and night most of the winter and because his wife is a good companion and good housekeeper he should insist on her keeping boarders, taking in nursing and such like to free him *through life, but who says she took* him for better or for worse and so it is all worse and her love for him is wasted. He has imposed on her good qualities too much and her heart is broken. So I do not wish to trust my heart for long with any man. I think you had better discuss on the divorce question and leave the marriage question out.

From

"ONE OF THE FAIR SEX."

"ADMIRER" LIKES GIRLS WHO ARE FOND OF SOME INNOCENT PLEASURES

To the Editor of the Examiner:

Dear Sir,—I have been very much interested by the letters which have appeared in your paper, regarding the marriage question. Now, it seems to me that the fair sex are not just getting fair play. It may be that they are too modest to take up the pen in their own behalf, or it may be that the majority of them do not think it worth while. However, I am on the girls' side in this question. The maority of young men who have been writing on the question seem to think that it is hard to find a young lady in these days who is fitted to fill the position a wife should fill. "Christian Young Man" thinks that girls are too fond of pleasure. Now, I venture to say that the young man in question is just as fond of good amusement and pleasure as any girl. Where can you find a young man or young woman, in his or her right senses, who is not fond of good healthy pleasures. For my part, I would not look twice at a girl who does not like pleasure, and I also am a Christian young man, but, perhaps, a different type from the other. I am not a long-faced Christian, by any means. Methinks that the young man who is so very hard to suit, is liable to marry some young lady in the end who, as the old saying is, will "keep his nose to the grindstone." Personally I admire and respect the fair sex, and I believe there are many young women right here in Peterborough who would make model life companions for any young man. I have done a fair amount of knocking around in my time, and have been brought in contact with a great many young men and young women, and I will say right here that one reason why a great many young men are not married is because they have not the amount of respect for the ladies which is their due, and a modest, Christian young lady will have nothing to do with a man of that type. Therefore when many men do "mop the question," they get a decided "no" for an answer. How can a man marry if the ladies will not accept him, on account of his habits. Of course, I am glad to say that there are a good many young couples who are happily married. But I believe that if young men would improve morally there would be a great many more happy marriages, and less old bachelors. One bachelor thinks that girls are too fickle. Well, in my experience I have found men to be worse than girls in that respect. Probably the bachelor who charges girls with being fickle has made love to and held hands with at least a dozen different girls himself. He seems to think he has a right to go through life single. Surely if matrimony was good enough for his father and mother it is good enough for him, and besides it is to matrimony that he owns his existence at all. I would like to write more on this subject, but feel that I have already taken too much of your valuable space.

Thanking you, Mr. Editor, for space in your paper, and advising the boys to give the girls a fair chance.

Yours for fair play to the girls,

ADMIRER.

MARRIAGE A LOTTERY; AND THIS BACHELOR DODGES THE ISSUE

Editor of the Examiner:

Dear Sir,—I am greatly interested in the letters now running in your columns in answer to the question, Why do not many young marry after they are twenty-five years of age? It seems to me that young men should not tempt fate by marrying at all. The girls of the present day are to blame. Nearly all the pretty ones are heartless coquettes, and those who are not pretty make such strenuous efforts to seem so that one can scarcely blame a young man for living a bachelor life. The few really nice girls in Peterborough are either married or about to be, and as for the others there is not much choice. Marriage is a lottery, but a marriage to one of these would be worse, it would be simply a fraud, in other words a snare and a delusion. Paying a woman's board bill for life may be all right (for the woman) but here's one that will dodge the issue if possible.

Yours truly,

A PETERBOROUGH BACHELOR.

SINGLE BLESSEDNESS IS THE SPIRIT OF THE PRESENT AGE

To the Editor of the Examiner:

The reason there are not more marriages and more fruitful marriages is that the young men have to spend so much money showing off that they have not enough left to keep a wife on. It might be said also, that any young man who would dare to take a young girl into a somewhat obscure home would have a divorce case on his hands in three months. The wife would go home to her mother and complain of brutal treatment. She is quite right, too. The spirit of the age is for single blessedness.

PROGRESSIVE.

RATHER FACE INFANTRY REGIMENT THAN THE MATRIMONIAL ALTAR

Editor Examiner,—

Dear Sir,—I have read with deep interest the correspondence, etc., upon the question, "Why do not young men over 25 marry?" and beg your leave to express my opinion. I am, I suppose, a coward in this particular respect, but I believe that I am not alone and feel that I am expressing the feelings of some other men I have come in contact with when I say that I would rather face a row of infantry with loaded rifles or a "ready for business" battery than I would risk the chance of having the "only girl in the world" say "No."

We give our chums all kinds of good advice upon "what to do and how to do it," and like to see them go in and win, but when our own crucial moment is approaching we feel a kind of—er—how can I express it? you know what I mean—come over us and we think we will do this and say that, and we finish up by doing and saying nothing whatever that bears upon the subject that concerns us most. This happens time after time until we find ourselves getting along in life and nothing done. Ah! but we are cowards, and it is true that "procrastination is the thief of time."

Now, if you will allow me space, I would like to say a word in reply to a letter above the signature "A Christian Young Man." I agree with him in some respects and up to certain points, but there are some good, yes, thoroughly good, girls in this city who work in factories, etc., instead of staying at home and helping with the housework, but they do so because it is necessary. There may be no fathers or brothers, but just two or three girls. If they were all to stay home, who would do the bread-winning? And, sir, I may tell you that these girls, some of them anyway, could easily fill a wife's position with credit, and I for one would feel justly proud in calling such a girl my wife, for such a girl, having risen to the occasion when circumstances demanded that she should earn her own living and help to support others, will do the same when some one comes along to ask her to share his fate and fortune. Wishing your valuable paper every success, I remain,

Yours very truly,

P. F. M.

HIGH SOCIETY, THE CAUSE ATTRIBUTED BY THIS YOUNG MAN

To the Editor of the Examiner,—

Dear Sir, — I am over 25 years of age, and don't get married, because, with the present outlook, I can't afford it. I appreciate, or think I could appreciate, a comfortable home of my own and of my good wife's. But when I look about me, when I see what girls, poor girls, financially, demand in the matter of a dowry I shy violently. Nowadays, the average girl must jump into the positions their mothers were willing to work for, and earn. Every girl, no matter how humble her extraction or position, must have carpets, piano, reception rooms, and most of them want a servant girl—to keep her awake during the idle hours of the day, for living a bachelor life. The few really nice girls in Peterborough are either married or about to be, and as for the others there is not much choice. Marriage is a lottery, but a marriage to one of these would be worse, it would be simply a fraud, in other words a snare and a delusion. Paying a woman's board bill for life may be all right (for the woman) but here's one that will dodge the issue if possible.

Yours truly,

A PETERBOROUGH BACHELOR.

HIGH SOCIETY, THE CAUSE ATTRIBUTED BY THIS YOUNG MAN

To the Editor of the Examiner,—

Dear Sir, — I am over 25 years of age, and don't get married, because, with the present outlook, I can't afford it. I appreciate, or think I could appreciate, a comfortable home of my own and of my good wife's. But when I look about me, when I see what girls, poor girls, financially, demand in the matter of a dowry I shy violently. Nowadays, the average girl must jump into the positions their mothers were willing to work for, and earn. Every girl, no matter how humble her extraction or position, must have carpets, piano, reception rooms, and most of them want a servant girl—to keep her awake during the idle hours of the day. Then the average girl never thinks of marriage as a partnership — she must have a swell wedding and all that sort of stuff, and is willing to come to her husband without contributing as much as a table napkin to the furnishing of the home. She must enter on married life as a lady, and announce her reception days, as if she had been born to the purple. Girls that never perhaps had more than one change of linen, must "break into society," as if the husband was a millionaire, whereas he is perhaps a hard-working mechanic, who must come home on "reception" days, black and grimy with toil, sneak in the back way, if the house has two doors, give himself a scrub, and get his own grub, or wait till the precious reception is over. Young men see what they are up against, and is it any wonder they shy at matrimony?

I have income enough to keep a nice little home, if I could get a wife who would go into matrimony as a partnership, and do her share of the work and economize to make a home happy and comfortable. But I can't afford to marry a "lady," and give her a lady's life, with receptions, calling days, blow-outs, and the average rubbish of society. If I could find — and there are a few of them—a good sensible girl, who would pull in double harness, share my joys and sorrows, take the bitter with the sweet with me, not demand all the sweet and give me the bitter — hers all the fun and mine all the work and self denial—if I could find such a girl, and I am trying hard—there would be a quiet little wedding before the month is out.

While too many girls have their souls set on a "good time" there is no shortage of young men equally foolish; so between the two, which it seems constitute the majority, there there is good reason why so many young men are unmarried after 25.

Yours truly,

PICA.

MEN TO BLAME FOR PRESENT CONDITIONS AS WELL AS THE WOMEN

To the Editor of the Examiner,—

Sir, — I notice in the Examiner an article asking why young men were not married after they were twenty-five, and if there were any of the fair sex that would like to write, so I thought that I would. I think it is the men's fault as well as the girls, for if a man likes a girl well enough he will marry her, whether she can do anything or not. And as for the girls in Peterborough that don't know how to do housework, I think that you are badly mistaken, for nearly all the girls that work in shops or anywhere else know how to keep a house. If the men when they get married treated their wives more considerately they would do more for them than they do, for a woman always wants to please her husband. But as you men say, when you get married, you nearly always have to get another girl to do the house work. There are not many men in the town who can afford it, for they are nearly always too poor for that. If most of the men that are married stayed at home with their wives in the evenings they would do more good; but no, they would rather be around the barrooms or street corners, and that is enough to turn a woman crazy. I advise all young fellows who are thinking of getting married, to be kind to their wives, and they will see that they will always try to keep everything nice, and try to please them.

Yours, etc.,

H.

GIRLS WON'T MARRY THEM, THAT'S THE REASON ASSIGNED BY "GLADYS"

To the Editor of the Examiner:

Dear Sir,—Surely there can be no doubt as to the right answer to your question, "Why are so many young men over twenty-five not married?" Simply because the girls won't marry them.

Yours, etc.,

GLADYS.

'CANDID BACHELOR" GETS KNOCK-OUT BLOW FROM A MEMBER OF THE FAIR SEX

Dear Sir,—The "Candid Bachelor" of last night's Examiner strikes me the most peculiar, and I would suggest that his would-be wife is certainly lucky that to is still the "Candid Bachelor." He does not need to flatter himself at keeping out of the clutches of women, for I scarcely need say that few girls or women would bother their heads with such as he. Most men seem to have the large idea that all we girls think about or live for is to get married, not considering the man at all so long as it's something in the shape of a man, from a duke down to a fool, and that a few polished words and folding hands for a few times brings us to their feet. Not for me; I detest a jollier. Our "Candid Bachelor" speaks of designing women. Well, even if it were a "designing woman" who started this discussion, it isn't for such as he that any true-hearted girl or woman designs. And as for the "Candid Bachelor," I think he is down and out, probably a case of sour grapes. However, he has one redeeming feature that I admire,—his straightforwardness in expressing his views.

ANOTHER OF THE FAIR SEX.

"EQUALITY MARRIAGES" THE SOLUTION OF PROBLEM OF DOMESTIC INFELICITY

The Bride's

"I believe that true marriage should be a union of two equals, whose life together would develop the highest capabilities in the natures of both. I hereby agree to the civil ceremony which binds us, but enter into it on the understanding that this is a partnership — an equal partnership for so long as our mutual love shall make it effective —for life, I hope."

The Groom's

"I do not desire to claim obedience by any legal device from the woman who is placed in the position of wife to me. I desire to marry a free-hearted woman, not a slave. It is with this understanding, and granting this equality in the partnership of marriage to my wife, that I enter into the civil marriage ceremony."

New York, Jan. 15.—The marriage of equality, not the trial marriage, is the solution of the divorce evil, declares Mrs. Lydia K. Commander. "The American Idea" is the name of a new book in which Mrs. Commander soon will set forth the social problem in all its phases, from race suicide to the effects of immigration. Mrs. Commander is a woman of striking personality and great originality in thought. For nearly 10 years she has been a student of social problems.

In fact, Mrs. Commander is the originator of the "marriage of equality" idea, and the agreement into which she and her husband entered nearly eight years ago while members of the Ruskin co-operative colony in Tennessee, startled the country at that time. Mrs. Commander's husband is Herbert N. Casson, clergyman, author and lecturer.

Mrs. Commander spent most of her girlhood in Toledo, O., where, in later years she was a personal friend of the late Mayor Jones. In Baraboo, Wis., she received part of her education. She also lived in Detroit.

"Yes, our marriage did startle a good many people," said Mrs. Commander. "It came at a time when such things were new, but eight years of it have proved that the marriage of equality is not only successful, but one of supreme happiness. The obedience of the woman to the man was omitted in the ceremony.

"The reason? We wished to make allowance for the future development of both the man and the woman.

"The right of the woman to develop is as sacred as the man's right—and just here is where so many marriages go on the rocks.

"There are two remedies for the present flood of divorces. They are first the marriage of equality, and second, the proper instruction of the young in the relations of life which should fit them for marriage when it comes, instead of leaving them the prey of ignorance and the sentimentality of the moment.

"I am opposed to silly marriages as well as to silly divorces. The ideal condition of man and woman is lifelong monogamy—certainly no trial marriage.

"Securing a second divorce should be made legally difficult, and there should be no such thing as a third divorce. The easily divorced and the hastily re-married people are not fit to be re-married.

"My own marriage is so beautiful and we are so perfectly mated that this talk of divorce seems like a desecration. The marriage of equality is more than a success. It started out as a protest against the subordination of woman, but it has shown the way for perfect married happiness.

"My husband suggested that I keep my own name, although ever since I was a girl of 14 I had been asking myself and everyone else why the woman changed her name instead of the man."

Bad Attack of La Grippe

"A year ago I had a bad attack of la grippe and all the doctors' prescriptions proved of no avail. I was told to try Dr. Chase's Syrup of Linseed and Turpentine, and found it a great blessing as it thoroughly cured me. I told the doctor that I intended to recommend it to all my friends." — Mrs. R. Hutton, 12 Claremont street, Toronto.

The Winter Term

AT THE

Peterboro' Business College

BEGINS WEDNESDAY, JANUARY 2nd, 1907

A very large number of applications for admission at the beginning of the term have been received, and it is advisable that all who purpose attending would enter as near the commencement of the term as possible

YOU CANNOT MAKE A BETTER INVESTMENT

For Particulars, address—

WM. PRINGLE, Principal, PETERBOROUGH

REGINA

Is The Queen City of the West

Our sales of REGINA CITY LOTS during the past two weeks assures us of the confidence Eastern Investors have in Regina City Property.

REGINA led a 11 Canadian Cities west of Winnipeg and east of Vancouver in building estimates for the year 1906, and stood 5th in the whole Dominion.

The present year promises to surpass any three previous years.

The site for the New Provincial Government Building has already been purchased at a cost of $96,250.00, and it is the intention of the Saskatchewan Government to erect Buildings on this site, second to none in the West.

We have some Choice Lots For Sale, adjoining this site, ranging from $60.00 up; also Blocks of 40 Lots at from $1,800.00 up.

Terms on the lots are exceptionally easy and extend over a period of Eighteen Months, which gives the purchaser a chance to sell at a good profit on a very small cash investment.

Many are taking advantage of this opportunity of a good investment.

Call at Our Office and be convinced that Our Offer for investment is unequalled in any other Western City.

PETERBOROUGH SATURDAY JANUARY 19 1907

A New Steel Hull Steamer And Sister Craft To The Sovereign, For Trent Canal

Four New Craft Will be Placed on the Waters of the Canal This Year--The "Bessie Butler," to Cost $18,000, Under Construction at Three Rivers, Que.

WOODEN STEAMER AND TWO SCOWS ALSO BEING BUILT

Four new craft will be placed on the Trent Canal waters by the Government during the coming season.

At the present time George Hickey is building a steam tug at the Point St. Charles yards, and she will be ready for launching early in the spring, and will be placed in commission in time for the season's work, it is expected. This boat will be somewhat shorter, than the Sovereign, but she will be wider and will prove a better boat than her larger sister for the work for which she will be utilized. Good progress is being made on her construction by the boat-builders, and she will prove a valuable addition to the fleet of boats now operated by the Department of Railways and Canals on these waters.

New Steel Steamer

About the first of August it is expected that another and larger steamer, the Bessie Butler, a steel hull steamer, 100 feet long, fitted up for carrying a limited number of passengers, will be ready for use. This boat is being made at Three Rivers, Que., and it is expected that the material will be prepared there and brought to Peterborough, and the boat placed together here. This steamer will cost about $18,000 and will be in many respects the finest on the Trent Canal.

She will be used principally for making excursion tours, and it will be seen that with a canal 210 miles in length a steamer having sleeping accommodation is necessary.

Two Scows

Two scows, too, are under course of construction for use on the canal. One will be fitted up with engine and boiler and will have a derrick on one end and a pile driver on the other. nother flat scow is being built, and both will be ready for use during the coming season.

Much Winter Work

At the present time about forty men are at work near Kirkfield, and a large number at Burleigh and at Young's Point, at both of which locks over $5,000 will be spent before the season of navigation opens this year.

FIRE ALARM SYSTEM WAS DISCUSSED ONCE MORE

Fire, Water and Light Committee Will Inspect the New Fire Hall Next Week

ARC LIGHTS TO BE KEPT BURNING

The Fire, Water and Light Committee, at a meeting held last night, once more discussed the fire alarm system, and it was decided to ask the City Solicitor to prepare an agreement with the Bell Telephone Co. on terms satisfactory to him. The committeeh as no fault to find with the figures of the Bell Co.'s tender, but some of the conditions are not satisfactory.

There were present Ald. Johnston, chairman; the Mayor, Ald. Leary, Lenan and Ball.

On motion of Ald. Leary and Duncan the chairman was instructed to purchase two tons of coal for the new firehall, and it was decided that the committee should visit the hall at 9 o'clock Tuesday morning for the purpose of testing the furnace.

On motion of the Mayor and Ald. Leary, the chief of the fire brigade was instructed to prepare an inventory of the articles in the firehall, specifying the things that should be taken to the new hall, and those he would recommend being disposed of, and report to the committee.

A petition was read from R. Nesbitt and others for lights at the corner of Park and Smith streets and at Smith and Fairbairn streets.

It was moved by Ald. Duncan, seconded by Ald. Leary, that the Peterborough Light and Power Co. be instructed to place an arc light at the corner of Smith and Fairbairn streets.—Carried.

It was moved by Ald. Ball, seconded by Ald. Leary, that the Peterborough Light and Power Co.'s attention be called to the fact that street lights are not kept burning until sunrise, and he asked that they be kept lighted until after 7 o'clock.—Carried.

After discussing the fire alarm tenders, it was moved by the Mayor and seconded by Ald. Duncan, that the City Solicitor be asked to prepare an agreement with the Bell Telephone Co., in terms satisfactory to him, for the supply and installation of a fire alarm telegraph based on the figures in the company's tender.—Carried.

Cut Your Tailor Bills in Two

A PROMINENT LAKEFIELD MAN DEAD

Isaac Garbutt, Aged 64 Years, Passed Away Last Night

A member of one of the best known families, originally of the township of Smith, passed away in Lakefield last night, in the person of Isaac Garbutt. He was the second son of the late Isaac Garbutt, a man who was known in the county as one of the pioneers of Smith. His death occurred yesterday evening at 7 o'clock, at the family residence, on Queen street, Lakefield, from pneumonia, after a brief illness of ten days duration. The deceased was 64 years of age, and had lived in Lakefield since last spring. He was born in Smith township, on the old Garbutt homestead, where he lived for a number of years. He then moved to Douro township, where he was engaged in farming until a year ago, when he retired and moved to Lakefield.

Besides a widow he leaves to mourn his loss three sons and one daughter. They are George, of field, and Mrs. J. H. Mann, Bridgedouro, Everett of Dummer, and Wellington, who resides on the Douro homestead; and Mrs. John Jory, of Dummer.

The brothers who survive are:—John, Harry C., and Robert, of Smith, and William, of Douro; and the sisters are Mrs. S. McKibbon, of Lakenorth. The deceased was a Methodist in religion, and a Liberal in politics.

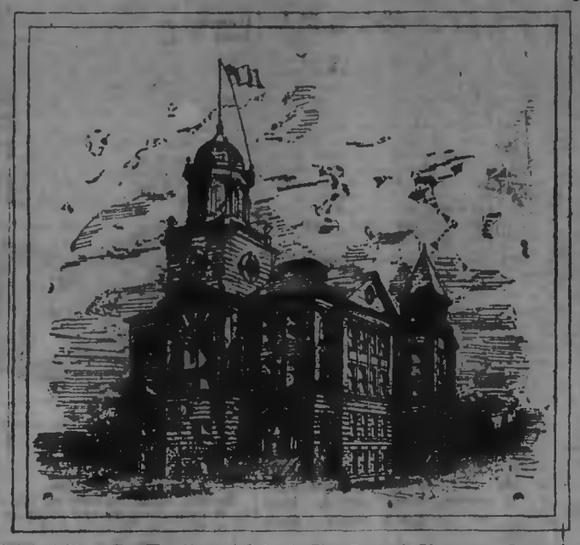
The funeral will take place on Sunday at 2.30 o'clock p.m., to the Lakefield cemetery for interment.

A COUNTRY FRIEND HELPS THE CHILDREN

The residents of the county, outside of the city, appreciate the fact that the Children's Aid Society's field of operations extends beyond the city of Peterborough, and a number of contributions have been received from out of town friends of the work. To-day Mr. P. Campbell acknowledges a donation of $5 from a contributor who signs himself "Friend from the Country."

Contract Let For Erection Of Peterborough Normal School

Work to Commence On New Normal School For This City



Original Plans For The Normal School—The Revised Plans are Somewhat Different, the Towers Being Taken Off.

Will Mr. Bradburn Go To Brantford Opera Business?

Report From That City to the Effect that He and Mr. Small will be Associated in New Enterprise There

Ottawa, Jan. 18.—It was definitely stated here yesterday by a representative of the Small theatrical interests, that Brantford is to have a new theatre. Mr. Bradburn has just sold his theatre in Peterborough, and with Mr. Small, will erect an up-to-date play house in the Telephone City. It is believed that Brantford is a good theatrical town and deserves better accommodation for theatrical companies than is afforded now.

The above despatch appeared yesterday in the Brantford Expositor. To-day Mr. Bradburn was interviewed by the Examiner and asked to confirm the report, which he refused to do. He would not, however, deny that negotiations have been in progress between himself and Mr. Small, looking to this as a culmination.

To the newspapermen in Peterborough it has been known for some days that Mr. Small has been anxious to have Mr. Bradburn take up the proposition to erect a modern opera house in the Telephone City, and he has been considering it, but nothing definite is known for publication, as yet.

The negotiations between Mr. Bradburn and Messrs. Turner for the sale of the local house were conducted through Mr. Chas. Haystead, who was representing Mr. Small.

GOLDFIELD HAS TO PAY $35 A TON FOR COAL AND EGGS COME AT $22 A CASE

Goldfield, Nev., promises to outrank even the Klondyke in excessiveness in the price of commodities. This is a new gold-mining section, which the enthusiastic residents say will out-rank any other mining district in the world, and, what they cannot make out of the earth they are trying to take from the unfortunates who have to live there.

A despatch from that city says:—Owing to excessive railroad rates (so the merchants claim) all supplies are high. Coal, $35 a ton; eggs, $30 a case, and no coal oil for love or money. Rooms and houses are all occupied. A transient roomer is taxed $5 to $4 a night. One large hotel is in course of erection, and half a dozen more will be started as soon as material gets in.

The boom is on, and Goldfield will outrank the Comstock.

COMPLETION OF CANAL WILL NECESSIATE MODERN HOTELS, OPINES MR. KELLY EVANS

In an address in Toronto last night in the interests of the preservation of the game of the province of Ontario, Mr. Croons, secretary of the Ontario Fish and Game Protective Association, stated that Ontario had never attracted the best class of American sportsmen, because of the lack of good hotel accommodation. The Trent Valley Canal had been made a political football by both parties, but when completed it would be well worth the money spent on it. It would run into the Bay of Quinte, and then there would be a beautiful waterway through which American yachtsmen could reach the upper country which would necessitate the erection of modern hotels.

Furniture For Fuel

Seattle, Wash., Jan. 18.— Seattle suffered severely yesterday from a cold wave. In many homes furniture was chopped up for fuel, and old antiques, which had been saved from grandmothers' days went under the axe. The charitable societies had many requests for aid which they were unable to grant, being unable to purchase coal or wood.

Disorders of Digestion

"We have kept Dr. Chase's Kidney-Liver Pills in the house as a family medicine for years and find them the most satisfactory of any remedy we can get. I can personally recommend them to anyone suffering from kidney and liver derangements and stomach troubles" — Mrs. James W. Helyea, Belyea's Cove, Queen's Co., N.B.

Holland Bay Residents Are Fearing Another Earthquake

Examiner Special.

Holland Bay, Jamaica, Jan. 19.—Earthquakes still continue, and the people are in terror of another disaster. Great fissures have opened in the streets from which comes black mud. The subsidence of the shore line continues, and there is every evidence that the crust for many miles around the city is being broken by subterranean forces. The sea is black with mud.

Fred. Whitman, of Brantford, Awarded Contract for Building New Structure in This City for $53,800

HE GETS THE FOUR SCHOOLS

His Tender Was the Lowest Submitted--The Assembly Hall Will Accommodate About 500 Persons

The Normal School in this city will cost $53,800. The tender of Fred Whitman, of Brantford, for this figure has been accepted, and he will be asked to sign a contract for the erection not only of the school here, but as well as of the other three schools which the Government will build in the province.

Local contractors were after the contract, but the tenders of Mr. Whitman were the lowest of any submitted, and, as a consequence he will be asked to do the work. A special to the Globe to-day says of it:

The Government has awarded to Mr. Fred Whitman of Brantford, the contract to build the four new normal schools at a total cost of $212,100, divided as follows:—North Bay, $54,200; Peterborough, $53,800; Stratford, $52,050; Hamilton, $52,050. Mr. Whitman built the new G.T.R. station at Brantford, and has lately completed several new buildings at the Ontario Agricultural College. The contract for the new schools was awarded on a call for tenders by public advertisement, and Mr. Whitman's tenders were the lowest.

The plans for the school were drawn by Mr. F. R. Heakes, the Provincial Architect. The schools will be uniform in size, with 78 feet frontage, and a depth of 110 feet, and built of stone and brick. Including the basement there are four floors. The basement has class rooms for manual training, a gymnasium and space for ventilation. Ground floor, three class rooms, library, reading room, cloak rooms, principal's and secretary's room, main entrance from the front, two side entrances for the pupils, two stairways leading to the top of the building. First floor, two class rooms, a large lecture room, a chemical laboratory, preparation room, teachers' rooms, cloak rooms. Second floor, an assembly hall, capable of seating about 500 people, an art room and domestic science class room.

FORMAL OPENING WILL BE ON MONDAY

The New County House of Refuge will be Formally Handed Over to County Authorities That Day

Preparations for the formal opening of the House of Refuge, which will take place on Monday, are practically completed, and it will no doubt be a brilliant function. Practically all those to whom invitations have been sent have signified their intention of accepting, and there will no doubt be a very large attendance of the residents of the county, to whom the event will be one of more than usual interest.

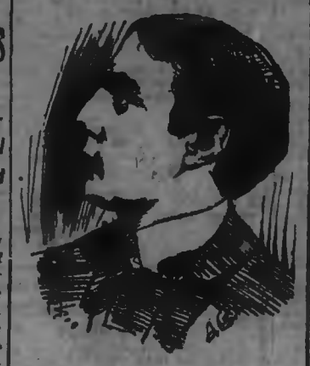
A number of addresses will be given by the visiting gentlemen, and the local members of Parliament will also be present and speak.

Refreshments will be served to all the visitors, whether from outside the county or otherwise, and an opportunity will be afforded for inspecting the new building.

For the benefit of those who wish to attend from Peterborough, it may be said that the train leaves the G. T. R. station at 12.20, and on the return will leave Lakefield at 4.30.

INCOMPATIBILITY OF HOT BRANDY AND DEVOTIONS

Clever Lecturer To Visit The City



Rev. Robert Knowles, of Galt, who lectures in Peterborough, next Friday night under the auspices of the Y.M.C.A., is well-known to Peterborough people, both by reputation, and, to many, personally, and, by reason of this fact, his lecture will no doubt, be largely attended. His two books, "St. Cuthberts" and "The Undertow," have been read by the majority of local literary people, and through this medium his personality has been impressed upon those who will be his audience on next Friday night.

How a Husband Took to Drink—The Harrowing Experiences of a Young and Faithful Wife

THE DETAILS ARE DESCRIBED

The Husband Fell Asleep at His Post—Happy Denouement—The Wife Became Greatly Alarmed

It was a new experience for a young farmer, living in one of the surrounding townships. He was a thrifty young farmer, of more than average enterprise, intelligence, and culture. He had won the heart of a nice city girl, with her little head chockfull of sense. She made him a first class wife, and his home a little paradise. Profiting by the training of a sensible mother, the young wife was skilled in treating little cases of illness, and having successfully pulled her husband through two or three cases of minor sickness he had great confidence in her skill.

An evening or two ago the young man came in from his farm duties suffering from a severe cold. Here was a chance for the young wife to "get busy," and with all confidence in her, the young agriculturist submitted himself unquestioningly to the ministrations of his wife. She plunged his feet into hot water, sharpened with mustard flour, and albeit the husband was a water-wagon devotee, she prescribed a mighty stiff hooker of hot brandy and by virtue of her professional authority got "hubby" outside of it in short order. She then sent him upstairs to bed, with the assurance that he would "be all right in the morning."

After putting things to rights, as a good wife should do, she herself went upstairs to go to bed. Upon entering the sleeping room, she noticed her husband on his knees by the bedside.

"Poor fellow! he's so sick, he has gone to sleep saying his prayers!"

Such a devotional attitude might be very wholesome for the ghostly part of the man, but it was certainly not very good for a man in the clutches of la grippe, with a skinful of brandy. He should be between the blankets, sweating and steaming.

The tender wife aroused the sleeping devotee by a few vigorous shakes. At first he merely grunted, and as the awakening process advanced, startled the alarmed wife by rambling, incoherent talk, "babbling of green fields," talking of stock and crops, harvests, hens and hogs.

"Goodness, gracious! He's out of his mind"

Fortunately the hour was early, and good neighbours not far away. They were speedily summoned by the distracted wife, and the chamber of horrors was visited. A little investigation, aided by the knowledge of the administration of the big dose of brandy, enabled a neighbour who was more experienced in such things than the innocent wife, to arrive at the fact that the young man was simply—under the influence of eau de vie. He wasn't used to intoxicants. He was bundled into bed, and in a few minutes lusty snores testified to the soundness of his sleep, in spite of postponed devotions. He awoke at the usual hour in the morning, quite oblivious of his evening's antics, and with a little of the "next morning" headache; but otherwise sound as a bell; his cold gone but his confidence remaining in the soundness of the heroic medication of his family physician.

DISASTROUS WRECK ON BIG FOUR LINE; 15 TO 25 KILLED

A Head-on Collission This Morning at Fowler, Ind—Vice-President's Special Coach Was on Passenger Train

Examiner Special.

Chicago, Jan. 19. — Passenger train No. 38 eastbound, on the Big Four Railway, collided head on with west bound freight train No. 95 at Fowler, Ind., about 2.30 this morning, killing and injuring a number of persons variously estimated at from 12 to 25. The passenger train consisted of a combination baggage and day coach, three sleeping cars, and the private coach of C. E. Scheaf, vice-president of the road, who was not on the car, but whose wife was, and escaped uninjured. The pilot of the passenger engine was driven through the entire length of the combination car, in which were a number of passengers, estimated at from 15 to 25. All the dead and wounded were taken from the wreckage of this car, none of the passengers in the sleepers having been injured.

A MUNICIPAL SERVICE FOR TO-MORROW NIGHT

Rev. J. G. Potter Will Preach Special Sermon to City Council in St. Andrew's

To-morrow night in St. Andrew's Church the pastor, Rev. J. G. Potter will preach a special sermon to the members of the newly-elected city council. For some years now the members of the Ministerial Association have made it a custom of preaching a special sermon at a municipal service held shortly after the new council had been elected.

The church in which the service is held is decided upon by the Ministerial Association, and the pastor or rector of the church usually delivers the sermon.

IN EIGHTEEN DAYS THE RECEIPTS AT CUSTOMS HOUSE WERE $22,000

This month's receipts at the Peterborough Customs House are, apparently going to reach a high record for the first month in the year. Up to yesterday, the 18th, no less than $22,000 had been taken in at the local office, and with twelve days left in the month there are good prospects of all records being broken. Yesterday a cheque for $5,000 was received from one firm for customs duty on a consignment of goods.

Almost every month shows a big increase over the corresponding month in the preceeding year, and there seems to be practically no limit to the growth of the trade of the city, if the returns at the Customs House may be taken as an indication.

APPROVED TERMS OF PROPOSED MERGER

Mr. Henry Newton, One of Big Shareholders of Canadian Loan and Savings Company, Attended Meeting

Mr. Henry Newton, of this city, was in Toronto recently, attending a general meeting of the shareholders of the Canadian Loan and Savings Co., held for the purpose of considering the terms of the proposed merger of that company with the Standard. The terms proposed were satisfactory, 12,000 shares voting in favour of their adoption, and only 156 against.

CUSTOMS SALARY INCREASE

The long-standing and often-insisted upon inadequacy of the salaries of outside service customs officials, has been emphasized by the visit of a large deputation to Ottawa, to request the Minister of Customs to advance salaries, by, at least fifty per cent. Not only has the enormous increase in customs receipts shown the great amount of extra work thrown upon customs officials, but the greatly enhanced cost of living of late years calls for a readjustment upwards of salaries, which have, in many cases, been stationary, during all the changes which late years have brought. One need not go beyond personal experiences to discover the greatly increased cost of living. In the case of the average wage earner, this increase is largely, if not quite, offset by a great increase in wages. Indeed, official reports of the United States show that wages, with a shortening of hours, have increased more rapidly than the cost of living. The salied class, especially, in the customs department, have not shared in this relative amelioration of conditions. While a stationary income and increased cost of living, have had to be adjusted, the hours of work, instead of being shortened, have been lengthened, or, at least, a greatly increased amount of work, due to increase in customs business, has made the work much harder. In the past six months, the increase in customs duties has amounted to three million dollars, entailing a proportionate increase of labour to outside customs officials. The Minister of Customs has promised to give the matter his serious consideration. A comparison would be instituted of the salaries of customs clerks and others, in other departments of commercial activity, with similar duties. Parliament would be asked for an additional vote of $100,000 for customs expenditure, and if the investigation to be made should result in sustaining the contentions of the deputation, an additional sum would be placed in the supplementary estimates, to cover the situation. It is to be hoped that the matter will be liberally dealt with, and the reproach removed that "Customs officers, with an almost unchanged salary, were," as Hon. R. F. Sutherland, said on Thursday, "never so poor as now, with all the abundant wealth."

THE AMERICAN INVASION

The political Americanization of the West seems to be feared by some Canadians. The matter receives prominence from the fact that within a couple of months, the annual

DR. A. W. CHASE'S CATARRH CURE ... 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

hegira of American farmers to the Canadian Northwest will set in. This exodus is alarming our southern neighbours, and the cause of it is creating speculation. A writer in the Outlook, a United States publication, says that the exodus is to be accounted for by the fact that Canadian lands are cheaper. The New Orleans Times-Democrat, a well-informed authority, says that when "Americans" leave their own soil, there must be more promising conditions of material prosperity, and assurances of wise government in their new home. It speaks thus of the Canadian form of government:

"As far as one can see, the Canadian Government is discharging its duty honestly and ably to the Dominion. One notes with pleasure the absence of serious scandals in administration, and one half suspects that we may possibly have something to learn from them in that respect. If free government has achieved a triumph here it has, under slightly different circumstances, prospered as notably in Canada. For, as everyone knows, though nominally in some slight measure, dependent on the Crown, the government of Canada is the freest of the free. And it thinks of and speaks for Canada first of all. It is the voice of a people that is a nation in all but name, a people whose national aspirations have up to this time found sufficient scope within the limitations of the Empire. Whether they will some day find them undesirable limitations, remains to be seen. It is certain, however, that at present, the sentiment of Imperial unity manifested so clearly during the Boer war, shows no symptoms of weakening."

Here, then, we have two good theories to account for the inrush of United States farmers to Canada — superior conditions of material prosperity in this country—very potent incentive — and superior political institutions. Both these conditions combine to minimise the danger of the "Americanization" of the Canadian West. Our new citizens who are attracted to the country by superior material and political conditions, are not likely to imperil both by any attempt to introduce a political system, from which they have, so to speak, made their escape.

CANADA'S TRADE RECORD

Canada is doing a pretty fair business with the outside world, remarks the Hamilton Times. The figures recently published show that for 1905-6 our dealings with out-of-Canada customers amount to about a million and a half a day every day of the year. That is not bad for a people of about 6,000,000.

Our exports amounted to $256,586,630, and our imports to $294,267,616.

Of our exports Great Britain took $127,466,471, and the United States $97,806,922. Of the latter sum $14,260,322 was goods not the produce of Canada. Canadian trade with Great Britain was of the value of $69,298,751, nearly nine millions more than in the preceeding year.

We are now buying more British goods than ever. In 1873 we bought from Great Britain $68,522,776, but by the time the N.P. Government was incontinently kicked out, the trade with Great Britain had mostly gone to the United States. Our purchase from Great Britain had declined to $29,412,188, while our purchases from the United States had increased nearly fourteen millions. Our purchasing trade with Great Britain had declined nearly 40 per cent, and was threatened with extinction.

Then the Fielding preferential tariff went into force, and since that time there has been an improvement, the decline not only being stayed, but an increase of about $40,000,000 being effected. Canada will always purchase largely from the United States; it is natural that she should, as geography and character of products favour it. Of this past year's 180 million imports over 86 million are raw materials that we used in our industries.

British trade with Canada is growing, and it will grow still more. It will help to consolidate the Empire. But none need be surprised that the raw and partly manufactured products from the States look large in our import returns beside the figures of finished products imported from Great Britain.

And wait till you see Canada's trade returns ten years hence!

A POLITICAL JUBILEE

Hon. R. W. Scott has attained his political jubilee. Fifty years ago he was elected member for the City of Ottawa in parliament. Thirty-five years ago this month he was called by Hon. Edward Blake to a seat in his cabinet. To-day he fills with distinction the office of Secretary of State. But a greater source of pride to him than his attainment of fifty years in public life must be the fact that in this period his political record has ever been beyond reproach and on the occasion of his political jubilee congratulations will be bestowed upon him by men of every shade of political opinion and in every walk in life. It is a striking coincidence that on the year of his political jubilee his son D'Arcy Scott should be elected to the first position in the gift of the city.—Ottawa Free Press.

EDITORIAL NOTES.

The Dominion Government has donated $50,000 to the Jamaica earthquake sufferers with another $50,000 if necessary. The Ontario Government with a largely increased revenue from succession fees and mining moneys should be good for another $50,000. Other activities looking to relief should be put in motion. Bis dat qui cito dat.

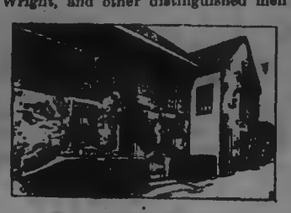
Shakspere said, "the earth was feverish and did shake." It seems to have a sharp attack of quake fever now. Earthquake shocks have been recorded during the past month from the following places: Two violent ones at Kuba, near Baku, on the Caspian Sea; Oban, Scotland; Island of Jamaica; Upia, German Samoa; Hawaii Islands; Dutch East Indies; Norway; Sweden; Russia and a tremendous upheaval in mid Pacific Ocean.

A POET'S SHRINE.

Birthplace of "The Ancient Mariner" Bought By the Nation As Memorial to Coleridge.

Near Nether Stowey, in Somerset, England, is a picturesque Old World cottage, in which Samuel Taylor Coleridge passed some of the happiest years of his life and wrote some of his most famous poems.

"The Ancient Mariner," in fact, was produced there, and so it is especially good to hear that enough money finally has been raised by subscription to purchase the historic cottage and maintain it is a memorial to the great poet and critic. The movement to secure it for the nation was headed by Lord Lytton, Prof. Wright, and other distinguished men



COTTAGE ONCE OCCUPIED BY COLERIDGE.

of letters, and the place is to be preserved as far as possible for all time in the state in which it was during its famous tenant's residence.

Indeed, when he took up his abode in it with his wife and child in 1797. With the large kitchen garden attached to it, it was then worth about $35 a year, but the poet's friend and admirer, Thomas Poole, of Bristol, let him occupy it for nothing. This meant much to Coleridge, for he was then wretchedly poor, the main sources of income being $5 a week, which he received for contribution to the Morning Post and donations from his friends.

Indeed, when he took up his abode in the cottage, he expected partly to support himself by raising fruits and vegetables in the big garden. Though his circumstances were so straitened the three years he lived in the cottage were associated with the pleasantest memories of his life, for he had not then contracted the opium habit.

At Nether Stowey Coleridge was visited first by Charles and Mary Lamb, and then by Wordsworth, who for years had been one of his closest friends. The latter, in fact, eventually moved from Racedown in Alfoxden in order to be near Coleridge, and it was because his financial condition was not much better than that of his friend that "The Ancient Mariner" came to be written.

For, growing tired after awhile of roaming among the Quantock hills, the two poets decided to make an excursian to the Valley of Rocks, at Lynton, and finding this tour was costing them more than they could afford, they decided to write a poem in collaboration to pay for it. Of course, however, it was Coleridge alone who actually wrote "The Ancient Mariner," though Wordsworth contributed one of its most striking ideas—the slaying of the albatross.

"Christabel" also is said to have been begun at Nether Stowey, and Coleridge also wrote a tragedy there, "Remorse," which his publishers declined—whether with or without thanks is not known. Here, too, he planned a gigantic epic, which required ten years' study of mathematics, physiology, natural history and other subjects, five years for composition, and another five for correction.

While occupying the cottage Coleridge kept up the practice of occasional preaching, and, "to prevent the necessity of his going into the ministry," an admiring friend, Josiah Wedgewood, sent him a draft for $500. He returned it to the donor, but soon afterward accepted an annuity of $750 from the brothers Wedgewood, given him on the condition that he devoted the whole of his life to poetry and philosophy. In 1798 he left Nether Stowey and went to Germany to study its language, literature, and metaphysics.

How to Live Well.

Be courteous to all, but intimate with few, and let those few be well tried before you give them your confidence. The friendship is a plant of slow growth and must undergo and withstand the shocks of adversity before it is entitled to the appellation. Let your heart feel for the afflictions and distresses of every one, and let your hand give in proportion to your purse, remembering always the estimation of the widow's mite, that it is not every one that asketh that deserveth charity. All, however, are worthy of the inquiry, or the deserving may suffer. Do not conceive that fine clothes make fine men any more than fine feathers make fine birds. A plain, genteel dress is more admired and obtains more credit than lace and embroidery in the eyes of the judicious and sensible.—George Washington in a letter to his nephew, Bushrod Washnig, 1783, in Scrap Book.

Big Blaze In Halifax.

Halifax, Jan. 19.—Fire on Barrington street early yesterday morning caused a loss of $30,000 in buildings and stocks. It was first noticed in Crump and Perrier's, plumbers and gasfitters, and spread south to four other wooden structures which it consumed with their contents.

Assassin Executed.

Tver, Russia, Jan. 19.—The assassin of Governor Sleptsoff was executed yesterday. Though confined in prison since April 7 he was not identified.

WILL TRANSPORT 250 OF SECT.

Mrs. Mason Is Buying Up Essex County Farm Lands.

Windsor, Jan. 17.—Mother Elinor Mason, supreme head of the Flying Rollers, has arranged for the transportation of 250 of the sect living in and around Chicago to the Essex County farming districts. Eight farms are now in her possession or are being negotiated for.

Mrs. Mason has not yet closed the deal for the Stovell property, near Tecumseh, on Lake St. Clair, and unless other adjoining property can be secured, the deal will be called off.

Mrs. Mason does not intend to confine her operations to Essex County, but is looking over plans of land in nearby counties for colonization.

Accept the Warning.

New York, Jan. 18.—Owing to the alarming news concerning a change in the bed of the ocean, near Kingston harbor, as a result of the earthquake, the Hamburg-American Line announced yesterday that they have decided to withdraw special sailing to Jamaica by the steamer Kron Prinsessin Cecilie, and to despatch her instead from New York on Feb. 2, 17 and March 7, for Nassau, Havana, Puerto Rico, Bermuda and New York.

Water Famine In London.

London, Ont., Jan. 17.—Being face to face with a water scarcity, and with no immediate means of relief in sight, the board of commissioners have decided to refuse to supply the city with water for street purposes during the coming summer. They have passed a resolution prohibiting the use of lawn services.

23 Deaths At Sea.

New York, Jan. 17.—Twenty-three of the 800 Coolies who left Calcutta on the steamer Indus for Trinidad, B. W. I., died during the voyage and were buried at sea, according to a report brought here by the Indus yesterday. Measles and pneumonia caused all the deaths.

A Cold Finds Your Weak Spot

THE BRONCHIAL TUBES AND LUNGS ARE PROTECTED AGAINST THE EVIL EFFECTS OF COLDS BY

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

You can never tell just what form a cold will take but you may be sure it will search out your weakest organ. With some it assumes a catarrhal nature, and affects the head principally; but with others it becomes bronchitis and there sets in a hard cough and severe chest pains. Then, again, it often leads to inflammation of the lungs, consumption, pneumonia or may settle on the kidneys or bowels.

Because colds do not always prove serious some people take great chances with them, but the risk is great. Dr. Chase's Syrup of Linseed and Turpentine is intended for people who want assurance against serious results from colds.

This great medicine has absolutely proven its extraordinary control over coughs, colds, croup, bronchitis, whooping cough, asthma and all such ailments, and for this reason has a place in the great majority of homes.

Mr. John Clark, coachman, Port Hope, Ont., writes:—"Being exposed to all sorts of weather I frequently catch cold. Last winter I was so bad with a cold that I could not speak above a whisper and had great pains in my chest. At last I feared that it would develop into consumption if I did not succeed in getting proper treatment. A friend advised me to take Dr. Chase's Syrup of Linseed and Turpentine, and I began to improve before I had taken half a bottle. One bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author are on every bottle.

Learn Dressmaking In Two Weeks

We teach you everything, from the finest shirtwaist to the most elaborate toilet, that can be found in the fashion books. And we will offer $25 to anyone, who, after taking a course with us can show us an article in dressmaking they can't cut, fit and put together; not only the lining, but all the outer goods in coats, skirts, wrappers, sleeves, collars, etc. Why spend months in a dressmaking shop where you do nothing but hem, overcast, sew on hooks and eyes, and then, after you have served months there, what do you know about cutting? Absolutely nothing. For you will know no more how to cut out a dress at the end of a year than you did the first day you went there. So why spend your time there when we can teach you in two weeks. You can come and try for a week and see for yourself what it's like, and as there is nothing to be paid in advance you certainly would not loose anything by trying. We have taught over 2,000 girls in this way within the past six years in Western Ontario, and all recommend it very highly.

Charge for full course is only $10.00, to be paid when course is completed, if satisfied. Including one of the most perfect fitting systems in use, which we give free. We guarantee that the waists made by this chart will not draw nor pull out of skirt when raising arm.

An evening class will also be taught. In this class we will teach shirtwaists, sleeves, sacques and skirts. This course will be $6.00, and hours from 7 to 10.

We will teach at Peterborough from Jan. 21st to Feb. 2nd. Hours from 9.30 to 5. All wishing to learn for full particulars be sure to see us at the Oriental Hotel, Hunter street, on January 19th, between 10 and 5 o'clock.

Remember there is no pay in advance, you can all come and try.

FAMOUS PEACE TROPHY

ORIGIN OF NOBEL PRIZE AWARDED TO PRESIDENT OF U. S.

Prize is as Likely to Go to Person in a Comparatively Humble Position as to One Who Occupies Exalted Station—Once Went to an Inmate of a Home For the Aged—Design of Alfred Nobel, the Inventor.

In 1906 the Nobel peace prize was awarded to President Theodore Roosevelt for his services in bringing the Russo-Japanese war to an end. The prize is as likely to go to a person in a comparatively humble position as to one who occupies a post of high rank or enjoys exalted station. The sole test is achievement of some important step toward universal peace and good will among men. The prize consists of a diploma, a medal and 138,536 crowns ($37,127.65).

Five years ago the peace prize went to a man comparatively unknown and so poor that he was at the time an

ALFRED NOBEL.

inmate of a home for the aged. This was Henry Dunant. "Who is Dunant?" asked some one when the report of the award of the prize to him was published, and the reply was, "He founded the Red Cross." "Then," said the questioner, "he must be a saint." And so he has been regarded, for he spent a fortune in getting the nations to treat the wounded as neutrals and recognize the work of his society, and in his old age, infirm, almost blind and unable longer to make a living, he was almost forgotten. But when the honor of the Nobel peace prize came to him, with its accompanying sum of money, an amount ample to supply his needs for the balance of his days, he felt himself fully rewarded for all his sacrifices.

The Nobel prizes are unique among institutions of their kind. They were established by Alfred Nobel, the Swedish engineer, and it is a singular coincidence that the man who instituted the great prize for the encouragement of peace should have been the inventor of that most deadly agency of warfare, dynamite, and the first manufacturer on a large scale of smokeless powder. There is a seeming inconsistency in the thought that a man who so much loved peace should have devoted his life to making the materials of war, but Nobel believed that the best way to abolish war is to render warfare as terrible as possible by means of the most murderous inventions. He regarded his own inventions as so many steps toward the goal of disarmament. It was Nobel's ambition to bring the Scandinavian peninsula into closer intellectual touch with the rest of Europe. He belonged to a family prominent in Sweden for the past century, but was brought up in Russia and educated at St. Petersburg. He did not believe in leaving great fortunes to relatives, though he gave much to deserving members of his family during his lifetime. At his death in 1896, he bequeathed his fortune, amounting to nearly $9,000,000, for the support of five great annual prizes, each valued at nearly $46,000. These were to be awarded for the most important discoveries in physics, in chemistry and in physiology or hygiene, for the most distinguished work of an idealistic character in literature and for the best effort toward the fraternity of the nations and the promotion of universal peace. The last named prize is awarded by the Norwegian Storthing, the others being conferred by various institutions at Stockholm, Sweden. In 1905 the peace prize went to the Baroness Bertha von Suttner, author of "Down With Arms." The year previous it was awarded to William Randall Cremer, secretary of the International Arbitration League and a member of the British Parliament. In 1902 it was conferred on Prof Frederick de Maartens of The Hague tribunal, who advised the Russian commissioners in the peace conference at Portsmouth. In 1901 it was won by Dunant. Mr. Cremer devoted his prize money to promote the work of the International Arbitration League. Mr. Roosevelt has announced that he will use the money he will receive to establish at Washington a permanent industrial peace committee with the view of maintaining peace in the industrial world, which he regards as equal in importance to maintaining peace between the nations.

AMERICAN OFFICERS OF HIGH RANK AND OTHERS ENDORSE PE-RU-NA.

Prominent People Recommend the Remedy Pe-ru-na.

Dr. Hartman's World Renowned Catarrh Medicine.

A Remedy for the Grip.

Gen. W. H. Parsons, 925 H St., N. W., Washington, D. C., writes as follows:

"Upon the recommendation of personal friends and many strong testimonials to the efficacy of Peruna in the treatment of the numerous symptoms of the grip with which I have been affected for four months past, I have been induced to undergo a treatment of this justly celebrated formula.

"I feel a decided change for the better by its use for one week only, especially in toning up the stomach, and a consequent decided effect upon my appetite.

"I therefore feel much encouraged that I am on the road to complete restoration.

"My numerous friends in Texas, where I have had the honor to command a brigade of her veteran cavalry in a four-year war, may accept this voluntary testimonial to the merit of Peruna from a sense of obligation for its wonderful efficacy."

Pe-ru-na a Good Tonic.

Gen. M. C. Butler, of South Carolina, writes from Washington, D. C., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble.

"I have been using your medicine for a short period and I feel very much relieved.

"It is indeed a wonderful medicine, and besides a good tonic."

Colds in the Head and Throat.

Chas. W. Bowman, 1st Lieut. and Adjt. 4th M. S. M. Cav. Vols., writes from Lanham, Md., as follows:

"Though somewhat averse to patent medicines, and still more averse to becoming a professional affidavit man, it seems only a plain duty in the present instance to add my experience to the columns already written concerning the curative powers of Peruna.

"I have been particularly benefited by its use for colds in the head and throat.

"I have been able to fully cure myself of a most severe attack in forty-eight hours by its use according to directions.

"I use it as a preventive whenever threatened with an attack.

"Members of my family also use it for like ailments.

"We are recommending it to our friends."

Recommends Pe-ru-na to the Afflicted.

Brig. Gen. D. T. Kirby, Washington, D. C., writes concerning Peruna, as follows:

"Friends of mine having used your Peruna catarrh cure with good results, I am impressed with its curative qualities, and can recommend it to those who are afflicted."

An Invigorating Tonic.

Rear-Admiral Hichborn, U. S. Navy, Washington, D. C., writes:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."

For Catarrh of the Stomach.

Gen. W. W. Duffield, Washington, D. C., writes:

"I have used Peruna in my family and have found it a valuable medicine and take pleasure in recommending it to all who suffer from catarrh of the stomach or who require a tonic of prompt efficacy."

Used Pe-ru-na—Satisfied As to its Merits —Recommends it to All Sufferers.

Gen. S. S. Yoder, 203 Md. Ave., N. E., Washington, D. C., writes:

"I desire to say that I have found Peruna to be a wonderful remedy. I only used it for a short time and am thoroughly satisfied as to its merits. I shall gladly recommend it to all sufferers."

When Other Remedies Failed Pe-ru-na Proved Efficacious.

Hon. Geo. W. Honey, National Chaplain U. V. U., Ex-Chaplain 4th Wisconsin Cavalry, Ex-Treas. State of Wisconsin and Ex-Q. Master General State of Texas, G. A. R., writes from 1709 First street, N. E., Washington, D. C., as follows:

"I cannot too highly recommend your preparation for the relief of catarrhal troubles in their various forms.

"Some members of my own family have used it with most gratifying results.

"When other remedies failed, Peruna proved most efficacious and I cheerfully certify to its curative excellence."

Pe-ru-na, a Standard Treatment For Catarrhal Diseases.

Mr. John C. Nelson, Dayton, Tenn., geologist and mining engineer, while a Captain in the Federal Army during the Civil War, contracted a case of rheumatism. This malady was constant and persistent, inducing the development of other ailments, which also became chronic. After taking a course of Peruna, Capt. Nelson writes:

"Having been painfully afflicted with chronic rheumatism and the adjunctive complications for many years, and after having received many general and special treatments with only temporary relief, I read your scientific treatise on catarrhal diseases.

"At my request you prescribed a special course of the Peruna remedies, which I closely followed, and am happy to report that my rheumatism and complicated ailments are subdued, and I feel young again at the age of 69 years.

"Reason will accept your classification of catarrhal diseases as scientific and true, and the Peruna remedies as a standard treatment for them. I thank you heartily for your skilled and logical advice."

Enjoys Renewed Health and Strength.

James J. Osborn, 623 Wahsatch Ave., Colorado Springs, Colo., has filled all the positions in Knight Templars Masonic Order, was a Mason since 1866, Judge of County Court, Clinton, Mo., and also County Collector of Clinton. He writes:

"A sluggish liver which I had been troubled with for two years made life miserable and I was unable to attend to my business half the time. I lacked energy, had headache most of the time, and my food distressed me and did not seem to do me a particle of good.

"Reading of the many cures performed by Peruna, I decided to try a bottle. Before I had taken many doses I felt better.

"I took it as directed for two months when I was a well man."

DEAFNESS CAUSED BY CATARRH— RELIEVED BY PE-RU-NA.

Gen. A. M. Legg, writes from the Savings Bank Building, Washington, D. C., as follows:

"I take pleasure in endorsing the many recommendations I have heard and read of Peruna, because of having had knowledge of the truth of so many of them.

"We always tell our sick and ailing friends of the remedies that we have learned, from experience, were good for us when ailing in the same way, and we do it as a duty we feel that we owe them.

"Why is it any the less our duty to advise all the people we can when we know of a good and comparatively inexpensive remedy that makes many cures, and benefits in almost all cases?

"My own little personal experience of being relieved of deafness, caused by a siege of catarrh, warrants me in advising all the afflicted to just try Peruna."

For Kidney Trouble, Coughs, Colds and Catarrh.

Gen. A. T. Hawley, 1336 25th St., N. W., Washington, D. C., writes:

"I have used Peruna and find it very beneficial for kidney trouble, and especially good for coughs, colds and catarrhal trouble."

Convinced of Pe-ru-na's Merit.

Brig. Gen. J. Floyd King, Washington, D. C., writes:

"I unhesitatingly state that I am convinced Peruna is a medicine which will effect all that is claimed for its use."

Those desirous of obtaining special directions with regard to the use of Peruna should write to Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

MEDIAEVAL LONDON.

Luxuries of the British Capital in Ancient Days—The Social Status of the Trader.

Not a few interesting things come out when we study the history of mediaeval London. One of them is the social status of the trader. The fashionable contempt for his business is of comparatively recent growth, not much more than a century old. No precise date can be given; but in the earlier part of the eighteenth century the feeling on the matter was not what it became in the nineteenth.

For hundreds of years before then the connection between the country and the city, the country gentlefolk and the city trader, had been most intimate. No more striking evidence of this can be given than the analysis of the origin of the 203 Lord Mayors from Henry Fitz-Aylwin down to the year 1633, a period of 318 years. Of these 156 were country born. When we consider what the mediaeval village was, how limited was the horizon of all but the lord of the manor or a knight here and there, it is not

lads of good birth sought the opportunities offered by apprenticeship in the city. Camden is quoted to show that the nobility thought with shame of the merchant's career. He himself declared "mercantura non derogat nobilitati." These same country lads supplied the city, as indeed they do now, with the necessary fresh blood and energy.

Another important point is the fact that London was always great as a distributing not as a manufacturing centre. And this fact no legislation, no system of duties could alter. Fraternities of foreign merchants established themselves in their fortified houses and kept their trade jealously to themselves. The crown, so long as it got its tolls and duties, was content. Now and then, indeed, it endeavored to restrict their increasing trade, but its ordinances were always evaded. For London wanted what they alone could supply. It could supply itself well enough with necessaries, as Sir Walter Besant says, but neither London nor England has ever been content with necessaries.

The mediaeval city of 500 years ago was as full of luxuries as is the city of to-day—the best shopping place in northern Europe in the days of Edward III., as it is in the days of Edward VII. Entire fleets laden with nothing but wine came to London. Once or twice there were periods when a man could "get dead drunk for twopence," as the fascinating invitation of a later time put it; but the drink had by that time been changed from wine to gin. Mediaeval London had, indeed, the best of everything, paying for it all in wool. So Capgrave has it: "Our enemies laugh at us; they say: 'Take the ship off your gold noble and impress a sheep instead.'" (This was the noble of Edward III.) Napoleon repeated the taunt, but the laugh was not in the end with the foreigner. And how, it may be asked, did these good things go backward and forward? Not always securely. We could not als a command the Channel, though we still claimed the sovereignty of the seas. In this respect things reached their worst, we are told, in the 14th century. Foreign merchants settled in London and traded. They came from Venice, Rouen, Genoa, Florence, Lombardy, Antwerp and Dantzig. And so the period was a halcyon time for pirates, for lords of manors who had foreshores, for fishermen and for wreckers.—From The Spectator.

What a Scotland Yard detective described as "quite a new departure in counterfeiting" was revealed at Old street the other evening, when William Coates and John Martin, two working class men of about 25, were remanded on the dual charge of manufacturing counterfeit sixpences by electroplating farthings, and "defacing the current coin of the realm."

Detective-Sergeant Burnham on searching the prisoners' house found two small vices nailed on to a chest of drawers, some plating mixture in a saucer, a number of files, and thirteen or fourteen farthings.

Some of these had been plated after the reverse side had been filed off to erase the word farthing.

Wolseley's Dread of Invasion.

Lord Wolseley has written two letters to Lord Wemyss on the possibility of the invasion of England. The following are some of the most striking passages:

"England can never have an efficient army during peace, and she must therefore accept the rebuffs and calamities which are always in store for the nation that is content to follow the breed of cowards who usually direct her great affairs.

"The day will come when she will violently and suddenly lose her former fighting renown to such an unmistakable extent that the plucky fishwives will march upon Downing street, and if they can catch its usual inmates, will rend them.

"One party is as bad as the other, and I hope and pray that when the national misfortune of a great defeat at sea overtakes us, followed by the invasion of England or Ireland—very possibly the latter — that John Bull will turn and rend the jawers and talkers who prevent us from being prepared to meet invasion."

Mainly For Housewives.

Each of the following items represents the task which a single pennyworth of electricity is capable of performing—in Loughborough, at any rate. The list was compiled by the engineer in charge of the Loughborough Corporation electricity department.

Your pennyworth of electric power will—

Clean 5,000 knives.

Keep your feet warm for 5 hours.

Clean 75 pairs of boots.

Warm your curling tongs every day in the year for three minutes, and twice on Sundays.

Knead eight sacks of flour into dough.

Boil nine kettles, each holding two pints of water.

Cook 15 chops in 15 minutes.

Run a sewing machine for 21 hours.

Carry you thirty times from the bottom of the house to the top, 80 feet each journey.

The Clock's Joke.

Owing to the erratic behavior of the Steyning (Sussex) church clock the local fire brigade were called out last week. The church bell, which is also the fire alarm, persisted in tolling more than twelve; and villagers and firemen rushed up only to find that the clock had hoaxed them.

A Good Reason.

A certain colonel, elderly, irascible, and Irish, is extremely jealous of his property, which he has placarded with notice to trespassers. A few days ago he was startled to find a young fellow and his sweetheart enjoying an evening stroll through his grounds. Purple with rage he rushed at the pair, and shaking his stick ferociously in their faces, exclaimed: "What d've mean by coming here, ye young villains? Can ye not read?" "Yes," answered the youth, unabashed. "Then what did ye read on the notice at the gate? Eh! answer me that." "Well, sir," was the cool reply, "it said 'Private'—that's why we came."

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Mild, with rain. Sunday—Strong westerly winds, becoming colder, and mostly fair, with local snow flurries.

Knox Church

—In Knox church to-morrow sermons will be preached at both services by Rev. E. A. Camp, of Havelock.

An Appropriate Gift

—Rev. E. A. Langfeldt is presenting the patrons of the parish magazine with a handsome calendar for 1907.

Sunday Bible Club

—The topic for the Saturday Bible Club to-night, at the Y. M. C. A. at 7:45 o'clock will be "The Call of the Twelve—Their Consolation and Reward."

New Frogs Installed

—The street cars transferred passengers at the switch at McDonald's lumber mills yesterday as the company were having new frogs placed on their trolley wires at that point.

China Hall

—Hurry up, and get a fine dinner set, or anything in chinaware, glassware, silverware, etc., at our big relinquish sale, as the bank must have our premises in a few days.

Gilding

—For all kinds of gilding go to W. Kingdon, 11 Hilliard street, Peterborough. Old frames repaired, and re-gilt equal to new. Paintings cleaned and re-lined. Old engravings cleaned and restored. 30d1

208 and 210 Charlotte St.

A HEARTY WELCOME EXTENDED TO NEW PASTOR

A Representative Gathering at Murray Street Baptist Church, Held to Receive Rev. J. R. and Mrs. Webb

MANY ADDRESSES OF WELCOME GIVEN

Last night the Sunday school room of the Murray street Baptist church, was filled to overflowing with the members of the congregation, gathered for the purpose of extending a welcome to the new pastor and his family, and if the spontaniety of the welcome given last night may be taken as a criterion Rev. Mr. and Mrs. Webb should find many warm friends in the membership of the Murray street church, and his pastorate here should be a very pleasant and successful one.

At the meeting last night all branches of the church's enterprise were represented, and from each came the same hearty welcome which indicates that the different departments of this church are working in perfect harmony, and that the lot of the pastor will, to this extent, be a pleasant one.

The chair was occupied last night by Mr. Benj. Matthews, as the senior deacon, and during the course of the evening words of welcome were spoken by various members of the different church organizations, as well as the pastors of the Park st. and Gilmour Memorial churches. Speaking for the deacons and for the church generally, Mr. Matthews expressed to the new pastor a most cordial welcome to the city and to the church, and he hoped that his pastorate here would be productive of good results, as he was sure that it would.

Following a hymn, prayer was offered by Dr. Scott, and a vocal solo was given by Mrs. Muler. Words of welcome were extended by Rev. A. H. Brace, pastor of the Park street church, and Rev. W. L. McKinnon, of Gilmour Memorial church, both of whom expressed their admiration for Mr. Webb and predicted that under his leadership the congreggation of the Murray street church would prosper. Mr. A. J. Raddon, representing the Sunday school; Mr. Walter Garbutt, of the Baraca Bible class; Mr. E. D. Hooker, of the B.Y.P.U.; Mrs. Ellis, representing the Ladies Aid Society; Mrs. Hunter, the Ladies Mission Circle; Mrs. G. K. Martin, the Mission Band; and Miss Kelly, from the Willing Workers, all spoke briefly, welcoming, on behalf of the particular organization of the church which they represented, the new pastor and his family. Interspersed with these addresses of welcome a solo was given by Mr. Hooker, and a reading by Mrs. Hunt. Both numbers were greatly appreciated.

In responding to the numerous expressions of good wishes Rev. Mr. Webb expressed his gratification at the heartiness which had characterized his welcome to Peterborough, and to the Murray street church. He wanted to be of real service to the congregation and to this end desired to become acquainted with them as quickly as possible.

He explained briefly his policy in connection with the work of the church, and asked for the co-operation of the members.

After the programme an opportunity for meeting the pastor and Mrs. Webb was afforded, and a pleasant evening was spent, refreshments being served by the ladies of the congregation.

ORGANIZATION WORK OF C.M.B.A.

Special Efforts Being Made to Enlarge Membership

The local branch of the C. M. B. A. is making special endeavours to increase the membership. Mr. W. A. G. Hardy, the Grand Organizer of the society, is in the city and under his supervision an extensive movement is being made to swell the society's ranks. A meeting was held last evening in St. Peter's T. A. S. rooms, when committees were formed from each ward and if system counts for anything in this work, the C. M. B. A. should meet with substantial success. As a fraternal society there are many qualities about the C. M. B. A. that commend it to Catholics, especially to those who are already not members of any beneficiary organization. As a special inducement to non-members, the initiation fees will be dispensed with during Mr. Hardy's stay in the city, besides a rebate off the doctor's fees.

A special open meeting will be held next week and all those interested will be welcomed to the gathering.

MUSIC AND DRAMA

THE SHOO-FLY REGIMENT

The famous coloured comedians Cole and Johnston, with a supporting cast of forty-eight people, were the attraction at the Grand last night in the musical comedy "The Shoo-Fly Regiment." There was a good house but it is safe to say that with another engagement of the same company, the S. R. O. sign would be hung out early in the evening. The entire performance was highly meritorious. The comedy was funny and clean, and the music catchy and well rendered. The work of the chorus is worthy of special mention, and the cast includes several soloists of marked ability.

The play is the work of Messrs. Cole and Johnston and has a more pretentious plot than most productions of this kind. The action centres on the departure of the Shoo-Fly Regiment for the Philippines, their adventures there and finally their triumphant return. Bob Coles as the janitor at the Lincolnville Institute, provided a large amount of genuine fun, while J. R. Johnston, as New Jackson, the "hero" of the sketch, was decidedly clever. The supporting cast was excellent.

The music was written by Mr. Johnston and contained some decidedly effective members. The favourites were "Just How Much I Love You," sung by Mr. Johnston himself. "The Ghost of Deacon Brown," Bob Cole's contribution and "Who Do You Love," and the duet by Andrew Tribble and Mat Marshall, Anna Parkey's singing of "I'll Always Love Old Dixie" also found much favour. One of the clevrest features of the evening was a piano solo by Mr. Johnston, which was received with much appreciation.

Cole and Johnston have lost none of their powers of amusing the public, and in the Shoo-Fly Regiment they have an excellent vehicle to display their ability.

REAL ESTATE FIRM DISSOLVES PARTNERSHIP

Having been very successful in the business for the past year I feel inclined to conduct my business myself in the future, having closed a large number of sales, both in city and farm property, and given entire satisfaction to my customers. I feel thankful as a new man in the business for the confidence you have placed in me. Parties wanting to either buy or sell property will, in the future as in the past, have their interests well looked after if placed with me. Having a larger number of both city and farm properties on my list than ever, I still solicit a share of your patronage, thanking you for the same. I retain the same office, 406 George street, in Federal Life Office. 'Phone 541.

I remain yours,
WM. E. O'BRIEN.

Watch Talks

Have you a Watch which requires attention.

Maybe the Mainspring is broken.

A first-class new one only costs you $1.00. Does your Watch stop occasionally, and you cannot depend upon it for time. Cleaning is all it needs and $1.00 will do it.

No matter what the trouble is with your watch bring it to us.

We regulate Watches free of charge, and if you wish for the correct time call on

JEWELLER and OPTICIAN
Issuer of Marriage Licenses.

FIFTH ANNIVERSARY OF ALL SAINTS' CHURCH

Rev. Canon Cody Preached Eloquent Sermon to an Appreciative Congregation at the Service Last Night

CHURCH WAS BECOMINGY DECORATED

The services held at All Saints' Church last night in connection with its fifth anniversary were, if the expression may be used in speaking of a church service, very successful. The attendance was large and representative, and practically filled the church. Rev. Canon Davidson, Rev. Canon Cody of Toronto, and Rev. E. A. Langfeldt, of St. Luke's, and the pastor of All Saints', Rev. Wm. Major, were present. The congregation of this church has grown proportionately with the city's rapid progress and is to-day in a very flourishing condition. The church has for some time proved of inadequate size, and it is now only a matter of time when a splendid new edifice will stand upon the ground now in possession of the church.

The congregation has been blessed with the administrations of excellent ministers who have always devoted their whole interests to its welfare. At the present time Rev. Mr. Major is meeting with success in his efforts in its congregation's behalf, and undoubtedly his ambition is to see a splendid new church which will meet the demands of many future years.

The sermon was preached by Rev. Canon Cody, who is no stranger to the people of Peterborough, although last night was his first appearance in the pulpit of All Saints'. To those who had never heard him before, his sermon was a spiritual treat. His ideas were bright and optimistic, and his address as a whole was very interesting. To those who had had the pleasure of listening to him on previous occasions, his remarks were of further assistance and hope. His eloquence appealed to everyone, and his earnestness enhanced the impressiveness of his advice. The sermon was a very appropriate one, being based upon the second chapter of Hebrews, and the ninth verse.—"But now we see not, yet all things put under Him, but we see Jesus crowned with the glory and with honour." The speaker said that the writer had been referring to the gradual dominion of man over the things of the world. The history of the human race, he said, was one long drawn out contest in which man was ever striving for the mastery. This was the very keynote of the creation. In the second chapter of Genisis it is told how Adam had power over animal life.

Rev. Canon Cody said that in the evolution of man's conquest there were three distinct headings to be considered. First, there was man in relation to animal nature; second, in relation to matter, and, third, in his relation to human nature. The reverend speaker detailed vividly in beautiful language man's struggle and final conquest of animal nature, and also the great success that has attended his efforts in the subjection of the material world. Truly, the words of St. Paul were verified, for human genius and ingenuity have brought under control many forces of illimitable magnitude. Rev. Canon Cody enumerated these bands of giants which have been made subservient to man's wishes. But these things, the speaker said, were probably only an earnest of what the future would produce.

However, in the third sphere, man has not been so successful. Human nature has proved more than a match for him. St. James said, "The tongue can no man tame." It is the mouthpiece of the heart, and therefore of man's natural impulses, and therefore of human nature. The animal and material worlds were easy to conquer when compared with the intricacies of the human mind. Man's weak nature is his equal, and very often his victor. The serpent of temptation has left its hideous trail along the path of life, and the power of sin has become a reality in the race. The speaker mentioned man's various frailties and how they have not been overcome.

Wealth, he remarked, is a curse when not tempered with wisdom and knowledge may be classed with wealth. Examples were given as instances of this fact. Man has not mastered his animal nature, he has not gained full dominion over his own soul. Many thoughtful men are pessimistic when they consider the future, but there is a hope for everyone, for Jesus, the God and the Man in His dual personality, understands the human life and will extend his assistance to the worthy who put their trust in Him, and all things will be subdued and man will be admitted to the heavenly ranks after trusting in God's love and His affection for him.

OBITUARY

HAMILTON McCARTNEY

News was received from Millbrook by Mr. Robert Fair, of the death this morning, of Mr. Hamilton McCartney, an old and esteemed resident of that village. The deceased had been ill for nearly a year and death was not entirely unexpected.

The late Mr. McCartney was born in the county of Monaghan, Ireland, and when only a boy moved to Canada. Some time later he entered upon the manufacture of farm implements in Millbrook, in which business he was very successful. He was a member of the Anglican church and a Conservative in politics. He was also connected with the J. B. Hall Lodge, A. F. and A. M. under the auspices of which society the funeral will be held.

The late Mr. McCartney's marriage was blessed by two children, George McCartney, who has been a member of the staff of Mr. Robert Fair's store, and Mrs. Arthur Vance of Millbrook. There are also two brothers, Messrs. George and William of Bethany, and a sister, Mrs. Bateman of Baltleboro.

The funeral will take place on Monday.

COPPER PROSPECT TURNED INTO GOLD

Reeve of Bancroft Strikes a Rich Proposition—Indications of a Paying Mine Near the Village

The Bancroft Times, in its last issue, said: Reeve Best has a gang of men engaged in doing some development work on his mine in the village. Instead of being a copper prospect, a recent assay in Chicago gave $9.80 in gold to the ton, and a small percentage of silver. Mr. Best had a flattering offer for the property from a Chicago firm, but he has decided to spend a little more money on it and find out what he really has got. There is at present a well defined vein of ore five feet wide, which gives every indication of widening as it goes down.

SUNDAY'S MUSIC AT ST. ANDREW'S CHURCH

An Interesting Musical Service Will be Given at This Church To-morrow

The music at St. Andrew's Church to-morrow will be of an interesting character.

In the morning the choir will sing the Hymn-Anthem "While the Days Are Going By," by Browne, and Mr. Thompson will sing "O, Rest in the Lord," from "Elijah."

At the evening service Mrs. Duncan MacGregor will sing "Fear Ye Not, O Israel," by Dudley Buck and the choir will sing the anthem "O Be Joyful in the Lord," by Schilling.

BOTH COUNCILLORS RECEIVED 148 VOTES

Messrs. Dobbin and May, in the North Monaghan Election, Had Same Number of Votes

In the published returns of the election in North Monaghan a slight mistake was made in the figures for one of the councillors. Messrs. Dobbin and May each received the same number of votes, 148. In the returns, as published, Mr. May was credited with 154 votes.

EVANGELIST MAPLESDEN HERE FOR ANOTHER WEEK

The Christians in Peterborough, of whatever name they are called, will no doubt be pleased to learn of Mr. Maplesden's purpose, to remain in the city for another week, and every night next week will be taken up as follows: Sunday afternoon at 4 o'clock, "Practical Lessons from the Transfiguration; 7 o'clock a declaration of the Gospel of Christ; Monday at 8, "Maranatha, the Lord Cometh"; Tuesday night, "The Hope of the Church"; Wednesday night, "The Lord's Return Premillenial"; Thursday, "The Coming for the Saints and the Coming With the Saints"; Friday night, "A Practical Holy." All are invited to these addresses.

OPERA HOUSE OWNERS TO THE PUBLIC

Messrs. J. J. Turner and Sons Issue Statement to the Public of Peterborough—Aim to Please

To the Public:

We beg to notify the Peterborough public that we have purchased the Grand Opera House, from the former proprietor, Mr. R. H. Bradburn, and intend to conduct the same in a manner befitting a modern show house in a modern city, such as Peterborough. We ask from the public the same support that has been accorded the opera house in the past, and on our part, promise that the interests of the patrons will be served to the very best of our ability. The best attractions we can possibly procure will be presented to the Peterborough public in the Grand Opera House, and it shall be in every way our ambition to meet the wishes of our patrons in every conceivable manner.

Sincerely yours,

2d J. J. TURNER & SONS.

THE BEST STOVE AND HARDWARE CO

AN EGG SCARE AT MARKET TO-DAY

One of the Farmers' Wives Startled Market by Demanding 35c. for Eggs—Did She Get It?

The market this morning was a very damp one, and the outside display was small. The rain was very disagreeable and practically put the meat and vegetable produce out of the running. In the hall, however, things were a little brighter. The first surprise was in the price of eggs. A reporter asking a woman the price of this article saw his visions of ham and eggs fading away when she replied "Thirty-five cents!" She was certainly trying to boom eggs; perhaps it is a get-rich-quick scheme, as she may be just beginning to sell a large stock of eggs that has been stored up. Others were asking 32 and 30 cents a dozen and only the latter seemed to be doing any business. Butter was the same as last Saturday as regards price. The other articles sold at reasonable prices, as follows:

Potatoes, per bag		to	1 00
Apples, per bag	90	to	1 75
Onions, per peck	25		
Beets, per peck	15		
Cabbage, per head	5		
Parsnips, per peck	15		
Butter, per lb.			25
Eggs, per doz	30	to	35
Ducks, per pair		to	1 00
Chickens, per pair	65	to	80
Geese, each	1 10	to	1 25
Hay, per ton	11 00	to	14 00
Pork, per lb	10	to	11
Beef, "	5	to	6
Turkeys, each	1 25	to	1 75

CITY'S LEGISLATION WAS DISCUSSED BY COMMITTEE

Will be Brought Up at Meeting of Whole Council on Monday Night

The Legal Committee of the City Council met yesterday afternoon and took up the legislation that the city will bring before the Legislature at its next session. The city's private bill contains some eight clauses and will be brought up at the meeting of the Committee of the Whole Council on Monday night. The committee yesterday went over the details carefully.

There were present, Ald. Phelan, chairman; the Mayor, Ald. Stevenson, Leary and Wilson.

OBITUARY.

JOHN MONTGOMERY

The death occurred this morning of Mr. John Montgomery, as a result of an attack of pneumonia, which first showed itself on Christmas Eve. Deceased was very well known in this city, being for some years connected with the local fire brigade. The late Mr. Montgomery was 62 years of age and was an old resident of this locality, having been born in Smith township. He was a son of the late Frank Montgomery, who was among the first settlers in this county.

Besides the bereaved wife, there are the following children who will mourn his demise: Mrs. W. P. Atkins, of St. Catharines; Mrs. H. Kingdon, Peterborough; Mrs. W. H. Harriston, Toronto; Misses Edith and Geraldine, and Frank, at home. There are also Messrs. Robert, Frank and David, of Parry Sound, brothers of the deceased, and Mrs. Hugh Lilley, Deta, O., and Miss Ada, Buffalo, N.Y., sisters.

The deceased was a member of the Presbyterian Church, and in politics a Conservative.

The funeral will take place Tuesday afternoon at 2.30 o'clock from the family residence, 33 Lewis street, to Little Lake Cemetery.

HIS CLIENT WON CASE IN THE APPEAL COURT

In Case of Siles vs. Hastings, Mr. O'Connell's Client Was Given Decision by the Judge

In Cagoode Hall yesterday a decision of considerable local interest was given in the case of Sills vs. Hastings, when an appeal entered by the plaintiff was allowed, and a new trial ordered. Mr. D. O'Connell, of this city, acted as solicitor for the plaintiff, and the decision of the Appeal Judge is therefore a win for him. The Globe reporting it says:

Still vs. Hastings. — Judgment (E.B.B.) on appeal by defendant from judgment of Mabee, J., at the trial at North Bay withdrawing from the jury and dismissing an action for the alleged malicious prosecution of plaintiff by defendant upon a charge of theft of lumber. Plaintiff is a saw miller in the district of Parry Sound, and defendant a lumber dealer. There was a negotiation between them for an exchange of lumber, and the real question between the parties, as contended by plaintiff, was whether or not there was in fact an exchange of lumber between the parties, and this question should have been put to the jury, and the judge should not, without putting this question and others, have ruled that want of reasonable and probable cause was not shown. Held, that facts upon which the inference of reasonable and probable cause depended were in dispute, and were necessarily subject to the finding of a jury. Appeal allowed and new trial directed. Costs of the appeal and of the former trial to plaintiff in any event. D. O'Connell, Peterborough, for plaintiff. R. McKay for defendant.

STEAM HEATING PEOPLE SURVEYING THE CITY

Are Ascertaining the Approximate Cost of a Plant Here

Messrs. Bradshaw and Hall, of the District Steam Heating Company, are in Peterborough to-day for the purpose of making a survey of the city, with a view to ascertain the approximate cost of a steam heating plant, such as would be required here. It will be remembered that in November the company promised to supply the council with more information, and that body decided to take no action until that was obtained.

QUEEN VICTORIA'S HAIR

Shown to be Absolutely False by Modern Science

Even at the age of 80 years, Queen Victoria's hair was a marvel of luxuriance. The court physician following Prof. Unna's discovery, undoubtedly treated Her Majesty's scalp with a germ destroying preparation, that was not made public. It is now known, however, that the remedy for dandruff, the germ destroying element, is embodied in Newbro's Herpicide, the only hair preparation on the market that does destroy the dandruff germ. Without dandruff, hair will grow profusely, and falling hair will be stopped. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to the Herpicide Co., Detroit, Mich.

Two sizes. 50 cents and $1.00. Ormond & Walsh, special agents.

PERSONAL MENTION

Rev. R. A. Armstrong of Orillia, spent the day with Rev. E. A. Langfeldt.

Capt. Frank Burnett, of Birdsall's Landing, spent a few days in the city this week.

Miss Alice Wilson left yesterday for a three weeks' vacation with Galt and Toronto friends.

Mr. and Mrs. T. Kennedy were guests of Mr. and Mrs. T. R. Kennedy, Peterboro', recently.—Omemee Mirror.

Mrs. (Judge) Johnston of Sault Ste. Marie, Ont., is in the city the guest of Mrs. (Hon.) J. R. Stratton, "Strathermond."

Mr. and Mrs. George Manning, of Peterborough, spent a few days in the village this week visiting friends.—Lakefield News.

Mr. Thomas Detchar has returned home from Kenora, where he was assisting in the installation of machinery for the Wm. Hamilton Co.

Mr. T. R. Kennedy and daughter, Miss Ethel, of Peterborough, were visitors at the home of Mr. and Mrs. T. Kennedy, Sturgeon street, on Monday.—Omemee Mirror.

The Pill Pounders accompanied by a number of their lady friends, drove out to Otonabee last night and spent the evening at the residence of Mr. and Mrs. Alex. Huston.

Miss Annie Heffernan, of Hunter street, returned home last night from Percy township, after attending the marriage of her cousin, Miss Mary Laney of that place to Mr. James Powers, of Otonabee.

TWENTIETH ANNIVERSARY OF THEIR WEDDING DAY

Celebrated by Mr. and Mrs. R. J. McWilliams at Their Home on Park Street Last Night

A very happy function was the celebration of the 20th anniversary of the wedding of Mr. and Mrs. R. J. McWilliams, at their home, 271 Park street. The happy couple were formerly residents of Lakefield, and quite a few of the 40 or more guests were from that village. The evening was spent in games and amusements, music and songs, and a repast that delighted everyone was prepared. Afterwards congratulatory speeches were made in which reference was made to the connubial happiness of the host and hostess. The assemblage broke up early this morning, the guests departing to their homes.

Congratulations were received from friends and relatives in many outside cities, including London, Rochester, Vancouver and others. Many beautiful remembrances were presented to Mr. and Mrs. McWilliams in the way of material gifts, which will be cherished as memories of the occasion.

OFFICERS OF DISTRICT LODGES WERE INSTALLED

Interesting Ceremony Among Havelock and Pontypool Oddfellows Last Night

LOCAL BRETHREN TOOK PART IN IT

The installation of the officers of Havelock and Pontypool I.O.O.F. took place last night and members of the local lodges were present at both places as to assist in the ceremony.

Col. J. W. Miller, acting as D. D. G. M. was the installing officer at Havelock. Some twelve members of Peterborough and Otonabee Lodges were present including the following members of the District Committee, A. Fowler, G. Payne, Matthew Breckenridge, R. Matchett, and S. Sharpe. The first, second and third degrees were conferred upon two members.

Following were the officers installed:—

J. P. G.—W. H. Backus
N. G.—H. C. McMaster.
V. G.—J. M. Watson.
R. S.—N. C. Stubbs.
P. S.—Ed. Hennell.
Treasurer—Geo. Childs.
War.—J. Howe.
Con.—J. Coon.
V. G.—G. McIntosh.
J. G.—W. Bennett.
R. S. N. G.—Jas. Barlow
L. S. N. G.—Warde Patterson.
R. S. V. G.—F. J Hooper
L. S. V. G.—J. Burnett
R. S. S.—J. Carpney.
L. S. S.—W. Boyd.
Chap.—A. C. Donlke.

After the ceremony a very enjoyable oyster supper was served and a pleasant social time spent. Speeches were made by local and visiting brethren and the affair was a great success.

The Ambitions Of An Indian

Toronto, Jan. 19. — Mr. Johnstone Paudash, whose father is head chief of the three tribes of the Mississaga Indians, at Rice Lake, Mud Lake and Scugog Lake, called on Premier Whitney yesterday afternoon. He says that the tribes mentioned intend to memorialize the Government to give them the franchise, and that they are also asking the Dominion Government to take the same step. In Sir John Macdonald's time, he said, they had the privilege, but this, his claims, has been removed by amendments to the act.

NOTICE TO CONTRACTORS.

Sealed tenders addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of the 14th day of February, 1907, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, for the following sections of the Transcontinental Railway, viz.:—

(1) District "A."—From a point designated on the plans of the Commissioners at or near the City of Moncton, in the Province of New Brunswick, westerly for a distance of about 80 miles.

(2) District "A."—From a point designated on the plans of the Commissioners, at or near the town of Grand Falls in the Province of New Brunswick westerly to the boundary between the Provinces of New Brunswick and Quebec, a distance of about 62 miles.

(3) District "B."—From a point designated on the plans of the Commissioners, at or near the Quebec Bridge, easterly for a distance of about 150 miles

(4) District "B."—From a point designated on the plans of the Commissioners about 150 miles west of the Quebec Bridge westerly to a point known as Weymontachene, a distance of about 45 miles.

(5) Districts "C" and "D."—From a point designated on the plans of the Commissioners about eight miles west of the Abitibi River crossing easterly for a distance of about 160 miles.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa; also in the offices of the District Engineers concerned, viz.:—Guy C. Dunn, St. John, N.B.; A. E. Doucet, Quebec, P. Q.; and S. R. Poulin, North Bay, Ont.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners.

A separate tender must be submitted for each section.

Tenderers shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of work manship required; and are understood to accept and agree to be bound by the terms and conditions contained in the form of contract, specifications, etc., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada payable to the order of the Commissioners of the Trans-continental Railway, as follows:—

For Section No. 1, District "A." $75,000.
For Section No. 2, District "A." $90,000.
For Section No. 3, District "B," $225,000.
For Section No. 4, District "B," $75,000
For Section No. 5, Districts "C" and "D", $75,000.

Any person whose tender is accepted shall, within ten days after the acceptance thereof, furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure and all contract rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract:—

"All mechanics, labourers or other persons who perform labour for the purposes of the construction of the works hereby contracted for shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labour, and which are or shall be applicable to such works." (The schedule of Minimum wages determined upon by said department will form part of the contract.)

"The contractor shall, in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rollingstock manufactured or produced in Canada, provided the same can be obtained as cheaply and upon as good terms in Canada as elsewhere, having regard to quality and price."

The contractor shall conform to the fire regulations adopted by the Commissioners; and also to the laws and regulations respecting fires in the different Provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary.

The Commissioners of the Transcontinental Railway.

THE SMOULDERING CITY IS IN RUINS

Character of Destructive Earthquake Was Peculiar.

AN UP AND DOWN MOTION

Nearly Half Hundred Shocks Since—Dead Now Estimated at a Thousand, Mostly Negroes—No Serious Damage Done Beyond 12 Miles From Kingston — Six Hundred Bodies Already Recovered.

Kingston, Jan. 19.—The streets of this city are now picketed with American guards. Admiral Evans, at the request of the British authorities, landed a number of marines from the battleships Missouri and Indiana.

Six hundred bodies have been recovered, and more are being constantly found.

Dynamite is being employed to clear away the debris of shattered buildings.

The whole town is in ruins and the greater portion is still smouldering ashes. The smell of burnt flesh pervades the air.

The earthquake came as a sudden oscillation, not from any particular direction, but up and down.

Thousands of persons were on the streets of Kingston at the time and great numbers of them were crushed.

Without a warning the earth began to shake and tremble at 3.30 Monday afternoon. The shocks, which came from the westward, lasted exactly 36 seconds. The whole city rocked like a ship in a choppy sea and buildings reeled and fell.

Fire Soon Spread.

As the dust from their fall lifted pillars of smoke arose in Harbor street near the Parish Church, and shortly afterward flames shot into the sky. It was then perceived that fire would complete the work of the earthquake.

It was a pitiable sight. Thousands of persons were homeless and hundreds were enduring agony from broken heads and limbs under the open sky.

The city doctors were busy all night amputating limbs and dressing wounds. The worst cases were taken to the public hospital, where the staff doctors attended to them, but many expired before morning.

Nearly 50 Shocks Since.

On Monday night fifteen distinct shocks were felt, but they did no damage, on Tuesday there were twenty shocks, and on Wednesday there were ten.

The loss cannot fall short of £5,000,000 and probably will total double that amount.

The whole of Jamaica felt the shock, but no serious damage was done beyond a radius of 12 miles from Kingston. Some houses were cracked at Spanish Town, the fortifications at Port Royal were abandoned by the artillerymen and engineers, the western part of the town is partly submerged, 16 9.2-inch guns are displaced and the barracks are in a dangerous condition.

The King's House, the residence of the Governor, is badly injured, and all its former occupants are now living under tents in Trafalgar Park. The residence of General Marshall is totally demolished.

The death list is constantly growing.

Dead Number 1,000.

Washington, Jan. 19.—The American State Department yesterday was furnished with copies of cabled reports the Western Union Co. has received from its agent in Havana in regard to the earthquake. In one of these it is stated that the latest information from Kingston was that no American was killed or seriously injured up to 7 p.m. on Jan. 17. The report further says that it was estimated that the number of dead would reach 1,000, mostly negroes.

$50,000 CANADA'S FIRST AID.

At Once Prepares to Forward Supplies to Stricken Jamaica—Ontario, Too, May Extend Aid.

Ottawa, Jan. 19.—At the opening of the House yesterday afternoon, Mr. Fielding said: "A question was asked yesterday with regard to the disaster in Jamaica. Owing to the breaking of the cable it has been found very difficult to get any official information. There seems to be no reason, however, to doubt that the disaster is a very great one; that there has been a large loss of life, a very great destruction of property, and, consequently, very much distress.

"We think that, without waiting further for official information, it will be the wish of the Parliament of Canada to take immediate steps to express in a tangible way the sympathy of the Canadian people with their brethren in the West Indies by the making of a substantial grant.

"As to what the amount should be, we are not prepared at this moment to say more than this, that we will take the usual steps for asking the assent of Parliament for a grant of $50,000 as a first step, with the understanding that, if further information show that the disaster is of such a character as to make the needs greater, we shall ask Parliament to supplement it with another grant of $50,000, making $100,000, if necessary.

A Relief Steamer.

"Information has reached us that a steamer is about to said from Halifax to Jamaica, and the proprietors of the line (Pickford & Black) have offered to convey free of transportation charges any provisions which the Canadian Government or people may wish to send. Instructions are being sent to the collector of customs at Halifax, who is a gentleman familiar with West Indian conditions, to make enquiries from well-informed people as to what it may be desirable to send, and to purchase at once whatever provisions are available, and, in the opinion of those whom he may consult, are suitable for the needs of the people of Jamaica. An endeavor will be made to have these, together with a supply of tents from the Militia Department shipped from Halifax for Jamaica to-morrow."

Opposition Congratulates.

R. L. Borden said: "I am sure that there will be no dissenting voice in the House in the proposal of the Government. It seems that the disaster has been even more appalling than we were inclined to think a day or two ago, and that the action which the Government and Parliament will take will, I am sure, commend itself to the people of Canada. It might not be out of place also to express the appreciation which, I am sure, all of us feel at the prompt and generous action which has already been taken by the President and Congress of the United States in relation to the disaster."

His Excellency has cabled to Governor Swettenham of Jamaica for particulars regarding the losses, and to ascertain the most acceptable form of relief that this country can send.

Ontario May Help.

Toronto, Jan. 19.—Premier Whitney stated yesterday that in all probability the House would be asked to vote something to relieve the distress in Jamaica.

"But of course," he added, "this will depend entirely on the information we receive on the situation there."

Relief For Jamaica.

Port of Spain, Trinidad, Jan. 19.—The legislative council has voted £1,500 as the first instalment from the people of Trinidad for the relief of the earthquake sufferers in Jamaica.

H.M.S. Indefatigable has sailed for Jamaica with provision, clothing and other supplies.

Senate Passes Relief Bill.

Washington, Jan. 19.—The Senate yesterday passed the Jamaican relief bill on its receipt from the House without discussion.

'QUAKES ELSEWHERE.

Inhabitants of Udine, Italy, Flee From Homes in Fright.

St. Petersburg, Jan. 19.—Two violent earthshocks were experienced at Kuba, Government of Baku, at five o'clock yesterday morning.

Kuba (also spelled Kooba and Kouba) is a fortified town in the Province of Baku, situated on the south side of the River Kuba, 55 miles southsoutheast of Derbund. It has a population of over 16,000 persons.

Flee From Homes.

Udine, Italy, Jan. 19.—A severe undulatory earthshock was felt at Tolmesso, 29 miles from here, at 4.20 yesterday morning. The inhabitants were panic-stricken and fled from their houses into the street, but there was no loss of life.

Peru Shocked.

Callao, Peru, Jan. 19.—The seismograph here has recorded an earthquake movement, apparently to the south of the city.

CANNIBAL CHINESE.

Famine Districts Reports That Parents Are Eating Their Children.

Victoria, B.C., Jan. 19.—Reports from Shanghai tell of increasing horrors of the great famine in Central China.

A correspondent of The Echo De Chine says that in two districts, Sinchow and Paichow, starving people are eating their children.

Plants and grass, which have furnished food for many, have disappeared, and there are not even roots to eat.

The famine stricken people are being driven back to the cities in the famine district, the officials refusing to allow refugees to take the roads.

The correspondent says that cases of cannibalism are many.

He investigated a number, and many of them absolutely are correct.

In the absence of ordinary food he found human flesh actually being sold.

THREE MEN BLOWN UP.

Blasting Powder Ignited Prematurely at G. T. P. Camp.

Kenora, Jan. 19.—By the premature explosion of 150 pounds of blasting powder, three men were killed instantly and three more seriously injured at Dutton & MacArthur's Camp No. 1 on the G. T. P. work, about 20 miles from here.

Foreman Alexander McGillivray, who was handling the explosives, was killed. He was an old hand and a thoroughly experienced foreman, and had worked in the same capacity for almost 4 years, under Foley Bros., Larson & Co., before going over to the G. T. P. John Hough, who was seriously hurt, lives in Rideau.

The coroner, Dr. Chapman, left yesterday for the scene of the accident.

A LIVING GHOST!

That is What Her Friends Said About Her

Read how Mrs. James Steele, Waterville, Que., was cured by the use of

MILBURN'S HEART AND NERVE PILLS

she writes: "For the past fourteen months I was nervous all the time, and became so run down I was unable to walk across the house without getting dizzy. My friends told me I looked like a living ghost and advised me to try Milburn's Heart and Nerve Pills. I got two boxes and within two weeks I had improved wonderfully and after finishing the fourth box I was completely cured. They are the greatest pills I ever used and I can recommend them to all sufferers."

Milburn's Heart and Nerve Pills act directly on the disordered heart and nerves, and restore them to healthy action. They have no equal for reviving and strengthening the heart beat, invigorating the nervous system, and acting as a food for the blood, improving its quality, making it rich and red.

Price 50 cents per box or 3 boxes for $1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ELECTRIC POWER MAY BE EXPORTED

Important Decision Rendered At Washington.

SECRETARY TAFT'S VIEWS

Canadian Companies Not Placed on Equal Footing—United States Authorities Say That 160,000 Horsepower May Be Sent Into Their Country—His Answer to Question of Merger Raised.

Washington, Jan. 19.—Secretary of War Taft has just rendered his decision upon the applications under the Burton Act for the issue of permits to divert waters for power from the Niagara Falls on the American side and to transmit electrical current developed from water power on the Canadian side into the United States.

The secretary concludes that with a diversion of 15,000 cubic feet on the American side and the transmission of 160,000 horsepower from the Canadian side, the scenic grandeur of the falls will not be affected substantially or perceptibly to the eye.

On the American side, the Niagara Falls Hydraulic and Manufacturing Co. will receive a permit for the diversion of 6,500 cubic feet per second.

The water for the Erie Canal is to be used under a special permit limiting the consumption to not more than 400 cubic feet.

Relative to the transmission of electrical current from Canada the Secretary decided to issue permits for the importation of such current to the following amounts:

The International Railway Co., 1,500 horse power; the Ontario Power Co., 60,000 horsepower; the Canadian Niagara Falls Power Co., 52,000 horsepowet, and the Electrical Development Co., 46,000 horsepower.

Secretary Taft, in speaking of his approval as above, refers to allegations that the three companies are really looking forward to an amalgamation of interests or a combination to keep up the price of electrical power by avoiding competition, and says that "should evidence in proper form of the existence of such a combination be brought to me as a ground for the modification of the action now taken, it will be given careful consideration."

Ontario Not Affected.

Toronto, Jan. 19.—Premier Whitney was asked yesterday afternoon if he had read the telegram from Washington on the transmission of electric power from Canada to the United States.

"I have seen the despatch from Washington," he replied, "and I have nothing to say on the subject, as it does not affect Ontario, whose interests are confined to the various agreements with the companies. Questions as to export of power do not come before us."

INSANE FROM EXPOSURE.

Mount Forest Man Attempts Walk of Two Hundred Miles.

Sarnia, Jan. 19.—William Morrison, aged 52 years, of Capac, Mich., left Capac to visit his old home in Mount Forest, Ont., some weeks ago.

When the time came for him to return to Capac, he had no money to pay his railway fare, and set out to walk the entire distance. He made his way as best he could, sleeping in barns or other shelters, and sometimes walking by night to keep from freezing, and had thus got as far as Perche, on the lake shore nine miles from Sarnia, and a distance of about 150 miles from his starting point, but by the time he reached Perche he had become almost violently insane, because of the toilsome journey made without shelter, proper food or sufficient clothing.

He had stripped himself of his shirt and trousers and had taken off his shoes and socks and in that condition had evidently slept out for one or two nights. When an officer took him in charge he was unable to tell where he came from or how long he had been wandering about.

Both his feet were frozen, but amputation may not be resorted to.

FROZEN TO DEATH.

Bodies of Two Scotchmen Found Partly Eaten by Wolves.

Davidson, Sask., Jan. 19.—Yesterday news was received here of finding of two bodies in Red Deer Lake district, across Saskatchewan River, and about 60 miles west of Davidson. The bodies were partly frozen and partly devoured by wolves and could not be identified, but are believed to be the remains of two Scotch homesteaders. There was no trace of horses.

It is said a man was lost on the prairie near Long Lake, 30 miles east of Davidson on Sunday night, and was frozen to death.

To Investigate Senator Bailey.

Austin, Texas, Jan. 19.—By a vote of 65 to 55, the House of Representatives of the Texas Legislature last evening adopted the Kennedy substitute to the Duncan resolution looking to an investigation of United States Senator J. W. Bailey and his connection and associations with the Waters-Pierce Oil Co.

Angry at Balfour.

London, Jan. 19.—(C. A. P.)—It is said that it is only now that the truth about Mr. Chamberlain's health is dawning on tariff reformers, and adds they are so indignant with Mr. Balfour that a movement is being made not merely to force him to keep his promise, but to force him out of the leadership.

Fears the Voice of Charmers.

London, Jan. 19.—(C. A. P.)—A report from Cape Town says there is a pronounced feeling that the South African premier should preside at the colonial conference. It is feared that there is danger that British hospitality may interfere with the serious work of the conference.

FISHERIES PROTECTION.

Shall the Modus Vivendi With the United States Be Abolished?

Ottawa, Jan. 19.—Besides the debate on Canada's aid to Jamaica, reported elsewhere, yesterday's session of the House was devoted to a debate upon the question of abolishing the modus vivendi with the United States and ceasing to issue licenses to American fishing vessels. Representatives from the Maritime Provinces and British Columbia were heard from, but a division of opinion was manifested upon the question.

The Minister of Marine and Fisheries did not express an opinion upon the issue, but suggested that Canada was not ready to meet the situation that would be created by the withdrawal of the existing arrangement. He announced that encouragement would be given to improve the facilities for transportation to inland points, urged the necessity for opening up new avenues of commerce for Canadian fish, and appealed to the financial interests to extend the same encouragement and assistance to fishing as to other industries.

Incidental to the situation in Ontario Mr. Brodeur strongly favored placing the fisheries under the control of one Government.

Tobacco Men's Complaints.

Ottawa, Jan. 19.—A deputation, composed of manufacturers of Canadian tobacco in Montreal, Quebec and other points, yesterday asked the Government to abolish what is known as the green stamp on Canadian tobacco. They claim it is calculated to prejudice the sale of this class of goods, as the stamp at one time represented an inferior grade.

The deputation also asked for an increased duty on imported leaf, which at present does not pay any excise, unless manufactured in Canada.

The Government promised to take up the matter.

250,000 Emigrants.

Ottawa, Jan. 19.—Two hundred and fifty thousand immigrants, most of them headed for the west, are expected to come to Canada this year, according to reports received at the Department of Immigration. A large number of them will be English-speaking people. In February and March the influx will start in in earnest.

HENRY GLOVER ARRESTED.

Union Trust Co. Claims to Have Been Victimized In Odd Way.

Toronto, Jan. 19.—Henry Glover, 722 Muir avenue, was arrested yesterday by Detectives Tipton and McArthur, on the charge of stealing $1,826 from the Union Trust Co.

Glover is alleged to have secured a loan on some lots on Muir avenue, on which two houses were being erected. After advancing the money, the company ascertained the houses were not on the lots on which the loan was made. The property had already been mortgaged.

Glover was negotiating another loan with the company, and was to have been paid the money yesterday.

Will Be Prosecuted.

Ottawa, Jan. 19.—The Department of Justice has given its opinion that Capt. Klengenberg of the San Francisco whaling steamer Olga ought to be indicted on the charge of murdering his chief engineer in Prince Arthur Sound, Arctic Ocean, last winter. The crime, if crime it was, is believed to have been committed in British waters, but the United States authorities at Point Barrow, Alaska, determined that they would prosecute him.

Stole Money and Left Blood Marks.

Wiarton, Jan. 19.—Thursday morning burglars entered the grocery stores of H. D. Ruhl and William Armstrong and the boot and shoe store of L. M. Ely. They got into Ruhl's by bursting out a panel of the back door and secured $85.25 of Forester money, which was in the safe, and about $20 in silver out of the cash drawer. At Armstrong's there were only 19 coppers in the till. They took 18 of them; the other being a Chinese cent, they left it. They also took some groceries. At Ely's shoe store they were not so fortunate. They entered through a back window, and in getting in cut themselves on the window glass. There were drops of blood on the floor from the window to the safe and also quite a pool in front of the safe and in the till. They secured nothing and appeared to have made a hasty exit.

Niagara Fruit Growers Protests.

Grimsby, Jan. 19.—A mass meeting of the fruit growers of the Niagara district at Grimsby yesterday by resolution expressed disapproval of the action of the directors of the Ontario Fruit Growers' Association in appointing a committee to confer with a committee of the Michigan State fruit growers with a view to arrange a reciprocal tariff on fruits and fruit products. They considered the present tariff on fruits too low and stated that "We can produce all the domestic fruit required for home consumption and the home market should be protected for Canadian growers." Another resolution urges the Government to incorporate in the new tariff the schedule presented to the tariff commission at its last session in Ottawa by the commercial fruit growers of Ontario, and the third is a protest to the Hon. Nelson Monteith, Minister of Agriculture, that the Ontario Fruit Growers' Association had overstepped its duties in presuming to deal with any legislation, and to ask that he see to it that the association in future stick to its constitution and confine itself wholly to a work of education nature.

A large meeting held at Stony Creek last night adopted similar resolutions to those passed at the meeting here.

Is 108 Years Old.

Belleville, Jan. 19.—Prince Edward County, just across the Bay of Quinte from this city, has a resident who has attained a remarkable age. His name is John Pymer, and he came out from England in 1836 with his wife and three children. He fought in the battle of the Windmill at Prescott, and is still hearty. He can thread a needle and do some sewing without glasses. If he lives to celebrate his next birthday, the 12th of April, he will be 108 years old.

THE JURY RETURNS TRUE BILLS

Grand Jury Makes Presentment In London Bribery Cases.

20 COUNTS IN INDICTMENT

Fraud and Corruption and Conspiracy to Commit Bribery Charged Against Messrs. John O'Gorman, William J. Mulloy, Daniel Wiley, George M. Reid and E. I. Sifton—Analysis of Long Indictment.

Toronto, Jan. 19.—The grand jury of the Assizes yesterday brought down true bills against John O'Gorman, William J. Mulloy, Daniel Wiley, George M. Reid and E. I. Sifton, charging them with fraud and corruption in the elections in London, both Dominion and provincial, in 1904-5.

There are twenty counts in all.

The first includes practically the same charges as laid in the Police Court, viz., conspiracy to commit bribery, obtaining money for that purpose, moneys paid, obtaining information as to how people voted, and for communicating such information.

(2) Conspiracy in all foregoing offences in connection with the Hyman-Gray Dominion election in 1904.

(3) Conspiracy in like offences in the local general election, Beck-Rumball, in 1905.

(4) Same thing in bye-election for the Dominion House, Hyman-Gray, 1905.

The next fifteen counts are subdivided so as to cover the original counts for each election, and the committing of each separate election offence.

The twentieth count charges George M. Reid with conspiring with Sifton, Service and Spence to open the ballot-box held by Spence as a deputy-returning officer in the Beck-Rumball election, with a view of ascertaining how voters voted.

The grand jury have been hearing evidence on the bill for the last three days. Sifton, one of the accused, was a witness. J. Collins, H. Ranahan, J. M. McIntosh, H. C. McBride, J. G. Pritchett, Wm. Spence, Harold Peray, George Ardy, Wm. Trudell, W. Service, George McCoy, M. J. Donohue, F. A. Jones, Alfred Gatecliffe, H. J. Adams and John Cox were also examined.

The trial will not be commenced until the end of next week if then.

TWO CHARGED WITH FORGERY.

Brantford Youth In Tells and Warrant Out For a Woman.

Brantford, Jan. 19.—Frank Babcock, a well-known young man, was arrested at the Grand Trunk depot on information that he presented a forged cheque for $200 at the Imperial Bank on Jan. 2 last and received money for it. In the Police Court Babcock was identified by the teller. He left the city in company with a young lady employed in an east ward store, who is supposed to have been an accomplice in the forgery. Both returned recently from Buffalo. A warrant is out for her arrest.

Another bank forgery was committed at the Standard Bank on Wednesday when a stranger presented a cheque for $50 drawn on a merchant in good standing at the bank.

Sergeant Wallace yesterday morning arrested two Hungarians, Steven Kebac and Gurvesi Imigna, wanted in Hamilton for alleged theft of $90 from George Kiss.

Root's Visit to Ottawa.

Ottawa, Jan. 19.—Secretary Root will arrive from Montreal on the Governor-General's private car at 12.40 p. m. to-day. He will visit the Houses of Parliament on Tuesday afternoon immediately after luncheon and his address at the Canadian Club.

Montreal, Jan. 19.—Capt. Newton, A. D. C. to His Excellency, was at the station with Lord Strathcona when Secretary Root arrived, and the party, consisting of Mr. and Mrs. Root and daughter, were driven to the High Commissioner's residence. They will proceed to Ottawa to-day, and will remain in the capital three or four days.

More Money For Province.

Toronto, Jan. 19.—The Succession Duties Department has closed matters connected with the estate of the late J. McCausland of Toronto, and as a result the Provincial Treasury will be richer to the extent of $2,160. The negotiations date back to the time when the act exempted from dues estates under $100,000. The executors of the McCausland estate put in its value at $77,000. Arbitration followed, and the gross value of the estate was finally fixed at $113,000, which enables the collection of duties at 2 1-2 per cent. on a net value of $86,000.

Way For Religious Peace.

Paris, Jan. 19.—The text of the French episcopate's address to the Pope, made public yesterday, contains a protest against the "violations of the most sacred rights of the church," and declares that "religious peace can only be restored by respect for the hierarchy, the inviolability of property and full religious liberty."

Rises 18 Feet.

Jackson, Ky., Jan. 19.—The Kentucky River has risen 18 feet here in the last two days.

Stops Colic —and all stomach and bowel disorders. Makes puny babies plump and rosy. Proved by 50 years' successful use. Ask your druggist for it—

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act, as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

HISTORY, PAST AND PRESENT, OF THE BRETHREN OF THE BROOM

"Hail! Scotland, wi' thy ancient flag
When winter cleeds the plain!
Thy bairdly race shall ne'er decay
While curling doth remain."

Half a century ago the curling game in Peterborough was unknown. A few years later a club was organized by some half dozen lovers of the great Scottish game and to-day the Peterborough Curling Club consists of almost a hundred and a half members. The growth has been a phenomenal one. Very few of the members who were among the first to cast a stone at the ice in Peterborough now live to tell the tale. Among those who are still living are Messrs. Peter Connal and Robt. Innes and from the former of the two the Examiner was able to get a history of the growth of the game since its inception about 40 years ago.

Back in the sixties, about the time of the Confederation the first organized club played the game here. Indications, however, point to the fact that curling was introduced previous to that time as the late Jas. Johnston, of Ashburnham, who was responsible for the organization of the club, found some old irons (which were exclusively used in those days) in White and Hamilton's foundry. The first curling rink was an old freight shed which ran parallel to the ancient Cobourg railroad in Ashburnham. An addition was built and the floor was flooded with water from an old well in one corner. By standing in a row across the shed the members were able to flood the whole rink by handing pails of water from one to another. Coal oil lamps of course, were used then and one of the duties of the members was to clean the chimneys every night.

Their place of meeting was next changed to a building which stood in the flat this side of the Calcutt Brewery site. The rink was flooded by means of a pump which stood out in the Otonabee river. This was burned down and the club next crossed the river and built where the Quaker Oats Company are now located. About 21 years ago the frame of that rink was moved down to Charlotte street and constitutes part of the present curling rink. Later the two wings at the east side were added and the centre ice used for playing hockey. A third wing was attached on the west and now the club can boast of six excellent rinks which will accommodate 48 players.

The principal opponents of Peterborough in the early days was Keene, a club organized a number of years previous to the local one. Later Port Hope developed some curlers and often interchanged friendly games.

Among the early players associated with Mr. Connal were the late Jas. Johnston, Dan McDonald, Jas. Manzies, John Ludgate, John White, and Messrs. Geo. Brown, John Robinson and Robt. Innes.

Some Ancient History

There are no facts by which can be determined precisely the age of the game or the manner in which it was at first played in Scotland. Its origin seems to have been lost in the mist of antiquity eluding the researches of the historian. The game can be traced back for nearly 400 years but it was only about the middle of the 18th century that it began to take on the dignity of a truly national Scottish game. Since the rounding of the stone over a century ago the progress of the game was remarkable. It has taken a firm hold on the national character and has drawn around it a literature of its own well worthy of attention. There seems to exist an almost inexplicable enigma regarding the origin of curling. Taking into consideration the etymology of the word "curling" and the other words associated with the game many believe that it originated on the continent and not in Scotland. But, however, this is disputed by writers of authority and there is little doubt that curling was first established in "bonnie Scotland".

There is no other game which so well illustrates the national character or tends so much to its healthy development. In the pages of the historian, such influences are too often ignored and attention directed to those great and striking events that are supposed to be the only constituent elements of a nation's history.

The good fellowship which always exists among all classes, political and social, is the prominent feature of the roarin' game. The following quotation nicely illustrates this pervading feeling:—

No party politics around our Tee,
For Whig and Tory on the ice agree;
Glory we play for, may it be our lot,
To win the Bonspiel by a single shot."

Canadian History

The history of curling in Canada dates back almost to the time of the first Scottish settlers, for the hardy Scots, even in the days of the "Baron" and the "Robber Baw," were loth to leave their favourite pastime behind them, and whenever opportunity offered, they are said to have lightened the labours of the pioneer days by indulging in the Roarin' Game.

As an organized game, curling is probably the oldest in the Dominion. The first organized club in the country was the Montreal, which was founded in 1807. The Quebec club was organized in 1821, and in 1838, the first recorded match between two clubs was played. The match was played on natural ice, in the open air, at Three Rivers, between the Montreal and Quebec clubs. The Thistle club was founded in Montreal in 1842, and the Caledonia, eight years later.

The game about that time began to be very popular, not only among the Scottish Canadians, but also among their friends of other descent, and clubs sprang up in many parts of the country in quick succession. The Kingston Club was organized in 1859, followed by the Ottawa devotees of the game in 1862. The Belleville club was organized in 1867, and Peterborough about the same time. Since that time many other clubs have sprung up in the smaller Ontario towns and cities.

The Roarin' Game followed the footsteps of the early fur traders into the Northwest, and when Manitoba burst into renown as a great wheat growing province, many settlers travelled west from Ontario and carried the Roarin' Game westward with them. In 1888, a branch of the Royal Caledonian Curling Club for Manitoba and the adjoining territories, was formed. In 1889 a big Bonspiel was held in Winnipeg, and dating from that time, curling has occupied a prominent place in Western sports.

MOTOR-OMNIBUS EVILS.

Ceilings Collapse in Edgeware Road as Result of Vibration.

Crockery is broken, ceilings are falling, street scavengers are with difficulty able to carry out their work, and the clerks in the telegraph offices can scarcely hear their instruments in the Edgeware road, where, after a lull due to the efforts of The Express, the motor-'bus nuisance has broken out again.

A London Express representative who made enquiries in the Marylebone district found that nearly every resident in the Edgeware road had some complaint to make about the motor-omnibus. Many have decided to leave the district, and the Marylebone Borough Council is deluged with hundreds of letters of protest.

Noise Drowns Voices.

Councillor Knight was one of the residents interviewed by The Express representative.

"Edgeware road is a pandemonium," he said. "It is a positive fact that if I am walking with a friend along the street I cannot carry on a conversation because of the noise made by those vehicles.

"The vibration caused by the constant procession of omnibuses is so great that ceilings are being ruined, much damage is being done to crockery, and newly-painted shops are as dirty as ever a few weeks after the improvement has been completed. One neighbor of mine spent £150 a few months ago in redecorating his shop, which now looks as if it had not been painted for years.

"Not only do the motor-omnibuses raise dust and dirt, but they prevent the scavengers getting early to work, and so thoroughly cleaning the streets," continued Mr. Knight. "I have myself seen those public servants standing idly on the pavement in the early morning while a procession—it was nothing else—of motor omnibuses raced three abreast down the road. One scavenger was killed not long ago."

Other residents have much the same story to tell. One storekeeper declared that he often stands at his door, watching with a kind of fascination people who attempt to cross the street. "When two omnibuses of one company are trying to 'starve' a rival vehicle, pedestrians have to be very lively indeed to escape death or injury," he said.

Can't Hear Ticker.

A telegraph clerk told an Express representative that even with all the doors and windows closed he can hardly hear his "ticker." "We have to convert the office into a veritable oven in order to work at all," he added.

Estate agents are finding increasing difficulty in letting houses or flats, for few people would by choice live in a constant turmoil, clouds of dust, and the odor of petrol.

The Marylebone Council are doing all in their power to stop the nuisance, and recently two drivers were fined £1 and costs each for driving at a dangerous speed.

He Commands Respect.

Lord Courtney, one of the most recent additions to the British House of Lords, is the kind of man who commands respect rather than affection, says M.A.P. To look at, he might be a substantial farmer, were it not for the development of his dome-like head, now thatched with hair as thinly as his native Cornwall is with trees. The beetling brows, the big determined nose, the firm, clean-shaven upper lip, and the whitening beard and whiskers, combine to form a countenance full of character, and it is, indeed, a true index of the rugged, masterful, independent spirit within. Even in his dress Lord Courtney shows his independence. Mathematics and the "dismal science" of political economy have been the twin lodestars of his existence, and yet it is his fate to be regarded by the man in the street as a crank and a faddist. This is due to his persistent advocacy of female suffrage and proportional representation; also to his pro-Boer sympathies during the war. He disagrees, more or less, with everybody, and always has done so, and yet none of the recent peerages conferred on Sir H. Campbell-Bannerman's recommendation has given more general satisfaction than Lord Courtney's. The bitterest disappointment of his life was when the Liberals would not elect him as Speaker after Lord Peel's retirement.

A GOOD PROGRAMME FOR THE COMING RACES

Many Entries Have Been Handed in to Mr. J. H. O'Shea, Secretary of the Club

ANNUAL WINTER MEET OF TURF CLUB

The races at the Driving Park on Tuesday and Wednesay of next week promise to be of a rare variety. A large number of outside horse owners have entered in the various classes; Toronto, Lindsay, Orillia and Keene, will send horses which, together with a number of local speeders, will undoubtedly make the races among the most interesting of the circuit.

The track is in an excellent condition and with the frosty weather expected during the next couple of days should be as fast as they make them.

The local officials of the turf club have substituted the named race for the free-for-all on account of only a couple of horses having entered in the latter. The officers of the club will act as judges.

The following are the entries:—

2.35 Class (Tuesday)

Simutt, owned by J. Montgomery, of Toronto.
City Queen, owned by Geo. Lipsett, City.
King Bryson, owned by Sam McBride, Toronto.
Hazel, owned by Nat Ray, Toronto.
Emma L., owned by Jas. Lambe, Toronto.
Walter S., owned by Fleming and Wemman, Toronto.
Brown Gyp, J. Johnston, Lindsay.

2.13 Class (Tuesday)

Frank McKenny, owned by F. Rountree, Toronto.
Happy Mack, owned by L. Simons, Toronto.
Harry Direct, owned by J. J. Cottingham, City.
Orillia Belle, owned by Geo. Powell, Orillia.

2.22 Class (Wednesday)

Lady Gothard, owned by M. Connors, City.
Hazel Belle, owned by Dr. Johnston, City.
Joe Allen, W. H. Simpson, Lindsay.
Minnie Belle, Geo. Powell, Orillia.
Little Girl, Jas. Elmhirst, Keene.
Walter S., Flemming & Wemman, Toronto.

Named Race (Wednesday)

Little Will, Peggy, Nettie Starr, Electric Girl, Black Prince, May Belle, Why Not, Brown Gyp, Eli. Pasco, Billy C., Brian, Brian, Red Wilkes, Susie Dillon.

The Prize List.

2.35 Class, purse of $150.00.
2.13 Class, purse of $150.00.
2.22 Class, purse of $150.00.
Named Race, purse of $150.00.

Severe Kidney Trouble

Mrs. George Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now 68 years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me.

KIDNEY DISEASE
COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong
Doan's Kidney Pills
SHOULD BE TAKEN.

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man.

Price 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

CURLING RINK STILL ATTRACTS LARGE CROWDS

Over Thirty Players Congregated There Last Night

The old proverbial saying that a "calm always follows a storm" is scarcely true in speaking of Peterborough curlers. Last night after the big District Cup games several brethren of the broom congregated at the rink and four keen contests on excellent ice were held with the following results:—

MIDLAND PLAY HERE ON MONDAY EVENING

Should be One of the Best Games of the Season

Undoubtedly one of the best games of the season will be that scheduled for Monday night when Eddie Gould's Wizards of the North, from Midland, will meet the locals. Both teams have their eyes glued on the Ross Robertson trophy, and will work like Trojans for victory. Each team has won two games in this district. Midlands have put away Marlboros in Toronto by 9—3, and Argonauts at home by 14—6, while Peterborough trimmed the Marlboros in Hogtown by 10—6, and Kingston by 7—3. So that on paper the two outfits are even up, and should put up a great exhibition.

HOCKEY

The Peterborough team had a rattling practice last night and will be in the best of shape for Monday night's game with Midland. All the seniors were out, including Chris. Graham, who has recovered from his injury.

• • • •

All the Toronto sporting writers say that Midland is the best hockey team seen in the Queen City this season. It looks as if Peterborough was up against the hardest proposition of the year.

• • • •

The great rivalry between Midland and Peterborough should result in one of the fastest and hardest contests ever seen in this city.

• • • •

Chas. Tamblyn, who is playing on the forward line of the senior Argonauts was captain of the Colborne team in the Trent Valley League two years ago.

CRICKET.

WHEN GEORGE MADE THE RECORD.

In some cricket reminiscences in The Montreal Star, George H. Lyon of Rosedale recalls his establishment of the Canadian batting record:—"I was playing with Rosedale C. C. in a match against Peterborough on August 24, 1894", said Mr. Lyon. "Holdworth, an English professional, was bowling for Peterborough, so that my score was not the result of poor bowling. I went to bat at ten minutes to 2, and at 6 o'clock, when stumps were drawn, my score was 238, not out. Had I more time, I think I could have gone on and broken the record for America, for I was well set, and it would have required only forty more runs then, though I believe, the figures of the American record have been raised since. Rosedale's score that day was 350 runs for 8 wickets, while Peterborough got 47 runs. The previous record was 264 runs, made by A. Browning, of Montreal, against Ottawa, on July 1, 1880. That record stood for fourteen years before I broke it, while mine has now stood for more than twelve years.

'Housekeepers' Silvercloth'

Every person should know about and try HOUSEKEEPERS' SILVERCLOTH, polishes silverware, all bright metals and mountings like magic; no paste or powder required, simply rub the article to be polished briskly with the prepared cloth and a brilliant polish is secured in a clear quick, handy way. Price 25c. For sale by W. H. WARNE, 245 George street, Peterboro. Trial samples free.

A SUCCESSFUL YEAR, SO THE REPORTS SHOW

Last Year Was a Prosperous One for the Charlotte Street Methodist Church Sunday School

THE NEW OFFICERS WERE ELECTED

Last year was a successful one for the Charlotte Street Methodist Church Sunday School. If the reports presented at the annual meeting recently held may be taken as a criterion. In all departments of the work of the school during 1906 advances were recorded, and the school is now in a most satisfactory condition. The attendance is increasing steadily. During the last year the largest attendance on any one Sunday was 404, while last Sunday 409 persons were present.

After the presentation of the reports of the different officers the officers for the year were elected, as follows:—

Superintendent.—R. J. Kidd.

Assistant Superintendents—M. A. Morrison and Geo. J. Tovey.

Secretary-Treasurer—Percy Hamilton.

Assistant Secretary—E. Tovey.

Librarian—W. H. Hamilton.

Assistant Librarian—F. Sandy and W. Elliott.

Pianist—Miss S. Campbell.

Orchestra Leader—R. Gardner.

Bible Class Leader—Isaac Richardson.

Primary Class Teachers—Mrs. W. Taylor.

Teacher Young Men's Bible Class—W. H. Collier.

The other teachers on the staff are:—Geo. J. Tovey, Mr. Byrd, Mr. A. B Cunningham, Mr. Galbraith, Mr. D. D. C. Dawe, Mr. J. Goodwin, Mr. A. Prest, Mr. McLaren, Mr. Armstrong, Mrs. Kilgour, Miss L. Thomas, Miss S. Campbell, Mr. H. P. Kennedy, Miss J. Coe, Miss T. Berry, Mrs. H. Darke, Mrs. A. F. Cunningham, Miss Morrow, Mrs. R. J. Kidd, Miss F. Wilson, Mrs. Jackson, Miss M. Wilson, Miss Collins, Miss Emmerson, Miss M. Collins, Miss M. Sherlock, Miss M. Moore, Miss B. Sanderson.

REPORTS.

The report of the Secretary-Treasurer was presented and adopted. It was as follows:—

I beg to submit herewith the Annual Report of the School for the year ending December 31st, 1906.

The past year shows a continued and marked advancement in the growth and progress of the School. The attendance and collections have been the largest in the history of the school.

The total number of scholars on the roll is 580, an increase of 35 over last year with an average attendance of 316 an increase of 15 in the average attendance.

The largest attendance on any one Sunday was 404 and the smallest 162.

Total number of teachers and officers on the roll is 40 with an average for the year of 36.

Total number of visitors during the year was 516 or an average attendance of 10.

The total collection for the year was $493.91 an increase of $141.34 or an average of $9.50. This is also an increase of $2.85.

Th highest ordinary collection on any one Sunday was $11.34 and the smallest $3.79.

The largest special collection was the Christmas offering $73.85.

The classes entitled to first place for having the highest collections the greater number of Sundays are as follows:—

Girls', Mr. Galbraith's, 24 Sundays.

Girls', Miss Morrow's and Miss Moore's, 16 Sundays.

Boys', Mr. H. P. Kennedy's, 29 Sundays.

Boys', Miss Collins', 22 Sunday's.

The primary class should also be mentioned for contributing largely to the support of the school having during the past year contributed $44.72. This class has on its roll 110 members with an average attendance of 60.

During the year we have been called upon to mourn the loss of two of our scholars and one teacher by death, namely: Mr. Geo. Morton, Miss Cardman, Mr. Percy Campbell.

Humbly submitted,
PERCY HAMILTON,
Secretary.

POPULAR TEACHER WAS GIVEN PURSE

Miss Mary Nathan Honoured by Pupils of S. S. No. 4, Douro, Before Her Departure

Prior to her leaving School Section No. 4, Douro, where, with signal success, Miss Mary Nathan has taught school for the past two years, the pupils of the school gathered and presented her with an appropriately worded address and a well-filled purse, as an evidence of the high esteem in which she is held by the residents of that section. The address, which was read by Miss Mary Quinlan, expressed the deep regret which is felt at Miss Nathan's departure from the community, and extended best wishes for her future. At the proper juncture in the address Miss Rosaline Moter made the presentation of the purse, which in a few words Miss Nathan accepted.

Miss Nathan has gone to her former home, near Campbellford, to teach, but she carries with her the best wishes of her large circle of friends which she has made in this township.

THE ANNIVERSARY TO BE CONTINUED

Services in Connection with All Saints' Church will be Held To-morrow

The anniversary services in connection with All Saints' Church will be continued to-morrow. There will be a celebration of the Holy Communion at the 11 o'clock service, and the rector will preach a special sermon. At 3 p.m. there will be a special service for the Sunday School and Bible Classes, when Rev. A. J. Vale, of Lindsay, will speak. Mr. Vale will also be the special preacher at the evening service at 7 p.m. He is a talented young man and a promising preacher. Additional interest to his visit is lent by the fact that next spring he will proceed to take up mission work among the Esquimaux at Herschell Island, which was for so many years the scene of Bishop Stringer's work.

Special music will be rendered by the choir.

GENERAL MANAGER HAS GONE TO JAMAICA

Bank of Nova Scotia Building Destroyed

The local office of the Bank of Nova Scotia has advice that its building in Kingston, Jamaica, has been destroyed by earthquake and fire. The bank is taking steps to resume business in new quarters. Mr. McLeod, the General Manager of the bank, left for Jamaica last night, where he will join his wife and daughters.

A DELIGHTFUL RECITAL WAS GIVEN

Violin Pupils of Miss Adamson Pleased Audience at the Y. M. C. A. Hall Last Night

A decidedly pleasant musical evening was represented by the violin recital, given in the Y.M.C.A., last night, by the pupils of Miss Lina Adamson, of the Conservatory staff. The hall was well filled by the friends and pupils and amateurs of music, and the central feature, the work of the violin pupils, reflected credit upon themselves, and the very evident good instruction they had received. Excellently performed violin numbers were given, with much facility, by Miss Eva Irwin, Miss Kathleen Wallis, and Miss Julia Choate. The latter also most creditably took the violin part in Nevin's trio, "The Gondoliers Song," with Miss Winslow, of Toronto, 'cellist, and Miss Adamson, pianist. Miss Choate also took the solo violin in the very creditably performed concerted piece, the Bach-Gounod, "Ave Maria. Miss Pollock, a clever and conscientious pianiste, played a Raff gigaudon, in her customary brilliant and artisti style, and Misses Ruth Dawson, and Bertha Parnell contributed good vocal solos.

Miss Adamson is to be very warmly congratulated upon the pronounced success of the first recital given by her clever and well instructed pupils.

PROGRAMME.

1.—Trio, (a) Gondoliers; (b) Venetian Love Song ..... Nevin
Miss Julia Choate, violin
assisted by
Miss Winlow, Cellist;
Miss Adamson, Pianist.
2.—Violin Solo, Serenade, ... Pierne
Miss Eva Irwin
3.—Song, The Day is Ended, Bartlett
Miss Ruth Dawson
4.—Violin solo, Faust Fantasie ...Alard
Miss Kathleen Wallis
5.—Piano Solo, ...Rigaudon ... Raff
Miss Pollock
6.—Violin Solo, Allegro Brillante, Ten Have
Miss Julia G. Choate.
7.—Song ....Selected
Miss Bertha Parnell
8.—Concerted Number, Ave Maria, Bach-Gounod
Solo Violin, Miss Choate,
Violins, Misses Irwin and Wallis,
Messrs. Seymour and Fleidergian;
Cello, Miss Lois Winlow; Piano,
Miss Adamson; Organ, Miss Sisson.

WEIR AND M'INTYRE DID NOT WEIGH HAY

Would Like to Have the Name of Ticket Published to Protect the Innocent

To the Editor of the Examiner:

Dear Sir,—Having noticed in the Daily Examiner and Daily Review an article stating that there was a load of hay weighed in Ashburnham on the 17th day of January, weighing 2180 lbs., which when weighed on the market scales only weighed 1690 lbs. We would like to take the opportunity of clearing ourselves to the public and to state that we did not weigh that load of hay. We would deem it fair and just to the innocent in a case of such an error as was reported, that the name of the ticket be published.

Yours, etc.,
WEIR & McINTYRE.

East City Coal and Wood Merchants.
Peterborough, Jan. 19, 1907.

PITTSBURG ORCHESTRA WILL BE HEARD HERE

Mr. Walter Stocker Announces This Attraction for Friday, Feb. 1st, in Grand

Mr. Walter Stocker, who has had charge of the guarantee list for the Pittsburg Orchestra, announces that a sufficient number of subscribers has been secured to warrant him in proceeding with the arrangements to have this great musical organization appear here. The date has been set for Friday, February 1st, in the Grand Opera House. A number of Peterborough persons have heard this orchestra in Toronto on different occasions and there is only one opinion, that it is without exception the greatest organization of its kind in America. On this tour there are fifty-five pieces, and accompanying the orchestra there will be Mrs. L. Grant Reed, a soprano of more than ordinary ability.

ANNUAL CONGREGATIONAL MEETING WAS HELD

Keene Presbyterians Hear Reports of Past Year

Examiner Special.

Keene, Jan. 19.—Miss Hare, Gore's Landing, is the guest of Mrs. John Here.

The Presbyterian Congregational meeting was held in the church on Thursday afternoon, followed by a tea in the basement. On account of the cold weather there was not quite as large a crowd as usually attends that meeting. Among other matters it was decided to increase the salary of the pastor, Rev. D. D. McDonald, by $100, to erect a brass tablet to the memory of the late Dr. Francis Andrews and to have the church seats upholstered.

Dr. Lawford, the missionary, whom the Methodist church helps support in the West, will give an address on his work in the church Wednesday evening.

Miss Sarah Metcalf, Cobourg, is visiting friends in the village.

Miss Bessie Read returned home from visiting in Toronto, Wednesday.

THE YOUNG MEN'S CLUB HELD A GOOD DEBATE

Decided That Methodist Ministry is Desirable Vocation for Young Man

The George Street Methodist Church Young Men's Club held an enjoyable debate last night in their club rooms, George Street, and a very pleasant time was spent by those present. The subject was "Resolved that the Methodist Ministry is not a desirable vocation for a young man to enter." The affirmative was taken in an able manner by Messrs. E. M. Best and Percy Hetherington, while the cause of the negative was eloquently upheld by Dr. Middleton and Mr. W. B. Warne. Both sides advanced many arguments and some good points were brought out. The judges, Messrs. McGill, Thornton and Cain decided in favour of the negative.

The club will put on a novel entertainment in a short time which will consist of a mock trial involving a breach of promise case.

PARISH DEBTS HAVE BEEN ENTIRELY CLEARED

St. Peter's Congregation Will Proceed With the Work of Building a New Church

WILL ACCOMODATE OVER 700 PEOPLE

At St. Peter's Cathedral yesterday, His Lordship Bishop O'Connor presented a statement of the financial condition of the parish that must have indeed been gratifying. He showed that the material interests of the parish were growing and that every debt had been cleared off, including the cost of the schools, hospital and House of Providence; not only was the parish out of debt but there was a surplus of over $3,000 to be devoted towards the building of a new church in the city.

Speaking of the new church His Lordship said that steps would now be taken to go ahead with the work. The site, he said, had not been decided upon, but the church would be erected where it would be most convenient. The building will be a large one capable of affording seating accommodation for seven hundred worshippers.

The manner in which the debts have been cleared off is indicative of the generosity of the people of this parish. Most of the money has been raised by means of what is called "Five cents Collections."

A new church is badly needed in this parish, as St. Peter's Cathedral is not large enough to accommodate all the worshippers. The new church which will in all probability be built in the south end of the city, will in a great measure relieve the congestion at the Cathedral.

Among other improvements contemplated this year is the placing of an elevator in St. Joseph's Hospital.

INSTITUTED A BIG POWER PLANT AT KEEWATIN

Wm. Hamilton Mf'g. Co. Lt'd., Staff Returned From New Ontario After Installing 3,000 Horse Power Plant

HAVE ANOTHER JOB AT RENFREW

Mr. James Garrow, who has been in Keewatin for some months superintending the installation of a large hydraulic power plant for the Lake of the Woods Milling Company for the William Hamilton Manufacturing Co., Limited, arrived home on Saturday after completing his work. The plant, which will be used to generate power for use in the immense flour mills of the Lake of the Woods Company is of 3000 horsepower capacity, and the whole contract for supplying and installing this plant was let to the Hamilton Company. Mr. Garrow had five men from the local works with him, and engaged a number of men from Keewatin.

The industrial development of the twin towns of Kenora and Keewatin Mr. Garrow reports, is proceeding rapidly, and with the cheap power available to both places, it is expected that one of the most prosperous industrial centres in Canada will be around these two towns. The Lake of the Woods Milling Company's mills at Keewatin, of course, constitute the principal industry of that town, and employ several thousand men. Other industries which have the market for their product in the Canadian West, however, are being attracted to this locality, and a number of other concerns are intending to locate there.

This week the William Hamilton Manufacturing Company will send another staff of men to Renfrew to install a large hydraulic plant for the Reenfrew Power Company. These are but two of a number of large contracts which this company has for the manufacture and installation of power development equipments.

There is Money in Houses

and lands in right locations—money which you might as well secure if you have a little capital and take our advice as to where and what kind of property to buy. YOUNG LADY LOST HER SUNDAY HAT IN THE RIVER

Yesterday's Wind Storm Made Changes in the Location of Several Buildings

HOUSE ON KING STREET BLOWN OVER

Yesterday's gale in Peterborough and vicinity was one of the strongest experienced in a long time. Reports received to-day indicate that damage was done in many quarters of the city, some of which is of a considerable amount. Probably the greatest in the city was the blowing over of a house at the west end of King street, in the course of construction. The building was a frame one which was to have been veneered. The damage was alleviated by some scaffolds which encircled the next house, thus preventing it from reaching the ground.

Part of the tin roof on the west end of the storeroom of the S. and R. department of the C. G. E. Works was lifted off and left hanging.

The wind at the Hunter street bridge was terrific, and several had to grasp the ironwork of the bridge while crossing to prevent themselves from being blown against the railing. One young lady was particularly unfortunate. She had been to church, and while returning about noon, the wind, which seemed to be travelling 100 miles a minute, carried her Sunday hat, together with part of her hair, into the river. Weighted down by the wires and hat pins, the beautiful bonnet soon sank in the Otonabee, and it cost $5.25, too.

In the country several fences were overturned. The damage to these would have been greater had the rails not been frozen down. Several of the fans of Mr. H. P. Kennedy's big windmill in Otonabee were blown off, which will necessitate repairs.

THE CONSEQUENCE OF "CACKLE"

A duck, who had faithfully stuck to business during the summer and laid several dozen fawn-coloured eggs, complained that she was not appreciated. "See that hen over there," said the duck: "she has not laid as many eggs as I have, nor so big, but she has books written in her honour, while nobody says a word about me." "The trouble with you is," said a wise buff, "you do not tell the public what you have done. You lay an egg and waddle off without saying a word, while the sister of mine never lays an egg without letting everybody in the neighbourhood know of it." Moral—If you want to be appreciated, cackle about it—advertise. —in the Examiner.

ASSYRIANS SORPRISED THE OFFICERS

Onlooker Thought They Needed Help But They Carried Gold in Their Purses

A telephone message from a would-be sympathizer on Saturday night, to the officials of the Charity Board had the effect of taking Messrs. Geo. Cochrane, and F. Miller to the C.P.R. station on an investigation tour. They were informed that there were four women, two babies and one man of Assyrian blood there in a helpless condition who from the appearance of them had no money and no place to go.

The officers on arriving at the station explained their visit to the foreigners. The latter, however, resented the offer of assistance and one of the ladies brandished aloft a purse which contained several $20.00 gold pieces. The man who accompanied the party was able to do the same.

It is believed that they were travelling from the coast to Quebec and had taken the wrong train at North Bay and came through to Peterborough.

MANY MEETIMGS OF COUNCIL BODIES ARRANGED

The Next Four Months Will be Very Busy Ones for the Aldermen

WHOLE COUNCIL MEETS TO-NIGHT

A meeting of the Committee of the Whole Council will be held to-night when reports will be received from the deputations to Ottawa and London. Ald. Johnston and Ald. Elliott will report concerning their visit to Ottawa, and Ald. Leary will speak of the Western Ontario Dairymen's Association. Among other things the legislation to be included in the city's private bill before the Legislature, will be taken up.

The Property and Health Committees will meet to-morrow afternoon at five o'clock. An effort is being made to have as many of the committee meetings as possible held in the afternoon.

The Board of Works will meet on Wednesday night when some important business will be taken up.

The aldermen will realise that their position is no sinecure. There is a great deal of business to be transacted, and it is expected that the next four months will be very busy, and it is the intention to hold a meeting of the Council or Committees of the Whole every Monday night until the business is finished.

The Board of Works will also meet one night a week, probably Wednesday night, until they have caught up with this branch of the work.

PETERBOROUGH LADY LOST SUIT AGAINST RAILWAY

Negligence Not Sufficient to Cause the Accident, Says Jury

The Toronto News of Saturday night says:—

In the action of Coolidge vs. Toronto Railway in the Assize Court yesterday, Mr. Justice Britton gave judgment for the company. The plaintiff, Mrs. Alice Coolidge, of Peterborough, stepped off a moving car at last Exhibition time, fell and was injured. The jury found the company negligent in not notifying her when she reached her street, but not sufficiently so to have caused the accident.

STREET CAR SERVICE WAS NOT INTERRUPTED

Cars Ran as Usual This Morning Despite the Blizzard

The blizzard and the icy condition of the rails yesterday formed a combination which gave the Radial Railway Company considerable trouble in keeping their tracks clear. The sweeper and several of the cars were kept running yesterday with the result that traffic went on as usual this morning. Even the early morning cars which carry the working people were able to make their usual trips.

WHY IT IS DIFFICULT

For the Man Who Evidences the Wish to be Correctly Dressed

Good tailoring is necessary for satisfactory results in a frock coat. The costume depends for its effect on its absolute correctness, and a man who wears a frock suit evidences his wish to be smartly dressed. Few tailors have mastered the difficulty, because orders for frock suits are few and far between. A tailor may make only four or five in a season.

Semi-ready tailoring is the only way to get one absolutely and gracefully correct in the prevailing mode. It is much better to do without a frock if a good cut and make cannot be gotten. The coat and all its appointments must be correct, as they are in the $25 and $30 frock suits in the Semi-ready wardrobe. More than one hundred frock suits are finished each week in the Semi-ready tailor shops in Montreal. Cressman's have all the new Semi-ready styles, and the exclusive agency for Peterborough and district.

GOVERNOR'S ACTION NOTHING SHORT OF CRIMINAL OFFENCE

Patients and Red Cross Nurses Declare Their Indignation at His Action

Examiner Special.

Guantanamo, Cuba, Jan. 21st. — The United States battleship Missouri, has arrived here from Kingston, Jamaica. It was stated to-day that Governor Sweetenham held up Saturday night's despatches from Kingston regarding his letter requesting Rear Admiral Davis to re-embark the American marines. Just previous to the departure of the American warships the Mayor and city council of Kingston, sent a petition to the Admiral begging the latter to remain, and the Relief Commitee, headed by Archbishop Nuttall, threatened to resign. When the American surgeons left the hospital, the patients wept, and begged that they and the American warships would stay, and the Red Cross nurses declared that the Governor's action in causing the Americans to withdraw was nothing short of criminal.

Don't Use Drug Cures for

Headache

They Hurt You. Use Zutoo.

Don't think because the drug cures for headache do not make your heart palpitate, dull your nerves or upset your stomach just when you take them, that they are not hurting you, for they are.

The magazine "Health" speaks truly when it says: "Every dose of such drugs is at the expense of vitality, and sooner or later the penalty for outraging nature will be exacted."

You can avoid this penalty and cure your headaches just as quickly by taking the vegetable cure, Zutoo.

It is Harmless as Soda.

PROTECT THE GIRLS

The alleged proposal, or order, of the Bell Telephone Company to require telephone girls to work eight hours continuously, instead of five hours, does not, in the abstract, seem to be severe. But when one thinks of the perpetual strain to which the girls are subject, the unremitting attention required, it would seem that too much is being demanded. The work must be terribly exhausting, and the nervous strain intense. Not only the welfare of the girls is to be considered, but also the interests of the public, for it stands to reason that when the point of exhaustion of physical strength and nervous energy is reached, effective service cannot be counted upon. The terrible results following the overworking of train crews, especially engineers and firemen, should serve as a warning. With even five hours on a stretch, telephone girls are known to collapse and require the attention of physicians.

EAST MIDDLESEX

With all their boasted strength and security in the confidence of the people, with all their big majority in the Legislature, the Conservatives seem to be afraid to bring on the bye-election in East Middlesex, made vacant by the election of Hon. Mr. Ross to the Senate. The consequence will be that West Middlesex will be unrepresented at the coming session, a matter emphasized by a recollection of the representation it has had for the past twenty-five years. There seems to be no reason why the election should not be held at once. The only reason is that the time is inopportune from a Conservative standpoint. The London Advertiser, which is familiar with the local conditions, sums up the matter in this wise: "The plain inference is that the Government and its advisers in West Middlesex are afraid of a bye-election at the present time. While the Legislature is in session, questions might be raised in the canvas in West Middlesex which would embarrass the Ministry in the House. The leaders of the party are also dismayed by the temper shown by the rank and file. The Government has lost ground; it is in bad odor with many thousands of its supporters in the last election. It may hope to wipe out some of the black marks during the ensuing session of the Leegislature. It is reluctant to go before the electors of West Middlesex 'with all its imperfections on its head.'"

GOT A PAIN IN YOUR BACK?

You get a pain in your back, and you wonder what is the matter. You perhaps pay no attention to it. Backache is caused by imperfect action of the kidneys, in fact, is the first sign of kidney trouble to follow.

The kidneys, proper, are composed of a close network of fibrous tissue, interlaced with tiny elastic fibres. Their object is the excretion of the uric acid, and other poisonous matter composing the urine, from the blood.

They are continuously at work to preserve the general health of the body and most people are troubled with some form of kidney trouble, but do not suspect it.

Some of the symptoms are: A feeling of weakness in the small of the back, sharp pains in back, puffiness under the eyes, and swelling of the feet and ankles, urinary troubles such as supressed urination, excessive urination, cloudy, thick or highly colored urine, etc.

Mr. J. L. Whiting, Osnabruck Centre, Ont., writes: "I suffered for two years with kidney trouble. I had terrible pains in my back, hips and legs. I could not sleep and had a poor appetite. I took four boxes of Doan's Kidney Pills, and the pains left me, my appetite returned and I now sleep well. I can recommend Doan's Kidney Pills to anyone suffering from kidney trouble.

Doan's Kidney Pills are 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

EDITORIAL NOTES.

Earthquakes are democratic, and vent their spite on the "upper crust" of the earth.

The elections in Russia are said to be going in favour of the Radicals. At last the autocracy will concede that there's something radically wrong with Russia.

Fourteen more Cobalt mining companies have been incorporated with an aggregate capital of over six millions. Capitalists seem determined to have money in Cobalt mines if they have to put it there themselves.

Controller Hocken has big ambitions. He aims to control the Orange Sentinel, and has appointed an editor for it. He also aims to run the Toronto Street Railway, and has lassoed Manager Fleming, of that autocratic octopus, which has fastened its tentacular pumps upon the city of Toronto. Will Controller Hocken live up to the motto, "No surrender!"

With Col. Matheson wearing a new smile every day as thousands of dollars pour into the Provincial treasury from Cobalt and other sources, would it not, asks the Ottawa Free Press, be time for the Whitney Government to do something towards lightening the burdens of the municipalities of which Whitney, Matheson, et. al., talked so much when they occupied seats on the left of the Speaker?

It is reported that Dr. Beattie Nesbitt finds the desk stool of a registry office too tame a situation for his ambition, and that he proposes to contest North Toronto, with Hon. George Foster. And it is possible that the riding will prefer a home-brew like Dr. Nesbitt, to the political refugee, Mr. Foster, who is the "Wandering Willie," of the Twentieth Century. He has already wandered from New Brunswick to Toronto, and his next field of exploitation will probably be the West, where he has operated in another capacity to give him a nodding acquaintance with the Westerners.

Our American cousins will not object to regard the United States as the promised land, and the Jews seem to regard it in the same light. The Hebrews are rapidly entering into possession. They are almost a controlling power in New York city and practically own or run Broadway itself. Now the Jews are invading the senate. Simon Guggenheim is the sixth Jew to enter the United States Senate, which, however, represents a very small share of the activities of the chosen people. They doubtless attach less importance to legislative powers and are willing to subscribe to the motto: Let us make the money of the country and the law-making will take care of itself, or we will take care of it.

CANADA'S IMMIGRATION TIDE

A quarter of a million new settlers for Canada this year! Such is the prediction of immigration officials who, through their agents, have thoroughly surveyed the field and are generally correct in their estimates. From every country they are coming, indicative that the immigration agents have been unusually active and that the direction of immigration affairs is in capable hands.

Among the factors of this huge immigration movement is the Salvation Army. As a successful immigration agency it has come into great prominence, and during the past four years about twenty thousand people have been directed to this country through the agency of this world-wide organization. Sixty per cent. of these have been placed in Ontario, 30 per cent. in the Northwest, and the remainder in Quebec and the Maritime Provinces.

Thirteen thousand persons came to Canada under the auspices of the Army last year, and were selected from a possible one hundred thousand applicants. These figures convince us of the fact that great discretion is used in the selection. During the coming season, 1907, it is estimated that fully 25,000 persons will avail themselves of the Army's Emigration facilities, and look passages to Canada. The entire accommodation of three steamers has been chartered for the season, besides all available accommodation on Dominion, Allan and C. P. R. steamship lines.

Altogether 1907 promises to be Canada's banner year in immigration. All that remains to be desired is that the immigration officials will maintain their strict watch to prevent undesirables landing in this country. The care exercised by the department in this respect in the past, however, is an assurance that this duty will again be well performed.—Ottawa Free Press.

Has Completely Recovered

—Master Albert Louden, son of Mr. J. H. Louden, McDonel street, is home again after a successful course of treatment, requiring an operation, at the Nicholls Hospital. Mr. Louden expresses himself as greatly pleased with the attention and care given his son while in that institution.

Girl Toilers

Gain Strength for Work

In office and factory, shop, store or kitchen girls are at work all over this land, and, alas! far beyond their strength. Young women who work are especially liable to female ills. Too often the girl is the bread winner of the family and she must toil unremittingly, no matter if her back does ache, her limbs and abdomen throb with dull pain and dragging sensations, and dizzy spells make her utterly unfit for work. These are the sure signs of female irregularities which kill beauty and youth.

Lydia E. Pinkham's Vegetable Compound

builds health and strength for all women who work and are weary. It creates the vitality that makes work easy. From the thousands of grateful letters written by working girls to Mrs. Pinkham we quote the following:

Dear Mrs. Pinkham:—Overwork and long hours at the office, together with a neglected cold, brought on a female trouble until finally I was unable to go to work. I tried change of scene and climate, but found that I did not regain my health. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and straightway sent out for a bottle. I finished that and took two more before I really began to improve, but after that my recovery was very rapid, and when I had finished the sixth bottle I was well and able to go back to work again. I certainly think your medicine worthy of praise, and am indeed glad to indorse it.

MLLE. ALMA ROBITAILLE, 78 rue St. Francois, Quebec, Que.

Oh, if Canadian girls who work would only realize that they have but one life to live, and make the most of their precious health and strength!

Mrs. Pinkham extends to every working girl who is in ill health a cordial invitation to write her for advice. Such letters are always kept strictly confidential, and from her vast experience Mrs. Pinkham probably has the very knowledge that will help you—and may save your life.

—On Wednesday evening, Jan. 23rd, an "At Home" under the auspices of The Ladies' Literary Society of St. Peter's T.A.B., will be held in their Assembly Hall. A pleasant time is anticipated and all are cordially invited. Admission 25 cents. 3d12

A Social Evening

—To-night the Epworth League of the George street Methodist church will hold a social evening. A good programme will be presented, and refreshments will be served during the evening.

Cut Your Tailor Bills in Two

—You can—and will always present a good appearance—if you let me care for your clothes by the week or month. I press, clean, mend and alter. "My Valet," 381 1-2 George street (upstairs). Phone 575. O. Wesley.

Police Court at Havelock

—County Constable Cochrane left to-day for Cordova from where he will bring the Lindsay boys to Havelock for their trial to-morrow. Magistrate Edmison will go to Havelock to-morrow.

Annual Meeting

—The annual meeting of the congregation of the Murray street Baptist church will be held on Thursday night, in the church, at 7.30, when the reports of the year's work will be presented.

New Books Issued

—At the George street Methodist Sunday School yesterday afternoon the new books were given out for the first time. The library has been entirely renovated a complete list of new books having been provided.

Epworth League

—The meeting of the Epworth League of the Mark street Methodist church to-night will be one of more than usual interest. The topic will be taken by Mrs. Payne, and Miss Speer will have charge of the meeting.

Notice to Orangemen

—All Orangemen and Prentice Boys are requested to meet at the Lodge Room of Lodge No. 80, Simcoe street at 2 o'clock, Tuesday afternoon, for the purpose of attending the funeral of their late brother, John Montgomery. 1d

Tea and Concert

—The annual tea and concert of the Sunday School of St. Paul's church will be held on Friday night next, in the Sunday School room. Tea will be served from 5.30 to 7, and following this a good programme will be rendered.

Diamond L. O. L. Meeting

—Diamond L.O.L., No. 80, will hold its semi-monthly meeting to-night, at the Orange Hall, Simcoe street. Arrangements will be made to attend the funeral of Bro. John Montgomery, to-morrow at 2 p.m., from his residence on Louis street. A full attendance is asked for to-night.

A. Y. P. A. To-night

—To-night St. John's A. Y. P. A. will hold their regular meeting, which will be of a literary character. A short programme consisting of papers, addresses, etc., will be given, after which the young people will enjoy themselves at games, promenades, etc.

Another Two Thousand

—Just received at the Peterborough Bookstore, another shipment of 2000 "A. H. S." writing tablets. Our popular 10c tablet contains the full 100 sheets, which is 20 sheets more than any other 10c tablet. Our "A. H. S." silk cloth finished tablet is the delight of all ladies who have used them. Try one and be convinced. A. H. Stratton & Co.

Exhausted Nerves Lead to Insanity

IT IS WISE TO KEEP THE NERVOUS SYSTEM IN FULL HEALTH AND VIGOR BY USING

Dr. Chase's Nerve Food

The leading artist of a great New York newspaper committed suicide recently because, on his return home, he found his apartments in disorder, the painters and decorators being in possession.

This is an illustration of overwrought nerves leading to insanity, and, whatever may be the last straw to unbalance the mind, there can be no doubt that exhaustion of the nerves is always a cause of mental collapse.

Diseases of the nerves are common to all walks of life, and the earlier symptoms are sleeplessness, nervous headache, loss of memory, inability to concentrate the mind, indigestion, tired, languid feelings, discouragement and despondency.

Dr. Chase's Nerve Food cures diseases of the nerves in the only natural way, by actually increasing the amount of nerve force in the body.

By its regular and persistent use the most severe forms of nervous exhaustion, such as partial paralysis, prostration, and locomotor ataxia, are thoroughly and completely cured.

Mrs. J. Hatcher, 224 Sherbrooke street, Peterborough, Ont., and whose husband is a moulder at the Hamilton Foundry, states:

"I had an attack of inflammatory rheumatism, which left me in a very run-down state of health, and in fact, my whole nervous system seemed exhausted and worn out. I could not sleep, and at times the pains in my head were almost unbearable. As a result of these symptoms, I was unable to attend to my house work, and felt miserable most of the time. On the advice of a friend, I began using Dr. Chase's Nerve Food, and can say that it has proved of very great benefit to me. I am able to do my own work now, and feel stronger and healthier than I have for years. I can truthfully state that this is due to the use of Dr. Chase's Nerve Food, which I consider a great health builder."

Conductors' 21st annual ball, held in Toronto on Friday evening last, and at which upwards of 400 couples were present.

LADIES' AID OF CHEMONG TO HOLD FINE CONCERT

Date Has Been Set for the Last Day of the Month

The Chemong Ladies' Aid Society have made arrangements to hold a concert in the Chemong town hall on Thursday, January 31. The programme will be of a musical and literary nature, and, from the talent secured, will undoubtedly be a splendid one. Everybody is invited to come along and enjoy a pleasant evening.

A BANQUET FOR S.O.E. SUPREME OFFICERS

Installation will Take Place To-night in Their Hall, Hunter Street

The installation of the Sons of England officers will be held to-night in their hall at eight o'clock. A number of supreme officers will be present and after the installation, a banquet will be given at the Peterborough House, Hunter street, in honour of the prominent visiting officers.

LOAD OF WOOD UPSET ON RAILWAY TRACKS

Caused a Little Inconvenience This Morning at Corner of Charlotte and Bethune Streets

A load of wood, driven by Joseph Agnew of North Monaghan, was going west on Charlotte street to-day when at the crossing of the G.T.R., it upset by one side being on a higher level than the other. The load was strewn on the tracks of the G. T.R. and P.R.R. lines, and caused some inconvenience. The driver, himself, had a narrow escape, but managed to keep out of the way of injury. The load was finally placed on the sleigh, and the road cleared of the firewood.

TOWNSHIP COUNCIL'S FIRST MEETING HELD

The Latest Municipal Intelligence From Apsley—Personal Mention

Examiner Special.

Apsley, Jan. 21.—The first meeting of the township council was held in the town hall on Monday, Jan. 14th. The reeve in the chair. All present and took the required declaration. The minutes of the last council were read and adopted. Bylaws were passed appointing Wm. Fallon and John Lane, Auditors; Benj. Coon, Assessor; S. Stevens, member of the Board of Health. The time for returning the Collector's roll was extended till the next meeting of the council. The municipal printing was given to to the Peterborough Times on the same conditions as last year. The following accounts were ordered to be paid:—Clarke Stone, for hold Polling Sub. Div. No. 1, $6.50; C. Robinson, for holding Polling Sub. Div. No. 2, $5.00; D. Brown, for taking ballot box and papers to Healtain, $2.00. The council then adjourned.

Mr. A. Brady spent Sunday at Coe Hill.

Mr. B. Tucker was in Lakefield this week for a load for T. M. Eastlend.

Miss Condon, of Douro passed through the village to-night on her way to Claydale, where she intends teaching.

Mr. Bruce Reid, of Burleigh, was in the village this week.

Miss Myrtle Hales, spent Sunday at her home.

Many people in the back country would like to see Mr. Wm. Hales, the newly elected reeve of Chandos, elected to Wardenship to which position he is well fitted, being well posted in Municipal matters, and having been an old County Councillor.

Mrs. Buchanan and Mrs. Phillips are confined to the house through illness.

About 7 o'clock in the evenings you will see the young people of the village begin to collect with their lanterns on the way to Silver Lake where the boys have cleaned off a large rink.

PERSONAL MENTION

Mr. Chas. McDonnell returned to Toronto to-day.

Dr. Bagshaw of Toronto, spent Sunday in the city.

Mr. F. C. Lowes, of Calgary, is a visitor in the city.

Mr. Thos. Wigmore, Oxboro, Sask., is registered at the National.

Mr. Jas. Thompson, Reeve of Havelock, was in the city to-day.

Mr. Geo. Hunt, editor of the Galt Reformer, was in the city over Sunday.

Miss Mabel McBurney of Havelock, is visiting friends in Peterborough and vicinity.

Mrs. John Macky of Toronto, formerly of Peterborough, is visiting with Mrs. W. P. Adamson, 160 1-2 Simcoe street.

Mr. Arthur Brault, Reeve of Norwood, is in the city the guest of his sister, Mrs J. B. Larocque, of the Montreal House.

Miss Corney, of Toronto and Mrs. Wm. Swanton, of Fenelon Falls, are the guests of Mrs. Jas. Swanton, of the Montreal House.

Mrs. Leslie L. Kennedy (nee Miss Eva Bradd) will receive with Mrs. (Dr.) Bradd on Wednesday afternoon at 305 Stewart street.

Mrs. F. J. A. Hall will receive with Mrs. (Dr) H. A. Wood at the former's home, 22 Crescent street, to-morrow (Tuesday) afternoon from 4 to 6 o'clock.

The friends of Mr. George Peters are pleased to see that he is again able to perform his duties at the Public Library after a lengthy period of illness.

Mr. Joseph Doherty, of Percy township, who has been attending the business college here for some time, left this morning for Buffalo, where he has secured a position.

Mrs. Vick Davey and baby Roy, of St. Joseph street, has gone to Toronto spend a few weeks. Mrs. Davey has been in poor health for some time and will not receive again until further notice. Mr. Vick Davey of the T. Kinnear Company pects to spend Sunday next with his wife and son.

Conductor Alex. McNeely, of the C. P. R., Toronto, formerly of this city, was an active member of the committee in charge of the Railway

CONSTIPATION CLOGS THE BOWELS

No other cause produces so much sickness as constipation, and therefore it is dangerous to allow the bowels to become clogged up. Bad blood, dyspepsia, headaches, biliousness, boils, pimples, and piles, are all caused by constipation.

Avoid all of these troubles by the use of

BURDOCK BLOOD BITTERS,

nature's remedy for all diseases of the stomach, bowels and blood. It acts on the bowels and promotes their free and regular action, curing constipation and all troubles which arise from it. It has been on the market for over thirty years so you are not using a new and untried remedy. B.B.B. has cured thousands of others and will cure you. Mr. B. Woodcock, Nashwaak Bridge, N.B., writes: "For over two years my wife was troubled with constipation. She tried several physicians but could get no relief, but after taking three bottles of Burdock Blood Bitters she was completely cured and is to-day in good health. My wife and I cannot speak too highly of B.B.B.

My! How good a "long cold one" tastes when made of

Architect, Peterborough

FIRST SESSION OF COUNTY COUNCIL ON TUESDAY

The Newly Elected Council Meet for the First Time—Many New Faces in the Council

A CONTEST FOR THE WARDENSHIP

To-morrow the first meeting of the new county council will be opened at the county council chamber. The council this year is almost twice as large as it has been for several years, the new method of electing the council resulting in a large increase in the numbers.

It is expected that the greater part of the week will be required to transact the business at this session, which will be a somewhat heavy one. The election of the warden will be taken up at the first session to-morrow, and it is understood that there are a number of aspirants for this office, several of the men who are coming into the council this year having been members under the system which is now being reverted to. It is probable that some of them will be aspirants for the warden's chair. Mr. Robert Shaw is the only member of last year's council to hold a seat in the council this year.

The members of the new council with their constituencies, are:

P. McNulty, Reeve, Asphodel.
J. Johnston, Reeve, Belmont and Methuen.
C. R. D. Booth, Reeve, Burleigh and Anstruther.
Wm. Hales, Reeve, Chandos.
F. Moher, Reeve, Douro.
C. J. Darling, Reeve, Dummer.
S. Killen, Reeve, Ennismore.
C. Coben, Reeve, Galway and Cavendish.
R. Shaw, Reeve, Harvey.
J. Brown, Reeve, North Monaghan.
J. Fife, Reeve, Otonabee.
W. Porter, Deputy-Reeve, Otonabee.
Dr. Burgess, Reeve, Lakefield.
J. Thompson, Reeve, Havelock.
H. Breault, Reeve, Norwood.

WORK COMMENCED ON AUTOMATIC LINE

Edmonton will Have Lorimer 'Phone System Installed in Short Time

The Toronto Sunday World says: Work has been begun on the new municipal telephone building at Ed-Edmonton, Alta., which will cost $23,000. The total cost of the plant will be $60,000. The Lorimer automatic system will be installed. For the local system it will eliminate 12 girls.

It is the intention to start the new system on the same basis as the old, and the following rates will be charged:

	Per year
Business—	
Desk instruments...	$33 00
Wall instruments...	30 00
Residence—	
Desk...	23 00
Wall...	20 000
Party lines—	
Two instruments only...	50 00
Extension instruments—	
Residence, first...	7 50
Each additional...	5 00
Business, first...	10 00
Business, second...	8 00
Each additional...	5 00
Extension bells...	2 00
Rural telephones—	
Toll charges, minimum...	20 00

At these rates the present system in 1905 gave a surplus of $4149.98, bu tthere will be no reduction in the rates until it is ascertained what the cost of maintenance and the general expense will be.

TWO FLYING SQUIRRELS CAUGHT IN MONAGHAN

Are Being Taken Care of in Captivity and are Doing Nicely

A rare capture was made last Friday in South Monaghan by some wood cutters. Messrs. Harry Kerr, and Thos. Nimmo were cutting down a tree on the farm of Mr. John Kerr, when they came across a flying squirrel's nest. Two of the little animals were captured and are quite a curiosity here. They are doing well in captivity.

CHEMONG MAY BE SUMMER SCHOOL LOCATION

Several Hundred Young People From Bay of Quinte Conference May Gather There This Year in Summer School

TO HOLD A TEN DAYS' CONFERENCE

A meeting of the Executive of the Bay of Quinte Conference Summer School was held in Bowmanville last week, when the question of the selection of the location of the Summer School for this year was discussed, and it is stated that Chemong was strongly favoured by the majority of the members of the Executive. For a number of years this school has been conducted by the young people of the Methodist church in this Conference, at Twelve O'clock Point. It has been found that a number from the western part of the Conference object to that location, as being too far to travel, and it has been thought that Chemong would be the most central place available, and steps are now being taken to arrange to hold the school there in 1907.

It is usually held during the latter part of June and the early part of July, and continues for ten days. It is attended by several hundred of the young people of the church, and the time is spent in considering questions of interest to the material and spiritual welfare of the church. Social pleasures, too, are not neglected by the school.

BOARD OF TRADE AFTER DAIRY SHOW

A Special Meeting will be Held To-morrow Night when the Question will Be Considered

To-morrow night the Peterborough Board of Trade will hold an important meeting when the question of the proposed Dairy Show, and the matter of cheap power will be under discussion. The Board of Trade appreciates that it will be a fight for this city to secure the Dairy Show, in view of the fact that the Western Association favours Toronto as the location for the Show, and the promptness with which the Board is dealing with the matter gives evidence, no doubt, of the determination to secure it for this city, if there is any possibility of doing so.

Sale at Stratton's

—Stock taking sale is in full blast at Stratton's Bookstore. Just received, five more baby sleighs, in white, green and red—must be sold at once, the price we have them marked will do it. Issuer of Marriage Licenses.

PASSED RESOLUTIONS TO RETIRING OFFICERS

Messrs. M. W. and O. S. Matchett's Services to Mark Street Methodist Sunday School Appreciated.

GIFTS PRESENTED TO THE OFFICERS

At a recent meeting of the Sunday School Committee of the Mark street Methodist Church Sunday School a special committee was appointed to prepare and forward resolutions to Messrs. M. W. Matchett and O. S. Matchett, the former having occupied the position of Superintendent and the latter Secretary-Treasurer of the school for a number of years and recently resigned. In accordance with this decision the following resolutions were sent the above named gentlemen, accompanied by suitable presents, as a tangible evidence of the esteem in which they are held:—

Dear Mr. Matchett,—It was with feelings of regret that we were compelled to accept your resignation as Superintendent of our Sunday School. We had hoped that you would see your way clear to retain your position, but as such could not be, we do not wish the happy relations which have always existed between us as co-workers in the school, to be severed without giving some expression to our appreciation of the faithfulness and efficiency of your management. To Mr. M. W. Matchett:

We beg you to accept the accompanying etching as a slight token of our regard. Feeling assured of your continued interest in our school we hope that when the present stress of home cares which made your withdrawal necessary, is lightened, you may again resume the work for which you are so well fitted.

Signed on behalf of the Sunday School Committee,

J. G. LEWIS, Pastor.
J. C. MILLER, Sunday School Supt.
M. SPEER,
BERTHA C. LEWIS,

Peterborough, Jan. 18, 1907.

To Mr. O. S. Matchett:

Dear Friend,—It is with much regret that we are forced to accept your resignation as Secretary-Treasurer of Mark street Sunday School, but we trust that you will still be interested in our Sunday School, and help on the good work. We would ask you to accept this small token, as an appreciation of the faithful service you have given in the past. We pray that God's blessing may rest upon you, and that you may still continue to be a willing worker for the Master.

Signed on behalf of Mark street Sunday School,

J. G. LEWIS, Pastor.
J. C. MILLER, Sunday School Supt.
BERTHA C. LEWIS,
MINNIE SPEER.

Peterborough, Jan. 18, 1907.

A GOOD OPPORTUNITY FOR MUSIC LOVERS

No One Should Miss Attending the Pittsburg Orchestra Concert, to be Held Here on February 1st

To the Editor of the Examiner,—

Sir, — I would like to suggest that all music lovers in Peterborough and vicinity make a point of attending the concert by the famous Pittsburgh Orchestra, to be given in the opera house, on Friday, February 1st. This will undoubtedly be the event of the present musical season in our city. By those who attended last year's concerts of the Mendelsohn Choir in Toronto, the superb playing of Paur's fine orchestra will not easily be forgotten.

I trust these few lines will help to stir up enthusiasm in this matter, and that we may prove our appreciation of Mr. Stocker's enterprise by giving him on the occasion a "bumper house."

Yours, etc.,
"DOMINANT SEVENTH."
Peterborough, Jan. 21st.

UNPRECEDENTED FAME

Vinol, the Cod Liver Preparation Without Oil

"Good news goes fast," said Mr. McDermid, of the firm of McDermid & Jury, yesterday, talking to a reporter about that wonderful Vinol, concerning which so much is heard nowadays. "Why, you know that besides being talked about, many of the prominent papers in America are devoting more or less space to this wonderful discovery. See here, what do you think of this?" Whereupon Mr. McDermid produced an article from the Lancet, of London, England.

The Lancet is the greatest medical publication in the world, and anything appearing in its columns is considered as indisputable evidence. "Let me read this to you," said Mr McDermid. "I won't bother you with much of it, but here is enough to show you what the great men of the old world think of Vinol," whereupon he read the following:

"Recent investigation has led to the isolation of several distinct bodies in cod liver oil, notably amongst which are the alkaloids. These principles have been tested faithfully, and the results form the subject of an exclusive report by Gautier and Mourgues in the Journal de Pharmacie, who concluded that the combined active principles of cod liver oil act as powerful stimulants of nutrition and assimilation, and show definitely the nature of the principles to which the oil owes its valuable medicinal properties.

"And the best part of all this is," continued Mr. McDermid. "It is not only physicians who are enthusiastic, but the people who are taking the remedy. It does not take but a minute for any one who is obliged to take cod liver oil to find out that Vinol is deliciously palatible. Then the patient soon realizes its advantage. It does good so much more quickly, and accomplishes the desired end in a much more marked manner than cod liver oil in its crude or emulsified form was ever able to do. Oh, yes, of course, I consider the success of Vinol as assured. How can it be otherwise—a discovery that has revolutionized the form and made it practical to prescribe the greatest known medicine for all wasting diseases.

"Just think what it means—getting all the benefits in a concentrated form, and no more nauseating, vile-smelling grease. Yes, come any time you would like to see me. I am always glad to see you about Vinol, and I find out more to say in its praise every day."

TROLLEY WIRE BROKE AGAIN THIS MORNING

Scared Pedestrian Didn't Loose Much Time in Getting Out of the Way

The breaking of the street railway trolley wire in front of Central Park this morning prevented the usual regular trips. The broken wire as it fell caused one man who happened to be in the way, considerable anxiety. It alighted across his shoulder and although there was no electricity in it, the scared pedestrian did some lively stunts in getting out of the way.

AN OLD IDEA

Shown to be Absolutely False by Modern Science

People used to think that baldness was one of those things which was handed down from generation to generation, from father to son—just like a family heirloom.

Science has shown the falseness of this belief by proving that baldness itself is not a constitutional disease, but the result of a germ invasion of which only Herpicide can effectually rid the scalp.

Washing only cleans the scalp of dandruff; it doesn't kill the germs. "Destroy the cause, you remove the effect."

Newbro's Herpicide will do this in every case. It is also a delightful dressing.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

Two sizes, 50 cents and $1.00. Ormond & Walsh, special agents.

THE WEEK'S MEETINGS AT ST. LUKE'S CHURCH

The following meetings will be held at St. Luke's during the week:—

To-night the Girls' Auxiliary meets in the infant class room at 8 o'clock.

Wednesday afternoon at 3 o'clock the Mothers' Guild meets. All the members are requested to attend as the preparations for the pancake social and sale will be made.

Wednesday evening the Brotherhood of St. Andrew has an open meeting to which all men are invited. The Rector will give a lecture on the "Historic Episcopate."

The W. A. meets on Thursday at 2.30, at the residence of Mrs. Jameson, Harvey street.

The Mission Band will meet on Friday at 4.15.

Next Sunday the Sunday school scholars will attend the morning services.

Two laymen from Toronto, Messrs. L.H. Baldwin and T. Moberly, addressed the congregation of St. Luke's yesterday on behalf of Diocesan Missions.

The offertory next Sunday will be for the support of the poor missions of the Diocese of Toronto.

A PRIZE OF $30.00

Orange Meat is made of the best wheat. By a special process all the starch cells of the wheat are converted into wheat sugars. Analysis proves that "Orange Meat" contains over 45% of wheat sugars.

No wonder it makes weak people strong and puny children robust.

The Orange Meat Company will give $30.00 to the person sending in the largest number of coupons taken from the 15c packages in addition to the valuable premiums. The coupons must be mailed or delivered on or before March 30th, 1907. Letters must reach the office of Orange Meat Co., Kingston, before April 9th, when the prize will be awarded.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 199.

OPERA HOUSE OWNERS TO THE PUBLIC

Messrs. J. J. Turner and Sons Issue Statement to the Public of Peterborough—Aim to Please

To the Public:

We beg to notify the Peterborough public that we have purchased the Grand Opera House, from the former proprietor, Mr. R. H. Bradburn, and intend to conduct the same in a manner befitting a modern show house in a modern city, such as Peterborough. We ask from the public the same support that has been accorded the opera house in the past, and on our part, promise that the interests of the patrons will be served to the very best of our ability. The best attractions we can possibly procure will be presented to the Peterborough public in the Grand Opera House, and it shall be in every way our ambition to meet the wishes of our patrons in every conceivable manner.

Sincerely yours,

2d J. J. TURNER & SONS.

CHEAP GRANITEWARE SALE

THE MEMBERSHIP CAMPAIGN IN THE Y.M.C.A.

English, Irish and Scotch Representatives are Working Energetically

Much enthusiabm has already been shown in the membership contest now on at the Y.M.C.A., for new members.

A large number enrolled for the respective sides on Saturday evening at the building. It promises to be lively and a good thing for the Association.

Members should sign now for their side.

A HAVELOCK PREACHER AT Y.M.C.A. YESTERDAY

Rev. E. A. Camp Gave an Interesting Address at the Y. M. C. A.

Considering the stormy afternoon, there was a good attendance at the men's meeting at the Y. M. C. A., given by Rev. A. E. Camp, of Havelock. His subject was "The Wise Thing to Do."

There was a splendid feeling in the meeting. The song service was led by Mr. Thornton, the Torrey-Alexander hymns being used.

An open meeting was held at the close of the address in which a number took part.

Rev. J. R. Webb, late of Montreal, will speak on Sunday next on the subject, "Borrowed Things."

THE MEETINGS TO BE HELD THIS WEEK AT ALL SAINTS'

The meetings to be held at All Saints' church this week are as follows:—

Monday evening, 7.30, Girls' Guild.

Tuesday afternoon, 2.30, meeting of Women's Auxiliary.

Wednesday evening, 8 o'clock, meeting of the Men's Guild.

Thursday evening, 7.45, Week night service; 8.30, choir practice.

Friday evening, 8 o'clock Boys' Brigade.

CONTINUATION OF THE ANNIVERSARY SERVICES

Congregations at All Saints' Church Yesterday Were Very Large—Rev. A. J. Vale, of Lindsay, Delivered Evening Sermon

SERMON APPROPRIATE FOR OCCASION

The anniversary services in connection with All Saints' Church were continued on Sunday. They were featured by large attendance in the morning and also in the evening. At the latter service Rev. A. J. Vale, of Lindsay, delivered the sermon to a congregation which was very large, considering the inclemency of the weather. He chose as his text, St. Luke, ninth chapter and the 13th verse,—"But He said unto them, Give ye them to eat. And they said, we have no more but five loaves and two fishes; except we should go and buy meat for all this people."

The reverend speaker first explained the context, comparing the hunger of the multitude to that of the world in general for divine food, and the necessity that this hunger should be satiated. He also made mention of the attitude of Christ to the multitude. He showed His love and care for them as He does for the world to-day, even though many sin against Him. He wishes for the reformation of everyone, even those who have sunk to the lowest depths of degradation.

Rev. Mr. Vale also called attention to the attitude of Christ to His disciples. Since there was need to meet the wants of the people, it was the duty of the disciples to supply the wants. His immediate followers admitted that they were unable to do so without greater assistance. The speaker then pointed out what Christ demanded of them. He asked that they bring to Him the supplies they had—five loaves and two fishes—and, with great confidence in Him, they did so. He blessed the offering they had, and then told His disciples to feed the multitude, which was accomplished. There also remained more than there had been to begin with. The speaker said that this was what Christ expected of His disciples—to give Him all they had, and He returned it to them to be used for Him. He blessed it and it met with the requirements of the occasion, and there was even more than sufficient. This is what He expects of this ministers and also of the individuals of the parish. The preacher applied the lesson locally, saying that many people desired church accommodation at All Saints', but the church could not meet it. But however great their inability to cope with this necessity, the people should give what they had, and, meeting with Christ's blessing, it would be more than sufficient.

The singing of the choir was very fine, and was greatly appreciated.

CEMETERY COMPANY HELD ANNUAL MEETING

Reports Show That Much Business Was Done During the Past Year

ANNUAL REPORTS WERE PRESENTED

The annual meeting of the Little Lake Cemetery Company was held this afternoon at 3 o'clock, when the reports for the year were read. The President, Mr. W. H. Moore, occupied the chair.

President's Report.

To the Shareholders of the Little Lake Cemetery Company.

Your Company's Directors beg to report that during the year just closed, no extraordinary or expensive improvements were found necessary. A general regard was, however, had to the good maintenance of all parts of the Cemetery, and it is believed the grounds as a whole have never been more attractive or in accord with what is expected in a place dedicated to the sacred purpose of the burial of the dead. And without any spirit of rivalry to other grounds likewise devoted, being intended, your Directors consider that a judicious expenditure, and yet well within the income, continued for a few years will insure a Cemetery, unsurpassed in beauty, in the Province of Ontario.

Your Directors are pleased to be able to report that on the first of January there was a surplus income of nearly $700 in the Bank, to the credit of the Company, and that about an equal sum has yet to be received upon accounts for services rendered during the past year.

Your Directors have paid off the sum of $750, the balance owing in respect of the buildings erected three years ago. This will enable the new Board to commence the year free of debt, with over $600 in hand, and with $10,917.31 in City of Peterborough debentures, the latter which it is hoped may be added to from time to time, until a sufficient fund is formed for future and lasting maintenance of the grounds.

The reports of the Secretary-Treasurer and the Superintendent covering the past year, will be presented for your consideration.

All of which is respectfully submitted.

W. H. MOORE,
President.

21st January, 1907.

Superintendant's Report

To the President, Directors and Shareholders of the Little Lake Cemetery Company:

Gentlemen,—I beg to submit the following report of work performed in your Cemetery during the season 1906.

The cribwork bordering the lake and running for about 400 feet north-east of the main entrance has been repaired. This will only last for a few years, when a more substantial structure will be required.

The flower border that used to run along the front of the bank on the right of the main driveway, has been sodded up and the old slat walk taken away and a border made and planted father away from the bank where it will thrive better and also be more easily seen from the drive.

Waterabling of cobblestone and cement has been placed on the east side of the hill East of Section K, and the hill graded. The roads in the upper part of the cemetery have also been graded and the large stones taken off and used to crown Ravine Avenue. A gravelpit was opened in the roadway of Oak Avenue and about 125 yards of gravel taken out and used on Ravine Avenue, Ware Avenue and part of Lake Avenue. This pit is being gradually filled up with the surplus earth taken from the graves.

The fence in the front of the cemetery has been repaired and fourteen new rails put in, and several new irons that were required.

The greenhouse was painted, which is found necessary every two or three years, owing to the destruction of the woodwork through dampness.

During the summer it has been found necessary to warn some thoughtless persons against unbecoming conduct in the Cemetery, and I am pleased to report that it had a very desirable effect and I trust that I shall never be called upon to repeat the warning.

I also append financial statement.

All of which is respectfully submitted.

F. WISE,
Superintendent.

YESTERDAY'S GALE WAS TERRIFFIC

Property Damage Aggregates $2,000,000—Two Lives Lost.

BUFFALO'S LOSS $1,500,000

Five Large Lake Steamers Torn From Moorings and Driven Aground—Scene of Wreck and Destruction On Niagara Frontier—Damage At Toronto, Hamilton, London and Other Places.

Buffalo, Jan. 21.—During the last 36 hours this city has been swept by the most destructive windstorm of a decade. Last night, after a day and night of continuous hurricane, the Niagara frontier lies a scene of wreck and destruction in the wake of the storm.

Two lives reported lost so far, and a property damage that will aggregate $2,000,000 when the accounting is made, is the toll of the storm. Lake Erie, a giant mud puddle, with its level higher than has been known for 20 years, has gorged the Niagara River to overflowing its banks, and thousands of dollars' worth of property has been carried down the stream. Miles of docks at the great lumber market at Tonawanda have been destroyed, and millions of feet of lumber have been carried out into the river.

The damage to shipping in Buffalo harbor alone is $1,500,000. Five leviathans of the great lakes, torn from their moorings and run aground, tell that part of the story. Thirteen others, making brave attempts to ride out the storm may add to it. Wreck and devastation of everything along the whole waterfront is the relic of the storm.

Niagara Falls power was cut off when the cables snapped, and the city was in partial darkness last night. Damage to homes and buildings is widespread throughout the city, but no one case is of particular serious nature.

The tail end of the storm last night was sweeping up the St. Lawrence Valley.

The vessels aground are the Hurlburt W. Smith, William Nottingham, J. Q. Riddle, Munroe C. Smith and A. G. Brower. Most of them are owned in Cleveland. They have cargoes. Caretakers were aboard, but are believed to be safe.

The water in Lake Erie rose three feet in as many hours.

Old lake men say this is the severest continued storm that has swept the lower lakes in the last 20 years.

Two Drowned.

Dunkirk, N. Y., Jan. 21.—The storm toll here was two lives and many thousands of dollars damage to property. Pearl Shear, seven years old, was drowned while some rescuers were taking her family to safety from their home, which was fast becoming flooded. Henrietta Soldwick, 46 years of age, was crushed in the collapse of an icehouse and several other persons were injured and some of them severely.

In Rochester.

Rochester, N. Y., Jan. 21.—The fierce windstorm did an immense amount of damage to property here and surrounding villages. Telephone and telegraph companies suffered heavily.

Great Damage At Niagara.

Niagara Falls, Ont., Jan. 21.—Great damage has been done by a gale that swept across the Niagara frontier during Saturday night and yesterday from the west. The wind reached at times 90 miles an hour velocity. Telegraph and telephone wires are interrupted in all directions.

The greatest damage was done along the river front; the high wind drove the water out of Lake Erie and caused the water in the Gorge to rise 30 feet, the highest mark in several years. The force of the high water undermined the roadbed of the Gorge Railway double track from the Grand Trunk steel arch bridge to Whirlpool Point, carrying the rails and ties at several points in a twisted mass into the river. The pole line carrying the electric feed wires toppled over into the river. It will take several thousand dollars and months of time to reconstruct the roadbed.

The docks and offices of the Maid of the Mist Steamboat Co. on both sides of the river, were swept away by the force of the flood.

The outer water walls of the intakes of the big power companies were completely submerged, but withstood the force of the rushing flood.

The stables and outbuildings of construction of the Niagara Falls Hydraulic Co., on the American side, were swept into the river, with several horses in them, as were the outbuildings of the Ontario Power Co. power house below the Falls on the Canadian side.

In Toronto.

Toronto, Jan. 21.—Early Sunday morning Toronto was visited by the most terrific wind storm in years, and it continued in more or less severity during the day. Directly from the west, the gale, which traveled, at its worst, at the rate of 60 miles an hour, swept over Ontario with great damage along the Niagara River and then through Quebec to the maritime provinces, and on to the sea with increasing energy, doing damage and destruction. The average velocity of the wind during the day was about 30 miles an hour.

Buildings were blown down, trees torn, wires broken, fences overturned, and many handsome signs in all parts of the city fell before the onslaught of the big wind. Lucky it was, although several fires were started, they were quickly extinguished, and no great damage resulted. The largest building blown down was the upper part of the Traders' Bank, corner Bloor and Yonge streets.

In Hamilton.

Hamilton, Jan. 21.—The high wind yesterday was almost as hard on windows as were the street car rioters. Windows in many of the stores were broken, and signs and chimneys were blown down. The organs in the churches, which are operated by electricity, could not be used, and the street and house lights all went out about 8 o'clock last evening. The firemen had a busy day, being called out five times.

In Ottawa.

Ottawa, Jan. 21.—Ottawa last night was pestered with an erratic blizzard as the finale to a series of squalls and showers. During an early morning gale some plate glass windows of the Montreal Bank and the Banque Nationale blew in. The tops of the cupolas of the First Baptist and Knox churches were blown away. Many signs were thrown down and the train service hereabouts is demoralized.

In Brantford.

Brantford, Jan. 21.—Saturday was a very mild springlike day, thawing. About midnight a very high cold westerly wind came up and continued a perfect gale all Sunday, in which trees, smokestacks, plate glass windows suffered severely.

FLOOD MAKES 5,000 HOMELESS.

Ohio Towns Suffering Severely From Uprising of the River.

Cincinnati, Jan. 21.—The flood stage here Saturday was 62 feet and much of the lower portion of the city is flooded.

The town of California, above here, is reported under water.

In Newport 5,000 persons are homeless and almost destitute.

Colder weather and a gale if wind on Sunday increased the sufferings of those thousands who had been made homeless by the flood in Ohio and a number of buildings that had been weakened by the water went down before the wind Saturday night and yesterday.

The area of the flooded section increased considerably during the day, each inch of rise spreading over wide territory.

ALARMING FUEL CONDITIONS.

Blizzard Rages In Dakota, and All Trains Are Delayed.

Minneapolis, Jan. 21.—News from western North Dakota and Huron, S. D., says that that portion of the country is in the throes of the worst blizzard of the year. All trains from the west are reported indefinitely late and the situation is regarded as most alarming.

The fuel and food situation is such that deaths by the score are expected, should the blizzard continue for the next 12 hours.

STUDENTS AND POLICE.

Expulsion of Catholics Causes Disturbances, But Resistants Escape.

Angers, France, Jan. 21.—The expulsion Saturday of a number of students from the Catholic seminary at Beaupreau was the occasion of serious disturbances.

Troops stormed the seminary building and broke in the doors, while the students, crowding the windows, bombarded them with stones, chairs and tables. The sub-prefect of police, the commander of the gendarmerie and the commissary of police were seriously wounded, while fifteen officers and soldiers were slightly hurt.

When the troops finally forced an entrance to the building they discovered that the students had escaped over the back wall.

Jap Squadron Damaged.

Tokio, Jan. 21.—The damage sustained by the training squadron, which was forced to enter Yokohama harbor Monday by a severe storm met after the squadron had started on a cruise to Honolulu, it not so great as at first supposed. It had been ascertained that the masts of one of the vessels was broken. During the storm the squadron lost six boats, and thirty of the crew were injured. It is expected that the voyage will soon be resumed.

Latest News Of Various Sports

MIDLAND WILL HAVE SOME ROOTERS TO-NIGHT

A Special Train for To-night's Game Which Will Be a Great Contest

THE BOTH TEAMS ARE CONFIDENT

One of the fastest games ever seen in Peterborough should be the result when Midland and Peterborough clash to-night at the Brock street rink. The northern team are confident of winning and may be depended upon to put up a great game. Eddie Gould, captain and rover of the team, will make his first appearance here to-night and his work will be watched with interest by the fans. The Midland club is running an excursion by special train and about 250 enthusiasts will arrive here at six o'clock.

The Peterborough team is in the best shape of the season and they will put up a hard argument to-night. The line-up will be the same that defeated Kingston and the Marlboros and they have been practising industriously.

Chaucer Elliott, of Kingston, will referee the contest which will begin at 8.15, sharp. The ice is in splendid condition.

The teams will face each other like this:—

Midland.		Peterborough.
McDonald	Goal.	Lang
Hanley	Point.	Glover
McLennan	Cover Point.	Crowley
Gould	Rover.	Whiteroft
Switzer	Centre.	Morgan
Beatty	Right Wing.	Moore
Hastings	Left Wing.	Miller

ABERDEENS LOST HARD GAME TO KEENE SENIORS

The Villagers Were Not Afraid of Laying on the Gad

The Aberdeens journeyed to Keene on Friday night and were defeated by the seven of that village by 6 goals to 4 after a hard game. The contest did not start until after nine o'clock, owing to the late arrival of the Peterborough team. The game was decidedly rough and Keene evidently believes in the "Spare the rod, etc." doctrine. The Aberdeens team lined up as follows:—

Goal—Wilson.
Point—Pogue.
Cover Point—Seymour.
Rover—Tucker.
Centre—E. Harrison.
Right Wing—McMillan.
Left Wing—Weatherston.

LOCAL CURLERS LEFT FOR MONTREAL TO-DAY

Their Games Begin To-morrow—Will See the Stanley Cup Game

The Peterborough curlers left on the noon C.P.R. train for Montreal to-day to participate in the big Bonspiel which begun there to-day in honour of the Centinnial of their club. The local rinks will be skipped by Messrs. G. W. Ferguson and Thos. Rutherford. They will enter both the single and double competitions and should give a good account of themselves in these games. Mr. J. Montgomery took Mr. T. Brightman's place in one of the rinks.

A number of the players intend to see the second Kenora-Wanderer game to-night, at the Arena. They will all have returned before Friday.

COVER POINT VAN HORNE OUT OF GAME FOR SEASON

A Kingston despatch says:—The 14th Regiment hockey team will not have Van Horne, its crack cover point, again this season. His knee is in a dangerous condition, and his physician has ordered him to quit the game.

HOCKEY

THANKS! LINDSAY.

The work of the Marlboros against Peterborough looks anything but brilliant from here. To be beaten by 4 goals on home ice seems to give the Toronto sports lots to talk about, but here, when a spade's a spade, a game like the Peterborough-Marlboro exhibition would be classed as a decisive win for Porridgetown.—Lindsay Post.

• • • •

L. M. Watson, who was to have figured on the local senior O. H. A. team but was moved to Berlin by his bank, played a star game at rover for the Berlin Intermediates on Friday, scoring four goals.

• • • •

Guelph beat Galt in the latter place Friday night. The Royal City team will be a hard nut to crack in the western group.

• • • •

The Auburns of the City League will journey to Lakefield to-morrow night, when they will play the City League bunch of that place in an exhibition game. It will be the first game the village team has had on its own ice this winter and they will make a big effort to pull out on top. The Auburns will have their strongest line-up, however, and will take a lot of beating.

CURLING

The centre of attraction at the curling rink on Saturday night was a game between the Gold Lake and Eagle Lake Hunting Clubs. The former skipped by Geo. Fitzgerald easily won out by a score too one-sided to mention. As a result the defeated rink had to put up the oysters for ten. The following were the rinks:—

Gold Lake.	Eagle Lake.
W. F. Johnston	O. Dumble
C. James	M. C. Tooley
H. Evans	J. Stanger
R. Sheehy	T. Rutherford
Geo. Fitzgerald	A. Blade

• • • •

Mr. Angus McIntosh has recovered sufficiently to resume his duties at the curling rink. His wrist which was broken at the beginning of the season is getting strong and his many friends are pleased to see that he is again able to perform his work.

GOOD WINTER RACES FOR TO-MORROW

Another Entry in the 2.22 Class—Begins at 2 O'clock

To-morrow's races at the Driving Park are arousing a good deal of attention. The track could not be in a better condition for speeding, and it is expected that a large number will take advantage of the event. In addition to the entries announced in Saturday's issue, another has been made. Dr. Mack, owned by Dr. Broad, of Lindsay, will be entered in the 2.22 class. All entry fees for to-morrow's programme must be paid to the secretary not later than to-night. The races begin both days at 2 o'clock.

MR. M'PHERSON WINS THE SUCCESSFUL SHOT

Won the Turkey in Yeates Bros' Weekly Competition

J. J. McPherson was the winner of the 17 lb. turkey offered as a prize in the weekly shoot held in Yeats Bros'. shooting gallery on Saturday night. The result of the shoot was as follows:—

J. J. McPherson	57
A. Whitney	57
A. J. Casseman	56
S. Russel	55

In the shoot-off between Messrs. McPherson and Whitney, the former again scored 57, winning the prize.

The Midland team arrived in the City at noon to-day and are confident of winning to-night's game. The supporters will reach here on a special train between six and seven o'clock. The members of the team this afternoon amused themselves by visiting Jackson park and shooting the slide.

NEW OFFICERS FOR THE AGRICULTURAL SOCIETY

Annual Meeting of South Monaghan Society Held on Wednesday, January 9th

MR. RUTHERFORD THE NEW PRESIDENT

Examiner Special.

Benefort, January 21st. — The annual meeting of the South Monaghan Agricultural Society was held the Agricultural Hall, Centreville, on Wednesday, January 9th.

The president being absent, Mr. J. W. Jackson, the vice-president, occupied the chair. The minutes of the last meeting and the financial statement were read, showing a balance on hand of $177.54. The society is in a flourishing condition, and next year the officials hope to have one of the best shows on record in South Monaghan.

It was decided that in future the show will be known as the South Monaghan Agricultural Society's Show, and will be held in the Agricultural hall, South Monaghan.

The following officers were elected for the ensuing year:—

Pres.—Wm. Rutherford.
1st Vice-Pres.—J. W. Jackson.
2nd Vice-Pres.—J. W. Hall.
Treas.—Jos. Clark.
Secretary—Thos. J. Nimmo.
Board of Directors. — W. R. Morrison, H. J. Miller, Peter Dawson, Shepherd Huggins, M. Willan, H. Barnard, R. Thompson, Jas. Campbell, Thos. Huggins.
Auditors. — J. A. Porter, Bruce Eakins.

AFTER TEN YEARS

Mr. G. L. Stephenson of Peterborough, says: "For over ten years I suffered constantly with Piles, first itching, then Bleeding; pain almost unbearable; life a burden. Tried everything in vain till I used Dr. Leonhardt's Hem-Roid.

"I had taken but a few boxes when I began to notice an improvement, I decided to keep on, and now after using three boxes I am completely cured. My general health has also greatly improved. It gives me great pleasure to recommend Hem-Roid to all sufferers with Piles, and I am convinced that what it has done for me it will surely do for them."

A $1000 guarantee goes with every box of Hem-Roid. Price $1, all druggists, or The Wilson-Fyle Co., Limited, Niagara Falls, Ont. 6

LARGE CONGREGATIONS AT PARK STREET CHURCH

The B. Y. P. U. Meets To-night—Public Service on Wednesday

At the Park Street Baptist Church very encouraging congregations breasted the blizzard of yesterday, and the services were hearty and interesting. A man and wife were baptized at the evening service and received the hand of followship at the communion service.

The B. Y. P. U. will hold their session to-night at 8 o'clock, when good papers will be read. The young people will be in charge.

A public service will be held on Wednesday, when the pastor will preside.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, Jan. 21.—Opening prices were one to two points higher all around this a.m., but the improvement did not hold for over an hour, when the bear element got busy and, aided by liquidation in Reading, Atchison, C. P. R. and the Hill stocks, drove prices down rapidly, a raid on Interboro-Metro., which broke it 4 points, helping to unsettle sentiment.

During the last hour it became evident that the bears had sold themselves into a hole, and when they tried to cover found the market bare of stocks. A rally of a furious nature ensued, bringing prices back like a whirlwind, and carrying the market to the high prices for the day, where it closed. The rally may go some further to-morrow, but we would sell them if it does.

REGINA
Is The Queen City of the West

Our sales of REGINA CITY LOTS during the past two weeks assures us of the confidence Eastern Investors have in Regina City Property.

REGINA led all Canadian Cities west of Winnipeg and east of Vancouver in building estimates for the year 1906, and stood 5th in the whole Dominion.

The present year promises to surpass any three previous years.

The site for the New Provincial Government Building has already been purchased at a cost of $96,250.00, and it is the intention of the Saskatchewan Government to erect Buildings on this site, second to none in the West.

We have some Choice Lots For Sale, adjoining this site, ranging from $60.00 up; also Blocks of 40 Lots at from $1,800.00 up.

Terms on the lots are exceptionally easy and extend over a period of Eighteen Months, which gives the purchaser a chance to sell at a good profit on a very small cash investment.

Many are taking advantage of this opportunity of a good investment.

Call at Our Office and be convinced that Our Offer for investment is unequalled in any other Western City.

MUNICIPAL SERVICE AT ST. ANDREW'S LAST NIGHT

Annual Sermon Was Preached to the Mayor and Council and City Officials

NEHEMIAH WAS A MODEL MAYOR

To follow the example of Nehemiah, was the advice given by Rev. J. G. Potter, to the Mayor and Aldermen, and the city officials, at the annual municipal service at St. Andrew's last evening.

The civic rulers were present on the invitation of the Ministerial Association, and occupied pews in the front of the church. There was a large congregation present despite the inclemency of the weather, and a deep interest was manifested in the service.

Rev. Mr. Potter's sermon was a most inspiring one, dealing with the responsibility of those in authority in a manner that made his remarks most helpful to those to whom they were particularly addressed.

The subject chosen was "Nehemiah, the model mayor, and his officers."

In commencing Rev. Mr. Potter expressed appreciation of the honour of addressing the mayor and council. The Ministerial Association, he said ,had realized the great responsibility that was upon the shoulders of public servants, under the guise of a restless community. It was their aim not only to give every assurance of their support and loyalty, but on the other hand to inspire in the people of the city, the higher ideals of citizenship, so that Peterborough might be made an ideal city. The Association realized the public spirit displayed by the Mayor and Aldermen in giving themselves to the public service. The word of God, said the speaker, had given the office a greatness, a divinity, that ought to be an inspiration.

Rev. Mr. Potter referred to the example given by Nehemiah and in eloquent and forcible terms pictured the manner in which he had laboured for the rebuilding of Jerusalem. He showed how Nehemiah in his early life was surrounded by the luxuries and defilements of an idolatrous court, and how he left these things to labour for Jerusalem. In all things he served his own generation according to the will of God.

His work was started under great difficulties. It was impeded by jealousy on the part of many of his own people, and treachery on the part of his enemies. The speaker referred to the fact that he did not compromise with those against him, but was faithful until the great work he had undertaken was done.

Nehemiah was in the truest sense a religious man, but he did not let it take the place of duty. His confidence in God was an incentive to him to carry out his duties, and he had the true ideal in everything, and did not think of mere material prosperity.

Here the speaker expressed the hope that the growth of Peterborough would not be merely along material lines but that those in authority would keep a true defence in a moral and spiritual sense over all the citizens. It had been said that it was a more noble thing to live for a city than to die for one's country.

Rev. Mr. Potter passed on to speak of the conditions which might exist as Peterborough continued to grow, referring to higher rents and tax rate. He expressed the hope that those in authority might not be unmindful of those who were struggling under difficulties.

"The past councils should have the appreciation of every citizen," said the speaker, "for the great commercial enterprises they have established." Reference was made to the O. G. E., Quaker Oats Co., Cordage works and other industries, which had made Peterborough the object of envy to other towns and cities.

With new industries opening out, there was a temptation to be met. The men of the older factories, who had built their own homes, had taken up the responsibility of citizenship and had stood by the city, should be considered, and everything done to benefit and strengthen them.

In conclusion the speaker referred to the help that was, and could, be given the civic rulers by the pulpit and the press.

During the service, Mrs. T. D. McGregor, sang "Fear ye not, O Israel," in splendid voice.

The Old Testament lesson was read by His Worship the Mayor.

POPULAR RESIDENTS ARE HONOURED

Mr. and Mrs. Daniel Esson Presented With Morris Chair on Eve of Departure from Allandale

A very pleasant evening was spent at the home of Mr. Robt. W. Esson, Allandale, where about fifty friends neighbours of Mr. and Mrs. Daniel Esson, Sr., who are about to leave the neighbourhood, gathered and presented Mr. Esson with a handsome and comfortable Morris chair, and Mrs. Esson with a very pretty wicker rocker.

Mr. and Mrs. Esson were taken completely by surprise, having been kept in the parlour until the company assembled, when they were invited out to the dining room by their pastor, the Rev. Mr. Harrison, of Keene, where the accompanying address was read and the presentation made:—

Dear Mr. and Mrs. Esson,—As you are about to remove from this neighbourhood—your life long home — we wish to take this opportunity to express to you the esteem and regard in which you are held by your neighbours and friends.

When a favour or kindness was needed by any of us, we have always found Mr. Esson willing and ready to respond. And as for Mrs. Esson—what shall be say? The Good Book says of the good woman, "her price is far above rubies." This has surely been literally true in your case, as you have been ever ready when we have had sickness or trouble in our homes to give your sympathy and aid in a way that money could not buy. As a token of our esteem we beg of you to accept these chairs, hoping that you may long live to enjoy them and that the best kind of prosperity and success may be yours in your new home.

Signed on behalf of the company,
DAVID ARMSTRONG,
SAMUEL ARMSTRONG.

Mr. Esson, although taken by surprise, made a very suitable and feeling reply. Short and suitable addresses were then made by the Rev. Mr. Harrison and others on the subject of neighbourliness. A bountiful supper was served by the ladies after which God Save the King was sung and the company broke up about midnight, all going to their homes well pleased with the evening's entertainment.

EXCELLENT CONCERT AT TEMPERANCE HALL

Mr. Zufelt, of Chesterville, Gav Fine Lecture on Improvement of Dairy Industry

AN APPRECIATIVE MUSICAL CONCERT

The annual tea and entertainment of Central Smith Dairy Company was held in the Temperance Hall, on the fourth line of Smith on Friday night. The committee in charge of the entertainment were well repaid for their efforts, for, notwithstanding the fact that they have enlarged the hall, it was more crowded than ever, there being fully 400 in attendance. Mr. F. D. Kerr ably filled the position of chairman. Addresses were delivered by Mr. Zufelt, Chesterfield; Mr. Ed. M. Elliott, city; Reeve Scott, of Smith, and Mr. T. D. Young, president of the Peterborough Cheese Board.

The songs of Mr. Gamsby, of Orono, were much appreciated, as well as those of Coleman Bros., city. Mr. Kyle, of Toronto, was another of the entertainers, and won the large audience by his funny stories and speeches.

Mr. Zufelt's Address

The important feature of the evening to the many farmers and dairymen present was the address on cheese-making by Mr. Zufelt. In opening, he expressed his pleasure at being present with the patrons of Central Smith factory at the annual meeting of the year. He did not expect to see such a large number in attendance.

He had heard of the factory as being one of the best in the section. Its reputation stood high on the Cheese Board, and he was told that the method of caring for the milk was above the average. He was sure that the gathering showed that the patrons had faith in the dairy business. He had a few figures of records from the individual cow of some of the herds of Smith. Some were as high as 6000 pounds, some were as low as 1800 pounds.

"Now, it must appeal to you," he said, "that there must be a vast difference in the profits between these two records — hence the necessity of testing the individual cow."

In the latter case a number of these cows were not profitable and seemed to be kept only for their company. The Eastern Dairymen's Association have been, through their instructors, doing a good work to improve the dairy industry. This year they are going a step further and are asking the Government to pass laws so that the careless patron and maker can be compelled to send good milk and keep their factories in a sanitary condition. He emphasized this by saying that, should this law come into force, the progressive farmer would welcome it.

There was not a patron in the hall, he said, who would take from another's pocket one cent, yet the patron who sends milk in a gassy, overripe condition is causing a loss to the man who is sending good, sweet milk. He advised every dairyman to build a house for ice at one end, and a tank for water and ice in the other part, and set the cans immediately into this tank, to stir the milk occasionally, and then cover up to prevent evaporation of the cream. A crane may be used for raising and lowering the cans into the tank.

Our cheese, he explained, is known on the British market as Canadian cheese—hence the necessity of having a uniform article. The poorer cheese bring down the average standard, and to make a first-class cheese, three things were necessary, he said. The raw material must be in good condition, the factory must be properly equipped, kept in a clean condition, and managed by a competent maker. Canadian cheese to-day are selling from 1 to 1 1-2 cents below the English cheese. I exhort the patrons to do all in their power to bring the quality up to the English standard and receive the benefit of this higher price.

The makers of this county in the past have made the mistake of accepting milk rejected by another factory. This, he believed, would be prevented in the future by laws whereby a maker known to do this can be fined.

In conclusion, he advised that the patrons rival each other and see who can send the best milk to the cheese factory.

OTONABEE PROPERTY HAS CHANGED HANDS

Mr. George Taylor Has Purchased the Stewart Farm—Shooting Match on Thursday

Examiner Special

Keene, Jan. 21. 1907.— Mr. George Taylor of Otonabee recently bought the homestead of the late George Stewart, Esq., with the adjoining 50 acres, in all one hundred acres, from Mr. R. Hanbidge.

The amount of the purchase money is six thousand dollars, and the farm is to be worked by a son of Mr. Taylor.

One of the annual sports of the keen-sighted, known as a shooting match, will take place at the Bensfort bridge, under the supervision of Mr. Sam Blakeley, on the 24th inst. in the afternoon. The usual style of shooting pieces will be used, excepting military rifles, and the ordinary rules will govern the sports. Thirty plump turkeys await those who can decide their luck by just the right kind of hand and eye.

Danger in Farming.

"Dollar Wheat" is fine for farmers, but they take long chances with their health in getting the wheat. Bad weather, lifting, straining, wrenched backs, lay the foundation for Rheumatism and Kidney Trouble. There is a farmer, out Markham way, who was so busy making money that he did not realize he was making ill-health at the same time. He had headaches; often his back hurt so badly he could hardly stand, often the urine was highly colored and scalding. But he thought he was only "working too hard." One day he caught cold. The next day he had Rheumatism. This Markham farmer suffered 7 years with Rheumatism until chance brought a friend who told him about Bu-Ju. They relieved the excruciating pain, and cured him in three months.

MARKHAM, ONT.

"I had suffered almost continually for seven years with Kidney Trouble; could scarcely walk and was unable to attend to my farm duties. After taking the first few pills I felt much relieved, and after taking half a box was able to do a full day's work. I know one box of Bu-Ju saved me $40.00 Doctor's bill, and think they are the finest Pill made." JAMES ARNETT.

Bu-Ju
The Gentle Kidney Pill

We will refund your money should these Gentle Kidney Pills fail. 50c. a large box. At all druggists, or sent on receipt of price.

The Clafin Chemical Co., Ltd., Windsor, Ont.

"THE DAYLIGHT STORE"

A GREAT SUCCESS

The First Week of Our Great Stock Reduction Sale was certainly a Decided Success, and only goes to show how the people respond to our advertisements. They have certainly every confidence in our methods of advertising and know when we offer a line of goods at a price that our quotations are genuine. The fact that we have received such response to our sale makes us all the more determined to go on and persevere in our price reductions throughout the entire store. The regular price remains on each garment—also the reduced price, which leaves you able to see at a glance that we have used no half way measures in marking down prices.

MEN'S TROUSERS

Hundreds of pairs of Men's and Youths' Pants of materials best suited for stylish and particular young men, also the heavier weight goods—all going at the same reductions.

$1.50 Pants for	$1.25	$3.00 Pants for	$1.90

SUCCESSFUL BANQUET GIVEN TO SONS OF ENGLAND

Held Last Night in the Peterborough House, Brother Jas. Head, Proprietor —Very Successful Event

A. KINGSCOTE RECEIVED JEWEL OF MERIT

One of the most enjoyable banquets that have been held during this present winter season was that held last night under the auspices of the Sons of England Benevolent Society at the Peterborough House, Bro. Jas. Head, proprietor. It was in honour of the Supreme officers who were present from Lindsay and Toronto. The banquet was a subsequent event to the installation of the officers-elect, which function took place in the society's hall on Hunter street. The spread provided by Mine Host Head was indeed one that appealed to the epicurean tastes of the Sons of Old Albion, and it is safe to say that each and every guest had the time of his life. The tables were gaily decorated and the walls hung with appropriate designs and bunting, the work of Bro. Kingscote, who deserves special mention.

After full justice had been done to the wholesome repast the guests were in the humour of listening to the addresses, music, songs and story that followed.

Around the seat of honour were Mr. W. J. Boxall, Supreme Grand Treasurer, of Lindsay; Mr. Milburn, District Deputy, of Lindsay; Messrs. E. A. Peck, S. A. Oke and Mr. Kitney. The latter acted as toast master in a very satisfactory manner.

The first toast was proposed by Bro. William Taylor. His speech was as follows:

about as follows:

Mr. Chairman, Gentlemen and Brethren,—It becomes my proud duty to propose a toast which I am sure will touch the heart of every Englishman, and not his heart alone, but the heart of every man who honours true greatness—the health of the best King who occupies the throne to-day, if not the best King who ever filled any throne, a monarch who is honoured, not only by his millions of subjects, but by all the wide world. It is fitting that every son of England should honour the Father of England — he's the daddy of them all. I have the honour to propose the health of King Edward VII., God bless him!

The toast was heartily drank, and the National Anthem sung. Mr. R. F. Rumney, of the local branch of the Metropolitan Life Insurance Co., accompanied the different singers and choruses in a very finished manner.

The next toast was that to the Supreme Officers, by Bro. Oke. He expressed his pleasure at being honoured to propose this toast, and referred to the interest that the officers had shown in the society.

Bro. Boxall, one of the Supreme Grand officers, said he was pleased at being present. His duties were rather onerous as he had many miles to travel and to officiate at many lodges. He said that the S. O. E. were in a most prosperous condition and their increased membership meant more work for the officers. Plans are being considered for the erection of a home for the society in Toronto. The first plans to provide for a building proved altogether inadequate for the requirements. Thus new ones have been prepared and judgment will be passed upon them soon. The speaker said that in the last two years $66,000 had been paid in sick benefits and $44,000 in doctors' fees. He also stated that the Order is an assistance to the sick brother, and, what is more, to his home, his wife and children.

Bro. Runnet then recited "The Midnight Cavalry Charge," and was well received. Bro. J. E. Firth delivered in fine voice the "Veteran Song."

The next number was the presentation of the Jewel of Merit to Bro. A. Kingscote by Supreme Grand Treasurer Bro. Boxall. He referred to Mr. Kingscote's faithful services and considered that he was well deserving of some mark of recognition. He then pinned the decorating medal on Mr. Kingscote's breast.

The latter said he was greatly surprised and honoured by the token of appreciation of his services. He said he had endeavoured to do his duties and was satisfied that no complaints had ever been made during his twelve years of service as treasurer. The Jewel carried with it the full honours of a Past President.

The remainder of the programme was as follows:

Song—"The Old Brigade"—By Mr. Walter Stocker; rendered in splendid manner.

"Sister Societies," proposed by Bro. Wareham.

"Our Visiting Brethren," proposed by Bro. Peck, and responded to by Bro. Milburn.

Recitations by Bros. Tivey and Williams.

"The Ladies," proposed by Bro. Long, and responded to by Bro. Brown.

The last toast was a very popular one to the host, proposed by Bro. Simmons and responded to by Bro. Head.

The evening was brought to a successful close by the singing of "God Save the King."

ANNUAL MEETING HELD YESTERDAY

The Little Lake Cemetery Company Held Annual Meeting—No Special Business of Importance Transacted

The annual meeting of the Little Lake Cemetery Company was held yesterday afternoon in the council Chambers. The following gentlemen were present: Dr. Burnham, and Messrs. R. M. Dennistoun, T. A. S. Hay, J. J. Lundy, Jas. Stevenson, Frank Wise, Charles Stapleton, B. Shortly, and Mr. W. H. Moore, who occupied the chair.

The secretary, Mr. R. M. Dennistoun, read the minutes of the last meeting, which were adopted.

The president, Mr. W. H. Moore, then read the directors' report, as was published in Monday's issue. It was likewise adopted, on motion of Mr. Moore and Mr. T. A. S. Hay.

Mr. Dennistoun's report, that of secretary treasurer, was also carried, on motion of Dr. Burnham and Mr. Dennistoun.

Mr. Frank Wise, the superintendent, then read his report, which proved satisfactory to the shareholders and directors. The adoption was moved by Mr. B. Shortly and seconded by Dr. Burnham and carried.

Regarding the appointment of auditors, Mr. Lundy moved, seconded by Mr. Stevenson, that Messrs. Sheriff Hall and T. Q. Quartermaine be appointed.—Carried.

The next business was that of appointing directors. Mr. Lundy moved that the old board be re-elected. The motion was carried.

The meeting subsequent to this was a directors' meeting. Mr. W. H. Moore was re-elected president, on motion of Mr. Hay and Mr. Lundy, and Mr. Peck was again chosen as secretary-treasurer.

A special committee formed of the following directors, Messrs. Hay, Stapleton, Stevenson and Shortly, was re-elected.

Mr. Wise's term as superintendent is not up for two more years, and thus needed no consideration.

This concluded the business of the meeting, which was then adjourned.

WILL BRING OUT 25,000 SETTLERS

Salvation Army Will Bring That Number to Canada During Present Year

As a successful immigration agency the Salvation Army has come into great prominence, and during the past four years about 20,000 people have been directed to this country through the agency of this world-wide organization. Sixty per cent. of these have been placed in Ontario, 30 per cent. in the Northwest, and the remainder in Quebec and the Maritime Provinces.

Thirteen thousand persons came to Canada under the auspices of the Army last year, and were selected from a possible one hundred thousand applicants. These figures convince us of the fact that great discretion is used in the selection. During the coming season, 1907, it is estimated that fully 25,000 persons will avail themselves of the Army's Emigration facilities, and book passages to Canada. The entire accommodation of three steamers has been chartered for the season, besides all available accommodation on Dominion, Allan and C. P. R. steamship lines.

The majority of the new-comers will be available as farm labourers, teamsters, navvies, quarrymen, railway construction workers, factory and general labourers, and farmers and others desiring the services of same will do well to apply to Brigadier Howell, James and Albert streets, Toronto, for application forms.

If house accommodation can be furnished, married men with growing families are specially recommended as being more permanent and stable. Farmers are recommended to apply for married men when possible.

CITY'S APPLICATION FOR SPECIAL REQUESTS

Considered Minutely by Committee of the Whole—Government Urged to Lease No. 4 Dam to Otonabee Power Company

COATE'S BY-LAW STANDS AS ADVERTISED

The meeting of the Committee of the Whole took in the consideration of many questions. The clauses to be inserted in the city's private bill were first touched upon, most of which were endorsed without much discussion. The question of changing election day to New Year's Day permanently, and to assist the Rapid Tool Company, were among those discussed at some length. The Collegiate Institute site was a source of trouble during the last hour of the meeting, but nothing definite was decided upon. The two deputations, one to the East, and the other to the West, were also heard from.

Those present were His Worship the Mayor, Ald. Tovey, Phelan, Morgow, Bradburn, Stevenson, McIntyre, Johnston, Ball, Wilson, Elliott, Duncan, Leary, and the City Solicitor.

The first question considered was the various items which were to be incorporated in the city's private bill to come before the Legislature. Among these are the petitions to give the city certain power and water privileges; to authorize the Council to construct permanent crossings, and to issue debentures for the same; to have the municipal elections on New Year's Day; to constitute the Water Commissioners a body corporate; to authorize the Water Commissioners to levy and collect water rates on all properties fronted by water mains; to confirm several money and fixed assessment bylaws; to aid the Rapid Tool Company; to ratify the Coates Company's agreement with the city.

Voting Day Lengthened

On the question of changing the municipal election day, there was considerable discussion.

Ald. Phelan believed that the Council should leave well enough alone, and moved that the Council do not proceed with legislation in that matter. This was seconded by Ald. Morrow.

Ald. Tovey, in moving an amendment, stated that, personally, he was not particular, but he believed that the working men should have an opportunity to vote on the bylaws, which generally affect them the most, and these men, or many of them, do not want to lose any time, and for this reason he believed that New Year's Day should be made the permanent election day.

Ald. Stevenson asked if that result could not be brought about by making more polling places, but Ald. Tovey did not think so.

Ald. Phelan thought that many voted for Mayor and councillors and never looked at the bylaws.

Ald. Johnston thought that probably this was just as well in many cases, as some would certainly have voted against them if they had voted at all. He was sorry the Rapid Tool Company bylaw did not pass, and hoped that something could be done for it in the city's private bill.

Ald. Ball agreed with Ald. Tovey, and thought that the workingman should be given a better chance.

Ald. Bradburn suggested that the polls be kept open, say an hour later in the evening.

This idea met with general approval, but the Solicitor informed the Council that that could not be substituted this year in the city's bill, as the other suggestion had been advertised.

It was then decided to drop out this particular clause, and ask the West Peterborough member to introduce a bill asking that the voting hours be lengthened to 8 o'clock.

Rapid Tool Company

Considerable discussion was had on the clause which asked that assistance be given to the Rapid Tool Council. Most of the Council agreed that the clause should be inserted. Ald. McIntyre was not in favour of this, as he considered the law would have to be over-ridden, since there were not enough votes in favour of it. He considered the Council had gone far enough and had done all they promised. Ald. Ball's views were along the same line.

The Rapid Tool Company asked for $1,200 to assist in payment of a site and a fixed assessment on the value of the property.

The Solicitor suggested that it should be included in the legislation asked for, and that the company should be present to present their views.

Ald. Elliott thought that the company should be given assistance, in view of the assurance given by the Council when the question was first brought up.

Moved by Ald. McIntyre and Ball, that the Council do not proceed with the bylaw to confirm the Rapid Tool Company. This was voted down by a large majority.

Coates Company Agreement

The agreement with the Coates Company was next considered.

Ald. Morrow explained that Mr. Dunwoodie had sailed from England and would be here about February 2.

Ald. Ball stated that many citizens wanted to know whether the company intended to erect stores in their village, as well as dwelling houses. This was not considered probable, but the question will be asked of the officials of the company.

Ald. Morrow explained that the clause about the company securing the waterworks for their factories and for fire protection was somewhat objected to by the Coates Co.'s solicitor. This will also be taken up with the officials when they arrive.

The clause regarding the purchase of the Peterborough Light and Power Company's privileges was left as it stood.

At this juncture it was moved and seconded that a vote of thanks be extended to Rev. J. G. Potter who preached the municipal sermon on Sunday night. This was unanimously carried.

Ald. Wilson informed the council that all the stones had been used from the city's gravel pit. This was left to the Board of Works to consider.

Ald. Elliott brought up the matter that a number of poor people were in the County jail. He believed that terms should be arranged with the County Council to have them sent to the House of Refuge. Moved by Ald. Morrow and McIntyre that the question be referred to the Joint Committee to confer with the County Council upon the terms.—Carried.

Geo. Scott applied to the council for a license to run a moving picture show at 432 George street for a period of about four months.

Moved by Ald. Bradburn and Duncan, that he pay a license of $20.00 for the term of four months.—Carried.

Collegiate Site

The Mayor brought up the question of the situation of the new armouries and Collegiate Institute, explaining what had been discussed up to the present. He believed that it was now up to the city to decide whether the Institute should be placed on lots 3 and 4 or on 5 and 6. Ald. Morrow thought that the Board of Education was a representative body and that it was quite capable of making its own decision as to the site of the Institute. The Board had paid $10,000 for lots 3 and 4 and he thought that it should be given the lease of the four lots with the restriction that only two of them be built on. Ald. Morrow and the Mayor parleyed for some time but neither was conciliated. A number of the other Aldermen took part in the discussion which waxed warm at times. Most of them appeared to be of the opinion that the two buildings should be on line with each other on the western side, but as they did not know on which lots the Government intended to locate the armouries they could not arrive at a definite opinion with regard to the exact position.

Moved by Ald. Morrow and Johnston, that the School Board be given the deed of lots 3, 4, 5 and 6, with the provision that they only build on two of them.

Ald. Leary moved an amendment that the School Board be given the deed of 3, 4, 5 and 6 lots with the provision that the Institute be erected so that its eastern wall would be in a line with the east of the armouries.

The question then arose which building was to be begun first. It was then moved by Ald. Leary and Elliott that Ald. Stevenson find out before next Monday, if possible, on what lots the Government intended to erect the armouries. This was carried and the discussion dropped.

Lease of No. 4 Dam

After the deputation was heard in connection with this question, the council agreed that in the event of the Otonabee Power Company being granted the lease of Dam No. 4, the Government be requested to insert a clause in their lease guaranteeing the city 500 h.p. for manufacturing purposes at $15.00 per h.p. for a term of 21 years.

To insure that the city be granted this it was moved by Ald. Leary and Wilson, that the resolution contain a clause urging upon the Government that the lease of Dam No. 4 be given to the Otonabee Power Company.—Carried.

The same Aldermen moved that a committee consisting of the Mayor, the City Solicitor and Ald. Stevenson be authorized to draft the resolution.—Carried.

CATS ATE TIPSY MICE AND BECAME TIPSY TOO

Brandied Christmas Fruit Cake Responsible for This Holiday Dissipation

New York, Jan. 21.—John Koenig, No. 518 Willis avenue, the Bronx, owns two fine tiger-cats, Tom and Jennie, usually sedate creatures. The cats behaved most disreputably yesterday. Tom staggered about the house like a gilded youth in a lobster palace at 3 a.m. On January 1 Jennie sat up like a squirrel, and smiling sweetly, made passes with her front paws at something she only saw.

Koenig, sober man, was greatly shocked that his pets should begin the New Year so. He learned how they had gone astray when he found in his pantry the remains of a fine fruit cake and of several mice.

The fruit cake had been "seasoned" for weeks in brandy. Rich, redolent and tempting, it was to have crowned Koenig's domestic feast last night.

The mice had filled themselves with fruit cake and brandy.

The cats had filled themselves with mice, fruit cake and brandy.

Tom and Jennie suffered severely from katzenjammer last night, but Koenig had no sympathy for them.

Band at Street Railway Rink to-night

Malta-Vita

Steamed, cooked, mixed, baked and packed in absolute cleanliness, Malta-Vita comes to you the most healthful, the most delicious food in the world, rich in all the nutrition of the best white wheat and finest malt extract, every flake baked brown and crisp. Don't let the verdict you have passed on some other flaked food keep you from trying Malta-Vita. It isn't at all like the tasteless variety. Old folks and young folks and little children, all have found that there's nothing quite so good for breakfast, or at any other meal, as a bowlful of Malta-Vita with cream or fruit. And Malta-Vita is always ready to eat—no cooking, no inconvenience, no delay.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act, as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY.
Deputy of the Minister of the Interior.

THE DIGNITY OF THE UNITED STATES

Saved By Admiral's Compliance With Governor's Order.

TO WITHDRAW HIS MARINES

Admiral Davis Greatly Shocked and Pained At Governor Swettenham's Attitude to His Mission of Mercy to Jamaica—"There Is No Truth In It," Says Acting Secretary of State Bacon.

Kingston, Saturday, Jan. 19.—(Associated Press Despatch.)—Rear-Admiral Davis' mission of mercy to stricken Kingston came to an abrupt and painful conclusion to-day, in consequence of Governor Swettenham's objection to the presence of American sailors engaged in clearing the streets, guarding property and succoring the wounded and sick. It culminated in a letter to the admiral peremptorily requesting him to re-embark all parties, which had been landed.

Admiral Davis' was greatly shocked and pained and paid a formal visit to Governor Swettenham to-day to inform him that the United States battleships Missouri and Indiana and the gunboat Yankton would sail this afternoon.

To the Associated Press Admiral Davis said that immediate compliance with Governor Swettenham's request was the only course consistent with the dignity of the United States.

The friction between the governor and Admiral Davis began with the arrival of the American war vessels. The governor objected to the firing of a salute in his honor on the ground that the citizens might mistake the firing for a new earthquake. He also declared there was no necessity for American aid — that his Government was fully able to preserve order, tend the wounded and succor the homeless.

Admiral Davis, however, landed parties of bluejackets, who patrolled streets, cleared debris, razed ruins, attended many of the wounded and won the highest praise from citizens and military officers or excellent work.

Newspapers Making Trouble.

Washington, Jan. 21.—Acting Secretary of State Bacon last night when shown the despatch from Kingston regarding Governor Swettenham's attitude toward Rear-Admiral Davis, who went to Kingston with two battleships, a cruiser and a torpedo boat destroyer to administer aid to the stricken people at once declared that it was not true. He charged that the newspapers were trying to make trouble between Rear-Admiral Davis and Governor Swettenham. "There is not truth in it," he said emphatically "I know what I am talking about. There is not the slightest kind of trouble or foundation for it in any way, shape or manner. The ships have not sailed. I know exactly what happened," he added, "there is no foundation for it in any manner. That is prefectly straight. If you are looking for facts those are the facts."

Mr. Bacon would not disclose the source of his information, but indicated possibility of official advices.

Estimates of Dead Too Moderate.

The original estimates of killed were too moderate. Over five hundred victims have been buried, and scores of half-burned bodies have been taken from the ruins of collapsed buildings and cremated at the crossings of thoroughfares, with the view of avoiding the outbreak of an epidemic.

Fully one thousand persons have been maimed for life, their legs or arms having been amputated, and those who sustained lesser wounds are counted by thousands.

Nothing has been done as yet toward the reconstruction of shattered buildings, or even to repair the damaged residences in the northern and eastern parts of the city and in the suburb of St. Andrew. Indeed, it is impossible to do anything to this end.

Vultures Reveal Dead.

Last night the streets of the burned district still reeked with the stench of decaying bodies. The burned ruins were illuminated only by the baleful glow of the corpse fires lining the roadways.

To-day many bodies were recovered through the aid of vultures, which perch in flocks on the ruins. As fast as they are uncovered the bodies are thrown on the funeral pyres and slowly consumed.

The total number of known dead is about 750, and it is believed there are at least 150 persons who have not been accounted for.

Food is coming into the city from the country districts, but a famine is greatly feared.

Quakes Continue.

Slight earthquake shocks continue at irregular intervals. There were five on Thursday, four during Thursday night, and two this afternoon. But the people are ceasing to be alarmed at them, and are beginning to face the future calmly, even if somewhat hopelessly.

The steamer Port Kingston, carrying an enormous crowd of passengers, including Sir Alfred Jones and his party of distinguished persons, as well as the West Indian delegates to the interrupted agricultural conference, left here Friday for England by way of Barbados.

Refugees Report 1,000 Dead.

Santiago, Cuba, Jan. 19.—The steamer Oteri, the second refugee ship from Jamaica, arrived here at daylight. She left Kingston Friday morning, and brings 132 passengers. The refugees report that the list of dead from the earthquake and fire is over 1,000. Continued light earth-shocks were felt up to Thursday. A large proportion of the persons killed were women.

Governor Swettenham feels that he now has the situation well in hand.

No brick houses in Kingston remain standing.

Relief Steamers Sail.

New York, Jan. 21.—The Hamburg-American line, Atlas service, steamer Allegheny, with a large quantity of stores and clothing for the sufferers by the earthquake in Jamaica, sailed Saturday for Kingston. A still greater quantity of supplies went by the same line's steamer Prinz Joachim, which sailed for Jamaica and South American ports yesterday.

Contribution of $10,000.

Halifax, Jan. 21.—The board of directors of the Bank of Nova Scotia have contributed $10,000 to the provincial fund for Jamaica's relief.

A TERRIBLE TRAGEDY.

Family of Five Wiped Out At Calgary —Parents and One Child Dead— Two Others Will Die.

Calgary, Jan. 21.—The worst tragedy in the history of Calgary was discovered late Saturday night when it was found that a whole family had been practically wiped out of existence. Father and mother and newborn babe are dead, while two children aged three and four are dying.

The first known of it was when a telephone message was received at the police station that a family named Ferdinand, a proprietor of a tannery, living in an isolated part of the city, had not been seen for several days.

The constable at once went to the house and forced open the door, when he was confronted with the sight of Mrs. Ferdinand, partly dressed, lying dead on the kitchen floor. On searching the house Ferdinand was also found dead in bed, with his two-year-old son alive, but unconscious, his arm around his father's neck. The boy's body was warm, but his legs were frozen almost to the knee.

A new-born child, dead, was also discovered in bed.

In a cot near, with blankets nailed to the framework, was a four-year-old son, also unconscious, and with frozen feet and legs.

Mrs. Ferdinand had evidently partly dressed, and was attempting to light the kitchen fire when overcome.

The children have been removed to the hospital, but hopes of their recovery are poor.

There are rumors of foul play. The real cause of death of Ferdinand has not been ascertained, although the others froze to death.

Couple Nearly Drowned.

Kingston, Jan. 21.—Henry Eaves and wife, Simcoe Island, near here, had the narrowest kind of an escape from drowning Friday afternoon. In driving home from this city when about 500 feet from shore a large piece of ice gave way, precipitating the outfit into the water, which is 40 feet deep at that spot. The horse and cutter sank immediately. The woman and man were rescued by several men attracted by the cries of the frightened couple.

ARMS AND HEAD TAKEN OFF.

Well-Known Stevedore of St. John Meets a Horrible Death.

St. John, Jan. 21.—A terrible death was met by Wallace Brown, a well-known stevedore, Saturday morning. He was caught in a wench on the Donaldson liner Athenia and crushed to death.

As soon as his perilous position was noticed, word was sent to stop the engine, but before the machine had been brought to a standstill Brown had been twisted around and killed.

The body of the unfortunate man was terribly mutilated. Both arms were taken off and also the head. Mr. Brown was one of the best known stevedores in St. John, about 33 years of age and married.

DEATH AT A FUNERAL.

"Wake" Causes a Fire; Nephew Killed In Going to Obsequies.

St. Jean, Port Joli, Que., Jan. 21.—The house of Antoine Morneau of St. Aubert was completely burnt down Saturday, with all the contents. Mrs. Morneau was being "waked," having died on Friday. Three men were badly burned in trying to save the corpse, which was partially burned. One of Mr. Morneau's daughters, who had just arrived home, lost her trunk, with all her clothes and $150 in money in the fire. There is no insurance.

Louis Morneau, merchant, of St. Jean Port Joli, who had gone to his aunt's funeral, was found yesterday morning, accidentally killed, on the I.C.R. tracks.

Arrested At Napanee.

Belleville, Jan. 21.—Robert E. Fulljames was arrested in Napanee, charged with misappropriating funds belonging to C. B. Scantlebury. He had been getting orders for pictures and frames and neglected to hand over the money. He was remanded for a week.

A New Deputy In Manitoba.

Winnipeg, Man., Jan. 21.—Justin J. Golden, well-known citizen, formerly auctioneer, and at present immigrant agent in Winnipeg, has been appointed Deputy Minister of Agriculture for Manitoba.

HEART TROUBLE CURED

In the rush, hurry and worry of modern times, we overwork the heart. Is it any wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this important organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time tone up and invigorate the nervous system, we have such a combination in

MILBURN'S HEART AND NERVE PILLS

Mrs. Ella Dingman, Morganston, Ont., writes of her experience with them: "It is with the greatest of pleasure that I recommend Milburn's Heart and Nerve Pills. I was troubled for a long time with my heart; I had weak and dizzy spells, could not rest at night, and I would have to sit up in bed the greater part of some nights, and it was absolutely impossible for me to lie on my left side. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another box and they effected a complete cure. I have not been troubled with my heart since."

Price 50 cents per box or 3 boxes for $1.25 all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PROMINENT CANADIAN ARTIST RESTORED BY BILEANS

Below is given the testimony of a famous artist whose health has been restored by Bileans. If you are ailing to-day, scores of preparations claim your attention. Why should you prefer Bileans? There are several reasons. First, because they are specially compounded from rare vegetable essences. Then because they act directly on the most important organs of the body—the liver and stomach. Because they are mild in operation. Because medical practitioners, artists, nurses, housewives and men and women of wide experience have proved over and over again that Bileans permanently cure all liver and stomach disorders. Because Headache, Indigestion, Biliousness, Female Ailments, Constipation, Piles, etc., all originate from a certain morbid condition of the liver, digestive system and blood. Bileans cure these and other ailments by getting right back at the root cause and correcting matters there. Now note Mr. Hand's experience below:—

Mr. Arthur R. Hand, of Woodgreen Place, Toronto, the well known artist and teacher of painting on glass, china, etc., says:—I was very ill some months ago with acute Indigestion and Liver Disorder. Attacks of pain followed food. There was a constant feeling of uncomfortable fullness in the stomach, pains in the chest and under the shoulder blades and rifting and belching of gas.

I had constipation so badly that no medicines seemed to have any effect on the bowels. I dieted a great deal, but the slightest food brought the same distress. You can well imagine that as I did not digest my food properly my strength rapidly left me. I was very weak and emaciated when Bileans were brought to my attention but I determined to give them a trial. From the first few doses I got a little relief and I persevered with the remedy, giving it a fair trial. I left off everything else and in a short time found a wonderful difference. Each day I got better and better, and in the end Bileans cured me completely. Now my food digests very nicely and my bowels act quite naturally.

"Before I took Bileans my food did me no good, and I was losing weight rapidly. In a few months, through the use of this valuable remedy, my weight increased from 125 to 165 lbs. This increase, too, is not useless fat, but sound, healthy flesh."

Kidney Disease and Sick Headache Completely Cured

Just as the foregoing case shows how effective Bileans are in case of Indigestion, Constipation and allied ailments, the following experience of a British Columbia man and his wife shows their value in cases of kidney disease. When the kidneys are diseased, impurities are forced into the blood which should be expelled from the system, and being carried to the head by the circulation cause sick headache, nausea, dizziness, etc.

W. B. Haines, of Shortreed, B. C., says:—"My wife and I have been taking Bileans for some time. They have cured me of Kidney trouble and my wife of sick headache. I had had kidney trouble for 20 years, but now believe that I am entirely cured. Please find enclosed $2.50, for which send me six boxes of Bileans. I believe they are a splendid family medicine."

Bileans Cure

Indigestion, constipation, piles, general debility, anaemia, female ailments, rheumatism, blood impurities, liver and kidney complaint, headache, dizziness, wind, colds and chills, "those shivering feelings," and all liver and digestive disorders. Bileans are sold by all druggists at 50 cents a box, or from Bilean Co., Toronto, for price. 6 boxes for $2.50.

FREE BOX

Send this coupon and 1 cent stamp to Bilean Co., Toronto, and free trial box will be mailed you.

TRAIN BLOWN FROM THE TRACK

Carload of Powder Explodes and Passengers Blown to Pieces.

KILLS 22 AND INJURES 35

In Another Big Four Wreck 16 Persons Were Killed, But That Number Is Likely to Be Increased—Winnipeg Flyer On the Great Northern Wrecked By Spreading Rails—Four Or Five Hurt.

Terre Haute, Ind., Jan. 21.—Twenty-two charred and mutilated bodies were taken from the smouldering ruins of the accommodation passenger train on the Cleveland, Cincinnati, Chicago and St. Louis (Big Four) Railroad, following its destruction Saturday night by the explosion of a carload of powder as it passed a freight train at Sandford, Ind., five miles west of Terre Haute. The number injured will total at least 35.

The cause of the disaster has not been fully explained. The result was terrible. The shock was felt for 30 miles, many believing it an earthquake.

The entire train, including the locomotive, was blown from the track, the coaches were demolished, the engine was hurled 50 feet and the passengers were either blown to pieces, consumed by fire or rescued in an injured condition.

30 Or 40 Dead.

Big Four officials, who yesterday directed the cars of the injured, said that the death list might reach between 30 and 40. Already 13 dead bodies have been identified, and five unidentified bodies have been taken from the wreck. Four other persons are missing and probably dead.

According to E. W. Thiers, local freight agent, enough remnants of bodies have been found to indicate a dozen more victims or a possible total of 34 dead.

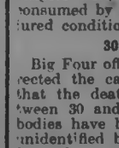
FLYER WAS WRECKED.

Sixteen Persons Crushed Or Burned to Death At Fowler.

Fowler, Ind., Jan. 21.—At least 16 persons were crushed or burned to death Saturday in a collision between a freight train and the Cleveland, Cincinnati, Chicago and St. Louis "Queen City Flyer," which left Chicago Friday night. Ten persons were seriously injured and several more slightly hurt.

The passenger train was running 50 miles an hour, and consisted of a combination coach, three sleeping cars and a Big Four private car, occupied by Mrs. C. E. Schaff, wife of the vice-president of the railroad. The train was destroyed by fire, except the private car and one sleeping car. Seven of the dead have been identified. Eleven of the victims were burned to death in the combination coach, and only two of these have been identified.

With but one exception, every member of the passenger train crew perished. None of the passengers in the sleepers suffered serious injury.



DR. A. W. CHASE'S CATARRH CURE ... 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

Wash Silk is Fast Color, Highest Lustre Artistic Shades

Why waste your labor using inferior silks—buy Corticelli—and see the difference in results

There were many instances of presence of mind and rare heroism among the passengers who were uninjured.

Yesterday afternoon enough fragments to make eight bodies were recovered. It is probable the exact number of victims will never be known.

WINNIPEG FLYER WRECKED.

Spreading Rails the Cause—Four Or Five Injured.

Minneapolis, Jan. 21.—The Winnipeg flyer, or Great Northern Express, was wrecked half a mile east of Osslo at 9 a.m. Saturday owing to the spreading of the rails. Three passengers were injured, and while railway officials positively decline to give out their names or any particulars, it was learned that the list of injured will not exceed probably four or five, and that none were killed.

The known injured are Mrs. A. E. Blow, Fort Frances, Ont.; E. H. Lewis, Chicago, and A. H. Corelli, Clerk of the Manitoba Legislature, Winnipeg. Mrs. Blow is in a dangerous condition in the hospital here suffering from severe body bruises. Mr. Lewis has a deep cut on the head, but will recover. Corelli has a bad scalp wound, two ribs broken and other injuries, but his recovery is anticipated.

It is possible a deliberate attempt was made to wreck the hospital train returning here from the scene. An employee of the railroad, M. Schnider, found every bolt in the fish plates of the rails for a quarter of a mile east of Robbinsdale cut and removed, and many of the spikes partially withdrawn. The train was due in a few moments when he made the discovery. He was able to communicate with sectionmen, who flagged the train within a few rods of the damaged tracks. Railroad officials say this may have been done by a damaged wheel on another train, but will institute a most rigid inquiry.

I'm sorry for you, little dog. I am.
When your feet get cold and wet.
But if Granby Rubbers were made for dogs
You should h... ...rs, you bet.
With your feet warm and comfortable in GRANBY-OVERSHOES, cold weather has no terrors.

Sealed tenders addressed to the undersigned and endorsed "Tender for Dredging St. Mary's River, Sault Ste. Marie, Ont." will be received at this office until Monday, January 21, 1907, inclusively, for dredging in the St. Mary's River at Sault Ste. Marie, Ont., according to a plan and combined specification and form of tender to be seen at the office of J. G. Sing, Esq., Resident Engineer, Confederation Life Building, Toronto, on application to the Postmaster at Sault Ste. Marie, District of Algoma, Ont., and at the Department of Public Works, Ottawa.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, for SIX thousand dollars ($6,000.00) which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, December 28, 1906.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

TALE OF LIVING DEATH

MINER DESCRIBES EMOTIONS DURING ENTOMBMENT.

Hope Was Always In His Heart—"Sometimes I Liked It," Says Hicks, Who Thinks Tobacco Kept Him Alive—Rats and Dead Comrades His Only Companions—Not Emaciated When Rescued.

Lindsay B. Hicks, the miner who was rescued at one o'clock in the morning of Dec. 23 from the tunnel of the Edison Electric Co. at Bakersfield, Cal., talked almost merrily within a day thereafter of his fifteen days' living entombment. He said there were times when he really enjoyed himself, imprisoned though he was in the bowels of the earth, with rats, who feasted on the dead bodies of his fellows, as his only companions. Hicks was not at all weakened by his experience. In excellent spirits, he related the following story:

"It was awful close in there. At first I thought I would die like the poor fellows above me did. God, it was awful to hear them moaning and twisting in the debris, dying by inches from suffocation. But after awhile a cool draft of air came sweeping up from below and I knew then I would never be without air, as there would always be a current through the crevices.

"When the crash came I started to run up the shaft, keeping along the right rail. A falling timber struck me, and I fell to the floor. When I

LINDSAY B. HICKS.

tried to get up I was closed in. The timber didn't hurt me much, and in a few days I was all right again.

"I never had any fear. The death struggles of the other men were awful enough. After the fifth day I knew that I would be saved. A feeling came over me that God was with me. I am grateful to God, and I will never go to hell if praying can save me.

"And maybe you won't believe me, but sometimes down there I really enjoyed myself. That tobacco saved my life. It is the greatest foodstuff on earth. But for it I would be in there a cold corpse right now.

"After my plug gave out I tried hard to reach an empty sack which lay just above me. The rats would run across it and I had a hard time keeping them from eating it. I struck at them, but they were almost out of reach.

"At last two hit it and knocked the tobacco sack down. There were only a few grains in it, but the taste of these gave me renewed life.

"The rats became thicker each day. Sometimes it gave me a shudder when I felt one run across my face. Then I thought how it had just returned from a meal off the bodies of the poor fellows who had died near me.

"Then sometimes I amused myself with the bell wire, which fell right in front of me. By pulling a long time I broke this, and then I would play tunes on the wire, and many weary hours passed in this amusement.

"I was so cramped in there that I could not stretch my legs out. When I wanted to rest I would stick one of my legs down a crevice and stretch. You see the seat of my trousers is worn out from shifting about.

"When I wanted to sleep I just put my hat on a wheel of the car and rested my head on it."

The last cut on the tram rail—the final work necessary to Hicks' rescue—was finished after midnight. No sooner was the section removed and the way left open than Hicks began to scrape away the rocks and dirt and crawl toward the opening.

With arms in front of his head he went into the miniature tunnel and began to work his way slowly through to the other side of the car. When he had progressed about half way he stopped. Supt. Frank Miller, who stood at the tube at the mouth of the shaft, immediately asked what was the matter.

"O, nothing," Hicks called back. "I'm just going to stop. I'm out of wind. My wind is short, you know."

Hicks moved a few inches farther toward freedom. Then his arms were seized by Dr. Stinchfield and Miner Gents, who, exerting all their strength, pulled the miner into the main tunnel, where he was placed in a sitting position.

Hicks was not emaciated, as was expected. He was strong, and the stimulants that had been prepared for him were not needed. His beard was thick and stubby, but not grown out. His face and hands were dirty, but his clothing was fairly clean and in good condition.

As soon as Hicks had stood up, stretched, and blinked his eyes in the candlelight, Dr. Stinchfield stepped forward, with tears in his eyes, and, laying his hands affectionately on Hicks' shoulders, said:

"Well, how are you, old boy?"

"I am feeling fine. I can never thank you, doctor, for what you have done."

Then Supt. Cone, who had staid by the work day and night, came forward, took Hicks by both hands, and said:

"I am glad to see you again, old man."

Hicks attempted to thank Cone also for his efforts in his behalf, but his feelings choked him.

Hicks has since accepted a lecture engagement for a year at a salary of $500 a week from N. J. Schmidt of Berkeley, Cal. Harry Linville, prominent in the rescue work, has been engaged to act as lecturer, and two of the miners will also be taken along.

ART OF CONVERSATION.

Modern Methods and Manners Have About Destroyed It—Polished Conversationalist Is Rare To-day.

In olden times the art of conversation reached a much higher standard than to-day because of the complete revolution that has taken place in the conditions of civilization. Formerly people had almost no other way of communicating their thoughts. Knowledge of all kinds passed almost wholly through the spoken word. There were no great daily newspapers, no magazines or periodicals of any kind. People were not in so much of a hurry as they are to-day.

The great discoveries of vast wealth in the precious minerals, the new world opened up by inventions and discoveries and the great impetus to ambition have changed all this. In this lightning express age, in these strenuous times, when everybody has the mania to attain wealth and position, we no longer have time to reflect with deliberation and to develop our powers of conversation. In these great newspaper and periodical days, when everybody can get for one or a few cents the news and information which it has cost thousands of dollars to collect, everybody sits behind the morning sheet or is buried in a book or magazine. There is no longer the same need of communicating thought by the spoken word.

It is a rare thing to find a polished conversationalist to-day. So rare is it to hear one speaking exquisite English and using a superb diction that it is indeed a luxury.

We are not only poor conversationalists, but we are poor listeners as well. We are too impatient to listen. Instead of being attentive and eager to drink in the story or the information, we have not enough respect for the talker to keep quiet. We look about impatiently, perhaps snap our watch, play a tattoo with our fingers on a chair or a table, hitch about as if we were bored and were anxious to get away and interrupt the speaker before he reaches his conclusion. In fact, we are such an impatient people that we have no time for anything excepting to push ahead, to elbow our way through the crowd to get the position or the money we desire. Our life is feverish and unnatural. We have no time to develop charm of manner or elegance of diction. "We are too intense for epigram or repartee. We lack time."

Life is becoming so artificial, so forced, so diverse from naturalness, we drive our human engines at such a fearful speed, that our life is crushed out. Spontaneity and humor and the possibility of a fine culture and a superb charm of personality in us are almost impossible and extremely rare.—Success Magazine.

Mrs. Maybrick to Lecture.

New York, Jan. 21.—Mrs. Florence Maybrick has accepted an offer from church lecture bureau, and will make a tour of the country. A number of prominent Americans have taken an interest in her work.

DR. WOOD'S NORWAY PINE SYRUP

Always Stops the Cough

It combines the potent healing virtues of the pine tree with other absorbent, expectorant and soothing medicines of recognized worth, is absolutely harmless, prompt and safe.

A cough is caused by the presence of phlegm in the throat and lungs, and continued coughing is liable to distend the bronchial tubes, congest the lungs and produce inflammation or hemmorhage.

A neglected cough can have but one result. It leaves either the throat or lungs, or both, affected.

A single dose of

Dr. Wood's Norway Pine Syrup

will stop the cough, soothe the throat and heal the lungs.

Read what Miss Nettie A. Seeley, Ashland, N.B., says: "I take much pleasure in recommending Dr. Wood's Norway Pine Syrup, for I have found it a very valuable remedy for coughs. My mother has used it in our family for a long time and whenever any of them get a cough, mother will say: 'I will have to get some Dr. Wood's Norway Pine Syrup for I know it is good, and always stops the Cough when nothing else will.'"

Insist on getting Dr. Wood's as it is the genuine, put up in yellow wrapper. Price 25 cents at all dealers. 3 pine trees the trade mark.

STRICKEN VESSEL SINKS.

The Vaderland Collides In Fog With Dundee Steamer, Which Goes Down—Three Sailors Drown.

Dover, Eng., Jan. 21.—The Red Star Line steamer Vaderland, from New York, Jan. 9 for Antwerp, collided with and sank the Dundee steamer Nawomh Castle, Friday night, four miles east of the South Goodwin Lightship.

A dense fog prevailed at the time of the collision.

The Vaderland's bow was damaged below the water line and her forepeak was full of water, but she was enabled to proceed on her voyage.

The collision occurred between two and three a. m. The Naworth Castle sank immediately, carrying down Second Engineer Low, the steward, Parkinson, and a seaman named Nicholson. Seventeen other members of the crew boarded the Vaderland.

The Naworth Castle was bound from Newcastle to Possnoli, Italy.

How the Sentiment Grows.

Regina, Sask., Jan. 21.—The Regina Grain Growers' Association Saturday passed the following resolution:

"Whereas the Governments of Manitoba and Alberta have committed themselves to a Government-owned telephone system in these provinces, and whereas no announcement has yet been made by the Government of Saskatchewan respecting the telephone system in this province, therefore be it resolved that this association urge upon the Government of Saskatchewan the necessity of giving early consideration to this matter, and that we endorse a Government-owned telephone system for the province."

Rancher Suicides.

Swift Current, Sask., Jan. 21.—While at work at Wayne's Ranch, 40 miles north of here, Campbell McCutcheon, shot himself on Tuesday. Deceased came to Canada last year from Epsom, England. He has two brothers, Douglas and Stanley, both homesteading beyond the Saskatchewan River, about 50 miles north of Maple Creek.

Cold on the Lungs

"For twelve years I was a great sufferer from eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was something fearful. Dr. Chase's Ointment completely cured me, took away the itching and healed up the sore." —Mr. Alex. McDougall, postmaster, Broad Cove Marsh, N. S.

Puzzling Disease Claims 25.

Shawnee, Okla., Jan. 21.—Twenty-five deaths within the last 15 days is the record of fatalities from a strange disease in a region along the Canadian River, about four and a half miles from Konowa, I.T., southeast of here. Many are seriously ill. The disease resembles spinal meningitis, but physicians declare that the malady is different in a number of ways.

Hangs Himself In Cell.

Toronto, Jan. 21.—Frank Smith, 8 Regent street, hanged himself in a cell in No. 4 Police Station on Saturday afternoon. He was arrested at 4.20 on a warrant charging him with abusing his wife, and in a fit of temporary insanity fastened a scarf round his neck and strangled himself.

Coal Breaker Burned.

Scranton, Pa., Jan. 21.—The breaker and washery of the Erie Co., at Avoca, near here, were destroyed by fire Saturday, causing a loss estimated at $130,000. The fire is supposed to have originated from a burning culm bank situated near the engine room of the breaker.

The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher

Scored Against O'Connell.

An amusing incident is told of a victory over Daniel O'Connell by a witness whom he was cross-examining. The witness was for the crown, and the case was a riot committed by a crowd of beggars. O'Connell was at that time well known, and it was after he had received his sobriquet of "the big beggar man."

The witness finished, and O'Connell began the cross-examination. "Now tell the court just how many beggars there were," he said.

"Indeed, I did not stop to count them, but there was a great tribe of them, your honor."

"A whole tribe of them, eh? Will you tell us to what tribe they belonged?"

"Indeed, your honor, that is more than I can do, for I never heard, but I think it must have been to the tribe of Dan."

"You may go down, sir!" said O'Connell in a rage, amid the laughter of the court.

Your digestion will be all the better, your blood all the cleaner, for a frequent glass of York Sarsaparilla. A beverage and a medicine, pungent, rich, aromatic and pure. Made of purest herbs and pure York Springs Water.

NOTICE TO CONTRACTORS.

Sealed tenders addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of the 14th day of February, 1907, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, for the following sections of the Transcontinental Railway, viz.:—

(1) District "A."—From a point designated on the plans of the Commissioners at or near the City of Moncton, in the Province of New Brunswick, westerly for a distance of about 80 miles.

(2) District "A."—From a point designated on the plans of the Commissioners, at or near the town of Grand Falls, in the Province of New Brunswick, westerly to the boundary between the Provinces of New Brunswick and Quebec, a distance of about 43 miles.

(3) District "B."—From a point designated on the plans of the Commissioners, at or near the Quebec Bridge, easterly for a distance of about 150 miles.

(4) District "B."—From a point designated on the plans of the Commissioners about 150 miles west of the Quebec Bridge westerly to a point known as Weymontachene, a distance of about 44 miles.

(5) Districts "C" and "D."—From a point designated on the plans of the Commissioners about eight miles west of the Abitibi River crossing easterly for a distance of about 160 miles.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa; also in the offices of the District Engineers concerned, viz.:—Guy C. Dunn, St. John, N.B.; A. E. Doucet, Quebec, P. Q.; and S. R. Poulin, North Bay, Ont.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners.

A separate tender must be submitted for each section.

Tenderers shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners, and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required; and are understood to accept and agree to be bound by the terms and conditions contained in the form of contract, specifications, etc., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada payable to the order of the Commissioners of the Transcontinental Railway, as follows:—

For Section No. 1, District "A." $75,000.

For Section No. 2, District "A." $90,000.

For Section No. 3, District "B," $225,000.

For Section No. 4, District "B," $75,000.

For Section No. 5, Districts "C" and "D", $270,000.

Any person whose tender is accepted shall, within ten days after the acceptance thereof, furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract:—

"All mechanics, labourers or other persons who perform labour for the purposes of the construction of the works hereby contracted for shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labour, and which are or shall be applicable to such works." (The schedule of Minimum wages determined upon by said department will form part of the contract.)

"The contractor shall, in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured, or produced in Canada, provided the same can be obtained as cheaply and upon as good terms in Canada as elsewhere, having regard to quality and price."

The contractor shall conform to the fire regulations adopted by the Commissioners; and also to the laws and regulations respecting fires in the different Provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary.

The Commissioners of the Transcontinental Railway,

LADY BURDETT-COUTTS

PHILANTHROPIST WHO DEVOTED AN IMMENSE SUM TO POOR.

Great Work In London—At 23 She Became Wealthiest Woman In England and Gave More Than $5,000,000 In Charity—Aided Starving Women—Link With a Distant Past—Lived Under Five Sovereigns.

Angela Georgina, first Baroness Burdett-Coutts, Britain's Lady Bountiful, was born April 21, 1814, and died Dec. 30, 1906. She was the youngest of five daughters of Sir Francis Burdett, a famous Liberal politician in his day, and the granddaughter on the maternal side of Thomas Coutts, head of a banking house second in wealth and influence to the Bank of England. Thomas Coutts two months after the death of his first wife married the actress Harriet Mellon, and on his death left the latter the whole of his vast estate, including the senior partnership, carrying a one-half interest, in his bank. His daughters he expressly disinherited on account of their opposition to his marriage. The second wife subsequently married the Duke of St. Albans. The duchess, however, insisted upon looking on herself as merely the life tenant of the Coutts estate. During her lifetime she provided for her three stepdaughters out of the income, and at her death she bequeathed the entire principal, reserving only a moderate life interest for her second husband, to the youngest daughter of Thomas Coutts.

It was in this strange fashion that Angela Georgina, who now first assumed the hyphenated name of Burdett-Coutts, became at the age of 23 the richest woman in England. A girl in undivided possession of an estate of such enormous value naturally attracted universal interest. Congratulations; petitions for money and offers of marriage poured in to her by mail and telegraph, until it seemed that half the world was eager to open communication with her.

Under Dickens' Influence.

She was wiser than her correspondents. Charles Dickens had interested her in the poor. Long before slumming had become a fashionable fad she had accompanied the novelist in his visits to the vilest dens of darkest London. The wretchedness she witnessed had awakened her deepest sym-

BARONESS BURDETT-COUTTS.

pathy. Now her purse was opened for its alleviations. One of her first good works was to sweep away a nest of thieves and murderers, once known to and dreaded by the police under the name of Nova Scotia Gardens. She purchased the entire area, and on the site of disease breeding and crime polluted buildings substituted the place now named Columbia Square, four rectangular blocks of model buildings, each block containing between 40 and 50 tenements, with laundry and baths and other accommodations and luxuries in the way of a common reading-room and library. Later she established Columbia Market in the immediate neighborhood of Columbia Square, and presented it to the city. This is a magnificent but impossible structure, costing more than $1,250,000, which has failed of its object as a public market for the poor. It is one of her few disappointments

The list of this young woman's charitable undertakings for the benefit of the distressed and unfortunate is too long for more than partial enumeration. In Rochester Row, one of the most neglected parts of London, she endowed a church, with a parsonage and school attached. She laid out the churchyard of old St. Pancras as a garden for the enjoyment of the surrounding poor and erected therein a sun dial in memory of its illustrious lead.

She was the pioneer in founding reformatories for fallen women. She erected industrial schools for the struggling and the honest. During the distress at Spitalfields she established a sewing school at Brown's lane, where women were fed as well as taught and provided with remunerative work on Government contracts obtained by her own efforts. In 1858, when the hand weavers of London were starving for want of work, she assisted them to emigrate to Australia, and later established the East London Weavers' Aid Association. In 1859 she organized the Shoeblack Brigade of London, which takes neglected boys from the street, teaches them cleanliness and order, and finally enters them in the royal navy or in some mercantile, manufacturing or industrial calling.

Relieving Cholera Victims.

When in 1866 cholera broke out in the East End district she raised a relief committee, paid the salaries of a medical man, of eight trained nurses, of two sanitary inspectors and of four men to distribute disinfectants, besides making large gifts of food, blankets and clothing.

Nor did she restrict her benevolences to England. She gave $250,000 to establish the Colonial Bishopric of Adelaide and lesser sums to the bishoprics of the Cape and Columbia. She assisted in establishing the corps of nurses under Florence Nightingale in the Crimea. During the famine in Ireland she advanced $1,250,000 to the Government for the aid of destitute persons. Some of this great work was carried on in the fishing villages, where new craft and tackle were purchased or old craft repaired. Later

MR. BURDETT-COUTTS.

she established a fishing school wherein four hundred boys from all parts of Ireland could be initiated into the best methods of boat building, carpentering, coopering, net making and mending, fish curing, etc. This school the baroness opened in person in 1887, and was greeted by huge crowds who cheered her by day and built bonfires in her honor by night.

She assisted Dr. Livingston when he was in his greatest need. In Sarawak she established a model farm for the purpose of teaching the Dyaks the best methods of agriculture. She founded the Turkish Compassionate Fund for the relief of the distressed Mussulman peasantry on the line of the Russian march, 1877-1878, and sent Mr. William Ashmead Bartlett, then her secretary, afterward her husband, to Turkey to distribute the fund.

In recognition of her numerable charitable services to her country the late Queen Victoria elevated her to the peerage and conferred on her the title of Baroness in 1871. In 1872 the Common Council of London presented her with an address, enclosed in a gold casket bearing her name and arms, and panelled in compartments on which were bas reliefs representing her acts of mercy: "Feeding the Hungry," "Giving Drink to the Thirsty," "Clothing the Naked," "Visiting Prisoners," "Lodging the Homeless," "Visiting the Sick," "Burying the Dead." The lid bore on its front an engraving of a fishing scene, an allusion to her establishment of the fish market. The Sultan of Turkey in 1879 presented her with the Order of the Madjidieh.

Her Marriage at Sixty-Seven.

In 1881 the world was startled by the news that this philanthropic lady, now in her sixty-seventh year, contemplated marriage with her secretary, Mr. Ashmead Bartlett, 35 years her junior. Considerable public opposition was manifested. Some of it was the purely selfish protest of actual or prospective beneficiaries. Mr. Ashmead Bartlett was an American, born in Philadelphia in 1849. The will of the Duchess of St. Albans had provided that in case Angela married an alien, that portion of her estate represented by her interest in the Coutts Bank should revert to the other heirs of Thomas Coutts. It was feared that this provision might be enforced and that in any event her marriage would leave her less opportunity, inclination and resources for charitable work. Queen Victoria, who had always been a friend and admirer of the baroness, was strongly opposed to the union on account of the disparity of ages between bride and bridegroom. Nothing, however, could swerve them from their purpose. The ceremony took place at Christ Church, Piccadilly, and Mr. Bartlett assumed the name of Burdett-Coutts by special license.

The marriage, however, was only a natural sequence of events. The two had long been friends and coworkers in the charitable movements initiated by the baroness.

It is not surprising that honors fell thickly on this noble woman. She held the freedom of the City of London, being the first woman on whom such an honor had been conferred, and she was also a "freewoman of Edinburgh. In addition, she was the only woman who wore the Sultan's Order of the Medjidieh, and lastly the royal honor was conferred upon her by the Queen of England when she was raised to the peerage, an honor which gave universal satisfaction.

Other women have been raised to the peerage, more as a compliment to their husbands, but Miss Coutts, gentlest, kindest and noblest of women, won this honor by her own life work. She used her great fortune for the good of the greatest number, and none will dispute the judgment of King Edward VII., who when Prince of Wales called her "the second lady in the land."

It is estimated that Baroness Burdett-Coutts spent more than $5,000,000 in charity. As a rule the baroness lived in a large mansion on the edge of Hempstead Heath, a stone's throw from the celebrated old world inn known as The Spaniards, where, it is said, the highwayman Dick Turpin, after his memorable ride from York to London, took refuge. The baroness was a great lover of animals, and had almost a menagerie at her favorite home, Holly Lodge. Her pets included horses, dogs, goats, pigs, fowls, cockatoos, llamas and other animals. The lodge is surrounded by gardens, where every kind of flower that grows in England is to be found.

Woman's Health

Every woman may be attractive. Bright eyes, pink cheeks and red lips are her nature-given right. A sallow skin, lack of animation, low spirits and weak nerves may be avoided by the use of Beecham's Pills, a remedy that well deserves the confidence of every woman. Again and again they have proved to be invaluable at those recurring times when so many women feel debilitated and suffer from nervousness, headache and depression. It is wonderful the way these pills assist Nature and relieve the suffering.

Every woman who values health and good looks should become a user of

BEECHAM'S PILLS

Sold Everywhere in Canada and U. S. America. In boxes 25 cents.

The Food That Builds

Maybe you think of Mooney's Sodas only as a toothsome tidbit. Don't overlook their food value

Mooney's Perfection Cream Sodas

are made of finest Canadian wheat flour, pure butter and rich cream. There's nothing else of equal size and cost that contains so much wholesome nourishment.

An ideal food.

All grocers have them—fresh and crisp in 1 & 2 lb. packages.

MOONEY'S PERFECTION CREAM Soda

AN ATHLETIC PARSON.

Shanty Bay Minister Stopped Three Runaway Horses.

The Ridge road, in the Township of Oro, between the villages of Shanty Bay and Oro Station, was the scene of a remarkable display of courage, activity and resolution on the afternoon of Sunday, Dec. 23. A double sleigh, in which were six persons going to service at Shanty Bay, skidded at a turn in the road, the occupants were all thrown out, and the horses, a powerful team, started at full speed down the road. In front of them was a cutter, into which they dashed, smashing the vehicle, but happily not injuring the driver. A little farther on was another cutter, in which was the Rev. R. J. MacLean, the newly-appointed incumbent of the mission of Shanty Bay, returning with his wife from service at East Oro. Seeing what had happened, Mr. MacLean stepped from his cutter, telling his wife to drive on, while he awaited the runaways, now three in number, the horse of the damaged cutter having joined in the race. What then happened nobody seems to know, and the principal actor will not tell. But when help arrived the reverend gentleman was found holding all three horses, which, single-handed, he had stopped in full career. No doubt the arm of the athletic parson was nerved by the fact that his wife, not understanding his directions, would have been in great danger had the runaways not been arrested.

A musician and a young banker were dining at a continental restaurant, and a dispute ran high between them. At last the musician, a music hall "star," sprang up and pulled out a card, which the banker at once accepted and put in his pocket. Two days later they met in a public park. At once the musician exclaimed:

"Sir, you have not yet given me satisfaction!"

"That I have, and to the fullest extent," was the cool answer. "You gave me a ticket for your concert last night. I went and sat out the performance to the end. What more do you want?"—London Answers.

"John Bull, Bachelor."

"John Bull, bachelor," is a description that threatens to be attached to us in the not far distant future, for the disinclination to marry is becoming more general among Englishmen every year. They themselves attribute this indisposition mostly to the frivolity, extravagance and unfaithfulness of the modern English wife.—London Truth.

SHILOH

Nothing can or will break up and drive away a cold so promptly, effectively and safely as Shiloh. You should never be without it in the home.

The most stubborn hacking coughs yield easily to the curing power of Shiloh. No cough can resist it. Specially good for children. 25c., 50c., $1, with guarantee.

MURDER IS THE CHARGE AGAINST HIM

Edward Bridant Faces Jury and Trial is Begun.

THE FIRST DAY'S TESTIMONY

Mrs. Elizabeth Callan, Sister of Dead Woman, and Mrs. Villiard, Mother, Testify That Prisoner Was Cruel to His Wife, and First Witness Swore He Tried to Force Her to Take Some Pills.

Toronto, Jan. 22.—Edward Bridant, the French-Canadian barber, was put on trial yesterday morning in the assize court, on the charge of murdering his wife Agnes, by furnishing her with noxious drugs and instruments for the purpose of procuring an abortion. Chief Justice Meredith is presiding; G. T. Lynch-Staunton, K.C., of Hamilton, is crown prosecutor, and the accused is defended by R. S. Neville.

Forced to Take Pills.

Mrs. Elizabeth Callan, sister, the first witness, told of a visit she made to the Bridants in April, 1906, when they resided at 23 Temperance street. They had only one room. He was continually insisting on his wife taking pills. Both she and her sister were in an expectant mood. Bridant also wished witness to take the pills. Both refused. On one occasion, Bridant tried to force a pill down his wife's throat.

At the age of 17 on May 2, 1905, she was married secretly. She and her sister had worked for a time on a steamboat. She denied that their conduct had been improper in any way.

Witness admitted knowing Charles Driscoll, who is now doing time in the Central, but denied that her sister had been too friendly with him. She never heard of Driscoll being the cause of the trouble between Bridant and his wife.

Mrs. Elizabeth Martin, with whom the Bridants roomed in Temperance street, testified that she heard the young couple quarrelling several times, and heard him advising his wife to take pills of some kind.

Mrs. Josie de Grey, a tenant in the Bristol house, told of having called a doctor at Bridant's request. Witness thought he did all he could for his wife.

Mother's Evidence.

The next witness was Mrs. Villiard of Kingston, mother of Mrs. Bridant. She gave her evidence in a straightforward manner, and remained calm, until Mr. Neville mentioned the man Driscoll. Then she became somewhat excited, and denied ever knowing him. She denied emphatically that Mrs. Bridant ever carried on a correspondence with him, or had a private letter box where she used to get letters from him. She described with tears in her eyes the scene at her daughter's deathbed.

When they saw there was no hope for Mrs. Bridant the priest was sent for. He received her confession, anointed her, and prepared her for death.

After the priest left the house, Mrs Bridant said, "Mother, I am dying, I want you to take care of my little child." She then asked the mother to kneel by the bedside and repeat the Lord's prayer. Witness did so, the dying woman repeating the words after her, but before the "amen" was reached Mrs. Bridant was dead.

Witness never saw Bridant abuse his wife. All she knew was what she had been told. Her daughter told her once that Bridant had struck her and knocked her insensible.

When asked by Mr. Neville "If she had any hard feeling against the prisoner," Mrs. Villiard replied, she "never wished him any harm, but could not be expected to have a friendly feeling towards him after the manner he had abused his wife."

Mr. Neville intimated that the priest would be called as a witness for the defence.

Doctors Testify.

Drs. Rose and Winnett were also called. The latter said Mrs. Bridant told him she had purchased the medicine herself from Mrs. Miller (Dr. De Vass), and took it herself. The accused also told witness that he did not know she had done anything like that.

Sergt. Duncan will be the first witness this morning.

FOUL PLAY SUSPECTED.

Death of Henry Perkins of Canfield Being Inquired Into.

Cayuga, Jan. 22.—Sensational evidence will likely be forthcoming at Coroner Arrell's inquest to-day into the death of Henry Perkins, the Canfield farmer, who, on Sunday, Dec. 23, walked out to his farm, and on his return complained of being ill. Dr. Kerr of Dunnville was immediately called in, and diagnosed the case as perforation of the stomach. On Christmas morning, Perkins was dead.

Later the body was exhumed, and the stomach sent to Prof. Ellis to Toronto. His report, it is said, will prove startling

Mrs. Perkins, a woman of 35 years of age, is at present living with her sister. Mrs. Romain Hislop, in this town.

It is given out on authority that in all probability arrests will follow the verdict of the jury to-day.

Sick all the Time with Kidney Trouble

4 BOXES CURED HIM

Mr. Whellam was a mighty ill man this spring. He had been ailing for almost a year. Sharp pains in the back and through the hips. Dull headaches and dizzy spells. Appetite poor—nothing seemed to taste right.

Finally, an old friend told him about a friend who was in just that condition and who was cured by GIN PILLS.

Mr. Whellam tried them. And you would not know him for the same man now. That worried, strained look about the face is gone. His eyes are bright—his complexion rosy. He enjoys what he eats—has gained in weight—and sleeps like a top.

He had kidney trouble. GIN PILLS practically gave new kidneys—healed and strengthened these vital organs—soothed the bladder—and freed the system of uric acid that was poisoning him.

Broad Cove, C.B., July 6 1906.
I received a sample of your Gin Pills last fall. They did me a great deal of good. In fact, they are the best kidney medicine I know of. A neighbor of mine has tried them and they did him more good than all the Doctors' Medicine he took in three months. I will not forget during my lifetime the benefit your Gin Pills have been to me. JOHN WHELLAM.

Are your kidneys sick? Do you feel just as Mr. Whellam did? Then take GIN PILLS on our positive guarantee that they will cure you. To have you give them a fair trial, we send a free sample if you mention this paper. Write to-day to Boie Drug Co., Winnipeg. 84

GIN PILLS are sold by dealers everywhere at 50c a box—or 6 boxes for $2.50.

A SHERIFF DISMISSED.

Premier Whitney Gives Reasons For Mr. Gillespie's Dismissal.

Toronto, Jan. 22.—James Gillespie, sheriff of Prince Edward County, at the age of 83, has been removed from office, who has held office for 30 years, and James Gibson, Cherry Valley, P. O., has been appointed in his place.

In making the announcement, Premier Whitney said:

"Mr. Gillespie was notified that in consequence of representations which had been made to the Government as to his conduct, his resignation was required. He, however, asked for an investigation, and was informed, as the letter to him intimated, the decision of the Government had been come to when it was written, and he was merely given the opportunity to resign.

"The reasons which guided the Government are that numerous complaints had been received to the effect that he had interfered in elections; had taken the stump in Dominion and provincial elections; had taken part or interfered in the work of registration under the manhood suffrage registration act; had used violent and abusive language; had allowed election returns to the altered; and had been guilty of offensive personal conduct in several respects."

EX-MANAGER M'GILL.

Will Be Called to Give Evidence Against ex-President Cockburn.

Toronto, Jan. 22.—Magistrate Denison yesterday said he would not close the case against G. R. R. Cockburn until Crown-Attorney Corley has presented all the evidence he wants to and an adjournment of a week was granted.

In answer to Mr. Arnoldi, Mr. Corley stated that he intended to call Chas. McGill as a witness for the crown.

The magistrate said it wouldn't be fair to call McGill until his own case is disposed of in the assize court, and intimated that adjournment would be made until that time comes. Meanwhile, an adjournment until Jan. 28 was made.

The grand jury has returned a true bill against McGill on the false returns charge.

24 LOST THEIR LIVES.

Several Bodies Found Some Distance From Scene of Explosion.

Terre Haute, Ind., Jan. 22.—In a revised list of dead, completed at a late hour Sunday night, it is shown that twenty-four persons lost their lives, and about thirty-five others were injured in the catastrophe that befell a Big Four passenger train, when a car of powder blew up at Sandford, Ind., Saturday night.

Four bodies, badly mutilated, were found in the woods Sunday night, some distance from the track.

Nearly a Bad Wreck.

Oakville, Jan. 22.—A broken axle derailed three cars within a stone's throw of the high level bridge, just west of Oakville, yesterday afternoon. Had the accident taken place on the bridge the cars would have fallen into the water fifty feet below.

The 2-Cent Rate.

Toronto, Jan. 22.—A point of considerable interest to travelers on electric railways has been brought before the Municipal and Railway Board, and the decision of the board establishing the two-cent a mile principle is the result. Complaint was made against the Woodstock, Thames Valley & Ingersoll Electric Railway, charging that excessive rates had been levied between Beachville and Woodstock and Beachville and Ingersoll. The board concluded that the intention of the act clearly was that no matter where a passenger boards a car, if the distance traveled is three miles, he should pay five cents. If he travels a distance exceeding three miles, the two-cent a mile rate comes into force for the distance actually traveled.

LUMBER COMBINE.

Motion For a Committee Accepted By the Government—Premier's Statement Regarding Mr. Hyman.

Ottawa, Jan. 22.—The presence of Secretary of State Root in the capital was responsible for a brief sitting of the House yesterday. As the Premier and members of the Opposition were invited to meet the distinguished visitor at dinner at Rideau Hall, by mutual consent the House rose at 6 o'clock.

Monday is the one day of the week upon which private members hold undisputed sway, Government business being tabooed, and yesterday afternoon Mr. Herron (Alberta) in a temperate speech brought before the House the grievances of the farmers of the Northwest, who believe they are in the grip of a combine which is squeezing them badly in the price of lumber, and asked that a committee be appointed, in full confidence that if given an opportunity he would be able to produce evidence establishing his contention.

Hon. Mr. Oliver, on behalf of the Government, accepted the motion, pointing out that lumber was an essential to the successful settlement and development of a prairie country, and that it was important the full facts in connection with the matter should be elicited, in order that the interests of the settler may be protected.

Sir Wilfrid Laurier, in reply to questions, stated that there was no change in the situation regarding Mr. Hyman's resignation, but that as that gentleman was now able to receive communications, he would within two weeks be in a position to make an announcement. The office of Solicitor-General would be filled as soon as the tariff measure is disposed of.

ARREST OF A BROKER.

Charge of Theft Laid Against W. J. Chambers of Toronto.

Toronto, Jan. 22.—William J. Chambers, 10 Bernard avenue, of the firm of W. T. Chambers, mining brokers, was arrested last night by Detective Tipton.

On Dec. 4 last a stock certificate for 100 shares of the Green-Meehan Mining Co. was stolen from the brokerage office of John M. Wallace, 75 Yonge street. On Dec. 11, a man supposed to be M. J. Kelly cashed a cheque at the Standard Bank, made by Smillie & Stanley, brokers, Bay street, for $140. The cheque was marked "100 G.-M." The stock certificate, after being missed by the Wallace firm, was next heard of in the office of A. T. Heron, brokers, West King street; from there it found its way to the office of Strathy & Co., Simcoe street, and thence to Smillie & Stanley, who issued a cheque for it.

Chambers, when first arrested, denied everything, but subsequently confessed, and a charge of theft was laid against him.

Killed on Railway.

Charlottetown, P. E. I., Jan. 22.—Yesterday morning William B. McDougall, blacksmith, aged 46, attempted to cross the track in front of the train coming into Coleman station. He was struck by the pilot of the engine, thrown under the wheels, to be picked up a mangled mass. He died in a few minutes.

Killed in Sight of Home.

Montreal, Jan. 22.—Joseph Charbonneau, freight conductor, was killed here at midnight Sunday night. He was just returning from Ottawa with his train and at Charlevoix street was run into by another heavy freight train. The caboose was smashed, bringing instant death to Charbonneau. He was a married man, 50 years of age. He met death within sight of his home.

Artillery Officers Elected.

Toronto, Jan. 22.—The 24th annual meeting of the Ontario Artillery Association was held in the Canadian Military Institute yesterday. The officers elected for 1907 were: President, Lieut.-Col. John Davidson, Guelph; vice-presidents, Lieut.-Cols. N. F. MacNachtan, E. W. Rathbun, M. P. P., Majors J. W. Odell and W. H. Singer; executive committee, Col. the Hon J. S. Hendrie, Majors W. O. Tidswell, H. W. Mereweather, J. H. Mitchell and J. A. Bertschinger; secretary, L. H. Irving; treasurer, Major R. Myles, auditor, Lieut.-Col. John Gray. The treasurer reported a balance to credit of $391.44.

Not Afraid.

"Some day," said the alarmist, "the railway men will be running this government."

"Well," answered Mr. Dustin Stax complacently, "if they were to run it as well as they do some of the railways it wouldn't be such a bad idea."—Washington Star.

Two Views of a Woman.

"That's a sinuous woman walking along there," remarked one of the men.

"Oh, I don't know," objected the other. "She looks like a pretty decent sort of woman to me."—New York Press.

What He Needed.

Sapleigh—I—aw—would nevah mawry foh money, doncher know, because I—aw—don't weally need it.

CATTLE MARKETS.

Cables Are Easier—Chicago Higher for Hogs and Cattle.

London, Jan. 21.—Liverpool and London cables are higher at 10½c to 12½c per lb., dressed weight; refrigerator beef is quoted at 9c to 9¾c per lb.

TORONTO JUNCTION LIVE STOCK.

Toronto Junction, Jan. 21.—Receipts of live stock at the Union Stock Yards were 93 carloads, composed of 1890 cattle, 13 hogs, 290 sheep and 26 calves. The quality of fat cattle generally was not good, the bulk being only half fat. Trade was brisk and all or nearly all were sold before noon.

Exporters.

There was a keen demand for exporters—so keen that the heaviest and best lots of butchers' were bought up for export purposes. Prices ranged from $4.90 to $5.30, the bulk selling at $5.12½ to $5.25 per cwt.; bulls at $3.75 to $4.25, with an odd prime quality bull going as high as $4.40 per cwt.

Butchers.

There was a good demand for prime quality butchers' cattle, of which there were few on sale. Prime picked lots sold at $4.60 to $4.90; light butchers' cattle sold at $4.25 to $4.50; mixed loads sold at $3.90 to $4.15; rough, mixed loads sold at $3.50 to $3.75 per cwt.; cows at $3.25 to $3.85; canners at $1.25 to $1.75 per cwt.

Milch Cows.

Receipts of milkers and forward springers were not large, with few of prime quality. Prices ranged from $45 to $55.

Veal Calves.

Market firm, as receipts were light. Prices ranged from $4.50 to $7 per cwt.

Sheep and Lambs.

Trade in sheep and lambs was brisk at $4.75 to $5 per cwt. for export ewes; lambs, $6.50 to $7 per cwt.

Hogs.

H. P. Kennedy reports hog prices lower, $6.60 for selects and $6.35 for lights and fats.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Jan. 21.—Cattle—Receipts, 4200 head; active; 10c to 15c higher; prime steers, $5.65 to $6.15; shipping, $5 to $5.75; butchers, $4.50 to $5.50; heifers, $3.50 to $5.25; cows, $3 to $4.50; bulls, $3 to $4.60; stockers and feeders, $3 to $4.35; stock heifers, $2.50 to $3; fresh cows and springers, $2 to $3 per head lower, $18 to $52.

Veals—Receipts, 900 head; active and steady, $4.25 to $6.50.

Hogs—Receipts, 10,200 head; active; 10c to 25c higher; heavy, $6.90 to $6.95; mixed, $6.95 to $7; yorkers, $7; pigs, $7.25; roughs, $6.10 to $6.25; stags, $4.50 to $5.25.

Sheep and Lambs—Receipts, 21,400 head; active; sheep steady; lambs and yearlings higher; lambs, $5 to $8; yearlings, $6.50 to $6.65; wethers, $5.50 to $5.65; ewes, $4.75 to $5.25; sheep, mixed, $3 to $5.25.

NEW YORK LIVE STOCK.

New York, Jan. 21.—Beeves—Receipts, 4240; steers 10c higher on light supply; bulls and bologna cows firm; medium and good cows steady, closing slow; about all sold; steers, $4.45 to $6.05; bulls, $3.35 to $4.50; cows, $1.75 to $4.25.

Calves—Receipts, 1344; veals steady to 25c lower; barnyard calves steady; westerns slow to a shade lower; veals, $5.50 to $9.75; choice, $10; culls, $4 to $5; barnyard calves, $3.50 to $4.25; fed calves, $4.25; westerns, $5; dressed calves steady; city dressed veals, 8c to 14c per lb.; fancy do., 14½c to 15c; country dressed, 7c to 13c.

Sheep and Lambs—Receipts, 8300; sheep slow but steady; lambs steady; several cars unsold; sheep, $3.50 to $5.50; exports, wethers, $5.90; culls, $2 to $3; lambs, $7 to $8; culls, $5 to $6.

Hogs—Receipts, 11,603; higher; state hogs, $7.10 to $7.20; pigs, $7.25.

CHICAGO LIVE STOCK.

Chicago, Jan. 21.—Cattle—Receipts, about 27,000; best strong to 10c higher; others steady; common to prime steers, $4 to $7.30; cows, $2.75 to $4.75; heifers, $2.60 to $5; bulls, $2.75 to $4.50; calves, $2.75 to $8; stockers and feeders, $2.75 to $4.90.

Hogs—Receipts, about 30,000; 10c to 15c higher; prime shipping hogs, $6.60 to $6.65; choice butchers' weights, $6.57½ to $6.62½; packing, $6.55 to $6.60; pigs, $6 to $6.50; bulk of sales, $6.55 to $6.60.

Sheep and Lambs—Receipts, about 25,000; strong to 10c higher; sheep, $3 to $7.57; yearlings, $4.60 to $6.50; lambs, $5.75 to $7.75.

Shea Jury Disagrees.

Chicago, Jan. 22.—The jury in the conspiracy trial of Cornelius P. Shea, president of the International Brotherhood of Teamsters, reported a disagreement yesterday. When discharged, the jurors stood seven for acquittal and five for conviction.

Minto Cup Comes West.

Montreal, Jan. 22.—The Kenora (Ont.) Thistles defeated Montreal Wanderers yesterday by 8 to 6 in the O. H. A. hockey match, thus lifting the cup.

Appropriate.

Mrs. Shopper—I wish to buy a present for a servant girl. Can you suggest something appropriate?

Miraculous Eggs.

A correspondent calls to mind an incident in the life of Prof. Anderson, "the wizard of the north," says The London News. Walking through the butter and egg market in Aberdeen, he bought one egg from an old woman with a basketful. He cracked the shell on the spot and extracted a sovereign, which he calmly put in his pocket. He asked for another egg and took another sovereign from it. The wizard then asked, "How much for the basket?"

"Na, na! Ye'll get nae mair," was the reply, as the saleswoman swung the basket on her arm and rushed home to break every egg she had.

She found them all nice and fresh and the wizard sent her one of his sovereigns.

An Important Post.

When Sir Henry Campbell-Bannerman was Secretary of State for War Queen Victoria wished to make the Czar an honorary colonel of a British regiment. The Prime Minister, as he now is, demurred on the grounds that all other European sovereigns would expect to receive similar honors. But as the Queen was willing that even this should be the Czar was made colonel of the Scots Greys. Naturally the appointment caused some excitement in the regiment. One subaltern was overheard saying to his servant, "Donald, the Emperor of Russia has been made colonel of the regiment." "Indade," was his reply, "it's a verra gran' thing for him, but will he be able to keep baith places?"

Fatigue From Poisons in System

AND GOOD HEALTH CAN ONLY RETURN WHEN THE BLOOD FILTERS, THE LIVER AND KIDNEYS, ARE SET RIGHT BY

DR. CHASE'S KIDNEY-LIVER PILLS.

Tired, languid feelings are the result of the accumulation of waste products in the system. On the failure of the liver and kidneys to remove these impurities the blood becomes filled with poisonous substances which instead of aiding the functions tend to arrest them and give rise to pains in the limbs, backaches, headaches and tired, worn-out feelings.

There remains to be discovered a more prompt and effective means of enlivening and invigorating the action of the liver and kidneys than Dr. Chase's Kidney-Liver Pills. In fact this medicine is unique in its combined influence on the liver and kidneys and to this double action is attributed its extraordinary success in the cure of complicated diseases of these filtering organs.

Biliousness, headaches, indigestion, kidney disease and constipation are promptly and thoroughly cured by Dr. Chase's Kidney-Liver Pills and the whole system is cleansed of the foul impurities which result in disease and suffering.

Mr. John Guheen, who is in the fish business in Port Hope, Ont., states: "In my business I do a great deal of driving over bad roads, and the constant jar of the rig, along with exposure to all sorts of weather, brought on kidney disease. I was in miserable health, and suffered a great deal with sharp pains in my back. I heard of Dr. Chase's Kidney-Liver Pills, and decided to try them. Before I had used all of the first box I felt better, and three boxes have entirely cured me. I am very glad of an opportunity to recommend Dr. Chase's Kidney-Liver Pills, for I have proven their wonderful control over kidney disease."

Dr. Chase's Kidney-Liver Pills succeed where ordinary kidney medicines fail, because of their direct and combined action on the liver and kidneys. This has been proven in thousands of cases of serious and complicated diseases of the kidneys.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers or Edmanson, Bates & Co., Toronto 5

SWETTENHAM IS STILL SILENT

Jamaican Governor Makes No Reply to Colonial Office.

ASKED VERSION BY CABLE

British Government Thanks United States Government for Its Aid—Uncle Sam Will Take No Notice of the Swettenham-Davis Incident—Earl Grey Will Make Official Enquiry Into Affair.

London, Jan. 22.—After conferences yesterday between officials of the Foreign Office and of the Colonial Office, the latter cabled to Governor Swettenham of Jamaica asking him for his version of the situation which led to the withdrawal of Rear-Admiral Davis' warships from Kingston.

Asks For Thanks for Americans.

Shortly after 5 o'clock yesterday afternoon the Colonial Office received a despatch from Governor Swettenham asking the British Government to convey to the Government of the United States the thanks of Jamaica for the American assistance rendered by Admiral Davis.

The telegram contains no mention of the incident involving the departure of the American warships, regarding which the British Government is still awaiting direct information.

Great Britain's Thanks.

The despatch has been forwarded to the State Department at Washington, with the addition of the thanks of the Government of Great Britain for the aid rendered by the American admiral.

Replying to a telegram from the British charge d'affaires at Washington, reporting that the State Department had enquired whether Great Britain desired or was willing to accept further assistance in money or other form of aid for the Kingston earthquake sufferers, the Foreign Office yesterday replied as follows:

A Tentative Refusal.

"The offer of the American Government to give further aid is gratefully appreciated by His Majesty's Government. The Governor of Jamaica has not yet reported its requirements fully, but now that the first few days are over, it appears likely that there will be no justification for further calls upon the generosity of the United States. In the meantime, His Majesty's Government has been requested by Sir Alexander Swettenham to convey to the Government of the United States cordial thanks for the prompt and powerful assistance which the United States navy, under Rear-Admiral Davis, rendered to the inhabitants of Kingston in their suffering."

Citizens Indignant.

Kingston, Jamaica, Jan. 22.—The indignation of the residents of Jamaica, both official and private citizens, at the action of Governor Swettenham in demanding the withdrawal by Admiral Davis of the relief forces is spreading and intensifying. The governor's response to Admiral Davis' letter, is bitterly denounced and it is generally declared that the only possible reparation is for the Government to apologize and recall Governor Swettenham. The deepest regret is expressed lest the action of Governor Swettenham may disturb the entente between the United States and Great Britain.

Mayor Tait upon the departure of Admiral Davis, voiced the sentiments of citizens in a letter to the admiral

Admiral Davis replied, thanking the mayor for his expression of approval of the services of his officers and men, saying:

"As a foreign naval officer, I am bound to respect the wishes and requirements of the supreme authority of the island."

The conditions in Kingston are improving slowly.

Many bodies are still being recovered and cremated and it is believed the fatalities will reach a total of 700.

There are still frequent tremors of the earth. A quake of especial severity occurred at 3 o'clock yesterday morning, but did little damage.

Difficulty is experienced in inducing the negroes to work, on account of the prevalence of the conviction among them that this was a "white man's earthquake," and that it would be dangerous for colored people to interfere with an act of God.

The city is still in darkness. The street railroad service to the suburbs has been partially resumed.

An Official Enquiry.

Washington, Jan. 22.—Mr. Esme Howard, charge d'affaires at the British embassy, called on acting United States Secretary of State Bacon last night, and presented a letter from Earl Grey, principal Secretary of State for Great Britain, regarding the Davis-Swettenham incident. In his message Earl Grey says that he is causing an official enquiry to be made to determine the authenticity of the letter purporting to have been written by Governor Swettenham to Rear-Admiral Davis.

Will Not Notice Insult.

Washington, Jan. 22.—From official sources it is learned that no attention will be paid by the United States Government to the action of Governor Swettenham, of Jamaica, in asking Admiral Davis to withdraw his forces from Kingston. It is held here that the act of the Governor is that of a single individual, for which the British Government is in no manner to be held responsible.

A SIGNIFICANT CABLE.

"No Relief Needed" Says Canadian Government Agent In Jamaica.

Ottawa, Jan. 22.—The following telegram was received at the Department of Trade and Commerce yesterday from the Department's commercial agent in Jamaica: "Earthquake followed by fire 14th. Large loss of life and individual loss in Kingston. Island not seriously affected otherwise. No relief required. Have information published in principal centres. (Signed), Eustache Burke."

Toronto Votes $5,000.

Toronto, Jan. 22.—The City Council yesterday endorsed the action of the Board of Control in granting $5,000 for the relief of the sufferers in Jamaica, and ordered the City Treasurer to act at once.

Earth Still Shaking.

St. Petersburg, Jan. 22.—Severe earthquake shocks are reported from Alexandrovsk, the port of Sakhalin and Elizabethpol.

$1,000,000 BUFFALO'S LOSS.

Property Losses From Hurricane Lessened—There Were Four Deaths.

Buffalo, Jan. 22.—The hurricane which swept the Niagara frontier Sunday has subsided, and a more extended examination of the damage to shipping lowers the original estimates. At the Port of Buffalo alone, however, it will amount to about $1,000,000.

The high waters of Lake Erie receded yesterday, leaving some of the stranded lake liners high and dry on the sandy beaches. None of them appears to be seriously damaged, but the expense of getting them afloat again will be very heavy. They are grain-laden and valued at $12,000,000.

Death List Totals Four.

The death list totals four. Three persons were killed in the collapse of buildings, and another was drowned in the lake while being brought to a place of safety.

Reports from nearby places are that much property loss was occasioned by the high winds.

Niagara Falls power is again running the street cars and lighting the city.

The United States Government sustains a loss of from $100,000 to $200,000 from destruction of breakwalls.

Storm Damages Church.

Goderich, Jan. 22.—The wind on Sunday played havoc with the recently finished Methodist Church. Through the destruction of a 30-foot brick chimney, tons of brick and mortar crashed through the steel roof, wrecking the magnificent organ and surrounding fixtures.

Train Traffic Suspended.

Parkersburg, W. Va., Jan. 22.—Traffic on the Ohio River division of the Baltimore & Ohio Railroad has been entirely suspended because of the flood. The Ohio River is still rising here at a stage of 40 feet, and industry is at a standstill.

An Unlucky Spot.

Ingersoll, Jan. 22.—During Sunday's storm a large barn in course of erection on the farm of Thomas Thornton, West Zorra, was blown down. The building was being erected on the site of a barn destroyed by lightning last summer.

Schooner Wrecked.

St. John, N.B., Jan. 22.—The three-masted American schooner Horace G. Morse, which sailed from here on Saturday noon for Philadelphia with a cargo of laths, was wrecked that evening during a blinding snowstorm on Bliss Point, down the bay. The schooner is a total wreck, and the captain and a seaman were drowned.

Will Now Use Force.

Toronto, Jan. 22.—The City Council at its special meeting yesterday morning approved the motion of the Board of Control to have the City Engineer ask the aid of the police in compelling the Toronto Railway Co. to restore the Winchester, Bathurst and Arthur lines to the routes ordered by the City Engineer. The board of police commissioners will meet this morning. The order, if carried out must come from them.

Tried to Cut Throat With Glass.

Brockville, Jan. 22.—For the second time inside of one month, Mrs. L. Piercy attempted suicide here. First she drank laudanum and recovered. When arrested by the police on a charge of drunkenness she spied a drinking glass in the cell and breaking it in pieces was hacking her throat with the ragged edges when a constable intervened. The magistrate gave her 23 months in the reformatory.

Uttered Forged Cheque.

Brantford, Jan. 22.—The case of Fred Babcock and Elvira Gottschalk, for issuing and obtaining money on forged cheques, was heard at the Police Court yesterday. Babcock was found guilty of uttering and obtaining money on a forged cheque. He was sent up for trial. Elvira Gottschalk was released on suspended sentence.

REGINA
Is The Queen City of the West

Our sales of REGINA CITY LOTS during the past two weeks assures us of the confidence Eastern Investors have in Regina City Property.

REGINA led all Canadian Cities west of Winnipeg and east of Vancouver in building estimates for the year 1906, and stood 5th in the whole Dominion.

The present year promises to surpass any three previous years.

The site for the New Provincial Government Building has already been purchased at a cost of $96,250.00, and it is the intention of the Saskatchewan Government to erect Buildings on this site, second to none in the West.

We have some Choice Lots For Sale, adjoining this site, ranging from $60.00 up; also Blocks of 40 Lots at from $1,800.00 up.

Terms on the lots are exceptionally easy and extend over a period of Eighteen Months, which gives the purchaser a chance to sell at a good profit on a very small cash investment.

Many are taking advantage of this opportunity of a good investment.

Call at Our Office and be convinced that Our Offer for investment is unequalled in any other Western City.

OPEN EVENINGS

UNDER THE MARKET HALL

ARE NOW ABLE TO KEEP WARM

On Coal Taken From the C.P.R. At Windthurst, Sask.

HELD TRAIN WITH A RAIL

While Men Shovelled Out Coal Despite Curses and Threats—Gave Names to Conductor, With Amount Each One Got and Offering Payment Therefor—Another Sent List to the C. P. R. Headquarters.

Grenfell, Sask., Jan. 22.—When the train pulled into Windthurst, about twenty miles south of here, last Friday morning the entire adult male population was there to meet it. They asked the conductor for part of a car of coal, and offered payment therefor, and on being refused nine of the men armed themselves with shovels and picks, which had been hidden in the snow, boarded the car and shovelled out the coal, leaving enough to run the train to the next station and return, while nine others threw a rail across the track in front of the engine and fastened it down with chains, and, despite the curses and threats of shooting, prevented the crew from moving the train. They gave their names to the conductor, and one of them drove to Grenfell yesterday morning and sent a report to the C. P. R. headquarters by mail, giving a list of the names and the amount of coal each one got and offering payment therefor. They are now awaiting developments, but will be able to keep themselves warm while doing so.

Coal Handlers' Strike.

Edmonton, Sask., Jan. 22.—The Coal Handlers' Union here struck Sunday for an increase from $1 to $1.50 per ton for hauling coal from the mines. The Miners' Union is behind them, and the situation is serious.

DEFALCATION IS $200,000.

McGee of Montreal Has Got Away With Friends' Money, Too.

Montreal, Jan. 22.—The defalcation of W. J. McGee, secretary-treasurer of the People's Mutual Building Society, will, according to the latest computation, total up to the vicinity of $200,000.

His dishonest operations cover a period of something like ten years, and not only the society but a large circle of personal friends will suffer heavily.

One well-known restaurant keeper will lose $15,000 advanced at different times to McGee.

Property held by McGee, to the nominal value of some $80,000, has been turned over to individual members of the Building Society, presumably to cover that concern's losses.

Partner of Cecil Rhodes Killed.

New York, Jan. 22.—William C. Ashwell of the stock exchange firm of Ashwell & Co. was killed yesterday by a street car. Mr. Ashwell was one of the early partners of the late Cecil Rhodes in the diamond fields of South Africa. He was one of the world's leading diamond experts.

Alberta's Parliament.

Edmonton, Alta., Jan. 22.—The Legislature of Alberta will convene on Thursday, Jan. 24.

A FURIOUS BUCK.

Pet Deer of Chatham Township Farmer Turns on Him.

Chatham, Jan. 22.—News of a terrific fight for life between a man and a deer, which lasted an hour or more, came to this city from Chatham Township yesterday.

James Huson, aged 68, concession 6, Chatham Township, has for years kept two deers on his place. Sunday morning he noted that they had escaped from their enclosure. He secured a pan of oats and whistled for them. The buck was in bad humor, and a moment later it dashed at him. He grasped its horns, and an hour's tussel ensued. When nearly exhausted and blinded from blood, Huson was being pressed against a gate by the animal. While in this position he managed to get the gate opened, and, quickly letting go of the animal, he dashed through it and closed it after him.

He ran for his house, hardly reaching the door when the deer leaped over the fence and sprang after him. The deer next furiously encircled the house, waiting to continue the fight, when Huson emerged with a rifle and shot the animal. Huson's wounds, though bad, are not serious.

Hired Man Drowned.

North Toronto, Jan. 22.—A drowning took place on Sunday morning at 6.30 on the farm of Geo. S. Henry, reeve of York Township, when one of his hired men, Arthur Edge, met death. He was obliging a fellow employe who did not feel well in taking out the morning's supply of milk. He took a short cut over the Don, and rig, horse and man were carried down stream. The horse was found down the river practically uninjured, the rig was found in midstream and the body of Edge three-quarters of a mile down the river. He was an Englishman in the employ of Mr. Henry for about two months, a married man, his wife also being employed with Mr. Henry. Two children are still in England.

Young Gearon Shot Himself.

Toronto, Jan. 22.—Policeman Edward Gearon, whose 15-year-old son William was shot in a boarding house in New York, two weeks ago, has received a letter from his son's chum, Charles Serran. Young Serran wrote to say that Coburn, the lad who was alleged to have shot him, was discharged, the evidence showing that young Gearon had accidentally shot himself while handling the revolver.

PETERBOROUGH TUESDAY JANUARY 22 1907

New House Of Refuge For The County's Poor Was Opened Under Auspicious Circumstances

Brilliant Ceremony at Lakefield Yesterday, When the County Institution Was Formally Opened and Handed to the County

INSPECTOR OF CHARITIES THERE

A Well-equipped and Commodious Building — Poor of the County Will Be Well Cared For—County Council's Action Is Warmly Commended

"How long has this House of Refuge been built," asked Dr. Bruce Smith, Inspector of Public Charities, to an old man whom he saw cutting the lawn surrounding one of the finest Houses of Refuge in Western Ontario. "Eighteen years," replied the old man, and added, "I should know, because I was warden of this county when it was built." In his address at the opening of the County of Peterborough House of Refuge at Lakefield yesterday, Dr. Smith told this story and used it to illustrate the truth that "we are all born, but we're not all dead yet," and some of those who had been instrumental in securing for the present indigent poor of the county, might, through stress of circumstances, reap in the future the result of their kindly disposed action.

The splendid building erected by the County of Peterborough for the care and maintenance of the county's poor was declared open yesterday afternoon in the presence of a crowd which numbered into the thousands, and which not only filled the building, but overflowed into the grounds surrounding. In spite of the cold weather, visitors were present from nearly all parts of the county, a large number going from this city. They inspected the building from cellar to attic, and the consensus of opinion was that it was a credit to the county and to those who had been instrumental in securing its erection.

There are as yet no inmates, but it is understood that in some of the townships there are persons for whom application for admission will be made in the near future. Judging by the apparent provision made for their comfort, they will be well cared for, too, and their remaining days will be made pleasant.

The event of the opening was an important one, not only to the people of Lakefield, but as well to the residents of the county. To Lakefield, however, it was of more than special interest, which was evidenced by the fact that yesterday afternoon was declared a public holiday, and the great majority of the residents journeyed to the scene of the opening ceremonies.

The Peterborough visitors, with whom were the majority of the members of the retiring County Council, Dr. Bruce Smith, Provincial Inspector of Prisons and Public Chirities, representing the Provincial Secretary; Mr. N. F. MacNachten, County Clerk of Durham and Northumberland, and a number of other gentlemen, went to Lakefield on the noon G. T. R. train, and were met at the station there and welcomed to the village, the Citizens' Band, which had been engaged for the day, playing the National Anthem as the train pulled into the station.

Upon their arrival at the building the visitors were welcomed by Mr. H. C. Garbutt, who as chairman of the Special Building Committee, had been active in the work incidental to the erection of the building, and to whom great credit is due for the successful completion of the work.

The speakers, of whom there were many, paid a tribute to the work of the retiring County Council in the erection of this place of refuge for the poor of the county, and many references were made to the completeness of the building, no detail apparently being lacking to make it what it was intended to be, a place where, in comfort, the poor of the county might spend their declining days.

Warden T. F. Johnston, presided, and at 2 o'clock, the speech-making began. In his opening remarks expressed his pleasure at seeing such a large gathering. That day had turned out fine. The council welcomed the ratepayers and especially the ladies, and had afforded them every opportunity of inspecting the

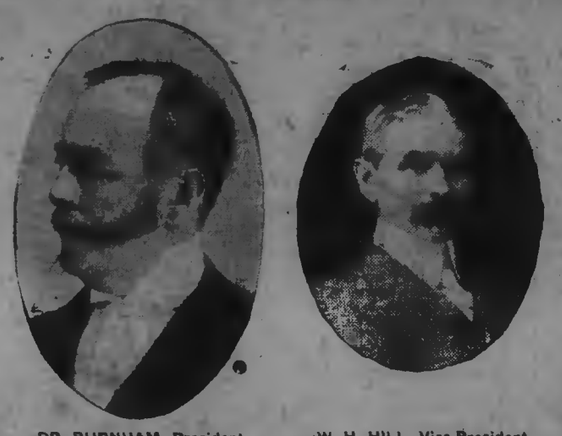
LIBRARY BOARD OFFICERS WHO WERE RE-ELECTED LAST NIGHT



DR. BURNHAM, President — W. H. HILL, Vice-President

MRS. ROGERS' CLAIM FOR DAMAGES CONSIDERED

Deputation to Ottawa Reported to Committee of Whole But No Action Was Taken

AMICABLE AGREEMENT MAY BE MADE

No action was taken in reference to the application on beraif of Mrs. Rogers, to produce a proper circulation of the water in front of her premises, by the Committee of the Whole last night. The deputation to the Railway Commission at Ottawa, which consisted of City Solicitor E. H. D. Hall, Ald. Elliott and Johnston, was present and reported on the interview with the Railway Commission at Ottawa.

The City Solicitor reported that the C. P. R. was willing to remove the filling and to put in a conduit four feet in diameter. The Government and the city had already filled in a large part of the waterfront, and he had pointed out that the city had done nothing to impede the water. The chairman of the Board, he said, decided that the matter remain in abeyance until the filling in at the south end of King street should be done, and then find out if Mrs. Rogers' premises were injured.

Ald. Elliott reported that when he suggested that the four parties interested would probably come to an amicable agreement, the Commission dropped the question at once. He had also offered that in the event of a 4-foot conduit being laid, the expense of which would not exceed $600, that the city might be willing to bear a share of the expense. The question, however, was dropped then, pending further developments.

FORCIBLY SEARCHED YOUNG SALESLADY

Manager and Head Saleswoman Suspected Her of Having Appropriated for Herself a Ten Cent Piece

Lexington, Ky., Jan. 21.—W. G. Garrison and Miss Minnie Lanckart, manager and head saleswoman, respectively, of a 10-cent store here, were arrested to-day and placed under bonds of $500 each to answer for forcibly searching Miss Bessie Jenkins, a clerk, whom they had suspected of having withheld 10 cents from the cash register.

Recently the girl, through her father, brought suit against Miss Lanckart for $20,000 and Garrison for $10,000 damages to her character. In her petition in the civil suits, Miss Jenkins alleges that Miss Lanckart took her into the toilet room, and there, in the presence of Manager Garrison, forced her to strip off her clothing, even to her shoes and stockings.

Band to-night at Street Railway Rink.

INAUGURAL MEETING OF ENNISMORE COUNCIL

Members Sign Qualifications and Declarations of Office—Dr. McGrath, Medical Health Officer

OTHER APPOINTMENTS WERE MADE

Examiner Special.

Ennismore, Jan. 22.—The inaugural meeting of the council of Ennismore was held in the town hall on Monday, January 14, at 11 a.m.

The council of 1906, which was re-elected on January 7, was present: Samuel Killen, Reeve, and Councillors William Harrington, Michael Perdue, Daniel Kennedy, and Timothy Crough.

After signing the required qualifications and declarations of office for the year 1907, each took his respective seat, when several important matters of municipal business were laid before the council by the Reeve.

Minutes of previous meeting were read and signed.

Bylaw No. 316, for the purpose of appointing township officers, a Board of Health, a medical health officer and sanitary inspector, received its three readings.

On motion of Coun. Harrington and Perdue, John Moloney was re-appointed clerk.

On motion of Coun. Kennedy and Harrington, John O'Reilly was re-appointed treasurer.

On motion of Coun. Harrington and Perdue, Maurice O'Connor was re-appointed assessor.

On Motion of Coun. Harrington and Perdue, Joseph Costello and William Curtin were appointed auditors for the year 1907.

On motion of Coun. Perdue and Crough, the auditors' report of 1906 was received and adopted.

On motion of the council, the following accounts were paid:

Dr. C. B. Coughlin, M. H. O., $27.

Jos. Costello and Wm. Young, auditors for 1906, $5 each.

Light and fuel for town hall, $25.

Jos. Galvin, for acting poll clerk, on election day, $2.

John Mahoney, for acting as constable on election day, $1.50.

Stephen Harrington, for wood delivered to C. Houran, $4.

Board of Health

By resolution of the council, the following Board of Health was appointed: Samuel Killen, Reeve; J. Moloney, Secretary; Patrick Twomey, sr.; David Quinlan, Eugene Murphy.

Dr. McGrath was appointed M. H. O. and Sanitary Inspector.

Council adjourned to meet at the call of the Reeve.

Victoria Tastes It

Victoria, B.C., Jan. 19.—Last night closed a week of almost unprecedented cold in Victoria, the thermometer falling to within 15 degrees of zero, which it has not done before in a quarter of a century. A partial fuel famine prevails, several factories and numerous business houses not opening until afternoon, and schools being closed on account of the cold. Much damage has been done to the roses and other winter garden flowers. The recently arrived Hindus are suffering intensely from the cold.

THE YOUNG MEN'S LOW IDEALS, THEY DO NOT WANT TO BE MEN

MANY LETTERS ON THE MARRIAGE QUESTION WILL BE PUBLISHED

Because of a quantity of other matter to-day the Examiner is compelled to hold over a number of very interesting letters on the question which has aroused such interest in the community, "Why do not more men over twenty-five marry?" and are only able to publish a few. These letters have been received during the last few days and open up many new veins of thought on this most absorbing question.

They will be published as soon as possible, and in the meantime any others who have views on the question they would like to express are invited to send their letters to this office. They will be published in a few days.

MR. WARDEN McNULTY

The Examiner congratulates Mr. Warden McNulty of Asphodel upon his election to the honourable and responsible position of Warden of the County of Peterborough, an honour all the more emphatic since he was given the position practically by acclamation and is serving his first term as County Councillor. He will also be remembered as the first Warden under the new system of constituting the Council. There is, however, little reason to doubt, that by his creditable discharge of the duties of the office, Mr. McNulty will have a higher claim to distinction than any of the others suggested.

OBITUARY

MARY HAYES

Douro, Jan. 22nd. — At 11.30 o'clock to-day there passed away in this township, at the family residence, about five miles north of Douro Church, Mary Hayes, daughter of Jeremiah Hayes.

The death was a particularly sad one as the deceased was only 25 years of age, and one of the most popular and respected young ladies of the community. Her demise was due to lung trouble, after an illness of about one year. She is survived by her parents and two sisters and three brothers. Her sisters are Mrs. Blackburn of Peterborough, and Miss Maggie at home; and her brothers are William and Allen, at home, and Frank of Peterborough.

The funeral will be held on Thursday morning to St. Joseph's church, and thence to the Roman Catholic cemetery here.

THE PHILOMATHEAN'S FINE PROGRAMME

Collegiate Institute Society Had an Enjoyable Meeting

Yesterday afternoon at the Y. M. C. A. a very successful meeting of the Philomathean Society of the Collegiate Institute took place. There was a large attendance of the pupils and a fine programme was presented. Mr. Fred Brown occupied the chair.

The main feature of the programme was a debate on "Resolved, that wealth does more harm than good." The affirmative side consisted of Mr. Max. Dobbin and Miss E. Sullivan, and the negative of Mr. A. Letellier and Miss I. Coughlin. The judges, Miss M. Armstrong and Messrs. Payne and O'Brien, gave their decision in favour of the negative.

The other numbers on the programme were as follows:

Piano Solo—Miss Coughlin.
Piano Solo—Mr. K. Shook.
Vocal Solo—Miss B. Reid.
Piano Solo—Miss M. Edwards.
Criticism—Mr. W. J. Davidson.

At the conclusion of the programme Mr. V. Mitchell moved a vote of thanks to Mr. Davidson for his kindness in consenting to criticize the meeting. The motion was seconded by Mr. J. Maloney.

Severe Form of Asthma

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my little girl, who suffered from a severe form of asthma. The least exposure of cold would lay her up, and she would nearly suffocate for want of breath. I must say that I found it to be a most satisfactory treatment and it has entirely cured her."—Mrs A. A. VanBuskirk, Robinson street, Moncton, N.B.

Some of the Views of the Writers on the Question of Matrimony — More Letters From Young Women Who Have Original Ideas

MARRIAGE NOT SORDID MATTER

The marriage question has certainly taken a deep root among the people of Peterborough, and to-day again The Examiner has a quartette of letters on that all important problem for its readers. Others have also written, but on account of lack of space to-day their letters have been laid aside to await their turn.

Following are the offerings for to-day:

A LADY SETS A HIGH STANDARD FOR THE "ESTATE"

Dear Mr. Editor,—Can we not do something to alter the tone of the letters on the subject of "Why do not young men over 25 marry?", as at present they seem to be stirring up a feeling among young people that should not exist. All men worthy the name loved some woman, real or ideal, and all women love some man, real or ideal. It is love and always will be, that "makes the world go round." Without it 'twould be a sad old place. As for there being "nothing half so sweet in life as is love's young dream," with all deference to Tommy Moore, I believe love itself sweeter than any dream possible. Young men of 25 do not marry in these days because they are not ready for its responsibilities. They have too much to do in preparing for their life's work, and haven't time nor opportunity to find the real and only woman to whom it is possible to offer marriage. A man may admire this or that girl, but until he finds a woman he feels that he cannot live without, he had better go all his days alone, even though we are told that "it is not good for man to be alone," and also that "whoso findeth a wife findeth a good thing and obtaineth favour of the Lord." As for there being no good housekeepers, nor honourable men—bless us! the world, and Peterborough itself, is full of them. One can find just whatever he looks for in this world—the thing is to look in the right place. Both young men and women are more anxious to-day for self-improvement than ever before, and desirous to make the best and most of life. I have all faith in our young people. Marriage is not the necessary end or aim of existence. If love comes, be glad of it. Keep and wear it sacredly; but if it does not, there is plenty of work outside and without it. If a young man really desires to marry happily, there is one way he can be sure of making no mistake in his choice. Let him ask God to send him a wife that will do him good, and not evil, all his days—the one woman of all others He has designed for men. A maid is unfit to care for and protect a wife who has not the fear of God before His eyes and his life consecrated to the Divine will. A young woman is not fit to become a wife until she loves God more than her self or anything earthly. When young people are taught to regard marriage as a holy estate, to be entered only by the door of prayer, there will be no use for the disgraceful word "divorce." Each will reverence the other, and God will be glorified.

E. C. D.

THINKS TOO SORDID VIEWS OF MARRIAGE ARE ENTERTAINED

To the Editor of the Examiner,—

If you will be true to the best of yourself, living up to your nature, standing out boldly by the truth, of your word, and satisfied therewith, then you will be a happy man.—M. Aurelius.

Sir,— Having read many of the flimsy and vituperative excuses why men do not marry after 25 years old, starting out and blaming everything and everyone, but themselves, let them turn the searchlight inwards and commune with themselves, and see if they are fit to marry their betters, who show great lack of discretion, and judgment, if they are unable to choose a proper helpmate who does the work. Do

The Toronto Street Railway Officials At War With The City

LOCAL CURLERS WIN FIRST MATCHES IN BIG MONTREAL SPIEL

Defeated Campbelltown in Five Up in This Morning's Matches—Off to a Good Start

In the big bonspiel at Montreal, the local rinks this morning won their first match, from Campbelltown, N. B., Ferguson winning by 9 up, while Rutherford was 4 down, the local rinks winning by five up on the round.

Mr. Angus McIntosh was advised of their victory this afternoon by wire.

CHRISTMAS SOUVENIR MANITOBA FREE PRESS

The Examiner acknowledges with thanks the receipt of the annual Christmas souvenir sent out at this period of the year by the Manitoba Free Press. Every year the souvenir characteristic of some feature peculiar to Western life or conditions, takes a new and unexpected form. This enterprising practice of the Free Press began in 1901. That year the souvenir took the form of a miniature sack of No. 1 Hard Manitoba wheat; in 1902 it was a miniature sack of reindeer meat pemmican, made at Fort McPherson, a Hudson Bay Company's post, sixty-five miles within the Arctic circle and 2,978 miles north-west of Winnipeg, accompanied by an illustrated booklet bound with a deer skin thong; 1903, a gopher's tail mounted as a good luck bringer accompanied by an illustrated booklet containing the Cree Legend of the gopher, given in print for the first time; 1904, a pen made from the quill of a Canadian gray goose, with the Cree legend of the wild goose, printed for the first time; 1905, a flint and steel, with a booklet of the Cree Legend of the origin of fire, printed the first time. This year it takes the form of a reproduction of the pipe of peace, an ancient Indian pipe carved from the red stone of the famous Pipestone quarry, first described by Cattin. The authentic genuine Indian pipe was sent to one of the leading potteries in Staffordshire, England, and the result is an excellent imitation in terra cotta of the handiwork of an Indian carver and decorator ages ago, who had no thought that he was fashioning for the behoof of the friends of the Free Press the model of a symbol of friendliness, which the enterprising Winnipeg journal sends out as a token of its good wishes. With ever an eye to making hay while the sun shines, the Free Press devotes half of its booklet to meaty statistics of the resources and progress of Rural Western Canada, "the Bread Basket of the British Empire," with its area of three hundred and fifty million acres. Winnipeg on its incorporation in 1874, had a population of 1,869, in 1907 its population is 101,057. The Free Press has shared in this growth. In 1904 its daily edition numbered 15,341. In December, last, four years later, it had grown to 36,826. Long life to the Free Press and its multiform souvenirs.

KING'S DAUGHTERS IN NEED OF FURNITURE

An Appeal is Made on Behalf of a Deserving Family—An Opportunity To Do Good

The King's Daughters are in need of some second hand furniture for a very deserving family in the city, and if anyone has furniture which they feel disposed to donate to a worthy object they will be conferring a favour upon not only the King's Daughters, but upon the family on whose behalf the appeal is made, as well.

Police Attempt to Compel Motormen to Take the Old Accustomed Routes — City Versus Railway Company

IMMEDIATE TIE-UP RESULTED

Poles Were Taken Off the Cars and the Latter Were Left Standing Idly on the Tracks

Examiner Special.

Toronto, January 22. — Following up the instructions of the City Council yesterday, the Police Commissioners to-day stationed men at three central points to compel the street railway motormen to run their cars along the routes specified by the city engineer. The result was an immediate tie up. Of the three lines selected, namely, Bathurst, Arthur and Winchester, which serve the north-east and north-west portions of the city, the motormen, on the instructions of the street railway officials, took the poles off the cars and left them standing on the tracks. In consequence almost the entire northern part of the city is without our service until the city and the railway company come to terms.

THE WEST IS IN THE GRIP OF A MOST BITTER BLIZZARD

Pronounced to be the Fiercest Storm in the Course of the Last Fifty Years

DAKOTA RAILWAYS ARE ALL TIED UP

Examiner Special.

St. Paul, Minn., Jan. 22. — Not a train has arrived in St. Paul for three days. The blizzard which has swept over the north-west is the worst in fifty years. In anticipation of the storm all the railways sent every effort to bring coal and provisions to the city and the suffering is consequently not as intense as it otherwise would have been. In places the drifts are 70 feet deep, and in North Dakota every railway is tied up.

MR. M'CLENNAN TO OPEN NEW BANK AT COBOURG

A branch of the Metropolitan Bank has been established at Cobourg, under the temporary management of Mr. W. G. McClellan.

The new manager is a son of Mr. J. H. McClellan, of this city, and has many friends in this city who will learn with pleasure of his new position.

You have read the Sailor Boy's Plea buy to-day for your dinner to morrow, Sailor Boy Canned Goods Tomatoes, Corn, Peas and Salmon Your money does not buy better Goods. Do you get Sailor Boy or Substitute ?

"HOD" STUART'S FATHER IN THE CITY LOOKING AFTER A BIG BUILDING CONTRACT

Mr. Wm. Stewart of Ottawa, father of the now famous "Hod" Stuart, of the Wanderers' hockey team, was in the city yesterday, and received the returns of the game in Montreal between the Wanderers and Kenoras, with many others, at the Oriental Hotel. Naturally Mr. Stuart was somewhat disappointed at the result of the game which gave the cup to the challengers, but is a good enough sport himself to accept defeat philosophically. Mr. Stuart was a spectator at the Midland-Peterborough game last night, and remarked that in his opinion it was a great game, not as fast, or as strenuous, of course, as the games played in the Eastern League, but good hockey, just the same.

His presence in the city at the present time is explained by the fact that he is a Government contractor, and is here looking for the contract to erect the new Armouries. In case he should secure it, it is probable that both "Hod" and Bruce Stuart his sons, will be seen in Peterborough this summer. They are both brick-layers, following in this respect, their father.

PERSONAL NOTES OF INTEREST FROM GREYSTOCK

Township will be Divided into Two Parts For Assessment Purposes

Greystock, Jan. 21st.—The weather for the past week has been very cold, but it did not prevent the farmers from teaming.

Miss Mary Emmerson is home from the West and is renewing old acquaintances.

Mr. S. Weaver of Coboconk, is at present staing with her sister-in-law, Mrs. Henry Reid.

Mrs. Henry Reid and daughter, Etta, have been very ill, but are improving.

Mr. William Rutherford has sold six head of young horses to Mr. J. Dell, for the neat sum of $500.

The assessing has been let for the township, which has been divided into two halves. Mr. Walter Dickson generally went over it all, but this year he will only do the upper half.

Honour has been conferred upon Mr. William Weaver, to attend to the Methodist church, for the present year. We'll have good warm feelings now.

Mrs. John Kindred spent three days at Westwood visiting and returned home on Friday.

USEFUL DISCOVERIES

Are Not Always Startling, Neither Do They Create the Most Talk

It is not always the greatest, most startling discoveries of science that are most useful to the human race.

Comparatively few people were directly interested in Herschel's finding of the new planet Uranus, but many thousands have been benefitted by Prof. Unna's experiments, which proved beyond a question that dandruff and baldness are the results of the inroads of a parasitic germ which invades the roots of the hair.

The discovery of the true cause of baldness made Newbro's Herpicide possible. Herpicide effectually kills this germ. Destroy the cause, you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

Two sizes, 50 cents and $1.00. Ormond & Walsh, special agents.

Sale at Stratton's

—Stock taking sale is in full blast at Stratton's Bookstore. Just received, five more baby sleighs, in white, green and red—must be sold at once, the price we have them marked will do it. THE GOVERNOR AND THE ADMIRAL

The incident of the Governor of Jamaica, snubbing the United States admiral, and, practically, telling the latter that he was "butting in" will stand a good deal of investigation in order to arrive at its true inwardness. The only declarative information available has been received through Associated Press despatches, well known to be animated by American partizanship. So well is this fact recognized in the United States, that the alleged incident creates little or no excitement there, while the British press and public are inflamed over what, if the facts are as first stated, an act of official boorishness and discourtesy. But, as the facts filter out, it becomes more evident that Governor Sweetenham was irritated by the officious effusiveness of the American admiral, though that need not have prevented him from doing an unpleasant duty courteously. The facts, as developed, seem to be that the United States admiral acted in a way that would indicate that he intended to supersede the authorities, and run the affairs of Jamaica at this crisis. The ships of the admiral steamed into Kingston harbour on Thursday, and, in spite of the request of the Governor, that no salutes should be fired, for fear of alarming the already panic-stricken people, salutes were fired. As the admiral himself states, in his own words, he was told that "there was no need of police protection or relief," and the Governor "declined my offer to land wrecking parties, to assist in hospital, to police streets, clear away debris and bury the dead." In spite of these assurances the admiral took it upon himself to land fifty armed marines, at the panicky request of a subordinate of the Governor, who feared a mutiny of penitentiary convicts that did not occur, and this after the admiral had been told that the Governor had at his command the West India regiment, one thousand strong, two batteries of artillery, and the island police. Yet in spite of all this, the Yankee admiral landed working parties to clear the streets, a party of marines to do police work, and actually set up a hospital, under the Stars and Stripes. The Governor naturally resented his rather supercilious assumption of authority, and it is no surprise that the American admiral brought upon himself unpleasant consequences, similar to what a man might expect who intrusively meddles with the family affairs of a neighbour. One recent despatch says that the people of Kingston do not show any resentment of the Governor's declination of aid, and another states that West Indian traders, now in London, think the American admiral's action was "high-handed and unwarranted." At this distance it appears that the Governor's language in his letter to the effusive admiral might have been more courteous, but we do not know yet the extent of his provocation. But, if the style of language used was, diplomatically, undesirable, and unjustifiable in fact, we must not forget that Governor Sweetenham is protected by a distinguished precedent. After the San Francisco disaster, when offers of aid were received from Canada and Japan, President Roosevelt showed his teeth, and asserted that the United States had plenty of money and provisions of her own and did not require outside aid. The incident of the Governor and the admiral, while it is, from an international view point, deplorable, still, as the facts develop, it furnishes, if it were not for the sad circumstances that gave it origin, a good subject for comic opera.

EDITORIAL NOTES.

The stock market reports state that General Electric "is active." Well, that's what it is supposed to be.

Now Peterborough can sit easily and complacently pity those benighted counties whose grand juries rail at the practice of conferring with criminals persons "whose only crime is poverty." We now have a full-fledged House of Refuge, ready to receive the indigent poor.

A movement is on foot in fourteen of the States of the neighbouring Republic to limit the hours of labour for railway employees. This is something that deserves to succeed. Unlimited hours of work for train crews easily means limited lives for hundreds of railway travellers.

The Conservative Government of British Columbia has for a long time held office by an alliance with the Socialists. Such a combination might seem singular. But it is not. The Conservative desire for office justifies almost any expedient, as the Mail and Empire considers everything lawful that can injure its opponents. It even tries to create the impression in its columns that the Canadian Government gave $100,000 to the San Francisco earthquake sufferers, while the Government only devotes $50,000 to Jamaica. This is, as it was possibly intended to be, positively misleading and inaccurate. Mr. Fielding, in the House, made it plain enough that the $50,000 mentioned was only an instalment of the $100,000 available for the relief of the sufferers from the Jamaica disaster.

To Cure a Cold in One Day

A GUESSING CONTEST WAS A FEATURE OF MEETING

A Profitable Evening Spent by St. John's Anglican Young Peoples' Association Last Night

A TALK ON THE YELLOWSTONE PARK

Last night in St. John's Sunday School house the Young People's Association met in regular session and enjoyed a well prepared literary programme.

Mr. S. Trude gave a very interesting talk on the famous Yellowstone Park and passing around a number of most excellent views of the same. Mr. Trude depicted the beauties of the Park in a manner which gave evidence of the fact that he had been quite observant of its many beautiful features, during his journey through that place.

The most interesting feature of the evening was a title guessing contest. The titles of a great many books had been caracatured on small tabs and bearing each a number were given to the members who put in a most interesting half hour guessing the titles. The titles were well and cleverly represented, though they proved to be very difficult of solution. Miss Edna Cannift, however, guessed the greatest number and thus won a book for a prize. Mr. John Hogan and Mr. Downes had an equal number correct and were thus tied for second prize and both will receive a book.

Mr. A. E. Walker then followed with an exceptionally well prepared paper on "The Merchant of Venice." Mr. Walker was obliged to cut his paper short owing to the lateness of the hour but it was, nevertheless, great enjoyed.

The Literary Committee, who had entire charge of last night's programme, is composed of Mr. Neale Lea, Convenor; Miss Lily Pratt, Miss Horsefield and Mr. B. Doucette, and deserve great credit for the splendid way in which they handled the programme.

The next regular meeting of the society will be held on February 4th, but a special meeting will be held on Monday evening next, January 28th, when Mr. R. M. Dennistoun will, according to request of the A.Y.P.A., repeat his well known lecture, "Jean Valjean." The programme for that evening will be absolutely free of charge and the young people expect a goodly representation of the congregation present.

Disorders of Digestion

"We have kept Dr. Chase's Kidney-Liver Pills in the house as a family medicine for years and find them the most satisfactory of any remedy we can get. I can personally recommend them to anyone suffering from kidney and liver derangements and stomach troubles." — Mrs. James W. Belyea, Belyea's Cove, Queen's Co., N.B.

Band to-night at Street Railway Rink.

HOUSE OF REFUGE FOR THE COUNTY WAS OPENED

(Continued from page 7.)

building. He trusted they were well pleased with what they had seen. He was glad to welcome Dr. R. Bruce Smith, the Provincial Inspector of Asylums, Hospitals and Charities, who would formally declare the House of Refuge open; he did not claim that the council of 1906 was deserving of any credit as the members had no option in the matter, being compelled by a special act to provide a County House of Refuge previous to Jan. 1st, 1908.

The Warden then read letters of regret at their inability to be present from the following gentlemen:—Hon. W. J. Hanna, Provincial Secretary; Mr. John Finlay, M.P., East Peterborough; Mr. Weir, Warden of the United Counties of Durham and Northumberland; Mr. Geo. Edmison, County Police aMgistrate; Mr. W. H. Casement, ex-Reeve of Lakefield, and others.

Mr. E. A. Peck, County Solicitor was the next speaker. He said it gave him much pleasure to be present on this occasion, and say a few words at the opening of the new House of fuge. They were to-day completing an important page in the history of the county. As many were aware the question of a place of shelter for the poor and needy people of the County had been before them for a great many years, and there was great need of providing suitable accommodation. The Grand Jury four times a year from time immemorial had brought the matter to the attention o the people. It was thought that with the Protestant Home and the House of Providence in Peterborough they could get along very well, and that the County could not do anything in the matter without Peterborough taking a hand. In past years the money difficulty stood in the way, as to raise the necessary sum for a House of Refuge would mean submitting a bylaw to the ratepayers of the County. The Legislature, by a recent enactment had given County Councils power to expend a certain sum without going to the people, the result was that this institution had been built by the County of Peterborough and was one of the best equipped and commodious homes in the Province and a credit to the County.

Mr. Ed. M. Elliott, county clerk and treasurer, said the House of Refuge had been agitated for years. Two years ago, however, the Council decided to take the initiative in the movement and the work had been carried out rapidly, with the result that the present institution was built one year previous to the time allowed by the Act. Ample provision had been made for the indigent poor of the County and the money had been economically and well spent, and the building was a credit to the County. Everything in carrying out the work had been well handled by the County Fathers.

Mr. R. N. Scott, Reeve of Smith, also added a word of congratulation, and in a brief speech complimented the County Council on its enterprise and the successful completion of the work.

Mr. Frank Moher, Reave of Douro, said he was glad of the opportunity of adding a few words of praise in connection with the opening of the House of Refuge, and that such a fine building had been constructed. The situation was ideal in every respect, and the accommodation was ample to meet all needs for some years. Some might look upon the institution as a luxury rather than a necessity and say it was an encouragement to indolence, but human nature was the same the world over and the County would always have a certain number of indigents to look after and it was but charitable and wise to see that they were properly provided for, and maintained in a certain degree of comfort. He congratulated Mr. Garbutt, the chairman of the House of Refuge Committee and the members of that committee on their good work and said that they had done their duty faithfully and well.

Mr. J. Thompson, Reeve of Havelock, said this was his first visit to Lakefield, and he was pleased with the industrial progress of the village, believing it to be one of the most prosperous places in the county. People frequently did not appreciate the amount of work which others had to do for them especially in a County Council, and those outside did not know how much time was spent by councillors in carrying out legislation in the interests of the ratepayers as a rule. "Bear ye one another's burdens was a Divine command, and this was what the County Council was endeavouring to carry out in spirit in providing such an excellent institution. He preferred the term House of Industry to that of House of Refuge, and inmates of the institution should not feel that they were a burden on the County, as they would help to cultivate the land which would yield a revenue toward the maintenance of the home. This was a proper way to look at the whole matter.

Mr. P. McNulty, Reave of Asphodel, congratulated the Warden of the County Council and its officers on the completion of the House of Refuge and said it was a credit to the county and to the architect, Mr. Belcher.

Lt.-Col. MacNachtan, Clerk of the Counties of Durham and Northumberland brought greetings from the adjoining counties. He expressed regret that their Warden was not able to be present and take part in the opening of this noble institution. Charity was a noble work, and he believed that the outgoing council would never regret the undertaking which they had just carried out. The people should always cheerfully bear one another's burdens, and care for those who, in old age were unable to take care of themselves, and in this home they would find a place that was comfortable and convenient. He referred to the presence of County Clerk Elliott at the opening of the House of Refuge at Coburg a week ago and said that he had one of the best speeches of the day in connection with the proceedings. In conclusion he thanked the County Council for the invitation to be present on this occasion.

Rev. Father Phelan was grateful for the invitation extended to him, and felt that it was a great privilege to be here and add a few congratulatory remarks. He felt that the institution would be a lasting memorial and credit to the County Council. He was pleased that Lakefield had secured the House of Refuge and believed that the Council had made no mistake in selecting it as the site.

Rev. Mr. Bedford, pastor of the Lakefield Methodist Church; Rev. Mr. Catling, pastor of the Lakefield Baptist Church, and Rev. Mr. MacKenzie were next called upon for a few remarks, after which Rev. S. S. Burns, pastor of Lakefield Presbyterian church offered the dedicatory prayer and trusted that God's blessing would rest upon the new institution.

Dr. R. Bruce Smith, Provincial Inspector of Charities, made the principal speech of the day, and expressed regret that Hon. Mr. Hanna, Provincial Secretary, owing to his accepting a previous engagement, was unable to be present. He was glad that the County of Peterborough had fallen in line, erected and dedicated under such happy auspices a new House of Refuge. For years this propositionhad been in contemplation and it was pleasing to know that the indigent poor would not be now housed in the County Jail but would be properly cared for in their new home. The County Council had seen what was its duty and had carried it out, in the erection of a House of Refuge. There were now in the Province 1,300 indigent poor which were being cared for in County Houses of Refuge, and the sum of $312,000 had been expended by county councils in Ontario in establishing Homes of this character, so that each county could look after its own poor. All the counties in the province, with the exception of five, had complied with the special act of the Legislature, and had erected Houses of Refuge, and it was expected that the remaining five would erect such Homes during the coming year.

He referred to the fact that in passing a House of Refuge in a certain county, he saw a man mowing the lawn in front of the institution, and asked him how long the building had been erected. The man replied, "Eighteen years; I was warden of the county at the time, and I ought to know." At the time of Dr. Smith's visit he was an inmate. The speaker explained that trouble had come to this man's family, with the result that he had been forced to seek shelter in that Home which he had helped to provide for the care of others. None of us knew what the future had in store for us, and it was well, therefore, that such institutions were provided. They were evidences of progress and enlightment on the part of the people, and of carrying out the spirit of philanthropy and charity towards all which had given effect to the Act calling for the erection of such institutions.

He strongly advised that the institutions should be maintained by a county tax, instead of each municipality contributing directly towards the maintenance of the inmates from their respective borders. The richer municipalities should help the poorer, and this could only be carried out on a fair and equitable basis by the stronger municipalities helping the weaker, and a general tax being levied.

He said that the tendency, where each municipality paid for its own, was to send the poor to the county jail, instead of to the House of Refuge. Institutions of this character were intended for the care of the poor and the aged, rather than the county jails, as old age was no crime. All the counties except three had adopted the general tax, and he hoped that Peterborough would fall in line. The province had contributed $4,000 out of the Succession Duties towards the construction of the Peterborough House of Refuge. In conclusion he said that the property on which the House of Refuge was located, should be improved, and made the model farm of the county. The residents of Lakefield should see that the inmates were occasionally entertained to drives, concerts and picnics, in order that the lives of those who were sheltered there might be made as pleasant as possible. He wished the institution and its management every success.

Mr. T. E Bradburn, M. P. P., was pleased to be present, and congratulated the outgoing council on the good work that it had carried out, and believed that this work would be continued by the incoming council. He believed that Dr. Smith's remarks would be appreciated in the spirit in which they were given. Now, that Peterborough had the Home and the grounds, improvements to the property should be carried out, and as had been said, it should be made the model farm of the county.

Mr. R. R. Hall, M.P., was the last speaker. He expressed his pleasure at the foresight, the council had displayed in carrying out the good work that had been accomplished. He hoped that Dr. Smith's remarks would be taken to heart, and that the maintenance of the Home in a broad generous spirit would be exercised, and that there would be no divisions over picayune matters. The people were learning to appreciate the necessity for such institutions as the one provided, and he believed that they were willing to support them in a liberal manner. He thought the incoming council might consider the advisability of sending a deputation to Toronto, to see if the Government would not alter the act and contribute so much per head directly to the inmates' maintenance. In closing he said that a suitable and convenient place had been provided for the poor of the county, and he felt that the quality of money had been given evidence of in a tangible manner in erecting such a home.

This concluded the speech-making, and afterwards a luncheon was served to the large gathering, and the proceedings broke up by the Citizens' Band of Lakefield, playing the National Anthem.

The Buildings

The new House of Refuge is erected on the farm formerly owned by Mr. William Preston, and is located about a mile and a half west of Lakefield, on an elevation overlooking the village. The property, consisting of about 100 acres, was purchased last spring by the county council at a cost of $6250. Shortly afterwards contracts for the new building were invited, and a structure erected at a cost of about $27,000, including the furnishings, making the total outlay for lands and building about $33,000. Messrs. Baptie Bros., of Lakefield, the well-known and energetic contractors, were awarded the contract for the erection of the structure at an outlay of $18,000. This did not include the heating, lighting nor plumbing, which was given to Mr. F. R. J. McPherson of Peterborough, for $9001. The furnishings, which were provided by Lakefield merchants and others, cost $1100, while the wires, poles, transformers, etc., in connection with the electric lighting of the building involved an expenditure of $480.71.

Baptie Bros., who sub-let the contract for the brick and stone work to Mr. J. J. McPherson of Peterborough carried out their job in a prompt and efficient manner, and were warmly congratulated upon the evidences of their superior workmanship. This firm did all the plastering, carpentering and other work in connection with the institution, except the painting and glazing, which was carried out by J. Puver of Lakefield, and Mr. J. Kelly, also of that village, who provided the outside electrical equipment.

Mr. J. J. MacPherson, in connection with the brickwork, pushed the work rapidly, and the structure affords ample evidence of the superior manner in which he carried out his contract. Mr. F. R. J. McPherson, with respect to the heating, lighting and plumbing, certainly lost no time in installing these conveniences, everything in connection with this job being effected in such a manner as to leave no room for criticism, and demonstrating that he is thoroughly modern in carrying out large contracts.

The building is constructed of solid brick, the main portion being 75 by 45 feet, with annex at the rear 33 by 25 feet. The brick work is upon a stone foundation, surmounted by a layer of Longford stone. It is well lighted by electricity, thoroughly heated by steam, the system being known as the return grate; the boiler room being located in the basement of the annex. The first floor of the annex contains the private apartments of the superintendent, Mr. Henry Beavis, of Dummer, and Mrs. Beavis, matron of the institution; while the second floor contains the hospital wards, with bathroom, lavatory, medicine room, etc.

The main building is three stories high, with attic, which is as yet unfinished, but which may be fitted up to increase the dormitory accommodation of the institution, when required. At present there are ten dormitories, the north side of the building containing the quarters for the men and the south side those for the women. At present there is accommodation for about fifty inmates, but when required the capacity may be increased to sixty or more.

Running through the centre part of the structure are two fire walls of solid brick, provided with iron doors, making it perfectly safe in case of fire, by preventing the spread of the flames. Fire escapes will also be provided on each floor. The ground floor is of concrete, while the floors on the other flats are of maple. The ceilings are all metallic, of an attractive design, and the walls are of finished plaster. There are separate dining rooms for the men and women inmates, these being located on the ground floor, where the refrigerator, laundry, kitchen, etc., are also placed. A large pump, operated by hot air, forces hard and soft water to two tanks of considerable capacity in the attic, from which it is conveyed in pipes to the lavatories and the other parts of the building where it is required.

On each floor there are well equipped and conveniently located bathrooms, lavatories and closets.

To the right of the main entrance is located an attractive reception room, with visitors' register, and to the left is a room for the matron.

The building is provided with a chute for soiled clothes and has the requisite number of store rooms, and every other convenience which goes to make a well-equipped and thoroughly modern House of Refuge.

In the construction of the building there is no indication of extravagance or lavish expenditure, everything being carried out in an economical manner with a view to usefulness and service rather than show or pretentiousness.

The members of the county council are deserving of praise for the business-like manner in which they grappled with and handled the task of erecting this institution, and special praise is due to Mr. H. C. Garbutt, the chairman of the Special House of Refuge Committee, with whom were associated on that committee the following gentlemen: Messrs. Shaw, Buck, Andrews, Webster, Menogue and Warden Johnston.

—The Property and Health Committee of the city council, will meet this evening at 5 o'clock, for the purpose of preparing a bylaw outlining the duties of a sanitary inspector.

Cobalt Ore

—Messrs. Clarke & Son, the George street jewellers, have on exhibition in their window, some splendid samples of ore from Cobalt. They were sent to Mr. Clarke by a friend in the north country.

Gilding

—For all kinds of gilding go to W. Kingdon, 11 Hilliard street, Peterborough. Old frames repaired, and re-gilt equal to new. Paintings cleaned and re-lined. Old engravings cleaned and restored. 30d1

Food for Thought

—We are receiving very fine fresh-caught trout, white fish, sea salmon, halibut, steak cod, haddock, sea herring, smelts, tomcods, also the best brands of finnan haddie and oysters. E. A. OKE, 376 George street.

Milk Business Changed

—Mr. Charles Adams of the East Ward, has purchased the milk business formerly owned by Mr. A. E. Deck, and will be on the route to-morrow. Charlie's many friends will wish him success in his business venture.

Salvation Army Notes

—The weekly cottage prayer meetings of the Salvation Army, will be held this evening at 8 o'clock, at the following places: South end, at Mr. Dickens', 12 Lafayette avenue; north end at Mr. Lush's, 131 Antrim street. All are invited.

At Home

—On Wednesday evening, Jan. 23rd, an "At Home" under the auspices of The Ladies' Literary Society of St. Peter's T.A.S., will be held in their Assembly Hall. A pleasant time is anticipated and all are cordially invited. Admission 25 cents. 6d12

St. Peters' Ladies' Literary

—The regular meeting of the Ladies' Literary Society of St. Peter's T.A.S., will be held on Friday evening, January 25th, when a paper on "The Lily of Israel," will be read by Miss L. Sullivan. A musical programme will also be presented. 4d18

Ladies' At Home

—The Ladies' At Home Committee of St. Peter's T.A.S. will hold another At Home to-morrow evening in their rooms. On previous occasions these socials have been very successful and that of to-morrow evening should be more successful than those of the past.

Had a Bad Leg

"We have seven children and have used Dr. Chase's Syrup of Linseed and Turpentine for every one of them and with good results. We get four bottles at a time and find it a good remedy to break up a cold on the lungs."—Mrs. R. D. Turner, Broadview, N.W.T.

Another Two Thousand

—Just received at the Peterborough Bookstore, another shipment of 2000 "A. H. S." writing tablets. Our popular 10c tablet contains the full 100 sheets, which is 20 sheets more than any other 10c tablet. Our "A. H. S." silk cloth finished tablet is the delight of all ladies who have used them. Try one and be convinced. A. H. Stratton & Co.

PERSONAL MENTION

Mr. W. Menzies, Lindsay, was a spectator at last night's hockey match.

Miss Mabel Mahoney, Campbellford, is spending a week with her friend, Miss Grace Barnett.

The Examiner is indebted to Mr. I. Payne for interesting copies of the Los Angeles Times of recent date.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, Jan. 22.—The rally in stocks went further this morning. Opening prices were generally above last night's closing, and under the lead of Copper continued to gain up to noon, when a reactionary tendency showed itself and prices sold off quite easily. Gen. Elec. was a strong feature, rising six points, but later losing part of it.

Dealings to-day were on a much smaller scale than yesterday and generally the undertone was good. There was some manipulation to force the short interest to cover, but it was not productive of much result. The Berlin bank rate was reduced, and the foreign markets generally were firmer. The close was dull and lifeless.

THE ARCHIVES REPORT.

Early Settlement of Ontario Interestingly Dealt With in the Third Volume of Statistics.

The third annual report of the bureau of archives is a monument to the industry of the department. Nearly 700 pages of closely printed matter, with maps, plans, portraits, facsimiles and other material on which the future Humes, Macaulays, Greens, Froudes, Freemans, Stubbs and Gardiners of the future will build their histories.

The general plan of publication adopted, as stated in the preface, defines five periods, ending with 1763, 1791, 1841, 1867 and 1900. The first period covers the French regime, and material for a volume dealing with it is being collected. The second includes the beginning of British trade and the arrival of the U. E. Loyalists. Last year's report was concerned with these matters. The present report presents documents relating to the early settlement of Ontario, prior to the organization of the province in 1791, and consists chiefly of minutes of the proceedings of the old land boards of Hesse and Nassau, the latter partially. The minutes of Mecklenburg board have not been recovered.

It may be noted that the province was then arranged in four divisions. Lunenburg extended from Lancaster Township to the Gananoque River; Mecklenburg from that river to the Trent; Nassau, in which Toronto is situated, from the Trent to the eastern end of Long Point in Norfolk County; Hesse from Long Point to the Detroit River.

One of the more interesting papers is the MSS. proceedings of the third session, 1794. A series of papers on the capitulation of Detroit, presented by Christopher Robinson, K.C., and documents from the family of Benedict Arnold, contributed by Larratt W. Smith, are important. Another valuable collection relates to the heroic Robert Rogers, commandant of the famous Rogers' Rangers. A note on page xiv. deals with the services of Robert and his brother James.

Extracts from instructions to the governors-general concerning land contain some notable facts bearing on the policy intended to be followed at that time for the public weal.

Section 51, of Dec. 7, 1763, for example, declares: "And whereas great inconveniences have arisen in many of our colonies in America from the granting excessive quantities of land to particular persons, who have neither cultivated nor settled it, and have thereby prevented others more industrious from improving the same; in order, therefore, to prevent the like inconveniences for the future, you are to take especial care that in all grants to be made by you and with the advice and consent of our council, to persons applying for the same, the quantity be in proportion to their ability to cultivate."

Another clause, aiming at the encouragement of flax growing, instructs the "captain-general and governor chief," as he is called, "to take particular care to insert a blause in every grant of land where any part thereof is fit for such production, obliging the grantee annually to sow a proper-

They Declare It Is Not A Combine

Aims of the Eastern Canadian Passenger Association Fully and Clearly Explained

Recently a certain Toronto newspaper has been publishing a series of articles regarding the railways and the Board of Railway Commissioners. In several of these articles the Eastern Canadian Passenger Association is referred to as a "combination in restraint of trade." The following statement regarding the puposes and work of this Association, furnished by a member of its Executive Committee, will at the present time be of interest.

The purposes of this Association are set forth in article 3 of its constitution as follows:

"To promptly secure to each of the parties authentic information in relation to tariffs, rate sheets and ticket regulations of the respective parties and changes therein, and the due filing and publication thereof; to aid in securing compliance with the laws relating to and regulating commerce; and to consolidate the parties hereto to mutually confer, advise and act in relation to the subjects above stated, and the proper methods to secure the purposes aforesaid."

Article 6 of its constitution provides:

"Each line party hereto shall fix and determine its own reduced fares. . . . Nothing in these articles of organization shall be construed as giving authority to the said Secretary, the Association, or any person or officer of the Association to fix or determine any rate for any party hereto, but each party alone shall fix and determine its own rates; and nothing herein shall beconstrued as preventing any party hereto, after it has fixed such rates from changing the same from time to time as it may elect."

It will be observed that it is distinctly provided that each line member of the Association reserves always to itself the right to take independent action. Therefore the accusation that it is a "combination in restraint of trade," is absurd on the face of it, especially when it is considered that the MAXIMUM FARES of the railways of Canada are under the absolute control of the Canadian Railway Commission. As clearly set forth above, the transportation lines in the Association are organized for the purpose of dealing with applications for reduced fares for excursions, conventions, exhibitions, etc., with the greatest possible despatch and uniformity. Whatwould happen if everyone of such applications had to be made to each separate transportation line? It is manifest that each line would hesitate to name reduced fares without knowing what its competitors intended to do, not only as to reduced fares, but also as to dates of sale of tickets, their limits, and all other privileges. The line acting independently and most promptly would incur the risk of its competitor subsequently naming better terms, and thus placing it at a serious disadvantage, probably costing it the loss of the entire traffic.

Take for illustration, Toronto's annual exhibition—the many lines trying by telegrams and letters to reach their competitors to arrive at some knowledge of their ideas before acting independently and the immense delay and confusion sure to result, and compare it with the simple machinery of the Eastern Canadian Passenger Association, as indicated above, by which through personal conferences as frequently as required, all such applications are jointly and carefully considered and the conclusions reached promptly communicated to all interested through its secretary, each line fixing and determining its own reduced fares and reserving always to itself the right to take independent action. The fact is, that such joint consideration of applications for reduced fares is the greatest safeguard the public have against hasty, ill-advised reductions likely to produce discriminations and unreasonable rates, the very things the Railway Commission is designed to prevent. Remember the Eastern Canadian Passenger Association has nothing to do with the Maximum Rates—Parliament has given to the Railway Commission absolute control over such rates—therefore the Association's operations are confined to voluntary reduced fares granted by its members to the public and even then always subject to the approval of the Railway Commission to the reasonableness of the rates. It is a pity such unfair efforts are being made to create ill-will between the public and the transportation lines. The interests of both are identical. Consultations between the transportation lines, which the Association accurage and provide for, mean more intelligent understanding of the public requirements, greater uniformity of methods and better service generally. Instead of being "combinations in restraint of trade" they are designed to and do facilitate trade and are beneficial to the public in every respect.

The Interstate Commerce Commission in the United States, which is especially charged with the duty of preventing "combinations in restraint of trade," freely recognizes and confers with the territorial, passenger, freight and other railway associations in the United States, no doubt thoroughly appreciating the fact that without the aid of such associations in bringing about uniformity of methods, etc., their work would be greatly hindered if not made impossible.

The public need more light and accurate, instead of misleading, information in a great many railway questions, and I believe when properly informed they are always reasonable enough to appreciate what is clearly for their own benefit, such as the railway associations referred to.—Montreal Herald, Dec. 31st, 1906.

tionate part of the grant with hemp or flax seed."

Land boards were appointed at the formation of the districts, to report on applications for land, and the instructions indicate an appreciation of the rights of the people which is not even at this day wholly realized. On Feb. 17, 1789, rules and regulations were issued, one of which reads:

"And to prevent individuals from monopolizing such spots as contain mines, minerals, fossils and conveniences for mills and other singular advantages of a common and public nature, to the prejudice of the general interest of settlers, the governor-general and his agents or deputy surveyors in the different districts, shall confine themselves, in the locations to be made by them, upon certificates of the respective boards, to such lands only as are fit for common purposes of husbandry, and they shall reserve all other spots aforementioned, together with all such as may be fit and useful for ports and harbors, or works of defence, or such as contain valuable timber for ship building or other purposes, conveniently situated for water carriage, in the lands of the crown.

"And the more effectually to prevent abuses, and to put individuals on their guard in this respect, any certificate of location given contrary to the true intent and meaning of this regulation is hereby declared to be null and void, and a special order of the governor in council made necessary to pledge the faith of government for granting of any such spots as are directed to be referred."

Governor Simcoe, on Feb. 7, 1792, issued instructions also "that all grants reserve to the crown all coals, commonly called sea-coals, and mines of gold, silver, copper, tin, iron and lead."

Lord Dorchester's instructions, Aug. 23, 1786, show the original reason for the reservation of white pine.

"It is our will and pleasure, however, that no grants or allotments be made of any lands, on which there is any considerable growth of white pines fit for masting our royal navy, and which lie convenient for water carriage, but that you do cause all such lands to be set apart for our use."

A BRAVE WOMAN.

Mrs. Patterson Brought Help to the Barque Coloma.

To the perseverance, determination and ready wit of an Ontario woman Mrs. Minnie Patterson, telegraph operator at Cape Beale, B.C., and wife of the lighthouse operator, the officers and crew of the wrecked barque Coloma owe their lives. When the Coloma was wrecked on Dec. 7 in that part of the graveyard of the Pacific where the Valencia met her fate. Mrs. Patterson traveled along five miles of rugged, storm-swept trail, through bogs knee-deep, and in the teeth of a hurricane, until she reached Bamfield cable station, where the Dominion Government steamer Quadra lay with steam up. She told the officers of the perilous condition of the Coloma's crew, and the steamer arrived at the scene of the wreck just in time to save the men. Let Capt. Allison, the skipper of the Coloma, tell the story of a deed which must make the Empire proud of the women of British Columbia, for Mrs. Patterson, although born in Ontario 29 years ago, has lived for 13 years on the west coast. Capt. Allison said.

"The old Coloma is now at the bottom, and if it had not been for a plucky little woman we would all be there, too. Mrs. Patterson is a noble woman. That rocky and boggy trail—for it was of both kinds—would have made a stout man quail. When the Quadra, which she sent to us, arrived we were preparing for the worst. For 20 hours we had clung to the wreck and were exhausted. The seas had been breaking over us and the vessel was going to pieces with terrible rapidity. How we managed to hang on is more than I know. There were ten of us on board, and we owe our lives to that plucky little woman."

Mrs. Patterson was born at Brighton, Ont. At the age of sixteen she married Thomas Patterson, keeper of the Cape Beale lighthouse. Her father is Capt. Huff, a formber member of the Legislature. She is twice a heroine, for at the time of the Valencia wreck she remained at her post at the telegraph office at Cape Beale for a day and a night, and she it was who was chiefly instrumental in having boats despatched from Victoria, which saved some of the passengers and crew of that steamer. She also attended to the wants of the few who were able to reach the lighthouse and assisted in every way the work of succor. But for her splendid endeavor another terrible tragedy would have been added to the gruesome history of the west coast of Vancouver Island.

The Metric System.

The adoption of the metric system of weights and measures by Kynochs, Limited, one of the great manufacturing firms of Birmingham, has revived interest in the question of its general adoption. Its proponents and opponents are fighting the question out valiantly. Sir Samuel Montagu, president of the Decimal Association, is very optimistic. He sees in this action of a leading firm the early adoption of the system. In an interview he said: "No nation which changed its system of weights and measures has ever adopted our system, and no nation that has adopted the metric system has ever gone back on it. It is so much easier to count in tens, is it not? It has been estimated that a million sterling a year would be saved in the education of the children if they were not obliged to learn our present cumbrous system These considerations apart we want to follow other nations in adopting the metre measure. It will greatly facilitate our foreign trade. For instance Japan uses the metrical system, and, in trading transactions, will naturally give a preference to Germany or France, where the same system is in use, because their merchants will be saved the great trouble which our system of weights and measures puts upon them."

Engine Knocked Out

Prince Albert, Sask., Jan. 15.—For the first time since Wednesday morning last a passenger train reached here from the south last evening. The passengers and crew told a stirring story of what happened to the train since it left Regina Wednesday. The engine was battered into uselessness in attempting to force a snow plough through the high and solid banks.

REPORT OF CENTRAL SMITH DAIRY COMPANY

Was Read at the Annual Concert Friday Night in the Temperance Hall, Smith

THE PAST WAS AN EXCELLENT SEASON

The report of the season's work of the Central Smith Dairy Company was read on Friday night by the president of the company, Mr. McGregor, at the concert given in the Temperance Hall, on the 4th line of Smith. The report showed that the past season had been an excellent one, the important figures being the following:

Creamery

Creamery opened on November 5, and closed April 30.
Total number of patrons, 63.
Total number pounds of milk delivered, 414,402.
Total number pounds butter manufactured, 18,093.
Average price of butter, 23c.
Average number lbs. milk to one lb. butter, 22.90.
Amount paid to patrons, $3,572.11.
Amount paid for manufacturing, $588.22.
Amount paid for buttermilk, $33.12.
Gross value of milk, $4,193.45.

Cheese Factory

Cheese factory opened on May 1, and Closed November 3.
Total number of patrons, 44.
Total number pounds of milk delivered, 1,548,125.
Total number lbs. cheese manufactured, 139,671.
Average price of cheese, 12.11c.
Number of lbs. milk to one lb. of cheese, 11.08.
Amount paid to patrons, $15,436.96.
Amount paid for manufacturing, $1,484.01.
Amount paid for whey, $321.64.
Gross value of milk, $17,242.61.
Aggregate business for the year, $21,436.06.

OFFICERS ELECTED IN THE ROYAL CHAPTER

Election and Installation Conducted by W. H. G. Armstrong

At the last meeting of the Royal Chapter of Peterborough the officers were elected for the coming year, the past W. C. in Com., Comp. W. H. G. Armstrong, conducting the election and installation. The officers were elected as follows:

W. C. in Com. Comp., David Hamilton, 457.
E. C. Com. Comp., J. E. Carscallen, 80.
Com. Chaplain, Rev. A. H. Brace, 80.
Com. Scribe, W. G. Bartley, 80.
Com. Treasurer, John Briggs, 457.
Com. Sir Herald at Arms, V. Hawley, 80.
Com. 1st Lecturer, Charles McBride, 457.
Com. 2nd Lecturer, George Armstrong, 457.
1st Conductor, James Armstrong, 457.
2nd Conductor, T C Holden, 321.
Inside Herald, John Cunningham, 80.
Outside Herald, James Garside, 80.

MRS. COOLIDGE WAS AWARDED $641 DAMAGES

Jury Answered Questions, However, in Favour of the Company

It appears that the despatch published yesterday that Mrs. Alice Coolidge lost her case against the Toronto Railway Company is somewhat misleading. The Examiner has received another which is certified by the plaintiff herself to be correct. It is as follows:—

Mrs. Alice Coolidge, Peterborough, attempted to get off a Yonge street car between King and Melinda streets. She stepped off, facing the rear end of the car, with the usual consequences. Her back and leg were injured. Her suit against the company was tried yesterday, and although the jury answered all the charges submitted to them by Justice Britton, in favour of the company, she was awarded $641 damages.

COURT LANGTON C.O.F. INSTALLS NEW OFFICERS

Financial Statement Showed a Handsome Balance to Credit of the Court

The regular meeting of Court Langton, No. 314, C.O.F., was held last night when the installation of the officers for the coming year was held. The reports showed that the past year had been a prosperous one and that there was a good balance in the treasury to the credit of Court Langton.

The following officers were installed by Albert Martin, D.D.H.C.R., assisted by William Carter, High Marshall:—

R E Layfield..... P.C.R.
D H Kernaghan..... C.R.
Noble Graham..... V.C.R.
S Kemp..... Fin. Sec.
W Stevens..... Rec. Sec.
R N Jones..... Treas.
W Payton..... Chap.
G Worboy..... S.W.
—Collins..... J.W.
J Tranter..... S.B.
H Shuter..... J.B.
Dr. McClelland..... Physician
Trustees—Wm. Anderson, H. Grey, J. J. Hartley.

Hockey Club Received The Difference Between The Former Prices And Those Last Night

Secretary Graham Writes a Letter to the Examiner in Which He Explains Fully The Circumstances

RINK MANAGEMENT WAS GENEROUS TO THE HOCKEY CLUB

Gave Them the Surplus Receipts of Last Night's Game—Appreciation of the Action of the Management and the Support of the Public is Expressed

The Examiner to-day publishes a letter which should, and no doubt will, clear up the false impression which has been created, apparently wilfully, in the minds of the public in respect to the prices charged at the hockey game last night.

Those who have followed the course of the hockey team representing this city during the present season will not need to be told that the team has been running in hard luck. In an exhibition game with Varsity, Mr. W. E. Wasson, whom the team was depending on to play goal again this season, had his collar-bone broken, necessitating his withdrawl from the game for the season. Shortly afterwards, in a practice, Mr. C. G. Graham, who has been one of the most consistently good players on the team, injured his knee and was unable to continue, at least, until he had been given an opportunity of recovering from his injuries.

In addition to this, Fred Whitcroft, who is now recognized as the best forward in the O. H. A. to-day, has been playing under difficulties, one of the fingers on his right hand having been broken, and while he has been playing a phenomenally good game, he is, and has been, for some time, under the care of a doctor. Doctors' bills have had to be paid, and taken altogether the club has met with a number of serious difficulties this season.

It was also recognized that in order to finish this district, not to speak of entering the finals, should the team be so fortunate, three more long trips would have to be made, all involving a considerable expenditure, and in view of this fact, it was thought that the supporters of the team would not object to paying a slightly higher price of admission for last night's game, which it was thought would be the fastest of the season, and events justified this belief.

The matter was arranged between the club and the management of the rink, and it was further arranged, at the time that the increase was decided upon, that not only would the hockey club be given their share of the whole gate, but that every cent of the gate received over and above the prices charged at former games this season should go as a donation from the rink management.

It will thus be seen that, by this act the management of the rink, instead of being what they have been represented in certain quarters, have proved themselves true friends of the hockey team, truer friends, doubtless the public will think, than those who have sought to bring discredit upon them.

The letter, which is self-explanatory, follows:

The Editor,
Peterborough, Jan. 22, 1907.
The Evening Examiner,—

Dear Sir,—May we, through this medium, express to the management of the Peterborough Hockey Club, Limited, (the owners of the Brock Street Rink), our sincere thanks for, and appreciation of, their treatment of the members of the senior hockey team. Appreciating the fact that to carry out the season, and make three expensive trips out of the city, at least, before this district's games are played, as well as to provide for other necessary expenses in connection with the carrying out of the season's games, it would be necessary to secure more funds, and, instead of calling on the friends of the club for a subscription, a course which was followed last season, the management of the rink allowed the prices for the game last night between Midland and Peterborough to be slightly increased, and gave the difference between the prices which had formerly prevailed this season and those of last night to the Hockey Club, in addition to the club's share of the gate.

This action on the part of the management of the rink will, we hope, enable the team to go through the season without appealing to their friends by means of a subscription.

We feel that none of the supporters of the team, when they understand the situation, will object to paying the small additional charge for the game last night, and the support and encouragement which has been given, not only by those who attended last night, but by the rink management, as represented by their action in making the donation referred to, is very gratifying.

Yours truly,
C. G. GRAHAM,
Secretary-Treasurer.

BAND AT THE BROCK STREET RINK WEDNESDAY NIGHT.

PETERBOROUGH NATIVE MUCH TRAVELLED MAN

Mr. Chas. Tucker, After Completing Tour of Africa, is Taking Trip on Mediterranean

Mr. Chas. Tucker, son of Mr. T. C. Tucker, of this city, has probably travelled more extensively than any other native of Peterborough. For some years he has been in the employ of the Sherwin-Williams Paint Co., placing agents for the company in different parts of the world, his scene of operations being largely confined to South America and South Africa. He has recently completed a tour of Africa, and in an endeavour to secure a much-needed rest has decided upon taking a lengthened tour of the Mediterranean Sea.

COLONEL GASKINS WILL VISIT PETERBOROUGH

"Queer Fish and How They Are Caught," will be Subject of Lecture

A distinguished visitor in the person of Col. Gaskin, of Toronto, General Secretary for the Salvation Army in Canada and Newfoundland, who travels from the Pacific to the Atlantic in the interests of the work of the Army, has been secured by the local corps to give a lecture entitled, "Queer Fish, and How They are Caught," in the Army Barracks, on this Thursday evening, January 24, at 8 o'clock, and with His Worship the Mayor as chairman of the meeting, it promises to be a red-letter one in the history of the local corps.

LIGHT AND POWER SALE PROPOSITION

Will be Considered by Special Committee and Mr. Stuart

Mr. Robert Stuart, of Chicago, arrived in the city to-day on the noon train for the purpose of conferring with the Council with regard to the light and power sale proposition. A conference will be held as soon as arrangements can be made between the special committee, appointed to deal with the problem, and Mr. Stuart. This will probably be during the next day or two.

Watch Talks

Have you a Watch which requires attention.

Maybe the Mainspring is broken.

A first class new one only costs you $1.00. Does your Watch stop occasionally, and you cannot depend upon it for time. Cleaning is all it needs and $1.00 will do it.

No matter what the trouble is with your watch bring it to us.

We regulate Watches free of charge, and if you wish for the correct time call on

Schneider
JEWELLER and OPTICIAN
Issuer of Marriage Licenses.

CITY'S PROSPECTS ARE GOOD, SAYS ALD. LEARY

Eastern Ontario Entitled to the National Dairy Exhibition by Reason of Majority of Cheese Factories

TORONTO NOT ENDORSED BY THE WEST

The deputation which was sent to the Western Ontario Dairy Convention at London to advance Peterborough as the prospective situation for the proposed National Dairy Exhibition, was represented at the Committee of the Whole meeting last night by Ald. Leary. He reported that Peterborough's chances were good from the present prospects. He said that the Hon. Mr. Monteith had tried to discourage such fairs as the proposed exhibition, but that the other speakers believed it was very important that it should be established. The alderman pointed out that in Eastern Ontario there were about 300 cheese factories while in the Western section of the province there were only about 60 so that the East would certainly be the most benefitted.

All that was possible to do now, he said, was to wait until the Joint Committee of the Eastern and Western Associations meet to discuss what requirements are necessary in the city which gets the show and to have a deputation confer with that committee.

He further stated that there was no resolution passed at the London dairy meeting endorsing Toronto as the place of holding the exhibition as had been reported.

Ald. Leary was requested to keep in touch with the proposition until the council meets again next Monday.

MUCH DAMAGE DONE BY THE WIND STORM

Wind-mill Broken and Practically Destroyed on Farm of Mr. Fred. Scott, in Smith Township

The wind on Sunday did considerable damage in the township of Smith. Mr. Fred Scott's barn suffered considerably, his wind mill being practically demolished. The damage done to the mill will amount to about $75. In addition to the destruction of the mill a large number of fences were blown down, and other property destroyed.

INSTALLATION OF NEW OFFICERS

Lansdowne Lodge of S. O. E. Install New Officers at Meeting Last Night—Supreme Grand Officers Officiated

The installation of the newly elected officers of the Sons of England Lansdowne Lodge took place last night in their hall on Hunter street, prior to the banquet which was held at the Peterborough House. The duty of installing the new officers was done by the Supreme Grand Officers, who were present from Lindsay, Brothers Doxall and Milburn, D. D. The ceremony was a very interesting and impressive one. The following were the officers who promised to fulfill the duties of their office:—

O F Kitney..... P.P.
E Bloome..... W. P.
R Buntin..... V. P.
R Rundell..... Chap.
S A Oke..... Fin. Sec.
W Shiner..... Rec. Sec.
C Wood..... Treas.
Wm. Taylor..... 1st Guard
J Brown..... 2nd Guard
Robt. Shepherd..... 3rd Guard
W Allen..... 4th Guard
W Wyatt..... 5th Guard
C Simmons..... I. G.
S Coveney..... O. G.
Dr. Young..... Physician.

The banquet formed a happy sequel to the function in the S.O.E. hall.

THE WEATHER

The zero mark was the lowest reached by the thermometer last night, the reading being identical with that of the previous night. Much colder weather is evidently on the way, and it looks as if we were now in for a genuine cold snap.

ONLY FIVE MORE DAYS

China Hall's sale can only continue for the balance of this week. Some of the finest goods are still in stock, and will be sold at far below cost. Dinner sets, tea sets, toilet sets, silver plated ware, etc. A fine assortment still left to choose from at almost your own prices. China Hall Co.

Mechanics, Farmers, Sportsmen

To heal and soften the skin and remove grease, oil and rust stains, paint and earth, etc., use The "Master Mechanic's" Tar Soap. Albert Toilet Soap Co., Manufacturers.

THE LIBRARY BOARD'S NEW OFFICERS

Dr. Burnham Was Again Elected President of the Board—The Other Officers

Last night the first meeting of the newly-elected Public Library Board was held, in the board rooms. The old offficers were re-elected as follows:

Pres.—Dr. Burnham.
Vice-Pres.—W. H. Hill.
Secretary-treasurer—John Corkery.
Library Committee—Messrs. Hill, Pringle, Walker and Corkery.
Property Committee — Messrs. English, Hamilton and Knapman.
Finance—Messrs Hay and the chairman of the other committees.

The sale of magazines took place and resulted in the disposal of all those offered for sale.

THE ONION CLUB WAS ENTERTAINED BY MEMBER

Musical Abilities of the Member Should Receive Special Recognition

With due apologies to the Onion Club that a report which was received yesterday, could not be printed, as the paper was on press, it is presented as follows:

At a social evening given by Mr. Jack Fraser in honour of the Onion Club, the company was delighted by Mr. Clarence Bulker's rendition of "On a Summer's Night." Mr. Gordon Nicholls gave a splendid baritone solo, entitled "The Tale of a Stroll." The choruses were taken by the full club. Mr. Ernie Saunder's fine tenor voice was very prominent. The voices of nearly all the members were very good, having received careful application of sandpaper by special professors during the winter months. The Onion Club will be heard from again, as they are undoubtedly the strongest in the world.

Mention should also be made of Mr. Fraser's splendid effort in his favourite song, "Ain't it funny what a difference a few hours make." Raymond Hitchcock himself would be pleased to hear the Peterborough singer.

Mr. P. McNulty Is Elected Warden Of The County Without A Contest To-day

Reeve of Asphodel Honoured by His Colleagues in the County Council—Messrs. Shaw and Thompson Withdraw From the Field

A GRACIOUS ACT APPRECIATED

At the first meeting of the County Council this afternoon, Mr. P. McNulty, of Caughnawaga, reeve of Asphodel, was elected warden, without a contest. His nomination was moved by Mr. J. Thompson, of Havelock, and seconded by Mr. Robert Shaw of Harvey, and his was the only name submitted, the election being declared unanimous.

The newly-elected warden adjourned to the ante-room and donned his robes of office and was conducted to his seat as head of the council.

Mr. McNulty expressed his gratification at his election to the head of the council. The honour was an unexpected one. It was understood that the mover and seconder of his nomination were aspirants for the office, and their action was to him an indication that the members of the council intended to work in harmony during the year. The fact that in 24 years he was the only Roman Catholic elected to the wardenship of the county, was worthy of notice, and he felt sure that the people of the county would appreciate the action of the council. He was to a certain extent, new to the duties of the office, and asked for the support of the members of the council, and in return he promised to render any assistance in his power.

Doubtless during the year many matters would come up which would be new to the members, but he was certain that they would all be carefully and intelligently considered.

The committee to strike the standing committees of the year, was then appointed. It is composed of the following: Messrs. Breault, Burgess, Thompson, Fife, Moher, Scott and Shaw.

BOARD OF TRADE WILL DISCUSS DAIRY SHOW

A Large Attendance of Members is Hoped For at To-night's Meeting

The Board of Trade will hold a special meeting to-night, when a matter that is of the greatest importance will come up, namely the dairy show.

It is of importance that there should be a large attendance of the members as the more interest and enthusiasm there is stirred up concerning the show, the better chance there is of Peterborough securing the show for the city. The power question will also be discussed by the meeting to-night.

THE YOUNG MEN'S LOW IDEALS, THEY DO NOT WANT TO BE MEN

(Continued from 7th page.)

the refined and cultivated desire to be mated with the coarse and vulgar? Do you go into a business transaction heedlessly? Put yourself in a proper place for being married, and you will soon find a proper mate. The giddy and frivolous of either sex find nothing but sour grapes, hence they rush to tell their woes. Be sensible, courteous, loving; bear and forbear, when you have chosen your future companion. Don't try to please others; don't ape others. Hew out your own line and live up to it. Don't expect too much or want too much—be equal partners — the man to supply the needful, the woman to fix the house; and don't fix it up for other people, and not be able to live even in the best room yourselves. Realize that life is worth living in its true aspect, and you owe it to yourselves and future posterity. Take hold and do your best, and fear no bad results.

Many of these letters look to me as if the parties had not come in touch with true love and comradeship. Prepare yourself, and be prepared to meet a true woman, a faithful wife, and you will be happy.

AN OLD MAN'S OPINION.

Peterborough, Jan. 21st.

SIMPLE REASON IS NO SENSIBLE GIRL WILL MARRY THEM

To the editor of the Examiner,—

Sir, — For several evening's we have been reading why the young men over 25 do not marry, and as you have asked us to express our views, we will endeavour to show you our side of the story. The average young man of to-day is a home-seeker, not a home-maker. If a young lady has a home of her own he is quite willing to marry her, as he can just step right in, and it won't cost him anything. The "Christian Young Man" spoke about young ladies going to the opera house and other places of amusement. Is it not much better for a young man to spend his money on some simple pleasure, than at gambling, over the bar, or any of the other vices? The young men of to-day are too fickle as was shown by cases published quite recently in this paper. We can't be sure of them, even if they have made sweet promises and draw for us bright pictures of the future. What would it avail us to encourage us to save when they would cast us aside for some other fair one? I am sure it would be a great consolation to see another spend and enjoy it. The girls, too, who work in the factories and shops know the value of money better than the one at home, who gets it easy, and spends it the same way. Whose fault is it that the factories are full of girls who should be at school or at home? Why it's the fault of the young man who did not consider well the step he was about to take, but married without anything ahead. Therefore, we see the result of it now. The majority of the young men of to-day can't support a wife, much less afford to keep a domestic. We do not deem it wise to encourage them in their affections towards us, as some of them are so self-willed that they think that if they condescend to ask us to marry them, it becomes a necessity for us to accept; and we don't care to have them trotting over the country after us with a gun. A girl of to-day does well to hesitate and look well before she leaps, as it may save her years of sorrow. Taking the different points into consideration the simple reason why the majority of the young men do not marry, is because no sensible girl would have them—it is too risky an undertaking.

Thanking you for your space, I am, sincerely yours,

DOLLY VARDEN.

YOUNG MEN DON'T WAN'T TO BE MEN— MERE HUMAN FRACTIONS

To the Editor of the Examiner,—

Dear Sir. — I think it's all the fault of the young men themselves that they don't get married after twenty-five. They don't know what is good for them; they don't want to be men. When man was first made he wasn't considered a finished article till a woman was provided for him. If young men were not so "stuck on" themselves they would be more likely to get married. In their great self-conceit they can't find a girl good enough for them. That's rubbish. Get a young man worth marrying and the good girl won't be missing long. Girls of sense want to get married, but not bad enough to enter upon almost certain sacrifice of happiness and independence.

Yours, etc.,

YSEULT.

FINE IMPROVEMENT TO THE G. T. R. STATION

New Rooms Have Been Made and the Old Ones Decorated by the Company's Artists—Work Has Been in Progress Since Autumn

WILL BE SURPRISE TO PATRONS OF ROAD

The improvements which have been in progress at the G.T.R. station since the close of the autumn season are gradually nearing completion. These improvements are such that the patrons of the line will find a pleasant surprise in store for them when next they have reason to visit the station. The whole building has received attention from the hands of painters and other artizans who are in the employ of the railway company. The ticket office has been completely renovated. The desks, etc., have been stained, a fine new floor has been laid throughout the different rooms and the wall painting is a pretty colour of blue with becoming borders. An important improvement is the installing of a new steam heating furnace which heats the whole building. This is greatly appreciated by the staff and is a decided asset to the building. The radiators have been painted in a colour that harmonizes with the blue of the walls. The agent's office is being fitted up in a very cosy manner and Mr. Sandy will soon have an elegant room for himself. The ladies' waiting room has received special attention and the adjoining lavatory has been beautifully fitted up. A large bevel mirror and oak table and chairs add to the homelike appearance of the room.

The work of renovating the men's waiting room is not yet completed, but it will be in general keeping with the other rooms. New benches will be placed, an elegant circular radiator will be placed in the centre of the room and a lavatory is now being prepared. It will have a tiled floor and walls, the work being done by Mr. John Coughlin and when finished will be modern in every particular. Public Bell 'phones have been placed in the two waiting rooms.

This work of the G.T.R. Company is an evidence that this city receives marked attention in view of the fact that it is the centre of many of the Company's lines. The station when completed will be one of the best there is along the railway and is in keeping with the general efficiency of the G.T.R.

DEEP SEA MISSION PRESENTS STATEMENT

Of Receipts and Expenditures in Connection with Recent At Home

The secretary-treasurer of the local Deep Sea Mission branch has submitted the following statement of the receipts and expenditures in connection with the "at-home" in aid of the Deep Sea Fisheries a few weeks ago:

Midland Proved No Match For Peterborough Last Night

Eddie Gould's Outfit Was Turned Down in a Fast and Clean Game By 14 Goals to 5 Before An Enormous Crowd

THE VISITORS WERE NEVER DANGEROUS AT ANY STAGE

Eddie Gould's much tooted Midland team failed to prove a match for Peterborough last night and the boys from the north went down in decidedly easy fashion to the tune of 14 goals to 5. The score at the half was 5-2 in favour of the locals, who were always leading the procession. The lop-sided score was somewhat of a surprise. While supporters of the local club were confident that they would win, such a large margin was not expected and that they are delighted is but putting it mildly. To the visitors the result made a noise like the Jamaica catastrophe. Such a score was never looked for and some of their supporters even expected a victory.

One of the biggest crowds that ever saw a hockey match in Peterborough jammed the Brook street rink to the doors. Long before the puck was faced the seats were filling up with a wildly enthusiastic crowd and by the time the game started the rink was packed to its limit. Every available view point was seized upon, even the iron posts being used as observation towers by enthusiastic youngsters. Midland had 300 supporters who arrived at 7.30 o'clock and jammed the seats on the west side which had been reserved for them. The big crowd was noisy but good natured. They cheered everything from the downfall of a Midland supporter, who assayed the perilous passage down the ice while under the influence of *snake-food*, to the appearance of the teams on the ice.

The game was of the calibre that makes a crowd stand on its tip-toes. It was furiously fast from start to finish and although the score was one-sided everything that goes to make up good hockey was dished up. Clever combination alternating with brilliant individual rushes, with no lagging on the part of either team, made the contest an ideal one. And it was clean, too. The checking, although it was close, was not in the least rough. In fact the match was one of the cleanest ever played on local ice. There were only four penalties, all of them for minor offences.

Peterborough's victory was just as clearly marked as the score would indicate. They had the visitors beaten at every stage of the contest, overshadowing them not only in speed and stick-handling, but in ability to bore in on the nets. It was in this last particular that their superiority was most clearly demonstrated. Invariably they carried the puck well in before shooting and in this way not many chances were thrown away. Midland on the other hand failed to come in close. They had lots of speed with a combination that in centre ice was decidedly effective. If this had been used in coming in on the goal they might have scored more often than they did. Too much reliance seemed to be placed on Gould. The wing men often when in a position to shoot most advantageously, instead passed the puck to centre, with the result that the Peterborough defence would intercept the pass and relieve with a rush that carried the seat of war in another direction.

Peterborough, as has been said, shone particularly in the manner in which they took advantage of every opportunity to score. Playing effective combination, for the most part of a two-man nature, the forward line eluded the Midland defence time after time, always taking the rubber well in before shooting. And when they did shoot too, their shots were swift and accurate. Every opportunity was made use of. Passes were made across the mouth of the goal and were being taken cleanly, followed by a shot that was generally true to the mark.

Combined with this great work on the offensive, the forward line were equally as effective in their defence efforts. They covered their men closely, with the result that the speedy Midland quartette had great difficulty in breaking away. And when they did tear loose, there was always one or two blue and white sweatered players nagging at them from behind and often cutting in between two of the visitors, nipping the puck and starting off in the other direction. It was this great work on the part of the forward line that did much to neutralize the effect of Midland's speed. Fast as they undoubtedly were the Northerners could not shake off the aggressive Peterborough line.

Even when they did get clear away they were met by an almost impregnable obstacle in the person of the Peterborough defence who played a heady and effective game that made Midland's efforts almost hopeless. They intercepted passes cleverly on numerous occasions when the Midland line seemed certain to score. Good judgment was used in the handling of the visitors attack and the only occasions on which they were beat was on clever combination.

Midland as a team and individually were decisively beaten. They had a forward line every man of which was a speedy skater and a good stick handler and they passed well. In centre ice the forward line was not outclassed to such an extent as they were in close quarters to the Peterborough nets. It was here that their chief weakness was apparent. As stated, passes were made wildly to centre ice when a shot from the boards might have proved successful.

In their showing last night the defence of the visitors was not equal to the forward line. In blocking they were strong and they relieved well, but Peterborough's stick-handling and combination seemed to fool them completely at times. It must be remembered, however, that they did not receive the same support from their forwards as did Peterborough.

On the Peterborough team Captain Whitcroft played one of the best games of his hockey career. His whirlwind work was always spectacular and generally effective. Time after time

FRED WHITCROFT
Captain of the Peterboro' Team, Who Played a Brilliant Game Last Night

he carried the puck down the ice on brilliant dodging rushes that kept the crowd agog with excitement. And at that he played a decidedly unselfish game, invariably passing where a pass would do the most good. His work on the offensive was only equalled by the manner in which he assisted the defence. His checking back could hardly be improved upon. The Midland line would break away and swoop down upon the Peterborough defence, but at their heels was Whitcroft and often before they reached Crowley, the local captain had snatched the rubber away from them and was away like a flash in the other direction.

Harry Morgan's work, if not as brilliant was as effective, and the foxy centre has seldom played a better game. He figured in almost every combination play of the Peterborough team and his scoring ability is shown by the fact that six goals were made by him. No matter what Peterborough man carried the puck down, Morgan was at his side for the pass and he was at it every moment of the game, never letting up his aggressive onslaught on the Midland nets for an instant.

The two youngsters on the wings played sterling hockey at all stages. They were up against two fast men in Beatty and Hastings, but had the best of the argument and they did some decidedly useful work. Moore figured in many of the combination rushes and in the second half especially was prominent. Miller had hard luck in his shooting. Time after time he came down his wing and shot straight and hard but McDonald weeded his shots out nicely.

The defence, as already stated, played a most effective game. Crowley and Glover used their think-tanks in handling the attacks and their work throughout was of the gold fringed variety. Both rushed repeatedly, in this way proving of great assistance to their forward line. Lang played a cool game in the flags, turning away many likely looking shots. His position was a sinecure in the second half.

For Midland, Ernie Gould, the fight-haired rover, was the star and his work was of the true senior variety. He had any amount of speed and handled his stick in decidedly clever fashion. He and Whitcroft had a great argument and although the local boy had the best of the struggle, yet Gould's work was a feature of the game. Switzer at centre was not far behind his captain, either in speed or stick-handling ability and the pair were always dangerous. Beatty and Hastings showed great turns of speed on the wings, but they marred their effectiveness by wild passes when in the vicinity of the local nets. Hanley was the star of the defence. The ex-Varsity man turned away many well meant attempts and carried the puck from the danger zone on many occasions. McLean at cover point checked well and performed some praiseworthy stunts in the way of shooting. McDonald in the nets did some very clever stopping in the first half but they were coming too fast for him in the second period.

Charles Ellis [illegible] gave entire satisfaction as referee. His work was close as the players showed no signs of any desire to mix it up. The teams were as follows:—

	MIDLAND	
	McDonald	
	Hanley	
	McLennan	
	Gould	
Beatty,	Switzer,	Hastings,
Miller,	Morgan,	Moore,
	Whitcroft	
	Crowley	
	Glover	
	Lang	
	PETERBOROUGH.	

The game opened at a furious clip with the teams rushing alternately. Gould got away nicely but was called back for an offside. Whitcroft carried the puck as far as Hanley only to lose it and Gould repeated the play losing the rubber to Glover. Hanley was benched for slashing. Morgan was hurt and a delay ensued. Shortly after the resumption of play Morgan notched the first goal for the locals on a pass to centre from Crowley.

A minute after Whitcroft made it two up carrying the puck up nicely he shot from the side. McDonald stopped the shot but before he could clear Whitcroft batted the rubber through.

The play during the next few minutes was the closest of the night, with both teams going at top speed. Lang made a beautiful stop of a shot from McLennan. Switzer scored for Midland after some pretty passing with Gould and Beatty.

The next goal was the longest of the game. It was not until the end of 19 minutes' hard playing that Peterborough scored, although Whitcroft had found the nets previously on an offside. Crowley was sent away. In 19 minutes Whitcroft scored on a pass from the corner. 3-1.

During the next period Whitcroft was benched for tripping. Peterborough were having decidedly the best of the play. Miller shot, but McDonald was in the way. In the scrimmage that followed Moore shoved the rubber through. 4-1.

Midland were not long in getting the next, Beatty scoring after a combination with Gould and Switzer. 4-3.

Shortly before half time was called Morgan scored again for Peterborough, after Miller and Moore had carried the puck up the ice. 5-2.

There were things doing in the second half, when the speed of the locals seemed to sweep Midland off their feet, demoralizing their defence. The half had hardly opened when Morgan scored once more after Moore had made a nice rush. 6-2.

Midland came right back with another Gould doing the trick on a pass from Switzer. 6-3.

This seemed to act as a spice on the locals and the fusillade on the Midland nets was fast and furious. Morgan scored on a pass from Whitcroft and then "Whitty" followed with a pretty dodging rush, culminating in another goal. Score 8-3. Crowley got the next on a pass from Morgan and the latter scored a moment later on a pass to centre by Moore. McLennan was benched for chopping Whitcroft. From the face-off Whitcroft carried the rubber through for another. Score 11-3.

To have a hand in the scoring Crowley carried the puck down the ice and scored on a neat shot. 12-3.

Gould and Crowley collided in the next period and the Midland man got the worst of the clash. He was able to resume play. Morgan broke up a rush and with a wicked shot made the score 13-3.

Midland were hopelessly beaten and the local team sifted through their defence like sand through a sieve. Moore scored the last goal from a scrimmage.

Peterborough let up in the last four minutes and allowed Midland to get away twice. Gould and Switzer scoring on combination rushes.

1.—Peterborough, Morgan.

HAS RECEIVED NO NOTICE OF WITHDRAWAL OF TEAMS

President Clarke Says That the City League Games will be Played as Usual

Mr. Fred A. Clarke, president of the City Hockey League was seen this morning in reference to the report that the Auburns, Strathconas and Lakefields intended to withdraw from the series. The president stated that he had received no intimation of such a step on the part of the clubs, with the exception of a paragraph in a contemporary. As far as he knew the games will be played as usual on Thursday night. The teams scheduled to play will receive notice that the games will be played and if not and teams failing to turn up will lose their games by default.

HOCKEY

The Guelph seniors and juniors are both in trouble as the O.H.A. is making an investigation into the amateur standing of four of their players. They are Oulette and Deyman of the seniors who went to Guelph from Fenelon Falls last summer and Rochon and Mercer of the juniors. Mercer played for the champion Port Hope juniors last year. Both he and Oulette refused to make a declaration that they are amateurs. The O.H.A. sub-committee will render judgment in the case to-day.

An electric hockey game will be played in Ice Bank street rink on Saturday evening between 6 and 7 o'clock. The All Stars of the Product Department will play the Pen Pushers of the Cost Department, both of the C. G. E. The referee will be Ernie Ford and the goal umpires Miss Chambers and Miss Martin.

The following will be the line-up of the teams:—

All Stars—Goal, Wilson; point, Reid; cover point, H. Shirley; rover, Brackenridge; centre, Art Elliot; right wing, Rubby Fitzgerald; left wing, Percy Abbot.

Manager—"Weenie" Powers.

Cost Department—Goal, Glover; point, Mat McCaughey; cover point, Harry Cook; rover, D. Stone; centre, "Cap" Carson; right wing, Jas. Patterson; left wing, Jobbitt.

Manager—Oliver J. Huffman.

The locals next game is in Toronto on Saturday against the Argonauts and the team will run another excursion to the Queen City. Tickets will be valid returning up to Monday night. It is likely that a large number will take advantage of the cheap rate to see the game and spend the week end in Toronto.

* * * *

The standing of the senior O. H. A. teams in this district is as follows:—

	Won.	Lost.	To Play.
Peterborough	3	0	5
Midland	3	1	4
Kingston	1	1	6
Marlboros	1	2	5
Argonauts	0	3	5

G Maitland	T Bullen Yeats
W Smith	H Morphet
D Cameron	C N Brown
G Fitzgerald, 7.	T Brightman, 14.

ADVERTISING METHODS SIMPLIFIED

Woods-Morris Company Will Do the Work—Firm of Experienced Advertisers Can Place Advertising in Publications

Advertising is more and more becoming the business of experts, to the great relief and benefit of all classes of advertisers. Many firms and individuals require to advertise, and are at a loss just how to reach in the best possible manner the people they desire to reach, and it often happens that much time and labour are lost and considerable money spent before advertisers learn where and how to get the best possible returns for their efforts. A firm which undertakes to arrange for all classes of advertising in all classes of publications, from the daily paper to the yearly volume, is, therefore, filling a place in the business life of Canada which cannot be filled in any other way, and this is what the Woods-Norris, Limited, is doing.

The business, which was established several years ago by Mr J. H. Woods, one of the most enterprising newspapermen of the Dominion, has grown so rapidly that it was necessary to add to the firm, and Mr. Charles C. Norris, who was one of the best known and most popular advertising agents in Canada, joined the firm, as announced, some months ago. Woods-Norris, Limited, Mail building, Bay street, Toronto, is now one of the best established firms of advertisers, and can arrange business for all desirous of advertising in any paper, magazine or other publication, not only in Canada, but in any part of the world. The well-trained and experienced staff of the firm is prepared to write out all classes of advertising matter, arrange for such illustrations as may be desired and to deal with every detail necessary to make an advertisement the success it invariably is when placed by a capable and experienced firm. A member of the staff will call on any firm desirous of talking over advertising business, and whether the advertiser desires to use space in one or in a thousand publications the exact cost can always be ascertained before entering on the business.

The offices of Woods-Norris, Limited, are commodious, splendidly lighted, well ventilated and finely equipped. They occupy the entire front floor of the second flat of the Mail building overlooking King street and have just been overhauled and thoroughly renovated to meet the requirements of the firm. There is a floor space of one thousand eight hundred feet, and the several departments are arranged to the best possible advantage to insure facility in the work of the agency. In the east part of the building looking out on King street are located the spacious private offices of the members of the firm, Messrs. Woods & Norris. In the main office the different departments are subdivided by means of railings, allotments being made for the bookkeepers, treasurer, copy writers and stenographers. Considerable space is given to the checking department, which is a very important part of the business of an advertising agency. Canadian and foreign papers and magazines, after being checked, are filed under a system which will admit of the man in charge placing their hands on any paper required at a few moments' notice. At the entrance to the offices there is an enclosure formed by a writing counter which is utilized as a waiting room.

Every attention is paid to the minutest details of the business by a trained and practical staff, and patrons will find their inquiries are always promptly attended to.

The Cordova Boy Confessed He Had Committed Arson

Told Constable Cochrane He Got the Match From Dretrain, Which Set Fire to the Haystack

WANTED TO SMOKE AN ELM ROOT

Daniel Lindsay, the little fourteen year old Cordova boy, who came half clad before County Magistrate Edmison some weeks ago, yesterday confessed in Havelock to High County Constable Cochrane that he set fire to the haystack belonging to Mr. Wm. Teal. It will be remembered that Lindsay, together with another small boy named Dufresne, were accused of arson last year but owing to the illness of the latter the case did not come off then. Lindsay was brought to Peterborough and in his preliminary trial before the Magistrate pleaded innocence. He was assisted by some kind friends and sent home provided with better clothing.

The case was set for yesterday to take place in Havelock, and the Constable left for Cordova on Monday bringing the two lads to Havelock with him that night.

Yesterday morning in a conversation with the boys, Lindsay confessed in tears of having set fire to the haystack with a match given him by Dufresne. The latter, however, stated that Lindsay had asked for the match to light his artificial pipe—an elm root—and that he had given it to him on that understanding.

The Magistrate allowed the young lad to go on suspended sentence for six months, dismissing the charge against Dufresne.

MR. J. J. CILMAN HURT HIS ANKLE

Was Engaged In Work on "City of Peterboro"

Mr. J. J. Gilman suffered a rather painful accident this morning while engaged on repair work on the old steamer City of Peterborough, and as a result will probably be prevented from a continuation of his work for some time. It seems that a timber fell on his ankle, causing a fracture of that member. The Dan Spence ambulance was called and the injured man removed to his home. Dr. E. McGrath was called, and Mr. Gilman was later conveyed to the hospital.

According to reports his injuries are not very serious and he is doing as well as can be expected under the circumstances.

BIG CROWD AT THE SLIDE AND THE RINK

There was a good crowd at the Jackson Park slide and rink last night. A contingent from the 57th Band was present and furnished music, and, in spite of the cold weather a delightful evening was spent by the several hundred young persons who visited this popular pleasure resort.

Offered To Furnish Room In New House Of Refuge

Mr. and Mrs. R. R. Hall Will Donate to County Institution Furnishings For One of the Rooms—County Council Accepts Offer

At the morning session of the county council to-day a letter was read from Mr. R. R. Hall, asking, on behalf of Mrs. Hall and himself, the privilege of furnishing one of the rooms in the new county house of refuge.

Mr. Hall in his letter referred to the fact that on the occasion of the opening of the building he had noticed that some of the rooms were still unfurnished, and that he would like to be represented in the furnishings.

On motion of Mr. Shaw, seconded by Mr. Hales, the offer of Mr. Hall was accepted, and the thanks of the council will be tendered the donor.

Romance Ended By Nuptial Knot At The Police Station

Bride Received Consent From Hamilton Relatives at the Proper Moment This Morning

ESCAPED FROM THE POLICE YESTERDAY

A wedding was performed at the police station this morning, surrounded by circumstances bordering on the romantic. The principals of the marriage were Miss Edith Pritchard, late of Hamilton, and Ernest Armstrong, of this city, and the wedding was performed by the Rev. E. A. Langfeldt, of St. Luke's Church, in the presence of the Chief of Police at 11 o'clock.

The joining of the two was objected to by the relatives of the bride until this morning, when communication with Hamilton brought the consent necessary to make the young couple happy.

The Chief of Police had recently received word from Hamilton to have the young girl placed under arrest here for leaving her home, as she is not yet of age. Yesterday afternoon P. C. Meharry was dispatched to East City, where the bride was working, but on examining her room discovered that "the bird had flown" through the upstairs window which was left open. She jumped a distance of about 14 feet to the ground and escaped the officer. Last night P. C. Newtall went over and captured her as she was leaving the house by a rear door.

Shortly after, Rev. E. A. Langfeldt, who had been communicated with, arrived at the house, totally ignorant of the existing circumstances, to perform the marriage ceremony. The girl was then taken tot he police station, where she remained until this morning. Rev. E. A. Langfeldt interceded and telephoned the relatives of the bride in Hamilton, who give their consent to the marriage on finding out that the groom was an industrious young fellow, and capable of making a good husband. The ceremony was then performed, and Mr. and Mrs. Armstrong left the station quite happy, and it is hoped to be "happy ever after."

Don't forget the Hockey Club excursion to Toronto Saturday. Train leaves C. P. R. depot at 4:30 p.m. Fare $2.08, tickets good returning up till Monday night.

POST OFFICE WANTED AT DRUMMONDS

Petition Circulated and Largely Signed —Reply From Government

Drummond Station, Otonabee, may have a postoffice during the coming year. A petition has been circulated in that vicinity under the leadership of Mr. Robt. Carey, and has been extensively signed. The Postoffice Department have written as to who would be the postmaster, and it is probable, if the answer is satisfactory, that the request of the people will be granted.

CURLERS WON MORNING GAMES IN SINGLES

Both Skips Are Giving Good of Themselves

Mr. Angus McIntosh received more welcome news from Peterborough's curlers this afternoon. He was advised by telegram about three o'clock that Skip W. G. Ferguson had won the second round in the singles competition and that Skip T. Rutherford had won his first. So far the "braw callants" from the Electric City, (as a Montreal paper was pleased to term them) have won everything in their line, and it would not be surprising if they returned with the big Centenary Cup.

AN ENJOYABLE AT HOME LAST NIGHT

Mr. and Mrs. A. Lehane Entertained a Number of Their Friends

A very delightful soiree was that of last night, at which Mr. and Mrs. Alf. Lehane entertained about 35 of their friends at their residence, 263 McDonel street. Progressive euchre was played during the fore part of the evening, and as usual served as a very enjoyable pasttime. Some well contested games resulted, the prizes going as follows:

Gentlemen's prize, to Mr. J. McCarthy, of Reid street; ladies' prize, fern bowl, to Miss Irene Dorle; and the Consolation Prize to Mr. Jos. Heffferman.

After the distribution of the prizes refreshments were served by Mrs. Lehane, assisted by the ladies. This, needless to say, was a very pleasant part of the social and was thoroughly enjoyed by all. It might be said that the at home was given on the occasion of the departure of Miss Lena Walsh of Toronto, for St. Paul, Minn, where she has accepted a position as stenographer. She has been visiting with Mrs. Lehane for some time.

The party broke up after midnight, declaring Mr. and Mrs. Lehane to be a delightful host and hostess.

WILL STREET RAILWAY BE EXTENDED

Reported That the Company will Have Belt Line Taking in Crawford's Grove

A report has been circulated in the city to the effect that the Radial Railway Company intend extending their line southward to form a belt line. It is stated that they contemplate extending the Park street tracks out Albert street to the Boundary, thence to street to the Boundary, thence south along the Boundary Road to the River and east again to the present southern terminus at Lock street. If this is carried out the Company will have a belt line five or six miles in length connecting with Crawford's Grove on the Otonabee and would, no doubt, be an appreciated undertaking by the many who make frequent journeys to Crawford's Grove in the summer season.

ROYAL TEMPLARS INSTALLED OFFICERS

Musical and Literary Entertainment Concluded the Evenings Programme

The installation of officers of the Royal Templars took place last night, in the Foresters Hall, George street. Besides the installation one member was initiated, and one was received by certificate from Campbellford. After the business was transacted a pleasant musical and literary programme was held.

Mrs. Gurney acted as D.D.H.C., and installed the following officers:

S. C., Mr. Richmond.
P. C., J. W. Carey.
V.C., Mrs. Church.
R. F. and S., Jas. R. Bell.
R. S., Miss Nellie Smith.
Chap., Miss Emmerson.
Herald, Mr. Sweet.
A.H., Miss Smith.
I.G., Jas. Martin.
O.G., Mr. Taylor.

BARACA BIBLE CLUB WILL GIVE A SOCIAL

To Be Held in Y. M. C. A. on Friday, February 8th

Some time ago the Social Committee of the Y.M.C.A., invited each of the Young Men's Guilds or Societies connected with the different churches, to each give a social evening in the Y.M.C.A. building.

The first of these will be given by the Baraca Bible Club of the Murray street Baptist church—one of the most alive young men's organizations of the city. It will be held on Friday evening, Feb. 8th, and will be open to all the young men of the city.

RAILWAY COMPANY SCORES FIRST IN FIGHT

Car Service Resumed in Toronto, But Only on Routes Chosen by the Company

CITY CANNOT INTERFERE WITH THEM

Special to The Examiner

Toronto, Ont., Jan. 23.—The Railway and Municipal Board to-day ordered the Street Railway Company to restore the cars taken off the three routes yesterday, pending the decision of the Board in regard to the matters in dispute. Ten minutes after the order was given the cars were running but on the routes chosen by the Company not on those on which the city attempted yesterday to make them run. The city is also enjoined from interfering with the operation of the cars. The Board of Control met this morning and was much disgusted with the action of the Railway Board.

WHEN A FASHION IS KILLED

When Garments Are Seen at Every Corner and Get Popular

Popularity is the surest way to kill a style or fashion. Men who are exclusive in their garments, those who have taste and originality, discard modes as soon as they become popular. They demand that their garments be original and fitted to their peculiar individuality. Style, to them, is a secondary consideration.

In overcoats, when one wants something distinctive and different, the new French Chesterfield or the Imperial overcoat in the Semi-ready Wardrobe, offers both good taste and originality. Like all the garments tailored by the Semi-ready Company, these overcoats are of exclusive design and have the advantage of being uncommon. $25 is the prevailing price, though one may get $30 and $35 quality in the same styles.

Creasman's have all the new Semi-ready styles, and the exclusive agency for Peterborough and district.

THE BUSINESS COLLEGE PUPILS AT THE YMCA

Tickets Given To Pupils From Outside Points

For some years past Mr. William Pringle, principal of the Business College, has provided Y.M.C.A. tickets for all students coming to the College from outside places. This offer Mr. Pringle advertises in his prospectus of the College, and the students coming from time to time deeply appreciate it.

Recently some sixteen young men have come in in this way, and are making their influence felt on the Y.M.C.A. They will all be invited to the monthly tea of the Fellowship Club on Sunday evening next.

A HEALTHY OLD AGE

OFTEN THE BEST PART OF LIFE

Help for Women Passing Through Change of Life.

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Mrs. M. J. Dabbruzz

Nervous exhaustion invites disease. This statement is the positive truth.

When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary J. Dabbruz, of 150 Main Street, Winnipeg, Manitoba, writes: Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound has been a blessing to me through that delicate period known as the change of life. For six years it disturbed my entire system. I had hot flushes, was extremely nervous, became pale and debilitated, very irregular in the monthly flow, and the blood all seemed to be in my head. I had frequent palpitation and throbbing of the heart; in fact, my whole system seemed to be in disorder.

"I received no relief from the suffering incident to this period until I took Lydia E. Pinkham's Vegetable Compound; but I date my relief from the time I took the first bottle. I gradually improved, nature took her course painlessly, and in due time I was a well woman."

Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

DEALING WITH GARBAGE

Foresight is the most important element in the conduct of affairs. The effect of action should be reckoned with as a preliminary to action; and conversely action should anticipate effect. Alderman Elliott has taken considerable interest in a matter which very materially affects the health, well being and attractiveness of the city. His suggestion of a garbage system is worthy of attention. "System" is a very suggestive word, for at present there is an entire absence of system, not only in relation to dealing with city garbage but in other departments of civic activity, say especially, our streets. We are contemplating, theoretically, perhaps, the installation of a filtering plant, for the treatment of our city water, a water said to be naturally the best water supplied to any water works system in the country. This is a matter which will involve the expenditure of the big end of $100,000. Though a filtering system may not be inaugurated for years, if at all, the Water Commissioners are taking the right course in collecting information so as to be in readiness for action in case action may be found necessary and expedient. Likewise in the matter of dealing with the city garbage. The time will slip rapidly into spring when action should be taken and when everything should be in readiness for action; and it would seem wise for the City Council to take steps to gather all the information possible upon which to base action, which will be urgently indicated when the spring arrives. If we, even, contemplate the expenditure of $100,000 to insure pure water in the interests of public health, we should be prepared to make a trifling expenditure and a little effort, to secure, in the same interests, the proper cleanliness of private premises and lanes, the latter of which, in some cases, are a great menace to health not to speak of the comfort of those compelled to live in their vicinity. One would far rather take the risk of drinking gallons of city water than of sleeping in a room adjacent to some of the lanes in the city when warm weather fosters the masses of filth with which they are encumbered. It is proposed to appoint a sanitary inspector to look after these things, but unless he is backed by some means to carry out his demands; unless the responsibility of keeping such places clean is definitily fixed, unless some workable system is adopted, the inspector will be more ornamental than useful. This is a direction in which the activity of the council should be steered. It is none too soon to take the matter into consideration. In time of peace prepare for war is sound policy. When the filth of our lanes and private premises is dormant so far as threatening the public health is concerned, is the time to prepare for dealing with the conditions.

ANYTHING FOR POWER

In British Columbia there are 21 Socialists seeking seats in the Legislature, the chief of them being Mr. Hawthornthwaite, who hopes to haul down the Union Jack from Government House at Victoria and raise the red flag of anarchy in its stead. The Pacific Province appears to be a regular Toronto of a place.—Montreal Gazette (Conservative.)

"Any port in a storm" is the sailors' motto. And anything to keep power is the motto of the Conservative Government of British Columbia which in this respect does not greatly differ from other Conservative Governments we know. The same Mr. Hawthornthwaite, the red anarchist, who wishes to replace the British flag by the sanguinary symbol of lawlessness and political chaos, was chosen as the bosom ally of Mr. McBride, the Conservative leader in the British Columbia Legislature. Without an alliance with the anarchist element the Conservative Government would have suffered, for it, the unspeakable calamity of losing office. The leader of the party of gentlemen, the party that arrogates to itself the possession of all loyalty to British institutions worth speaking of, courts and accepts the help and co-operation of a man who shows a burning desire to haul down the British flag and replace it with a red rag. Respectable Pacific Coast Conservatives begin to think that this is too much of a price to pay for even the inestimable boon of office and the coming elections will probably break the unholy alliance and bring about a change of Government.

AUTOCRATIC

When Premier Whitney, to demonstrate his lack of sympathy with the "spoils system," promised that no Government official would be dismissed without regularly laid charges, investigated and proven, he was taken to be honest in his statement. Now, the Government has decided to dispense with the services of Sheriff Gillespie, of Prince Edward County. No charge was regularly laid, and investigated, but Mr. Whitney said that "representations," had been made, and without a chance to enter a defence, the Sheriff was summarily dismissed. He had asked for an investigation, an opportunity given the most vulgar criminal, but he was informed that a decision had already been reached. The Sheriff was said, by gossip, to have been an offensive partisan, and, without the semblance of a trial, he was dismissed — his place was wanted for one of the faithful. No one denies Premier Whitney's right to exercise patronage, but after specific promise, and in view of Ontario being a British possession, one would think that faith would be kept, and that the British principle of fair trial would be accorded. The methods adopted savour more of Russia, where punishment, without trial, is a prevailing condition.

EDITORIAL NOTES.

One may be able to pick oranges in January in Jamaica, but, earthquakes, volcanoes and other drawbacks considered, says the Toronto Star, give us the shade of the old Northern Spy apple tree.

Toronto has got a re-enforced mayor and a new city council, which is supposed to govern the city, yet the city is governed by the street railway, which has lassoed Toronto with its loops.

The present is a poor time to push Mr. World McLean's two-cent-a-mile railway propaganda. With snow drifts and blizzard entering into the situation, some sections of the western railways would lose money by carrying passengers for a dollar a mile.

Our Yankee cousins are beginning to take Canada seriously. The Washington Post says that by the middle of this century Canada will be a mighty nation. We had a suspicion of that before but now we begin to know it.

It is said that Scotland is losing its pre-eminence in the manufacture of tweeds, and that nearly three-fourths of the so-called Scotch tweeds are now made in England. Next one may hear of Scotch whiskey being made in Ireland, and if we should enter upon the making of Scotch oatmeal in Peterborough, the land o' cakes will be robbed of much of its distinction.

For some time the Whitneyites have been railing at the Ontario school system, declaring that it was full of defects, and promising how speedily they would remedy them if they ever obtained control. A few days ago, the Hamilton Times points out, answering a deputation of booksellers who presented the views of the trade on the school book question, the Minister of Education made this astonishing confession:

"Everybody is anxious to know what is going to be done for their children, but at the moment I can make no further pronouncement, for our policy in that regard is in its rudimentary and chaotic state."

And these are the men who have been making so much fuss about the school book question, and who have been two years in power without applying any remedy! And their policy is "yet rudimentary and chaotic!" Was that what Ontario voted for?

A RETREAT

Alarmed at the revulsion of feelings of the temperance people of the province towards the Government because of the disadvantage under which temperance workers were placed in the recent local option fights, the Whitney Government will, it is said, amend the License Act, removing the three-fifths vote required for the carrying of local option by-laws and making a majority of the votes cast sufficient to carry a by-law wherever voted upon. Thus it would appear that the only legislation which the Government has attempted along temperance lines has proven so unsatisfactory that if must be amended if the Government would a little longer retain the confidence of that portion of the electorate which was cajoled into voting Conservative at the general election with the hope of obtaining advanced temperance legislation.

It is, however, unlikely the temperance people will so readily forget that the three-fifths vote was the price paid by the Government for the support given it by the liquor interests. The retreat of the Government from its position at this stage indicates that its course is prompted rather by fear than from a desire to deal equitably with the two opposing forces. Temperance men will hesitate to place further trust in a Government which changes the law only when it suits its purposes.—Ottawa Free Press.

NINE ARE NOMINATED FOR VACANCIES

Caused by Resignation of Members of the Lakefield Council—Election on the 29th

Examiner Special.

Lakefield, Jan. 23. — Nominations were held yesterday to fill the vacancies in the village council caused by the resignations of Councillors Cornish, Kidd and Charlton.

Nine gentlemen were nominated for the three vacancies, the nominees being: Messrs. S. A. Kilbourn, Joseph Paul, T. J. Blomfield, Robt. Carter, John Bygott, Ed. Quinn, Jas. Campbell, Gerald Fitzgerald and Thomas Z. Webster.

The election will take place on Tuesday, Jan. 29th.

DELIGHTFUL BIRTHDAY PARTY IN MONAGHAN

Mr. Irene Lillico, of Moosejaw, the Guest of Honour at a Pleasant Function

The home of Mr John Patton, of North Monaghan, was the scene of a very pretty event on the evening of January 16, when Mrs. Robert Coling gave a birthday party in honour of her niece, Miss Irene Lillico, of Moose Jaw, who, with her father, Mr. D. W. Lillico, is spending the winter in Ontario visiting friends and renewing old acquaintances.

About forty of her relatives met to wish her many happy returns of the day. She was the recipient of several dainty and pretty gifts, among them being a gold watch and chain from her aunts and uncles. It is needless to say that Miss Lillico was both surprised and pleased with the tokens of love and respect which had been so heartily tendered, and will remember her twentieth birthday as one of the bright spots in her life.

MELANCHOLY?

Can't even sleep—restless day and night, brooding over imagined troubles all the time. Your disease isn't in the brain, but in the blood, which is watery and thin, because you don't assimilate your food.

Do the right thing now and you'll be cured quickly. Just take Ferrozone; it turns everything you eat into nourishment. It puts new tone into the blood, quickens and vitalizes the worn-out nerves. The weary brain is relieved, sleeplessness disappears and brooding ceases.

FERROZONE

For health—vigor—spirits, try this grand food tonic—none better. It uplifts, braces, tones, makes you feel like new. Both old and young, male and female, derive unquestionable benefit from this grand medicine.

AVOID SUBSTITUTES!

Price 50c per box or six for $2.50, at all dealers, or N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

Catarrh of the Kidneys Not Always Recognized.

A Cold Settled in Kidneys, Causing Serious Trouble. Pe-ru-na Restores Health.

CATARRH of the kidneys is a very much neglected disease.

It is not until the disease has a firm hold upon the kidneys that the patient begins to realize that there is some derangement of these organs.

The slight backaches, the feelings of lassitude, and other warning symptoms of kidney disease are overlooked.

They are not serious enough to detain the patient from his regular work.

Even when he discovers that the kidneys are affected, he does not recognize the difficulty as being caused by catarrh.

Catarrh is sometimes so very gradual in its approach and its earlier symptoms cause such slight discomfort that it is not noticed.

However, when it is once firmly seated in the kidneys it becomes a difficult disease to exterminate.

Indeed, catarrh of the kidneys is more serious than catarrh affecting some of the other organs of the body.

In the kidneys it is liable to terminate in Bright's Disease or diabetes, both of which are recognized as very serious ailments, if not fatal.

The thing to be done, when catarrh of the kidneys is discovered, is to take some internal, systemic catarrh remedy, one that reaches the very source of the catarrh and removes the cause of the difficulty.

Such a remedy has been found in Peruna. It reaches catarrh, no matter where it may be located in the body—whether in the more exposed membranes of the nose and throat, or whether in the remotest part of the kidneys.

PE-RU-NA FOR KIDNEY DISEASE.

That Peruna is at once the safest and most reliable remedy for catarrh of the kidneys is proven by the many testimonials written by those who have experienced its benefits.

The testimonials given here are only specimens of the many testimonials on our records, pertaining to the relief afforded by Peruna in severe cases of kidney trouble.

Kidney Disease of Long Standing.

Mr. Samuel A. Paxton, 1118 Troost Ave., Kansas City, Mo., member I. O. O. F., and National Annuity Association, writes: "I am a well man today, thanks to Peruna. I was troubled with catarrh and kidney disease of long standing when I first began using Peruna.

MR. ISAAC ROSENZVEIG.

Mr. Isaac Rosenzveig, 9 Dumarais street, Montreal, Can., writes:

"About three years ago, I suffered with a bad cold. It settled in the bladder and kidneys, causing serious trouble.

"I tried several advertised remedies, but it was Peruna which finally cured me, and I had taken only a few bottles.

"I feel that it saved me, and it certainly restored me to such perfect health as I had not known in years.

"I have good reason to give your remedy my highest endorsement."

"I soon found I was getting better and continued taking it for four months. It cleaned out the system leaving me well and strong and feeling better than I have in years."

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Fine and very cold. Thursday—A little higher temperature, with light, local snow.

Learn Dress Making in Two Weeks

—Teaching rooms in the Y.W.C.A. No more students taken after next Thursday. The Misses Ellison. 2d

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonal street. 'Phone 199.

At Home

—To-night is the occasion of the at home in the T.A.S. rooms, given by the ladies. Similar events in the past have proved successful, and this should be equally so.

China Hall

—Hurry up, and get a fine dinner set, or anything in chinaware, glassware, silverware, etc., at our big relinquish sale, as the bank must have our premises in a few days.

Board of Works

—The Board of Works Committee of the City Council will meet to-night. There is considerable business to come up and it is expected that the session will be a lengthy one.

Gilding

—For all kinds of gilding go to W. Kingdon, 11 Hilliard street, Peterborough. Old frames repaired, and re-gilt equal to new. Paintings cleaned and re-lined. Old engravings cleaned and restored. 30d1

Food for Thought

—We are receiving very fine fresh-caught trout, white fish, sea salmon, halibut, steak cod, haddock, sea herring, smelts, tomcods, also the best brands of finnan haddie and oysters. S. A. OKE, 376 George street.

Coon Coats Exchanged

—At the House of Refuge opening on Monday, at Lakefield, a coon coat was taken by mistake. Mr. S. Stinson has the coat that was left, and the exchange can be made if the person who took his will communicate with him.

At Home

—On Wednesday evening, Jan. 23rd, an "At Home" under the auspices of The Ladies' Literary Society of St. Peter's T.A.S., will be held in their Assembly Hall. A pleasant time is anticipated and all are cordially invited. Admission 25 cents. 8d12

Another Two Thousand

—Just received at the Peterborough Bookstore, another shipment of 2000 "A. H. S." writing tablets. Our popular 10c tablet contains the full 100 sheets, which is 20 sheets more than any other 10c tablet. Our "A. H. S." silk cloth finished tablet is the delight of all ladies who have used them. Try one and be convinced. A. H. Stratton & Co.

Annual Meeting.

—The annual meeting of the Peterborough Sandstone Brick Co. was held this morning, when the reports of the first year's business of the company were presented.

Brotherhood of St. Andrew

—The Brotherhood of St. Andrew of St. Luke's church, will hold an open meeting to-night at 8 o'clock in the infant class room of the Sunday school, at which Rev. E. A. Langfeldt will give a lecture on "The Historic Episcopate." A large number of men is requested to be present.

Accident at the Park

—Miss Margaret Hetherington received some facial injuries while tobogganing at Jackson Park last night. The sled went over the bank and ran against a tree. One of the other ladies was slightly injured, and some clothes were torn in the mix-up.

See the hockey match Peterborough vs Argonauts in Toronto Saturday night. Special train leaves Peterborough over C.P.R. at 4:30 p.m. Tickets good returning up till Monday night. Fare $2.05.

Mechanics, Farmers, Sportsmen

To heal and soften the skin and remove grease, oil and rust stains, paint and earth, etc., use The "Master Mechanic's" Tar Soap. Albert Toilet Soap Co., Manufacturers.

WEEKLY FEE WILL BE ABOLISHED

Considered Probable That County Council will Decide to Maintain House of Refuge by General Tax

It is considered probable that at the present session of the County Council action will be taken to rescind the motion passed by the old County Council with respect to the system of paying for the maintenance of the inmates of the House of Refuge, and that the clause which makes it necessary for each municipality to pay 50 cents per week for each inmate sent from it will be changed, to the effect that the whole cost of their maintenance will be borne by the County as a whole.

This is the system strongly recommended by Dr. R. Bruce Smith, the Provincial Inspector, at the opening of the institution, and prior to that time to the County Council. The majority of the Newcastle is apparently in favour of adopting his recommendation in this respect, [illegible]

RHEUMATISM

Price 25c. Morgan's Rheumatism Cure seldom fails to relieve pains in legs, arms, back, stiff or swollen joints in a few hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system.

PERSONAL MENTION

Mr. Jas. Murray, city, is spending a few days in Madoc.

Mr. P. A. Kearney of Young's Point, was in the city to-day.

Mr. F. D. Kerr is holding Division Court at Apsley to-day for Judge Weller.

Miss Mary Beaman, who has been visiting at her home in Manvers, has returned to the city.

Mrs. Joseph Mills will receive at her home on the first and second Thursdays of each month.

Miss Lena Walsh, of Toronto, who has been visiting Mrs. A. Lehane, left to-day for St. Paul, Minn.

Miss Lena Richardson gave a tobogganing party to a number of her friends at Jackson Park last night.

Miss Clara Belleghem, who has been visiting in Toronto for the last ten days, returned to the city at noon to-day.

Mrs. J. R. Stratton will receive to-morrow at "Strathormond," assisted by Mrs. Johnston and Mrs. Freel, from four to six o'clock.

Mrs. M. A. Morrison and Mrs. Thos. Barrie will receive at 372 Hunter street on the first and second Thursdays of each month.

Mr. M. J. Flaherty has returned to Chicago after a pleasant visit of three months with his parents, Mr. and Mrs. Edward Flaherty, of Smith street.

Senator Douglas of Tantallon, Sask., passed through the city the first of the week, on his way to Ottawa. He made a flying visit to his niece, Mrs. D. Mann, London street.

Miss Jennie Dickson, of Drummond Station, Otonabee, is rapidly recovering from the injury she received some time ago by having her leg crushed between a sleigh and a tree.

Rev. Robt. E. Knowles, of Galt, the popular author and lecturer, who will lecture in the George Street Methodist Church on Friday evening, January 25, under Y.M.C.A. auspices, will be the guest of Mr. D. Hughes Charles during his stay in the city.

A very pleasant event took place on Tuesday evening, January 22, when Mr. and Mrs. Jno. Anderson gave an "at-home" at their residence, Hazlitt street. The earlier part of the evening was given to a programme of gramophone, piano, mandolin and vocal solos, interspersed with readings, after which about forty guests partook of refreshments. The remainder of the evening was spent in games and dancing. After a vote of thanks had been given to the host and hostess for the evening's entertainment, the guests departed at an early hour.

STATE OF OHIO, CITY OF TOLEDO, } ss.
LUCAS COUNTY. }

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

HIS FUNERAL WAS VERY LARGELY ATTENDED

Late John Montgomery was Buried Under Orange Auspices Yesterday Afternoon

The funeral of the late John Montgomery took place yesterday at 2.30 o'clock, from his late residence, Louis street. It was very largely attended. Deceased was a member of L. O.L., Smith Township, from its organization and was a very staunch Orangeman. As an evidence his brethren honoured his last wish by taking charge of the funeral and attending in a body. There was a large turn out from L.O.L. No. 80; also a good representation of 'Prentice Boys. The True Blues were also represented. Worshipful Master Young, of Smith, was in charge of the service. Rev. A. H. Brace, by special request, acted as Chaplain. Many from outside points came to show their respect and sympathy to the family.

A memorial service will be held on Sunday night, when an Orangeman's funeral sermon will be preached by the Rev. A. H. Brace. The True Blues, 'Prentice Boys and Orangemen will meet in their hall on Simcoe street on Sunday next at 6 o'clock and proceed to the Park street Baptist church for Divine service.

Piles Cured in 6 to 14 Days

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 60c.

$200.00 IN CASH

And Numbers of Valuable Premiums

GIVEN AWAY FREE

Not One Cent of Your Money Required. Read Carefully If You Wish to Earn Part of the Above Amount.

Below will be found the picture of an old man, also the faces of his seven daughters. Can you find them? Try it. It is no easy task, but by patience and perseverance you can probably find four or five faces. Mark the ones you find with an X. Cut out the picture and return it to us at once. It means money to you to do so.

To the person who finds the largest number of hidden faces we will give the sum of One Hundred Dollars ($100.00) in Cash. To the person who finds the second largest number we will give the sum of Fifty Dollars ($50.00) in Cash. To the person who finds the third largest number we will give the sum of Thirty Dollars ($30.00) in Cash. To the person who finds the fourth largest number we will give the sum of Twenty Dollars ($20.00) in Cash. Should two persons send in equally correct answers for the first prize, the first two prizes will be equally divided between them each receiving the sum of Seventy-five Dollars ($75.00.) Should three persons send in equally correct answers the first three prizes will be equally divided between them, each receiving the sum of Sixty Dollars ($60.00.) Should four persons send in equally correct answers the whole sum of Two Hundred Dollars ($200.00) will be equally divided between them, each receiving Fifty Dollars ($50.00). And so on in like proportions.

We Do Not Want Any of Your Money!

We mean exactly what we say. We do not require you to send us any of your money. There's only one simple condition attached to our Competition (which is not to send us any of your money). When we receive your reply we will write you explaining what this simple condition is. If you can find ANY of the hidden faces write to-day, mark the faces and send to us at once, ENCLOSING STAMP FOR OUR REPLY.

COMBINED EFFORTS NEEDED TO GET THE SHOW

Opinions of the Various Speakers at the Board of Trade Meeting Held Last Night

PETERBORO' ADVANTAGEOUS TO SHOW

The combined efforts of the Board of Trade, the City Council and the County County Council should secure for Peterborough the much-coveted National Dairy Exhibition, the first meeting of which will probably held this year. This idea of a joint effort in the obtaining of the show for Peterborough was the pervading one at the meeting of the Board of Trade last night in the City Council Chamber. The various speakers were all anxious that the show be held in the interests of the numerous dairymen of the Province and that it be held in Peterborough *in preference to Toronto or Guelph*, on the grounds that the eastern section of the Province was the more important one, speaking in reference to dairying.

Before the meeting closed a resolution was passed recommending that representatives be sent from the City and County Councils and from the Board of Trade to the meeting of the Joint Committee of the Eastern and Western Dairymen's Association.

The meeting was without the services of the President of the Board, Mr. D. Hughes Charles, who was unable to attend on account of illness. Mr. Charles has taken a deep interest in the work of the Board, and, as remarked by the chairman, Mr. W. H. Denham, the meeting last night was the first he had missed in four terms. Mr. Denham made a very efficient substitute as chairman, and conducted the business of the meeting very satisfactorily.

The cheap power question was not discussed last night, but will be the important problem at stake at the next Board meeting during the coming week.

Those present were Messrs. W. H. Denham; T. Q. Quartermaine, Secretary; Wm. Langford, J. Coyle Brown, George A. Gillespie, Mayor McWilliams, P. S. White, A. H. Stratton, Ald. Johnston, T. A. S. Hay, F. D. Kerr, G. B. VanBlaricom, Dawson Kennedy, Wm. Collins, Ald. Leary, P. Downham, Jas. Edgar, T. E. Bradburn, M.P.P., Ed. M. Elliott, W. C. Switzer, McDonald.

Mr. Denham explained that the president was absent through illness. He was now the president for the fourth term, and this was the first meeting he had missed during that time. He regretted very much his absence and hoped that the meeting would be a successful one.

The minutes of the last meeting were then read by the secretary, Mr. T. Q. Quartermaine, and adopted.

Communications

The secretary read a communication from the Hamilton Board of Trade enclosing a resolution regarding the preferential duty.

A communication was also read from the secretary of the Toronto Board of Trade, enclosing a memorial to the Prime Minister of the Dominion, regarding the importing of undesirable immigrants to Canada.

These communication were received and left in the hands of a committee consisting of Messrs. Edgar, Stratton and Langford, to be considered before the next meteing.

The chairman then explained that the meeting was called for the purpose of considering the National Dairy Convention proposal and cheaper power, and called upon a number present to express opinions.

Dairymen are Favourable

Mr. Gillespie was the first speaker, and explained that the proposed show for next year would be, if held, the first of its kind. Since the last meeting of the Board the Eastern and Western dairymen had held their meetings, and both were favourable to the holding of a show. A Joint Committee had been appointed to deal with the location. He believed that if Peterborough were to get the show it would certainly be a great boom to this city. He considered that the Board of Trade, the City and County Councils should take the matter up and try hard to get the show here.

Peterborough Considered

Mr. Bradburn, M.P.P., stated that the Eastern dairymen were in favour of Peterborough as the location of the show. He had heard from the president himself of the Eastern Convention, who considered Peterborough the best place. Toronto, he thought, was too large a place and that there were too many other attractions, for the exhibition to be held in the Ontario capital. He had pointed out that even if Peterborough did not get the show that some smaller city than Toronto should for the above reasons. He considered the exhibition would be a success on account of the large number of dairymen in the Province, and also thought that Peterborough city and county should make a strong effort to obtain it.

Majority in Favour

Ald. Leary, who was present at the Western Dairymen's Convention at London, said that the only man he found there against the holding of the show was Hon. Mr. Monteith. The exhibition, he said, was not merely a convention, as many had thought, but was an exhibit of all kinds of dairy products as well as dairy cattle, dairy implements, etc. He considered that Peterborough was entitled to the show, as it lay in the eastern district, which was the larger one. He did not think that Toronto would be seriously considered, but that Guelph and Peterborough were the sole contestants. This show, he said, would soon be even greater than the Guelph Fat Stock Show, and was certain that it would be assisted by the Government, financially.

Mr. Bradburn also thought that the Government would lend its assistance.

Easy to Finance

Mr. Wm. Collins was the next speaker. He said that both Guelph and Ottawa Fat Stock Shows were given assistance from the Government, but that now they were becoming quite able to take care of themselves. In view of the fact that the eastern portion of the Province was the important dairy section, he considered that this city was entitled to the show. There was no reason, he said, why the Government should not assist the exhibition, which, together with the membership fees and entrance fees, ought to defray all expenses. The cost of the buildings, he said, would not fall upon one year, but would be extended over several, as the show proposed was to be a permanent one.

Benefit to Farmers

Mr. Switzer pointed out some of the benefits the city and county would receive. Besides the number of people coming to the city annually, the farmers in the surrounding townships would be given an opportunity to improve their dairy herds and dairy appliances. He thought that a strong deputation should wait upon the County Council to impress this fact upon that body and gain their co-operation.

Better Stock Needed

Mr. Downham, a former Western Ontario man, was the next speaker. There were about 2,000,000 cows, he said, in Ontario, which gave an average of 3150 lbs. of milk. This, he did not think, was enough. The dairy show, he believed, would induce the farmers to keep better stock and increase the average number of pounds of milk per cow, per year. The average, per cow in the west, he said, was greater than in Eastern Ontario, and the owners of these cows, he knew, would put up a strong fight to have the show in Toronto. Co-operation was the best possible means to get the exhibition here, and he advised the Board to take steps along this line.

Improve the Markets

Mr. J. Coyle Brown believed that the city should enter into the fight to get the show. The local market facilities, he thought, would be greatly improved if it could be obtained.

Assistance From the City

The Mayor explained that the City Council was anxious to assist in getting the show here, and assured the Board that it would join in and help the Board of Trade and the County Council. He explained that a committee was appointed to wait on the County Council to put the matter before that body. He also referred to the declining market here, which he believed would be greatly assisted by the show.

The chairman considered that the question, so far as he knew, was one vastly important to the city and county chiefly from a financial aspect, and, from what he had heard Peterborough should make as strong a bid as possible to secure the show.

Resolution Was Passed

At the conclusion of these addresses it was moved by Messrs. Geo. A. Gillespie and Wm. Langford, that the Board of Trade, recognizing the importance of the National Dairy Show, would strongly recommend that the City Council do all in its power to secure this show for the city, and that committees be sent from the City Council, the County Council and the Board of Trade to the meeting of the Joint Committee of the Dairymen's Associations, which it is anticipated will be held in the near future.—Carried.

The Committee representing the Board of Trade, to meet the Joint Committee, will be selected by the chairman and the president.

Mr. Brown moved that the cheap power question be deferred for another week, and at the same time that the considerations of the Special Committee on communications be presented by that committee. This was seconded by Mr. Langford and carried, after which the meeting adjourned.

MANY WILL TAKE IN THE ARGONAUT GAME

Peterborough Club's Excursion to Queen City on Saturday

The hockey club excursion to Toronto Saturday promises to be well patronized. The tickets are good going on a special C. P. R. train leaving here at 4.30 o'clock Saturday afternoon. Those who wish may return on a special train at 11.30 on Saturday night, but the tickets are valid returning until Monday night. The game between the Argonauts and Peterboroughs will be a good one, and no doubt many will take advantage of the cheap rate and take it in. Return tickets, $2.05.

Watch Talks

Have you a Watch which requires attention.

Maybe the Mainspring is broken.

A first-class new one only costs you $3.00. Does your Watch stop occasionally, and you cannot depend upon it for time. Cleaning is all it needs and $1.00 will do it.

No matter what the trouble is with your watch bring it to us.

We regulate Watches free of charge, and if you wish for the correct time call on

SUCCESSFUL BANQUET OF BRICKLAYERS AND MASONS

Held Last Night in McCallum's Restaurant —The Second Annual Event of This Kind

MEMBERS OF UNION ARE PROSPEROUS

"All brother Masons, brothers kind and true,
When you're in trouble they will stand by you.
Across the sea, where e'er you be
or in your native land;
Where ever there's a Mason you will find a helping hand."

The above is the chorus of Harry Bulger's famous song, "Brother Masons," from the comic opera Woodland, and although it refers chiefly to masons in the social light, still it is applicable to masons from the labour standpoint. Particularly is it referrable to the local branch of the Bricklayers' and Masons' Union, judging from the apparent good will and friendliness that was evidenced last night at their second annual banquet. This function was first celebrated last year and proved to be such a success that a continuance was decided upon this year.

The banquet was held in McCallum's parlours and great credit is due Mine Host McCallum for the success of the affair. The menu was a splendid one and the manner in which it was prepared and served was a very pleasing feature. The committee in charge spared no expense in making the affair as enjoyable as possible and their results were quite evident last night. "In union there is strength," and probably there is no better means of strengthening the bonds of friendship and fraternity than by a banquet. For this reason there should have been a full attendance of the members, and although many were forced to remain away through unforeseen circumstances still there was a very encouraging number at the tables.

After full justice had been done the spread and the inner man satisfied a number of toasts were honoured, Mr. J. J. Hartley, President of the local branch of the B. and M. U., acting as chairman. The first toast was that of the King, which was honoured in the usual manner. Then followed the health of the International Union which was responded to by Messrs. T. M. McFadden and Adam Dawson. These gentlemen referred to the peaceful principles of the union, stating that it was very much adverse to strikes and always made arrangements for arbitration when difficulty arose, as was very seldom. Mr. Dawson remarked that the union was a great boon to the members. Better hours and more wages have resulted, and general prosperity was being enjoyed. This union he said, was the father of the nine hour working day which has since met the favour of many other labour organizations.

Our Own Union was responded to by Mr. Webb, who said that the local union of Bricklayers and Masons had had a prosperous year in 1906 and the members were looking forward to a repitition of this blessing during the coming year. Not a break had been made during the past year, the members being generally in the best of health. There were, he said, practically no non-union men in Peterborough. Messrs. Phillips, Stevens and Fredericks also spoke on this occasion.

Mr. Hartley then proposed the toast of Sister Unions, Mr. John Alexander, President of the United Brotherhood of Carpenters and Joiners, and Mr. S. Anglesyo, representing the Amalgamated Carpenters' and Joiners' Union, replying.

Mr. Chas. Murty responded to the toast of the Confederation of Labour. He referred to the harmony that exists among the various unions, saying that all were prospering and the men looked not for strife which was a very strong point in their favour and sure sign of progress.

His Worship, Mayor McWilliams, was called upon to reply to the toast of "Our Guests." He outlined the work of building up the city during the ensuing year and said that a bright prospect is promised. A statement he made was that Mr. Stuart had remarked that the moment the Trent Valley Canal is completed, he will build factories that will use up every available unit of power.

Mr. R. Stockdale also replied to this toast.

The toast of the Ladies was then honoured, Mr. Goodwin, Mr. Fredericks and Mr. Turner, making pretty and witty speeches in favour of the members of the gentler sex.

The toast of the press was responded to by the representatives present.

Our Host was also honoured, mention being made of the satisfactory manner in which Mr. McCallum had provided the edibles. This brought the evening to a close and the general wishes were that a somewhat similar assembly should meet again in 1908.

GAVE THE TOWNSHIP COUNCILS PERMISSION

To Hold Their Meetings in the County Council Chambers in Future if They So Desire

At the first session of the county council yesterday afternoon, Messrs. W. H. Casement of Lakefield, and Mr. J. L. Squires of Norwood, were appointed auditors for the accounts of 1906.

Mr. Shaw presented a request from the township council of Smith, to be allowed the privilege of holding their meetings in the county council chamber, and a similar request was presented by Mr. Brown, from North Monaghan, and the council on motion decided to grant these requests with those of any other township council which might wish to hold its meetings in these chambers.

3 IN ONE FAMILY

They Were Cured of Skin Disease by Zam-buk

Once more Zam-Buk, the great herbal balm, has been proved vastly superior to ordinary remedies, and has cured where other preparations had signally failed. Three children in one family have been healed by it. This not only shows the power of Zam-Buk, but goes to prove how beneficial its pure herbal ingredients are to the delicate skin of children.

Mr. J. C. Bates, of Burk's Falls, reports the case referred to. He says: "I take great pleasure in recommending Zam-Buk as a cure for skin disease. My three children were all broken out with sores on face, hands and feet. Their condition was pitiable, and although I tried various ointments and salves, they did not seem to be able to get at the root of the evil, and the sores continued to spread. One day I saw a report in a local newspaper telling how beneficial Zam-Buk was for skin diseases, ulcers, etc. I got a supply of the balm and applied it to the children's sores. Almost immediately they got relief and the sores began to heal. Although the skin disease had defied all the salves I had previously tried, in one week Zam-Buk overcame the trouble, and to-day the children have not a pimple or spot or mark of disease on their skin. For this grand result I have Zam-Buk to thank. It is a splendid healer."

Zam-Buk is thus shown to be altogether different and superior to ordinary remedies. It is a healing balm compounded from herbs and essences of the finest known medicinal herbs. It has high antiseptic power, killing disease germs which settle on sores and eruptions, etc., and which set up festering, blood poison and suppurstion. It cures eczema, skin rashes, cuts, burns, bruises, abscesses, ulcers, sore, blackheads, ringworm, blood poison, etc. It heals cracked and chapped hands, cold sores, etc. As an embrocation, it is also widely used, and gives speedy relief in cases of muscular rheumatism, sciatics, etc. Rubbed on the chest in cases of colds, it relieves the tightness and aching. All druggists sell at 50c a box, or may be obtained post free from the Zam-Buk Co., Toronto, upon receipt of price. 6 boxes for $2.50. Send one-cent stamp for dainty trial box.

57TH BAND AT THE BROCK STREET RINK

To-night the 57th Band will be in the Brock street rink. The ice to-day is in splendid condition, and with the additional attraction of the band for to-night there should be a good attendance.

THE ENCAMPMENT OFFICERS WERE INSTALLED

Interesting Ceremony Was Held in the Oddfellows' Hall Last Night

MANY OF THE BRETHREN WERE PRESENT

An interesting ceremony took place last night in the Oddfellows' Hall, when the officers of the Hiawatha Encampment, No. 66, and Mount Hebron Encampment, No. 56, were jointly installed. The installing officer was D.D.G.P. Robert Milligan, assisted by P.C.P.'s J. E. Emmerson, T. T. Emmerson, R. J. Matchett, T. Duncan and G. Cairns.

Following were the officers installed:

Hiawatha

C.P.—M. J. Kirn.
H.P.—G. F. Cairns, P.C.P.
S.W.—C. Gould.
Scribe—E. G. Poole.
Financial Scribe,—R. J. Matchett, P.C.P.
Treasurer—J. W. Butcher, P.C.P.
J.W.—G. Payne.
Guide—J. E. Emmerson, P.C.P.
1st W.—S. Sharpe, P.C.P.
2nd W.—W. McCarthy.
3rd W.—M. Breckenridge.
4th W.—W. S. Robinson.
O.G.—H. Roberts.
1st G. of T.—J. Buchanan.
2nd G. of T.—H. Potter.
I.S.—F. Henderson.
O.S.—E. Mitchell.
Property Committee — Patriarchs Gould, Poole and Cairns.
Finance Committee — Patriarchs Emmerson, Baird and Matchett.
Sick Committee—Patriarchs Matchett, Cottrell and Payne.

Mount Hebron

C.P.—J. E. Sharpe.
H.P.—S. Strike.
S.W.—W. H. Frost.
Scribe—R. Mulligan, P.C.P.
Treasurer—W. Savigny.
J.W.—A. Lockington.
Guide—T. Duncan, P.C.P.
1st W.—D. McKercher, P.C.P.
2nd W.—C. F. Browne, P.C.P.
3rd W.—T. T. Emmerson, P.C.P.
4th W.—T. Cooley.
1st G. of T.—R. Mulligan, P.C.P.
2nd G. of T.—T. Raines.
O.H.—S. Goodfellow.
I.S.—W. Hooper.
Pianist—B. W. Hutchinson.
Finance Committee — Patriarchs Wm. Hill, T. T. Emmerson, and T. Duncan.
Property Committee — Patriarchs R. Mulligan, W. H. Frost, and A. Lockington.
Sick Committee—The elective officers of the Encampment.

COMMITTEE CONFERRED WITH MR. STUART

Much Information Concerning Light and Power Business Was Given

The Special Committee appointed by the City Counsil to deal with the question of the purchase of the Peterborough Light and Power Co.'s business is losing no time in getting to work. Yesterday Mr. Robert Stuart, of the Quaker Oats Co., was in the city and had a consultation with the members of the committee, which is composed of the Mayor and Ald. Stevenson and Bradburn. Much information of a helpful nature was given the committee by Mr. Stuart. The committee will now go ahead with the question of how to obtain power, and the first step will be a meeting with the Water Commissioners for the purpose of ascertaining whether or not the power at the waterworks dam will be sufficient for the use of the city.

A WORTHY OBJECT FOR THIS LECTURE

Proceeds of Lecture of Rev. R. E. Knowles Devoted to Fund for Permanent Y. M. C. A. Camp

There are several reasons why the George Street Church should be filled to overflowing on Friday evening, January 25, at the lecture to be given by Rev. R. E. Knowles, of Galt, on "The Secret of Scotch Success."

The first is because Mr. Knowles is admitted to be one of the most eloquent men in Canada to-day, and a popular author as well, his two recent books being "St. Cuthbert's" and "The Undertow."

Peterborough people are proud of the fact that Mr. Knowles was a former pupil of the Collegiate Institute here.

The fact that the proceeds of the lecture will go towards securing a permanent camping place for the Boys' Department of the Y.M.C.A. will be a final reason why the citizens will patronize it and so help the boys.

Hear the eloquent and witty Lecture, on 'The Secret of Scotch Success' Rev. R. E. Knowles of Galt, George St. Methodist Church, Friday, January 25th Tickets 25 cents

FRAZER MISSION BAND HELD REGULAR MEETING

Business Combined with Pleasure Held at Residence of Rev. Dr. Torrance

The regular monthly meeting of the Fraser Mission Band of St. Paul's Presbyterian Church was held last night at the residence of Rev. Dr. Torrance. The attendance was most encouraging and a very enjoyable time resulted. Papers were read by Mrs. E. Moore, Miss Florence Hamilton, Miss Jennie Hall and Miss Drummond. The subject of these addresses was "The benefits which the Church derives from missionary work." The ladies dealt with the matter in a thorough manner and presented it in a very interesting way. Subsequent to the addresses, refreshments were served, and a delightful evening brought to a pleasant close.

The next meeting will be held four weeks from last night, at the same residence.

SCOTT'S COLLOSEUM COMING TO THE CITY

Peterborough Up-to-date—A New Class of Entertainment to be Presented

CITIZENS TO ENJOY WINTER ATTRACTION

"To entertain and amuse is good; To do both and instruct is better."

By the courtesy of the Peterborough Amusement Company, of this city, Messrs. George Scott & Co., of Toronto, are opening up in their premises, No. 432 George street, known as the Automatic Vaudeville, a series of refined, high-class and instructive moving picture exhibitions. These charming entertainments will be interlarded with admirable illustrated songs, and a versatile lecturer will interpret the views and incidents with interesting details and discriptions. It will also be of interest to our amusement-loving citizens to know that these attractive exhibitions has been arranged to continue during the balance of the winter months.

The first of these exhibitions will be presented on Tuesday evening, next, January 29th, and continuous performances will be given every evening of each week thereafter, from 7.30 p.m. to 10 p.m. Matinees every Wednesday and Saturday from 2.30 p.m. to 6 p.m.

Messrs. George Scott & Co., being the pioneers of moving picture photography of Canada for Canadians, the public can be assured of a series of meritorious exhibitions worthy of the support of all classes. The pictures are the delight and delectation of children as well as of ladies, who are guaranteed that nothing will be presented that can offend the most sensitive taste. The programme for next Monday night will be a moving picture story depicting the heroism of the Railway Signalman's Daughter. The thrilling incidents, fascinating situations and realistic episodes, which contribute to the rescue of the Pioneer Express, and the defeat of the plans of a gang of desperate train wreckers, although at the cost of the lives of the hero and her lover, will form an evening's entertainment not soon forgotten.

SOCIAL EVENING AT COUNCILLOR'S RESIDENCE

Many Guests Present at Home of Mr. and Mrs. Morrow, North Monaghan

A very enjoyable social party and dance was given by Councillor James Morrow and family of North Monaghan, on Thursday evening last. Mr Morrow's friends were many at the municipal elections held in that township not long ago, and were equally as numerous on Thursday evening. Over ninety guests were present, those from a distance being Mc. and Mrs. Osterburg, Port Arthur, Miss Emma Morrow, Cordova, Mrs. John, James and Bert Morrow, Norwood, Miss Maggie Rest, Roseneath, Miss Ella Morrow, Norwood, Miss E. Porter, Pontypool, Miss Fair, Port Hope, Mr. Walter Tebbb, Lakefield, Miss Florence Morrow, Peterborough.

Mr. Albert Reynolds and Master George, rendered most excellent music on the violin, Miss Lizzie Morrow accompanying on the piano. Tea was served during the evening. Games and amusements were indulged in until a late hour, when all those present voted Mr. and Mrs. Morrow and Morrow royal hosts.

COURT SELWYN GAVE ENJOYABLE CONCERT

An Interesting Programme Presented Under Auspices of Canadian Order of Foresters Recently

Song—Mr. Whetung, Jr.
Instrumental—Ray Family.
Song—Mr. John Eastwood.
Song—Mr. Fred McKee.
Instrumental—Mr. Fanning.
Recitation—Mr. Short.
"God Save the King."

SOFT, GLOSSY HAIR

It Can Only Be Had Where There is No Dandruff

Any man or woman who wants soft, glossy hair must be free of dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations, that were mostly scalp irritants, have been abandoned, and the public, barbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dodd, Dickinson, N. Dakota, says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair falling out, but promotes a new growth. Herpicide keeps my hair very glossy." Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

Two sizes, 50 cents and $1.00. Ormond & Walsh, Special Agents.

THE WEATHER

Fifteen below zero was the record for the thermometer last night, and the end is not yet. This part of Ontario has been fortunate in escaping many of the cold dips that have been all too prevalent in Manitoba, as well as in Quebec and the other Eastern Provinces. Extremely cold weather has been experienced in the West this winter.

REGULAR MEETING OF COURT STANLEY A.O.F.

Two Candidates Initiated and Four Applications Received

The regular meeting of Court Stanley, A.O.F., was held last night. There was a good attendance of members present, with C. R. Bro. T. Hendry presiding. Two candidates were initiated, and four applications for membership received. Considerable business was done in regard to the District Court's meeting, to be held in Belleville on Tuesday, February 5. A vote of thanks was tendered to the committee who had charge of the refreshments at the last meeting of the Court, when the officers were duly installed. The Court is in a very flourishing condition and new members are being added at every meeting.

MADE DONATIONS TO THE DEACONESS' HOME

Ladies of Jermyn Hold Social, Proceeds of Which Will be Devoted to Charitable Purposes

Examiner Special.

Jermyn, Jan. 22.—Rev. Mr. Adamson of Norwood, occupied the pulpit on Sunday and preached the annual missionary sermon.

Miss M. Berry is the guest of Mrs. Edgar Wood.

Mrs. M. Hunt, Calgary, is the guest of her brother, Mr. Fred Fife.

Miss Patterson was the guest of Miss Fife for a few days last week.

We are very sorry to learn of Mrs. B. Reid's accident, and hope that she will be out again soon.

The League service this week has been postponed until Thursday evening to give every one the chance of going to Keene Wednesday evening to hear our Forward Movement missionary, Dr. Lawford, of Pakan, Alta., who is to speak regarding his work among the Galicians.

On Thursday afternoon, January 17, Mrs. Patterson entertained the ladies of Bethel Church at her home. The afternoon was very profitably spent in sewing garments for the poor of Toronto. Each guest also brought a donation of clothing or eatables, all of which is to be sent to the Deaconess Home, Toronto. A short programme was given in the evening, after which refreshments were served, and judging by the remarks, all went away feeling that the afternoon had been both enjoyably and profitably spent.

VISITORS IN KEENE FOR WINTER MONTHS

Latest News From That Progressive Village—Pleasant Dance Held in Town Hall

Examiner Special.

Keene, Jan. 22.—Mr. Thomas Wigmore, Orbow, Assa., is visiting friends in the village.

Miss Kate McFarlane, who has spent the last six months in Prince Edward county, returned home Monday.

Mr. Joseph Walker is moving this week into his new home in Keene.

A couple of sleigh loads of Keene young people drove back to Douro to a party at Mr. Wilson's Wednesday night.

Mrs. Michael Galvin, who has been visiting her father, Mr. C. Bell, returned to her home in Sudbury Friday.

The two Finks of Keene curlers who competed in the district cup contest at Peterborough were beaten in the first game by Lindsay.

One of the best dances of the season was that given last Friday by the ladies, in the town hall. Mr. Denis Kennedy acted as floor manager and Messrs. McFarlane and Miller supplied the music.

KNIGHTS OF COLUMBUS PUT IT OVER THE T.A.S

The Latter Club Were Up Against It Last Night—Defeated by 133 to 124 Points

The T. A. S. Social Club were vanquished last night by the Knights of Columbus in the latter's rooms on Hunter street. The game was very close the final score being 133 to 124, and the Knights certainly had no easy victory. These games are arousing much interest among the various clubs and they form a splendid way of spending a winter's evening.

FAIRFAX—Smart, yet comfortable for business wear. Specially suited for puff scarfs. 1⅞ inches at back; 2¼ in front. Top edge gutter-seamed — won't get sawedgy. Perfect collar comfort now

Cure Every Form of Indigestion

After you have eaten a meal, the stomach should do two things—pour out a dissolving fluid to digest the food—and churn the food until completely digested and liquified. Sour Stomach, Belching Gas, Indigestion, Dyspepsia, simply mean that the stomach is not doing its work properly.

"Fruit-a-tives" strengthen the stomach and increase the flow of gastric juice

"Fruit-a-tives" make the liver active and regulate the bowels. There will be an end to those Bilious Headaches, too, as soon as you start curing your Dyspepsia and Constipation with Fruit-a-tives.

"Fruit-a-tives" contain the wonderful medicinal properties of fruit—in an active and curative form. 50c. a box—6 for $2.50. At all dealers'.

Fruit-a-tives OR (FRUIT LIVER TABLETS.) 117

THIS GOVERNOR IS GREAT JOKER

How Swettenham Turns Aside One Clause of His Letter.

MOVEMENT FOR HIS RECALL

Archbishop Nuttall Gives Some Sidelights on the Governor's Character—Indignation at His Action In Docking Pay of Government Clerks Who Were Nursing Sick or Dying Relatives.

Kingston, Jamaica, Jan. 23.—The correspondent of the Associated Press sought Governor Swettenham yesterday, and spoke to him of the Davis incident. The governor said that he had not invited Rear-Admiral Davis to land sailors. He was asked if he endorsed the action taken by Rear-Admiral Davis, the governor replied: "That is a matter between myself and Rear-Admiral Davis, to whom I must refer you." The governor said that his reference in his letter to Rear-Admiral Davis and the pillaging house of an American millionaire was merely a jocular parallel.

To Demand His Recall.

The publication yesterday in The Daily Telegraph of Governor Swettenham's letter to Rear-Admiral Davis has greatly intensified the resentment of the residents against the Governor for rebuffing the tenders of American assistance, and there is a movement on foot here to demand his recall.

Couldn't See Governor.

A meeting of committees was held here yesterday on the call of the Governor to discover the precise conditions attending the difference between the Governor and the Admiral. At the close of this meeting, and after having read Governor Swettenham's letter to Rear-Admiral Davis, the Most Reverend Dr. Nuttall, Archbishop of Jamaica, sought the Governor to talk the matter over with him, saying that if he found the conditions warranted he would send a personal explanatory cablegram to President Roosevelt. The Archbishop was unable to see the Governor owing to the latter's absence at headquarters. He will see him to-day.

A Dictator.

Archbishop Nuttall said the trouble was merely a result of the dictatorial character of the Governor. "His imperious manner, his frequent abuse of subordinates and his discourtesy to citizens have earned him great unpopularity, although otherwise he is regarded as a comparatively conscientious official."

There is much indignation expressed here at Governor Swettenham's action in docking the pay of Government clerks who absented themselves from duty for the purpose of nursing sick or dying relatives. Last Saturday the Governor suspended the free service of trains for the transportation of refugees into the country, but at the urgent request of Archbishop Nuttall he consented to continue this free service for one week. No sailors have been landed from the British cruiser Indefatigable, which has arrived here.

Swettenham's Thanks.

Washington, Jan. 23.—The State Department yesterday made public the following cablegram:

"Jamaica, Jan. 20.—The Hon. Elihu Root, State Secretary, Washington, D. C.: Jamaica profoundly grateful for expression of sympathy and for the very practical aid so kindly given by Admiral Davis and the entire particular service squadron of the United States navy.—(Signed) Governor."

London Awaits a Report.

London, Jan. 23.—The text of Governor Swettenham's despatch, received undated yesterday morning, but presumably filed Jan. 20, follows:

"Slight earthquake shocks continue. Confidence is restored. The population is returning and the weather is fine. H. M. S. Indefatigable with stores from Trinidad, arrived here today. Both banks have re-opened."

The Lord Mayor of London yesterday afternoon cabled to Governor Swettenham at Jamaica $75,000, the first instalment of the Mansion House fund, which now totals $100,000.

The American charge d'affaires called at the Foreign Office last evening. The officials there were without any advices from Gov. Swettenham concerning the Davis incident.

Sorry They've Gone.

Philadelphia, Jan. 23.—In response to a request of an agent by Mayor Weaver of this city, this cablegram was received yesterday:

"Kingston, Jamaica, Jan. 23.—Many thanks. Money and building material urgently required. Departure of warships deplored by people.—(Signed) Tait, mayor."

Will Use U. S. Tents.

Washington, Jan. 23.—The United States Secretary of War received a cablegram from Gen. Wint at Havana, commanding the American forces in Cuba, saying that at the request of the British Minister at Havana, he had made arrangements for the shipment of army tents to Kingston for the shelter of the people in distress. The Secretary has approved Gen. Wint's action.

More Shocks.

New York, Jan. 23.—A despatch yesterday from Kingston says: A heavy earthquake shock was felt here at 3 o'clock Monday morning and a still heavier one at 2.45 this afternoon.

Toronto Boy Killed In Quake.

Toronto, Jan. 23.—The 3-year-old son of Roger D. Stovel was killed in the Kingston earthquake, according to a cable received yesterday by A. W. Smith, from his daughter, who says she and Mr. and Mrs. Stovel and Miss Birchall who were staying at the Constant Springs Hotel, are well.

Flour For Jamaica.

Ottawa, Jan. 23.—Lake of the Woods Milling Co. has wired Hon. Sydney Fisher, offering 200 barrels of flour or equivalent in cash for Jamaica.

TERRIBLY DISTRESSING.

$1,000.00 guarantee goes with every bottle.
A month's treatment for $1.00, at all druggists, or the Wilson-Fyle Co., Limited, Niagara Falls, Ont. 11

LINDSAY HOCKEY TEAM WON THEIR DISTRICT

Lindsay, Jan. 22. — The Lindsay Midgets won their district by defeating Cobourg here in a runaway game by 6 to 2. The Midgets had the game well in hand all he time and did not exert themselves. The now famous McDougall-Stoddard combination were responsible for most of the goals. Koyl played a whirlwind of a game, and his end-to-end rushes often resulted in tallies. For Cobourg Barr played a stellar game, and scored the two goals. Guy, at point, is a clever shot and played a fair game.

Referee—E. Ford, Peterborough. Time-keepers—Stott and Rojlly.

Liver Trouble From Overeating

THE KIDNEYS AND BOWELS ALSO DERANGED AND CURE ONLY OBTAINED BY USE OF

DR. CHASE'S KIDNEY-LIVER PILLS.

Hurried eating and lack of proper mastication of the food are among the most common causes of indigestion, and overeating is undoubtedly the beginning of trouble with the liver and kidneys.

Kidney disease and rheumatism are not usually the first indication of a deranged system, but these troubles follow unheeded headaches, constipation and bilious attacks.

Because of that direct and combined action on the liver, kidneys and bowels, Dr. Chase's Kidney-Liver Pills are effective in whatever stage of such derangements they may be used, except when the structure of the kidneys has been wasted away by Bright's disease.

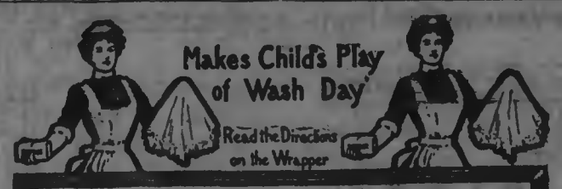
What we would emphasize, however, is the advantage of beginning this treatment at the first indication of trouble with the liver. It is the liver which first feels the result of overeating because of its difficulty in filtering the blood. Keep the liver right, by the timely use of Dr. Chase's Kidney-Liver Pills and you not only prevent headaches, biliousness and constipation, but entirely escape derangements of the kidneys, which are at once so dreadfully painful and fatal.

Mrs. E. Husband, Moore street, St. Catharines, Ont., states: "I was seriously afflicted with indigestion and stomach trouble for sixteen years. Finally I became so bad that I could scarcely eat anything without suffering terrible distress. Gradually I grew weaker and more emaciated, and though treated by three doctors and a specialist, I received no benefit.

"After a time a pain began in my right side, which medical men said was liver trouble. I never got relief until I began the use of Dr. Chase's Kidney-Liver Pills, and they helped me at once. By using about a dozen boxes I was entirely cured. I owe my cure entirely to this treatment, and make this statement with the hope that some poor sufferer may benefit by my experience."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.—11.

1847
"1847"
1847
is the identifying mark of the genuine and original
"Rogers Bros."
Spoons, etc.
Largest assortment of artistic designs, most heavily plated and carefully finished. Full trade mark.
"1847 Rogers Bros."



LACES AND DELICATE FABRICS are so pretty and expensive that it seems a shame to have them eaten up and rubbed to pieces by using harsh soaps.

"SURPRISE" Soap is so pure that it can't hurt the most flimsy lace. Then it cleanses without boiling or rubbing, so there is no wear at all.

The best way to wash is to make a suds with "SURPRISE" Soap—and then let the soap loosen up the dirt.

After that simply move the fabric around and let the water circulate through it, and the dirt will drop out.

"SURPRISE" is the highest grade soap made. It costs the same as common kinds.

Latest News Of Various Sports

FIRST DAY'S RACING OF WINTER MEET A SUCCESS

A Splendid Programme of Races Under the Auspices of the Peterborough Turf Club

FRANK M'KENNEY'S 2.17 CLASS

Fine weather, a splendid track, and speedy horses, made the first day's races at the winter meet of the Peterborough Turf Club, at the Driving Park yesterday, a great success.

The crowd was not large, in fact, in view of the fine afternoon, it was smaller than was expected. Those who stayed away missed a great afternoon's sport.

The racing throughout the afternoon was good. The drivers apparently aimed to win, and the two races caused much excitement, especially the 2.35 class, which was not finished yesterday.

The chief interest of the afternoon was in the 2.35 class, in which two Toronto horses, Smutt, belonging to J. Montgomery, and King Bryson, belonging to Sam McBride, had an exciting tilt, with the honours even, as far as yesterday's event was concerned. Each won two heats, and it was too late to finish the race last night. The last heat forms part of the programme for this afternoon.

There were six entries in the 2.35 class, which provided the chief feature of the programme. The race was between Smutt and King Bryson, but the other four had a great tussle for third money. King Bryson took the first heat in handy fashion, leading the bunch all through. In the second King Bryson led until the last quarter, with Smutt trailing, but the horse showed a splendid burst of speed, and won without trouble. Smutt took the third heat in a similar manner, but King Bryson came back stronger, nosing out in front in the fourth heat, which was the heat of the day, the finish being particularly exciting. On account of the fact that the sun was down, it was impossible to run off the final heat, it being an association track.

The other four, Hazel, Walter S., City Queen and Emma L., had a great afternoon fighting for third position. Walter S. lost a shoe in the second heat, and was even more unfortunate in the fourth, when in the last quarter the horse's two hind shoes were lost, and the animal swung into the finals, hurting his tendons so badly that he could not finish.

The time made was very fast, the first heat being finished in 2.26 1-2, the fastest mile of the afternoon.

Frank McKinney, the big Toronto horse owned by Fred Rountree, had no trouble in winning the 2.17 class, taking it in straight heats in easy fashion. The chief interest centred in the race for second money between Orillia Belle and Harry Direct, the Orillia man taking the place. The fastest time made was 2.28 in the first heat.

The summary was as follows:

2.17 Class—

Frank McKinney, Fred Rountree, Toronto	1	1	1
Orillia Belle, George Powell, Orillia	3	2	2
Harry Direct, J. J. Cottingham, Peterborough	2	3	3
Happy Mack, L. Simons, Toronto	4	4	4

Time, 2.28, 2.30, 2.32.

2.35 Class—unfinished.

King Bryson, Sam McBride, Toronto	1	2	2 1
Smutt, J. Montgomery, Toronto	4	1	1 5
Hazel, Nat Ray, Toronto	6	3	6 2
Walter S., Fleming and Wemman, Toronto	2	6	3 6
Emma L., Jas. Lambe, Toronto	3	4	4 4
City Queen, Geo. Lipsett, Peterborough	5	5	5 3

Time 2.26 1-2, 2.28, 2.29 1-2, 2.32.

Late last night the owners of the different horses got together and agreed to divide the money in the 2.35 class as the horses stood, instead of racing again to-day. Smutt was shipped last night to Montreal. According to the agreement, King Bryson will take first money and Smutt second.

The judges were Messrs. W. J. Leahy, J. A. Lawless and Carew. Mr. Leahy, who acted as starter, got the horses away in good style.

The time-keepers were Messrs. S. C. Schaffer and Alex. Elliott, and Mr. R. Hay was clerk of the course.

SKIP FERGUSON WON AGAIN IN MONTREAL

Defeated Opponent in Single Competition by 14 Up

Peterborough curlers, so far as has been heard, are doing well at the big Montreal bonspiel. Yesterday morning in the double competition games against Campbelltown, N. B., they were victorious by 5 points.

Mr. Angus McIntosh last night received a second telegram from Montreal, stating that in a single competition game Skip W. G. Ferguson won from his opponent by 18 points to 4. The message did not state who his opponents were, however.

The following were the rinks and scores in yesterday's double competition games:

Campbelltown, N.B.	Peterborough
W Sproul	J E A Fitzgerald,
H Marquis,	A Blade,
A J MacKendrick	D Davidson,
F F Mattison...19	T Rutherford.15
W W Mowatt	H Foote,
D McMillan,	J Montgomery,
D J Bruce,	J H Connal,
A A Andrew...4	W G Ferguson...13

HOCKEY

The City League games to-morrow night promise to be of more than usual interest in view of the effect of the results upon the standing. Neither the Strathconas nor the Charlotte street team, who meet in the second game, have lost a match this season, and they may be depended upon to put up a battle royal when they meet to-morrow night. The Auburns, who have their eyes upon the championship, will meet the Lakefield team in the second game, and judging by the hard struggle the two teams had in Lakefield last night, the game should be a corker.

• • • •

The teams to represent St. Andrew's Guards in their game in the Brook street rink to-night will line up as follows:

Whites.		Blues.
McCullough	Goal.	Donaldson
Henderson	Point.	Logan
E. Reid, Capt.	Cover Point.	Armstrong
V. Tully	Rover.	Richardson, Capt.
E. Curry	Centre.	Rosboro
F. Gillespie	Right Wing.	Evans
R. Hunter	Left Wing.	Miller

Mr. Ray Best will handle the bell, and all members are asked to be at the rink at 9.45 sharp.

• • • •

Mr. Ernie Ford, city, refereed the Junior O.H.A. game between Lindsay and Cobourg at the former place last night, Lindsay winning handily. Lindsay is out with a challenge to the Port Hope champion junior team of last year. From here it looks as if the Port Hope bunch, with all of last year's team, should come near trimming the Midgets.

CURLING

There were five rinks in motion at the Curling Rink last night, but on only two were scheduled games played. The first two of the following were scheduled:—

D H Moore	H Taylor
W Isaacs	G Fitzgerald
J Gibson	M C Tooley
C N Brown, sk..12	J Stanger sk...11
E Cox	W F Johnston
D Hall	G Maitland
A A Hollingshead	H Morphett
R Neill sk.....10	T Brightman, sk.17
J Watson	R Carton
C Rutherford	R J Winots
W Lang	Dr Wightman
W Talbot, sk.....15	S T Medd, sk...16
Dr. Gowan	E J Ghodwill
J Wiley	A Moore
Dr Eastwood	W Smith
E Clegg, sk.... ...18	D Cameron, sk.8
A Gibson	T R Merritt
D Walker	R Sturgeon
H R H Kenner	S Clegg
W G Morrow, sk.10	T F Matthews, 14

• • • •

Two rinks left this afternoon for Keene, where they will play a friendly game with the boom wielders of that village. The rinks are composed of the following players:

W Isaacs	R J Winch
G Maitland	R Carton
E Cox	D Hall
C N Brown	T Brightman

TO BE DYSPEPTIC IS TO BE MISERABLE

Hopeless, Confused and Depressed in Mind, Forgetful, Irresolute, Drowsy, Languid and Useless.

This disease assumes so many forms that there is scarcely a complaint which it may not resemble in one way or another. Among the most prominent symptoms are constipation, sour stomach, variable appetite, heartburn, water brash, gas in the stomach and bowels, distress after eating, etc.

BURDOCK BLOOD BITTERS

is a positive cure for dyspepsia, and all diseases of the stomach, liver, bowels or blood. It stimulates secretion of the saliva and gastric juices to facilitate digestion, removes acidity, purifies the blood and tones the entire system to full health and vigor.

Mrs. M. A. McNeil, Brook Village, N.S., writes: "I suffered from dyspepsia, loss of appetite and bad blood. I tried everything I could get but to no purpose; then finally started to use Burdock Blood Bitters. From the first day I felt the good effects of the medicine. I can eat anything now without any ill after effects and am strong and well again."

Price $1.00 per bottle or 6 bottles for $5.00.

GRAPHIC STORY OF STANLEY CUP GAME

Peterboroug Boy, in Montreal, Tells How the Fast Westerners Won From the Wanderers—A Great Game

KENORA HAS A VERY FAST BUNCH

A Peterborough boy, who is now living in Montreal, writing a personal letter to a friend in the city, describes the second game between Kenora and the Wanderers, in which the team from the West won the cup. He says: "Took a rush seat for the game with Kenora last night along with three of my pals, and it was the best ever. Had my good stiff hat that I bought in Toronto about five years ago smashed to pieces, but what did it matter. Kenora won and I was with them. It was the most exciting thing I ever saw. There were about 7000 people there, that is, the Arena was jammed and the rafters full, and Kenora at half-time had the score 6-2. About 10 minutes before full time Wanderers commenced to score and two minutes before time they evened the score. Did the place go wild, well I guess not. Hats flew in the air, people jumped on the ice, fellows fell from the rafters into the crowd below and pandemonium reigned. Kenora had simply gone wrong and were being beaten to a standstill. Ross, Kenora's point, got the puck. As a stick-handler he is the best I ever saw. He got away from the Kenora goal, dodged every man until he came to old "Hod," was passing him when Hod tripped him. He went off. Patrick, who was playing point for the Wanderers, did the same thing, and he was sent off. This left the Wanderers without a point or cover-point. Griffis made a dodging run up the ice, passed to Beaudro, who shot high, but it bounded back and was batted in. It was then my turn to yell, and the Shamrock, Victoria and Montreal A. A. crowd went wild. Of course they were all supporting Kenora. Wanderers had shot their bolt, their heart was gone. Tom Philips was off for tripping, but Hooper for Kenora intended to make it sure, and dodged through the whole Wanderer line and scored again. The whistle blew and the Stanley Cup was gone. I have seen some exciting times in the rink at Peterborough, but I would not give five minutes of last night's game for them all.

"As far as skating goes, there has never been a team in Montreal that can in any way touch Kenora, especially the wings, Phillips and Beaudro. They do all the rushing for the forwards, and the other forwards, McGimsie and Hooper, follow right behind them to pick up the puck if it is dropped or to check the other fellow if he takes it away from the other two. Then if they all lose it they are back like a shot to help out their defence. Kenora's defence is also very good. Griffis and Ross are both stars who can take the puck up the ice themselves, going through the Wanderer bunch as they please. Don't imagine the Wanderer team is not fast. They are whirlwinds, but they had met their superiors in speed, and that is what won the game."

SCHOOL INSPECTOR'S REPORTS WERE PRESENTED

Continuation Classes Are Strongly Commended by Mr. Lees in His Annual Report

IT IS IN A SATISFACTORY CONDITION

Educational matters engaged the attention of the County Council at the session this morning, when the reports of the Inspectors, Messrs. Brown and Lees, were presented, and referred to the Committee on Schools for their consideration.

In Mr. Brown's report, reference was made to the Consolidated School System, which has been adopted in certain parts of Canada, and he suggested that it might have been tried in this county, near Lakefield, but those interested had not approved of his proposal to this effect. In answer to questions from members of the council, Mr. Brown explained the working of the Consolidated Schools.

In Mr. Lee's report reference was made to the good work being done in the Continuation Classes in different parts of the county. His report is as follows:

To the Warden and Council of the County of Peterborough;

I beg to submit for your consideration, my report on the schools of the eastern division of the county for the last half of 1906.

RURAL SCHOOLS.

During the term I visited 53 rural schools, and 11 departments in the villages of Havelock and Norwood, including the Model School in the latter. I found the schools all open, and in charge of teachers; some of whom, however, possessed no legal qualification.

Of the 53 teachers in the rural schools, 10 held second class, 10 third class, 8 extended third class, 10 district, and 15 temporary certificates, or none at all. Of these 15, there were in Belmont, 5; in Burleigh, 2; in Anstruther, 1; in Chandos, 4; in Dummer, 1; and in Methuen, 2. The work being done in a number of the schools is very encouraging. Perhaps the greatest obstacle to progress, is the frequent changing of teachers, and the fact that a large number of the schools are, in consequence, always in the hands of young, immature and inexperienced teachers.

VILLAGE SCHOOLS.

In the villages of Havelock and Norwood, progress is being made. During last year the Board of Education at Norwood, spent a considerable sum on repairs and improvements, that were badly needed, and it is their intention to continue the work this year. The members of the staff there are all teachers of experience, have been for some time in the service of the board, and the school is in a very efficient condition. The people of Havelock are face to face with serious educational problems. Their school has far outgrown the accommodation. The present building is too good to discard and, in the opinion of many, not worth adding to. The village is growing and provision must be made for the future, so that the whole question there requires wise and statesmanlike handling. In the meantime temporary quarters have been secured, and the teaching staff increased to six. The staff there is practically new, but, at the time of my visit I found good work being done under very unfavourable conditions.

CONTINUATION CLASSES.

One feature of the work that I have special pleasure in bringing to your notice, is the increased interest that is being taken in the Fifth Class, or Continuation Work, in the schools of the county. There are now four regularly organized Continuation Classes, Emmemore, with 23 pupils; Havelock, with 9, Keene, 16; and Lakefield, 11; besides several small classes in other schools. The trustees of School Section No. 3, Dummer, (Warsaw Village,) have employed an assistant teacher, and expect to start a class in this work after the next Entrance Examination. In these schools the young people of the various communities, get all the advantages of one or two years' High School training, without the expense, inconvenience, and disadvantage of going away from home. During the fall term these schools were visited by Mr. R. H. Cowley, M.A., Government Inspector of Continuation Schools, who expressed himself as much pleased with the work that was being done.

THE NEW LAW AND REGULATIONS.

Perhaps the matter of greatest interest educationally at the present time, is the working of the new Public Schools Act, which came into operation, so far as the minimum salary clauses are concerned, with the present month. During the term just closed I met most of the trustees of the eastern division of the county, and a number of ratepayers besides. I am pleased to report that I found a very gratifying readiness to comply with the new conditions, and to do their part in making the schools more effficient and useful. It is probably too soon yet to form any estimate of what the effects of the introduction of this law will be, but it has already done much in arousing trustees and ratepayers to the necessity of improving their grounds, buildings, and equipment, some of which were in very bad condition. That it will bring about greater permanency in the teaching profession, and more efficient work in the schools, is without doubt. The act is the outcome of an honest and earnest effort to improve the condition of the rural schools of the province, and should, at least be given a fair trial by those in whose interest it was devised. From what I have seen and heard during the past month, I am convinced that it will, at least, so far as the ratepayers of this county are concerned.

I have the honour to be, gentlemen,

Your obedient servant,
RICHARD LEES,
Public School Inspector.
Peterborough, Jan. 22, 1907.

COMMITTEES OF COUNTY COUNCIL

Standing Committees for the Year Were Appointed at This Morning's Session of the Council

Mr. J. Fife presented the report of the committee to strike the Standing Committees, the report, which was as follows, being adopted:

The Committee appointed to strike the Standing Committees for the year 1907, begs to report as follows:—

1. That the Committee on County Property be composed of Messrs. Scott, Breault, Moher, Darling, Porter, Burgess, Killen, Hales, and Brown, and that Mr. Scott be chairman.
2. That the Committee on Appointments to Office be composed of Messrs. Shaw, Hales, Scott, Thompson, Darling, Coben, Booth and Fife, and that Mr. Shaw be Chairman.
3. That the Committee on Roads and Bridges be composed of all the members of the Council, and that Mr. Moher be Chairman.
4. That the Committee on Schools be composed of Messrs. Breault, Thompson, Burgess, Johnston, Booth, Darling, Shaw, Killen, and Hales, and that Mr. Breault be Chairman.
5. That the Committee on Petitions be composed of Messrs. Johnston, Killen, Booth, Porter, Coben, Scott, Fife and Burgess, and that Mr. Johnston be Chairman.
6. That the Committee on Printing be composed of Messrs. Fife, Coben, Shaw, Moher, Breault, Thompson, Brown and Scott, and that Mr. Fife be Chairman.
7. That the Finance Committee be composed of all the members of the Council, and that Mr. Thompson be Chairman.
8. That the Committee on Equalization and Assessment be composed of the whole Council, and that Dr. Burgess be Chairman.
9. That the Joint Committee be composed of Messrs. Brown, Porter, Scott, Darling, Burgess, Breault, Moher and Johnston, and that Mr. Brown be Chairman.

J. FIFE,
Chairman.

OBITUARY

CHARLES ALEXANDER HOPKINS

Charles Alexander, the third son of Mr. Wm. Hopkins, of North Monaghan, passed away this morning at the family residence. The deceased has been a resident of this community all his life. Three years ago he married Miss May Akey, who with his parents, brothers and sisters and two children now survive him. The deceased was thirty-one years of age.

The funeral will take place on Friday afternoon at 2.30, from the family residence, lot 11, concession 13, North Monaghan and proceed to the Little Lake Cemetery.

THE FIRE HALL HEATING SATISFACTORY

Chairman Johnston, of the Fire, Water and Light Committee, Makes Statement to This Effect

Ald. W. J. Johnston, chairman of the Fire, Water and Light Committee stated to the Examiner to-day that the insinuation that the plumbing and heating equipment of the new fire hall was not satisfactory was utterly without foundation. In his estimation, and he should be in a position to express an intelligent opinion, since he is a practical builder, the work was quite satisfactory, and there was no reason for the statements to the contrary being made. As was to be expected, in a building which had had no fires in it since its erection some time would be taken to thoroughly dry and heat it, but to-day the temperature was all that could be expected, and he was perfectly satisfied with the work.

A MORNING BIBLE CLASS IN THE Y.M.C.A.

A morning Bible class has been formed in the city, and the second weekly meeting will be held to-morrow morning, at 11 o'clock sharp, in the Y.W.C.A. rooms. All ladies of the city are cordially invited to attend this meeting.

TWO TASTES AND $30 IN CASH

The first taste you like it. Use it a month, a year—the last taste proves it the most delicious part of every meal.

The finest wheat scrubbed, washed, steamed-malted, flaked, toasted into rich, golden brown flakes that are crisp, dainty, satisfying. That is "Orange Meat." From kernel to table, no hand touches it. Machinery does it all.

Besides premiums you get THIRTY DOLLARS if you send in the largest number of coupons taken from the 15c packages.

"Orange Meat" contains more wheat sugars, the strength giving elements, than any other cereal. And each package of Orange Meat is a third larger than any other.

Save the coupons and get $30.00. Coupons must be mailed or delivered on or before March 30th, and must reach the office of "Orange Meat," Kingston, before March 30th, when the prize will be awarded.

REGINA
Is The Queen City of the West

Our sales of REGINA CITY LOTS during the past two weeks assures us of the confidence Eastern Investors have in Regina City Property.

REGINA led all Canadian Cities west of Winnipeg and east of Vancouver in building estimates for the year 1906, and stood 5th in the whole Dominion.

The present year promises to surpass any three previous years.

The site for the New Provincial Government Building has already been purchased at a cost of $96,250.00, and it is the intention of the Saskatchewan Government to erect Buildings on this site, second to none in the West.

We have some Choice Lots For Sale, adjoining this site, ranging from $60.00 up; also Blocks of 40 Lots at from $1,800.00 up.

Terms on the lots are exceptionally easy and extend over a period of Eighteen Months, which gives the purchaser a chance to sell at a good profit on a very small cash investment.

Many are taking advantage of this opportunity of a good investment.

Call at Our Office and be convinced that Our Offer for investment is unequalled in any other Western City.

Report On Canal Matters Will Be Given Next Week

Hon. Mr. Emmerson States That Engineers' Report Will Be Ready Soon--Annual Debate on Canal Matters In The House--Mr. R. R. Hall's Speech

The report on the routes of the Trent Canal, for which surveys were made some time ago, will, it is expected, be presented to Parliament next week. This is the statement made by the Minister of Railways and Canals yesterday, as given in the following despatch to the Globe:

The annual debate on the Trent Valley Canal was introduced by Col. H. A. Ward, who offered a motion for the production of reports and plans of engineers, especially with reference to Rice Lake, Ontario section. Col. Ward urged greater expedition in the completion of the work, on the ground that the full value of the canal could not be demonstrated and the people would not get the full benefit until the work was completed. He suggested that the amount placed in the estimates did not indicate the intention to push the work of construction as vigorously as the public interest demanded.

Mr. Lennox protested against there being any foregone conclusion, and hoped that a careful survey of alternative routes should be made.

Mr. McCarthy, Simcoe, also expressed the hope that no decision would be arrived at until the latest surveys and representations of the people would be considered.

Col. Sam Hughes, however, thought delay on the excuse of waiting for surveys was not justified. Surveys were already in the Department. "Some of us," said the Colonel, "want to see the canal completed before we join the great majority."

and thereby drew the comment from Mr. Fielding, "Over here!"

Mr. Hall was glad that the Opposition were at last sincere about the waters which the Government had taken hold of in a serious way and investigated in a businesslike manner. He thought, therefore, that they could rest their souls in patience until the report was before the House.

Mr. Haggart claimed that when Minister of Railways he had always advocated the canal, and the Conservative party had supported the scheme, not for political purposes, but because they considered it would be an advantage to the community. It was the second time in the House that Mr. Hall had brought politics into the transportation question, contrasting the action of the present with that of the previous Government. As a matter of fact no contract had been let for the canal by the present Government.

Mr. Emmerson's Statement.

The Minister of Railways said that the Government did not intend to proceed until they had proper plans before them. Some contracts were let in 1898 before there were any proper plans in existence. He hoped to lay on the table the report referred to next week. Comment had been made on the fact that nothing had appeared in the estimates. It would be absurd to place any such item in the estimates until the plans and surveys were complete. There were no such surveys in the possession of the Department. Personally, he had been impressed by the Severn River route, but it was a matter which must rest with those who were scientifically qualified to judge.

Dye Works Proprietor Who Perfects New Cleaning Process

Mr. R. Beach, proprietor of Parker's Dye Works, has recently added a department to his business which will be greatly appreciated by the business men of the city, and the institution of which stamps this concern as the most progressive in its line in the Province. A new dry cleaning process has been perfected by Mr. Beach after experiments covering a period of months, and now gentlemen will be able to have their fine suits

Head Office and Works, Parker's Dye Works, Peterborough

treated equal to the best Parisian process.

This new process of cleaning which Mr. Beach has perfected is designed especially for fine suits, which, at a very small expense he can make in appearance equal to new. There has, in the past, been a lack in this respect, and gentlemen with their clothing slightly soiled have been in a quandry as to what to do with them. They were not sufficiently soiled to make it necessary to put them through a steam-cleaning process, and there seemed to be, in many cases, no other alternative. With the new process, however, all this will be changed, and no doubt those who have experienced the difficulty referred to, in the past will appreciate the enterprise of Mr. Beach in this respect.

An idea of the volume of business done by this concern, may be gained when it is stated that there are at the present time no less than 12 agencies in this province sending work to the dye works here. Some of these agencies, particularly that at Kingston, handle an immense business, so that it will be seen that their field of operation is not by any means confined to this city or county. The following is a list of the agencies: Kingston, Bellewhle, Lindsay, Port Hope, Millbrook, Bethany, Tweed, Stirling, Norwood, Lakefield, Pontypool and Hastings.

Few persons in this city have any conception of the extent of the business operations of this concern, which is the largest of its kind east of Toronto.

DOUBLE TRACKING THE C.P.R. TO MONTREAL

Work to Commence Shortly—Section From Smith's Falls to be Completed First

Smith's Falls, Jan. 23.—The double tracking of the C.P.R. line between Smith's Falls and Montreal will be commenced almost immediately. The work of construction will be under the direction of Engineer Fronchafer. In the early spring a large force of men will be put on between Smith's Falls and Finch, with a view to having the first fifty miles completed as quickly as possible.

Cold on the Lungs

"For twelve years I was a great sufferer from eczema on the inside of the leg. There was a raw patch of flesh about three inches square and the itching was something fearful. Dr. Chase's Ointment completely cured me, took away the itching and healed up the sore." — Mr. Alex. McDougall, postmaster, Broad Cove Marsh, N. S.

Coldest Night Of Present Year

Last night the thermometer reached the lowest record for this year, the mercury going to 20 degrees below zero, which is within 4 degrees of the low record for the whole winter. The low temperature of last night was unaccompanied by wind, and many did not appreciate that it really was as cold.

To-day it is somewhat milder (although at noon the reading was 5 below) and to-night the thermometer will behave a little better than it did last night. It will moderate somewhat for a few days, with some snow. No very mild weather is looked for; it will probably hover around the zero mark or below for some days yet.

EDINBURGH STREET TO BE EXTENDED TO WATER

Decision Arrived at by the Board of Works Last Night—Extension is Necessary

STREET TO BE MADE SAFE FOR TRAFFIC

A communication was received last night by the Board of Works, asking for the extension of Edinburgh street, from George street to Water street. The petitioners requested that the work be accomplished during the winter, as they believed it could be more easily graded now by drawing the gravel from the gravel pit in sleighs.

It was decided to have the street opened so that it could be made use of for traffic.

Ald. Johnston suggested that it could be easier filled in next spring by a scraper when the sidewalk on Water street in that vicinity was being laid. He believed it was necessary, in view of the building operations, that the street should be extended.

The Mayor pointed out that there were a number of things asked to be done in that neighbourhood, and he believed the most important one should be done first.

The filling necessary to be accomplished in consequence of the opening up of Edinburgh street would approximately cost $247.50, according to the Engineer's estimate.

Moved by Ald. Johnston and McIntyre, that Edinburgh street, from George street to Water street, be opened and made safe for traffic.—Carried.

TAILORS' UNION HAS ELECTED NEW OFFICERS

At the regular meeting of the Tailors' Union last night, the following officers were elected:

President—E. Hickey.
Vice-President—E. Hargrove.
Rec. Secretary—T. L. Anderson.
Financial Secretary—J. Robinson.
Treasurer—Peter Zettler.

IMPURE MILK WAS CAUSE OF 231 DEATHS

Chicago's Worst Epidemic of Disease 231 Fatal Cases in Ten Days Reported

6260 CASES UP TO DATE IT IS STATED

Examiner Special.

Chicago, Jan. 24.—A great spread of Chicago's worst epidemic of contagious diseases to-day increased the pestilence record to its highest point with a total of 6,260 cases to date. Official reports show that 231 cases have been sacrificed in ten days.

Scarlet fever dragged down 146 new victims. Diphtheria clutched forty children and more deaths were reported. With other contagious diseases on the increase the new victims reached the startling number of 231.

The highest total of similar cases known in the city for twenty years now exists.

AUBURN RESIDENCE WAS DESTROYED

No Person Present and Origin of Fire is a Mystery

With the mercury dipping down near the bottom of the thermometer last night, the firemen were forced to respond to the clarion call of the alarm about 9 o'clock. Fire broke out in the residence occupied by Mr. J. H. Heaslip, painter, in Douro township, just outside the city limits from Auburn.

On account of the long distance to travel, the fire had gained so much headway that the building was almost completely destroyed before the firemen arrived on the scene. The household furniture was also burned.

Mr. Heaslip and family were absent at the time, so that the origin of the conflagration is unknown. The building was a frame one, and valued at about $400.

HOCKEY EXCURSION TO TORONTO ON SATURDAY

Tickets Are Good to Return on Sunday or Monday

The Hockey Club is running a special excursion to Toronto on Saturday afternoon, leaving the C.P.R. station at 4.30 o'clock sharp; special returning immediately after the game. Tickets are also good to return on midnight Sunday and on any regular train Monday. The special will be composed of vestibuled cars and equal to regular trains. Peterborough plays Argonauts at Mutual street rink at 8.15. Fare only $2.05. 2tf

Improvements May Be Made Soon At "Hazel Brae"

In the Event of This Not Being Carried Out It May be Necessary to Look for New Quarters

A BIG SEASON'S PROGRAMME

The current month's issue of "Ups and Downs," the official organ of Dr. Barnardo's Homes, refers to improvements which it is hoped will be made to "Hazel Brae" during the coming season. It says:

"We hope to see some great improvements at "Hazel Brae" during the coming spring. Extensive repairs and alterations are very sorely needed in order to make the place healthy and suitable for its purpose as a Home for our girls and the staff of workers. Its present condition is very unsatisfactory, but we hope that the Hon. George A. Cox, to whom the property belongs, and who has so generously placed it at our disposal for the past twenty-three years, will see his way to carry out the needful improvements. It will be sad to have to leave the place that has been for so long the headquarters of our girls' work and to be obliged to seek new quarters; but, of course, health must be the first consideration, and we must not run the risk of illness and disease by continuing to occupy unsanitary and dilapidated premises. Senator Cox is known all the world over, not only for his extraordinary financial genius, enterprise and success, but also for his Christian benevolence, and when the time comes we cannot think that he will refuse our appeal."

According to "Ups and Downs," too, the Homes will have a busy summer during 1907. Speaking of the plans for the work, it says:

"Our first party for the coming season is booked to sail on the 21st of February. It will consist of both girls and boys, and will probably number about 300. The second detachment, which will also be a mixed party, will leave on May 2. Other parties will be leaving on later dates. We are looking forward to a busy season, but already applications are coming in briskly, and there is every prospect of a demand even larger than we have experienced in past years. At the present time we are open to receive applications for boys of eleven to thirteen, but for boys over this age the applications left over from last year, or already on our books, will provide for all who will pass through our hands, at any rate, till quite the middle of the summer. If any of our readers, however, can recommend good homes for the juvenile members of our earlier consignments we shall be pleased to hear from them, and to supply the forms for making application, and give the necessary information as to the condition on which boys are placed."

Building Lots for Sale at a Bargain

Two lots on Manning Avenue immediately east of the residence of Mr. J. M. White.

Also two lots west of E-in Property in front of Mount St. Joseph.

These lots will be sold at a bargain as estate is being wound up. Particulars may be obtained by applying to R. M. Glover, Examiner office.

For Family Colds.

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear.

It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too.

Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other.—L. Elsley, Niagara-on-the-Lake, Ont."

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell 363

NATIONAL DAIRY SHOW

The importance and value of the proposed Provincial and National Dairy Show, with the object of doing for the dairy industry, what the Winter Fair has done for the beef and bacon interests, cannot easily be overestimated. And this, whether the matter be regarded from the viewpoint of Peterborough city, county and district or from that of the province at large.

At the annual meetings of both the Eastern and Western Dairymen's Association, the proposal to establish a show similar to the Winter Fair, but to be devoted to promoting the interests of the dairying industry exclusively, was received with favour and a joint committee appointed to deal with the subject.

Surprisingly enough, the only opposition to the proposition comes from the source from which the greatest encouragement would have been expected to proceed. Hon. Nelson Monteith, Ontario Minister of Agriculture, rather throws cold water upon the proposed enterprise. His reasons are somewhat contradictory. He contends that there is danger of spreading activities over too much ground — that farmers are a stay-at-home people, that if they give one week to the Winter Fair, that is as much as they will do, and that to multiply exhibitions might injure all. He thinks it would be better if we could centralize the dairy, beef, mutton and hog industry into one great exhibition.

What he proposes is centralization, something, especially in regard to agriculture, which is contrary to the policy of the Government, of which he is a member. The interests of agricultural education, and the advantages associated with the existence and operation of the Ontario Agricultural College, are centred at Guelph. Hon. Mr. Whitney has declared his intention of establishing half a dozen subordinate agricultural schools to be distributed, it is to be assumed, in different parts of the province.

This idea, if it be practicable, has at least the merit of tending to neutralize the centralization of agricultural educational interests, and would give to other parts of the province the benefits of proximity, which the farmers living in the neighbourhood of Guelph, now enjoy, and have enjoyed for years.

The proposal to have one great central show would tend to further strengthen undesirable centralization. The Farmers' Sun, which speaks approvingly of Hon. Mr. Monteith's proposal, suggests Toronto as the proper site for such an exhibition. Toronto may be suitable, for some reasons, but it is not the most suitable.

Guelph is mentioned as another suitable place for the proposed dairy show. Without mentioning that Guelph has now the Agricultural College, and allied institutions, and the Winter Fair, that city is too one-sided geographically. It is practically situated at the western end of the province, with only about half a dozen counties lying between it and the western boundary.

Peterborough is the natural site for the proposed dairy show. It is the centre of one of the most important dairying districts in the province, and is in a position to provide the necessary buildings. Besides Peterborough is approximately the centre of the cheese making end of the province. In the jurisdiction of the Eastern Dairymen's Association there are three hundred cheese factories, while in the west there are only sixty factories. So that east of Toronto, the dairying interests of the province are five times more important than in the portion to the west of that city. If the proposed dairy show were to be held in Peterborough there would be five persons interested in attending it to one with a similar interest if it were held in Guelph, or Toronto.

Resolved, that a Provincial or National Dairy Show, is desirable in the interests of the great dairying industry of the province, the great bulk of which lies in Eastern Ontario, and that the City of Peterborough is the natural and most suitable permanent home for such a dairy show.

Our local people show a commendable activity in promoting this show and pressing Peterborough's claims. It is hoped that the County Council now in session will join heartily in the movement with the City Council and the Board of Trade.

BIG CANAL SCHEME

A project for a navigable waterway from Lake Superior to the mouth of the Saskatchewan River, and also to the city of Brandon, is foreshadowed in an application to the Dominion Parliament to incorporate the International Canal and Power Company. The work proposed will be accomplished by means of a canal from Thunder Bay, Lake Superior, or from the Pigeon River, by the most feasible route to the Lake of the Woods; from the Lake of the Woods to the Red River; from the Lake of the Woods to a point on the Winnipeg River, and thence to Lake Winnipeg; up the Assiniboine River from its mouth to Brandon, and from Lake Winnipeg to Cross Lake. The construction of this waterway would provide a cheap grain-carrying route from the western wheat fields and elevators to the lake ports, and by way of Lake Huron and Georgian Bay and the Trent Canal with the seaboard at Montreal. The construction of this canal, supposing that it is feasable, would connect by water the heart of the wheat growing west, with Liverpool. We don't know yet what can be accomplished by enterprise.

EDITORIAL NOTES.

It is understood the Liberal members of the Legislative Assembly will meet on Friday next to consider the question of leadership. Fortunately for them there will, the Brantford Expositor thinks, be but little to do, the Conservative press having already fixed matters.

The complete returns o fthe recent Local Option contests show that seven municipalities defeated repeal, one carried repeal, forty-one carried the act by a vote of three-fifths or over, while forty-six gave majorities for but failed to come up to the three-fifths requirement. The outcome will undoubtedly be a renewed demand for the removal of a handicap which many consider is both unnecessary and unfair.

A Canadian farmer has been sentenced to seven years' imprisonment for causing the death of an immigrant boy. This lends importance to the suggestion that is sometimes made that the failure of many immigrant farm labourers is not unconnected with the treatment they receive at the hands of some inconsiderate farmers. Everybody knows that farming is hard work, that hours are long and farmers' work hardly ever finished. Farmers who do not spare themselves in the way of work, sometimes expect too much of immature youths, whose lack of experience makes the work required of them doubly hard. In too many cases farm hands are regarded with little consideration as to their housing and general treatment, and the "hard lines" they get create a distaste for an employment that, under the best of conditions, is hard. In too many cases, too, advantage is taken of the "greenness" of the immigrant, and farm hands are engaged at absurdly low wages, and as they are human they will, as in the world generally, earn what they are paid.

Better digestion and a sweeter stomach follow quick upon the daily use of York Springs Potash Water. Sparkling, zestful, wholesome and without marked flavor. Try it for your dyspepsia. At good bars and from all merchants who discriminate.

CHECK-REIN PROTEST

Bystander, Goldwin Smith.

A vote of thanks is due to the Toronto Humane Society for its protest against the check-rein. It is strange this instrument of torture should still be used when its uselessness as well as its cruelty has been completely proved. Anyone can see what suffering it inflicts on the horse by their relief which the poor animal shows when it is let down. It is absolutely useless; it teaches a horse to bore; instead of preventing him from stumbling it prevents him from seeing his way; it frets him and spoils his temper. It no more prevents him from stumbling than we should be prevented from stumbling by having our mouths braced to the back of our necks. By all the best horse masters it has been condemned. Those who persist in using it for the sake of appearance do not mean to be inhuman, but they are.

Docking is happily going out, though slowly. Once they used to nick the stump, that is make an incision in it, to cause the horse to carry it upright. At the same time they, with the shears, bogged the mane and sometimes pointed the ears.

Had a Bad Leg

"We have seven children and have used Dr. Chase's Syrup of Linseed and Turpentine for every one of them and with good results. We get four bottles at a time and find it a good remedy to freak up a cold or the lungs."—Mrs. R. D. Turner, Broadview, N.W.T.

OTHERDOM CLUB HAVE SUCCESSFUL OUTING

Toboggan Party, Followed by a Supper and Dance

The Otherdom Club and their lady friends held a very enjoyable toboggan party at Jackson Park last night. About forty young people were in the party and the affair was in every way a great success. A special car had been secured to carry the party to the park, where some two hours were pleasantly spent in the fascinating pastime. Afterwards the party were entertained at a delightful supper at the Oriental by Miss Kate Graham. An enjoyable hour was afterwards spent in music and dancing, and Miss Graham's hospitality was greatly enjoyed. The outing was unanimously voted the best of the season.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Fresh to strong winds, milder, with light snow falls to-night and part of Friday.

Women's Auxiliary

—The Junior Women's Auxiliary of St. John's church, will meet to-morrow afternoon at 4.15 o'clock.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 199.

Try Globe Metal Polish

—Be sure you get a sample tin of Globe Metal Polish. It is truly wonderful. Your grocers.—E. F. Mason & Co.

St. John's Choir

—St. John's choir will practice to-night in the Guild Room at 8 o'clock when there will be rehearsals of Haydn's "Creation" and Stainer's "Crucifixion."

Collarette Found

—A ladies' black collarette was found recently on Charlotte street, and the owner may have it on application to Mr. Charles Harmer, No. 352 Charlotte street.

Interesting Lecture

—Col. Gaskin, General Secretary of the Salvation Army will give his famous lecture, "Queer Fish and how they are caught," in the S. A. Barracks to-night. The Mayor will preside.

China Hall

—Hurry up, and get a fine dinner set, or anything in chinaware, glassware, silverware, etc., at our big relinquish sale, as the bank must have our premises in a few days.

Hand Crushed at C. G. E.

—Mr. Webster Stitt, who had his hand crushed at the C.G.E. the other day left this morning for his home in Seaforth. He will remain at home until able to resume his duties here again.

Gilding

—For all kinds of gilding go to W. Kingdon, 11 Hilliard street, Peterborough. Old frames repaired, and re-gilt equal to new. Paintings cleaned and re-lined. Old engravings cleaned and restored. 30d1

Burning Chimney

—The fire brigade were called out this afternoon about 1.30, but there was nothing more serious than a burning chimney above Moyes' store, George street, so they turned around and went right back again.

Tea and Concert

To-morrow night the annual tea and concert of the Sunday School of St. Paul's church will take place. Tea will be served first and the concert will be given afterwards, contributed to by the members of the school.

Food for Thought

—We are receiving very fine fresh-caught trout, white fish, sea salmon, halibut, steak cod, haddock, sea herring, smelts, tomcods, also the best brands of finnan haddie and oysters. S. A. OKE, 376 George street.

Annual Meetings

—Two church annual meetings will be held in the city to-night, those of Murray street Baptist and St. Andrew's Presbyterian. At these meetings the reports of the work for the the past year in the different departments will be presented.

Another Two Thousand

—Just received at the Peterborough Bookstore, another shipment of 2000 "A. H. S." writing tablets. Our popular 10c tablet contains the full 100 sheets, which is 20 sheets more than any other 10c tablet. Our "A. H. S." silk cloth finished tablet is the delight of all ladies who have used them. Try one and be convinced. A. H. Stratton & Co.

A GOOD SUGGESTION TO THE SCOTCHMEN

To Celebrate Robt. Burns' Birthday They Might Attend the Lecture To-morrow Night

To the Editor of the Examiner,—

Sir, — Seeing that to-morrow, January 25th, will be the anniversary of Robert Burns' birthday, it has occurred to me, that, in lieu of any other attempt at a celebration, the Scotchmen of Peterborough couldn't do better than turn out en masse and attend the lecture to be given by Rev. R. E. Knowles of Galt, in the George street Methodist church to-morrow evening. The subject, "The Secret of Scottish Success," is a most appropriate one for the anniversary — the lecturer is exceedingly popular, eloquent and witty — and the proceeds are in aid of a good cause, the Y.M.C.A. "Come a' thegither."

Respectfully,

SCOTSMAN.

It Will Cure

PERSONAL MENTION

Mr. Jas. Murray, city, has just returned home from Madoc.

Mr. Chas. Rieter, wholesale grocer, is in Montreal on business.

Miss Cahill, Peterborough, visited Mr. and Mrs. J. J. English this week.—Hastings Star.

Mr. and Mr. W. A. Mollmoyle, Stewart street, are visiting friends in Toronto and Hamilton.

Mrs. T. C. Elliott, 112 McDonel street, will not receive until the second Friday in March.

Mrs. R. M. Matchett, Mark street, East City, is recovering from her serious illness of the past few weeks.

Mr. R. N. Bell, Bay City, Mich., arrived in the city last night and will visit his brother, Mr. Wm. Bell, Selwyn, who is seriously ill.

Messrs. Geo. Fitzgerald and W. S. Dodds left at noon yesterday to attend the banquet given by the Montreal Curling Club to its visitors last night.

Mr. Harry Eyres, Calgary, who has been spending a two weeks' holiday with his grandfather, Mr. William Eyres, returned to Calgary yesterday morning.

Mr. and Mrs. Frank N. Baines and Master Llewellyn, concluded their visit with Peterborough friends yesterday. They will visit in Toronto before returning to the Pacific Coast where they will reside.

Hon. J. R. Stratton, Vice-President of the Traders' Bank of Canada, presided at the banquet given the local managers of the Bank, at the King Edward Hotel on Tuesday evening. There were about seventy guests present.

A DOUBTING THOMAS

Had His Failing Hair Stopped, and Dandruff Cured Without Faith

H. B. Fletcher, Butte, Mont., Oct. 20, 1899, says: "Like many other people, I have been troubled for years with dandruff, and within the last few months my hair came out so badly that I was compelled to have what I had left clipped very close. A friend recommended Newbro's Herpicide. I confess that I doubted his story; but I gave Herpicide a trial; now my hair is as thick as ever, and entirely free from dandruff." "Destroy the cause, you remove the effect." Herpicide is a delightful hair dressing for regular use. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

Two sizes, 50 cents and $1.00. Ormond & Walsh, Special Agents.

COUNTY COUNCIL IS IN COMMITTEE WORK

Much Preliminary Work is Being Accomplished—Will Conclude Labours on Saturday

The County Council spent a busy afternoon yesterday and all day to-day in committee work, Finance and Public Works engaging the attention of the members during the greater part of the time. The new council is becoming familiar with the routine of work rapidly, and the members give promise of an ability to grasp the importance of the matters with which they are dealing, from the standpoint of the county, readily. It is expected that the Council will conclude its present business by Saturday morning at the latest.

VALUABLE BULL TERRIER WAS GIVEN POISON

Mr. Robt. Long is Mourning the Loss of a Canine

Mr. Robert Long, East City, had a valuable bull terrier poisoned last night by some person unknown. The animal was a thoroughbred and was valued highly by Mr. Long. It was inoffensive and harmed no one, and no reason is known to the owner why it should have been put out of existence. The dog was tied up in the yard and the person who gave it the poison must have entered the premises for that purpose.

ANNUAL MEETING OF SANDSTONE BRICK CO

Officers and Directors Were Elected Yesterday

The first annual meeting of the Peterborough Sandstone Brick Company, was held yesterday morning in the company's uptown office when there was a large attendance of shareholders and directors present. The election of officers resulted as follows:—

President—J. J. English, Hastings.
Vice-President—R. A. Elliott.
Secretary—L. F. Clarry, Hastings.
Directors—R. Harstone and J. J. Hartley.

The past year has been a most successful one and the prospects before the company are of the brightest.

The New York Stock Market

New York, Jan. 24.—The stock market to-day showed a good undertone from the start, coincident with considerable dullness and with professionalism prominent. The buying was conducted in a spasmodic sort of way, while professional traders were the chief sellers. Very little long stock was pressed for sale in any part of the list, and some evidence was had of a nervousness among the short interest. If the present tone is maintained, and it seems likely to be held on the prospect of a good bank statement, there will be a culmination in considerable activity induced by frightened short covering, at which time the list will be somewhat weakened and open to attack again. We do not expect much more than a trading market with an expansive range for a time. We believe that Amal. Copper will sell much higher, and advise our friends to buy it for good profits. The close was quiet, but very firm.

A BIG FUR DISPOSAL SALE AT F. CLARKE'S

Sweeping Reductions Being Made in Furs While the Winter is Still With Us

F. A. Clarke is holding his annual mid-winter unloading sale, and while the weather is still decidedly of the kind that makes one think of furs, he is offering some splendid bargains, which, judging from the number of customers seen in his store at almost any hour of the day, the public is appreciating. There are still several weeks of good cold weather ahead of us; indeed it is probable that the bulk of the winter is yet to come, and, to the uninitiated it would seem to be a bad policy to sell furs so cheap just at the time when one needs them the most, instead of waiting, as some dealers do, until the backbone of the winter is over before offering them below the regular price, but, at any rate the buying public has this consolation that it is they who are benefitting from this policy.

RE-UNION OF SALVATION ARMY BAND MEMBERS

Eight of the Local Players Stood Together in Band in England

The local Salvation Army Band has the singular distinction of having among its number eight musicians who belonged to a single Salvation Army Band in the Old Country. Those referred to are the following. — H Gray, E Sargeant, F Gandy, E Hensley, W Knaish, W Ford, W Northcott, F Gray.

In the town of Reading, Berkshire County, Eng., they were in the one band before leaving the land of their birth to seek a livelihood in Canada. Peterborough was their destination and all the young men are doing well here. They have had a group photo taken in one of the local studios, as a lasting evidence of their reunion in the Electric City.

A Successful Specialist

We are privileged this week to welcome back J. W. BROWETT, Doctor of Optics, who did such excellent work here last Fall. Progressive Opticians in Bolton, Collingwood, Brussels and Toronto have been pleased by his services during the past few months, and he has been most successful. Dr. Browett has had such a thorough training in Optical work and such an extensive practise that he is admitted to be one of the best Opticians in Ontario. The Specialist will be at McDermid & Jury's Drug Store, where free examinations will be conducted

McDERMID & JURY DRUG STORE, PETERBOROUGH.

OWNERS OF ELEVATED SIGNS MUST PAY LICENSE

All Property Owners Must Sanction the Straightening of the Downey Street Creek

REPAIRS ARE WANTED ON BABB'S LANE

The Board of Works held its first meeting of the new year, last night, when various questions of more or less importance were touched upon. Among these were the Edinburgh street extension, the straightening of the Downey street creek, and some new regulations regarding electric signs. In connection with the latter, which is by no means a novel one, a resolution was passed embodying a clause that those merchants who wanted overhead illuminated signs would have to pay a license fee of $2 yearly.

The Board of Works has decided to meet every Wednesday evening until the list of considerations on the slate is wiped off.

Those present were Ald. Duncan, chariman, Wilson, Johnston, McIntyre, the Mayor, and the City Engineer and the Street Commissioner.

Wiring Inspection

The first question referred to was the street wiring question, which the chairman believed belonged to the Fire, Water and Light Committee. Both the Board of Works and the Fire, aWter and Light Committee have been considering the inspection of the wiring, and it was moved by the Mayor and seconded by Ald. Wilson, that the Fire, Water and Light Committee attend to it exclusively.—Carried.

Downey Street Creek

The Downey street creek problem was the second matter brought to the attention of the board. A large number of the property owners are asking for the changing of the creek bed to its former position through various properties. Last year's council had proposed that if all would consent to have the creek diverted the proposition would be considered. One at least of the property owners objected to it passing through his property. No reply had since been given the council notifying it that all the owners were willing to consent to the change.

Moved by Ald. Johnston and Wilson, that Mr. Dixon be notified that as soon as all the property owners are satisfied to give the right of way through their properties, the request will be considered.—Carried.

Cedar Street Sewer

In reference to R. Sheehy's contract it was believed that advice should be gotten at once, from the city solicitor, as to just how the city stands in the matter before action was taken. This was embodied in a resolution moved by the Mayor and Ald. Johnston, and carried.

Babb's Lane Repairs

A communication was received from property owners on Babb's Lane, asking that improvements be made thereon. They suggested that if the city would place a cement sidewalk on either one or the other sides and the roadbed watertabled, the property owners on the street, who are the Dickson Co., Mrs. Davidson and Andrew McFarlane, would give three feet on either side of the street and thus widen the lane from 19 feet to 25 feet. It was also suggested that the name of the street be changed to Gordon avenue.

Moved by Ald. Johnston and Wilson that the matter be left in the hands of the engineer to make a report on.—Carried.

Elevated Signs

Ald Wilson emphatically stated he was not in favour of elevated signs, on account of their perilous positions. He believed that they should be placed above the curbstones or on posts. Other members of the board believed that they were in many cases ornamental to the street, and also that they assisted in making the street more business like.

The chairman suggested that the signs be inspected once a year, and that those whose who have them be assessed a fee of $1 per year, to defray inspection expenses.

Moved by the Mayor and Ald. Johnston, that an amendment be made to bylaw No. 395 permitting overhead illuminated signs, and providing that all overhead signs must be approved of by the inspector before erection, that they be inspected at least once a year, and that a license fee of $2 be paid yearly. — Carried.

Extension of Albert Street.

Ald. McIntyre moved, seconded by Ald. Johnston, that if the property owners applying for an extension of Albert street west to the Monaghan road, give a right of way to assure a street of not less than 45 feet, the city will grade and gravel the street.—Carried.

Gravel and Stone

The Mayor moved, seconded by Ald. McIntyre, that the Street Commissioner be authorised to remove the trees from the Hilliard farm that stand in the way of securing sufficient gravel from the pit required this year, and to draw stone from the piles of stone on the farm to the pit for crushing.—Carried.

St. Railway Tickets

Negotiations will be entered into with Mr. Larmouth, of the Street Railway Company, with a view to getting free tickets for city officials, as in 1906. Last year this concession was made by Mr. Larmouth in favour of the two street officials, Mr. Henderson, of the waterworks, and Fire Chief Rutherford. The Mayor thought that the Board of Works chairman should be included in this.

Mr. Larmouth will be asked to meet the Board on this question next Wednesday.

Cement for City

The chairman suggested that it might be advisable to advertise at once for tenders for the supply of the city's cement required this year.

On motion of Ald. Johnston, tenders will be asked for the city's supply of cement, tenders to be on hand on or before February 19.—Carried.

King Street Sidewalk

This work will be advertised with the other sections, if position of walk and length of same is clearly defined and the petition found to be sufficiently signed.

Draining of Park Street.

The question of providing sufficient drainage for Park street south of the railway tracks was taken up, and the Engineer authorized, on suggestion of Ald. Johnston, to look into the matter and report to the Board.

The Board then adjourned.

GALT COMPANY GETS NORMAL SCHOOLS CONTRACTS

Art Work in All Four Schools Will be Supplied by Galt Art Metal Company—A Big Contract

$16,000 SAID TO BE INVOLVED IN THIS

The Galt Reformer yesterday had the following:—

"Although Galt did not secure one of the four new Normal Schools, for which the Provincial Government has just let the contracts, and which will be built at Hamilton, Stratford, Peterough, and North Bay, one of the local manufacturing concerns, the Galt Art Metal Co., Limited, has partly evened matters up, by taking to itself, in the face of the keenest competition, the contracts for the sheet metal work, including cornices, skylights, ceilings, etc., on the whole four buildings, a contract totalling something over $16,000.00.

"The Reformer has learned from inquiries made that this particular contract is probably the largest of its kind ever let in Ontario, and orders of this calibre coming to Galt cannot but help the town. Mr. F. H. Hayhurst, the managing director, and the very efficient staff of salesmen, office men and mechanics who have succeeded in making this business so successful, are to be congratulated."

Don't forget the Hockey Club excursion to Toronto Saturday. Train leaves C. P. R. depot at 4:30 p.m. Fare $2.65, tickets good returning up till Monday night.

SUCCESSFUL "AT HOME" AT T.A.S. ROOMS

Ladies' Literary Committee Provided an Evening of Enjoyment and Pleasure—Event Surpassed All Previous Ones

The ladies of St. Peter's T.A.S. conducted another "At Home" last night, which, as on former occasion, was most successful. However, that of last night was better than any that have been held in point of attendance and general enjoyment.

The ladies of St. Peter's T.A.S. are to be congratulated upon their continued interest in the social element of the society. On more than one occasion during this present winter they have provided "At Homes" which have been thoroughly enjoyed and which in every sense of the word, have been splendid successes.

That of last night was very similar to former ones; progressive euchre followed the supper. There were thirty-four tables engaged in the card game the winners being Mr. D. Sheehan who won a pearl stick pin and Miss Josie O'Donnell who received a pearl brooch.

The ladies also provided the refreshments which were a decided credit to them. Full justice was done the sumptuous feast, the crowd later dispersing shortly after midnight.

WEDDING BELLS

SAVIGNY--HOWSON

Keene, Jan. 24.—A very pretty wedding was celebrated at the home of Mr. Christopher Howson, of Otonabee, Wednesday afternoon, when his daughter, Mabel Howson, was united in marriage to Mr. Bruce Savigny. The ceremony was performed by Rev. Mr. Harrison, pastor of the Methodist church, Keene, in the presence of about seventy guests. The bride was dressed in white organdie trimmed with lace and insertion and was supported by her sister, Miss Eva Howson, who wore Indian lawn trimmed with lace.

After the ceremony the guests sat down to a charming wedding dejeuner.

The gifts to the bride were numerous and costly.

The happy couple will reside in Otonabee.

To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box, 25c.

PETITIONS MUST BE SENT BEFORE MAY 1ST.

Those Wishing for Sidewalks and Sewers will be Obliged to Act Early

POLICY ADOPTED BY BOARD OF WORKS

"First come, first served," will be the motto of the Board of Works in reference to the construction of granolithic sidewalks and sewers, according to a resolution passed last night. The Board decided that all petitions must be in on or before the first of May in order that they may be considered before any succeeding that date.

The Mayor suggested that it should be advertised in the daily papers that all petitions received for granolithic sidewalks and sewers before the first of May, be disposed of in preference to all others coming in afterwards.

Ald. Johnston and Wilson believed that such a rule should be made and stuck to as property owners in the past were continually asking for sidewalks at the same time that the constructors were engaged in laying walks in the vicinity of their properties. This idea was embodied in a motion by the Mayor and Ald. Johnston and carried.

LIBERAL POLICIES FOR PRESENT YEAR

Metropolitan Life Insurance Company Distributed Big Dividend

A $2,000,000 dividend to all policyholders has been declared by the Metropolitan Life Insurance Company for the year 1907. This company, which has always been noted for the liberal policy on which it is managed, has already distributed in dividends to its policy-holders about $10,000,000 in the last eight years, and the new dividend of $2,000,000 will bring its voluntary disbursements to policy-holders up to the immense sum of $12,000,000.

On all Industrial Whole Life Policies dated prior to January 1, 1903, a dividend equivalent to four weeks' premiums, or about 8 per cent. of the premiums for the year, has been declared. This dividend will amount to $1,000,000, and in the distribution of profits will be included all holders of life policies in those companies which have been consolidated with the Metropolitan.

A further mortuary dividend of another million has been declared in the Industrial department. This applies to all death claims incurred during the year ending December 31, 1907, where the policy has been in force over five years. In the case of death claims, the dividend has been apportioned according to the age of the policy. If the policy has been in force five years, the beneficiary will be entitled to a dividend of 5 per cent., where it has been in force 10 years the dividend is 10 per cent., and so on up to 25 years, when the dividend will equal 25 per cent. of the claim.

Other benefits which the officers of the company have brought about for the policy-holders are the increase in value of all Industrial policies six months from their d and the liberty which is given all policy-holders over 80 years of age who have paid premiums for 15 years or more to receive the free value of the policy in cash or a full paid-up policy. In financial circles this action of the Metropolitan is looked upon as marking a new era in life insurance history, and the voluntary conversion by the company of whole life policies into endowments or fully paid-up insurance is said to be the most liberal concession ever made by any industrial insurance company.

CANADIAN FACTORY—77 FRONT STREET EAST

LOCAL MAN CARRIED OFF FIFTEEN PRIZES

Mr. Harry Lush Attended the Lindsay Poultry Show

Mr. Harry Lush, the prominent bird fancier of Peterborough, has been attending the Lindsay Poultry Show during the past two days. He arrived home last night greatly pleased with his trip and the possessor of 15 first and second prizes out of seventeen entries. His birds consist of minorcas, leghorns, wyandottes and orpingtons.

Mr. Lush states that the show is the best local one he ever attended. The cooping was not as good as it might have been as the officials did not expect so many entries.

Mr. Baptie, the bird fancier of Springville, was at the show and captured everything he entered. His birds were chiefly hamburgs and bantams. He disposed of three of his birds to Richard Oke, of London, the premier poultry man of Ontario, that won first prizes recently at Boston and New York. How is that for Canada—and Springville?

Whooping Cough

"My three boys had the whooping cough this winter and I could get nothing to help them until I sent for Dr. Chase's Syrup of Linseed and Turpentine. It arrested the coughs at once and they kept right on improving until they were cured at the cost of one dollar. That was not a large bill for so distressing and dangerous an ailment. — Mrs. William Ball, Bracebridge, Ont.

THE BEST STOVE AND HARDWARE CO

TOBACCO MUST NOT BE SOLD ON SUNDAY

Case of This Punished at the Police Court—Other Cases Also Heard

The principal feature of this morning's court was the emphasising of the fact that it is unlawful to buy or sell tobacco on Sunday and those found guilty of so doing are liable to a fine.

Alexander Duncan of Brantford, pleaded guilty to the charge of having been drunk and disorderly in a public place yesterday. He was fined two dollars and costs or 15 dayys in ajil. Not having the necessary funds Duncan will be a resident at Castle Nesbitt for the next fortnight.

William Leahy had to produce $4.60 towards the city's funds for having bought tobacco on Sunday the 20th inst. The dealer that sold him the weed had to produce a like sum. Mr. Leahy said that he did not know that it was a breach of the law as he had known many to have done the same. Seeing that unknowingly he had broken the law he wished to warn the public to be careful, and seeing that he had been made an example of he wanted the men to be wise and not offend in the future. A word to the wise is sufficient.

A young boy was sent to the Industrial School for a period not to exceed four years. The Magistrate remarked that the best remedy for refractory boys is the birch, which was in so much favour in the days of our grandfathers. It would certainly do much good, and might be used to advantage on drunkards, wife beaters, etc.

ORGANIZER IS MEETING WITH GREAT SUCCESS

Twenty Applications for Membership Into the C. M. B. A.

Supreme Organizer Hardy of the C.M.B.A., is meeting with great success in his work in behalf of that body in this city.

At the regular meeting of the C. M.B.A. on Tuesday night, no fewer than twenty applications for admission as members were read, which shows that Mr. Hardy's efforts are being crowned with success.

OBITUARY

EDWARD ALBERT BEGLEY

The following clipping from the Oil City, Penn., Derrick, refers to a cousin of Messrs. T. J. and Jos. Begley, and Mrs. John McCabe, city:

"Edward Albert Begley, formerly of Oil City, died Friday morning, Jan. 18, at 4 o'clock, at St. Vincent's hospital, Portland, Oregon, from a complication of diseases, after an illness of two months. He was born April 11th, 1861, and was a son of Mrs. Elden Begley, and a brother of Robert L. Begley, of Oil City. Funeral services will be held Sunday in Portland, and burial will be in charge of the Knights of Columbus. His fatal illness originated in shock and exposure, he being one of the sufferers in that city."

MANY MEETINGS OF THE COMMITTEES ARRANGED

Not Less Than Five Scheduled for To-day and To-morrow

These are busy days for the city aldermen, as the members of the council are finding out to their cost. No less than five meetings of committees are scheduled for to-day and to-morrow. At 4 o'clock to-day the Special Electric Committee will meet the Water Commissioners with a view of ascertaining how much power can be obtained from the water works dam. The Property and Health Committee meets at 5 o'clock for the purpose of appointing a sanitary inspector. To-night at 7.30 Ald. Phelan has called a meeting of the Legal Committee. The Fire, Water and Light Committee will meet to-morrow at 5 o'clock and The Finance Committee at eight o'clock.

THE FORESTERS'S CARNIVAL ON FEB. 12TH.

Annual Event of Much Interest Which Will Take Place in the Brock Street Rink

The Foresters' Carnival, an event looked forward to from year to year with great interest, will, this season, be held on Tuesday, February 12th, in the Brock street rink, where the usual good list of prizes will be offered. On this night the Peterborough hockey team is scheduled to play in Midland, and a feature of the evening will be the reception of reports of the game in that town. They will be bulletined at the rink here. The 57th band has been engaged for the night, and the usual good programme will be carried out.

THE RAVAGES OF RHEUMATISM

Are Checked by Bilcans—A Woman's Sensational Cure

Mrs. Selina Davis, a resident of Abingdon, has proved how wonderfully effective Bilcans are in cases of rheumatism and debility. She says: "I had pains in the limbs and across the back, weighing down symptoms and great weariness. Two years ago the pains in the back and about the loins became almost unbearable. This condition continued, and so worked upon me that last year I was completely laid up. I tried various pills and physics, and still found no relief. In October came a crisis. I was rendered completely helpless by acute rheumatism. By the doctor's advice I went into hospital, where I remained under treatment for nine weeks. On returning I was confined to my bed again for seven weeks. I read a description of the good work Bilcans were doing. This induced me to obtain a supply. By following the directions given for their use, I improved in health from day to day. After a little while I regained the use of my limbs, and after that my progress was rapid. For some time now, I have been able to resume my ordinary life and work, and am altogether a different person from what I was during the last few years."

Rheumatism is due to the presence of certain poisonous acids in the blood. The "filter beds" for the blood are the liver and the kidneys. Through these organs the blood passes, and when the organs are in healthy operation they filter out the harmful substances. When they are not in healthy operation they fail and rheumatism is one of the many serious results. Bilcans do not act directly on the blood, but they act upon and correct the liver and kidneys. They thus correct the real cause of rheumatism by an indirect action, just as indirectly the flagman stops a train! Bilcans are also a sure cure for indigestion, liver troubles, headaches, gas, belching, pains in the chest, constipation, piles, female ailments, and all blood impurities. All druggists sell at 50c a box, or post free from the Bilcan Co., Toronto, for price, 6 boxes for $2.50.

ANNUAL MEETING OF THE INDUSTRIAL FAIR

Important Matters Will be Considered at the Meeting to be Held To-night

To-night the annual meeting of the Peterborough Industrial Fair, postponed from last week, will be held in the city council chamber. The reports of the operation of the Fair during the last year will be presented, and the officers for the present year will be elected, and the plans for the future of the Fair discussed. The officers are desirous of having a full representation of members present in order that the situation may be thoroughly and carefully considered.

See the hockey match Peterborough vs Argonauts in Toronto Saturday night. Special train leaves Peterborough over C.P.R. at 4:30 p.m. Tickets good returning up till Monday night. Fare $2.05.

HAS PURCHASED A NEW LIVERY EQUIPMENT

Mr. B. F. Boland Buys New Sleigh and Team—A Modern Outfit

Mr. B. F. Boland who recently bought the cab business of P. J. Grady has added to his equipment a new hack sleigh, a new set of harness and a black matched team. The outfit is now one of the prettiest and most modern in the city, and Mr. Boland will, no doubt, find many calls for it from those who appreciate being driven in a natty sleigh.

PRESENTATION TO MR. ROSEBOROUGH

Former Peterborough Boy the Recipient of Favours on His Departure for Davidson, Man.

The Nelson News gives the following report of a recent presentation to Mr. I. J. Roseborough, an old Peterborough boy:—

Mr. I. J. Roseborough, formerly foreman carpenter at the West Kootenay Power and Light Company's new works at Bonnington, has left for Davidson, Man., where he will look after some landed interests he holds there and engage in contracting. Prior to leaving the Bonnington works Mr. Roseborough was made the recipient of some handsome tokens of the esteem and respect of his fellow workers.

Mr. A. Woodward, on behalf of the men who had been working under Mr. Roseborough, read the following address:

"We are gathered together to express our regret at your departure from amongst us and we all wish you every success in all your future undertakings and we give you these small gifts as a token of our esteem."

The gifts consisted of a case of pipes, a gold mounted cigar holder, a dressing case and dress suit case.

Mr. Roseborough expressed briefly his pleasure at this evidence of the good relations that had existed between them and warmly thanked the donors for their generous remembrances. Other speeches suitable to the occasion were made by some of the men and a very happy gathering broke up with hearty cheers for the retiring foreman.

INSTALLED A LARGE HEATING SYSTEM LATELY

Mr. R. J. Sturgeon Returns From Port Elgin

Mr. R. J. Sturgeon of the Hutchinson-Sturgeon Co., George street, has returned from Port Elgin where he has been engaged during the past five weeks in superintending the installation of a Webster steam heating system for the Steven-Heepner Brush Works, and for two large furniture factories in Southampton.

Mr. Sturgeon leaves to-morrow for Stoney Lake to commence work on the plumbing and other extensive sanitary improvement systems in Mr. A. L. Davis' new cottage.

REPRESENTATIVES TO THE HOSPITAL BOARD

Rev. E. A. Langfeldt and Mr. J. J. McBain Elected From Their Churches

At a special meeting of the vestry of St. Luke's the rector, Rev. E. A. Langfeldt, was chosen to represent the congregation on the Nicholls Hospital Board for the next three years.

The congregation of the George street Methodist church last night elected Mr. J. J. McBain as their representative on the same Board for three years.

CURTIS WAS ACQUITTED OF CHARGE BY JUDGE

Court Held That Property Was Not Overvaluated by Owner

Yesterday afternoon before His Honour Judge Weller, Samuel Curtis was acquitted on a charge of obtaining money under false pretences. The information was laid by the North American Fire Insurance Company and the case amounted to one of proper valuation of property. The defence held that the property was not overvalued, in which opinion the judge concurred and the accused was acquitted.

THE CONSOLIDATED SCHOOL METHOD EXPLAINED

School Inspector Brown Deals Comprehensively With County Educational Matters in Annual Report

SOME SUGGESTIONS THAT WERE MADE

The report of School Inspector Brown which was presented to the County Council yesterday makes some valuable suggestions to the Council, which will no doubt, be taken into careful consideration by the Committee on Schools. The report was as follows:—

To the Warden and Members of the Council of the County of Peterborough:

Gentlemen,—I congratulate you on the return to a former mode of representation. As the Council is now constituted, each minor municipality will through its reeve, have an opportunity of expressing its opinion on matters affecting all; and, the requirements of each will be more thoroughly understood, and in all probability, more wisely determined than under the former mode.

As all of you are aware, there are large tracts of waste lands in various parts of the county; and unfit for farming purposes. Also, there are considerable streams which in the future will become important sources of electric power. By arrangement with the Dominion and Provincial Governments the control of them might be handed over to the County Council, or to the Councils of the minor municipalities. In this way waste and destruction might be prevented, and valuable privileges secured for the general benefit, instead of falling into the hands of private parties.

The main object in the recent visit to the schools was to confer with the Trustees and other ratepayers, and explain, as far as practicable, the recent changes in the school law, with regard to teachers' salaries, grounds, buildings, furniture and equipment.

In not a few cases, the teacher was a person of inferior attainments, and possessing no special fitness for the office of teacher. "As the teacher, so is the school," is an old proverb that will never become obsolete. Good grounds, fine buildings, superior text books, [illegible] and thorough equipment are all desirable; but, in order to have a good school there must be a good teacher, and the teacher's tenure of office must be for a much longer period than that which at present prevails. In many school sections, the great aim of the Trustees is to obtain a teacher at the lowest possible salary. Their cry is "Let us keep down the taxes." They forget that in educational, as in other matters, "There is that scattereth and yet increaseth; and there is that withholdeth more than is meet, but it tendeth to poverty." A low salary tends to short tenure of office. When a higher salary can be got, either in the teaching line or any other, away goes the teacher.

The present Provincial Government when they came into office appear to have had only one of three courses open to them, with regard to rural schools: 1, Increase the salaries of teachers; 2, close the schools, or 3, fill the schools with teachers of inferior attainments. They chose the first mentioned course. Few, I think, will deny the wisdom of the choice. They are taking steps to reduce the cost of text books very materially. So cost of text books very materially. So that on the whole the cost of rural school education will, in all likelyhoods be not very much more than in the past, while the quality will be greatly improved. So far as I can judge the Trustees and other ratepayers are not at all hostile to the recent changes in the law. On the contrary many highly approve.

In some cases sanitary matters receive very little attention. The ventilation of the school house is not properly provided for, and the drainage of the grounds utterly neglected. In one case, when I visited the section, the school was closed. Diphtheria had broken out in the neighbourhood. The school site was on the borders of a swamp, undrained, or insufficiently drained, and I think, undrainable, without a heavy expenditure. In the township there are four sections. In the case of three of them sites are low, and in the case of the fourth, good water is hitherto unattainable. A well-drained site, good pure water, and a thoroughly well ventilated school room, should be provided in every section. The want of these has a tendency to begot typhoid, diphtheria and other diseases. It is good economy to spend money in preventing these diseases, rather than in paying for medical attendance.

In many counties, uniform written promotion examinations are held. The papers are prepared, mainly, by the inspectors. The pupils' answers are examined by the teachers, and kept on file for inspection by trustees, inspectors and others. The cost of printing, postage, etc., is borne by the county. If the teachers were thoroughly qualified and experienced it would be better to leave the promotion of pupils altogether in their hands. But, as many are deficient in these respects, and promotions are often made prematurely, it is a moot question whether the introduction of these uniform promotion examinations into this county is desirable or not. I hope you will discuss it.

"The School Trustee," is a new periodical, a copy of which ought to be provided for every school board. In the December number, the subject, "Consolidation of Rural Schools," is very fully treated. The one at Guelph, and those in New Brunswick and Nova Scotia, are referred to at considerable length. In some cases, in the United States, where these schools have been introduced, the number of teachers has been materially lessened, and a considerable saving made in fuel, repairs, and otherwise, while the attendance of pupils, and the character of the teaching has been greatly improved.

"Spelling Reform" is a subject that is attracting no small amount of attention in the English-speaking world. Leaving out silent letters, and substituting some symbols for others to make the language more phonetic, is strongly advocated in many influential quarters. But the most far-reaching and desirable change is one advocated by no some years ago, namely, altering the names of some of the letters, and combinations, so as to make them indicate, as far as may be, the pronounciation of the words into which they enter. This would leave the written and printed paper the same in appearance, as to spelling, as it has been for many generations. But the spelling absurdities would become so apparent, that they would drop off gradually, and imperceptibly, and children would learn to spell and read two or three years sooner than they now do.

It is a matter for gratulation that the contract for the Normal School building, to be erected in the county town, has been let, and that in all probability it will be ready for occupation in September, 1908. When in operation, it will exercise a beneficial influence on Public School education in these parts, brinding an opportunity for the professional training of teachers within easy reach.

In the matter of libraries, considerable is being done, and a disposition is manifest to do more. The pupils of our Public Schools should be taught to read, and to read well. They should also be supplied with wholesome reading books. Newspapers and magazines should be supplied in the homes.

In every school there should be a cabinet to contain specimens of soils, stones, weeds, grains, trees, woods, insects, etc., the object being to cultivate accurate observation, an acquaintance with things seen every day. These specimens should be chiefly collected by the pupils themselves. Nature study may largely be considered as a school out of doors, with or without the presence of a teacher. It ought not to take up much school time.

In order to conform to the new regulations much will have to be done in this county in the matter of grounds, buildings, furnitures and equipment. These should be such as to be a source of honest pride to the inhabitants of each section. At present, in many cases, they are an eyesore instead. It will be some time before all these regulations and requirements can be complied with. But I hope my colleague and myself, with your valuable aid, will so manage as to have them complied with in a reasonable degree, and in a reasonable time.

At the last meeting of the Teachers' Institute a resolution was passed, respectfully asking you to give to the one who came out highest at the next Entrance examination the fees for one year's attendance at the Norwood High School. Mr. Lees and myself were requested to bring the matter before you.

It is the aim of the Education Department, as now constituted, to have in many of the rural schools a fifth class, and in some a higher class still, so that the sons and daughters of the farming community may have an opportunity of getting a good general education without leaving home and parental restraint at an age when very susceptible to influences for evil as well as to good. When sent away to school, in many cases they became dissatisfied with country life, and afterwards drift into towns and cities to their own and the general disadvantage. The Department should be strongly upheld in its endeavour to encourage these higher classes in rural schools, and thus assist in developing in the country districts an intelligent, intelligent and highly moral people. The money spent in improving the appearance of the school house and its surroundings and in the character of the work done therein is money well spent. In no other way can more be accomplished to give to the Province a high place in the Dominion, and in the grand nation to which we are proud to belong.

In conclusion, I wish you a good year's work; well, wisely and harmoniously done in the general interests of the county, and more particularly in regard to its educational affairs.

I am, gentlemen,
Your obedient servant,
J. COYLE BROWN,
P. S. Inspector.
Peterborough, Jan. 22, 1907.

Metropolitan Life Insurance Co.

(INCORPORATED BY THE STATE OF NEW YORK. STOCK COMPANY)

JOHN R. HEGEMAN, President

OVER TWO MILLION DOLLARS

Additional Voluntary Contribution to Industrial Policy-holders over and above all obligations expressed or implied in their Policies. A Cash Dividend of $1,000,000 for Whole Life Policies Over Five Years Old. A Mortuary Dividend of $1,000,000 on all 1907 Claims Under Policies Over Five Years Old. Benefits During Second Six Months Increased 100 per cent. Whole Life Policies Over Fifteen Years in force when the Insured is 80 Years of Age Paid as Endowments.

CASH DIVIDEND

Repeating its generous action of the last eight years, and doubling the amount of the annual bonus, there has been declared by the Company this year a cash dividend estimated at one million dollars. This dividend has been declared on all Industrial Whole Life Policies issued prior to January 1, 1903. As has been the Company's practice heretofore, there will be included in these Benefits the Whole Life Industrial Policies of all those Companies whose business has been assumed by the Metropolitan.

A MORTUARY DIVIDEND

has been declared in the Industrial Department, applicable to all death claims incurred during the current year, where policies on the day of death had been in force over five years. The scale of dividends is as follows: Where death occured after policy has been in force

Over 5 years, a Dividend of 5 per cent. Over 15 years, a Dividend of 15 per cent.
Over 10 years, a Dividend of 10 per cent. Over 20 years, a Dividend of 20 per cent.
Over 25 years, a Dividend of 25 per cent.

For examples: A policy for $200, issued on January 11, 1897, matures by death during 1907 on or after January 12th. The policy was in force over ten years, and the Company will pay a Mortuary Dividend of 10 per cent. or $20, the heirs receiving $220, instead of $200, as named in the policy. Or a policy for $500, issued February 7th, 1882; death occurs in 1907 on or after February 8th; the policy was in force over twenty-five years, the Company will pay the beneficiary a Mortuary Dividend of 25 per cent. of $500, or $75, making a total of $575.

LIFE POLICIES PAID AS ENDOWMENTS

During the year 1907 any person insured in the Industrial Department of the Metropolitan, who is eighty years of age or over, and who has paid premiums for fifteen years or more on any policy, may receive the face value of his or her policy in cash; or if a full paid-up policy is preferred, in order that the amount of insurance may be available as a burial fund at time of death, the Company will issue a paid-up policy for the face of the policy.

This voluntary conversion of Whole Life policies into Endowments or into fully paid-up insurance is one of the most liberal concessions ever made by any Industrial Insurance Company.

THIS MAKES $12,000,000 DISTRIBUTED VOLUNTARILY AMONG HOLDERS OF INDUSTRIAL POLICIES DURING THE PAST TWELVE YEARS, IN EXCESS OF AMOUNTS CALLED FOR BY THE POLICY CONTRACTS

INCREASE IN BENEFITS

New Tables with large increases of benefits in Industrial policies have been adopted. The payment of Premiums on all new Industrial policies will cease at age 75. Reductions have been made in the premiums charged for Ordinary policies.

The Company Wrote More Insurance Than Any Other Company in the World
The Company Gained More Insurance in Force Than Any Other Company in the World

1906

In Its Ordinary Department the Company Wrote More Paid-for Business Than Any Other Company Save One
It Gained More Ordinary Business Than Any Other Company Save One

Its Expense Ratio Was Largely Reduced and Was the Lowest in the Company's History

MORAL—INSURE IN THE METROPOLITAN

Bronchitis is "Cold on the Chest"

AND THE MOST PROMPT AND SATISFACTORY TREATMENT IS

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

Acute bronchitis is none other than what is commonly known as "cold on the chest," and is marked by difficult breathing and tightness or soreness of the chest.

As a preventitive, Dr. Chase's Syrup of Linseed and Turpentine will, if taken in time, positively prevent the symptoms of bronchitis or cold in the chest.

As a cure, it will entirely overcome even the long-standing cases of chronic bronchitis, and it should not be forgotten that, when neglected, bronchitis usually returns time and time again until the victim is worn out by its debilitating effects.

It is largely the extraordinary success of Dr. Chase's Syrup of Linseed and Turpentine as a cure for bronchitis that has made this treatment so popular. People quite rightly reason that what will cure bronchitis will make short work of croup and ordinary coughs and colds.

Mrs. Richmond Withrow, Shubenacadie, Hants Co., N. S., writes: "I have used Dr. Chase's Syrup of Linseed and Turpentine with good success. My second daughter was troubled with bronchitis from the age of three weeks. Oftentimes I thought she would choke to death. The several remedies we got did not seem to be of much use, but the first dose of Dr. Chase's Syrup of Linseed and Turpentine brought relief, and further treatment made a thorough cure. This trouble used to come back from time to time, but the cure is now permanent. Dr. Chase's Syrup of Linseed and Turpentine has saved us many doctor's bills, and I would not be without it in the house for many times its cost."

Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every bottle.—12.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c, at all dealers or EDMANSON, BATES & Co., Toronto.

Latest News Of Various Sports

Some Splendid Racing Seen On The Second Day Of Meet

El Pasco Owned by Mr. Powell of Orillia Won The Named Race In Straight Heats in a Field of Nine

SOME GREAT FINISHES WERE SEEN IN THE 2.22 CLASS

Some great sport was seen at the second day's racing of the Peterborough Turf Club's Winter Meet yesterday and as a result the fairly large crowd that braved the wintry weather was amply satisfied.

The finishes in most cases were exciting and cold bodies were forgotten, while the fast ones flashed about the track, although there were painful reminders between heats that the season for palm leaf fans was indeed far in the future.

The quality of the racing was superior to the first day, several close finishes causing great excitement. The last heat in the .22 class was an eye-opener. Lady Gothard coming up from third position in the stretch and winning out from Minnie Bell by a nose in a driving finish.

The 2.22 class provided a great race. There was a field of five all with a good turn of speed and that they were evenly matched is shown by the fact that three of them won heats. W. H. Simpson's Joe Allen, the winner of many a race took the first heat in easy fashion with Dr. Johnston's Hazel Belle, second and Geo. Powell's Minnie Belle third. There was a big shift in the second heat, Minnie Belle went to the front and stayed there, winning handily with Joe Allen second and Hazel Belle third. Lady Gothard came strong in the fourth heat and took third position, while Minnie Belle again took first and Joe Allen second.

It was late when the fourth heat started. Little Girl, a decidedly bad actor, giving trouble in scoring up. Minnie Belle was the choice for first money and until the wire looked as if she would win. Lady Gothard trailing behind Joe Allen was coming strong, however, and passing Joe Allen at the turn, slowly gained on Minnie Belle. Even in the stretch it looked as if the Orillia mare would win, but Lady Gothard on the outside of the track, flashed by her and won by a nose. The win of the Peterborough mare was very popular. The time made in this heat was 2.30, the fastest of the day.

It was decided at first to hold the deciding heat or heats to-day, but the owners last night agreed to divide the money according to the standing of the horses.

The summary:—

Minnie Belle, Geo. Powell, Orillia	3	1	1 2
Joe Allen, W. H. Simpson, Lindsay	1	2	2 3
Lady Gothard, M. Connors, Peterborough	5	4	3 1
Hazel Belle, Dr. Johnston, Peterborough	2	3	5 5
Little Girl, J. Elmhirst, Keene	4	5	4 4

Time—2.31 1-2, 2.32, 2.32, 2.30.

A field of nine horses faced starter Leahy in the named race and considering the size of the bunch they were got away in good style. Some exciting racing was seen in this class and although El Pasco won in straight heats, the Orillia animal had to step all the way. In the first heat S. Duncan's Netty Star showed a great burst of speed, leading for three-quarters. El Pasco came strong at the finish, however, and coming up from fourth position won easily. The other two heats were repetitions of the first with the difference that Little Star went back to third position. Hazel Wilks taking second in the second heat and Brown Gyp the same position in the last.

There were two accidents in this race. In the second heat Peggy fell without doing any damage and in the last heat Little Will went off his feet in the stretch throwing the driver. He escaped without injury and the horse was unhurt.

Following is the summary:—

El Pasco, Powell, Orillia	1	1	1
Nettie Star, S. Duncan, Peterborough	2	3	3
Hazel Wilks, L. Bennett, Port Hope	4	2	4
Brown Gyp, W. H. Simpson, Lindsay	6	9	2
Little Will, A. Elmhirst, Keene	3	4	R
Brian Boru, A. Kerr, Toronto	7	5	5
Peggy, C. Fife, Keene	6	8	6
May Belle, Dr. Johnston, Peterborough	9	6	7
Why Not, McCrae, Woodville ...	8	7	x

Time—2.35, 2.35, 2.37 1-2.

The Peterborough Turf Club are to be congratulated upon the excellent sport they afforded and the capable manner in which the races were conducted. The meeting was a success and to the energetic efforts of the officers, the credit is due.

Dr. Johnston and His Fast Mare 'Hazel Belle', One of the 2.22 Class Entries Yesterday

CITY LEAGUE GAME TO BE PLAYED AS SCHEDULED

Three Teams Said to be Retiring Will be on Hand To-night

The following letter is self explanatory:—

To the Sporting Editor of the Examiner

Contrary to rumors afloat that the undersigned teams would not play their scheduled City League game to-night, at a meeting of the teams held last night it was decided to play to-night's games, but unless a more agreeable understanding in reference to concessions to players is arrived at by Thursday next the clubs referred to have decided to sever their connection with the City Hockey League.

It is well known to the league executive that dissatisfaction reigned among the clubs. It had been expected a meeting would have been held previous to playing to-night's games, but we trust that the difficulty will be satisfactorily arranged, or as above stated the teams will withdraw.

Even Better Than Frumenty

Old English Dish Is Now Surpassed by a Malted Grain Food.

Writing on the food problem and advocating a rational health diet, Dr. Josiah Oldfield, author of "The Cigims of Common Life" and other well-known works, declares a sufficiency of grain food is necessary and refers to the old English dish of frumenty as a most excellent article of food. He also speaks of malted grain as a food for increasing years. This eminent author thus strikes the very keynote of health and strength.

There is a modern food which embraces all the qualities of frumenty and has even more, for it is malted grain. We refer to Malta-Vita—all pure grain and nothing else.

Malta-Vita is made by an extended and elaborated process of the old way of making frumenty. The whole wheat grain is thoroughly cleaned, then boiled in water and cooked in steam to gelatinize the starch. After the starch cells have broken down, the wheat is mixed with pure barley malt extract which converts the gelatinized starch into maltose, or malt sugar, highly nutritious and easily digested even by the weakest stomachs. Then each grain of wheat is rolled into little wafer flakes and goes to the great ovens where, under intense heat, it is baked crisp and brown, "done to a turn," and ready for your table.

All grocers sell Malta-Vita, 10 cents.

KEENE AND HASTINGS PLAYED A TIE GAME

Score Was 4-4 in Hastings—A Return Game is Being Arranged for Near Future

Examiner Special.

Keene, Jan. 24.—Keene hockey team played Hastings in Hastings Tuesday evening. The score was 4-4.

Keene line-up was:—
Goal—F. Dean.
Point—Dickson.
Cover Point—Speirs.
Centre—McIntyre.
Wings—Quinn, Dinsdale, Walsh.

Arrangements have been made for a return match, Friday, January 26th.

A hockey club ball is proposed for the week after next and a Masquerade Ball for the following week.

RINKS AND THE SCORES IN MONTREAL SINGLES

Both Yankee Rinks Went Down to Defeat by Substantial Scores

Peterborough curlers were drawn against a couple of rinks composed of American cousins in the Granite Singles yesterday and were easily victorious by the following scores:—

Peterborough.	Brooklyn, Mass
H Foote	J C Edwards
T Brightmann	Hazen Clementi
J H Connal	A W Stedman
W G Ferguson, 18.	S H Bennett, 4.
Peterborough.	Boston.
J E Fitzgerald	Jos. T Paul
A Blade	David Smith
D Davidson	Jas. Buckner
T Rutherford, 14.	John McGaw, 8.

PILL POUNDERS AGAIN OPEN FOR CHALLENGES

Re-organized for the Season Last Night and Will Again Play Hockey

The Pill Pounders Hockey Club re-organized last night when new officers and a team committee were elected. The Pill Pounders are now open to challenges from any of the fast "green" teams of the city. Their officers are:—

Hon. Pres.—John Nugent.
Pres.—Jas. Lynch.
Sec. Treas.—Maxwell Yelland.
Manager—Ralph Quinn.
Captain—Arthur Mann.
Team Committee—Gordon Fitzgerald, A. J. Tovey, W. K. Huston and the captain.
Mascot—Norman Lawson.

HOCKEY

By the courtesy of the City League the senior team will practice to-night from 7 to 8 o'clock, and the junior game scheduled for that hour between the Kingstons and Royals will be played to-morrow night at the same hour.

• • • •

The senior team will, to-night, hold its last practice before the game with the Argonauts in Toronto on Saturday night.

• • • •

The game in Toronto on Saturday will, in all probability, be one of the best of the season. The Argos by their defeat of Midland last night demonstrated that they are a team wh h must be reckoned with.

• • • •

The Peter Hamilton Co., and Cordage works teams will meet in what promises to be a great game of hockey at Brock street rink between 10 and 11 o'clock to-morrow night.

• • • •

A Berlin man who was in the city to-day doped Peterborough and Berlin to meet in the finals for the senior O. H.A. championship. Here's hoping the optimistic supporter of the Dutch Companae is correct in his forecast.

• • • •

Peterborough still leads the district, the standing after last night's games being as follows:—

	Won.	Lost.	To Play.
Peterborough	2	0	5
Kingston	2	1	4
Midland	2	2	4
Argonauts	1	2	4
Marlboros	1	3	4

• • • •

The Charlotte Street team to play the Strathconas in the City League game to-night will be as follows:—Goal, Lang; point, Roddy; cover point, Moore; rover, Dusty; centre, Long; right wing, Gruse; left wing, Miller.

• • • •

The players on the Auburn hockey team are asked to be on hand at the rink to-night at 8 o'clock, sharp, the hour at which their game will commence.

• • • •

The Whites team of St. Andrew's Guards defeated the Blues of the same organization in a close game of hockey at the Brock street rink last night by the score of 8 to 8. The bell was was handled in a very capable manner by Mr. Ray Best who meted out a number of penalties for the breaking of the regulations. The teams lined up as follows:—

Whites.		Blues.
McCullough,	Goal.	Donaldson
Henderson	Point	Logan
E. Reid, Capt.	Cover Point	Armstrong
V Tully	Rover.	Richardson, Capt.
E Curry	Centre.	Rosboro
F Gillespie	Right Wing	Evans
R Hunter	Left Wing	Miller

Referee—Ray Best.

Piles Cured in 6 to 14 Days
PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded, 50c.

HOCKEY EXCURSION WILL BE WELL PATRONIZED

Many Fans Will Accompany the Team to Toronto on Saturday

A large number of fans have signified their intention of accompanying the Peterborough team to Toronto on Saturday when they meet the Argonauts in a senior O.H.A. game. Peterborough and the Argos have each defeated Midland this week and the result should be a great game when the two meet. A special train will leave the C.P.R. station at 4.30 p. m and returning will leave Toronto at 11.30 p.m. For those who wish to spend Sunday in Toronto it has been arranged that tickets will be good returning on any regular train on January 27th and 28th. Tickets may be secured at the Oriental Hotel, Sanderson's Jewelry store, Mac's cigar store, Fred. Clarke's store, or W. McIlroy, City Passenger Agent C. P. R.

CURLING

The first of the following four games at the curling rink last night was scheduled, the others being practice games:—

A Webb	T R Merritt
J H Ferguson	W H Denham
J Gibson	E B Clegg
S T Medd, 12.	T F Matthews, 13.
H Rose	S J Stubbs
S Sharp	R N Merritt
C H Frost	A A Hollingshead
R Hicks, 9.	R Neill, 10.
A Gibson	H C Hill
T Bullen Yeats	J Davidson
Dr. McCulloch	W J Fulton
W G Morrow, 6.	C Rutherford, 4.
H T Millard	J J Woollon
T J Kelly	J Watson
W Smith	J Stanger
T J Wallace, 7.	D Cameron, 10.

BOWLING

With the big tournament of the Canadian Bowlers' Association still nine weeks away, much can be gleaned from the interest taken by outside clubs from the fact that entries and inquiries are pouring in every day on Secretary Munson. Lou Burns of Cobalt, has the honour of entering the first team, closely followed by two five-men teams from the Sunshines, Toronto; also five teams from the Printers' League Hamilton, six teams from the Hamilton Gun Club, two teams from Owen Sound, four teams from Peterborough, three teams from Detroit, on team from Buffalo, one team from Erie, Pa., two teams from Niagara Falls, six teams from the Central League, Toronto, one team from Fredericton, N. B., one team from Ottawa, two teams from Montreal, one team from High River, Alta., and one team from Winnipeg. Almost every team in the City League and Printers' League of Toronto have signified their intention of entering.—Toronto Globe.

THE EKO CAMP HELD THEIR ANNUAL MEETING

Finances Are in Good Condition—New Officers Elected

The annual meeting of Eko Camp was held last night in the club rooms when the election of officers took place. The annual reports showed that the club had a good surplus to their credit. The following are the new officers:

Hon. President—R M Glover.
President—T J Wallace.
Vice-President—J Comstock.
Sec.-Treasurer—T Glover.
Executive Committee—W Comstock, H Gillespie, J Gemmel.

ICE JAMMED THE CREEK NEAR THE C.P.R. STATION

As High as it Has Been During the Spring Floods—Water Within a Few Feet of the Bridges

The creek that flows through the city entering the Otonabee below the C.P.R. station, is in a condition to-day that reminds one of spring. The water is within a foot of the bridges at the C.P.R. and Dalhousie street owing to an ice jam in the neighbourhood of Spalding's Bay. The water is as high as it has ever been in the spring, flooding the low-lying land just south of Dalhousie and also below the C.P.R. tracks. There are ice Jams under the various bridges and it is possible that the condition may become more serious.

REGINA
Is The Queen City of the West

Our sales of REGINA CITY LOTS during the past two weeks assures us of the confidence Eastern Investors have in Regina City Property.

REGINA led all Canadian Cities west of Winnipeg and east of Vancouver in building estimates for the year 1906, and stood 5th in the whole Dominion.

The present year promises to surpass any three previous years.

The site for the New Provincial Government Building has already been purchased at a cost of $96,250.00, and it is the intention of the Saskatchewan Government to erect Buildings on this site, second to none in the West.

We have some Choice Lots For Sale, adjoining this site, ranging from $60.00 up; also Blocks of 40 Lots at from $1,800.00 up.

Terms on the lots are exceptionally easy and extend over a period of Eighteen Months, which gives the purchaser a chance to sell at a good profit on a very small cash investment.

Many are taking advantage of this opportunity of a good investment.

Call at Our Office and be convinced that Our Offer for investment is unequalled in any other Western City.

Freight Cars Tumbled Into The Ditch And Blocked Traffic

Wreck East of Havelock Has Caused Trains From The East to be Considerably Late

MORNING TRAINS 5 HOURS LATE

The lateness of the C. P. R. trains from the east caused considerable speculation yesterday, and this morning, as to the reason. The 5.15 train last night was two hours late, and the morning trains did not arrive until five hours past their time. The following despatch from Havelock will probably clear up the mystery.

Havelock, Jan. 24th. — (Special). —A wreck occurred to-day between Zealand and Maberly in which eight freight cars were tumbled into the ditch. The main line has been blocked since ten o'clock to-day, and passenger trains have had to be transhipped, which has necessitated them running late. The Havelock auxiliary went down this forenoon, and the Toronto steam hoist and auxiliary will go down to-night. No one was injured so far as has been learned, and the line will probably be cleared to-morrow.

SOME INTERESTING FEATURES OF THE SATURDAY PAPER

To-morrow's issue of The Examiner will contain a number of articles of more than usual interest, one of which will be a symposium on the question for which a solution has been sought through these columns, viz.:—"Why do men over 25 years of age not marry?" During this week a number of letters have been received by The Examiner on this question, but lack of space has prevented their publication. To-morrow the usual Saturday paper, containing 16 pages, will be issued, and a page will be devoted to the letters, which have fairly poured into this office on this question. They present some interesting sides to this absorbing question, and as a result of their publication there will, in all probability, be a protest from both sides of the controversy, the views expressed are so widely divergent.

This will only be one of a number of interesting features which The Examiner of to-morrow will contain.

The Aftermath Of Smallpox Epidemic In The North

Deputation Will Wait on the Ontario Government and Asks For Assistance—Help Needed to Pay Cost of Coping With the Outbreak

At this morning's session of the County Council a deputation was appointed to wait on the Ontario Government with respect to the outbreak of smallpox, which occurred in the townships of Apsley, Chandos, Anstruther, Burleigh and Methuen in 1905 and 1906, and to ask for a grant to assist these townships in meeting the cost of the epidemic, which bore very heavily upon them. It will be remembered that at one of the sessions of the County Council last year grants of small amounts were made to these townships, but the money given at that time was not sufficient to meet the cost, and it was decided to-day to lay the matter before the Government, and the deputation, consisting of Messrs. Booth, Johnston, Hales and Thompson, was appointed to wait on the Government during the present session and ask for assistance.

Cressman's Store Will Be Materially Enlarged Soon

An Important Business Announcement—Mr. A. W. Cressman Has Secured the Store Now Occupied by Mr. John Nugent—Will Merge It Into His Present Store

Mr. A. W. Cressman announces an important extension of his business premises, and on June 1st will, in addition to the double store at present occupied by him, have the store now occupied by Mr. John Nugent as a drug store. It is the intention of Mr. Cressman to entirely remodel this store and to fit it up for the Semi-ready and gentlemen's furnishings department, equipped with all the latest and most modern improvements. The two stores that now comprise the drygoods and Semi-ready wardrobe will be fitted up into one large drygoods store, this enlargement being made necessary by the great growth of Mr. Cressman's business.

With the enlargements contemplated completed, this will be one of the most modern and most attractive stores in the province, and Peterborough's admitted superiority in respect to its fine stores will be more fully established. The front of the three stores will be finished to harmonize with each other, and the already well equipped and attractive store premises of Mr. Cressman will be made more so.

The second and third floors of the present store will be extended over the Nugent store, and all refitted as well, and the whole store, when enlarged as contemplated, will be one of the finest and most modern of its size in the Dominion of Canada. It will most certainly be a credit alike to Peterborough and to its proprietor and will bear evidence to the progressiveness of the "Store that never disappoints."

Mr. Cressman has been in business in Peterborough for about seven years, and during that time by enterprising methods, has built up a splendid and prosperous business.

Mr. Nugent will remain in business but will locate in another store. He has not yet made any plans in this connection, but his many friends in the city and county will be glad to learn that he does not intend to retire from business.

THE ROY STUDIO has just received another large lot of Souvenir Post Cards of Peterboro and Stony Lake—the finest yet produced. See the panoramic view of Stony Lake. Also Toboggan Slide and Winter Views.

H. RITCHIE'S BROTHER PASSED AWAY IN OTTAWA

Rev. Frank William Ritchie, Rector of Cobden, Died From Typhoid Fever in Ottawa Hospital

WAS SON OF THE LATE CHIEF JUSTICE

The many friends in Peterborough of Mr. Hazen Ritchie will regret to learn of the death in Ottawa of his brother, Rev. F. W. Ritchie, late rector of Cobden. The Ottawa Citizen, referring to his death, says:

The death of Rev. Frank William Ritchie at St. Luke's Hospital last evening comes as both a surprise and a shock to his many relatives and friends.

The deceased was taken ill with typhoid fever, in Cobden, Ont., of which place he was the popular rector of the Anglican Church. He was afterwards taken to St. Luke's Hospital, where he passed peacefully away. From an early age he showed a very religious turn of mind, and after receiving a good Public and High School education he entered as a student in Bishop's College in Lennoxville, from which place he graduated, and was ordained deacon in the year 1885, and to a preacher in 1886. His life was a varied one, and for several years he was a missionary in British Guiana, where he contracted a severe illness, but finally recovered, and later went as a missionary to Africa. He was later appointed a curate in one of the Anglican churches in England. Coming back to Canada, he began his labours in the ministry again as rector at Plantaganet. From that place he came to Chrysler in 1902, and from there he went to Cobden about a year ago, where he contracted typhoid fever which resulted in his death. He was the second son of the late Sir William Ritchie, Chief Justice, and Lady Grace Ritchie.

He is survived by his mother, Lady Ritchie; five brothers, Sheriff Ritchie, of St. John's, N.B.; Messrs. John A. Ritchie, County Crown Attorney; Owen Ritchie, barrister; D. V. Ritchie, of Ottawa; and H. Ritchie, Peterborough; and sisters, Mrs. (Col.) W. E. Hodgins, and the Misses Ritchie, Ottawa.

COUNTY COUNCIL OFFERS CASH PRIZE

To the Scholar in the County Obtaining Highest Number of Marks in the Entrance Examination

The report of the Public School Inspectors to the County Council was dealt with by the Committee on Schools, and some of the recommendations made in them will be carried out, in case the report of the committee to this effect is adopted by the Council. One of the most important recommendations was that made by Mr. Brown that the Council offer a prize to the scholar making the highest number of marks in the Entrance examination. The Teachers' Institute recommended that a prize of a year's tuition in the Norwood High School be given, but the committee decided that it would be better to offer a cash prize, in view of the fact that many of those who would pass the Entrance would remain in the school in which they had passed their examinations, and take up the work in the Continuation Classes. It was decided, therefore, that a cash prize of $10 would be offered, and the committee will report to this effect.

VISITED THE NICHOLLS HOSPITAL THIS WEEK

The Rev. A. H. Brace visited the Nicholls Hospital and Old Folks' Home this week in the programme of arrangement by the Ministerial Association for January. Every assistance was given by doctors, matron and nurses for attending the spiritual needs of the patients. After visiting each bed a short address was given, showing the way of salvation, and prayer was offered in each ward. These institutions are models of cleanliness and comfort and are a credit to the city.

Mr. Graham Will Head The Ontario Opposition

Geo. P. Graham of Brockville Chosen to Lead Liberals in the Local House During This Session—All Others Retired in His Favour

Examiner Special.

Toronto, Jan. 25.—At a caucus of the Liberal members of the Legislature this morning Mr. George P. Graham, M.P.P., for Brockville, was elected leader of the Opposition during the present session. Messrs. MacKay, Harcourt and Preston all retired in favour of Mr. Graham who was made the unanimous choice of the party.

EMILY FARM HOUSE WAS DESTROYED

Residence of Mr. Wm. Perdue Burned to the Ground Yesterday Afternoon—Loss Will be $600

Yesterday afternoon the farm house of Mr. Wm. Perdue, who lives on the Emily side of the boundary between Emily and Ennismore was destroyed by fire, and a loss of $600 resulted. The fire originated at the chimney where it passes through the roof, and roof, and before it could be checked had totally destroyed the structure, which is of frame. The furniture in the lower story of the house was saved, but that in the upstairs was destroyed.

There was some insurance on the house, but not nearly sufficient to cover the loss.

Also two lots west of Erin Property in front of Mount St. Joseph.

These lots will be sold at a bargain as estate is being wound up. Particulars may be obtained by applying to R. M. Glover, Examiner office.

Give Fair Play to

A really reliable remedy for headache—Zutoo.

If you have got it into your head that Zutoo Tablets will hurt you, you are mistaken.

It isn't fair to us for you to judge Zutoo by the drug cures.

It isn't fair to yourself to suffer from headache, when this really harmless vegetable headache cure is within your reach.

The fair thing for both of us is—to judge Zutoo on its merits—to test it.

If you find it does not cure your headache, sick, nervous or otherwise; in twenty minutes, and leave you feeling good every time—no bad after effects, then discard it.

But do not condemn it unfairly without a trial, and keep on suffering from headaches. You really do not have to, and one trial of Zutoo will prove it.

All we ask for Zutoo is fair play—that you give it a trial before concluding as to its merits or demerits.

Wont you do this? You'll be glad ever after if you do.

We'll send trial tablets for nothing, or you can buy them at dealers in 10c. and 25c. packages.

B. N. Robinson & Co., Coaticook, Que.

Zutoo

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from female trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation she felt that her death knell had sounded.

Our hospitals are full of women who are there for just such operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Mrs. Robert Glenn of 434 Marie St., Ottawa, Ont., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add it to the many which you have in its favor. I have suffered untold agonies from a serious female trouble for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound, and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes."

Miss Margaret Merkley of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing-down pains, and an irritable disposition compelled me to seek medical advice. The doctor, after making an examination, said that I had a serious female trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

"To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Serious feminine troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham, at Lynn, Mass., for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all functional troubles, inflammation, ulceration, falling and displacement, weakness, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

THE SCAVENGING SYSTEM

Brantford is having its experience with a civic scavenging system, which may be useful to Peterborough, if it contemplates, as it should do, installing a civic scavenging organization for the city. In regard to the Brantford system, the Expositor says:

It is reported that the scavenging system is costing too much, and that the inspectors are to be dismissed and the number of carts reduced. The scavenging system inaugurated last year was by no means perfect, but it was a great advance on the condition of neglect and uncleanliness which prevailed before the system was inaugurated. More than that it saved the ratepayers a considerable amount of money in individual expense as compared with civic contribution. After many months of agitation, the system has come, and it is to be hoped that it has come to stay. To cut it down, especially by removing the inspectors, would be to almost destroy its efficiency. Individual ratepayers have been in the habit of paying ten times as much for the same service. Now that the service has been commenced, it should be kept up and extended. There is none more important to the welfare of the city, both in the matter of appearance and of the health of the ratepayers.

If the Brantford system costs more for inspection than is desirable, that is not the only thing that is overmanned. But this is no argument against the adoption in Peterborough of a system which seems to be urgently needed. If we abandoned every civic convenience that cost a little money, and wasn't perfectly managed, we should be poverty stricken indeed in this respect.

PETERBORO' INDUSTRIAL AND NATIONAL DAIRY SHOW.

Peterborough is naturally anxious, and working energetically, to secure the holding of the proposed National Dairy Show in Peterborough. While the city is furnishing substantial reasons for the selection of this city as the site of the latter, the importance of moral reasons should not be ignored. If, as Mr. Redmond pertinently suggested last night, Peterborough, the centre of the best agricultural districts in the province can not maintain in a creditable and successful manner an industrial exhibition it will be argued that we do not possess the necessary public spirit for the local management of a National Dairy Show. While the two enterprises are not so closely connected as this would indicate, there would be some force in the argument. What this plainly calls for is energetic action and general co-operation in order to place the local Industrial Exhibition upon a strong and stable basis. With the most energetic official management the success of an Industrial Exhibition is impossible without the general co-operation of the farmers and citizens. The new name given the exhibition, "The Peterborough Industrial," in itself suggests the more intimate co-operation of the city. But above all without the adoption of some means to more generally enlist the sympathy and co-working of the farming community the Industrial cannot hope to permanently succeed. This indicates greater activity in the effort to enlist the interest of both the citizens and the farmers earnestly and generally in the enterprise. While the agitation in favour of the National Dairy Show is at its height, is a good time to join the Industrial to the crusade. The annual meeting of the Peterborough Cheese Board will soon be held. That body represents in the fullest possible manner the dairying interests of the district and its co-operation may be expected in promoting the establishment of the proposed National Dairy show in Peterborough. Why should not a determined effort be made by means of a deputation or otherwise to impress upon the membership of the Cheese Board the artistic importance of the Industrial Exhibition and thus seek to enlist the active interests of the hundreds of farmers represented by the Board in promoting the success of the Industrial Exhibition. Alderman Phelan's opinion that the city has done its duty in making a grant is not justified. The citizens, the business men of the city have a duty also. They can lend their assistance and place their business capacity and experience at disposal of the Industrial Exhibition Board. They come into contact with farmers in their business associations and can do much in talking over and "booming" the Industrial Exhibition.

DISTRIBUTE THE BURDEN

It is stated that the present County Council will reconsider the question of the manner of maintaining inmates in the County House of Refuge, as settled by the late council. The latter decided upon the plan of having each township contribute a fixed weekly sum for the maintenance of inmates sent from each township. This plan, it is held, represents a discrimination against the townships financially weaker. This is contrary to the spirit upon which the Houses of Refuge is founded — the strong helping the weak. The principle of maintaining inmates out of the proceeds of the general tax rate, is already adopted in another form, and is represented by special grants, for roads and other purposes, paid out of the county funds, and made to the weaker townships. The payment of fifty cents a week, to be charged for each inmate, will by no means meet the full cost of maintaining inmates—the balance will have to be met out of the general funds of the county, and the small proportion of fifty cents per week, while not relieving the general funds of the county to a very large extent, nor prove an appreciable relief to the general ratepayer, may easily represent, in some cases, a severe burden upon certain townships. The County Council should take a broad and liberal view of the question, and provide that the several units of the county should unite in bearing one another's burdens.

WISE AS SERPENTS

The reports from OOttawa indicate that there will not be another general Dominion election till after another session of Parliament. This fact was elicited as the result of an effort made by the Government to shorten the length of session and reduce its cost. The Conservative opposition had prepared itself for prolonging the session till the dog-days by entering upon the wholesale manufacture of election ammunition. The charges they had prepared to make and the investigations into alleged scandals they were prepared to demand, have been postponed till next session, which it is said, is sure to be held before the elections are brought on. If the charges proposed to be made and the investigations to be called for were well founded and involved the interest of the country, instead of that of party, they would have been brought on this session even if another intervened before the election. This would permit of deciding as far as possible, whether or not the charges were justifiable. The time thus gained would permit of the public being put in possession of the facts, with the effect of proportionately influencing public opinion. If the Government and Liberal party should be proven guilty of all the grave offences the Opposition is ready to bring against them the Conservatives would stand to gain largely by bringing on the charges and securing proof at as early a time as possible. If the Conservative Opposition have a suspicion that the charges they propose preferring, will not stand investigation it is certainly good party tactics to hold them back and present them in the practical form of roorbacks the session before the elections.

ANNUAL MEETING OF ST. ANDREW'S CHURCH

Reports Presented Showed a Year of Progress in All Departments of Church Work

The annual congregational meeting of St. Andrew's Church was held last night, when the reports of the different departments of the church for the past year were presented, showing that 1906 had been a successful year, both from the standpoint of spiritual and material progress. A complete report of the meeting will be published to-morrow.

NO WOMAN CAN BE STRONG AND HEALTHY UNLESS THE KIDNEYS ARE WELL

When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up. Those who have never been troubled with kidney trouble know not the misery and suffering which those afflicted undergo.

Doan's Kidney Pills

are a specific for all kidney troubles. They begin by healing the delicate membranes of the kidneys and thus make their action regular and natural.

They help the kidneys to flush off the acrid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages.

Doan's Kidney Pills are entirely vegetable, and may be safely taken by young and old.

Let Doan's Kidney Pills do for you what they have done for thousands of others, that is, cure you. Mrs. John Young, Harwood, Ont., writes: "I was troubled with my kidneys for some time and my back was so lame I could scarcely get around. After using two boxes of Doan's Kidney Pills, I am completely cured. I find there is nothing like them for the cure of all kidney troubles."

Doan's Kidney Pills are 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

DO YOU SEE THAT PHOTO?

The original is proud of it and gladly shows it to his friends. It was made by LESSARD, at his Ground Floor Studio, Charlotte Street. Next time you want a photograph—don't forget.

Ladies' Literary Meeting

—The fortnightly meeting of the Ladies' Literary Society of the T. A. S. to-night promises to be one of more than usual interest, an exceptionally excellent programme having been prepared for this meeting.

Fatigue From Poisons In Systen

AND GOOD HEALTH CAN ONLY RETURN WHEN THE BLOOD FILTERS, THE LIVER AND KIDNEYS, ARE SET RIGHT BY

DR. CHASE'S KIDNEY-LIVER PILLS.

Tired, languid feelings are the result of the accumulation of waste products in the system. On the failure of the liver and kidneys to remove these impurities the blood becomes filled with poisonous substances which instead of aiding the functions tend to arrest them and give rise to pains in the limbs, backaches, headaches and tired, worn-out feelings.

There remains to be discovered a more prompt and effective means of enlivening and invigorating the action of the liver and kidneys than Dr. Chase's Kidney-Liver Pills. In fact this medicine is unique in its combined influence on the liver and kidneys and to this double action is attributed its extraordinary success in the cure of complicated diseases of these filtering organs.

Biliousness, headaches, indigestion, kidney disease and constipation are promptly and thoroughly cured by Dr. Chase's Kidney-Liver Pills and the whole system is cleansed of the foul impurities which result in disease and suffering.

Mr. John Guheen, who is in the fish business in Port Hope, Ont., states: "In my business I do a great deal of driving over bad roads, and the constant jar of the rig, along with exposure to all sorts of weather, brought on kidney disease. I was in miserable health, and suffered a great deal with sharp pains in my back. I heard of Dr. Chase's Kidney-Liver Pills, and decided to try them. Before I had used all of the first box I felt better, and three boxes have entirely cured me. I am very glad of an opportunity to recommend Dr. Chase's Kidney-Liver Pills, for I have proven their wonderful control over kidney disease."

Dr. Chase's Kidney-Liver Pills succeed where ordinary kidney medicines fail, because of their direct and combined action on the liver and kidneys. This has been proven in thousands of cases of serious and complicated diseases of the kidneys.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.

The Lecture To-night

—Apropos of the lecture to-night by the Rev. R. E. Knowles, of Galt, the reader is reminded that he is the author of "St. Cuthbert's" and "The Undertow," two of the best selling books of the day. Both these fascinating books are on sale at Stratton's Bookstore. A. H. Stratton & Co.

Trip to Ennismore

—The members of the T. A. S. Social Club have been invited to Ennismore by the St. Martin's T. A. S. Club, to meet them at "forty-fives." The invitation has been gratefully accepted, and the trip will likely be made on Wednesday night, January 30. St. Martin's Club expect to turn the tables on the T. A. S.

Another Two Thousand

—Just received at the Peterborough Bookstore, another shipment of 2000 "A. H. S." writing tablets. Our popular 10c tablet contains the full 100 sheets, which is 20 sheets more than any other 10c tablet. Our "A. H. S." silk cloth finished tablet is the delight of all ladies who have used them. Try one and be convinced. A. H. Stratton & Co.

PERSONAL MENTION

Mr. Mark Spenceley went to Galt to-day.

Mr. Wm. Noyes, of Madoc, is visiting Messrs. Charles and John Noyes, East City.

Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

A HAVELOCK MAN SERIOUSLY INJURED

Mr. Keene Thrown Out of Cutter—Social at Residence of Mr. J. A. Sexsmith

Examiner Special.

Havelock, January 21st. — On Wednesday night last, Mr. John A. Sexsmith, Belmont, who lives about four miles from Havelock, gave a social, the proceeds going to the Ladies' Aid Society of the Methodist church here. About one hundred and seventy-five people were present. After the supper a very entertaining programme was given as follows:

Opening chorus, choir.
Quartette, Mrs. Holcombe, Mrs. Craig, Messrs. Williams and McBurney.
Recitation, Mrs. Vansickle.
Song, Mrs. Craig.
Recitation, Miss Richards.
Instrumental solo, Miss Maggie Mark.
Quartette, Mrs. Vansickle, Mrs. Craig, Messrs. Williams and McBurney.
Violin solo, Mr. William Culligan.
Trio, Mrs. Vansickle, Mrs. Craig and Mr. Williams.
Solo, Mr. Williams.
Recitation, Miss Knlewasser.

The proceeds of the evening amounted to $35.

Mr. Tucker, Miss Bertha and Ethel Tucker and Mr. Greed, are the guests of Mr. Wellington Holcombe this week.

Mr. and Mrs. John Vansickle, who have been visiting the former's brother, Mr. Joseph Vansickle, have returned to their home in Winnipeg.

Mr. Ward Patterson paid a flying visit to Peterborough to-day.

Mr. Neil Donnelly has removed into Mr. A. Waller's house, lately occupied by Mr. John Howe.

Messrs. P. Lancaster, C. Pearce, and T. Dineen went up to Peterborough Monday night to attend the hockey match.

Mr. William Stewart of Cobalt, is spending a few weeks visiting his mother here.

Miss Mabel McBurney is visiting with friends in Peterborough.

Miss Bessie Rose spent Saturday evening in Norwood.

Mr. Keene of this town met with a painful accident on Monday. He had been out in the country and when just entering the town the cutter slewed sideways throwing the horse and overturning the cutter on top of Mr. Keene and holding him in such a manner that he could not get out until aid came. The horse was unable to get up, which was a fortunate fact else the driver might have been killed. As it was he was badly cut about the face and head.

EAST CITY HUNTER PURSUED BIRD FOR MILES

Ran Across Tracks Unknown to Him and Followed Them For Miles Down the Creek

RETURNED A SADDER BUT A WISER MAN

A good story is told of an exploit of an East City lone hunter, who travelled into the township of Otonabee in quest of game. His wanderings took in chiefly the woods in the vicinity of the Beaven Meadow — a spot well known to partridge hunters.

Several hours passed by, but there was no trace of any of the swift-winged birds so much coveted by the hunter in search of good sport. Finally, however, the East City huntsman ran across some fresh tracks in the snow, which made his heart beat faster—they were tracks which he had never seen before. He concluded that he would discover, if such a thing were possible, the bird that carried such strange, long feet, and started off in pursuit. They followed the creek out into the country, and with his hand on the trigger of his trusty gun, he breathlessly trudged along three miles or more, thinking every moment that he would come up with the bird.

But, however, he was doomed to disappointment. With the termination of the tracks he found a city gentleman sitting on the fence having a quiet smoke and a rest. The young man had walked out on a pair of skis.

THE ORANGE MEAT CO.
are offering a prize of Thirty Dollars in Cash to the person who sends in the largest number of coupons during the months of January, February and March that are taken from their 15c. packages of Orange Meat.

These coupons will have to be mailed or delivered before 30th of March, 1907. Ten days will be allowed to give time for coupons mailed from any part of Canada to reach the office of The Orange Meat Co., Kingston.

On the 9th of April the prize will be awarded.

ENNISMORE BRANCH WAS ENLARGED

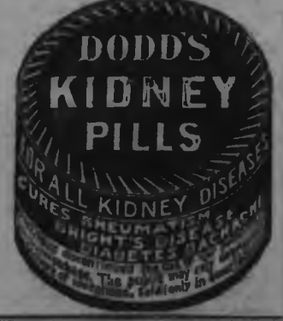
As a Result of a Visit of Local Members to St. Martins' Parish Last Night—Over Ten Were Added to the Ranks

A number of the members of the local branch of the C. M. B. A., drove to Ennismore last night for the purpose of increasing the membership of the branch in that place. With Mr. W. A. G. Hardy, official organizer, there were Mr. W. J. Devlin, Mr. J. J. Lynch, Dr. E. McGrath, Mr. P. J. Hickey and a number of others.

Their visit was most opportune, a meeting of St. Martin's T. A. S. being in progress when the Peterborough gentlemen arrived there.

Rev. Father Fitzpatrick introduced them and explained the object of their visit. Each of the visitors gave addresses on the C. M. B. A., showing the benefits to be derived from it and reasons for being a member. There were about 150 men present from the surrounding country. The results of the trip were encouraging. The number of those examined and enrolled was ten, while many more promised to join in the near future.

Afterwards Rev. Father Fitzpatrick entertained the Peterborough gentlemen at his home. Refreshments were served and a very enjoyable time spent. Rev. Father Fitzpatrick is proving himself to be a very pleasant host, as the Peterborough people have always found him.



Sealed tenders addressed to the undersigned, and endorsed "Tender for Drill Hall, Peterborough," will be received at this office until Friday, February 1, 1907, inclusively, for the construction of a Drill Hall at Peterborough, Ont.

Plans and specifications can be seen and forms of tender obtained at this Department, and at the office of A. J. Grant, Esq., Chief Engineer, Trent Canal, Peterborough.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, January 9, 1907.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

ANNUAL MEETING OF MURRAY STREET CHURCH

Reports Presented and Election of Officers Took Place—Representative to Hospital Board

A BALANCE ON HAND REPORTED

The past year was shown to be a very successful one with the Murray street Baptist Church from the various reports presented at the annual meeting held last night in the Sunday School room. There was a large attendance of members present who listened with pleasure to the reports indicating the advancement made in every auxiliary of the church.

The chair was occupied by the pastor, Rev. John R. Webb, and after devotional exercises and the reading of minutes of the last quarterly and intervening meetings the reports from the different officers and organizations were presented.

The report of the Church Clerk showed that a net gain of 26 members had been made during the year, making a total membership of 368.

Financial Statement.

Mr. T. F. Matthews, treasurer, presented the financial statement which is summarized as follows:—

Receipts.

First Quarter	$ 617 41
Second Quarter	816 62
Third Quarter...	582 95
Fourth Quarter...	930 88
Convention Fund surplus... ...	51 92
Total.....	$2999 78

Disbursements.

Salaries.....	$1,725 00
Denominational objects... ...	663 89
Pulpit supply, fuel, etc...	567 29
Balance on hand.....	22 92
Total.....	$2999 78

An effort will be made during the coming year to wipe out the debt of the improvement and organ fund, which amounts to about $1,200.00.

Mr. Geo. Cochrane, chairman of the Finance Committee, presented the report of that committee, which was very encouraging.

Dr. W. D. Scott read the report of the Fellowship Fund, which showed a total receipt of $126.96 and disbursements to the amount of $97.00, leaving a balance of $29.96.

Sunday School Report.

The Sunday School report was read by the clerk owing to the absence of the secretary. It showed that the average attendance of scholars during the year was 187, and of teachers and officers 27. In the past year 21 of the scholars were baptized and became members of the church. The report also referred to the departure of the superintendent, Col. E. B. Edwards and the late pastor, Rev. F. J. Scott.

The financial report of the Sunday School treasurer showed the total receipts for the year to be $516.51, and expenditures $502.40, leaving a balance of $14.11.

Miss Ella Cochrane, Secretary-Treasurer of the Ladies' Aid, read the report of that organization. The membership of the Ladies' Aid is now 36 and 11 meetings were held during the year. The treasurer's report showed that the total receipts were $97.29, and expenditures $91.07, leaving a balance of $6.22.

The report of the Women's Mission Circle was presented by Miss M. A. Nicholls, the Secretary-Treasurer. It showed that the Circle had a membership of 73, fifty-one of which contribute to Home Missions and thirty-nine to foreign, making 17 who contributed to both. Seven meetings were held during the year with an average attendance of 23. The financial statement showed that the amount sent to Home and Foreign Missions and to the North-west Indians was $211.67, and that the monthly collections were $8.17.

B. Y. P. U. Report.

The report of the B.Y.P.U. was an encouraging one. It was read by the Secretary, Mr. John Hardwicke, and indicated that 13 new members were added during the year making the membership now 85. There was collected $37.65 and of this $18.53 was given to the Piano Fund.

The Willing Workers' report was presented by Miss Minnie Ellis, the Secretary, showing a membership of 39. This is an organization established only a year ago and has already become one of the most promising of the church auxiliaries.

Miss Kathleen Martin read the report of the Mission Band. There is now a membership of 92 in the Band which raised $70.36. Of this $27.86 went to Home Missions and $42.50 to Foreign Missions.

Election of Officers

The election of officers resulted as follows:—

Deacons—Messrs. W. Aldridge, R. E. Harding and A. Martin.
Trustees—Messrs. T. F. Matthews and Harry Webber.
Clerk—A. Martin.
Asst. Clerk—W Shiner.
Treasurer—T. F. Matthews.
Rep. on Nicholls Hospital Board—W. Aldridge.
Rep. on Charity Board — W. Aldridge.

A committee was appointed to name the Standing Committees for the year to report at the adjourned meeting to be held next Wednesday night after the prayer meeting.

Whooping Cough

"My three boys had the whooping cough this winter and I could get nothing to help them until I sent for Dr. Chase's Syrup of Linseed and Turpentine. It arrested the coughs at once and they kept right on improving until they were cured at the cost of one dollar. That was not a large bill for so distressing and dangerous an ailment. — Mrs. William Ball, Bracebridge, Ont.

ACCOMMODATION AT THE MARKET IS INADEQUATE

County Council Decides to Call Attention o City Council to Lack of Accommodation for Farmers at Market

A COVERED BUILDING IS NEEDED

The County Council this morning discussed the Peterborough Farmers' Market, and the conclusion arrived at by that body, after considerable discussion, was that the accommodation provided the farmers there was totally inadequate to the requirements, and it was decided to call the attention of the City Council and the citizens of Peterborough to the fact that because of the lack of conveniences, the market here is not as successful as it should be.

The speakers pointed out that at the present time there was no protection from the storm for the patrons of the market who have produce that cannot be taken into the building, and the necessity for some covering was emphasized. Some farmers, when the weather was not favourable, did not attend the market at all, or if they did attend they did so under great personal discomfort and inconvenience. At the same time the city residents who visited it on market days suffered the same discomfort, so that by making provision for the farmers at the market, the city would also be making it possible for its residents to do business in greater comfort.

The desirability of providing better inside accommodation was also referred to, and it was pointed out that it should, if possible, be given on the ground floor, many persons objecting strenuously to having to climb the stairs. It was felt that if these improvements were effected the market would be much more largely patronized and would prove a better source of revenue to the city, both directly, through the increased fees, and indirectly, through the greater amount of money which the increased number of visitors to the city would leave with the city's shops.

EVERYTHING QUIET AT THE POLICE COURT

Only One Drunk Appeared Before His Worship Magistrate Dumble This Morning

Quietness prevailed at the police court this morning. Only one man faced His Worship, and that was on the usual charge, drunk in a public place. The accused is well known in the city, and it was not his first appearance on that charge. He said that he took a little hot whisky for a cold and that it went to his head. The result was that he became very intoxicated. Magistrate Dumble acted very leniently and allowed the man to go, intimating that another such occurrence will do differently dealt with.

MAXIM'S MAXIM

Modest. Claims Often Carry More Conviction Than Loud Boasts

When Maxim, the famous inventor, placed his gun before a committee of judges, he stated its carrying power to be considerably below what he felt sure the gun would accomplish. The result of the trial was therefore a triumph of surprise instead of disappointment as it might have been if he had overestimated his gun's efficiency.

Our claim regarding Newbro's Herpicide is based on actual scientific facts.

If a living germ is causing your hair to fall out its the most sensible thing to kill that germ.

Newbro's Herpicide does this quickly and effectually. Destroy the cause you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes, 50 cents and $1.00. Ormond & Walsh, special agents.

A CLEVER LECTURER ARRIVES IN THE CITY

Rev. R. E. Knowles, of Galt, Here to Give His Lecture on "Secret of Scotch Success"

Rev. R. E. Knowles, of Galt, the popular author and lecturer, who will give his lecture on "The Secret of Scotch Success," is in the city.

He left Galt at 6.40 a.m. this morning, arriving in Peterborough on the C. P. R. train.

He is a guest at the home of Mr. D. Hughes Charles, through whose friendship he has been secured to lecture in Peterborough to-night.

TEN THOUSAND BY 1910 THE TOWN'S AMBITION

A "10,000" Club Formed in Port Hope—The Object to Increase the Population to That Figure in Three Years

THE MEMBERSHIP FEE IS $1.00

Port Hope is getting ambitious now, the latest proposition to boom the town being that represented by the formation of a "Ten Thousand Club." The Times of that town, referring to the organization meeting says:

The Retail Merchants Association held a meeting at the Y.M.C.A. on Thursday evening. Mr. J. F. Clark, the president was in the chair. Several matters of interest were discussed and it was decided to organize a Ten Thousand Club in Port Hope, the object of which will be to increase the population of the town to ten thousand by 1910.

Mr. Clark brough tthe proposal before the meeting and it was heartily endorsed.

The objects of the club will be:

To encourage a spirit of local pride and enthusiasm in the citizens of Port Hope.

By cooperation with other organizations to attract the atenion of investors to the facilities offered by the town of Port Hope for establishment of additional industries and the investment of capital, and to make the town and its surroundings more attractive and desirable as a place of residence.

To aid in making provision for the pleasure and entertainment of visitors to the town.

To advertise the advantages of the town, and augment the population to at least 10,000 by 1910.

It is proposed that every man, woman and child in or out of Port Hope shall be eligible for membership, the membership to be divided into three classes as follows:—

Ordinary members paying a fee of $1 per annum; ladies fee 50 cents; children's section, annual fee 25 cents.

Each member will be provided with a badge with the inscription, "10,000 Club, Port Hope, 1910."

A SCOTCH WOMAN WOULD LIKE HUSBAND

She Candidly Admits That She Wants to Find One to Care for Her—Ottawa's Mayor Asked to Help

There's a chance yet for the men over twenty-five yet unmarried to secure a wife, according to the following despatch from Ottawa:—

"Mayor Scott is in receipt of an unique application. A Newcastle-on-Tyne woman writes from England asking him to find her a husband, a decent fellow. Owing to over-crowding and lack of work she says she cannot earn a living wage respectably at home, and therefore is asking him to put her letter in the hands of a prospective husband. She is 25, well educated, has good manners and of Scotch extraction."

SANITARY INSPECTOR WILL HAVE VERY BUSY TIME

Duties of the New Official to be Appointed by the Council Are Numerous

HE WILL ACT AS THE TRUANT OFFICER

The Property and Health Committee of the City Council met yesterday afternoon for the purpose of discussing the appointment of a sanitary inspector, and dealing with the duties of that official. As a result of the meeting, the City Solicitor is preparing a bylaw defining the duties of the sanitary inspector, which will be presented at the meeting of the Committee of the Whole Council Monday night.

The matter was thoroughly discussed at yesterday's meeting. Ald. Elliott brought up the matter of systematic scavenging being done by the city under the direction of the sanitary inspector. He pointed out that the work could be done at less cost to the ratepayer, and yet better and more often than under the present system.

The other members of the committee seemed to be in accord with Ald. Elliott on this point. The scavenging system will not come into force until after the spring clean-up of premises, as it was felt that to charge the ratepayers for two years' work at one time would be unfair.

The Mayor thought that the sanitary inspector might do the work of truant officer, as his duties will bring him in touch with all parts of the city. He also referred to the fact that the present police force is too small, and suggested that the sanitary inspector might act as a reserve constable.

It was moved by the Mayor, seconded by Ald. Elliott that the City Solicitor be instructed to prepare a bylaw defining the duties of a sanitary inspector, to include the prevention of the pollution of the water supply, to carry out the provisions of the milk bylaw, to inspect bakeries, yards, wells and slaughter-houses; to inspect foods offered for sale, to report on the necessity for sewer connections, to superintend scavenging, to act as truant officer and reserve constable, and to perform any other duties that may be required of him by the City Council, Board of Health or Medical Health Officer; that his duties begin on the 1st March, 1907, and that he be paid a salary of $700, and be provided with a uniform.—Carried.

The chairman brought up the question of a shelter for the carters of the city. He stated that he draymen would be satisfied with a shelter erected on the property belonging to the Toronto Savings & Loan Co., at the rear of the Kingan Hardware Co.'s store.

On motion of the Mayor, seconded by Ald. Elliott, the chairman was instructed to negotiate with the owners of the premises in reference to its being secured by the city, and also to ascertain the cost of a shelter such as would be needed by the carters.—Carried.

There were present Ald. McIntyre, chairman; the Mayor, and Ald. Stevenson, Elliott and Ball.

THE ELKS ENTERTAINED A SISTER CLUB

Members of Eko Camp Club and Elks Fraternize in Social Gathering in the Latter's Club Rooms

Last night a delightful evening was spent in the Elks' Club rooms, George street, when the members of the Peterborough Lodge of that Order entertained the members of the Eko Camp Club. During the early portion of the evening games of billiards, pool and euchre were played between the two clubs, and an impromptu programme of music given, the members of both clubs contributing to this feature.

An adjournment was afterwards made to McCallum's restaurant, where supper was served, and a short toast list disposed of, the toast to the members of the Eko Camp Club being proposed by Mr. T. Barrie, Past Exalted Ruler of the Elks and Mr. T. J. Wallace, President of the Eko Club, responded briefly, expressing the pleasure of the members of his club at the form of entertainment provided, and their appreciation of the friendly spirit which had been displayed.

On behalf of the Elks, M. J. Hutchinson, the Exalted Ruler gave a hearty welcome to the visitors, expressing the pleasure it gave the members of the lodge to welcome their sister club, and the hope that this would be but the first of a number of similar gatherings in which the members of the two clubs would participate.

After the National Anthem and three cheers for the Elks the gathering dispersed.

CHEAP GRANITEWARE SALE

At this season we have quite a lot of slightly damaged GRANITEWARE which we wish to sell before stock-taking. There are some real bargains—have a look.

THE BEST STOVE AND HARDWARE CO

DON'T TAKE ANY CHANCES IN BUYING SPECTACLES

But Go to a Reliable Specialist and Have Them Properly Fitted

"Be sure you're right then go ahead." Your eyes are certainly worth more to you than the price of a pair of glasses. Be on your guard, therefore, against buying glasses from parties going from door to door or unskilled dealers. If you don't know the methods of these people, one of their victims living on Rubidge street will tell you. He had an experience that he will not forget for some time. Imagine what a mistake a man makes if he buys from such irresponsible parties. Not only is he likely to get brass for gold, but he allows his eyes to be tampered with at the risk of their permanent injury. An expert optician, like Mr. A. A. Fowler, in Mr. Nugent's drug store, will give you free examination and advice any time. If you appreciate skill, he will correct your eye defects, and, if you desire, will fit you with glasses that will meet the case, and you need have no fear that the quality will turn out to be counterfeit.

See the hockey match Peterborough vs Argonauts in Toronto Saturday night. Special train leaves Peterborough over C.P.R. at 4:30 p.m. Tickets good returning up till Monday night. Fare $2.05.

CITY INMATES OF THE THE HOUSE OF REFUGE

Question of Their Admission Will Not be Dealt With by County County Council at This Session

House of Refuge matters were dealt with this morning by the County Council, when the question of the admission of inmates from outside municipalities, including the city of Peterborough, was discussed. It was finally decided that no action would be taken on this question at the present session, leaving it over until a later meeting to be disposed of, when the Council would be in a better position to deal with it intelligently, since at the present time there was no information available as to the actual cost of maintenance of inmates of the institution.

MR. A. E. EDMUNDS IS NOW DISTRICT AGENT

Young Man, Related in This City, Promoted to Position of D. P. A. of C.P.R. with Headquarters at Detroit

Mr. A. E. Edmunds, of Detroit, a son-in-law of Mr. W. Cowis, of this city has recently been appointed District Passenger Agent of the C.P.R., with a territory extending through the lower Peninsula of Michigan, and along the line of the L.S. and M.S. to Ashtabula, Ohio. Mr. Edmunds is promoted to that position, from that of City Passenger Agent of Detroit, which he has held for some time. His friends in Peterborough will warmly congratulate him upon his well-deserved promotion.

HEAD STRUCK AGAINST THE HARD PAVEMENT

Gilmour Street Lady Met With Accident on Reid Street

Mrs. McFadden, of Gilmour street, met with a very painful accident yesterday evening while returning to her home. She fell on the slippery sidewalk on Reid street just off Charlotte street, striking her head on the pavement. She was found there unconscious and was driven to her home where she recovered shortly afterwards, but still feels the effects of the fall.

FINE HERD OF CATTLE SHIPPED TO MONTREAL

Twenty-six Animals Tipped the Scales at 30,240 Pounds

Much admiration was expressed this morning of an end of beef cattle which passed through the city from Bridgenorth. There were 26 handsome looking animals in the herd, all fed by Mr. Jopling, of Bridgenorth, and purchased by Messrs. Morris and Brown. They were loaded at the stock yards this morning and shipped to Montreal.

The animals were weighed on the market scales and showed a total of 30,240 lbs., or an average of about 1165 lbs.

OBITUARY

WILLIAM BELL

By the death of Mr. William Bell, which occurred on Wednesday night, the township of Smith loses one of its most respected citizens. The late Mr. Bell, was a native of the township in which his death occurred, having been born there 53 years ago, and had lived there ever since. He had been ailing for about three years with stomach trouble. The deceased was, about six years a member of the township council, of Smith, retiring about three years ago. He was a son of the late John Bell, and was married to Miss Isbister, of Lakefield, who survives him. There are no children. He is also survived by one brother, who lives in Bay City, Mich. The funeral will take place on Saturday afternoon from the family residence, near Selwyn, to the Lakefield Cemetery, and will be under the auspices of Court Selwyn, C.O.F., of which Court he was a member.

MR. N. G. SOMERVILLE LECTURING IN THE NORTH

Expects to Form a Big Cow Testing Association in Beaverton District

Mr. N. G. Somerville, of Brooksville, was in the city to-day on his way home from Beaverton, Lornville and other places in that vicinity. He visited a number of sections interested in dairying and gave addresses on the cow testing question. He believes that an association will be formed in that district in the spring with at least 100 members. Mr. Somerville was accompanied by Mr. G. A. Gillespie, of the firm of White & Gillespie, George street, who also returned to-day.

Mr. Somerville will return to Peterborough next Monday to make preparations for the work to be done in this section in connection with the Cow Testing Associations which have been formed in this district.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Dear Sir,—The board of works in its wisdom has seen fit to place a license fee on signs erected by merchants. I would suggest that licenses be also issued as follows:—

Awnings, per year $3.00
Hitching posts, per year ... 1.50

Yours truly,
CONSISTENT.

Peterborough, Jan. 25th, 1907.

DIVISION COURT HELD IN APSLEY

Five Minor Cases Before the Court—F. D. Kerr Officiated

Mr. F. D. Kerr returned last night from Apsley, where he had been officiating for his Hon. Judge Weller at Division Court, which was held there yesterday. There were five cases before the court, none of which were of great importance.

Mr. Kerr states that the atmosphere was severely cold in the northern part of the county, and he believes that forty miles, the supposed distance between Peterborough and Apsley is, judging from his experience, a very conservative estimate.

Milder Now But Cold is Coming

The mild spell is likely to be shortlived. Last night, as predicted the temperature moderated; in fact it became comparatively warm— the people of Manitoba would likely call it summer—the thermometer registered only 6 degrees below zero. At noon to-day it had risen to the zero mark, but there is small reason for self congratulation on this fact, for the prospects are that to-night or early to-morrow will see a return of the cold, the Observatory forecast saying that it will be fine and decidedly cold on Saturday, and there seems no good reason why this prognostication should be doubted, all conditions pointing ot its fulfillment.

The weather at the present time is very much colder than it was at this time last year. In the week corresponding to this in 1906 it was quite spring-like. It will be a year to-morrow since the break in the canal banks occurred.

COUNTY COUNCIL WILL ACT WITH CITY

In the Efforts Made to Have the Dairy Show Established Here

The joint committees of the city council and the county council held a meeting together last night, when the question of the National Dairy Show was thoroughly discussed. The advantages that will be gained both to the city and county by the holding of such a show in Peterborough were pointed out, and the county council was asked to appoint a committee to act with the city council in waiting on the Dairymen's Convention to endeavour to have the show held here and to cooperate with the council in the matter.

The members of the County Council present expressed themselves as being heartily in favour off an effort being made to bring the show to Peterborough, feeling that it would be highly beneficial to the whole district.

There were present at the meeting Ald. Phelan, chairman; Ald. Leary and Wilson; Warden P. McNulty, County Councillors Shaw, Darling, Johnston, Porter, Scott, Brown, Breault, Bryson and Moher.

This morning the matter was brought up at the meeting of the County Council, and a committee, consisting of County Councillors Darling, Killen, Porter, Fife and Brown was appointed to unite with the city in waiting upon the dairymen to induce them, if possible, to establish the show in this city.

THE "VENTS" DISAPPEAR

The Reason For Their Going Tersely Explained by President Mercer

"Why have the vents disappeared from the back of the sack suits?" was the question asked the president of the Semi-ready Company, who is an admitted authority on men's dress, and the best original designer America.

"Vents were put into sack coats when the coats were lengthened for the purpose of making the skirts more easily handled. When the sack coats are shortened as they are this year, no vents are necessary."

The Semi-ready fall and winter sack suit is finished with a graceful flare at the bottom of the skirt, and is shaped slightly to the form.

Cressman's have all the new Semi-ready styles and the exclusive agency for Peterborough and district.

Test Gin Pills at Our Expense

A CURE—OR MONEY BACK

We don't ask you to buy GIN PILLS—but to try them. We simply want you to see for yourself what GIN PILLS will do for you. A cent for a post card is the only expense. Simply write us, mentioning this paper, and saying you want a free sample of GIN PILLS. If you are satisfied that GIN PILLS are doing you good, get a box at your dealer's, on our guarantee that they will continue to help you. Take GIN PILLS regularly and faithfully, and they will cure you of Backache, Rheumatism, Sciatica, and every trace of Kidney and Bladder Trouble. If you are not perfectly satisfied—you have only to return the empty box and your dealer will promptly refund the money.

We know that we have, in GIN PILLS, the greatest cure in the world for Kidney and Bladder Troubles, and Rheumatism. No other medicine in the world is so widely known and so highly praised.

Starrat, Ont., Feb. 16, 1906.

Inclosed please find $1.00 for two boxes of your "Gin Pills" as I am nearly out. The drug store at Burks Falls, where I got my supply, was burned down a couple of weeks ago, and I do not know where to get them except by writing to you. Hoping you will please send them by return mail as I am nearly out and can't do without them.

Yours truly,
JOHN BLACKMORE, Postmaster.

Don't put it off. Write us to-day and let us send you the free sample of GIN PILLS to try. The Role Drug Co., Winnipeg. 50c box—6 for $2.50. 85

Prosperous Year Reported By The Dominion Y.W.C.A.

Annual Convention of Association Officers Now Being Held In Montreal—Local Secretary of Association in Attendance —New Association Building Here Referred To

Miss Maynoord, the secretary of the local Y. W. C. A., is in Montreal attending the annual convention of the Young Women's Christian Associations of Canada, which is now in session in that city. The convention opened yesterday afternoon with a large number of delegates from all parts of Canada in attendance.

The opening meeting of the convention was held at 2.30 o'clock in the American Presbyterian Church, an address of welcome being read by Mrs. James Macfarlane, President of the Montreal branch of the Y. W. C. A. Speaking of the good arising from conferences, Mrs. Macfarlane said that union was strength, for advice, suggestion, the experience of riper years, the enthusiasm of youth, all that can help to make the cause stronger, the Y. W. C. A., as the oldest institution organized by women for women. It is the pioneer in all religious and philanthropic work for women. It is the leader in educational effort for self-supporting women, and it was no mere accident that the Young Women's Christian Associations had their birth in the years marked by the rise of colleges for women. The broadest culture, the highest mental endowments, as well as the fullest practical experience and deepest spiritual insight are required for this work. The aim of the association is the mental, physical, intellectual and spiritual development of young women.

Mrs. Mader, Vice-President for Nova Scotia, responded to the address, and addresses were also given by Mrs. Robt. Kilgour and Miss Ruth Paxton, of New York.

Reports of the progress of the work during the past year were also presented.

The City Department of the work embraces twenty associations, affiliated with the Dominion Council, with a membership of over 5800 young women, an increase of nearly 2000 since the last convention. Sixteen associations have Boarding Homes, and four have summer cottages. An average of 500 young women have lived in the various Association Boarding Homes during the past year, not taking into account the thousands of transients who have been accommodated. Educational and physical classes have been held weekly, with an enrolment of nearly 3600. Thirty-two weekly Bible classes have been conducted, with an average attendance of about 450.

Peterborough and Vancouver have erected new buildings, specially equipped and adapted for the needs of all-round association work. Halifax, Toronto, London and St. Thomas have purchased buildings. Brantford has made a large extension. Ottawa is clear of debt, and Montreal almost so. Winnipeg is to erect a building this spring at a cost of $75,000, and Hamilton is at present engaged in a campaign for a $60,000 building.

CHURCH GAVE PASTOR AN INCREASE IN SALARY

Keene Presbyterians Decide to Give Rev. D. D. McDonald $100 a Year Increase —Annual Congregational Meeting Was Held

CHURCH HAD A VERY SUCCESSFUL YEA

Examiner Special

Keene, Jan. 25.—The annual congregational meeting of the Presbyterian church was held in the church Thursday. On account of the inclemency of the weather the attendance was somewhat smaller than usual.

The meeting was opened by prayer by the pastor, Rev. D. D. McDonald.

On motion of Messrs. Drummond and Thompson, Rev. Mr. McDonald was elected chairman.

The report of the Session was read by Rev. Mr. McDonald. The reports were also read from the Women's Auxiliary, Mission Band, Young People's Society of Christian Endeavour, Sunday School, Missionary Association, The Harcourt Mission.

The auditors' report was read by Mr. A. Flearer.

On motion of Messrs. Drummond and Taylor, the reports as read were adopted, and the thanks of the congregation was tendered to all the church organizations.

On motion of Messrs. Taylor and Gilkespie, a committee was appointed, consisting of Messrs. W. Miller, John Lang and James McNeil, to make arrangements for the erection of a marble tablet on the north side of the church to the memory of the late Francis Andrews, D.D.

Moved by Messrs. Plunkett and Armstrong, that Mr. R. G. Wood be appointed Elder.—Carried.

Mr. Mcdonald then resigned the chair which was taken by Mr. J. M. Drummond.

On motion of Messrs. Lang and McNeil, the pastor's stipend was increased by one hundred dollars, the increase to date from July 1st, 1906.

It was also decided to upholster the church seats and Messrs. J. M. Drummond, W. Campbell, Jas. McNeil and Mesdames Miller and Goodfellow were appointed to look after this matter.

The meeting then adjourned to the basement where supper was served by the ladies of the congregation.

The membership of the church numbers 266.

Financially the past year has been very successful, over thirty-three hundred dollars having been raised for the various schemes of the church.

The Home First-Aid.

Accidents will happen in the best regulated families, and the necessity of keeping a reliable first-aid for home use cannot be too strongly insisted upon.

Where a box of Zam-Buk is kept on a handy shelf, no member of the family is at a loss in emergency. The breadwinner dresses his injuries with Zam-Buk, and knows that its powerful antiseptic action will clean out the wound, preventing suppuration or poisoning. The housewife flies to the useful little box for her bruises, cuts, and burns, and the little ones cry out for Zam-Buk when they fall, because they know it will soothe smarting pain and heal quickly.

Zam-Buk is a pure healing balm made from rich medicinal herbs, the saps and juices of which are cleverly combined and concentrated, and wonderfully refined. Many modern preparations contain quantities of animal fats and mineral poisons, and are not only coarse, irritating, and unreliable, but tend to create the very complications which should be guarded against.

The Zam-Buk way is both different and superior. This natural healing balm takes out the smart and soothes the pain, reduces the inflammation, and induces a clean and rapid healing right away. It kills microbes, nullifies the effects of dirt or poisonous substances, and finally helps Nature to build up new tissue in place of that which has been damaged or destroyed.

How Zam-Buk Cured Child and Father in one Home

Mr. Alf. J. Clark, of Cavendish St., London (Ont.) says:—"I got my hands so severely burned with lime that as I worked with my shovel, the blood actually ran down the handle. The agony I suffered you may well imagine. I tried several different kinds of salves but the burns were too severe for these preparations to heal them. Then I tried Zam-Buk and the first few applications gave me ease. In a short time this balm healed the burns, deep as they were, and since then my hands have felt better—muscles more firm and skin in better condition than before the injury.
